

One Planet 235

Chapter 235: The Undead Knight! Fantastic way to pass!

Because Tang Qingqing created a playful magical civilization?plus Tang Yushu's connections, there were also more people who followed Tang Qingqing!

Thousands of undead knights already rushed close to the front?but all of them were blocked by the Dou Qi warriors!

Tang Qingqing had learned the lessons from the battle against Jiang Fan.

She had become smarter!

A part of the magicians were separated to fight together and the remaining magicians began to chant!

The Undead Knights arrived in front of the Warrior Formation and waved their swords!

They were slashing down towards the Dou Qi warriors' energy shield!

All the Dou Qi warriors were also fighting back with all their strength!

They were stopping those undead knights!

Don't let them take a step forward!

After a fierce fight, everyone also discovered that the attack power of these undead knights was not that strong!

That also made some candidates slightly relieved!

If the attack power was a little stronger,?they couldn't beat them at all.

How could they fight?

The Dou Qi warriors were responsible for the defense.

They were keeping the undead knights firmly outside until the magician's army finished chanting.

As the chanting finished, an extremely large fireball suddenly appeared in the air!

In the next moment, it quickly lunged toward the thousands of undead knights not far away.

That kind of speed!

Jiang Fan also saw it last time.

It was faster than a bullet!

It was simply impossible to dodge it.

The undead knights were not fast enough.

Naturally, it was also difficult to dodge.

Boom!

With an earth-shattering explosion, this super fireball exploded directly into the black mass of undead knights.

However, after the fireball dissipated, people who were concerned were surprised to find that, among thousands of undead knights, not a single one was damaged!

That's right.

Not a single one!

This scene made Tang Qingqing shocked!

.....

At the same time, the artillerymen of the Great Desolate Army were ready!

The black mouth of the canons were aimed at the approaching undead knights.

It was almost like there were about 2,000 undead knights!

“Fire!”

Chang Yu Chun personally commanded and shouted fiercely!

Immediately, dozens of artillery shot cannonballs into the sky!

It was whistling towards the army of undead knights in the distance!

The range of artillery was much farther than a rifle and its impact was also broader!

Chang Yu Chun's idea was to use the full range coverage of the artillery.

Strike down the undead knights in the middle and behind to make it difficult for undead knights to help each other.

Hence, lose sight of the other!

Cannonballs fell on the undead knights' positions.

There was a loud noise!

If it was an ordinary army, it must have been a crowd pleaser but these undead knights were unscathed!

Chang Yu Chun and the others were stunned!

They couldn't believe their eyes at all.

How is this possible?

After this round of artillery fire, thanks to vibranium and star meteorite iron, the accuracy of the artillery was also very high, all of them hit the Undead Knight's position.

However, with so much firepower, they still haven't been able to cause even a little damage to these undead knights!

“Are the undead knights on the other side transferring the flames?”

Chang Yu Chun immediately thought of this possibility.

Just now, not all undead knights were hit by cannon fire.

“No.”

A scholar shook his head and said, “It’s unbelievable to say, these undead knights who were just hit by artillery fire, even the flame in the brain has not been reduced!”

“What?”

Including Chang Yu Chun, everyone who heard it was dumbfounded.

This was too bizarre to be true.

“Impossible, impossible.”

Chang Yu Chun immediately shook his head and said, “Before we shot with rifles, we could also consume the flames in their brains and now we use more powerful artillery…….”

“It can’t be that it doesn’t work at all!”

“Everyone, watch carefully.”

Seeing the atmosphere seems to be a bit off.

Even Yan also spoke up!

This was the first time the research team had seen such a scenario.

It appeared to be a bit overwhelming?but it soon quieted down.

……

Seeing this, the big shots in the hall of the City Lord’s Mansion all laughed happily!

“Hahahaha, this is the most deeply hidden and one of the most incredible abilities of the Undead Knight!”

A powerful planet owner said with a smile.

“To be honest, this ability is not very scary, but?if it can’t be discovered and targeted, it’s dangerous!”

Another big shot took over.

“Teacher Tang, your sister’s magic legion has also made a mistake.” A teacher smiled at Tang Yushu.

“My sister is still stable.”

Tang Yushu was not worried at all, smiled and said: “These undead knights have obvious weaknesses, their attack power is not enough, and they can’t break the defense of the Dou Qi warriors!”

“After a while, Qingqing will definitely be able to discover their Achilles’ heel.”

In the planets of the other candidates, everyone was struggling to resist.

Many of their people had already been killed by the undead knights.

“These should be called Undead Knights. They won’t die no matter what!”

Fang Zhenting felt a headache while commanding the battle!

Looking at the transcendent people on the planet he had worked so hard to build, Fang Zhenting was even more anxious!

“No, no, I can’t fall here. If I can’t pass this level, there will definitely be no hope for a first-class university!”

Fang Zhenting thought anxiously and said, “Even if these things are strong, this is only the second wave, they must have their weaknesses, I have to find them first!”

At this time.

The ethereal reminder suddenly sounded—

“Congratulations to the first candidate for passing the second wave of the actual combat assessment.”

This sound startled everyone for a moment.
