

One Planet 193

Chapter 193: Final List! Top ten cards! Preparation before the entrance exam!

Jiang Fan continued to open up the expedition mission for the Great Desolate Army's battle for practice!

After a few years, naturally, there were casualties but it made the whole team grow more.

Some people didn't fit in, so more suitable people were added.

Time passed little by little.

Going forward year after year.

More and more explosive things were invented.

Some inventions even made Jiang Fan a little surprised and the Great Desolate Army's conquest training had come to an end!

Finally, the number of the Great Desolate Army was still set at 50,000.

It was divided into five legions!

Each legion had 10,000 people.

In addition to these regular 50,000 people, there was still a reserve force of 50,000 men!

Meanwhile, the list of leading generals of the five legions had also been released.

It was decided by the results of the conquest in these past years!

“Han Xin, Xu Tiande, Le Yi, Lu Sun and Han Qinhu!”

In the conference room, Yan looked at the ten or so generals in front of her.

The final five were announced.

As for the main general, naturally, it was the oldest and most qualified Chang Yu Chun!

Han Xin and the other five couldn't help but show a hint of excitement and the others who lost were looking rather frustrated.

Especially Zhao Zilong.

He was also considered to be the “old man” of the Great Desolate Army but in this conquest competition, he still lost to Han Qinhu who surrendered!

After waiting until everything was done, she went back to her room.

With a slight shaking of the air, Yan showed a hint of joy, and asked tentatively, “Father?”

In the previous years, although there was a conquest mission every three months, it was all set in advance by Jiang Fan.

Letting the planet passage open.

There was no contact with Yan.

It's been five years already since Jiang Fan last contacted her!

Yan had also grown from a young girl in her twenties.

There was already a trace of age on her body!

And there was also the aura of the superior!

When she saw Jiang Fan again, she was not as excited as before but the excitement in her eyes was hard to contain!

"The Glory Conquest will start in a month, get ready!"

Jiang Fan left a message and then left.

"Is the Glory conquest finally about to begin?"

Yan's right hand clenched.

A hint of anticipation flashed in her eyes.

From the diary left by Qi, Yan knew some relevant information.

She was clear that the Glory conquest was completely different from ordinary conquest!

It was a war between gods and goddesses!

The competition was for supreme glory!

The gods would not come down personally.

The ones who's gonna fight were them.

They were the people of the Gods!

The Great Desolate Army was about to face the people of the other gods!

.....

.

One month in Blue Star was only one day outside.

Jiang Fan detached himself from the awakening space and came to the balcony.

Looking down.

Pedestrians were rushing outside.

The small restaurant that Jiang Fan used to go to in front of the subdivision had already closed.

It was said that the owner of the restaurant accompanied his daughter who was about to take the entrance exams to receive special training!

In the community, there were also a lot of people who would take the entrance exam this year.

So it was very quiet!

At this time, Jiang Fan's communicator suddenly rang.

Jiang Fan picked it up and took a look.

It was Tong Zhensheng who called.

“Principal.”

Jiang Fan was connected.

“Jiang Fan, remember to come to school tomorrow to take the entrance examination, haha.”

Tong Zhensheng smiled.

“How could I possibly forget that?”

Jiang Fan was a bit speechless.

He felt like Tong Zhensheng was out of words.

“Do your best and don’t burden yourself too much.”

Tong Zhensheng explained.

He didn’t say anything more and ended the communication.

“The principal should be worried that my..... mind is unbalanced because of the ranking of the Heavenly pride list.”

Jiang Fan couldn’t help but smile and said to himself, “But..... it’s the other geniuses who should be nervous!”

Everything else was allowed but Jiang Fan would never give this top position up.

It was not just Jiangcheng’s champion.

In addition, it was the championship of the entire Dongyang Province and hundreds of cities!!

Looking at his own planet panel.

After all these years of development.

Naturally, there had been a lot of changes—

Planet name: Blue Star

Planet level: Level 1

Diameter of the planet: 722 km

Planet species: 1412

Deduction route: none

Time passed quickly.

The day went by quickly.

After a tense waiting period.

Once a year!

It could be said that it was the most popular and most important college entrance exam of the year!

It was about to officially start!!
