[Chapter 71: Now you still have time](#)

"This guy must be crazy!"

"My God, the weapons in this shop add up to at least one hundred thousand gold coins! He wants them all!?"

"This person definitely has a problem with his head, and I don't know how such a person cultivated to an intermediate martial artist?"

"In my opinion, he might have come to hit the ground, otherwise who would dare to do this?"

"Smash the scene? This is the Ye Family's weapon shop! Who dares to come and kill the scene?"

"I think this person is trying to pretend to be swollen and fat, but he is so stupid that he chooses the Ye family's shop. Then he will definitely be kicked out!"

"..."

Everyone pointed, talked, and looked at the man in the white robe cloak with contempt.

"This guest, you want all the weapons in our shop, that's okay."

A trace of contempt flashed through Ye Du's eyes, "But the premise is that you paid so much money. If you can't pay so much money, please get out!"

He didn't believe that the man in the white robe cloak in front of him could get so much money.

Therefore, he has determined that this person is here to make trouble.

Although the opponent is an intermediate martial artist, his Ye Du is a person in the main line of the Ye family, and he is afraid of offending a small martial artist, so he speaks with the word 'roll'!

"roll?"

The man in the white robe cloak turned his head to look at Ye Du, "Now you get out, it's still too late."

As soon as these words came out, everyone was even more shocked. Everyone opened their mouths and their chins were about to fall.

A mid-level warrior in the mere mere let the shopkeeper dispatched by the Ye family get out in the Ye family's shop! ?

This is so terribly guilty?

"You actually let me get out?"

Ye Du showed a sullen smile, "You are determined to be wild in my Ye family's site, okay, very good, come here!!"

As soon as the roar came out, four Ye Family martial artists jumped out of the crowd.

Two of the four warriors are intermediate warriors. They looked at this white cloak man with confidence, with a trace of cruelty in their eyes.

In this case, even if a person is killed, the law enforcement warrior of the warrior alliance will turn one eye and close another!

Who made the opponent come to provoke him first?

"Go, let him know that the majesty of my Ye Family is not so offensive!"

Ye Du sneered and walked out of the crowd, looking at the man in the white robe with contempt with his nostrils.

"Yes!"

The four warriors nodded, and drew out their weapons.

For an instant, the weapon shop was filled with cold killing air.

The onlookers retreated to the surroundings schadenly.

Intermediate martial artist, this is no ordinary person.

It's also a big show to see such a character deflated!

"kill!"

The four warriors screamed and killed the white-robed cloaked man together. Every dazzling weapon greeted the vital point, leaving no way to survive!

"This person is dead!"

"Four hits one, and such a fierce move, this person is definitely not immune!"

Seeing this scene, the same thoughts flashed through the minds of all onlookers at the same time.

But the next moment, their ideas were ruthlessly shattered.

I saw a blade of lightning gleaming like it appeared out of thin air, and instantly passed the necks of the four Ye Family warriors.

The four Ye Family warriors stiffened, and their weapons fell to the ground weakly.

Immediately afterwards, a lot of blood was shot from the wound on their neck like a water gun, and it was useless to let them cover it with their hands.

The pungent smell of blood soon enveloped the entire Ye family weapon shop.

Everyone looked like a ghost, their eyes widened in disbelief.

They couldn't believe that the four Ye Family warriors were killed by an unknown intermediate warrior!

Moreover, they couldn't believe that the white-robed man was so bold that he dared to kill people at will in the city!

It's really too rampant, this is not only not putting Ye Family in his eyes, but also not putting the Martial Artist Alliance in his eyes!

"Quick, go, this man is absolutely crazy!"

"Go away, don't block my way, I don't want to be killed!"

"..."

Everyone came back to their senses and ran outside in fear.

In their opinion, the man in the white robe cloak had completely lost his wit. He was a madman who only knew how to kill. He would definitely die miserably if he stayed there!

A few seconds later, except for Ye Du and a few refiners, everyone ran away!

[Chapter 72: The three major shops were looted!](#)

"You...you you you! How dare you kill people in my Ye's shop!"

"Do you know what the consequences are? You will die too, you lunatic!"

Ye Du pointed at Su Lang in horror, shaking like he was convulsing.

However, the man in the white robe cloak seemed to have done a trivial thing, calmly put away the long sword, and picked up the purple spirit sword.

"you you..."

Ye Du opened his mouth, he wanted to let the white robe cloak man put down the purple spirit sword!

But at this time the guards in the shop are all dead, how can he dare to step forward to stop him alone?

And at this moment, Ye Du found that the man in the white robe cloak was walking towards him!

"What do you want to do!?"

Ye Du's pupils shrank suddenly, and a thick panic rose uncontrollably in his heart.

"Hand over the money and spare you not to die."

The words of the white-robed cloak were concise and full of murderousness.

"Good... good!"

Ye Du looked at the four terrifying corpses, had no courage to resist, and nodded tremblingly.

Immediately, Ye Du and several refiners looked terrified and handed all the wealth in the shop to the man in the white robe cloak.

Even the materials being smelted are taken out of the furnace!

With a wave of the white robe cloak, the gold coins, weapons, and materials all disappeared out of thin air.

This scene left Ye Du and others with a horrified brain blank.

After scouring the entire shop, the man in the white robe cloak left the shop and quickly disappeared into the street.

"Damn Su Lang, if it weren't for him, how could the guards in the store be tuned, and how could I fall to this point?"

Ye Du looked at the tragic death of the Ye family guard and the empty shop, almost crying.

But if you let him know that the man in the white robe cloak is Su Lang's clone, don't you know what he would think?

At this time, there was a series of messy footsteps outside.

"Who dares to kill in the city?"

"Immediately hand over the weapon, kneel and surrender!"

"..."

A group of Union law enforcement officers in black gilt costumes stormed into the shop.

"Running! Already running!"

Ye Du pointed to the street and cried, "Why are you here?"

...

The robbery of Yejia Weapon Shop caused a sensation throughout the entire Red Maple City stronghold.

And the same thing happened not only once, but three times!

Yejia Weapon Store, Yejiadan Drug Store, and Yejia Commercial Bank Headquarters were all looted by a man in a white robe cloak!

And none of the Alliance law enforcement officers have been caught!

At this time, the man in the white robe cloak has become a hot topic in the city!

...

Ye family mansion.

"Patriarch, that's what he said!"

A warrior knelt on the ground and said nervously.

This person is exactly the warrior who rushed back from the Golden Flame Leopard stronghold.

"What? He let me enjoy the last good days?"

Ye Feizhang sat on the top with a sneer on his face, "With a mere warrior, he dare to blow the magic conch like this?"

The informant knelt on the ground in horror, afraid to answer.

"Okay you go out."

Ye Feizhang snorted and waved his hand.

At this moment, there was a sudden rush of footsteps outside.

Immediately afterwards, a senior warrior rushed into the hall: "Patriarch! It's not good!"

"Ye Lin? What's the matter?"

Ye Feizhang frowned, Ye Lin has always been steady, why is he so flustered today?

Ye Lin knelt on the ground with a puff: "Patriarch, the weapon shop, medicine store, and business headquarters in our city have all been looted!"

"what!?"

Ye Feizhang stood up with a cry, shock and disbelief on his face.

The warrior who was kneeling on the ground was even more shocked and demented!

"Ye Lin, do you know what you are talking about?"

Ye Feizhang walked down the hall, looking furious, "These three important shops are all in the city, how can they be looted!?"

Although he knew Ye Lin would never lie, he still couldn't believe it!

"Patriarch, really got ransacked!"

Ye Lin touched his head to the ground and said tremblingly, "Moreover, they were looted at the same time. It was three mysterious intermediate martial artists wearing white cloaks!

We lost a full fifteen warriors in three of our stores, with more than 500,000 gold coins in cash, and countless supplies! "

[Chapter 73: This is the price to provoke me](#)

Seeing Ye Lin's appearance, Ye Feizhang couldn't believe it anymore.

"Unexpectedly, someone dared to rob my Ye family shop!"

Ye Feizhang's face was pale, his eyes were red, and his whole body exuded a terrifying murderous aura, "Have you caught the three thieves?"

"No...no!"

Ye Lin's voice trembled, and he didn't dare to look up at Ye Feizhang, "Our main force in the Ye family has gone to hunt Su Lang.

The alliance enforcers came late, and when they arrived, the murderers had all run away! "

"Damn it! Who is it!?"

Ye Feizhang's eyes were cracked with hatred, gritted his teeth.

The robbery of three important stores not only caused heavy economic losses to the Ye family, but also suffered serious damage to the Ye family's reputation.

The dignified Ye family was ransacked in three important shops in broad daylight and in full view. The key is that the murderer has not been caught.

This is simply a shame!

Such a shame has never happened in the history of the Ye family!

"Check for me, you must catch the murderer and impose the most cruel punishment!"

At this moment, Ye Feizhang's whole person was already furious like a volcano about to erupt.

"But Patriarch, our main force is outside the city!"

Ye Lin swallowed hard, "Do you want the Martial Artist Alliance to investigate this matter in depth?"

"Warrior League?"

Ye Feizhang suddenly thought of something, he suppressed his anger fiercely, and said, "You guys step back first, let me think about it."

"Yes!"

Ye Lin and the reporter warrior bowed in relief and left cautiously.

"The man in the white robe cloak suddenly appeared and disappeared..."

Ye Feizhang closed his eyes and thought, suddenly, his eyes opened, "Such a weird method...Su Lang!!"

"Yes, this incident is definitely what Su Lang did!"

"This was the case in the dark snake stronghold before, and the black robe and white face disappeared somehow!"

"Moreover, only that Su Lang could have such a weird means!"

"I thought it was just a small person, but now it seems that this person is extremely difficult to deal with!"

Thinking of this, Ye Feizhang's face was gloomy as if water was dripping out.

At this time, his expression suddenly changed: "Suffered! If this person dares to attack the stronghold in the city, he will definitely dare to raid my stronghold outside Yeja again!"

"Come on!!"

Ye Feizhang didn't even think about it, and immediately roared: "Immediately notify all strongholds to strengthen their defense!"

However, it was too late when he thought of this!

Outside the city, Ye Family Class E Red Bear Beast stronghold.

In order to search for Su Lang, this stronghold sent many warriors, and the strength was when they were weak.

A man in a white robe cloak entered the stronghold and rushed straight into the guard mansion to ransack him, but if anyone dared to stop him, they would be killed!

A large number of guards' staff fled crying and shouting, and the scene was in a mess.

The same thing happened in other Ye family strongholds.

The strongest of these strongholds is the high-level warrior, who is vulnerable to a single blow under the Su Lang clone.

When Ye Feizhang's order arrived, three entire strongholds had been looted by Su Lang!

"Hmph, this is the price to provoke me!"

In the cave, Su Lang grinned coldly.

Soon, he was excited to count the harvest.

At this time, the storage space is full of various items.

Weapons, medicinal herbs, heavenly materials, earthly treasures, and materials for beasts have been piled up into a hill!

Those piles of glittering gold coins, those shining spirit stones are also going to dazzle your eyes!

"Hahaha, as expected of the Ye Family, it didn't disappoint me!"

Su Lang hooked his mouth and said excitedly, "System, deposit all for me!"

With an order, the gold coin balance soared!

100,000...300,000...600,000...!

In the end, the amount of gold coins reached an unprecedented 623,547 gold coins!

In addition to the gold coins, the clone also looted a large number of pills and weapons!

Among the weapons, the best is that intermediate spirit soldier purple spirit sword!

"The black Tang Dao can't keep up with me."

"And I now master more swordsmanship, it's time to change weapons!"

Su Lang ticked the corner of his mouth and took out the Purple Spirit Sword from the storage space.

This purple spirit sword has a graceful posture, the hilt and scabbard are integrated, and the carvings on it move like stars, which is quite artistic.

"Clang!"

With a move of Su Lang's thumb, the long sword was instantly unsheathed.

I saw a beam of light bursting out of the cave, like thunder!

"Good sword!"

Su Lang stroked the blade lightly, smiling.

After playing with the purple spirit sword for a while, Su Lang put it on his waist, and his excited eyes fell on the pill in the storage space!

[Chapter 74: Crazy looting of the Ye family stronghold!](#)

All the pills in the whole shop have been looted!

These medicines are rich in types, healing, detoxifying, and assisting cultivation... everything.

"So many elixirs, there are even Tier 5 elixirs that can assist the martial artist in his cultivation!"

"With these pills, my cultivation speed can be improved again, it's really wonderful!"

Su Lang's eyes glowed, and immediately took out the best cultivation medicine from the storage space and swallowed it into his abdomen like eating jelly beans.

In an instant, a powerful attraction spread from Su Lang's body.

This attraction is tearing and devouring the surrounding aura like a giant beast!

At this speed, Su Lang's cultivation speed has almost tripled!

"At this speed, I can break through to a high-level warrior in just 2 hours!"

Su Lang couldn't help but let out a deep and excited laugh, "Moreover, it must not take much time to break through to the peak martial artist. At that time, let's see who is besieging whom!"

But before that, let you feel the deep heartache again! Hahahaha! "

While feeling the refreshment of the crazy improvement of his cultivation base, Su Lang gave the order to continue looting the Ye family stronghold!

Under Su Lang's dispatch, the clone kept looting the Ye family stronghold.

Even if the people of the Ye family received Ye Feizhang's order to take precautions strictly, it was useless!

Su Lang's avatar can always enter the stronghold through various methods and looting fiercely!

As time passed, more and more Ye family strongholds were ransacked, and 4 of the 5 E-level strongholds had suffered Su Lang's poison!

In addition, seven or eight of the F-level strongholds also suffered.

If it were not for the distance between the stronghold and the stronghold, the number would be much higher!

At the same time, so many strongholds were looted, and the news could not be stopped at all, spreading like wind throughout the city.

Almost everyone knew that the Ye family had provoked an incredible force.

Everyone in the city is talking about the Ye Family, and there are dozens of rumors!

Combined with the various things that happened before, there was even a rumor that the Ye Family was going to die.

"Zhuzi! I will kill you!"

The severe damage to the economy and reputation made Ye Feizhang furious, and with a violent palm, a shunned servant was torn apart!

And just as Ye Feizhang was furious, the Ye family was in panic.

"Ding! The sea of repair is full, do you break through?"

"Break immediately!"

Su Lang's eyes lit up and gave instructions.

In the next millisecond, countless auras rushed in, all the aura cyclones condensed in the Dantian!

At this time, the aura cyclone has become more and more dense, and the volume has grown a full circle again!

"The realm of advanced warriors!"

Su Lang stretched his hands and feet, feeling the power in his body with a face full of intoxication.

No need to look at the attribute panel at this time, he also knows that his four-dimensional level has all risen to a level!

With such strength, coupled with three ghostly clones, they can already compete with the Ye Family round-up army.

But what Su Lang wanted was not a fight, but a gorgeous counter-kill!

"Wait, my gift will be delivered to you soon!"

Su Lang threw a precious Tier 5 pill into his mouth, and a cruel smile was outlined at the corner of his mouth.

...

At the same time, Ye Lingfeng and others who were searching for Su Lang also learned of the bad news that Ye family strongholds were robbed one after another.

Everyone was petrified in an instant.

Everyone stood in place like sculptures, motionless.

After a long time, everyone took a breath of horror.

"It can't go on like this, otherwise my Ye family stronghold will be uprooted!"

Ye Xiangming's face was pale with heartache on the spot, and he immediately went back to his house to guard the family stronghold.

"Father! We can't give up all our efforts!"

Ye Lingfeng weighed it up and persuaded, "If we give up now, we will certainly defend the remaining stronghold, but also let Su Lang go!"

"But we have all searched, except for the D-class fierce beast area!"

Ye Xiangming said anxiously, "Now we haven't even found Su Lang's shadow! Do we still want to venture into the D-class beast area to hunt him?"

[Chapter 75: The gorgeous anti-kill has begun!](#)

"of course!"

Ye Lingfeng said sternly, "All the warriors in the Sulang district dare to enter the D-class beast area, why don't we dare?"

"Yes, even if Su Lang enters the D-class beast area, he will definitely not go far."

Ye Tian also stepped forward and said, "Maybe he is in the nearest D-class beast area, we can't give up."

"But, our stronghold!"

Ye Xiangming was holding his chest in pain, and was so angry that he almost vomited blood for three liters!

"Father, my heart aches too, but our eyes cannot be so short-sighted!"

Ye Lingfeng was too lazy to be polite, and said directly, "You think, as long as Grandpa is here, our Ye family will always be one of the four major forces in Red Maple City!"

These looted strongholds can be restored sooner or later, and the lost gold coins can be earned back. These losses are not fatal!

And once we catch Su Lang and ask him for his secret, we can fly into the sky, maybe it's possible to enter the main city of Blue Star! "

Speaking of the Blue Star main city, Ye Lingfeng's eyes showed uncontrollable yearning and excitement.

That is the largest city on Blue Star, and it is also the place where all the elites of Blue Star gather!

Compared to the main city of Blue Star, Hongfeng City is a small village in the countryside!

"I understand!"

Ye Xiangming suddenly said, "I am still smart, looking at my donkey head, I almost picked sesame seeds and lost the watermelon!"

"It's not too late!"

Ye Lingfeng smiled, "Father, let's search the D-class fierce beast area!"

"it is good!"

Ye Xiangming nodded solemnly and immediately issued an order.

After receiving the order, many warriors formed nearly thirty teams with the martial master as the leader, and began to frantically search the D-class beast area.

The warriors who didn't have the courage to enter the D-class area stayed on the periphery to prevent Su Lang from escaping.

...

In an instant, the night passed.

The Ye family's 5 E-level strongholds and more than 30 F-level strongholds have all been looted by Su Lang.

In addition, there is also an E-level stronghold and 5 F-level strongholds of the Yang family, all of which have been raided by Su Lang!

The balance of gold coins in the mysterious space also soared to 785846!

With so many gold coins, it is not far from raising the clone dispatch function to level 5 and obtaining the new function activation authority!

However, this was not what excited Su Lang the most.

At this time, he was staring at the one-key cultivation villain in the mysterious black space with excitement.

"Hurry up! Why are you still dissatisfied?"

Su Lang looked at the little cultivator who was about to become a golden cultivator just a little bit, and his heart was like a cat's claw scratching.

At this moment, the white villain finally turned completely golden.

"Don't be wordy! Give me a breakthrough!"

Before the system prompt appeared, Su Lang shouted excitedly.

"boom!"

The turbulent spiritual energy rushed into Su Lang's body like a black hole.

The aura cyclone in Su Lang's Dantian has grown again, almost filling the entire Dantian space!

"Properties panel!"

"Senior Martial Master+! Jie Jie Jie Jie."

The corner of Su Lang's mouth slowly outlines an evil smile, "The gorgeous counter-kill, it's started!"

He hadn't been idle at all this night, he had already sent a clone to touch it for dozens of miles.

Now he can dispatch the clone to any place in this area with just a move of his mind.

Not only that, Su Lang also figured out the deployment of the Ye Family's army, which made him laugh secretly.

Ye Lingfeng and the others divided the large team into small teams. It was originally correct, because they were dealing with Su Lang who was close to the junior martial artist.

But they never expected that in just one night, Su Lang's combat power soared to the senior martial artist + level!

In this case, Ye Lingfeng and others separated their own powers, and it was tantamount to destroying themselves!

"Dispatch the clone, kill me!"

With an order, Su Lang dispatched the three avatars to different places and started hunting down the traces of the Ye Family Team.

[Chapter 76: Invincible where the sword passes!](#)

Liulihu area, in a certain mountain stream.

A team of warriors is resting, and the junior warrior headed by that even has two beautiful warriors personally massaging.

Suddenly, the junior martial artist's ear moved and his expression became alert.

"My lord? What's the matter?"

The two beauties asked in surprise.

"It seems...nothing?"

The junior martial artist frowned, and a hint of surprise flashed in his eyes.

But when he wanted to close his eyes and continue to enjoy the massage of the beautiful warrior, he suddenly saw a white afterimage!

"Not good!!"

The junior martial artist stood upside down all over his body and had to stand up on the spot.

But it's too late!

A sharp sword struck his neck in an instant!

"what!!"

"The boss is dead!"

When a group of warriors saw this scene, they were so scared that the souls burst out, feces and urine came out, and they fled around insane.

Even the junior martial artists are dead unclear, how can they not be afraid?

"Ho ho..."

The junior martial artist clutched his neck in disbelief, and vomited blood.

His eyes dimmed, and finally disappeared completely.

A high-ranking martial artist, just so helpless to fight back!

Even he didn't see the enemy clearly until he died!

...

Liulihu area, in a certain mountain forest.

An intermediate martial artist is leading ten martial artists to search around carefully.

Suddenly, there was a murmur of noise not far away.

Everyone looked shocked, and pulled out their weapons.

Immediately afterwards, they saw a man in a white cloak holding a long sword drill out of the woods.

"It's a man in a white robe and cloak!"

"Even here!"

"Great, great, we are developed!"

Everyone's eyes widened, and the surprise on their faces was hard to conceal.

At this time, they already knew that the white-robed cloak man and Su Lang had a close relationship.

Once the white robe cloak man is caught, it means that the distance has caught an important clue!

Therefore, when they saw the white robe cloaked man, everyone seemed to see bright gold coins beckoning at them.

"Go! Get alive!"

The intermediate martial artist was ecstatic, and rushed up immediately.

The other warriors were unwilling to lag behind, they all laughed wildly and besieged them.

The man in the white robe cloak stood motionless on the spot, and everyone sneered, thinking he was frightened stupid.

But in the next scene, their sneers instantly solidified on their faces.

I saw the man in the white robe cloak drew his sword and waved, a dazzling sword light flashed away, and the intermediate martial artist was cut into two directly!

"Ah! It hurts--!"

The mid-level martial artist who was beheaded is not dead yet.

He convulsed in pain, cried, his face was completely distorted!

"How... how is it possible!"

A peak martial artist was so horrified that his scalp exploded, "This white-robed man only exudes the fluctuations of a peak martial artist, how can it be possible to defeat Lord Tian An with a single sword?"

"What are you doing so much? Run away!"

A senior warrior yelled and ran away desperately, not even daring to pick up his shoes if he dropped it.

"Yes, run away!"

"Made, you stepped on my foot!"

"..."

The rest of the warriors didn't even think about it, and immediately fled in fear!

The man in the white robe cloak did not hunt down these warriors, but gradually faded away while standing still.

The same scene continues to be performed in various places!

Where the sword passed, no martial artist was spared.

In a short period of time, a total of eight martial artists died in Su Lang's hands!

"Tsk tsk, these martial artists are really fat!"

In the cave, Su Lang watched the newly harvested trophies, and kept talking.

Eight martial artists brought him a total of 10 middle-grade spirit stones.

This is still the result of those martial artists taking the battle lightly, otherwise Su Lang's harvest would at least double.

Besides, there are many pills and weapons.

Especially the weapons, most of those martial arts masters were holding junior spirit soldiers, and Su Lang had enough to gain six.

"Come on, brothers, change the shotgun for the cannon!"

Su Lang selected three of the best junior psychic longswords and passed them to the clone.

The avatars with elementary spirit soldiers have once again risen in strength, and all of them below the intermediate martial artist are killed with one sword! Even a very few high-level martial artists could not resist many moves, and they could only die in despair under the sword of Su Lang clone.

[Chapter 77: Of course it is me!](#)

Just when Su Lang dispatched a clone to hunt the Ye family squad wildly.

Ye Lingfeng was meeting with important personnel such as Ye Xiangming, Ye Tian, Ye Zhi, and Yang Tianrui.

Because of the lack of communication means, at this time they did not know that their martial artist was being attacked by Su Lang.

"The surrounding D-class fierce beast area has all been searched."

Ye Tian analyzed, "Only this Liulihu area has not been searched yet. I guess we are not far from finding Su Lang! Unless..."

"Unless he dares to enter the C-level area!"

Ye Lingfeng sneered, "But how is that possible? I don't believe he dares to go to the C-level area to die!"

"Yes, Su Lang is definitely in the Liulihu area!"

Ye Xiangming said excitedly, "We are going to catch him, our Ye family is going to rise!"

"Hahahaha!"

Ye Lingfeng looked up to the sky and laughed wildly, seeming to have seen the Ye Family's crazy rise and becoming a top big family.

"Master Ye Lingfeng!"

At this moment, a junior martial artist suddenly rushed over in a panic.

"Didn't you say that we can't interrupt at will when we are discussing?"

Ye Lingfeng looked at the junior martial artist who had rushed in with a cold expression, a murderous aura flashed in his eyes.

Although he was only a pinnacle martial artist, he was not regarded as the most talented figure of the Ye Family, the future heir of the Ye Family, and a mere junior martial artist.

"Young Master Ye, something is bad!"

The junior martial artist said profusely, "We met several squad fighters, and they all said that their team leader was killed!"

"what!?"

Ye Lingfeng's pupils shrank instantly, "Speak carefully, how many martial artists have died, and who is the murderer?"

"The murderer is the man in the white cloak!"

The junior martial artist took a deep breath and said, "As for the lost martial artist, I know that there are flying fish hunting group leaders, mountain hunting group leaders, and black wind hunting group leaders!"

"We lost three martial artists!?"

"It's all done by the people in the white robe cloak? Are they not intermediate warriors?"

Ye Xiangming shouted in disbelief, "Are you making a mistake?"

Not only Ye Xiangming, but also Ye Lingfeng and others have a sense of absurdity and unreality.

"It's true!"

The junior martial artist shook his head, his face was full of horror, "It is said that all three of them were killed by one sword!"

"Slash with one sword!?"

Ye Lingfeng laughed instead of anger, "Do you know how powerful it is to kill a junior martial artist with a single sword?"

At least the combat power of a senior martial artist!

Could those people in white robe cloaks have such a strong strength?

I suspect that you are a spy sent by the Martial Arts Alliance or the Bao family and Yu's family! To disrupt our plan! Say, are you a spy! "

"I'm not a spy!"

The junior martial artist shook his head in tears.

"Humph!"

Ye Lingfeng snorted coldly, "Don't tell me now, it will be too late in a while."

At this moment, another Ye Family Martial Artist who was terrified and terrified suddenly ran over.

"Master! Master Tian An was killed!!"

This Ye Family warrior rushed over and knelt on the ground, his eyes were filled with terror, as if he had just escaped from a ghost gate!

"what did you say!?"

"Tian An Keqing was killed!?"

Ye Lingfeng and others instantly thundered, stunned.

"We encountered a man in a white robe and cloak, and wanted to capture him."

The Ye Family Warrior said with a sad face: "But I didn't expect that the man in the white robe cloak would cut Master Tian An in the waist with a single sword!"

"No... it's impossible!"

Ye Lingfeng's eyes widened, and his eyeballs were bloodshot, "Tian An Keqing is a figure who touched the edge of a senior martial artist, how could he be beheaded with a single sword?"

How can those people in white robe cloaks do it? This is not true!

Say, are people from the Budo League and Bao's family participating in it? is not it! ? "

"No!"

A faint voice answered his question.

"Who did it!?"

Ye Lingfeng turned around abruptly, her hair spread out, like a lunatic!

"Of course it's me!"

Su Lang removed the leaves and walked out with a faint sneer.

[Chapter 78: That's wonderful!](#)

"It's you! Su Lang!!!"

The moment he saw Su Lang, Ye Lingfeng's eyes stared out.

Ye Xiangming and others stared as if they had seen a ghost, completely unable to believe the scene in front of them.

"Yes, it's me!"

Su Lang smiled indifferently, "It's mine, and killed all the martial artists who besieged me.

Ye Lingfeng, thank you so much for giving me the opportunity to break through one by one!

Otherwise, if you gather dozens of martial artists together, it will be really difficult for me to start! "

"All killed!? This is impossible!"

Ye Lingfeng's eyes were distraught, "Even if you have broken through to the peak martial artist now, it is absolutely impossible to kill our more than 20 martial arts!"

"is it?"

The corner of Su Lang's mouth twitched, "Then I will give you a chance to let your subordinates go down and find those martial artists!"

"Hey, pretend!"

Ye Lingfeng recovered from the shock and snorted coldly, "If you said you killed our individual martial arts master, I would still believe it.

But you don't even go through your head when you speak. Except for our five martial arts, there are a total of twenty-six martial arts outside. Can you kill them all in a short time?

Even if you let a Wu come in the future, you will definitely not be able to do this, your words are too much! "

"Yes, I was almost bluffed by your little crap!"

Ye Xiangming took a step forward and stared at Su Lang disdainfully, "Unfortunately, none of us were scared, Su Lang, you are clever but you were mistaken by cleverness!"

"Hmph, Su Lang, your subordinates must be entangled by our martial artists now!"

Ye Lingfeng regained his supremacy, "You are a pinnacle warrior, no matter how strong, how can you beat our five warriors?"

I have seen a big brother, but I have never seen a big brother like you. Now, where are you going to escape? "

As soon as his words fell, Ye Xiangming, Ye Tian, Ye Zhi, Yang Tianrui, and the junior martial artist immediately moved and surrounded Su Lang!

At the same time, other warriors also circled the periphery, and several people quietly left, preparing to call for reinforcements.

"whispering sound!"

Su Lang looked around at everyone, sneered and shook his head.

"laugh?"

Ye Lingfeng raised his chin in disdain, "You who are full of smiles on the surface must be very scared in your heart, right?"

Haha, don't be afraid, my favorite thing about Ye Lingfeng is a genius like you!

As long as you surrender the secret that allowed you to turn from an ordinary person to a pinnacle warrior in just three days, I promise that the future Ye Family will have your place!

When the time comes, our Ye family will fly to the top, and you Su Lang can stand at the top of the pyramid, and wealth and beauty are at your fingertips. Isn't it beautiful?

But if you don't plan to hand over your secrets, then I'm sorry!

I, Ye Lingfeng, will give you a taste of the noble service of the twelve torture one-stop service, and then you will survive and die!

I give you one minute to think about it, you can choose to enjoy a good life, or a lifetime that is worse than death! "

"Hahahaha, what a wonderful point!"

Su Lang laughed and even clapped.

"Make your decision!"

Ye Lingfeng looked at Su Lang contemptuously, "I'm about to start counting."

In his eyes, Su Lang has become a mass of fish to be slaughtered.

And he, Ye Lingfeng, is the man with the knife, and he will eventually pry out that peerless secret from Su Lang's mouth!

"Ye Lingfeng, why are you so obsessed with confidence? Just rely on your own guesswork?"

The smile on Su Lang's face gradually turned cold, "Why, you don't know if you look behind you to see who is surrounding whom?"

As soon as this statement came out, Ye Lingfeng and others were immediately taken aback.

Immediately afterwards, Ye Lingfeng laughed, "Su Lang, don't you think you can escape if we turn our heads?"

Come and come, everyone, take a look back with me, I want to see if you Su Lang can escape under my nose, hahahaha! ! "

While laughing, Ye Lingfeng turned his head first, and the others looked back with sarcasm.

In the next moment, Ye Lingfeng was like a goose pinched by his neck, and his laughter stopped abruptly!

The mocking expressions of Ye Xiangming, Ye Tian and others also suddenly solidified!

I saw three white robe cloaked people outside the crowd occupying three directions respectively.

They are holding long swords stained with blood, and they exude a terrifying murderous aura!

[Chapter 79: No one wants to leave today!](#)

"It's the man in the white cloak who killed Master Tian An!!"

"Three! How come there are three! It's over, we are dead!"

The warrior who had come to report before was trembling, his voice hoarse and desperate.

The scene in which the white-robed cloak man slayed Tian An with a single sword caused too much impact on this warrior.

Seeing the man in the white robe cloak at this time, he was like a frightened bird, and instantly lost all measure.

"Gooooo!"

Ye Lingfeng swallowed hard, and tremblingly muttered, "How is this possible? How could they appear here?"

Could it be...could it be that those martial artists were really all killed by them, no... this is not true! "

"That sword! The head soldier of the lion hunting regiment!"

Ye Tian suddenly condensed his eyes, staring at the long sword in the hands of one of the white-robed men.

"And the sword of the president of the Redstone Chamber of Commerce!"

Ye Zhi said in disbelief, "Guild Master Redstone is a senior martial artist, is he dead too!?"

"what!?"

Ye Lingfeng's complexion was stiff, and his eyes were incredible.

He knew that those martial artists might really be killed as Su Lang said!

However, he couldn't accept such a bizarre thing from the bottom of his heart!

More than twenty martial artists, this is such a terrifying force, how could it be killed by a small figure who has been up from the bottom within a few days! ?

This is simply a fantasy!

"Ah!"

At this time, the terrified warrior couldn't bear the pressure, and ran towards the periphery when he was crazy.

"Stab!"

A sword light flashed, and the escaping warrior separated immediately!

The headless corpse staggered a few steps and fell weakly, and the blood sprayed from the neck fracture instantly stained the soil.

"hiss!"

The glaring red color caused Ye Lingfeng and others to slap a violent spirit.

next moment.

"go!!"

With a roar, Ye Lingfeng desperately fled to the outside.

No secrets are important at this time, his life is the most important!

"Quickly, protect Ling Feng from leaving!"

Ye Tian and the others snorted, surrounded Ye Lingfeng one after another, rushing out.

Ye Lingfeng's outstanding talent is the best aptitude, and he is the most hopeful figure of the Ye family to become a military commander or even a military commander, so everyone is protecting him.

"Today, no one wants to leave."

Su Lang's indifferent and cold voice came, and the murderous aura in it was chilling.

Immediately afterwards, a little bit under his feet, the wind chased it out, and the three white-robed clones also held spirit soldiers to besieged.

"My son, go!"

Ye Xiangming turned around and drew his sword, angrily cut to Su Lang.

"Splitting the sky, the ninth sword!"

Su Lang flipped his wrist, and the purple spirit sword went out to sea like a blue dragon, and instantly penetrated Ye Xiangming's heart.

"father!"

Upon seeing this scene, Ye Lingfeng's eyes were blood red and his canthus was about to split.

However, the grief returned to grief, and the speed under his feet was not reduced, and he quickly fled to the distance.

"You all have to die, no one wants to leave!"

Su Lang kicked Fei Xiangming's body and sneered after it.

A frightening pursuit began.

Martial artists continued to be chased, beheaded, wailing spread across the mountains and forests, blood dripping all the way.

When the warriors were killed, it was the turn of the warriors!

The first one to be killed was the junior martial artist who came to report. He was not Su Lang's enemy at all, and he returned to the west with one sword.

"Yang Tianrui, I order you to turn around and block the enemy!"

Ye Lingfeng saw that the four of Su Lang were extremely brutally killed, and immediately let Yang Tianrui break the queen without hesitation.

"Ye Shao...Me!!!"

Although Yang Tianrui was the head of the Yang family, he was only an intermediate martial artist.

After seeing Su Lang's powerful combat power, how could he turn his head back?

"Quick, think about your family!"

Seeing Su Lang getting closer, Ye Lingfeng suddenly felt a panic.

"what--!"

Yang Tianrui let out a low growl incomparably suffocated, and then turned to face Su Lang who was quickly chasing after him.

"It's all you, all you! I just fell into this field!"

With endless hatred, Yang Tianrui held up the sharp sword, gritted his teeth and rushed up.

Next second.

The sword light flickers, and the figures are staggered!

Yang Tianrui's body fell feebly, and Su Lang's advancing figure was not affected at all.

[Chapter 80: Where are you going to escape](#)

"Yang Tianrui!"

When the three Ye Lingfeng saw Yang Tianrui's tragic death instantly, they were scared to death.

A dignified intermediate martial artist, but he can't even stop it for a moment!

Su Lang is too strong, too scary!

At this moment, the three white shadows passed Ye Lingfeng's trio and stopped in front.

"kill!"

Ye Tian and Ye Zhi drew their swords and killed them without hesitation.

But the two of them were just junior and intermediate martial masters, how could they be the opponents of the three clones of Su Lang.

After one move, blood spilled into the sky.

Ye Tian splits his head, and Ye Zhi splits into two!

The **** smell filled with vomiting!

"Do not--!"

Ye Lingfeng stood there in horror, crying hoarsely!

"Where are you going to escape?"

Su Lang came to Ye Lingfeng slowly and returned what he had said.

"You... don't come over!"

Ye Lingfeng was so frightened that he staggered back and slammed into Su Lang's white robe clone.

"what--!"

Feeling the touch coming from behind, Ye Lingfeng was even more distracted, and quickly hid beside him.

Then, he found himself in front of him with another man in a white robe cloak!

At this moment, it seems that there are Su Lang and the people in the white robe cloak in all directions.

"How to do!!"

Ye Lingfeng moved his lips, whispered desperately, and immediately sat down on the ground.

"Ye Lingfeng, don't you struggle anymore?"

The corner of Su Lang's mouth raised, and a murderous intent was outlined, "You used to say that Ling Chi skinned and cut the car, but I remember it clearly, now, choose one!"

"no, do not want!"

"I know I was wrong, please forgive me!"

In the face of death, Ye Lingfeng was scared to death.

He trembled all over, putting aside all arrogance and dignity, he bowed to Su Lang and begged for mercy with incomparable shame.

"Spare you?"

Su Lang sneered, "Put yourself in and think about it, if you catch me, would you spare me?"

You should know that since your Ye family killed my parents and wanted to kill me again, I have never stopped dying with you! "

"Su... Master Su!"

Ye Lingfeng's face was full of horror, and his lips trembled in defense, "Those have nothing to do with me.

It was my grandfather who ordered your parents to go to the D-class area, and it was my sixth brother who was going to kill you. I really did not participate! "

"I didn't participate in these two things, so what about this siege of me?"

Su Lang snorted coldly, "You dominated so many people to besiege me, and still expect me to let you go?"

"This is also my grandfather's order!"

"Master Su, I really know I was wrong!"

"I shouldn't covet your secret! I shouldn't lead people to siege you!!"

"Master Su, you are the stars in the sky, and you are the sun in the sky. Please, my lord, please spare me the maggots in the pit!"

"You can do anything, as long as I have it, except life! Just beg you to let me die!"

Ye Lingfeng's head was scattered, and he smashed his head at Su Lang madly. That was even more miserable than the orphan who sold himself to bury his father.

"Anything except life?"

After listening to Ye Lingfeng's words, Su Lang showed a weird smile.

"exactly!"

"Whatever you want!"

The terrified Ye Lingfeng didn't pay attention to Su Lang's expression at all, and nodded like a rattle.

"Well, my heart is moved."

Su Lang put away the Purple Spirit Sword with a smile on his face, and the three clones put away their weapons at the same time.

"Thank you Master Su! Kow thanks to Master Su!"

Ye Lingfeng's face showed the ecstasy of the rest of his life, and he stomped a few more heads in a hurry.

"Listen, what I want."

The corner of Su Lang's mouth twitched, and he smiled, "First of all, you, as the most important junior of the Ye Family, must know all the exercises of the Ye Family. I want them."

"No problem, Master Su, I know all the exercises at home!"

Ye Lingfeng nodded immediately, as if he couldn't wait to speak out the technique immediately in order to save his life.

"Don't worry."

Su Lang faintly threw out a few notebooks and pens, "Write slowly, don't miss the words, otherwise I don't know how miserable your end will be."

"Master Su, don't worry!"

Ye Lingfeng nodded and bowed like a dog, "I recite the Ye Family's exercises so much that I will never miss a word."

As he said, he lay down on the ground and fought hard.

"Next, is my second condition."

Su Lang looked at Ye Lingfeng condescendingly, "You want to give me 5 million gold coins to buy life money!"
