

One Planet 196

Chapter 196: The Great High School Entrance Examination! The Battle of 100 Cities! Billions of geniuses!

Those cities that were ranked more highly even had higher numbers of candidates!

In the entire Dongyang Province, there were hundreds of millions of candidates!

After coming in through different channels, all candidates in Jiangcheng came to this square.

The position where Jiang Fan came in, the surrounding area was also mostly No. 7 middle school students!

“Jiang Fan.”

A somewhat familiar voice sounded behind him.

Jiang Fan turned his head to look and discovered.....

Surprisingly, they had met a few times at the Jiangcheng Grand Competition.

Fang Zhenting from No. 3 Middle School!

“Why are you here?”

Jiang Fan asked curiously.

“The location of my house is closest to your No. 7 Middle School.”

Fang Zhenting smiled faintly and explained, “According to the regulations, each candidate can choose any passage within the city to come in. There is no provision for the candidates of which school have to pass through which school channel!”

“Oh.” Jiang Fan nodded gently.

Usually he didn’t bother to pay attention to these provisions.

“Jiang Fan, your goal should be in the top 10,000!”

Fang Zhenting asked with a smile.

“Yeah.”

Jiang Fan nodded his head and asked, “What about you!”

“|.....”

Fang Zhenting laughed at herself and said, “I still feel good about myself in Jiangcheng, butas this time for the college entrance examination, I just found out how many geniuses there are in the whole province! I am also just one of the insignificant one. This time I’ll strive for the top 100,000. I’m working hard to get into a good first-class university!”

Jiang Fan smiled and didn’t say anything.

At this time, there was a sudden commotion nearby.

Jiang Fan and Fang Zhenting turned their heads to look and they discovered Tang Qingqing's figure that appeared within the square.

She immediately attracted the attention of the people around!

Followed by, a series of discussions sounded.

"She is Tang Qingqing!"

"That's right, she is Tang Qingqing the super demon who made it to the Heavenly Pride list in our No. 7 middle school!"

"As you should all know, Tang Qingqing was still at the end of the list in the first edition. But in this edition..... she jumped up by more than 5,000, and was ranked more than 4,000....."

"Really? I knew that Tang Qingqing was ranked very high, why..... in less than two months, she has risen so fast!"

"Tang Qingqing awakened with dual energy, created a civilization of dual transcendent species, and... it is also a perfect match of magicians and fighting qi warriors!"

"I heard from our teacher that this dual-energy civilization is fine at the beginning, but..... it has great potential, and the more you go, the more terrifying it is!"

"Just look at Tang Qingqing's ranking. The main reason for her rapid rise is her dual-energy civilization!"

"Haha, it's amazing that our No. 7 middle school can also produce a top ranked genius."

"Isn't there Jiang Fan? He is the champion of the previous Grand Competition, the one who defeated Bu Jing Yue!"

"Jiang Fan? Unfortunately, he is now ranked at the bottom of the list of heavenly pride, and this time the entrance exam will probably not even make it to the top 10,000."

Fang Zhenting, who was not far away, listened with some embarrassment.

Smiling, she said, "In the college entrance exam, there are hidden dragons and crouching tigers. Anything can happen. Many geniuses usually don't show their faces, and only when the college entrance exam is over does they shock the world!"

"Huh?"

Suddenly Fang Zhenting frowned and looked over in a direction to the left.

Jiang Fan also glanced slightly and saw a figure that appeared on the left side of the square.

She was tall, with a cold face, and she was dressed in white as snow.

“Bu Jing Yue.”

“It’s Bu Jing Yue!”

“Bu Jing Yue is here!”

Compared with Tang Qingqing, Bu Jing Yue’s reputation was far greater.

There were also many more people to know.

Just showed up.

It attracted a crowd of many students.

Jiang Fan blinked and asked, “This Bu Jing Yue’s home..... is also relatively close to the No. 7 middle school!”

“It might be.”

Fang Zhenting was a little speechless.

What are they concerned about?

Bu Jing Yue glanced towards the surroundings.

Her eyes rested gently on Jiang Fan for a moment, then turned away.

“Jiang Fan, did you know?”

Fang Zhenting opened her mouth and asked, “Why did Bu Jing Yue’s ranking suddenly rise so much? You could say it’s very exaggerated! From more than 2,000 to the top 100! This is something that was almost unthinkable before!”
