

One Planet 191

Chapter 191: Final List! Top ten cards! Preparation before the entrance exam!

After hanging up the call with Tong Zhen Sheng, Jiang Fan poured himself a glass of water.

He was subsequently drinking water on one side while tapping on the communicator on the other side.

This old communicator had been around for a long time.

There was a response.

Soon Jiang Fan opened the page of the Heavenly Pride List.

Since there was no projection.

Jiang Fan could only search page by page.

This was the latest edition of the Heavenly Pride List!

It was also the last edition before the entrance examination!

At this time, there were only ten days left before the entrance examination.

For many students, their strength was pretty much set in stone.

Of course Jiang Fan was excluded.

In ten days, Blue Star could still evolve for many years!

Jiang Fan first turned to the back of the list to find his own rankings.

In the previous edition, Jiang Fan's ranking in the Heavenly Pride Ranking was 8,881st!

Jiang Fan swept a quick look, then the water in his mouth directly spurted out.

“Nine thousand eight hundred and eighty-one?”

Jiang Fan blinked, slightly stunned.

In less than two months, he directly dropped by a thousand places!

Almost fell off the list!

Who set this shitty ranking?

It was also a little too much.

How dare they claim it to be the most authoritative list?

Jiang Fan couldn't help but curse but trolling was trolling.

Jiang Fan's mood did not fluctuate.

The list was ultimately just a list after all.

What really matters was the entrance examination!

After scrolling up the list, Jiang Fan looked up the rankings of others to make Tong ZhenSheng personally communicate with his dignified tone.

There must be something different.

Eight thousand did not.

Seven thousand did not.

Six thousand also did not.

He went all the way to the top 5,000.

Jiang Fan then saw a familiar name: Tang Qingqing!

The 4,555th place!

As compared to the previous edition, she surpassed more than 5,000 people!

Jiang Fan blinked his eyes but Tang Qingqing could not pose any threat to him.

He kept scrolling up.

What made Jiang Fan slightly surprised was that it took a long time to turn over.

Also did not turn to another familiar name.

In the end, on the first page of the list, Jiang Fan saw the words “Bu Jing Yue”.

She was ranked in the 100th place!

She directly jumped from more than two thousand to the top 100.

Her speed could be called faster than a rocket.

“No wonder Principal Tong wanted me to take a look at the list.”

Jiang Fan instantly realized.

More than two thousand and the top one hundred both were totally different.

Top 100 were geniuses among geniuses.

The demon of demons.

All of them were called “peerless geniuses”!

After this authoritative list was out, Jiangcheng’s top students in this year’s entrance examination, no one would think that there was suspense anymore!

Even if it was Tong Zhensheng, who had more confidence in Jiang Fan had nothing to say!

The gap was too big.

It could only make people feel powerless!

Of course except for the middle-aged supervisor of the Planetary Association.

His awaked planet was less than three months old but he was able to get the evaluation of the elite star hunter.

What does that mean?

The middle-aged supervisor was naturally very clear.

“Bu Jing Yue actually ranked in the top 100? It’s really scary, it’s just a pity……”

The middle-aged man was sitting in his office, browsing through this freshly released list of heavenly pride, but a hint of regret flashed in his eyes.

He shook his head and muttered to himself. “I met an even more exaggerated fellow, and I’m bound to become a stepping stone again!”

……

In the masterless star field, on a luxury airship.

A room away, Tang Yushu was standing there.

.

The door opened.

From the inside, Tang Qingqing, who looked a little tired, came out.

“How did it go?”

Tang Yushu asked.

“The four-and-a-half-star difficulty mission was successfully passed.”

Tang Qingqing slowly said, and then frowned slightly and said, “It’s just that for the five Star Mission, I’m still a little lacking.”

“Four and a half stars is good enough.”

Tang Yushu nodded slightly and said, “Five stars is still a little too difficult for you right now! There are only a handful of geniuses who can pass the five-star difficulty task in less than three months after awakening the planet.”

“Brother, then my current strength should be able to compete with Bu Jingyue, right?”

Tang Qingqing asked.

For any genius, the entrance exam was very important.

Especially for this year’s Jiangcheng.

Three geniuses ranked on the list of heavenly pride had emerged and there was only one position for the first prize!
