

One Planet 213

Chapter 213: Floating leaderboard! Results announced! The shocked crowd!

In purple Star City, the results of the previous year were the bottom one.

This year was no different, the overall number and quality of candidates were not as good as the other three big cities.

However, in Purple Star City's college entrance examination square, among the numerous candidates, yet none of them were discouraged.

Instead, one eye after another, all locked in the middle of the square, a slender white-robed youth!

This young man in white was recognized as Amber City's candidate to compete for the overall top prize in the entire province this year!

Among the crowd, a slim, black-clad boy silently sized up the young man in white and slightly clenched his right hand.

"Four super demons? Let you show off your prestige first, and later..... it's time to let the world know my name, Ye Han!"

The boy in black had his eyes fixed on the young man in white for a moment.

A hint of confidence flashed in his eyes!

"Ten years of hibernation, one move to explode! I've held back for so long just to explode on the stage where all eyes are on the high school entrance exam! This time I want all those who look down on me to know my true abilities, Wang Weiwei and Maya, wait and regret!"

Like the boy in black like this, candidates who had hidden most of their strengths were even more in the whole province.

Each of them had a hint of expectation in their eyes.

They were waiting for the announcement of the list.

By that time, the world will get to know them in a new way!

.....

"You don't have to discuss it any more. It's possible for anyone to win first place in the third division. There might even be some dark horses."

On the eighth floor of the Planet association, Tang Yushu spoke.

Put an end to the debate among the crowd.

"It's all possible, but....."

A teacher laughed and said, "If you combine the second and third subjects and treat them as one subject, then there is definitely no suspense in the top four."

“The top four are not suspenseful and exaggerated, but the four peerless geniuses must be able to rank in the top ten!” An old teacher said with certainty.

“The key is to see which one can get the first place, and get a little more score from the other three demons.” Tang Yushu finally made a conclusion.

After a pause, he said, “No need to chat, the list will come out soon!”

Inside the large living room, the planet owners all turned toward the front.

They were staring at the front of the hall.

A huge projection was showing that floating leaderboard!

Waiting for the results.

It would be synchronized in real time.

It was not just the college entrance examination square, it was everywhere.....

At last, after a short but long five minutes!

In the sky above, outside the huge floating leaderboard, a wonderful wave flashed by!

Immediately after that, the list lit up with a bright and dazzling light!

That was the information and results of one candidate at a time!

There were three columns.

In the front was the admit card number and name of each candidate and behind it was the corresponding result!

Of course, the admission ticket number was hidden.

Seeing this light, above the square, all of a sudden everyone was quiet!

All eyes were fixed on these rays of light!

Their hearts were beating faster than ever!

The light flashed.

The results of one candidate after another were printed on top of the huge floating leaderboard!

The list seemed to be endless at a glance but in everyone’s eyes, it was all clearly visible!

The high school entrance exam results were announced.

There was no ranking, instead, it was based on the serial number of the admission ticket.

From top to bottom, listed from left to right!

Jiang Fan saw that there were actually two lists.

The one on the left was the results of all the hundreds of thousands of candidates in Jiangcheng and the bigger one on the right was the result of all candidates in the entire Dongyang Province!

Immediately, everyone found their location.

Jiang Fan also looked over.

Soon, he saw his name.

“Pass number ***, Jiang Fan, second subject score..... 100!”

Seeing this column, Jiang Fan was sure that it was his own score, not some guy with the same name.

As there were two subjects in the afternoon exam, it would be announced in two periods.

At 6 o'clock, the results of the second subject would be announced.

After ten minutes, at 6:10, the results of the third subject would be announced!

Others quickly found out their names and scores!

A series of discussions suddenly sounded.

“Ahh, sure enough, it's still 50 points, so I failed.”
