Only You Can Be My Wife

Chapter

Chapter 11

It’s great that you didn’t die Siena Liang stood outside the door, “Is there anyone?” There was no answer.

“I’m going in.” Although it was her first day to this place, she was a little worried when she made such a loud noise.

It was said that curiosity killed the cat, but after thinking about it, she opened the door.

The light inside is very dim, and a staircase can be vaguely seen leading down.

At the end of the stairs, there was a faint halo.

Along the stairs, Siena Liang walked slowly step by step.

Only halfway down the stairs, she could determine that this was a wine cellar.

The further down, the stronger the wine taste.

“Mr. Lu?” When Siena Liang arrived at the wine cellar, he saw Lawrence Lu sitting leaning against one of the rows of wine cabinets. He was holding a bottle of wine in one hand, and beside him were the fragments of the wine bottle, while his other hand was resting. Above those pieces.

It seems that he knocked over the wine bottle with those sounds just now.

She walked a few steps over and stood in front of him, only to realize that his hand had been injured by the debris and was still bleeding.

He didn't seem to feel any pain, and he didn't frown.

"Are you okay?" She knelt down, the strong smell of alcohol made her frown.

How much did he drink?

He took his hand away, worried that he would put it on the shards, and kicked the shards aside with his feet.

Lawrence Lu looked at her, Qingjun's pretty face was a little startled.

"Wait a minute, I'll find something to treat the wound for you." After that, she turned and ran out and went straight to the room where she lived.

Today, I was treating the wound on the forehead in the hospital, and the doctor gave her some gauze and iodine instead.

She took things and ran to the wine cellar again.

"I'll help you deal with it briefly first." She put his hand on her knee.

Lawrence Lu fixedly looked at the little woman in front of him, clasped her wrist with his injured hand, and pulled her to his chest with a slight force.

"Kang Dang–" He threw the wine bottle in his other hand on the ground, held her cheek, and allowed to suck her lips firmly.

"Um…" The sudden k!ss made Siena Liang's eyes widened in an instant.

It is better to bite her than to k!ss her.

There was a strong smell of wine in his mouth, and his hot lips swept wildly in her mouth.

“Lu…” His frenzy made her panic.

She shook her head desperately, but couldn’t escape his constraints.

They were drunk yesterday, but now she is sober, she doesn’t want to repeat yesterday’s mistake again.

The fist hit his shoulder, but he didn’t even frown.

In panic, she touched the bottle on the wine cabinet with her waving hand.

At this moment, she couldn’t control so much, she lifted the bottle and smashed his head – “Bang –” “Um…” He finally let go of her, with a hint of surprise and disbelief in his chaotic eyes. “You…” “You did it first, don’t blame me!” She hurriedly got up, stood a few steps away, her chest also fluctuated violently because of the chaos.

“…Come here.” Her head shook like a rattle.

“No!” Did you let him call back in the past?

She doesn’t want it!

“Help me…” Before he finished speaking, he fell to the ground feebly.

“Hey…” Siena Liang was stunned for a while, what was his situation?

“Lawrence Lu? Don’t pretend! I won’t be fooled!” “…” The people on the ground made no sound.

He won’t really faint, will he?

Mao courageously walked over and tried to kick him gently with his toes, but there was no movement.

“Hey…” When she approached, she discovered that there was a bright red thing in the place where he was smashed, which looked majestic and majestic under the yellow light.

At this time, she was really anxious and terrified in her heart.

Thinking of the moment I smashed him, there was nothing serious in my urgency… It seemed that that moment was quite heavy… He, would not… Her heart touched her throat, and Siena Liang didn’t dare to come out.

She stretched out her hand tremblingly to reach the end of his nose, feeling the faint breath, her heart fell heavily to the ground.

In this short time, her heart is like riding a roller coaster.

Now that he just fainted, he finally couldn’t help holding him crying and laughing: “Great! It’s great that you haven’t died!”

Chapter 12

Siena Liang took Lawrence Lu’s wallet and paid the money back. As soon as he walked to the door, he heard a joking voice coming from the room-“You are also a miracle. Can get me here. I have opened my eyes today.” After that, the man couldn’t help it, hahaha began to laugh wildly.

Siena Liang heard that it was the doctor Solan Bai who had just treated Lawrence Lu’s wounds.

In the chaotic and panic situation just now, she hadn’t looked at him carefully, but vaguely remembered that he was wearing a white coat and a long body, which was quite immortal.

He really made this magical laughter?

“Shut up!” Lawrence Lu made this voice.

It sounded slightly angry, mixed with a little embarrassment, and because of the injury, the momentum was not very strong.

“Okay, I don’t laugh…haha…” “Solan Bai, are you panicking? Do you want me to tell your old man that the antique in your living room is a fake?” “Ah… you are really! Can’t afford to open it! But buddy, do you use a strong drink? Look at you, the smell of wine, you made it out of the wine tank? Look at that little girl, you made the great achievements on the neck Huh? You did it on your forehead too? Unexpectedly, you are usually handsome and talented. When you get on the bed, there are so many beasts.” “……” “But the little girl looked thin and weak, and she couldn’t help but feel the strength of her hand. It’s pretty big.” Siena Liang stood outside the door, listening to Solan Bai’s words, squeezing the wallet in his hand.

“How long will you stay there?”

Siena Liang was hesitating whether to leave first, but Lawrence Lu in the room had already spoken.

She knew that this was said to her.

Standing at the door nervously, looking at Lawrence Lu on the hospital bed, she smirked.

“Come in!” “Oh, our brave little girl is here? Come in!” Solan Bai smiled harmlessly at Siena Liang.

Siena Liang slowly walked to the hospital bed and saw Lawrence Lu, who was looking ill since she walked in, swallowed his saliva, “That… are you okay?” Lawrence Lu immediately exploded his hair when he heard it. “You try?” He roared loudly, and Siena Liang shrank his neck in fright.

“What are you doing so loudly, don’t scare the little girl.” Solan Bai said, “Don’t pay attention to him, he is always like this. There will be so many bad tempers every month. You should be more concerned.” Solan Bai The words made Siena Liang want to laugh, but he didn’t dare, so he could only endure desperately.

“Aren’t you going?” Lawrence Lu grabbed the disposable paper cup on the bedside table and threw it at Solan Bai.

“Yes, I can’t go!” Solan Bai dodged, avoiding the paper cup, and jumping to the door in a few steps, “To celebrate your success, I asked Lao Zheng to celebrate in his place, you remember to come.” “Get out!” Solan Bai went out, poked out another head in less than five seconds, and said thiefly: “By the way, I forgot to tell you that I just notified my aunt that she is on her way here. No thanks.” When Lawrence Lu heard this, his expression was very ugly, and he wanted to throw something over. Solan Bai hurriedly ran away and escaped.

“That…your wallet…” Siena Liang handed over the wallet in his hand. “One shared seven hundred and thirty-two… This money should have been paid by me, but I didn’t have… or you Remember, I will pay you back when I have money?” In any case, she smashed him. She really should have paid the money.

“You told me this when you came here?” Lawrence Lu stared, a little anxious.

“Ah?” He pointed to his head viciously, “I’ve been made like this by you, shouldn’t you ask me how I am?” I really don’t know if she is stupid!

“Huh?” Siena Liang was stunned, “I already asked.” I remembered that she had actually asked when she just walked in, “You…” He waved his hand, “Forget it!” He turned irritably. Go back.

“…” Siena Liang didn’t know what to say, looking at the water on the bedside table, he felt thirsty again.

When she was still in Nanhu Villa, she was going to drink water, but after being so tossed by him, she didn't care about drinking water.

She took the paper cup and poured a full glass, and was about to drink it, but caught a glimpse of Lawrence Lu who had turned around and didn't know when he had turned around, staring at her with ugly face.

Seeing her looking at him incomprehensibly, he said viciously, "This is how you treat patients?"

Chapter 13

"What?"

"I'm thirsty!"

"That..."

Siena Liang looked at the water glass in his hand and sighed slightly, "Would you like to drink a little?" Lawrence Lu Looking at the cup, he curled his lips in disgust, "Who wants to drink that kind of cup!" "..." Siena Liang really didn't understand. Today, he still thinks that others are good, at least not volatile.

Why is she suddenly like a child, so I'm not talking to her here.

"Then do you want to drink?" "What do you think?" She felt like a fart!

Siena Liang really wanted to splash the water in his hand on his face, and took a few deep breaths hard to suppress the vigorous impulse.

Lawrence Lu snorted when she saw her aggrieved and with a slightly angry face, and closed his eyes somewhat satisfied.

"Axun!" When Siena Liang was speechless, a middle-aged woman suddenly entered the ward, and she rushed to the bed like a gust of wind, worried, "Is it

better?" Lawrence Lu opened his eyes and looked at him. The visitor was a little weak, and then couldn't help grinding his teeth slightly, "Damn Solan Bai!" Siena Liang thought of Solan Bai's words and guessed that this should be Lawrence Lu's mother.

She wore Chanel's latest spring dress, a pair of sandals of the same style on her feet, and her long black hair combed a beautiful bun, looking noble and elegant.

Her skin is well maintained, delicate and fair, and she looks like she is thirty-six or seventeen years old.

"Don't blame Solan Bai, if it weren't for Solan Bai, he would inform his mother that I am still doing beauty care, where would I come to see you?" Lu's mother Parisa Song nodded Lawrence Lu's head, "Does it hurt?" "Hiss–" Lawrence Lu was in pain and turned his head, "Mom, you murdered!"

Parisa Song chuckled, "Looking at you shouting so loudly, it looks like it's all right." "…" Lawrence Lu was speechless and rolled his eyes.

"But, how could you do this?" "You ask her." Lawrence Lu pointed his hand to Siena Liang who was standing on the side.

Parisa Song followed, and now he noticed that there was a person standing next to her, "This is?" She couldn't help exclaiming, "Ah, your forehead is also hurt?" "Auntie… …" Siena Liang was extremely embarrassed, "I'm sorry…Mr. Lu is because of me…" She hesitated to say, after all, this is Lawrence Lu's mother.

He promised to marry her, that is to say, if she speaks out the matter euphemistically, the relationship between mother-in-law and daughter-in-law will be a problem in the future.

"There is a pervert who made her mind, Mom, I don't need to talk about the rest, right?" He meant only that he was a hero to save the United States, not that she injured him.

Siena Liang looked at Lawrence Lu who was helping her in a daze, but he couldn't react for a while.

She thought that he would be anxious to tell him what she did, but he did not expect him to help her.

However, if his mother knew that her son was the pervert in his mouth, how would she feel?

"Axun, you really... Mother admires you!" Parisa Song made up for the glorious deeds of her son's hero saving the United States, smiled, and then turned and looked at Siena Liang a few times. When she saw Siena The traces on the shallow neck, as someone who came by, suddenly understood something.

Parisa Song pointed to Siena Liang's face and asked Lawrence Lu with some joy, "Is she... she is the girl you want to take home to show me and your dad, who is going to get married?" "Who said... "Lawrence Lu was about to refute, but suddenly thinking of something, he nodded silently.

Siena Liang lifted his heart, and he was relieved after seeing Lawrence Lu nodding.

She was really afraid that he would answer no in front of his mother.

After receiving Lawrence Lu's acquiescence, Parisa Song squinted her eyes with joy, took Siena Liang's hand, and looked up and down carefully, "I look so pretty! Little girl, what is your name?" Siena Liang looked at Lawrence Lu. Seeing that he had nothing to say, she answered Parisa Song, "Auntie, my name is Siena Liang." "Yeah!" Parisa Song nodded, looked at Siena Liang's neck, and raised her delicate eyebrows slightly, "I Speaking of Axun, you can relax a little bit. How embarrassed you to let Siena walk outside like this!" "Ah..." Lawrence Lu was a little embarrassed.

"Okay, if you are okay, I'm relieved. I'm leaving now. I have to go back and tell your father that I will leave this for your young couple." Parisa Song pulled

Siena Liang over and sat by the bed. When Axun is ready, you come home with him, and I will make you some delicious food, you can see how thin you are." He said, and touched her face.

"Ms. Song, you know how to cook? Besides, shouldn't you just cook it for me?" Lawrence Lu said lightly.

"Isn't there a mother Zhang? Humph! You are indispensable for the sake of the iron tree finally blooming."

Chapter 14

Parisa Song came and went in a hurry, and only two of them were left in the VIP ward.

Siena Liang was sitting there, but she couldn't react. Is she the parent who met him?

Judging from the manners of Lawrence Lu's mother, she knew that she was not born in an ordinary family, but she looked kind and cute.

Now, she still felt that the face she had just touched seemed to retain the temperature of Parisa Song's hands.

Parisa Song has a faint sweet smell on her body, her delicate hands and the right temperature, touching her face, reminded her of her mother.

After so many years, she once again felt the feeling of being loved by her mother.

"Hey! What do you want!" Lawrence Lu stretched out his hand and waved in front of her.

“No.” She recovered and shook her head, “What’s wrong?” “I’m going to the toilet.” Siena Liang looked at him suspiciously, “Huh?” “Help me!” He beckoned to her.

Siena Liang frowned, “Mr. Lu, you just hurt your head.” The legs can move.

Lawrence Lu raised his eyebrows, “The legs are soft.” After finishing, he added, “You smashed me.” Siena Liang was a little speechless, but had to do it. After all, she really smashed him.

“Then I will only help you to the toilet.” She helped him up, and he fell well. As soon as he stood firmly, he put the weight of the whole body on her.

Although he is not fat, he is about 1.8 meters tall and weighs no less.

Siena Liang staggered and stood firmly on the bed.

When she tried to help him to the toilet, just about to turn around, he called her again, “Pants.” “What?” He shook his injured hand in front of her twice, the meaning couldn’t be more obvious.

“…” Siena Liang was completely speechless, did he want her to help him pull the zipper?

Please, she is not familiar with him!

She really couldn’t do such an intimate thing.

And she also said that she only helped him over!

“What are you rubbing against?” She didn’t know what to say, she raised her eyes to see him standing there. She was wearing only black trousers and a white shirt. She was looking at her with her head slightly tilted like a smile. It’s full of banter.

Siena Liang finally understood that he didn't want her to help, and he didn't need her to support him, he was just teasing her!

Is it because she smashed his head?

It's so naive!

Siena Liang was angry and didn't even think about it, and pushed him hard, "boring!" "Ah -" Lawrence Lu didn't expect Siena Liang to push him suddenly. He staggered a few times and fell to the ground. Fortunately, his injured head hit the wall again.

Siena Liang looked at Lawrence Lu on the ground in horror, unable to recover for a long time.

Lawrence Lu only felt his head buzzing. After a while, he reacted in a daze, shaking his head, his eyes were about to burst into flames.

"Siena Liang!" Siena Liang was so excited by him, she shivered, "I...I didn't mean it..." Now, she really wanted to die.

"What are you doing there, don't help me get up!" The medical staff were busy again, Lawrence Lu's head was wrapped in new gauze, his face was almost dripping.

After reprocessing the wound, he said that he would not stay in the hospital for anything. Siena Liang had no choice but to leave the hospital and follow him.

When I came, I didn't drive.

To go back now, I can only call for rent.

As the taxi passed through the Tang Dynasty, Lawrence Lu called the driver to stop.

“It’s so late, don’t we go home?” Siena Liang also got out of the car.

Looking at the sign of Sheng Tang, I couldn’t help but frown.

She can’t like this place.

“You are smashing and pushing, do I still dare to live under the same roof with you? Starting today, I live here and you go back.” As he said, he took out a bunch of keys from his pocket. Throw it to her, “The key! If you forget to bring it, the password is 861116.”

Chapter 15

As soon as Siena Liang entered the door and saw the sofa, he didn’t even bother to change his shoes, so he collapsed on the sofa.

This day is really more exciting than the movies.

Staring at the large French window, she thought weakly. Seeing Lawrence Lu’s appearance, she seemed to be outraged by her.

Hey!

How can you not be angry?

Within a day, she smashed his head, and even pushed him when he was injured… How to say, she still begs him now, even if she is angry, she should bear it.

After all, if she provokes him, where should she go to find the second Lawrence Lu?

She didn’t know him, and wondered if he would regret not marrying her because of what she did today?

After thinking about it, she shook her head again to deny her thoughts. It shouldn't be. Although he didn't come back, didn't he still tell her his password and gave her the key?

But… if he turns back, what should she do?

Annoyed and stepped on her legs, she sat up all at once.

"No! I can't make him regret it!" She had decided that she must do something to let him marry her as scheduled.

Don't you all say that people's mouths are short?

Correct!

Just do it!

Siena Liang had an idea in her mind, and let her heart go, leaning on the sofa, closing her eyes with satisfaction.

At the end of the day, she was really tired.

…… The Tang Dynasty.

With his head wrapped in several thick layers of gauze, Lawrence Lu sat on the solo sofa, with Erlang's legs upright, his face dark.

Looking at the big bed that was fairly comfortable on weekdays, thinking about the night before, he just felt that the headache got worse.

It wasn't until the assistant Li Song delivered the new phone that his face improved slightly.

"Your speed is fast." He fiddled with the phone without looking up.

“Serve the president!” Li Song immediately said dogmatically.

He had already fallen asleep. He had to get up from the bed when he received a call from the president of his family, and he checked the time. It was nine o’clock!

He hurriedly rushed to the nearest mobile phone store, ordered the most expensive mobile phone, and rushed to the Tang Dynasty without stopping.

What a joke, when the little temper of his president comes up, it is really not a joke.

Now, he was standing there with his hair deformed in sleep, messy, and standing upright with a poke on his head, which seemed funny no matter what.

Lawrence Lu looked at Li Song and nodded in satisfaction.

Well, Li Song’s appearance made him feel good!

Li Song saw the satisfied look of his president, and immediately said: “President, it’s already past ten o’clock now.” “Yeah.” “Look at the distance between my home and the Tang Dynasty, the distance between the east and the west of the city… “So I asked you to buy a house closer to the company, you have to listen.” Lu’s distance from Shengtang is only ten minutes by car.

Li Song thought bitterly, he was thinking about him, but this city center land, can he buy it if he wants?

Besides, even if he really bought it, would he still marry a wife?

“No, President, I mean, my home is quite far from here, can I just be here with you today?” Lawrence Lu raised his head and glanced at him lightly: “What do you think?” “President, I I have to go to work tomorrow…” “Although you are by my side every day, it doesn’t mean that I am willing to get up early in the

morning and watch a big man walking around in front of me wearing a pair of pants, understand?" He has been working around for several years, and he still understands his character.

Li Song nodded aggrievedly, "Okay, then I'll go back, President." Lawrence Lu nodded and was about to continue playing with his mobile phone when suddenly thought of something, "Wait!" Li Song looked over expectantly, "President. You..." "Go to investigate a woman named Siena Liang, the fastest time, I want to see all her information."

Chapter 16

Lawrence Lu wears such a head. He always pays attention to appearance, in the name of recuperation, he naturally will not go to the company.

He has always been known for being handsome and handsome. He has such an ugly appearance. Who is going to the company to show those guys like a monkey?

I was too busy on weekdays, but when I suddenly became idle, I was really uncomfortable.

Especially when he stayed in the room all day, he always felt that everything in the room made him feel upset.

I was bored, so I could only find Solan Bai and the others for a drink.

Solan Bai came quickly, sitting on the sofa as soon as he entered the door, rubbing his brows, looking very tired.

"I said, I asked you to accompany me to chat and drink. Why are you lying there and pretending to die?" Lawrence Lu raised his eyebrows.

Solan Bai glanced at him, "Do you think I look like you? Stay here, a mobile phone can remotely control the entire company, but I rely on technology to

eat, so tired, OK?" "Your company always wants you to go, you must To be an angel in white, blame me?" Lawrence Lu was talking, but there was a "dingdong" in the computer, prompting him to have new mail.

He walked over and clicked on the email, and Siena Liang's information appeared before his eyes.

The information is not long, but he read it for a long time.

After reading the entire email, his lips pressed into a line, indicating that he was not in a good mood.

Thinking of what Siena Liang said to him in the hospital, she said there was no way to marry him.

Ah!

According to the information, she really has no choice.

Owned by his relatives, the things that should belong to him said that he was driven out like that and he was irritated and placed a cigarette. The more he smoked, the more irritable he became.

Shayne Liang?

He remembered.

Brian Zheng, who arrived a little later, looked at Lawrence Lu, who was looking ugly, and asked Solan Bai on the sofa, "What happened to him?" Solan Bai spread his hands, "Who knows?" "I'm talking about his head." Ask him about that." After smoking three cigarettes in a row, Lawrence Lu felt calmer.

Looking at the two people in the room who were already drinking, he walked slowly over, "You guys drink happily." "Otherwise?" Solan Bai poured wine into his glass, "Continue to look at your bitter face?" Brian Zheng lighted a

cigarette for himself. He was always indifferent, and his face was a little more inquisitive, “What’s going on with you?” “That” Lawrence Lu pretended to be indifferent, “f*cked by a woman.” “I heard the people at the front desk say that you left with a woman yesterday morning?” Then, he glanced at Lawrence Lu’s head, “The same one?” Solan Bai was energetic, “Old Zheng , You said he left here with a woman yesterday?” Bai nodded solemnly with Brian Zheng’s acquiescence, “No wonder” “No wonder what?” “You don’t know, that girl’s neck” “You Want to die?” Lawrence Lu put aside the wine bottle he had just poured.

Solan Bai shrugged and was not afraid of him at all, “Old Zheng, don’t you know that Axun tossed the girl so that there was a serious look on the face of the other girl who wished everyone in the world would know that he was an ascetic man. That bravery, I really admire it.” As he said, he clasped his fists in his hands, really making a look of admiration.

“” “But, you didn’t want your daughter” Lawrence Lu was completely angry when he heard this, “Don’t mention her in front of me!” Solan Bai was taken aback, then looked at Brian Zheng.

The two looked at each other, and they didn’t understand why he reacted so much.

After drinking all the wine in his cup, Lawrence Lu twitched his mouth and laughed mockingly: “She is gone, looking for her happiness.” He took out a cigarette irritably, and asked them softly with a sneer, “You guys.” Say I’m not good enough for her? So for so many years, she still wants to leave. How can I care about my feelings?” Solan Bai and Brian Zheng knew about him.

They naturally understood what he said.

Brian Zheng didn’t say anything, just patted him on the shoulder, “Now you understand that feelings are something you can’t force.”

Solan Bai laughed and asked him solemnly,

“Then what are you going to do?”

Chapter 17

“No?”

After getting Lawrence Lu’s answer, Solan Bai exaggeratedly roared out.

“You slept with her, so you want to marry her? Please, what kind of society is it now?” “What can I think of?” Lawrence Lu shook the wine glass in his hand, “Isn’t it good?” Brian Zheng was silent for a long time, look. “Do you really plan to do this?” Lawrence Lu nodded, “You said that the innocent girl was slept by me, so you can’t be responsible for her? Besides, the situation in her family seems to be a bit complicated.” He rubbed his eyebrows, “You said, a little girl who is willing to take post-incident medicine in front of you, but she has to ask a strange man who has fallen asleep unclearly to marry her, feeling scared in her heart. Few people can understand.” After listening to him, the room became extremely silent for a while.

It wasn’t until the phone rang inside the house that the silence was broken.

Lawrence Lu walked over and picked up the phone, “Hello,” “Mr. Lu, this is the reception desk of the Tang Dynasty.” The reception lady’s polite and sweet voice came from the phone.

“Yeah.” “That’s Mr. Lu. There was a lady named Liang at the front desk who left a copy for us to pass it on to you. Is it convenient for you now?” “Miss Liang?” Siena Liang?

Miss Liang in his mind seems to be her only.

“Yes.” “Where is she?” “Miss Liang has already left.” Lawrence Lu squinted, wondering what Siena Liang was doing.

After thinking about it, he said to the other end of the phone: “Okay, I see, then send me what she left.” Three big men in their thirties looked at the coffee table together. When the lunch box was opened, the picture was somewhat weird.

That’s right!

This is what Siena Liang wanted Lawrence Lu to eat with a short mouth.

Four exquisite and cute cartoon bento boxes are filled with different foods.

There is a box of salmon sushi, a box of pickles made by herself, a box of delicate fruits, and a box of rice.

To talk about a few boxes of bento, that box of rice is the most irritating.

Siena Liang made a cute bear with vegetables on top of the rice that was cooked well and softly. Next to the bear, there was a vegetable strip with two words eating me!

The rice that I usually think is dispensable, but because of these decorations, I am very appetite.

And in the lunch bag, there is also a sticky note with two simple cartoon characters drawn on it, one with gauze wrapped around its head, looks arrogant and the other is kneeling in front of the standing little man, Biao. With tears, a few words written on the top of the head beg for forgiveness!

“Unexpectedly, this little girl is quite dexterous. This will make me appetite!” Solan Bai rubbed his hands and prepared to start.

Lawrence Lu’s eyesight was quick, and he dragged the bento in front of him a few times, “This is mine!” “Old Zheng” Solan Bai looked at Brian Zheng pitifully.

Brian Zheng didn't bother to care about him, "You can eat such naive things?" When he said this, he didn't expect that after a long time, he would face these naive things, like a treasure.

Lawrence Lu picked up his chopsticks and ate a piece of sushi, hooked his lips, the taste was okay!

After he tasted everything in the box, he took the post-it note and asked Xiang Brian Zheng and the others: "If you can't marry her, who is not the same? But according to today, even if you get married in the future, Even if you don't have love, it's not bad, do you think?"

For five days in a row, Lawrence Lu received a bento from Siena Liang every day, and he didn't repeat it every day.

The next day, it was a cup of fragrant chicken soup.

Similarly, the attached post-it note is a small person with gauze wrapped around his head sitting on the sofa, with Erlang's legs tilted, without squinting.

Another little man stood beside him holding a steaming bowl, his head hanging slightly, and the words on the top of his head were: You are always injured, drink a bowl of chicken soup to make up for it!

On the third day, it was a pot of soft and delicious millet porridge and a dish of mixed vegetables.

On the post-it note, the little man wrapped in gauze sat at the table, folded his hands on his chest, and the other little man was holding the dinner plate. The word on the top of his head was that the chicken soup was greasy. How about a lighter taste?

On the fourth day, it was a box of fried rice mixed with pea, ham, carrot, shrimp, shiitake mushroom and sea cucumber.

On the post-it note, the little man with braids was holding the spatula and was so busy, the other little man laughed wildly with his hands on his hips.

On the fifth day, I thought of a box of hand-made desserts, surrounded by several cute buns, mice, and big trees. In the middle, there was a little dough man made in the shape of Lawrence Lu. Very cute.

On the post-it note, the little man with braids knelt in front of the other little man, thumping his leg with doglegs, and asked his master, have you deflated?

On the sixth day, Siena Liang had just walked into the lobby of Shengtang, carrying a newly bought bento box, and was about to walk to the front desk, but his wrist was grasped “Siena Liang!” Siena Liang turned around. It’s not Robert who is holding her?

He looked at her with a trace of anger on his face.

Siena Liang looked at the man in front of her, thinking of all the past, she felt a little pain in her heart.

It was someone who had liked her for so many years, but was behind her back with her cousin.

“Something?” She said coldly, holding back the feeling of heartache.

“Why are you here?” After looking at her a few times, he squinted, a little angry, “Are you following me?” Siena Liang couldn’t help but feel a little funny.

In fact, she really laughed, her lips curled up, and the sarcasm was strong, “Is that necessary?” She shook it hard, “Let go!” Robert dragged her along watching the crowds in the lobby. When I walked to the side corner, I let go of my hand.

“Siena” Robert Zhao looked at her with some helplessness, “We can get together well, why are you doing this?” Siena Liang only felt that he was really inexplicable!

“Don’t we have a good time together? Have I haunted you?”

“No? What is it in your hand?” He pointed to the bento box in her hand, “Knowing that I have a meal here, come to me with these unfavorable things, why, use this to make me remember In the past? Siena Liang, stalking has never been your style.” He made a business appointment in the Shengtang today, but didn’t want to see her here. The first reaction was that she came to him.

Something not inflow?

Siena Liang looked at the lunch box silently, feeling sore.

At first, when he was her boyfriend, she often made lunch for him.

He was busy and often couldn’t eat. She was afraid of being hungry, so she went to the cooking class and made all kinds of bento to give him.

What did he say at that time?

He said, this is the best food in the world I have ever eaten.

But now?

He betrayed their feelings, and even the bento that once warmed his stomach has become an influential thing?

Yes!

Even if you don’t want to be a person anymore, what’s the point of what you do?

Pulling the hair on the front of the forehead, the corner of the forehead that hit the capital a few days ago was pale pink.

“Since you also said that I don’t like stalkers, why do you think that what I do is for you?” Then, she smiled softly, “After all, the current you can never make me use up. It took a few hours for my mind to make these things.” “You” he looked at her forehead, gritted his teeth, a few ripples in his heart.

“You know, I don’t know how to cook. For you, I enroll in a cooking class, and you should understand what it is. The bento is worthless, but it is full of my mind. But” she looked into his eyes, a He said word by word, “I have been sad and heartbroken since I learned that you are with Warnia. You have done absolutely nothing. I don’t even have a place to live. For so many years, even if you don’t love me, at least there should be a phone call. Right? No! So, why do you think I want to do this for you?”

Chapter 18

“Robert, don’t be passionate.”

Although it is difficult to let go of the feelings for many years, she is not uncommon to have betrayed feelings.

And the same man who betrayed you, she is naturally no longer rare.

Glancing at him deeply, as if he wanted to remember him well, and as if he wanted to completely delete his figure from his mind.

“Goodbye!”

“Siena!” Seeing her turn around to leave, Robert Zhao didn’t know why, and grabbed her.

“Robert Zhao! What are you doing? Are you stalking? Let go!” Siena Liang became a little angry and struggled.

“You” he didn’t know what to say. He saw the bento box in a hurry and blurted out, “Who do you want to give the bento to?” As he said, he stretched out his hand to grab it.

“What’s up with you? I let you let go!” “You” and “Kangdang” In the midst of the fight, the bento box fell to the ground.

The glass box broke, and the handmade cake inside broke.

Siena Liang looked at the mess on the ground in shock, and was stunned.

She still wanted to use this to bribe Lawrence Lu, and it was in a state now.

Robert Zhao looked at the broken bento on the ground, and said fiercely, “I didn’t even come to see me! You” “The public is so pulling, Zhao Gongzi is not afraid that Chairman Liang and Ling Qianjin are upset?” Liang Liang The voice sounded abruptly.

With this voice, Siena Liang turned his head and saw Lawrence Lu, who hadn’t seen him for a few days, leaning on a pillar beside him, with his hands in his pockets.

The gauze on his head has been removed, his hair is waxed, and he looks refreshed.

He looked at their direction and curled up his lips with a smile, which seemed a bit evil.

But Siena Liang always felt that his eyes flashed with anger.

“Mr. Lu?” Seeing Lawrence Lu and listening to what he said, Robert Zhao was somewhat embarrassed, let go of Siena Liang’s hand, coughed, and quickly concealed the embarrassment on his face, walked over and stretched out his hand to say hello , “Unexpectedly I would see you here, happy meeting!” Looking at the hand in front of him, Lawrence Lu raised his eyebrows, and

after a while, when Robert Zhao was embarrassed to take it back, he lazily stretched out his hand.

When he was about to touch Robert Zhao's hand, his hand turned and walked away from one side of his body, pulling Siena Liang not far away.

"I said you just send a lunch box, what nonsense with an unrelated strange man?" He looked at her, the "masterpiece" he made on her neck has disappeared, and the forehead injury is only pale pink. .

Ah, very good!

He bit the words "irrelevant" and "stranger man" very hard.

On his arm, the temperature of his palm penetrated her skin and reached the bottom of his heart.

"" Siena Liang did not expect Lawrence Lu to have such an attitude.

But she could feel that for Robert Zhao, his lack of face seemed to be helping her out?

"Speak!" Seeing her silence, he frowned and squinted dangerously.

"" She felt that the force on her arm seemed to be heavier, and his tone was not very good, but it didn't show up on his face.

"Don't speak, are you bullied? Huh?" He glanced at Robert Zhao.

Robert looked at the two people who were pulling together, his expression changed a little.

What is the relationship between Lawrence Lu and Siena Liang?

Siena didn’t go to President Li’s room that day, but did Siena Liang shook his head and said softly after a while: “You can’t eat the cake.” She did it for three hours today!

Lawrence Lu glanced at the cake on the floor, “It’s fine if you can’t eat it.” “But” he understood what she meant, and smiled, the smile is really indescribable.

“If you don’t eat this today, let’s eat something else?” “Huh?” When he didn’t say a word, he pulled her away and turned around, wondering if he didn’t pay attention and hit Robert hard and hit Robert the same. Staggered, almost unstable.

“Sorry, I thought you were gone.” Lawrence Lu raised his eyebrows and said sorry, but his face was a look like I just hit you.

Siena Liang was a little speechless, thinking that Lawrence Lu was really naive, but he felt so cute.

Seeing Robert’s deflated appearance, my heart feels a lot less sour, “Where are we going?” Lawrence Lu’s answer to her was “Eat the king’s meal! Go or not?”

Chapter 19

It is difficult to distinguish between people and dogs, “That kid is your former boyfriend?” Lawrence Lu Take her to the underground parking lot and get in her car.

Siena Liang fastened his seat belt and nodded, “Yeah.” He sneered, “You don’t have a good vision.” Robert and the same man, who looked like a human and a dog, were decent, but his character I really can’t bear to look straight.

After listening, Siena Liang smiled bitterly, “My family found it, we grew up together since we were young.” After that, she couldn’t help but joked, “I only blame my young age at the time.”

He still knows the popular network language now.

is not it?

After listening, he chuckles and laughs, “So he is still a child bride?” Does he have to speak so badly?

“I don’t live in his house, so what kind of a child bride?” Mr. Lu, have you never gone to school?

But she dared not ask this.

“Many years ago, the two relatives gave a marriage but now, he is in love with my cousin, Warnia, who has been so hot in recent days.” “That’s the fiance?” Lawrence Lu looked at her a little lonely. He raised his eyebrows and raised his eyebrows, “Why? Sad?” “Does it make me look a little heartless if I’m not sad?” After all, he is the boy who grew up with and loved her, and has treated her since I was young. A very nice cousin who is related to her by blood.

They both betrayed her!

Including her emotion and trust!

If Robert Zhao broke up with her just because of a bad relationship, she might feel better.

But not only did he come with Warnia and betray her, but he also ganged up with her uncle and them to drive her out of Liang’s house.

She was sad, sad, and angry, but she had nothing to do.

“Well, it’s not heartless.” He started the car, turned his head and glanced at her, “So by trying to hook him up while delivering me food?” He got angry thinking about him, and he was hungry upstairs. The chest was pressed against the back, but she pulled at the bottom with her former fiance.

Siena Liang remembered the scene at the time and looked at his face, “I don’t know where he is.” She thinks she still needs to explain. He saw the same thing, but she didn’t know how much she saw. .

“I’m just here to bring you food.” “So?” He turned the steering wheel and looked ahead.

When it comes to delivering meals, she is a little annoyed, after all, it took her several hours to make the result.

“I didn’t expect to run into him, but now it’s good, and the cake can’t be eaten.” Her distressed look seemed to please him, and she stretched out a hand and patted her shoulder boldly, “It’s okay, let’s not eat. Yes, I make sure you eat happily, huh?” “What are we here for?” Siena Liang asked the man next to him suspiciously, looking at the place where the decoration style is very design.

Didn’t you go to dinner?

What did he take her to the private modeling room for?

And it’s also a modeling room belonging to the city!

What is he going to do?

“Go eat the free Overlord’s meal, shouldn’t you clean up first?” Lawrence Lu squinted at her, “Look at the oily smoke on your body, do you like it?” “” Siena Liang heard the words, bowed his head and sniffed his clothes , I made a cake today. At best, the sweet smell is a bit heavy. Where does the oily smell come from?

“Then go home and change one, don’t you need to come here?” How can she have any spare money to spend in such high-end places?

“Walking with me, shouldn’t it be a little more glamorous?” “But” Lawrence Lu ignored her, and told the stylist who had been waiting for a long time by his side: “Go, take her to clean up, be quick , I want to see a makeover. Understand?”

“Understand, Mr. Lu.” The stylist responded…

Chapter 20

Don’t worry about me, Lawrence Lu is annoyed by waiting for people.

But today, he seems very patient.

Sitting on the sofa in the waiting area, flipping through fashion magazines with great interest.

There were also a few people in the waiting area, but he was the most eye-catching.

Just sitting there, with a straight back, his handsome and innocent face is a scene of its own.

“Mr. Lu, all right!” The stylist stepped out first, and hurriedly opened the curtain behind him, and Siena Liang, who had been thoroughly dressed, appeared in his vision.

Lawrence Lu looked up carelessly, but at the moment he saw Siena Liang, he couldn’t help but stared blankly.

The styling room is integrated with clothing, shoes, basic jewelry, makeup and hairstyle.

At this time, Siena Liang wore a mermaid-style white long skirt. Her figure is very good, especially this skirt perfectly outlines her body line. It is concave

and convex, but it does not appear vulgar. On the contrary, she has a little bit of it. Girl's innocence.

The stylist only gave her one of the most popular Korean makeup looks, light, but very attractive.

The long black hair is simply wrapped behind her head, and a small strand of slightly curly hair is left in front of her ears, making her look energetic and beautiful.

"Mr. Lu, are you still satisfied?" Lawrence Lu, who was still stunned, was shouted so, he immediately returned to his senses, coughed slightly in embarrassment, and nodded.

Is the person standing not far in front of him really Siena Liang?

Although he admits that Siena Liang is very beautiful, he is of the kind that looks beautiful at first glance, and the more he looks, the better.

Especially those big eyes, watery, as if they could speak.

He saw Siena Liang so many times, she was all plain makeup, and he didn't think that she changed her clothes, changed her hairstyle, and simplified her makeup. It seemed indescribably pleasing to the eye.

Siena Liang saw that he didn't say anything, she pinched the sides of the skirt a little awkwardly, "Will that be weird?" This is the first time she has worn such a skirt.

The skirt was so tight that she felt a little uncomfortable. She always had the illusion that she was not wearing clothes.

She admitted that the skirt was very beautiful, but she always felt like it would fall off at any time, especially on the chest.

“It’s okay.” Lawrence Lu stood up, walked in front of her, and looked at her up and down again, his eyes darkened instantly.

“Cough” This figure is really good.

“Isn’t it weird?” She tugged her clothes upwards.

“Let’s go, don’t you want to eat?” The second floor of the Tang Dynasty is a place dedicated to eating. There are many differently decorated and luxurious private rooms. Not only are the decorations high-end, the dishes are also famous in the city.

Many people with status and status in the city always like to come here for dinner.

However, there is something else to say about the uncertainty.

Lawrence Lu took Siena Liang and stood outside the door of one of the private rooms. He was about to push the door, thinking of something, and grabbed her.

Her small white hand was held by him, and the temperature of her generous hand reached her palm, and she felt that her skin seemed to be burned by him.

In the past, Robert Zhao had held her hand in this way, but never once did it make her feel uncomfortable but couldn’t help her heart beating faster.

She wanted to get her hands away, but he grasped it tighter, “Don’t move!” ””She didn’t know who she was going to see later. Would it be okay to want her to be led in like this?

“Wait a minute, you just eat, nothing else.” “But” he seemed to see her entanglement, and said with rare comfort
