

## Only Fuel 211

### Chapter 211

Calix readied his gun at any moment. When Athena raised her metal bat, she already took a wide step toward him. Then, she cast her spell, only for her to fail.

"Guwah!!"

She yelped cutely as she stepped on the wet floor. The coffee that Calix dropped earlier stopped Athena from attacking him. She glared at Calix and tried to stand up again but it was too late. Because a gun was already on her head, ready to blow her brain away.

The spilled coffee saved the day.

"..."

Athena didn't know what to say. Usually, she would never make a simple mistake like that. She didn't expect that she would fall for that.

"Did you plan it?"

She asked in a cold voice, despite having a gun on her head, she was not afraid. She experienced brutal things and she knew that she would die one day. One pull of the trigger and her brain would splatter around but she was not afraid.

"Huh? Of course not, you're just stupid and fell for it."

Calix grinned. He didn't really expect it.

Because of his smirk, Athena felt irritated. She was humiliated, by her own mistake.

'I can't believe that I stepped on the wet floor and lost my balance. Damn that coffee!!'

For a veteran Vindicator like her, it was embarrassing. Thankfully, no one was around.

However, there was another thing that was embarrassing. Now that Athena was kneeling on the floor, her face was in front of Calix's peaceful snake as Calix was still naked.

She admitted that the man had huge manhood. Athena never saw a cock in real life but she understood that Calix was large.

'It's not even erect but it's already seven inches...'

Despite seeing real manhood for the first time, Athena was not fazed. She was calm as she treated this thing like an organ, a part of the body, the reproduction system.

"Now, are you ready to listen to me?"

"No matter what you say, you cheated on Lady Scarlett. And for that, you have to receive punishment."

She was adamant.

"Hoh, so you want to kill me?"

"I hope, but sadly, Lady Scarlett will be angry. I'm thinking of breaking at least one of your bones... Maybe I can break that cock of yours."

She coldly said with a slight smile. Truthfully, she didn't want to kill him. She didn't activate her second Term Attribute.

'I going to use my first Term Attribute, Swing Term Attribute, to teach him a lesson instead. So that he won't hurt Lady Scarlett instead.'

Unlike her Swing Blade Term Attribute which could cut through steel, her first Term Attribute could only inflict damage by smashing things using her metal bat. The damage would be greater than usual. She used it to break the skulls of monsters.

'I know that Lady Scarlett didn't have a problem with the other three women, however, it would be detrimental if another woman would be added to the harem. It will cause a problem if more girls joined, that's why I have to prevent Calix from taking another girl.'

She already accepted it as her mission. More girls mean more competition, and Athena didn't want her Lady to lose. So before it became chaotic, she would stop Calix.

"I already accepted that you are flirting with three other women but it's unforgivable if you add another woman, hence I have to teach you a lesson. There are things that you can't do, or else you will hurt lady Scarlett."

She said her intention. As always, she was doing this for her Lady.

Calix was impressed and he was holding his laugh. He didn't want to be improper but his laugh cracked up.

"Pfft-"

"What's funny?"

"Nothing, I'm surprised that you know about the other girls. I just can't believe that you will go so far for Scarlett. But don't worry, I already talked to Scarlett and she agreed."

"Impossible, my Lady will never accept that!"

She raised her voice.

"You know Scarlett more than me, she's the type who will win no matter what. She's not afraid even if more girls appeared, because she will win. That's her motivation, besides, it's exciting if there are more rivals."

Calix replied.

"..."

Athena wanted to retort. But deep down inside, she knew that her Lady had this urge to always prove herself. She was the type who gets stronger through hardship...

"But it's too..."

"I know. But let's not forget that I have the upper hand here in this relationship. If I want to add another girl, I will."

Calix showed his greediness that even Athena was stunned. She looked up and found that Calix was staring at her with abyss-like eyes. As if he was a devil, devoid of emotions.

Athena gulped, for the first time she was surprised. Calix had control over this relationship, not even the fierce Scarlett, the smart Kimberly, and the prideful Marianne could stop him. After all, he was the main reason why this relationship was born. Without him, the girls won't try to act in harmony.

'I'm not stupid, I know that they are just getting along in front of me.'

Yup, Calix understood that the girls were acting good in front of him but he knew that they were trying to sabotage each other. And in his opinion, he found it entertaining. He grinned at Athena who was looking at him with slight fear.

"Athena, we have known each other for such a young age, I know you have enough understanding of me."

"..."

She couldn't retort. Calix was reckless but he was strong too. He had the mindset to achieve his goals.

"Calix! What happened!?"

Just as they expected, Nikki showed up. She was frightened when she heard the gunshot. She thought something bad happened to Calix. She was still naked, she was panting, she was sweating, and her ample breasts were heaving up and down.

"Oh, this, nothing. I'm just teaching someone a lesson."

Calix explained while Athena was glaring at him.

"O- Oh, I'm sorry. I shouldn't have disturbed you."

Nikki found that the woman was kneeling in front of Calix and her face was pointed to his cock. Nikki's face turned red as she realized that they were doing something scandalous, just like what they did.

"T- then, why are you holding your gun?"

Nikki was confused.

'Is this a kink? Is this maid has a fetish?'

Calix chuckled, knowing what she was thinking. As for Athena, she scowled in disgust. She was not into domination play... yet.

Chapter 212

"Don't worry, this woman has nothing to do with me. She's nothing but a slave for Scarlett, I don't even see her as an attractive woman."

Calix justified. Well, he was being honest right now. He was in a relationship with four (possibly five) girls and all of them were beautiful. So he was not affected by Athena's cold beauty. Furthermore, this woman attacked him, he was not a sick-fuck that would fall in love with the person who hurt him... Ehem.

Anyway, Calix was not attracted to her.

Athena glared at him, she was offended. She found it insulting that this guy didn't deem her attractive. For the record, Athena had a lot of suitors but she immediately turned them down because she was seriously doing her job as a maid of Lady Scarlett.

"Oh, I see... Thank God."

Nikki smiled, relieved that Calix and the silver-haired maid didn't have a romantic relationship. Her voice returned to being weak and she was shy.

"By the way, do you have a rope or handcuffs?"

He asked as he subdued Athena. He forcefully pulled the metal bat off her hands while his other hand was aiming the gun. Left with no choice, Athena didn't fight back. She remained silent while glaring at the two of them.

"I have handcuffs in my room, I'll be right back."

Nikki offered her help. As a soldier, for unknown reasons, she had handcuffs.

When they were alone again, Calix started searching her body to make sure that Athena didn't have a hidden weapon.

"Athena Hercul. Based on what I know, your Term Attribute is related to holding a metal bat, I assume your Fuel is holding a metal bat. As for the duration, I'm still not sure about that."

Calix casually said while being naked, where his cock was dangling around while subduing her. Now that Athena was not holding her metal bat, she didn't have the ability to cast her spell.

She kept her mouth close. Despite Calix being an amateur, Athena understood that Calix had strong senses determining her once she spoke about her ability.

"Good choice, but sad to say, I don't care about your ability. In the first place, I know that you don't care about me at all. We know each other for years but you always put yourself as a professional maid."

"..."

Calix was just speaking, he didn't care if Athena would answer.

"However, there is something that is bothering me for a long time..."

He eyed her, he grabbed her two arms and locked them behind her so that she won't do anything to attack him. He didn't underestimate this woman, Athena is an experienced Vindicator, someone who fought Aberrants longer than him.

He purposely tried to be rough to see if Athena would flinch, he knew that her arms might break right now. Yet Athena didn't have a change of expression.

Calix was not the type who would respect a person who tried to do him bad, no matter what gender. Heck, he did something horrible to Marianne back in the Flying Ship. But now Marianne became obsessed with him.

"Impressive, you didn't even make a sound."

Calix slightly loosened his grip so that her arms won't break.

"... Fuck you."

Athena coldly muttered but Calix just shrugged.

"Fuck me, huh. Well, maybe you will understand that once you see someone fucking me, perhaps?"

He was nonchalant, no matter what Athena said, as long as Calix is Lucky, he won't be in danger. He witnessed it more than a dozen times and he started thinking that he was immortal.

"I know that you are unsympathetic, but I saw you smiling sometimes too. Although it's strange that you are only smiling whenever you look at Scarlett."

Calix was heartless for dropping this atomic bomb.

"You only prioritize Scarlett, sometimes in a fucked up way. You are so loyal to her that you are ready to sacrifice your relationship between you two so that she will become stronger, it's quite strange to be honest. As if you are a madwoman, but only for her. So tell me..."

Calix wanted to break her. If Athena was doing this to protect Scarlett, then Calix was doing this to make sure that Scarlett won't suffer. They have different opinions.

"Do you have feelings for Scarlett?"

His voice was so heavy that Athena almost felt that a huge dump truck fell on her.

"... I don't know what you're talking about."

"Oh come on, Athena. I know you for so long, and the only time I see you smiling is when you're with Scar--"

"I SAID I DON'T KNOW WHAT YOU'RE TALKING ABOUT!!"

She screamed at the top of her lungs, her face contorted while looking at Calix with deep hatred, she wanted to kill this man.

Hearing her answer, Calix chuckled until he started laughing crazily. After all these years, this was the only time that he saw Athena with an ugly expression.

'I'm going to enjoy breaking her.'

"Hehe, you know, you're kinda cute right now."

"I hope you die!"

"Well, sorry to say this, but as long as I get a pussy, I'll never bite the dust."

He had a great point but Athena found it laughable and utter bullshit. She was mad, someone touched her reverse scales and she wanted to kill Calix right now.

Athena was always a calm person, she won't easily act like this. But Calix made her mad in just one sentence, she couldn't answer it because she found it uncomfortable.

"It's good that you don't have that shadow thingy around you, it will be harder to fight you."

Shadow was a Teleporter so he was a busy man.

Athena clicked her tongue, she didn't expect that the situation would turn into this.

"Calix, here's the handcuffs and I have rope too."

Nikki appeared, she was just wearing a t-shirt and no pants at all.

"Thanks."

Calix grabbed the handcuffs, cuffed Athena, and tied her feet too. Then, he clasped the boxer short that he should have used and shoved it into her mouth. Now, Athena couldn't speak and she couldn't escape either.

"You said that I'm cheating on Scarlett. Then, what if I showed it right in front of you? Maybe you'll awaken some fetish?"

He grinned, enjoying every moment of this.

Chapter 213

"Ah ah!! Han!! Aahh--!!!"

Nikki screamed as she squirted and juices flowed on his meat stick, Calix was fucking her in a dog-style position where her head and arms laying on the bed, biting the pillow with utmost will as her ass trembled. spurts of liquid came out of her gaping pussy as Calix pulled out his girthy cock.

"What do you think? This is what I do to your beloved Scarlett whenever we have sex. Although I know that you are watching us sometimes."

"Oooff--!!"

Calix grinned at Athena who was glaring at him with deep hatred. She couldn't believe that she firsthand experienced Calix's sadistic side.

She was tied to the chair, with her hands and feet bound. She could do nothing but watch. The worst was that she could not retort because of the filthy boxer brief in her mouth.

She tried to close her eyes but the sounds of dirty moans that were coming from Nikki made her lose her composure. She was rubbing her legs hidingly. Closing her eyes made it worst, her imagination was running wild.

Despite her expression not changing, Calix understand that she was getting aroused.

' If I have my metal bat right now, I will pummel this bastard into the depths of the earth!'

She roared deep inside. Her Fuel was to hold a metal bat, a real metal bat. She tried wearing a necklace that had a tiny metal bat but her power didn't work with that. After all, she had to swing a real size of a metal bat to cast her spell.

'My physical power as a 2nd Advanced doesn't work if I don't have a metal bat... Perhaps Calix already knew about it.'

And right now, Athena was nothing but a normal person. She couldn't exert her strength to tear the ropes that tied her to the chair.

"Let's see... Your expression never changed, but I know that you are wet down there."

Calix chuckled. He was actually impressed that Athena could last long.

However, it was time to break this woman. He stood and left Nikki breathing rapidly, her ass up in the air.

"Scarlett treats you as her big sister, you know that. So as her lover, I have to show you my sincerity."

Athena wanted to lash at him.

' Sincerity my ass!'

He could see that the silver-haired beautiful maid was furious, she was clenching her fists so bad.

That's why he decided to throw fuel to the fire, he snatched her maid uniform and tore them apart. Athena wanted to defend herself but she was bound. Now, she had nothing except for her bra and panties.

Then, Calix's hand slipped between her legs and started laughing as he sensed the wetness in her underwear.

"Oof oooff!!"

"See, what did I say?"

Athena gritted the brief in her mouth in so much anger. It was true that she was getting horny after witnessing their lovemaking. She was actually confused about why this was happening. She spied on Calix numerous times and this was the first time that she got horny watching him fucking.

"Your pussy is soaking wet."

"Oooff!!"

He made fun of her, and for the first time, Athena's expression changed. Her eyes got watery and her face became red because of embarrassment. No one dared to touch her womanhood, yet now Calix was circling his middle finger over her panties, finding where her sensitive spots were.

He made fun of her.

"This is quite bad, you are greatly stressed, how about you release that stress, hm? I know a way to release that stress of yours."

He was saying it in a worried voice but only a fool would believe him.

Athena won't falter, she was determined to never beg.

'As expected, no matter how much a snake suffered, it will never change the fact that it's a snake!! This venomous snake seduced Lady Scarlett and turned her into a woman to his liking, disgusting!!'

Her glare said it all. She won't give in to her desire, Athena was trained to steel her mind when it comes to torture. It would take a great deal to change her mind.

"Hoh, so you don't want to."

He smirked. If Athena has her reasons, so is he.

Calix went to his wardrobe and took a certain device. It was an egg vibrator, a vibrator he could control using a wireless remote.

Yuna Garcia had a lot of stuff, she even had a dildo of the same exact size as Calix. This egg vibrator was one of her collections.

He had a wide grin as he was holding the device.

Looking at the device with an unknown fear, Athena understood that she would suffer more. She tried to escape but as expected, she failed. With nothing to defend herself, all she could do was watch Calix inserting the device inside her.

She protested, she is still a virgin!

"Don't worry, I won't push it deeper into, just enough to stimulate you."

Calix said while his two fingers were twirling on Athena's labia. Her hips uncontrollably twitched but she knew that it was just the beginning.

"Let's see how long can you last."

He raised the remote and turned the device, quickly, Athena felt that every muscle of her tunnel was getting massaged. A sweet moan escaped from her mouth as she squeezed her two legs in. She weakly jumped up when Calix raised the strength of the vibration.

Athena's vision became blurry as tears gathered in her eyes. She was getting humiliated, yet she could do nothing but accept it.

She would rather get tortured than experience this humiliation, she felt that she was being degraded. However, her body spoke differently. She got sweaty and her pussy released liquid, she squirted again. She was moaning no matter how much she tried to control it.

Calix began laughing, it was quite fun doing this. Maybe he could do it with the other girls sometimes.

Anyway, Calix turned to Nikki who was still bending over the bed, with her ass twitching as globs of semen ran down her legs.

Calix smacked her lovely ass and Nikki cutely whimpered. Nikki turned to her, asking for more. This cute giant was indeed lovely, and Calix wanted to pamper her. However, Nikki's height was too tall that it looked like Nikki was the mother who was pampering her little child.

While Athena was being punished by having an egg vibrator in her pussy, Calix and Nikki were fucking in different positions, causing Athena to become hornier.

Chapter 214

"Mmmfff!! Oofff!!"

Tears rolled down her cheeks as her body shuddered, a powerful vibration shook her from the inside and she came again for the nth time. She felt that her facade was slowly crumbling, she couldn't help but feel the pleasure.

Athena was crying pitifully and her face was covered in tears and sweat. She had nothing to cover her body except for the bra and her panties. She was cursing the device that was punishing her, the egg vibrator was doing its job that Athena could think of nothing but lewd stuff.

Her gaze landed on the couple who were fucking in front of the window, looking at the scenery as they succumbed in satisfaction. Nikki's supple ass rippled as Calix smashed his huge junior into her pussy, penetrating deeper. She howled as her ample breasts jumped up and down in the process.

Athena admitted that the scene she was witnessing was making her aroused. The chair she was sitting on was already wet, her panties were soaked and it won't stop unless Calix wanted to.

However, Calix glanced at her pitiful appearance and raised the vibration to its strongest capability, with a grin on his face.

"Mmmfff--!!"

Athena jerked up as electrocution overwhelmed her pussy, her vagina was hungry for more, for something bigger and Athena understood that she was on her edge, she was going to break at any moment.

"Ah ah ooh!! More, Calix fuck me! Fuck my pussy, baby!!"

Nikki growled and scratched the window.

"Yeah, you like this cock, huh?"

"Y- Yes!! Aahh! I love your big girthy cock! Haaahhh!"

Calix pumped his semen into Nikki's and the woman lost her strength to stand. Her knees landed on the floor and Calix showered her with the white stuff, Nikki smothered his jizz all over her face as she moaned sensually.

"Phew."

Calix grinned and wiped his sweat. He grabbed the mug of newly brewed coffee and took a sip.

Then, he turned to Athena who was covered in sweat. Her eyes were covered with tears and her appearance looked vulnerable and cute at the same time. She was like a small kitten. As if Calix wanted to dominate her, and teach her who is the real master, just like how he subdued all of his girls.

"Looks like you came a lot."

"Ooofff!!"

He made fun of her and Athena was cursing him in her mind. She wanted to kill him, tear his body apart.

"Hm?"

After checking her, Calix found that there were streams of white liquid flowing from her bra. He was confused as he tilted his head.

"Why is your body like that?"

He asked.

When Athena realized that her body was reacting, she started shaking violently. More tears came from her eyes as she begged Calix to stop. She didn't want this anymore, if her last secret was discovered, Athena would definitely be shattered apart.

"Oofg oooff!!"

She begged Calix to not get close.

However, Calix was curious about the white liquid.

"Could it be that!!!"

Athena wanted to stop him. This was the secret that nobody knows, except her, and she was ashamed of this. The last thing that she wanted to transpire was to let Calix witness it, her humiliation.

'Please!! I'm begging you!! Don't get closer!! Please!!!'

She was screaming. Her body was afraid as she trembled. She tried to escape from her binding but she utterly failed.

At last, Calix was in front of her. Checking her face.

"You know, you're quite cute even if you are crying."

He smiled like a devil. Then, he tore her bra and her firm breast became visible. Athena had cup- C boobs, they were firm, but one thing was unique about them... They were lactating.

"So this is the reason why you don't want me to get closer. You have lactating breasts."

Calix grinned as he watched Athena crying. Athena was sobbing tragically and tears covered her vision. She was broken, the last wall that protected her was broken.

"Aww, such a cute girl."

Calix said and patted her head. This was the only time that he witnessed Athena crying. A strong independent woman like her was broken by him.

Calix gently took his boxer brief out of her mouth. However, Athena didn't have the strength to speak or bite back. Instead, her sobbing echoed in the room.

"Hick, hick, wwaaaaa!!!"

She cried like a baby, hiccupping.

Athena has a secret, whenever she got horny, her breasts would start lactating. That's why Athena always control her emotions, and she was good at it.

However, her opponent was Calix. It was frightening if an Ogre was angered. They would become a monster.

"Wuuuuuu..."

Athena was crying miserably. She wanted to speak but she was having difficulty as her chest and throat were aching. Instead, she looked at Calix with sadness, saying that she was tired and defeated.

"Geez, don't worry I won't hurt you."

He assured her. Gently stroking her head and wiping her tears.

"Then, hick, what do you want, hick, to do with me?"

Her sentence was getting cut off because of her sobbing.

"Simple, I want you to stop lying."

That sentence was enough for Athena to understand it.

"Furthermore, I want you to stop spying on me. I don't like it."

He added.

"And last but not the least... I want to suck your breasts. I wonder how tasteful your milk will be."

He grinned. Athena wanted to retort but Calix devoured her lips. He stormed her tongue as he invaded her mouth. Athena's sobbing momentarily stopped as they kiss. She admitted that Calix is a great kisser. Her heart was beating faster.

When their lips parted, Athena was blushing red and she held her sobbing. Calix chuckled and gave her a peck. He won't end this until Athena was not thoroughly broken.

"For the time being, I will not take off the ropes, but don't worry, I won't punish you."

Athena sniffed as she pouted. She looked down at her chest, for her breasts to produce a great amount of milk meant that she was horny.

In the end, she nodded her head. After all, she didn't have a choice. So instead of suffering, she decided to give in to the pleasure. She was tired of the small egg vibrator.

"Then, thank you for the drink!"

Calix licked his lips and sucked her right tit while he was pinching the other one. He tasted the sweet flavor of milk, Athena moaned, and weakly trembled. She didn't know why but she came when Calix sucked her nipple.

## Chapter 215

"Marianne, I'm glad to see you, my lovely daughter!"

A blonde gorgeous woman greeted Marianne with a sweet smile. Her name is Monette, Marianne's mother. However, unlike Marianne, her mother had no trait of being an Elf except for her blue eyes. She appeared to be a human.

Monette was proud of her daughter because she inherited their ancestors' ability and appearance. And now, it was confirmed that Marianne is a High-Elf, Monette was happy for herself and her daughter. At last, her daughter was the proof of her hard work.

Monette didn't have Term Attribute, that's why she did her best to encourage her daughter, mostly to prove her worth and Marianne found it sickening.

'I know that mother will never look at me if I'm not a TA User. She always prioritizes her dream more than me.'

Her parents were the reason why Marianne had a sadistic side, she inherited it from them. Because her parents see her as a tool to elevate their status.

'Uncle is the only TA User in the family that's why he easily gained the position as the Patriarch...'

She sighed as she hugged her hypocrite mother, hiding her disdain.

"I'm so happy that you return to the Clan! Tell me, how's your cultivation, make sure you're not getting lazy just because you became a 2nd Advanced. Brother may give you a little bit of freedom but you are still bound to this Clan!"

Monette said it with a heavy voice, she was smiling the whole time but she looked ridiculous. Marianne sighed.

'As expected, that's the first thing that she will say about, my cultivation.'

Her mother was hungry for power, she wanted to make sure that Marianne would become stronger so that she had something to brag about.

"Mother, everything is fine. I'm working hard."

"Good."

Monette nodded.

"Now, your uncle wants to meet you, don't disappoint me, okay?"

There was a hint in her voice but Marianne didn't care. She just nodded and walked away.

"I will talk to you later, Mother."

"You better be."

Marianne visited the Clan because the Elders wanted to verify her advancement. After all, they were still skeptical about her ability.

When she reached the door, the guards opened the door and she was greeted by her uncle who was occupied by the stack of papers on the table.

Her uncle had the closest resemblance to her, because her uncle, Patriarch Juliano, had pointy ears just like her.

"Uncle, I've returned."

Marianne greeted her uncle. When Patriarch Juliano realized that his niece had arrived, he stopped his job and looked at her.

"Marianne, have a seat."

Marianne obeyed him.

"Now, I guess you already have an idea why you are here."

"Un, you want to know if my cultivation increased?"

"That's right, I prepared the training ground for you. The Elders will check if your second Term Attribute stabilized."

Patriarch Juliano was a man age of forty, he had three children, sadly, none of them was TA User. That's why he decided to bet his inheritance on Marianne. Now that no one in his family was worth being the Clan Leader, Marianne proved that she could, by becoming 2nd Advanced.

"But first, I still want to talk to you about one thing... Hehe, you see, I'm still stuck in being a 3rd Advanced, I don't think that training my ability will make me breakthrough... That's why I want to ask you something, how did you decipher your Term Attribute? In my opinion, that's the answer to why you became 2nd Advanced so quickly."

He said. He knew that being a 3rd Advanced was already a great feat, but to keep the Clan thriving, he had to reach higher stages. At least equal to Cudgel and Robinson.

He understood that it was a dangerous route but he was ready. The Godhood always has tribulations.

"Huh?"

However, Marianne was confused.

'Excuse me, what? Decipher?'

Marianne never deciphered her Term Attribute, she didn't gain a mind-blowing knowledge that enlightened her, instead, she experienced mind-blowing orgasms.

"... Ehem, I'm sorry uncle but can you repeat it?"

She was caught by the surprise.

"I want to know how you deciphered your Term Attribute."

"About that... Let's just say that I learned a lot of things while I was in the hijacked Flying Ship. That incident taught me a lot..."

Well, she was not lying, she learned how to suck a dick, and she learned that having sex was amazing. That's how she became a 2nd Advanced.

"So you're saying that I have to experience a near-death situation, hm, that's a good idea. I can surpass my limit in that situation."

"..."

Marianne wanted to retort, but she decided to keep her mouth close. She could not say that she became 2nd Advanced because she was having sex with Calix. And now, she knew that her power leveled up.

.....

.....

...

While Marianne was being interrogated by her uncle, Calix and Athena were busy with their lovemaking.

Athena already lost her will to fight. Instead, she was clumsily moving her hips to meet Calix's cock, this was her first time. She thought it would be painful, but she was wrong. Perhaps the egg vibrator made her so horny that her pussy would accept even a huge pole like Calix.

"Daddy, please, fuck my pussy!"

... Yes, Calix ordered Athena to call him that way. He wanted to imprint in her mind that she was nothing but a slut.

He was actually amazed that Athena would say it after a few pumping, perhaps she was already horny that she would do everything just to have an orgasm. Right now, the cold and calm Athena was gone, only the horny lactating Athena could be seen.

Furthermore, while Athena was gyrating on him, someone was licking his balls. Nikki was kneeling while her tongue was licking Calix's balls, sometimes sucking them.

Calix squeezed Athena's tits and milk squirted out, landing on his face. Calix grinned and licked the milk.

Athena was moaning like a true whore.

"Where do you want me to cum?"

"Ah! Ahn!! I- In my--"

"Tell me!"

"In my pussy! In my tight pussy, daddy!! Aaahhh!"

Chapter 216

"Ugh."

Calix opened his eyes and sat up. He touched his forehead. He was exhausted, however, he felt refreshed too. He released all of his 'stress' yesterday.

"Well... I had sex for two days, back to back."

He smirked and looked on both sides. He found Nikki and Athena sleeping peacefully. Nikki's mommy milkers were visible as her bubble butt was covered in bedsheets. As for Athena, her real mommy milkers were scraping against his hand. He chuckled.

He couldn't believe that a stubborn person like her called him daddy.

"I guess I destroyed her ego."

Calix tried to move but he woke up Athena in the process. The maid rubbed her eyes peacefully. However, when she recalled what happened, she immediately glared at Calix next to her.

"You..."

Athena wanted to slap him, choke him till he lost air.

"Good morning."

Calix tried to kiss her but Athena instinctively backed away while having red cheeks and a trembling gaze. She felt that she would lose herself again if Calix kissed her.

"Stay away! Don't ever get close to me!"

She roared. However, her expression was that of a wrong girlfriend who was punished thoroughly by her boyfriend.

"What? Don't you remember? You called my daddy last night, you even go as far as kissing Nikki while I'm pounding your pussy."

Calix casually said while having a wild grin. Athena wanted to cry as her tears gathered, she crumpled the bedsheet and glared at Calix. She was like a stubborn cat.

"Can't you see this blood?"

Calix pointed at the bloodstain on the bed.

"That's the sign that we did the holy deed, where our bodies became one to create life, it was a sacred night."

"Sacred night, my ass. You pushed me to do that."

She controlled her emotions while looking at the bloodstain. She was confused why she didn't feel any hatred despite what Calix did to her. Instead, she wanted to do it again.

'No, Athena, you will only suffer if you continue this.'

She was determined to end this before it became a problem.

Athena stood up, she didn't want to stay here anymore, or else she might be tempted by the devil again.

Since she knew that she could never win against Calix, she decided to stay away from him. She gritted her teeth as she looked at the torn maid uniform on the floor.

"Don't ever talk to me again. I let you slide this time, but if you tried to hurt Lady Scarlett, make sure that you are ready to die."

Athena looked at him with a cold gaze but Calix just shrugged. He experienced being looked like that, yet he always wins in the end.

"Okay, but remember, if you feel lonely, you can visit me anytime. I'll make sure to entertain you, maybe we can add Scarlett--"

"Don't you dare!"

"Oh, I will."

Athena wanted to grab her metal bat to bonk him but she was afraid that Calix would retaliate, she could see that Calix was ready to activate his pistol.

'As expected, Calix is not an ordinary person. Once I found the secret of his Term Attribute, I will teach him a lesson.'

Athena settled down in wearing Calix's big t-shirt. She hated to admit it but Calix smells so good.

'Athena, remember that Calix is an asshole. No matter how good he is, he is still an asshole!'

She shook her head. She left with a scoff after carrying her metal bat, from the moment she touched her weapon, her physical strength as a 2nd Advanced returned.

"By the way, your milk tastes great!!!"

Calix yelled as Athena left. The woman wanted to slap him but she decided to hold it back.

"Phew, that woman is really something. She almost killed me yesterday, and now she is acting like I'm the bad guy? Heck, she did not even listen no matter how many times I try to explain."

Calix was actually nervous. He knew that he did some unquestionable things to Athena. He was quite surprised that she didn't retaliate.

"Maybe she likes calling me daddy."

He laughed and wiped his face, then, he found that he had dried milk on the side of his lips. He smiled, indeed, maybe it was the time to make the other girls available to have milk...

He glanced at Nikki who was hugging a pillow, she was so cute.

Calix stood up and decided to wear shorts. Then, he went to the kitchen to get a coffee. After that, he cooked some breakfast for him and Nikki.

He fried slices of bacon and eggs, and he had bread on the table to make a sandwich. However, just as he finished preparing the table, he found that someone pushed the doorbell.

"Who is it?"

Calix tilted his head.

He reached the door and opened it. He saw that a man with a scar on his face was standing in front of him, he almost grabbed his pistol if not for the kid next to him.

"Calix?"

"Devon?"

They were both surprised.

"Wait, why are you still alive?"

He remembered that Devon fell into the bottomless sinkhole. He was confused, yet he was ready to activate his weapon if Devon tried to attack him.

"Ah, about that, despite your willpower to destroy the ground, I successfully climbed up."

Devon proudly said.

"Willpower?"

"Yeah--"

"No, never mind, what I want to know is why are you here? And who is this girl?"

He looked down at the brown-skinned girl, she was around five years old based on her height.

"Oh, this girl is looking for her mother, she told me the address and I just helped her to find it."

Devon sighed. The little girl was nagging him not to smoke so he didn't have a cigarette the whole journey.

"This girl?"

Calix looked at the cute girl who was looking at him innocently.

"Mister, are you my father?"

"Puh--"

Calix almost puked blood.

"Little girl, I think we have a misunderstanding here. I'm not your father--"

"Mama!!"

Calix could not finish his sentence because the girl began running inside the house and hugged Nikki who just recently woke up.

"Mama! I miss you!!"

"Patricia? Sweetheart, why are you here? Where is your grandmother? How come you are here?"

"Because I want to meet you!!"

Nikki was shocked as she hugged her daughter back. She didn't know how Patricia reached the Port of Aoneon.

Just like Niki, Calix was shocked too but because of another reason.

'Wait, so you're saying that I'm fucking a MILF all along!?'

## Chapter 217

"Patricia? Sweetheart? What are you doing here? Where is your grandmother? I thought you were with her?"

Nikki asked, confused and worried. This was the first time that she found her daughter traveling kilometers just to find her. Although she was happy, she was sad too.

As Patricia listened to her, she pouted and scoffed.

"Grandma fled me the day after you left. She went to her young friends to do some fun stuff! Mama? Why did grandma prefer playing with guys instead of her own granddaughter?"

Patricia asked, holding her tears. It was fortunate that she knew how to cook and do household chores, or else she might suffer. For her height, she could do most of the things.

"Sweetheart..."

Nikki could not speak. Nikki was sad by the fact that her mother was heartless. She knew the reason. Her mother didn't like her granddaughter, just like her. Actually, Nikki's mother preferred to have a son but she was given a daughter instead.

'Mother married Dad because father had a big cock, I know that my mother is a big pervert, she likes it big... That's why when Dad died, she immediately look for a new man to have sex with. She hates me and my daughter because we are not born as boys... But sometimes she said that men are useless whenever she was angry. I don't understand, she says women's empowerment, but she likes cock?'

Nikki sighed. She knew that her mother was not good, however, she didn't expect that she would leave her granddaughter in the house while she was having 'fun'.

Nikki promised that she would find a nanny instead, it seemed that she had to stop giving money to her mother since she didn't do her job anyway and she was not trustworthy.

She was actually dumbfounded that she didn't think of this until now.

"It's okay sweetheart, Mommy is here."

Nikki hugged her. She did not want her daughter to be sad about her grandmother again. She had to change, she had to be stronger so that she could protect her child.

"Um? Nikki? This little girl is your child?"

Calix joined in and glanced at the cute five-year-old(?) girl.

"Yes. She is my daughter. I'm sorry if I didn't tell you about it. Maybe you are disappointed that I'm a..."

Nikki bit her lip. Perhaps Calix thought that Nikki lied. She knew that most single men didn't like a woman who had a child because it would be too much of a responsibility. Furthermore, maybe

Calix was thinking that Nikki was a 'leftover' because she was already impregnated. That Nikki was nothing but a rag.

Nikki could not look into his eyes. She was afraid. She hugged Patricia with trembling arms. The last thing she wanted to be, was to be hated by Calix. She did not know why.

"Oh? Well, that's good! At least I have someone to talk to about parenting! Besides, MILF is part of my checklist-- I mean, your daughter is cute so I like her..."

Calix coughed, he almost said his real intention. Now, she became more interested in Nikki because of one simple reason, she had the tag of being an MILF!! God damn! He is a man of focus, commitment, and sheer fucking will!

"I- I see!"

Nikki smiled, shocked and happy. She thought that Calix would be disappointed that she was a 'used good', however, Calix was genuinely happy when he said that he loves MILF. Nikki clearly heard it.

"Mommy? Who is he? Is he my father?"

Patricia turned to Calix who was still topless. He was only wearing shorts and his abs were visible to see.

The young girl looked at him curiously.

"W- what did you say, Patricia?"

Nikki stuttered. She was not that arrogant to think of marrying Calix.

After all, she knew that Calix had relationships with other girls. She even had a threesome last night. But still, the idea of marrying Calix was making her heart beat faster.

"Me? Your father? Well... It depends?"

Calix scratched his head. Calix and Scarlett had an agreement that he could marry the other girls as long as Scarlett was the first wife.

He shrugged. It sounds cliché, but a man always had a dream of having multiple wives at least once in his life. That's why harem is one of the most famous genres of all, because a man will always be a degenerate, and Calix is obviously one.

Looking at Calix's nonchalant smile, Nikki felt elated. The fear of being hated by Calix was making her anxious. Thankfully, Calix is a man of culture.

'Now I understand why my mother loves big cocks... It really is one of a kind experience.'

Although Nikki swore in her life that she would never be like her mother, she would keep loving her daughter Patrica.

"Really!?"

The young girl looked at Calix with hope. She was hoping for a father figure for a long time, her classmates kept teasing her that she did not have a father. But now, there was a chance that she would have one.

"Mommy! I want him as my dad! He's handsome! Please marry him!"

She looked at her mother, begging.

"Huh?"

Nikki was stunned and her face turned red. She immediately shook her head before the idea poisoned her mind.

"Let's talk about that later, for now, I'll take you to my room."

"Yay! Mommy, I love you!"

"I love you too sweetheart."

Nikki had a gentle smile as she carried her daughter. She turned to Calix and Devon who began talking and she bowed her head.

"Um, I don't know what is happening, but I can see that you two have something to talk about. So I'll take my leave, but before that, I want to thank you for helping my daughter sir..."

"Devon, my name is Devon. Don't worry, your daughter is talkative so it was not a boring flight, although she kept nagging me not to smoke."

Devin waved his hand.

"I see..."

Based on Devon's expression, Nikki could surmise that he is a good person.

'Since it looks like Calix and Devon know each other, I'm at ease that he didn't do anything to my daughter.'

But of course, she would still ask her daughter why she was with Devon and how she got here.

Chapter 218

Athena returned to her hideout. She didn't know why she was still here. Her job was to watch and protect Scarlett in the shadow. However, she became interested in Calix's perverse life, and she became a victim of his dick.

She gritted her teeth as she looked at herself in the decorated pink mirror. Her neck had hickeys, and she was sure that the other parts of her body had bruises too.

"All I want to know is why he's doing this, yet I was punished. Calix will not cheat on Lady Scarlett without a reason, furthermore, it is obvious that Lady Scarlett did not have a good impression of sharing Calix, then why?"

Athena noticed that Scarlett hate all of the girls around Calix. However, the prideful woman did not question Calix's hedonistic way, as if she had already accepted her fate.

"The only time that I saw her happy with the other girls is when she is having sex, a threesome or foursome together with Calix."

Athena learned a lot while staying in the Port of Aoneon. That's why she found it confusing.

"Why are they so eager to have sex with him?"

Athena bit her nail, however, she did not expect that her breasts started lactating again. This showed that Athena was horny right now.

"Damn it!"

She cursed.

She could not admit it, that she knew the reason.

'The girls like having sex with Calix because it feels good...'

She already have the answer, but her pride could not accept it.

She was amazed that her first time was actually incredible, aside from the punishment of course. She was tossed around the bed, while her pussy filled with a big cock. She hated to admit it but it was indeed a great experience.

"Let's take a shower."

To calm her mind, Athena decided to take a bath. Her body was dirty, she smell of spunk. The scent of sex was lingering on her body and she wanted to erase it or else she might lose her sanity.

She torturously cleaned herself, she almost masturbate as she remembered how Calix used her body but she stopped the urge.

She understood that once she did that humiliating act, she could never return to being herself.

When she came out of the bathroom, wearing a towel, she immediately grabbed her metal bat and waved it at the man.

"Woah! It's me! I came here because General Bronal wants to talk to you!"

The Shadow trembled and started morphing, his body materialized and his identity is that of an old butler.

"Alfred, at least give me some freedom to change clothes. You can't just enter my room while I'm naked."

"I know, but these are the coordinates that I set in the Port Aoneon, this room itself. It will take time to change the coordinate, and you know that."

"Okay, I'm sorry."

Athena sighed. Indeed, she was the one at fault. Normally, she won't take a bath in this room. But because of what happened, her mind was still jumbled thinking of Calix. She didn't expect that Alfred would show up.

"I will talk to you later on, so take your time to calm down."

The old man shrugged and left her. The head butler discerned that something happened to Athena, but he decided not to ask.

He heard that Athena fought a Kraken to protect Scarlett on the island, maybe that was the reason why she had bruises.

"Thank you."

When the head butler was gone, Athena sat weakly on the bed. She wanted to scream and cursed Calix. However, she knew that it would be unappealing. So she decided to punch the pillows out of hatred.

Her face was so red, embarrassed by what she did. She hated the fact that she showed weakness.

"It's all because of him."

She clenched her fists. Now she was affected by the Luck.

.....

.....

...

Later that week, she had sex with Calix. Perhaps that was her Lucky moment.

.....

.....

...

"How did you bring Nikki's daughter here?"

Calix crossed his arms, staring at Devon who was sipping the cigarette as if it was juice. He was so happy to smoke again, then, Devon glanced at him and nodded.

"I don't know to be honest, that little kid kept nagging me to take her to her mother. It's obvious that she will find a way to go to Port Aoneon so I helped her instead. I have soft spot for kids."

"... Don't you remember that you tried to kill me?"

"Huh? Dude, you are the one who almost killed me. Although I'm elated that you show me your true power, that's what I'm in for."

"Fair enough."

Calix was actually more surprised when he realized that Devon climbed the sinkhole and lived.

"You don't have to worry, I don't have any grudge. It's just business, just like what McGregor said while being beaten by Khabib... I did it for the money, so I hope we are cool."

"I will keep my eyes on you."

"Okay."

He continued puffing his cigarette.

'I don't feel any hostility from him, but I have to make sure that Devon will not do something bad... Maybe I have to put a tracking device just like what I did to Leon.'

His tracking device came from Mento, it was unnoticeable because of the energy of the Fragment of Excalibur.

"By the way, I know it sounds stupid but do you have a steam bath in this house?"

Devon asked after finishing his cigarette.

"Steam bath? Yeah, I think we have one. This house is huge and we have multiple bathrooms. You can look at the largest bathroom, I'm sure there is a steam bath there. But why are you asking for that specific thing?"

"Nothing, I just like taking a steam bath. Can I?"

"Suit yourself. You safely brought Nikki's daughter so I have to be good to you, at least."

"Thanks."

Decon walked away after knowing where the bath was. He could not say that the real reason why he wanted to take a steam bath was because of the fact that he was having blue balls.

He was cursing his Backlash while walking, his balls felt heavy.

"This is the curse of being a Term Attribute User, we are bound by the Backlash. And I'm still a 2nd Advanced, and it will take a decade before I become a 3rd Advanced. I'm not even sure if I can become a DemiGod, that's the only way to erase my Backlash... I'm jealous of General Andreas, he's now a 3rd Advanced. Hope he can overcome the tribulation."

He sighed, secretly scratching his balls.

## Chapter 219

A day passed, Calix and Nikki were living like a couple together with Patricia.

Although they could not have their cuddling time because there was a child but they did not mind it. After all, they already had their time together for the whole day before Patricia came... Of course with Athena.

Actually, Calix was happy to spend his time peacefully. He didn't have much peaceful time like this without having sex because most of the girls would do their best to seduce him.

As for Nikki, the mother was doing her best to nurture Patricia.

'It is quite a shock that Patricia is a three-year-old, I thought she is five.'

Now, he realized that their height was running in their genes. He chuckled.

"Now that I think about it, Devon didn't return after he said his goodbye. He said that he wants to talk to his friend."

After the man took a steam bath, he bid his farewell.

Calix didn't care about Devon, to be honest. Devon was part of the TA Users that Chen hired to beat him.

However, he was indeed amazed at Devon's ability. He could summon steam in his body and release it and cause powerful shock waves.

"Fortunately, a sinkhole appeared..."

Calix was not sure if he could defeat that guy back then. But now that he had Mento on his side, Calix would win 100% against him.

"Mister Calix?"

"Hm."

Calix glanced at the little girl who was sipping her milk. Nikki was cooking while Calix was reading the newspaper as if they were family of three.

"Are you and Mommy dating?"

When Patricia asked that, Nikki dropped her ladle and stammered.

"S- Sweetheart, what are you saying? That's inappropriate!"

She was blushing, however, because of her weak voice, she looked adorable.

Calix laughed, looking at Nikki's embarrassed expression. He didn't know why but out of all the girls, Nikki was the shiest and she has the most adorable expression that a woman could have. Despite being a tall woman, Calix could not help but like her.

"Then, Mommy and Mister Calix are what?"

"Sweetie, you see, I'm Calix's cumrag-- I mean, comrade."

Nikki stammered.

"Okay."

The child nodded.

Calix looked at Patricia who had an eagerness on her face as if she was excited to have a father. Especially a handsome and gentle like Mister Calix.

"Patricia you see, it all depends on Nikki and the other girls. But for me, I'm happy if I can date your mother."

"Other girls? I don't understand."

She pouted as she chipped the cookie, she was still a child after all.

"Mister, I like you because you are handsome and you don't smoke! Mommy said that smoking will make your body unhealthy."

"Your mommy is right."

He patted her head and Patricia giggled. Nikki had a complicated expression while looking at them. She felt guilty.

"Let's eat."

She said, having a weak voice. She prepared the dishes and Calix helped her.

Patricia was happily sitting in the chair while looking at the two. She felt that Calix and Nikki were husband and wife.

She smiled. This was her dream.

However, just as the moment they sit on, the door loudly banged open and three sexy gorgeous women appeared.

But it was not over, because a portal materialized in the kitchen and Yuna showed up with a mischievous grin.

"Huh?"

Yet, all of them were shocked. The four girls, Scarlett, Kimberly, Yuna, and Marianne were dumbfounded when they found that Calix was eating together with Nikki.

But one thing caught their attention the most?

"A child?"

A cute innocent girl was munching her cookie while looking at the pretty sisters. Her eyes shone because of excitement.

"Mommy! They are so pretty!!"

Patricia tugged her mother and Nikki bitterly smiled, she looked at Calix who was still surprised.

"Guys? I thought all of you have something to do in your family?"

"Well..."

Kimberly sighed. When she heard that Calix was staying alone in the house, she immediately bought a ticket.

But when she reached the front door, she found Scarlett and Marianne glaring at each other. Apparently, all of them have the same intention, to spend time with Calix.

"You need to refuel your Term Attribute every three days, so I decided to help you. But don't get me wrong, I just don't want to get caught in your Backlash, that's why I want to help you. It's not that I have feelings for you or anything, hmmmph!"

Marianne explained her side, as always, acting like a tsundere.

The girls would do everything to take advantage of the situation, as expected.

"I feel like all of you have the same brain, you came back at the same time."

Calix shrugged. The plan was for them to have a week of vacation, but three days just passed and all of the girls returned.

"Calix!!"

Yuna tried to pounce on him but a red-hair woman caught Yuna and dropped her to the side.

Scarlett glared at all of them, then, she looked at Nikki who was averting her gaze.

She clicked her tongue.

"Calix, we have to talk later. But first, kiss me."

She said and sat on his lap, then, they started kissing passionately. Scarlett had the pure intention of making the girls jealous.

"W- wah!"

Nikki immediately covered Patricia's eyes so that she won't see the wicked action that Calix and Scarlett were doing.

"Grrr..."

The girls gritted their teeth. Except for Nikki who was understanding, the other girls want to have Calix all for their own desires.

Nikki was fine for being the last woman. After all, she was already happy that Calix found her attractive. For all she was worth, Calix was the only one who was gazing at her with lust, which made her happy.

'I'm fine as long as Calix loves me for a little bit.'

She nodded while Patricia was doing her best to escape her blindness.

When Calix and Scarlett finished their reacquaintance, Patricia, escaped her mother's clutch and approached Calix.

"Mister Calix, who are these pretty girls?"

She asked innocently.

But before Calix could answer, Scarlett gave hers.

"I'm Calix's most beloved girlfriend and someday we will going to get married."

"Ah!"

Patricia was shocked, but most of all, Kimberly, Yuna, and Marianne were angry.

"Hah!"

They scoffed at Scarlett who was grinding her ass on Calix's lap.

Chapter 220

"Munch munch!"

Patricia was happily eating the cake that Yuna made while watching Cocomelon. She smiled at the pink-haired woman and said her gratitude.

"Thank you pretty sister Yuna!"

"So cute!!"

Yuna shrieked, clasping her palms. She found the little girl adorable. She hugged the child and Patricia hugged her back.

"Oh my gosh, I want a cute child like you!!"

She said while glancing at Calix who was doing his push-ups. She was conveying a message.

'Of course I can understand what she means, but we did it countless times unprotected, but even now there is still no good news. I'm starting to think that I'm impotent, but based on my Term Attribute of being Lucky, being impotent is highly impossible... Unless having a child is unlucky.'

Calix smirked doing his training.

"Patricia, do want to play with toys? I have my gaming tablet here!"

Kimberly showed her card to attract the child. After all, nobody hates a cute innocent child like her.

Yuna glared at Kimberly but the glasses woman was not affected. She had a smug expression actually.

"Really!?"

"Of course, come come."

The girl excitedly approached her and played with the tablet. Kimberly was happily patting her head, while looking at Calix, just like Yuna.

"Tch."

While Kimberly and Yuna were trying to gain the child's attention, Marianne was clicking her tongue in annoyance.

To be honest, she wanted to play with the little girl too but she didn't know how. She is pretty and Patricia likes her but at the same time, Marianne had this cold aura. That is why little Patricia is afraid to approach her.

'I want to pinch her small chubby cheeks but I'm afraid that she will cry. Besides, I don't know a thing to entertain a child.'

Marianne understood that she could have a child, especially now that she was sexually active. That's why she is eager to have at least an experience on how to pamper and nurture a kid.

However, all she could do was watch Kimberly and Yuna doing their best to gain the child's attention.

"Maybe you can smile a little."

"S- shut up!"

Marianne frowned upon Calix, she was trying her best to hide her blushing face.

Calix chuckled and continued his training. He spent time with the girls so he knew how their minds work.

Yuna, as a girl who lived for three years alone, knew how to cook. She used this method to entice the child.

As for Kimberly, since she had a way with technology, she used that to get Patricia's attention.

'About Marianne, it's obvious that she is afraid to scare the child. She is beautiful, but a cold-beauty type of woman. The little girl can sense her bully aura.'

He was amazed at how the child discerned it.

'Maybe it's her instinct, she has the blood of an Ogre after all.

Just like him who could sense the danger.

"Mister Calix, look, I easily defeated the adc!"

"Oh, so you're playing LoL Wild Rift."

Calix stopped his training and checked her play style.

"Yes!"

Patricia showed her standing, it was 6/9/11. It was not bad, considering that she was playing support.

"W- wait a minute, is that Urgot!? He has Star Guardian Skin!? That's disgusting!"

He couldn't believe that Riot would create a horrible Skin like Star Guardian Urgot.

"Eh? But it's pretty."

Patricia looked confused, she liked the color of the Skin.

"Trust me, it's not."

"But what about KDA Gragas?"

"... Let's not talk about that, don't give the Riot another hell of an idea."

He patted her head and Patricia giggled.

"Where is Mommy?"

"Your Mommy is talking to Scarlett right now. Don't worry, your Mommy will be fine?"

"The red hair pretty sister?"

"Yes, the red hair pretty sister."

.....

.....

...

"U- um, what is this, Miss Scarlett?"

Nikki tilted her head while checking the gift that Scarlett gave to her.

"You know, you have to speak louder so that I can hear you."

"S- sorry."

She weakly said and Scarlett shook her head in defeat. It was thankful that she could read her lips. If not, she would never understand what the giant woman was saying.

"T- this is!"

Nikki was shocked when she opened the gift.

"It's a C- Series Battle Suit. I already expected that you won't agree with Calix."

"I can't accept this."

She tried to return the gift but she was met by Scarlett's blazing gaze.

Suddenly, the temperature started rising.

"When I said that it is yours, then it's yours. So don't ever try to return it."

"But--"

"That's an order, as the second in command of this team, I ordered you to accept it. You almost died back on the island, I'm sure you don't want that to happen again."

Nikki gulped and bitterly nodded her head.

"And if you will not accept it, I have no choice but to fire you from this team."

"!!!"

She was stricken and stammered.

"I know that something happened between you and Calix, don't worry I won't do something bad... unless you did something bad first."

"Y- yes..."

"And I'm sure you don't want to leave this team( because you want Calix's cock)."

"Yes."

Scarlett rolled her eyes and walked away first. She sighed, knowing that another rival appeared.

"Well, this is the decision that I made. I have to be strong so that I can protect my loved ones."

It was not shocking news anyway, since she already knew that something happened between Calix and Nikki when they were on the island.

However, never in her mind did she expect Calix and Athena had sex. It was a thing that shocked her once she found out, that she almost killed Athena. But for now, Scarlett was in good mood.

"But a child, huh? Gosh, I really want to have a child."

She recalled how cute Patricia was. She wants to cuddle the girl and pamper her with all her heart. Perhaps her maternal instincts awakened when she looked at the child.

"I must not be lazy..."

We already know what she was talking about. Having a child was not that easy, particularly for Calix who was being 'eaten' by the girls. He had high stamina, but everything has its limits.

Nonetheless, tonight, all of the girls except for Nikki were eager to have sex with Calix to have a baby. That was their current mission.

Calix would be in a bad(good) situation, definitely bad.
