

Book 2: Once Again

Blake

Since the day I turned eighteen, I've been consumed by the longing for my mate. Each night, I'm haunted by visions of her beauty, kindness, and strength. It's been four years of this relentless yearning, until nally, I felt the mate bond, the sparks, and the pull. I didn't expect to nd her this way.

All my life, I wanted to have that someone special that all the others would disappear. Someone to love and cherish until my last breath. And so I thought it was she. But what I thought was my happiness turned out to be an illusion. She wasn't mine and wasn't as involved as I thought.

When she broke our bond, I was devastated because I had failed. I didn't run after her, and that was my biggest mistake. Little did I know, she was waiting for me in a state of fear, loss, and pain. The moment I found her, she was on the brink of death. Had I arrived too late? I prayed to the Goddess to not make the same mistake once again.
