

One Planet 180

Chapter 180: Horizontal push! Wash the floor! The power of one party... destroyed all Cassius!

It was the base of the Black Hibiscus Flower Cassius Group.

Naturally, Tang Hanpei wanted to retreat to the base!

“They have almost used up their energy cards now, and they must withdraw to the base to replenish them. We are fortifying in the east!”

This was the order given by Xu Tiande after he broke through the defense line of 400 Cassius!

The results were not different at all.

Tang Hanpei and others had no better place to go.

The base was close and it was also the safest!

A defense line of one thousand soldiers of the Great Desolate Army became the last stumbling block for Tang Hanpei and others!

The gunshots keep coming!

Bullets were raining down!

The surviving four hundred Cassius were unable to move an inch!

Most of them had used up their energy cards.

Every ten meters forward, several people had to fall!

In the back, one thousand soldiers were brought by Xu Tiande, as well as Chang Yu Chun's seven hundred men.

Those four hundred Cassius were surrounded from both directions.

“Could it be that God wants to kill me, Tang Hanpei?”

Tang Hanpei clenched his hands tightly and looked at the sky helplessly and let out a long wail!

“Chief, we'll cover, you can break out, they can't stop you!”

One of his men said sharply.

Tang Hanpei's nails were about to sink into his palms.

Let his subordinates cover his escape was simply a complete and utter humiliation to him, Tang Hanpei.

“Go, chief.”

Several old subordinates were shouting.

Tang Hanpei was furious but the situation was stronger than the person.

In the end, still under the cover of his subordinates, he quickly rushed towards the line of defense of a thousand soldiers of the Great Desolate Army!

Soon, Tang Hanpei was approaching a hundred meters away.

“Stop him!

Behind them, Xu Tiande and Chang Yuchun shouted at the same time.

Everyone else could escape but not Tang Hanpei!

That Supreme Amplification Card was on Tang Hanpei’s body!

If they couldn’t get it, this conquest would be considered a failure!

This was unacceptable to generals such as Chang Yu Chun and Xu Tiande who had already issued military orders!

One thousand soldiers of the Great Desolate Army immediately aimed the fire at Tang Hanpei.

Under this terrifying firepower, Tang Hanpei’s subordinates kept dying.

Tang Hanpei himself was so blinded and kept using one powerful card after another!

Finally, Tang Hanpei broke through the defense line of the Great Desolate Army.

After consuming all the remaining energy in the last energy card, Tang Hanpei launched a shuttle card!

He went straight up into the sky.

He was quickly taking off!

The target was exactly the base not far away!

If they let Tang Hanpei rush into the base and let him replenish enough energy cards, he could get rid of all the pursuers!

The Great Desolate Army hurriedly pursued but the speed of the shuttle card was too fast.

In the blink of an eye, Tang Hanpei flew out a hundred meters away.

The Great Desolate Army could only watch helplessly.

When the last bit of energy was consumed, the shuttle card landed.

Tang Hanpei walked down.

He looked back at the Great Desolate Army several hundred meters away and took a long breath of relief.

At the same time, there was a trace of deep hatred in his eyes.

In order to cover his escape, his four hundred men were shot dead!

“I, Tang Hanpei, have survived! In the future, I will definitely make you future invaders pay ten times the price!”

Tang Hanpei’s eyes were filled with killing intent.

He took a deep breath and walked quickly towards the base.

Bang!

A voice suddenly rang out.

Immediately after that, Tang Hanpei felt a sharp pain coming from his right calf.

His body went soft and he fell directly to his knees.

“The target is injured, should we continue?”

A voice came from the left.

Tang Hanpei slowly turned his head to look.

He was surprised to see that another group of the Great Desolate Army showed up in a small forest not far away.

At the head of the group was a young general.

Looking at the injured Tang Hanpei, Han Xin also breathed a sigh of relief.

Earlier, he took over the tall building with a hundred men with a good view!

Later, when the battle took place, he did not participate, instead, he continued to observe.

After seeing that Tang Hanpei’s side was going to lose, Han Xin made a bold decision.

With one hundred soldiers, he came to this small forest.

He judged that Tang Hanpei must flee to this base here.

As expected, there were no surprises!

Without the energy card, Tang Hanpei’s physique was only a little better than ordinary people.

It was impossible for him to dodge this sudden onslaught of bullets!

After he got shot in the calf!

It was difficult to even walk!

Han Xin led his men to quickly surround him!

Seeing this, Wang Yao, Yang Fei and others were silent for a long time.

They knew that Tang Hanpei couldn’t escape!
