

One Planet 223

Chapter 223: Overall Top Ranking..... Jiang Fan! Crushing all heavenly pride!

The editors at the bottom were silent!

No one dared to make a sound!

Everyone knew the reason why the fat middle-aged man was so angry.

On the first day of the just-concluded college entrance examination, to everyone's surprise, nobody from Jiangcheng received perfect scores in the second and third subjects.

He ranked at the top and broke the records along the way.

However, this candidate named "Jiang Fan" was ranked on the Heavenly Pride List over nine thousand!

It had dropped a thousand places from the first edition of the list!

Outside, there was no telling how many geniuses were ranked similar to this on the Heavenly Pride list!

Accuracy was the only thing that makes the Heavenly Pride List stand out.

It was recognized as the most authentic ranking!

The overall ranking of the final college entrance examination of each year was almost the same as the ranking of Heavenly Pride list.

However, this time, there was such a big mistake!

The top candidate of the overall score of the first day was only ranked at the tail end of the Heavenly Pride List.

It was a big surprise!

"Thankfully."

The middle-aged fat man glanced at the group of editors, and said coldly: "You guys still have the vision to put this Jiang Fan on the list, otherwise..... I would have just directly fired you guys now!"

"Supervisor."

A young editor said hesitantly: "This is indeed our negligence, but we heard that this Jiang Fan candidate created the civilization of ordinary people! The early stage is really strong! There is a certain advantage in the evaluation of the second and third subject! However, it's hard to say about tomorrow's exam. Our rankings may be different, but on the whole there will be no problems!"

The middle-aged fat man thought for a moment.

The expression on his face was no longer that angry.

It was indeed the case but he still coldly said, "Humph, if this Jiang Fan ends up ranking too poorly, or even gets a place in a superb university, then you..... will all roll your backs and get out!"

"No no no."

The young editor hurriedly said: “Many big shots outside have already made guesses. This Jiang Fan can squeeze into the top 3,000 at most, and for him, the top 500 is impossible!”

“If Jiang Fan can get a place in a super-first-class university. I’ll chop my head right off and give it to the supervisor as a night kick!”

.....

“Jiang Fan, see you tomorrow.”

“See you tomorrow.”

Jiang Fan and Fang Zhenting said goodbye at the entrance of the passage.

The college entrance examination square closed at 6:30.

All candidates who did not leave by then, would be directly teleported out.

Jiang Fan walked out of the passage and came to the playground of the No. 7 middle school.

He saw Ms. Liu Yue waiting right outside.

“Let’s go, I’ll take you back.”

Ms. Liu Yue had a smile on her face.

“Thanks a lot.”

Jiang Fan naturally did not refuse.

If he took a taxi by himself, it was still college entrance examination day, he would probably have to waste a lot of time!

Soon, Jiang Fan returned to his neighborhood.

He went upstairs and came into the house.

Jiang Fan made himself a meal of noodles with some ingredients!

He was eating on one side, while probing his consciousness to observe what’s going on the Blue Star!

The Great Desolate Army was making its final preparations for war!

They were looking serious!

They knew that the day of the battle of glory was not far away!

Ghost Buster, Zhang Liang, Zhuge Ming and Wang Meng were among the advisors selected for the final list.

Also in a huge conference room, scholars from the surrounding Transcendental Research Group were discussing one tactic after another!

The root of the tactic was naturally about taking advantage of strengths and avoiding weaknesses!

Ghost Buster and others were very clear about the huge difference between the Great Desolate Army and the Transcendents!

If they were not fully prepared, when the time comes!

They might be confused by all kinds of sudden situations!

Naturally, the Transcendental research team was also formed!

In this research group, there were as many as 100 people!

Each one of them was the elite of the elite!

They were the ones who proved themselves in the trials of the alien expedition in the past few years.

Yan was in her own room.

She was looking out the window in the direction of the planet passage.

The air shook slightly.

Jiang Fan started to display the text:

“The Glory Conquest will start in three days!”

Yan was slightly surprised.

After that a hint of joy flashed in her eyes!

“Okay, Father, I will make the best preparations!”

A flash of determination and confidence flashed in Yan’s eyes!

For the promotion of the Great Desert Army, in these last eight years, Yan was sparing no effort!

Xia Kingdom’s treasury revenue was mostly spent on this.

There was almost no development in other fields!

Jiang Fan also looked at it.

In these few years, the Great Desolate Army was equipped with both weapons and very powerful combat power.

Many of the weapons that Jiang Fan originally did not expect were invented as well!

Originally, Jiang Fan was still a little bit worried!

After all, he didn’t know about the other geniuses in the province.

However!

After seeing such a drastic improvement of the Great Desolate Army, this only remaining glimmer of worry also disappeared!

Jiang Fan slightly changed the time flow of Blue Star.

Just wait until tomorrow’s exam time.

It would be exactly three days later!

“The next day is the real battle.”

Jiang Fan remembered what the outside world was saying.

By then, all geniuses would definitely use all their tricks and trump cards!

The competition would be crazy!

Of course, Jiang Fan also did not dare to be careless.

He went to bed early!

He was staying on top of his game and was waiting for the next day's exam!!
