

One Planet 181

Chapter 181: Great Harvest! The shock of the association! The unification of the Xia Kingdom begins!

From the very beginning, Tang Hanpei pursued and killed the Amazonian female warriors and the thorn tree demon with high spirits but he was hunted down like a bereaved dog!

He was even shot in the calf.

Only less than an hour passed.

Wang Yao and Yang Fei's faces were a bit complicated!

They previously thought that Jiang Fan acted on impulse.

He even refused to rescue the Amazonian female warriors and the thorn tree demons.

They were sure that he would be massacred by Tang Hanpei but they didn't expect that massacre would happen but the target would be Tang Hanpei!

The combat power displayed by the three thousand people of the Great Desolate Army made the two girls feel a little incredible!

Wang Yao also had to admit that while facing these three thousand musketeers, her own Amazonian female warriors would not be any better than Kathy.

The only Amazonian female warriors that could beat Cassius were some of the female archer warriors that were capable of long range attack.

However, Amazonian female warriors needed a short break after shooting ten arrows, so that their arm could get a rest.

In addition, the speed of arrow firing was totally incomparable to bullets.

The musketeers, on the other hand, were able to fire continuously.

Their firing rate was even higher!

The base of the Black Hibiscus Flower Cassius was close at hand but it was no longer possible for Tang Hanpei to step into it.

He was holding his right calf.

There was a trace of unwillingness in his eyes!

He could be said to be the lord of the generation.

Was he going to fall here today?

Han Xin took a hundred soldiers with him.

The group surrounded Tang Hanpei, not giving him any chance to escape.

Chang Yu Chun and Xu Tian De also rushed over with the Great Desolate Army.

Not far away, Yan and Ghost Buster also rushed over.

For Tang Hanpei, it must be ordered by Yan.

There were no surprises, Yan directly caused Tang Hanpei to end.

Tang Hanpei's eyes were wide open.

He was unwilling to die!

Chang Yu Chun stepped forward.

He found the supreme amplification card in Tang Hanpei's arms and carefully handed it over to Yan.

It was finally here!

Everyone breathed a sigh of relief.

It also meant that this trip was a complete success!

Jiang Fan also revealed a smile!

“Jiang Fan.”

At this time, Jiang Fan received a private chat from Wang Yao.

“What is it?”

Jiang Fan's tone was cold.

“That.....”

Wang Yao hesitated, but still said, “Can you sell this card to me? Of course, the terms are whatever you want them to be. As long as it's not too much, I can buy it all!”

“No, I can't, I have a use for this card.”

Jiang Fan refused Wang Yao's offer.

After that he hung up the private chat.

After being hung up on, Wang Yao frowned slightly.

She looked across at Yang Fei and shook her head.

That's right, the two women were in the same room.

“Could it be.....”

Yang Fei thought about it and said, “This Jiang Fan is also a high school candidate of this year? Look at how young he is.

“I didn't really believe it, but..... ”

Wang Yao smiled to herself and said, “It really seems possible now.”

“I wonder which city's genius it is? It's surprising that he's so terrifying.” A hint of shock flashed in Yang Fei's eyes as she said that.

“It's definitely more than that.”

Wang Yao gave a bitter laugh and said, “He’s stronger than all of us planet masters who have been awakened for more than a year. It must be some peerless genius! Earlier, if only we didn’t use those little tricks, this trip to the card planet would be a complete success.”

A trace of regret flashed in Wang Yao’s eyes.

The Great Desolate Army did not suffer many casualties and on the battlefield, the Great Desolate Army didn’t waste the cards on the other Cassius.

Under Jiang Fan’s prompt, Yan ordered all the cards to be collected.

Of course, some cards were destroyed during battle.

Only a portion of them were useful.

Subsequently, they came back to the Blue Star through the planetary passage and Jiang Fan also successfully obtained the Supreme Amplification Card.

“Is this the Supreme Amplification Card?”

Jiang Fan looked at the golden card in his hand and muttered.

10x amplification was the effect of this card.

However, it was not yet available for direct use.

Soon, the airship drove back to Jiangcheng, Wang Yao and Yang Fei left straight away.

Jiang Fan and the three of them went back to the Planet Association to submit the quest result.

The tall young man and the lean man were excited!

They originally thought that it was going to be a total loss of troops but they didn’t expect that, in the last moments, Jiang Fan on his own, wiped out all the Cassius in East Shangwei City, including that powerful Tang Hanpei!
