Only You Can Be My Wife

Chapter

Chapter 1

Tonight, I want you to become mine. I love you, like a tsunami, like a wind rolling and violent sand.

I think I am crazy to love you so much.

If I had known that I would love you this way, I would definitely save all my likes and loves over the years, wholeheartedly, just waiting for you!

-Lawrence Lu!

The 27th floor of the Tang Dynasty.

Siena Liang held the room card in one hand, and squeezed the wall with the other, staggering out of the elevator.

Her original white face was flushed twice because of drinking, but it made her look simple and lovely.

“This?” Siena Liang finally walked to the door and looked at the gilded number on the door, not sure for a while.

The cousin said the room number is 2703.

2708? 2703?

Is it 8 or 3 on this door?

I drank too much, my head hurts, and my eyes were a little blurred.

She tilted her head and looked at it for a long time without telling it.

she looked down at the room card in her hand again, but why the heavier and heavier the words?

Forget it, no matter.

She shook her head, leaned against the door, took out the room card and randomly pressed it on the sensor.

“Di–” The door did not punch in.

She tried a few more times, all with the same result.

She patted the door irritably, and then sighed heavily, “Wrong.” She had planned to find the room again, but when she turned around, she just swiped the card a few times and didn’t open the room. The door was opened at this moment.

Immediately afterwards, her wrists tightened, and she was dragged into the room.

There was no light in the room, and although she was very drunk, she could still feel that the other party was a man.

As soon as she entered the door, before she even had time to make a sound, the man pressed her against the wall and firmly grasped her shoulders with his large and powerful hands.

“Didn’t you leave?” the man asked viciously.

Siena Liang's head was even more dizzy when she was hit. Chaos head, couldn't hear what he was saying. He just tried to say, "Robert?" The cousin said, she would surprise her.

Will Robert come back?

Although they had a marriage contract since they were young, will they be too soon to be with him now?

She wanted to wait until they got married... "I gave you a chance..." The man was very close to her, and she could clearly smell the strong smell of alcohol on him.

Such a strong taste of wine made her frown even after drinking.

"Since you choose to come back, I will never let go again..." As he said, he held her small face, bowed his head, and k!ssed her hard.

Without any skill, the force was terrifying, and the hot tongue swept through every inch of her mouth, as if to swallow her in her belly.

"Hmm..." She felt almost unable to breathe, facing him like this, she was a little panicked.

Shaking her head vigorously, her small hand clenched into a fist and hit him.

He didn't seem to feel the pain either, he stopped, but his lips were still on her lips, and he sneered: "No?" "..." She didn't know why Robert was so strange today. He is usually gentle. of.

But now facing his cynicism, she didn't know what to say.

He felt her silence, his blurred eyes froze, he stooped to lift her up and walked towards the bed.

Throwing the woman in his hand heavily, he attached her body at an extremely fast speed, holding her struggling hands with one hand and raising it above his head.

“Don’t…” The light in the room was too dim, and she couldn’t see his face clearly.

But she thought he was like a different person tonight.

The usual flying is gentle and patient, not like today, arrogant and eagerly rude.

“I gave you so many opportunities… this time, don’t leave anymore, eh?” He obviously acted almost rudely, but when he spoke, he spoke softly with a touch of demanding.

He lightly k!ssed her lips and earlobes, gasping slightly.

I don’t know if his tone like a child begging for candy made her feel soft, she listened and whispered: “I have been…here…” From the day she knew she would marry him in the future, In her heart, she never lived in anyone else.

He seemed extremely happy, and k!ssed her lips again, “You are so sweet…” “Tonight…I want you to be mine…”

Chapter 2

The night breeze gently blew the white curtains, sending bursts of coolness.

In the dimly lit room, clothes were thrown to pieces on the floor.

Siena Liang only felt that she was so uncomfortable, dizzy, and felt that he was k!ssing her all the time.

When Siena Liang woke up, she was snuggling against the man's chest, with her head resting on his powerful arm.

She could feel that neither of them was wearing any clothes at this time.

She was taken aback in her heart, and some flustered recalling what happened last night. It turned out that what happened last night was true, not that she was dreaming. She really became Robert's person and spent the night with him.

She frowned. Although Robert had mentioned that he wanted to be with her, he never asked for such a request again after she rightly said that she would wait until the wedding night.

But last night, he… Last night she was so tired that she fell asleep, where she could wash herself, and now she only feels sticky under her body, she wants to wash herself first.

"Hiss–" She couldn't help but let out a soft voice as soon as she moved.

The whole body was sore and painful, and even the gesture of raising his hand felt luxurious.

Especially under the body, as if torn apart by life, it was hot and uncomfortable.

Because of this low groan, the man also woke up from light sleep, put his arms around her head and stamped a good morning k!ss on her forehead.

"Wake up?" The low male voice, with the dullness that is characteristic of the morning, and the indescribable s3xy and nice, "Does it still hurt?" The full of tenderness and distress made the original still entangled before marriage Siena Liang, who had a skin relationship with him, felt soft.

“Robert, didn’t you promise me to wait until I get married…” Then, she raised her head, “Ah-who are you?” Siena Liang’s eyes widened in horror and looked at the man close at hand. Pushing him away, no longer caring about the pain, she sat up and wrapped the quilt tightly around her. Because of the shock, his exhausted body couldn’t help shaking.

Lawrence Lu drank too much wine yesterday, plus the exhaustion of the night last night. At this time, Siena Liang roared and made troubles, and his originally blurred eyes instantly became clear.

Looking at the strange woman wrapped in panic, he squinted. What’s the situation?

I carefully recalled what happened last night. He was drunk because he was let go of the pigeons. In his drunken dream, he seemed to hear a knock on the door. Then…he saw the woman who let his pigeons come back… Then… Lawrence Lu sucked speechlessly. In a tone, he was let go of the pigeons, but he still had relationships with other women. What is this TMD all about?

“Why did you come in here?” He frowned, and then sat up.

Siena Liang’s body trembled again seeing his movements.

This time, she said nothing but jumped out of the bed wrapped in a quilt.

As soon as her toes touched the ground, her sore legs almost made her stand unstable.

She gritted her teeth, forced herself not to fall to the ground, grabbed her own clothes on the ground, rushed into the bathroom, and locked the door.

Lawrence Lu frowned as he looked at the panic-stricken little woman running to the bathroom.

She wrapped the quilt away, and he had nothing to cover now.

Turning over and getting out of bed, he inadvertently saw a few small plumes on the snow-white sheets. He couldn't help holding his forehead with a headache.

Chapter 3

I don't want to give birth to a child of a strange man. In the bathroom, Siena Liang looked at herself in the mirror, and she almost couldn't recognize it.

Her neck and body were covered with traces of love after love, indicating the madness of last night.

If it were the same as Robert, it would be okay. They would get married sooner or later, but it was a strange man she had never met before!

Thinking of Robert Zhao, she finally couldn't help but shed tears of sadness and regret.

Although there are many unmarried people living together in today's world, she couldn't accept it. For the first time, she gave it to a stranger so unclearly.

Robert, how should she face it?

She must ask, why the man outside appeared in her room!

When Siena Liang walked out of the bathroom, she saw that the man was already dressed.

He is wearing a black high-level handmade custom-made suit. He is sitting on the single sofa in the room with legs overlapped and hands resting on the armrests. The whole person looks extremely expensive.

He looked out the window, not knowing what he was thinking, his profile looked perfect.

He heard the movement, turned his head, glanced at her calmly, and said faintly, “What’s your name?” She originally wanted to ask why he appeared here, but she didn’t expect him to speak first. Reacted, “What?”

He took a cigarette out of the cigarette case, lowered his head and lit it, and took a heavy breath, “Let’s talk, who asked you to come?” He didn’t believe it even if he was killed, wasn’t it just drunk?

How could there be an unknown woman in the room?

“What?” “The people from Guangqi sent you for that project, or did she think she left like that yesterday and didn’t care to spend money to buy the one you gave me?” After a while, Siena Liang reacted. What did he mean, the face that was not so good at first suddenly became more ugly.

“Don’t think that I will let you go!” Siena Liang clenched her fists and looked at the man in front of her angrily. “I asked you, why did you appear in my room? You just enter my room. , I can sue you!” Her room?

When Lawrence Lu heard this, he frowned, looked up at the furnishings of the room, and couldn’t help but sneered, “Your room? Should I ask you about this?” Siena Liang was also a little dazed by his question. “This is not 2703?” He shook his head slightly.

“Then here?” “2708!” This room is actually a presidential suite. It was a birthday gift from Brian Zheng when he was 27 years old, and the “8” was just because he was his birthday in August.

In other words, this room is his exclusive room in the Tang Dynasty, and it is only open to him all year round.

Siena Liang still couldn’t believe it. She looked around and found a room card with her bag at the door. She hurriedly walked over and picked it up to see that there were still some A trace of hope was gone.

On the room card, the four bronzing numbers 2703 appeared in her eyes.

Lawrence Lu looked at the shaky little woman holding her room card, and completely denied the idea that she was given to him by someone else.

But this also made him more headache.

If it was Guangqi or she sent it, he could also choose to ignore it.

He glanced at the bed sheet, thought about it, took out the checkbook and pen, and brushed what was written on it.

Although drunk had a relationship with her, the first time he took her was also a fact.

“Tear and pull–” He stood up, walked over, and handed her the signed check, “Last night… I’m sorry, you took this.” Siena Liang looked at the extra check in front of him, stunned. Taking it in a daze, she was dazzled by the number of zeros.

“Lawrence Lu?” Looking at the check, she read his name.

He nodded.

“What do you mean?” It was enough to make her sad that she was deprived of him. He took the check. On the other hand, didn’t he insult her and sell her body?

He frowned, “It’s a compensation for buying you after-treatment.” She is the first time, and she looks still young. If she is pregnant by that time… She will naturally understand the meaning of his words.

“Compensation?” She smiled, mockingly.

Can money really buy the things she lost?

“Are you all grown-ups? I can think of anything other than money for you. After all, I can’t marry you just because I’m…? Isn’t that realistic?” She turned pale, and in front of him, she shredded the check a few times, “Mr. Lu, would it be too much to buy an afterthought for two million? Don’t worry, I will still take the money for the medicine. If it comes out, it won’t cost you money. After all, I don’t want to give birth to a child of a strange man!”

Chapter 4

the cheques torn to pieces were flying, spinning in the air and falling to the ground with a light posture.

Lawrence Lu looked at the woman’s stubborn face and suppressed his discomfort, “I didn’t mean anything else.” Siena Liang sneered, “I know you didn’t mean anything else, but I did. I entered the room by mistake. It’s all my fault that you got the wrong one, so it’s not okay for me to collect your money.” She turned to leave, she really didn’t want to stay here anymore.

Everything here is telling her the absurdity and mistakes of last night.

“Wait!” Looking at her back, Lawrence Lu said faintly, “I said I had no other meaning.” He didn’t even know why he had to explain, “Since you don’t accept my money, then I will give You go back.” Siena Liang curled up her lips, “No, thank you.” She wished to never see him again!

His gaze swept across her body, sneered, “Are you sure you want to go out like this?” After hearing this, she finally stopped moving.

Yeah, it’s May now. Although she is now wearing clothes, what about the hickey on her neck?

Do you really want to go out and become an alternative scenery for everyone?

Sitting in Lawrence Lu’s car, Siena Liang kept looking out of the car.

The car has been silent.

Until the car passed a corner, she said, “Can you stop here?” Lawrence Lu nodded and stopped the car on the side of the road.

“Can you buy it for me?” She pointed to the drugstore at the entrance of the street, then opened the bag after she finished speaking, took out the money from it and handed it to him, seeing that he was looking at her with questioning eyes, her face suddenly It turned red, “That… after the medicine…” Lawrence Lu looked at the red-faced little woman, then looked at the money in her hand, thinking of her stubborn appearance just torn the check, and did not take her to hand it over. The money came, opened the door and got out of the car.

He walked into the drugstore, his long figure and handsome face made the clerk who was still gossiping about the celebrity scandal stopped in an instant, and Qi Qi looked at him a little idiot.

Lawrence Lu couldn’t bear the look of the clerk, but he had to patiently ask: “Excuse me, is there any…after-the-fact medicine?” It was the first time he came to buy this kind of thing, somewhat embarrassed.

“Huh?” one of the clerk asked in a daze, still intoxicated by the beauty in front of him.

“Aftermath, is there any?” He frowned and raised his volume slightly, already a little unhappy.

“Ah! Some!” The clerk rushed out, “Which one do you want? There are domestic and imported ones.” “Imported ones.” Lawrence Lu thought for a while, then added, “Which one do you want? the minimum side effects “and paid, not out of the pharmacy, and that several staff on twitter to say that up - ” ah ah ah – how can so handsome, far better than my male god also had handsome ah Nothing?” “Yeah, yeah, I really didn’t think I would see a living creature more handsome.” “Hey, the facts show that the more handsome

people are scumbags, the more unreliable they are. , Look, it's really LOW to have your girlfriend take after-treatment medicine now!" Lawrence Lu paused, frowning, his thin lips pressed into a line.

When he walked out of the drugstore, he looked at the small pill box in his hand, then folded and walked into the supermarket next to him, to get a bottle of water.

"Thank you."

Siena Liang took the medicine and water, opened it directly, took the small pill out, put it in her mouth, and swallowed it with water.

The pills were slightly bitter, but she felt that it couldn't compare with the bitterness in her heart.

"Mr. Lu, you see me taking the medicine in person, should you be relieved?" Lawrence Lu looked at her, feeling a little irritable inexplicably.

Her lips moved, but there was no word in the end, silently restarted the car and drove to the address she said before.

Chapter 5

This is an old villa area, but the greenery is good.

"Thank you." Siena Liang came back to her senses and thanked him before he opened the door and walked on.

Lawrence Lu looked at the desolate Siena Liang's back, frowned, lit a cigarette, and started the car.

When Siena Liang entered the living room, his uncle Shayne Liang and his uncle Beatrice Dong were both there, watching something on the sofa in the living room.

The eldest mother seemed to be particularly excited, she was so happy that she was holding the things in her hand from ear to ear.

She wanted to go upstairs silently, but she didn't know that her cousin Warnia Liang went down the stairs just two steps.

"Siena, where did you go?" His tone was unhappy.

Siena Liang paused, and frowned.

Doesn't the cousin know where she is going?

Although she entered the wrong room, she gave her the room card to herself!

Could it be... the cousin went to the room to look for her later?

Shayne Liang and Beatrice also turned their heads when they heard that the eldest mother Beatrice smiled coldly, "Do you still know how much trouble you have caused our family?" "I..." Before Siena Liang had time to say something At the exit, Warnia over there had already opened his mouth in surprise, "Ah, Siena, what are all these on your body?" Beatrice looked at Siena Liang, and immediately understood everything. Makeup's face is very malicious, "Huh, President Li waited for you all night, but you are fooling around with other wild men. What a shabby hoof!" "What do you mean?" Siena Liang gritted her teeth. She didn't understand that it was normal. Why did her good-spoken big aunt change her face overnight, and what is the president Li in her mouth?

Beatrice walked over and pulled her in the direction of Shayne Liang, "Mr. Liang, I can't bear to lose you. Now, you take a good look at your good niece. She would rather mess with a wild man to screw you up. President Li's business." Although Beatrice has been delicious over the years, his hand strength has been great.

Siena Liang was dragged by her so much, she couldn't get rid of it at all, and Beatrice was caught in front of Shayne Liang within a few strokes.

When Shayne Liang looked at Siena Liang, he was also very unhappy, "Siena Liang, you are really outrageous!" Warnia walked down the armrest step by step, her face full of pride, "Dad, although she didn't go to accompany Governor Li yesterday , But Robert promised that we would make another appointment with another bank." "Cousin…" Siena Liang shook her head. She only wondered if she hadn't woken up. Why did she stay in Shengtang for one night? What has changed?

Robert?

What does this mean?

Warnia smiled, looked at Siena Liang's neck, and smiled mockingly, "Siena Liang, your battle situation is really fierce! Robert also said that you made a new marriage contract with him, huh… "She smiled, and then said to the upstairs, "Robert, Siena slapped your face loud enough!" Siena Liang was so jealous that he couldn't help looking at the stairs, and he was seeing something. Robert Zhao who appeared there at that time.

She watched him come downstairs steadily step by step until he came to her.

"Robert…" Siena Liang shook her head, and was confused, "Aren't you… in France?" How could he show up at her house?

Robert looked at her, looked at the traces of different colors on her body, narrowed his eyes, but said nothing.

"What's in France, Robert never went abroad at all! Have been with us, with Warnia!" Beatrice sneered.

At this moment, Warnia stretched out her hand and naturally took Robert Zhao's arm, but he did not push away.

The movements were so proficient, as if they had been together for a long time.

“You…” Siena Liang looked at Robert Zhao incredulously, “Robert, why?”

Chapter 6

Robert looked at her with no expression.

“Heh…” Siena Liang couldn’t help but laughed lowly.

He and her had a marriage contract since childhood. Over the years, he has taken care of her softly and softly, making her really think that he is her beloved, the one only for her.

A month ago, he said that he was going abroad for official business. At the airport, she went to see him off. He also said that she would wait for him to come back… But now, she was waiting for him and his cousin to answer her. Just a boring sentence?

Boring?

“Just because I didn’t promise to sleep with you?” She couldn’t help feeling sad, and she fixedly looked into his eyes, trying to see a trace of him lying.

But no!

“Siena Liang, you and I have been in friendship for many years. Before you tear your face, leave here.” Siena Liang seemed to hear a joke, “You let me leave here? This is Liang’s house! It’s mine! It’s my parents.” It’s for me!” “Yours?” Beatrice was like an ambitious villain. She grabbed a document from the coffee table and handed it to her. “Look carefully, this house is still not yours, Siena Liang. !” Siena Liang looked at the paper in Beatrice’s hand, and the big characters in the real estate transfer book made her eyes widened.

After a while, she stabilized her mind, “Do you think you can hide it from me by just finding a handwriting that looks like me?” “Who said it was fake?” Warnia shook her hair, “Isn’t this the one you signed last night? Is it? So many people are watching, do you still want to deny your cousin? Huh! Is it worth it?” In the messy memory, Warnia seemed to have taken something for her to sign. What Warnia said at the time ?

Said that it was the wine from the KTV manager and needed her signature.

Ha… While she was drunk… “No… No…” Siena Liang shook her head vigorously. She couldn’t imagine how the uncle’s family would treat her like this.

“Also, the company’s shares have nothing to do with you now.” Beatrice took out another document and proudly raised it, “Last night, you also signed it.” “What?” Siena Liang looked at Beatrice as if struck by lightning, but didn’t realize what she meant.

“What do you mean? You have already transferred the equity to us. In other words, the Liang family has nothing to do with you, so get out of here!” She looked at the few people in the room, as if she had come to understand. Did you design me? It’s not enough to get me drunk and sign the transfer contract, and let me finally make your money and business talks?” Beatrice snorted, “You are not stupid!”

Siena Liang finally fell on the ground in a desperate situation.

No way!

This villa, as well as the Liang family, was left to her by her parents, she can’t let it to others!

Siena Liang threw herself forward, trying to grab the contract, she would tear it up!

Beatrice had taken precautions early on, hiding the contract behind him, and pushing Siena Liang out with his other hand.

Siena Liang staggered and fell to the ground. Her forehead hit the corner of the coffee table. She only felt a pain and stretched out her hand to touch it. The red blood was shocking.

Beatrice looked at her, her face changed, and the traces of confusion were quickly taken away by her, "Don't play dead for me there!" She gritted her teeth and stood up on the coffee table, still wanting to grab it again.

At this moment, the only thought in her mind was to take back the contract.

Warnia stepped forward and slapped her face fiercely, "Siena Liang, don't shame you!" She wanted to give her this slap long ago.

Over the years, although her father succeeded Siena Liang's father in charge of the Liang family, Siena Liang has always had shares in the Liang family, while Shayne Liang has only 5%.

Their family moved into Liang's house in the name of taking care of Siena Liang. Over the years, they have tolerated everything for today.

Now, with the cooperation of Robert Zhao, they have successfully done tricks on Siena Liang's inheritance book, and they no longer need to look at her face.

Shayne Liang said at this time: "Siena, she is your cousin after all." "Dad, now Liangzhai has been taken by us, and the Liang family has nothing to do with her. This cousin, to me, can Dispensable!" Siena Liang red eyes, "These are all mine! You give it back to me!" Warnia replied lightly, mocking: "You dream!" "You..." Siena Liang looked at The few people in the room clenched their fists hard, their nails were pinched deeply in the palms of their hands and they didn't feel any pain. "You wait, I will definitely get back what belongs to me!"

Beatrice exhausted her patience and turned to the side. The nanny yelled: “What are you doing, why don’t you kick her out!”

Chapter 7

Looking at the tightly closed iron gate, Siena Liang felt numb.

This home was left to her by her parents, but now she has become an irrelevant outsider.

Why, in one night, she lost her first time, lost the family who had always cared for her as much as she thought, lost her home, lost the company that her parents worked hard, and lost what she thought would be The last boyfriend of her love… And now, with her, only a drag box beside her.

You see, they have already packed everything that belongs to her.

She said she would bring back Liangzhai and the Liang family. Now, what bargaining chip does she have to get back?

“Haha…” She couldn’t help laughing out loud.

Shouldn’t the self now, such self, be worth laughing at?

Lawrence Lu was waiting for the gap between the traffic lights. The moment he turned his head, he inadvertently saw something in the gap in the passenger seat.

He took it out and took a look at a library card of size A.

It seems that it accidentally fell out when she just paid out.

In the column of name, Siena Liang is written.

Looking at the girl in the photo with a gentle and harmless smile on the camera, Lawrence Lu raised his eyebrows.

Does he want to return this library card?

After only thinking for two seconds, he decisively turned on the lights, turned to the steering wheel, and turned around… When Lawrence Lu arrived at the door of Liang's house and stopped the car steadily, he hadn't figured out why he came back, so he just returned a loan book. certificate.

He was a little annoyed to get the cigarette, and was about to light it, when inadvertently glanced at the figure squatting at the gate of Liang's house.

He didn't care much, but in the next second he felt that the clothes on the figure was a bit familiar, and suddenly looked up again.

It really is her!

He turned off the lighter with a "pop", he opened the door and got out of the car and walked straight to the figure.

The closer he is, the clearer he sees, she seems to be crying, and her whole body is shaking.

When he walked behind her, she realized that she was crying, she was obviously smiling.

He frowned and glanced at the suitcase next to her. She is… "Miss Liang?" Siena Liang, who was still smiling, heard the words and slowly raised her head, waiting for her to see clearly behind her. People were completely stunned.

Why is he here?

Isn't it gone?

Lawrence Lu frowned unconsciously looking at his small face.

Her forehead was still bleeding, and her right cheek seemed to have been beaten. At this time, it was swollen high and there were several fingerprints on it.

“Are you okay?” Although he didn’t look good from her current state.

Siena Liang stood up, stared at him for a long time, then threw into his arms heavily, and hugged him tightly.

Lawrence Lu doesn’t like the unfamiliar woman’s excessive relief from him. He was about to stretch out his hand to push her away, but the person in his arms whispered out-“Sorry, I just can’t find a shoulder to rely on.” Sorry, I just Can’t find a shoulder to rely on.

Such a simple sentence caused Lawrence Lu’s heart to be severely shaken.

In this case, how helpless and helpless it is to say, let alone the subject is still a stranger with a bad impression?

The raised hand slowly dropped.

It’s just that she didn’t ask for compensation by check.

Siena Liang really needed someone’s embrace too much.

Especially at such a moment, when he asks her, how are you doing, she can’t control who he is to him, as long as he can let her rely on, she will feel better by relying on it for a while.

That way, she won’t feel that she has nothing at all.

Leaning into his arms, she finally couldn’t help but started crying loudly.

Lawrence Lu had a headache, but seeing her crying so sadly, she could only endure it.

After a while, Lawrence Lu felt that the person in his arms no longer trembled so much, and then raised his hand to push her away.

She still tugged his clothes tightly, and said with a strong nasal voice, “Will it be okay for a while?” His hand paused, and he pulled her away, “The injury on your forehead needs to be dealt with. I will take you. Go to the hospital, eh?”

Chapter 8

Siena Liang went to the hospital with Lawrence Lu, even she herself didn’t know why she would go with him.

Maybe, at such a moment, she has nothing to worry about.

The doctor is an aunt in her forties. She looked at Siena Liang’s forehead and red and swollen eye sockets, then at Lawrence Lu in front of her, and asked Xiang Siena Liang, “Is it domestic violence?” Siena Liang opened her mouth. , Said nothing, just shook his head.

Lawrence Lu’s face turned blue when he heard the words, “Now is the time to ask this?” The doctor glanced at him contemptuously, “Oh, you hit your lover, do you still want to yell at me now?” “No doctor, you misunderstood Up.”

“You…” Lawrence Lu originally wanted to say something, but the phone rang at this moment. He took it out and took a look. When he saw the name on the screen, the look in his eyes changed, and then he said something to Siena Liang. “I answer the phone” and walked out.

“Does he have a woman out there? You see that he is not willing to answer the phone in front of you.” The doctor said, shaking his head.

Siena Liang didn't want to say more, but the aunt in front of me is too imaginative, right?

"You really misunderstood. He and I are just… just strangers. He sent me here because of kindness, not what you think." She paused when she said the words "stranger".

Should they be considered strangers?

After all, she only knew his name.

But they don't seem to be strangers. After all, he has such a relationship with her… The doctor seemed to be a little embarrassed, haha to cover up his embarrassment, "There are still many good people in this world," and then he stopped. Speaking, concentrate on dealing with the wound on her forehead.

Lawrence Lu stood at the entrance of the corridor, lit a cigarette, and looked at the phone in his hand. He didn't know whether he wanted to answer it.

It wasn't until the phone didn't ring anymore and waited for a long time that it didn't ring again. He breathed out, but he felt a little disappointed.

She was always like this, and she would never be patient with him.

After smoking the cigarette in his hand, he turned around, but the phone rang again.

Still that name, still that number.

This time, the corners of his mouth rose slightly.

Yesterday he let go of his pigeons. Do you want to show him good today?

With joy in his heart, he slid the call button-"Hey -" "Jung Hoon, are you busy? Will it bother you?" The gentle female voice rang on the phone.

“Not busy.” “Yesterday…I’m sorry…” Listening to the voice on the other end of the phone, Lawrence Lu’s anger because of her missed appointment yesterday also faded.

“Think about it, how can you compensate me when you come back and invite me to the new French restaurant?” He was in a good mood and took out another cigarette.

“Lawrence, this may take a long time… I’m with him…” Lawrence Lu’s action of lighting the cigarette stopped, his heart sank, and he irritably took the cigarette in his mouth and pinched it into a ball. .

Together?

“What do you mean?”

The person on the other end of the phone was still immersed in his own joy, “Lawrence, after so many years, I finally…I went to the hotel with him today…” Lawrence Lu wanted to laugh, but he couldn’t laugh at all.

I took a cigarette again, and the lighter didn’t seem to work well. It took a few shots before it caught fire.

He took a heavy mouthful of cigarettes. The good mood just disappeared, and he said coolly: “So what?” “I’m sorry, I didn’t make the promise with you. He is my happiness…” Ha!

He really wanted to drop the phone in his hand downstairs.

“He is your happiness?” He almost yelled, “What about me? Didn’t you agree to my marriage proposal yesterday? My parents have also said that they are already choosing the right day. You called today. Are you here to tell me this?” “Lawrence, I’m sorry… you… find a suitable girl to get married soon… Lawrence, are you still listening?” “Find a suitable person to marry?” After smoking the cigarette, he chuckled lightly, and finally replied: “Okay! As you

wish!" At the same time, he hung up the phone heavily, after thinking about it, thinking of those past, did he hold back , Haha laughed.

After a while, he slowly closed his smile, and angrily threw the phone to the ground.

With a sound of "pop", the phone broke, like his heart.

Chapter 9

Cigarette butts have fallen on the ground.

It wasn't until the cigarette case was empty that Lawrence Lu took a deep breath.

As soon as he walked out of the corridor, he saw Siena Liang, who had wrapped his wounds, sitting on the bench in the corridor, curled up in a ball, two thin arms hugging him tightly.

There were people coming and going in the corridor, but she sat there quietly, like a homeless child.

He walked a few steps over and stood beside her, "Is it done?" Siena Liang raised his head and saw him, "Well." "Where are you going, I'll see you?" She shook her head.

Before, she still had an uncle's family, but now, she has no family.

Even the place to live is gone.

On the way here, she did not say why she would stand outside the house with luggage.

He only thought that the traces on her body made the family angry.

Seeing that she doesn't speak now, he is in the mood now, and he no longer has the heart to worry about other things.

"Then, Miss Liang, take care." "Mr. Lu..." Siena Liang watched him turn to leave, and grabbed the corner of his suit.

Lawrence Lu paused, turned his head and looked at her, "Miss Liang?" "You...will you..." She looked straight at him, swallowed her saliva, "marry me?" He was handsome and handsome. With a displeased face, he said impatiently: "I think I made it clear this morning that I can't give you anything except money." Marriage?

What nonsense are you talking about?

"Just...I heard you call..." Although she didn't know what the person on the other end of the phone said, she understood what he said, "I think, whether it's your parents or For your face, now you need a marriage partner." Hearing her words, his eyes became dark and terrible, and there were huge waves rolling in, but his face showed no emotion.

He is in a bad mood now, but she even ran into his embarrassment, which made him somewhat unhappy with nowhere to hide.

With a big hand raised, she squeezed her small chin, "So, you are threatening me?" His force was so strong that he squeezed her chin as if to crush it.

Siena Liang did not scream, but frowned.

"I will marry you, marry you, how about you help me get back my company and house?" She deeply understands that she can only grasp this opportunity firmly in her current situation and cannot miss it.

Now, what she needs first is a place to live in, and then get back what belongs to her.

Over the years, she wholeheartedly believed in her uncle's family, never asking about the company, she was devoted to school, and where she knew any powerful people.

Before today, although she didn't know Lawrence Lu, she could probably tell that his status was not low based on his clothes and conversation and the car he drove.

Marrying him is hard to force, but if she doesn't marry him, she doesn't even know where she lives, so she talks about where to get back to Liang's house and the Liang family.

"Why do you think I will make a deal with you?" Her chin was pinched, and she was a little vague. "Can you let me go?" Lawrence Lu looked at her pale face with pain, and finally let it go. hand.

She stretched out her hand and rubbed her painful chin and stood up, "Mr. Lu, I now... Honestly, I don't know what bargaining chip I have to negotiate terms with you besides myself, but for you, the most To find a suitable marriage partner in a short time, I think I am the most suitable." He and her are not relatives, and apart from becoming his wife, she couldn't think of any reason for him to help her.

The dark bird in his eyes faded a bit, and he looked at her with a smile, "So?" She saw that he didn't say anything to refute her. The more she said it, the more confident she was, "Last night... uh... you know It's the first time...in this society, there are not many good girls like me." "Heh!" Lawrence Lu looked at her wickedly, "Good girls are like this." Asking a strange man to marry her?" Siena Liang's expression changed, and he clenched his fists, "I can't help it." Lawrence Lu looked at the little woman in front of her, her face flushed slightly from embarrassment.

Big eyes looked at him, with eagerness and anxiety.

Thinking of the phone call, his heart hurts and cold.

After so many years of persistence and waiting have become a joke, what else does he expect?

From his parents' side, he also needs an explanation.

Since you can't marry the one you love, then who isn't it?

And the woman in front of me, as she said, for the first time, it was clean and jerky, and it was nothing wrong to marry her.

"I can marry you, and you can also enjoy all the rights and interests of Mrs. Lu…" He paused, and frowned thick eyebrows. "But, I might not love you." After Robert Zhao, his relationship for almost ten years It can be said to give up, let alone two people like them?

What kind of love does she want now?

"Mr. Lu, you need a marriage partner, and I want to get my things back. Get what you need, it's actually good."

Chapter 10

You will live here.

Maybach stops in front of one of the houses in the South Lake Villa area.

Lawrence Lu stopped the car, got off first, walked with long legs, and stood in front of the door.

Siena Liang dragged the suitcase, and quickly followed.

"You will change it first." Lawrence Lu found a pair of brand new men's slippers from the shoe cabinet, handed it to her, and turned into the living room.

“Oh.” She changed her shoes, followed him, and stood by the sofa, watching him lying on the sofa with his eyes closed. She didn’t want to be disturbed, but she was a little cramped because of the strange environment, “Mr. Lu…Here is… …” He opened his eyes, “My house. From now on, you will live here.” She nodded, and looked around the house a little bit. The modern and simple decoration style is simple and elegant, which matches his temperament very well.

“There are only hourly workers at home. I will hire an attentive nanny in a few days. So, in these few days, do you have any questions?” He obviously asked her, his tone was the honor of the superior, just like him. It has been decided, and others can only listen.

Siena Liang shook his head.

“The second room on the left of the stairs is the guest room, the room you will be after. If you have no other problems, you can go up and rest first. I want to be alone, huh?” “Okay.” Siena Liang dragged the suitcase on top Lou, at the corner, she looked back at him.

He was sitting on the sofa with a cigarette in his hand.

Thick smoke covered him, adding a bit of melancholy to him.

The house of Lawrence Lu is well decorated and the layout is excellent.

Siena Liang’s room is sunny, bright, and has a separate bathroom.

Take out a set of household clothes out of the box, go to the bathroom and rinse briefly before lying on the bed.

Last night was crazy, and everything today made her exhausted physically and mentally. Now, she just wants to sleep well.

Two hours later, maybe in an unfamiliar environment, Siena Liang couldn't fall asleep over and over again, and was very thirsty.

She didn't want to go downstairs, to be honest, she didn't particularly want to face the man downstairs now.

I took out my mobile phone and found two messages on WeChat. They were sent by school friend Wu Pianpin, asking her why she didn't go to class.

She returned the message without mentioning anything about the past two days.

After replying to the message, she clicked on Weibo and saw that the popular new drama "Flowers on Moshang" finally confirmed the heroine, and it was Warnia, who swept her out today.

Warnia looks good, and belongs to the gorgeous one.

Before graduating from university, he set foot in the show business circle, but he hasn't been very popular over the years and has been playing a female role.

And today, the heroine who suddenly rose to appear in such a hot game must also be related to the Liang family.

Shayne Liang got the shares that should have belonged to her, and he was rich enough to use the money to support his daughter. How could it be justified.

Siena Liang curled up the corners of her mouth mockingly, her eyes dimmed.

Liang Clan and Liang Zhai, when can she get them back?

After a while, she was really thirsty, got out of bed, walked to the door, and listened carefully to the movement outside.

After listening for a long time, it was quiet outside.

Is he gone?

Feeling relieved, she unscrewed the doorknob and went downstairs.

There is no one on the sofa, and the ashtray on the coffee table is full of cigarette butts.

Isn’t it uncomfortable for this person to smoke so much?

Siena Liang shook his head, no longer thinking about it, wanting to go into the kitchen to find someone to drink.

As soon as I raised my foot, I heard a “pop” from the room next to the window.

She paused and looked over. The door was closed and she couldn’t see what was inside.

Immediately afterwards, there was another series of crackling and cracking sounds of glass falling to the ground.

“Who is it?”
