

Only Fuel 74

Chapter 74

Calix and Kimberly decided to take a break, they spent their time together for the whole three days so of course they were tired. It would be better for them to have some rest. Calix received a message from the academy, the list of students who will graduate was already posted. Calix wanted to know if he was part of the list, he didn't join any Practical Subjects regarding Term Attribute but he finished all of his subjects regarding academics. So he was expecting the good news.

'On top of that, my Term Attribute is in great effect right now. I'm confident that I will gonna graduate.'

Calix changed his clothes, Kimberly was lying on the bed naked and staring at his sculpted body. God knows how much she loves to touch his body. Her skin had bruises and red marks, but she felt good instead of being in pain.

"Are you going to leave?"

She asked and glanced at Calix with longing, she was going to miss him.

"Yeah... But I will return here, so don't worry."

"Un."

Kimberly nodded and sweetly smiled, she was so pretty. Calix approached her and started kissing her so bad. Their tongues were teasing each other, their eyes closed. Their lips parted and they were both breathless. Kimberly was blushing like a tomato, yet she was smiling. Calix could not take it and kissed her hard again, he caressed her back and grabbed her butt cheek, squeezing it. Kimberly lightly moaned.

"... Say... Before you leave, can we do it again?"

Kimberly said it seductively, whispering under Calix. Calix nodded and pushed her into the bed. Kimberly giggled and they started fucking again.

.....

.....

...

Calix came out of the mansion with refreshed face, some maids stole glances at him but Calix was already used to it. He just got out of the mansion and did not linger on. To be honest, some maids showed some intentions of getting his attention but Calix was not stupid.

He would never look at any woman who was related to Kimberly in any way. Besides, Kimberly was much beautiful so he did not even glance at the maids. Kimberly was much better than them, in every aspect. Especially how she moans whenever Calix rammed his dick inside her, it was different from Scarlett's moans.

"She had humming moan and it's so damn sexy."

Her ass made ripples whenever he thrust in and their hips collides. She was thick, she was blessed with an hourglass figure, big booty, and huge tits. Yet they were not saggy, they were firm and it felt good to squeeze and play them.

Calix stopped because he realized that his junior was getting hard. He accepted the truth that he was attracted to her, his reaction was not lying.

He reached the campus and looked at the list, sure enough, he was going to graduate. His name was there. As for the top students, Scarlett was one of them. Calix was happy for her. He opened his phone and messaged her.

The border did not have a stable network because Aberrant would destroy the cell towers close to the border. Still, sometimes they could communicate because the border used other methods to have internet. Calix only have a vague idea of it and he didn't have any interest in learning more about it.

He checked his phone and realized that Scarlett sent him tons of pictures. It was nude pictures, selfies where she put importance on her cleavage and ass, posing seductively. Calix coughed and the students around him glanced at him.

He decided to go to a place with fewer people. While walking, he was scrolling down and learned that Scarlett sent dozens of nude selfies the whole three days. Calix felt guilty because he didn't know that while he was having sex with another woman, Scarlett was sending him her pictures.

It was obvious that Scarlett was doing her way to make Calix happy. She definitely had a bright red face while taking these pictures. She braved her heart just to click the send button, she was shy but she didn't want Calix to feel lonely.

Yet, Calix was having sex while Scarlett was being worried about him. Calix felt guilty, his expression was in pain. He could not believe that he cheated on a wonderful woman like her. He wanted to choke himself, he kept acting tough and avoided women but he still failed. He made a mistake and he didn't know how to fix it or should he fix it.

In terms of love, Calix loves Scarlett more than Kimberly. Scarlett was his childhood friend and they knew each other for so long, their love was not shallow. If Calix was asked who he was going to save between Scarlett and Kimberly, he would go to save Scarlett. He loved her so much more. However, he was not confident if his feelings were going to stay the same after some years.

He knew that love could change, it was not eternal. Perhaps he loves Scarlett more than Kimberly, but what about next year, what about the next next year? He was not confident to answer it. There were a couple who loved each other at the start of their wedding but their love slowly disappeared as time passed, it was a normal occurrence.

Calix was afraid of that happening to them. That's why he wanted to see Scarlett and recharge his love. Love is not eternal, he knew it.

He started typing, saying how much he missed her, that he wanted to see her, that he loves her so much, that he was gonna die each day that he didn't see her. However, he could not finish the message. He felt like he did not have the right to say those words because he cheated.

Now that everything was peaceful and his mind was not affected by his dick, his stomach knotted and he wanted to puke. He felt disgusted with himself. He hurt the person he loved the most. He made a mistake and hurt her, this was the last thing he wanted to do yet he did it.

He took a deep breath, his heart was in deep pain. Instead of typing, he decided to call her. He was not sure if Scarlett would pick up the phone, but he was still hoping. He wanted to hear her voice and ask for forgiveness. It was pathetic, but Calix was ready to lower his pride and admit his mistakes.

Fortunately, Scarlett answered the call.
