Only You Can Be My Wife

Chapter 21

It won't work if you don't give full marks.

In the private room, eating and chatting, a piece of harmony.

The door of the private room opened from the outside, and for a while, the people inside all looked at the door.

"Mr. Lu?" Wang Mingyi was a little surprised when he saw the visitor, but he immediately raised a smile and said hello.

Robert was surprised with the same face, and he didn't expect Lawrence Lu to appear here.

This is nothing, but how could Siena Liang be with him?

Their hands are even held together!

Thinking of the scene in the lobby just now, he couldn't help but frowned.

What is their relationship?

Lawrence Lu glanced at the situation in the room and smiled faintly, "Mr. Wang, do you mind having two more positions?" Siena Liang looked at the two people in the room. She didn't know Wang Mingyi, but she sat there again. Surprised and suspiciously looking at her and Lawrence Lu's Robert Zhao, the moment she looked at him, she seemed to understand Lawrence Lu's purpose for bringing her here.

Take her to the modeling room, and then bring her here, she thinks she knows that you left me, you are still like that.

And the me who left you, there are countless fresh clothes and delicious food, and there is a better person who treats me like a jewel.

When Wang Mingyi heard this, he was overjoyed, with a smile on his face. You know, he asked Lawrence Lu for a dinner, but he didn't make an appointment for half a year.

This time I originally asked him to talk about the company's cooperation projects. After making several appointments, his assistants all answered him with "too much investment, too low income, and Mr. Lu is not interested." He sent him hastily. Robert Zhao is also second, thinking that the Zhao family is good, and now it is said that Robert Zhao and Warnia are about to be engaged, he is only now, and Lawrence Lu has come to take the initiative, he is naturally very happy. After all, Lu is one of the top 500 in the world Top 50. "Wang is honored to be honored by President Lu.

"Wang Mingyi stood up," Mr. Lu, please come in quickly.

Lawrence Lu nodded, and Jingui gracefully led Siena Liang into it. "Mr. Lu, who is this beauty?"

"Just now I was just talking to Lawrence Lu, and now I saw Siena Liang, Wang Mingyi's eyes flashed astonishment. Lawrence Lu pulled the chair away for Siena Liang very gentlemanly. After she sat down, he sat next to her, and then answered Wang Mingyi. , "Siena Liang.

I don't want to say more about these concise words. Siena Liang's parents passed away ten years ago. In these years, she has never attended celebrity gatherings and devoted herself to studying, so few outsiders know that she actually This is the real daughter of the Liang family. Looking at Lawrence Lu's attitude towards Siena Liang, people with a discerning eye will know that they have a great relationship.

“Siena Liang had to say hello now, “Hello.

“

Robert looked at the woman sitting across from him, wondering if it was a trait shared by men. When he saw her and Lawrence Lu together, he only felt uncomfortable like a stone in his heart.

After all, it was the girl he had cared for for many years, and she liked her simplicity and beauty.

Especially today, she is really beautiful.

When I was with him before, when did she spend her time like this?

Thinking about it, he couldn’t help but taste a little bit.

Wang Mingyi originally had some other crooked thoughts, but after seeing Lawrence Lu’s actions, he didn’t dare to think about it anymore and complimented, “Miss Liang is really beautiful! If it is placed in our company, this is the rhythm of casually becoming popular. Ah!” Wang Mingyi’s company is an entertainment company and has gained a good reputation in the industry over the past few years.

Lawrence Lu listened and joked with a smile, “Wang always feels that I, Lawrence Lu, can’t even feed a woman, so I want her to show up?” He turned to Robert Zhao, whose face changed a little since they came in, and asked. , “You said so, Young Master Zhao?” Even Siena Liang understood these words.

Wasn’t his words just aimed at Robert Zhao?

After all, isn’t Warnia just a public figure who needs to “show his face”?

Robert heard the same, and was immediately extremely embarrassed.

You know, Lawrence Lu's words are hitting him in the face mercilessly!

He bit his cheek but couldn't refute it.

When Wang Mingyi heard this, his face changed, and he immediately said with a smile, "Mr. Lu, I blame me for not speaking. I punished myself for a cup, which is regarded as a plea." He runs the entertainment business. Who hasn't seen anyone in these years?

Naturally, I also developed the ability to speak and do things.

"Ms. Wang said this is serious!" Lawrence Lu fiddling with the dishes in front of him, "When we saw it today, we were in a good mood. Why don't we order some more wine and not get drunk?" "This" Wang Mingyi looked at Robert Zhao, "Zhao Young man?" Robert smiled faintly, and glanced at Siena Liang on the opposite side, "Since Mr. Lu and Mr. Wang have this elegance, it is naturally good." "It turns out that Mr. Zhao is the host today." Lawrence Lu suddenly realized it, as if now. Only then did I know who the meal was for, and the conversation changed, "Young Master Zhao has been very proud of his love and money, so Lu is not welcome." He said, he pressed the calling machine on the table.

After a while, the waiter came in, and Lawrence Lu said boldly, "Go, get two boxes of Lafite in 1982." He said, he smiled and looked at Siena Liang beside him, "Didn't you say you are hungry? This table The dishes are cold, it's not good to eat." Siena Liang was stunned when he heard two boxes of Lafite.

Now he can only look at Lawrence Lu stupidly.

Lawrence Lu raised his eyebrows, and then said to the waiter: "Prepare all the most expensive dishes in your store. By the way, I heard that the Kobe beef, which is new to Japan today, will also have a portion, the biggest portion!" Wang Mingyiyi Frozen, "Mr. Lu, this" Lawrence Lu made it clear that he was helping the prosperous Tang Dynasty!

However, Robert Zhao buzzed his head, feeling that the blood on his body was about to freeze.

Although the dishes in the Tang Dynasty are good, the prices are never low.

Lawrence Lu was extremely satisfied when he caught a glimpse of Robert Zhao's expression on the two boxes of Rafi.

He spoke lightly and stopped Wang Mingyi's words, "Mr. Wang, you said that you want to cooperate. I thought about it carefully. It seems that there is a meaning of cooperation. What do you think?" Now, Wang Mingyi said nothing.

After all, he can't offend someone like Lawrence Lu, and even though the money is painful, it doesn't cost him money?

It is a smart person's approach to protect oneself clearly!

The chefs of Shengtang are indeed world-class chefs.

Not only is the craftsmanship good, but the speed is also high.

In less than half an hour, the large dining table that can accommodate twenty people was filled with various exquisite and delicious food.

Lafite has also been delivered. Lawrence Lu shook the red wine glass in his hand and said lightly to the waiter: "It's all opened. Pour it all into the decanter to wake up."

Chapter 22

"Yes, Mr. Lu!" Money is the master!

What kind of people have never seen someone who works in a quasi-seven-star hotel like Shengtang?

But in the face of Lawrence Lu, the waiter only silently praised him.

This is so compelling, it won't work if you don't give full marks!

Seeing the red wine pour into the decanter so much, Robert Zhao felt that he could hardly even breathe.

Where is this pouring wine, clearly pouring his blood!

Siena Liang would be too stupid if he still couldn't tell which Lawrence Lu sang.

Thinking that he said that he would take her to eat the King's meal, he took her to do modeling and came here again.

At this moment, looking at Robert's ashen look on the opposite side, as well as the table full of delicious food and constantly pouring wine, thinking about his cold-eyed observation and his betrayal in Liang's house that day, her heart has an indescribable perverted joy.

She couldn't help but look at the man next to her. Although she thought his actions were a bit naive and ridiculous, she couldn't laugh. Instead, she felt that he was so handsome and charming that he was smiling at the moment.

"Look at what I'm doing?" He curled his lips, and even blinked evilly at her, "Eat more." After speaking, he used chopsticks that he had never used before to pick her up.

Seeing that his bowl was quickly piled into a small hill, Siena Liang felt helpless.

"Enough." "Is it delicious?" He stopped and continued to add vegetables to her, his tone gentle, just like treating a woman he really loved.

She was startled by the thought that suddenly came up, she could only nod in a daze.

“Well, it’s okay to like it, we order more if it is not enough, eh?” Siena Liang came out of the bathroom, his wrist was pulled.

“Siena Liang!” gritted his teeth.

Siena Liang was startled at first, but when he watched Robert Zhao’s frustrated look, he calmed down and mocked: “Robert, are you not afraid of my cousin getting angry if you are pulling me like this?” Robert Zhao sneered, but not Let go, instead pushing her against the wall, holding her hands on her shoulders, making her unable to move away.

Siena Liang gasped with pain, “Robert Zhao, why are you crazy?” “Crazy?” Robert sneered like he heard something funny, but his eyes were so red, “Look at Lawrence Lu doing me like this, you Don’t you think it’s cool?” Although Lawrence Lu was indeed arranging him, he said, “Didn’t you agree to take it? Why, I regret it now?” Since she can’t get away, she doesn’t struggle anymore, and she suffers less. Some sins.

“Siena Liang, you and I have been in a relationship for many years, do you have to be like this? Do you know how much it will cost tonight?” Those food is fine, but those wines, Lawrence Lu, and the lions are talking so much, but they are watching the wine. After pouring it all, he didn’t drink a bite. The reason was that he still had to drive!

Need to drive!

Ah!

“Money?” Siena Liang curled her lips sarcastically, “You now have the great backer of the Liang family. Tonight is nothing but a drop in the bucket. Also, don’t talk about friendship in front of me, it will only make me listen. Do you know that you are sick?” “Siena Liang, I know you hold a grudge.” Siena Liang

nodded, “It’s good if you know.” “Why don’t I know that you are such a person. For so many years, you can It’s a good cover up, great!” She felt another pain in her heart.

It turned out that this is his evaluation of her.

Trying to suppress the sense of soreness, she squinted her eyes and asked, “What kind of person am I, what is the matter with you, Guan Zhaofei?” The smiles of the people in front of me were bright and moving, just like the flowers that bloomed in the early morning. Beautiful.

But Robert Zhao felt very strange.

The former Siena Liang did not apply cosmetics, was cheerful and optimistic, and had a kind heart.

Compared with her now, she is a different person!

“It’s none of my business, so you wear this virtue?” He stretched out his hand to pull the clothes above her chest, and said mockingly, “Being with me before, you were in all kinds of clothes, but now you are wearing such explicit The clothes are embarrassing everywhere, don’t you think you are as funny as a clown?” His touch disgusted her.

While he was pulling her clothes, she got free, stretched out her hand to stop his movement, Mingli’s face was angry, “Robert Zhao, I lose my face when I lose it. Now, immediately let go of me and get out! When you get to the cousin, you say” “Siena Liang, did you climb on Lawrence Lu’s bed?” Siena Liang’s face turned white, and angrily roared: “Robert Zhao, I told you to go, you can’t hear Is it?” “What? I got it right?” Robert gave her a disgusting look, and then viciously pinched her chin in the next second, “Siena Liang, don’t think you are proud of getting on Lawrence Lu’s bed. What are you, Lawrence Lu is just playing with you!” “Did Mr. Zhao think that tonight is not exciting enough, so he came to trouble my people?” Lawrence Lu, who didn’t know

when he appeared, said, and his words were not turbulent. Surprised, but his eyes are not good.

“Lawrence Lu!” Siena Liang looked like a knight who had come to criticize him.

Robert Zhao didn’t expect that Lawrence Lu would also follow him. He was pushed hard by Siena Liang in a daze. He staggered and took two steps back to stabilize his figure.

Lawrence Lu walked beside Siena Liang, “All right?”

Siena Liang nodded.

“Is this okay?” He looked at the blue marks on her shoulders embarrassingly pinched by Robert Zhao, his eyes darkened again.

“Robert Zhao, you and I are the well water and not the river water, but from now on, it will be different. It’s okay to say that you moved the cake that belongs to me, but you should never move my person. You Say you, what kind of thing?” Leaving the bathroom, leaving Robert and the same person with a gloomy look, they did not enter the private room again, and Lawrence Lu took her out of the Tang Dynasty.

“Aren’t we going back to the private room?” “Why are you going back?” “You haven’t eaten anything yet.” He didn’t eat a bite of food since he served the table.

“Stop eating! Let’s go.” While waiting for the elevator, he glanced at her beside him, unbuttoned his suit jacket and took it off, put it on her body, and pulled the clothes in the middle.

Siena Liang was taken aback, his heart beat, and looked at him foolishly.

“Cough” He coughed lightly, “It’s cold, put it on.” It’s coming to June now, where can it be cold?

Although Siena Liang thought so, he was still obediently obedient.

She always felt a little awkward, that this skirt was too revealing.

Adding to the words that Robert said just now, she feels much better now that he is covered by his clothes.

“Thank you.” She said sincerely.

“I’m just afraid that you will die in the cold, don’t be passionate!” After that, he couldn’t help muttering in a low voice, “What torn clothes, so many exposed, it’s really an eye-catching look!” “” ——— —-

Chapter 23

You have only two choices now, “Are you not leaving today?” Siena Liang watched Lawrence Lu followed into the house and changed his slippers.

Lawrence Lu gave her an angry look, “This is my house!” After speaking, he went to the living room proudly.

Siena Liang was overjoyed, does that mean he is not angry anymore?

Anxiously follow, “Then I’ll cook for you right away, you wait first.” Tonight, he didn’t eat anything, he should be very hungry now.

Turned around, kicked and stepped upstairs, two minutes later, he came down again, and he had changed into a light house suit.

He watched her raging, turned on the TV, and soon there was the roar of the cooker hood coming from the kitchen.

Siena Liang was busy in the kitchen, using the few ingredients left in the refrigerator, making simple two dishes and one soup with fish-flavored pork, vinegar and cabbage, and a seaweed soup.

Twenty minutes later, when Lawrence Lu looked at the dishes on the dinner table, he looked at someone displeased, “I remember that you ate the Manchu Banquet tonight, and now you will eat these for me? Are you sure?” Robert Zhao, he was in a good mood, but he was not interested in eating those dishes.

In some ways, Robert Zhao is also his “rival in love.”

He really found it hard to swallow the food that his rival was in for a treat.

He has been from noon to now, ten o’clock, how does she entertain him as a benefactor?

“There are only these things at home. I will buy something you like tomorrow. I will take a look first today?” she said flatly.

These days he is not at home, and she has no money, these days, the money to buy ingredients is borrowed from Wu Pianpin.

The money she borrowed was not much. She didn’t know how long such a day would take. She didn’t dare to buy more vegetables every day. She tried her best to make his lunch. She simply fries a dish or cooks noodles.

“Huh!” Seeing that her attitude is pretty good, and the dishes are pretty eye-catching, he can barely make it this time.

“That” Siena Liang saw that he had started, and then sat opposite him, “I want to discuss something with you, okay?” Lawrence Lu didn’t look up, and didn’t bother to say anything, but just nodded slightly.

“It’s Friday today, next week I want to go back to school and continue class, okay?” She hasn’t returned to school for more than a week, and she is about to take an exam now. Wu Pianpian calls her almost twice a day.

Hearing that, Lawrence Lu looked at her, put down the tableware, “Class?” “Yeah. The exam is coming soon, so” “Big?” Thinking of her library card, he asked.

“Yeah.” She looked at him hopefully, “You can put forward any request, we can negotiate, but I must continue to attend classes.” Da is the best school in the city, and it is also a school that belongs to one class and two in the country. .

“What did you learn?” “Clothing design.” Lawrence Lu nodded clearly, “Is planning to go back to work for Liang’s family?” Liang’s first made a fortune by operating ready-to-wear clothing, and it is reasonable for her to learn fashion design.

Siena Liang was a little sad, “but it doesn’t seem to be needed anymore.” She smiled, “However, in the future, you can also go to other places to work. If you have a specialty, you won’t be starving, and I’ve learned well.” He only felt inexplicably irritable as she forced her face to laugh, so he took out a cigarette to light it, and after taking a sip, he raised his eyebrows and asked her, “Who said it’s not useful?” The tone was sure and domineering.

“What?” “With me as a backer, what are you worried about?” Looking at the man in front of him, he only felt that he was pulling too much, his expression and tone, but with an unshakable sense of confidence.

“Are you really willing to help me?” Siena Liang only felt that the blood in his body was boiling, and looked at him hopefully.

He squinted at her, “Aren’t you going to be Mrs. Lu?” The fluttering sentence made Siena Liang’s heart beat.

Especially when he heard the three words “Mrs. Lu” from his mouth.

But she knew that even if he and her got married, it was not because of love.

“It’s okay to go back to school, but I have to come back here at night.” She was losing her mind, and he said this again.

“Huh?” “Do you think Mrs. Lu lives in the school dormitory?” He said unhappily, “Besides, since Mrs. Lu, shouldn’t you take care of me?” “I understand.” She nodded. I responded, and suddenly thought of something, “Do you really agree to marry me?” He put the cigarette butt in the ashtray and asked, “What do you think?” “Will we have a wedding?” “Do you think I am? Someone who has no money for a wedding?” He seemed to have a little temper.

“I didn’t mean that.” She hesitated for a while, and said, “But can we not have the wedding?” When he heard this, his face was angry and stared at her, “What do you mean?” “Siena Liang, Are you a little bit too tight?” “No, don’t get me wrong. I mean we can confuse the certificate first, can the wedding be held after I graduate? I’m still in school now, if everyone knows I’m married If the teacher and classmates in the school know that she is married, the target is still a person like him and influences her studies. It is uncertain how teachers and classmates think of her.

“What could it be?” He sneered. “Do you feel ashamed to be Mrs. Lu?” “It’s not that I didn’t mean that.” She saw that he was really angry, and said anxiously.

“Siena Liang, do you think I’m too good to talk today? That’s why I went to the house like this?” “I tell you, you have only two choices now, one is to hold a wedding with me. The other is to ask you to find another job!” He promised her to marry him. The most important reason was to let that person know that without her, he could still get married, and he could give it to him. The wife’s most luxurious wedding, the best life, the most pampering care.

He had to do all the things she had ever dreamed of, and he had to use actions to tell her that even without her, there was nothing wrong with him.

But now, what kind of nonsense are the people in front of you talking?

No wedding?

Ah!

What are your dreams?

!

Siena Liang was also a little dumbfounded. “But I” he directly ignored her, stood up and walked to the door, changed his shoes and went out.

With a “bang” at the door, Siena Liang shook.

“Eh? Hey” She rushed up, but Lawrence Lu moved faster. When she walked to the door, he had already started the car, slammed the throttle, and left.

Leaving her alone tangled her feet.

Caressing her forehead with a headache, is this, mad at him again?

Chapter 24

“Hey, Axun, you let us come just to see you drinking?” Solan Bai teased.

Lawrence Lu flew over with a knife and poured himself another cup.

“Let’s talk, what makes you so angry?” Brian Zheng looked at him.

He drank the wine in the cup and put the cup on the table heavily. Lawrence Lu said a little angrily, “You said, isn’t that dead woman knowing what’s good or bad, huh? It’s not bad for Lawrence Lu to promise to marry her, she Dare to make a request with me!” Solan Bai heard this and became interested, “What’s the request?” “Humph!” Lawrence Lu snorted badly, “She even told me that

she only asked for a certificate and did not hold a wedding. Should I be?" "Uh" Solan Bai was also stunned.

Brian Zheng raised his eyebrows, but said nothing.

"You said," Lawrence Lu pointed at Solan Bai, "Who does she think she is? It would be nice if I could marry her! Don't hold a wedding, huh, what's the point of my marriage?"

"Are you sure?" Brian Zheng glanced at him with a faint smile, got up, pouring himself a glass of wine with great grace, "Today, Mr. Lu's two boxes of Lafite, just a few hours, are in full bloom. It's been passed on in Tang Dynasty." ""Lawrence Lu heard it and snorted, "What do you know?" Brian Zheng nodded, "I don't understand, can you understand?" He smiled, "In fact, I think she This is a good idea. Think about it. What kind of person are you? Just talk about the city, not a household name, but many people who know you know you." "What's the matter with marriage?" Lawrence Lu was angry. Say.

"Do you really think it feels good for someone to point to her every day?" Solan Bai also nodded, "Lao Zheng said so rationally. We grew up in the family environment. You have never seen the eyes of people around you when you were in school. It doesn't matter if you can't eat the grapes and say the grapes are sour, or deliberately to curry favor, it's really not good." "Who cares about how others look at her? You know why I get married." Sunday.

Siena Liang was lying bored on the sofa, sighing from time to time.

She borrowed a thousand yuan from Pian Pian. In the previous week, she spent most of the money in exchange for Lawrence Lu to finally go home, but she pissed him off again with a word.

Hey!

What a crime!

But she really didn't think she was wrong.

"Hey!" She wanted to repeat the trick, but she failed.

Because she also went to the Tang Dynasty yesterday, but the lady at the front desk said that Lawrence Lu was not there, and she had to return home with a dingy lunch.

"What are you doing lying there?" Cool voice.

"Ah!" Siena Liang was startled by the male voice that suddenly came. She got up from the sofa and looked at Lawrence Lu who was standing behind her with a cold and unhappy expression. She was overjoyed but couldn't bear it. She muttered, "How come you open the door and walk without a sound? It scares me to death!" People are scary, okay?

Lawrence Lu looked around for a while, then looked at the Pleasant Goat on the super large LCD TV, and coldly hummed, "You are quite leisurely!" Siena Liang laughed and hurriedly picked up the remote control to turn off the TV.

She looked at him flatteringly, "Are you back? Are you eating at home? Then I'll go shopping." "No need." "Huh?" The smile on her face faded again.

Is he going out again?

"Go change your clothes and follow me somewhere." Maybach stopped in front of a villa.

Lawrence Lu rang the doorbell, turned his head and raised his eyebrows at Siena Liang, "Pretend to be intimate, would you?" Siena Liang was taken aback, but he didn't know why, "What?" Seeing her stupid, he was a little disgusted. She frowned, "Didn't you ever fall in love?" "Yeah!" She nodded, "But" "I will pretend that we have known you for a long time and you love me, understand?" After that, he raised his hand. Gently embraced her shoulders, hugged her into the door.

“Are you back?” Parisa Song greeted him, smiling very familiarly, “Siena, you are here, come sit down.” Looking at Parisa Song, Siena Liang understood later. Where is the place Lawrence Lu mentioned earlier?

Especially when Lawrence Lu was still holding her, she felt a little weird, a little awkward, but also had some other feelings, she couldn’t tell.

Seeing her still standing there in a daze, he passed by, stopping at the position of her ears, and said in a voice that only the two of them could hear: “What are you doing in a daze, call someone!” “Auntie” Parisa Song stepped forward and grabbed Siena Liang and led her to the living room, “Husband, look at your future daughter-in-law, is it particularly beautiful?” Zan Lu looked up from the newspaper with a majestic face No joy or anger can be seen on it.

“Uncle, hello, this is Siena Liang.” Zan Lu nodded.

At this moment, Siena Liang really felt embarrassed.

Although the ugly wife always wants to see her in-laws, isn’t Lawrence Lu’s father dissatisfied with her?

“Husband, what are you doing with a straight face. I’ll tell you, I scared my daughter-in-law away, but I can’t stop with you!” Parisa Song pulled Siena Liang and sat on the sofa beside him, “I’ll tell you Ah, Axun’s father is like that, an old iceberg that hasn’t changed for thousands of years, don’t take it to your heart.” Zan Lu glared dissatisfiedly at his wife.

“It’s useless for you to stare at me, go, Siena Liang, let’s eat.” The elongated dining table is full of various exquisite meals.

When Siena Liang first saw the battle at the dinner table, she couldn’t help but sigh so much in her heart, can they finish eating?

Zan Lu sat in the main seat, and Parisa Song sat beside Zan Lu.

Siena Liang came here for the first time, and she was hesitating about which position to choose. Lawrence Lu had already pulled her to sit next to him.

Luzhai's aunt is very good at craftsmanship, and the dishes are delicious.

Of course, it is impossible for Siena Liang to really taste every dish, raised up since childhood, so she just picks up a few dishes in front of her to eat.

"My husband, taste this fish, it's delicious." Parisa Song said, putting a large chopstick fish into Zan Lu's bowl.

Zan Lu took it, carefully picked the thorn, and put the fish into Parisa Song's bowl.

As it was the most normal thing, Siena Liang didn't expect that a person so cold as Zan Lu would actually take care of Parisa Song in this way.

Parisa Song ate the fish with a smile, raised her head, and asked suspiciously, "Hey, don't you pick each other's vegetables?" "Ahem," Lawrence Lu was choked by these words, "It's not a kid, why do you want someone to pick it up?" Vegetables?" He said so, but stretched out his legs blankly.

Siena Liang only felt that the calf was kicked in a serious manner, and when he turned his head, he saw Lawrence Lu also looking at her.

She looked at him at the moment and remembered what he said when she entered the door. She immediately understood what he meant.

Looking around, there are no public chopsticks.

She was a little embarrassed. Is it really okay for her to use the chopsticks she used to pick him up?

Chapter 25

However, Parisa Song on the opposite side is still looking at her!

She was heartbroken, and grabbed a chopstick of the dish from the recent dish, and was about to put it in his bowl, but Lawrence Lu suddenly turned her head and ate the dish with her chopsticks.

At this time, not only Siena Liang was stunned, but Zan Lu and Parisa Song were also surprised.

After a while, Parisa Song put a look of surprise away, and said happily: “You said at first that you are going to get married. Your dad and I didn’t believe it. You really found a girl you like. I’m so too Happy!” Lawrence Lu raised his eyebrows, “What I said is so unbelievable? I believe it now, right?” Siena Liang looked at her chopsticks blankly, a little blushing.

How could he use her chopsticks just now?

Does that count as indirect k!ssing?

After eating, the family sat on the sofa in the living room, and Parisa Song made a special fruit flower tea.

Siena Liang felt a little uncomfortable sitting on the sofa.

And what made her feel uncomfortable was not because she was struggling.

She was initially dizzy because of the dish just now, but now she is sitting with Lawrence Lu on such a big sofa, why does he have to be so close to her?

He put one hand in his trouser pocket, and put the other hand on her shoulder naturally, and from time to time he touched her earlobe with the hand on his shoulder and drew her hair. He should have sprayed some

perfume, not too thick, But at such a close distance, the faint smell of pine wood mixed with the smell of smoke on his body attacked her senses.

She didn't feel uncomfortable when the two flavors were mixed together, but it smelled very good.

"Seeing that your relationship is so good, I can't help but want to go to a relationship." Parisa Song looked at the two people hugging each other with envy.

Siena Liang's face blushed, are they really that obvious?

Lawrence Lu said lightly, "Ms. Song, please look at your husband's face before speaking." Sure enough, Zan Lu's face was full of displeasure. He glared at Parisa Song and pulled her closer. Pass her a cup of fruit tea.

"Are you considering getting married?" Zan Lu put down the tea cup Parisa Song had finished drinking before looking at Lawrence Lu.

He was extremely majestic, and he asked seriously at this time, making the atmosphere that was still calm at once serious.

Lawrence Lu did not answer directly, and touched Siena Liang's cheek, "What do you think?" Zan Lu looked straight at Siena Liang, "Little girl, as far as I know, you are still in school, and you look very young. Really think about it?" Since Parisa Song returned from the hospital, he asked people to check the personal background of Siena Liang.

Liang's desolate daughter was swept out.

He doesn't need to ask the person his son is fond of, but he will always calmly learn from the side.

A few days ago, he asked the driver to follow her for a while. She looks pure and looks good. It's no wonder that Axun will follow her.

When he saw her, he turned around and entered the vegetable market, carrying not many but very fresh vegetables and fruits home.

The food market was a little away from Nanhu Villa, and she didn't call a car, and she took a few breaks along the way because of carrying things.

It's not coquettish, doesn't spend money arbitrarily, can live a life, not bad

He is not a person who dislikes the poor and loves the rich and talks about the right family. After all, with their current status and status, the marriage of the right family can be the icing on the cake, but they can't afford to marry a daughter-in-law with average conditions.

It is about the life-long events of his only son, he can not talk about the other party's family conditions, but at least it is a girl with good temperament from a pure white family.

Siena Liang immediately understood that Zan Lu already knew her roughly.

She nodded, and replied respectfully but not arrogantly: "Yes, uncle."

This marriage, she has to get married, and must get married.

"Oh, my husband, I have already told you that they are already living together, and now your son wants to get married, why do you ask so much? They are married, so we can hold our grandson. You are so stupid!" Parisa Song shook Zan Lu's arm, dissatisfied with his question.

Her family Axun is finally willing to get married now, and she is secretly happy.

When the son is married, she can hug her grandson soon.

Hmph, Mrs. Li's grandsons can walk, and the kid is pink and tender, not to mention how cute.

She also wants a grandson like that to play with!

After receiving Siena Liang's answer, and hearing Parisa Song say this, Zan Lu coughed, a little headache.

His wife is still so cute.

"Now that you have all thoughts about it, when are you going to have the wedding?" Parisa Song was full of hope when she heard it, "Yes, it's better to be as soon as possible. I will definitely hold you a super luxurious wedding of the century. When Siena Liang heard this, her face was embarrassed, "Uncle" She just spoke, and Lawrence Lu next to her has already said first: "We are going to hold the certificate first, and the wedding will be held after Siena Liang graduates." Siena Liang had a meal. Look at Lawrence Lu in surprise.

Didn't he disagree?

But now, he said this to his parents again.

You know, if this is said by her, the meaning is different.

This is Lawrence Lu who took a look at the little woman who was almost in his arms. Seeing her small eyes looking at her in surprise and touch, he, who was originally a little unhappy, suddenly felt somewhat satisfied and proud.

Humph!

Sample!

"In our family's situation, the wedding must be very big. Her studies are important now, and I don't want her to be unnecessarily disturbed." Zan Lu nodded, "That's OK." After all, he nodded in relief: " When you grow up, you know that you think about others, which is great."

“In addition, you should try not to announce our marriage. If the situation in our family is announced, she will still be affected even if the wedding is not held at that time.” “Yeah.” Sitting for a while. , They just left.

Lawrence Lu didn’t let her go until he walked out of the gate of Lu’s residence.

He coughed awkwardly, and put his arm around her shoulder into his trouser pocket, “It was just for the plot, don’t you understand? Huh?” Siena Liang knew that he was referring to the matter of acting intimate with her.

She nodded, “I know.” Lawrence Lu glanced at her and took out the car key to open the door.

Siena Liang watched him pull the car door, bit his lip, and whispered: “Just now, thank you.” The motion in his hand stopped. He knew what she was referring to, but he didn’t follow her intentions and raised his eyebrows. “Just now? Just what? The thing I just did has a lot of words, which one do you mean?” “It’s about the wedding” “Huh!” He said grimly, “Now it is what you wished. Are you happy in your heart?” “Why!” She refused.

“Isn’t there any more? Isn’t your face full of words that I’m so happy I’m so happy if I don’t hold the wedding?”

Chapter 26

“Siena Liang didn’t speak, but she was really happy.

He brought her to see his parents and explained that the promise to marry her still counts.

And his parents agreed that they were married, and he agreed not to hold the wedding for the time being. At this time, she only felt that all the worries in her heart had disappeared. Could she be upset?

This kind of mood can be described as if you suddenly won a five million prize, right?

“You are happy, but Xiaoye is not a helper for nothing.” He never does anything that suffers!

“Then what do you want?” “Well,” he tapped the door of the car, thought for a while, and said, “Since I helped you, should you show something?” “Ah?” Siena Liang was taken aback. “How do you mean?” With a “bang”, he closed the car door again, turned and leaned on the car, and looked at her with a smile, “Come on, give me a k!ss.” He pointed to his face.

“This” Siena Liang was completely dumbfounded.

Did Lawrence Lu act in the play today? It doesn’t matter if he hugged her just now, and now he wants her to k!ss him?

However, even though I thought so in my heart, my heart beat faster inexplicably.

A bang is more violent than a bang.

“Why, not willing?” He squinted at her, his eyes darkened a bit, with a hint of danger.

“It’s not that we can’t do this.” Although her heart beats faster, her mind is still clear.

He and she only take what they need, and there is no love at all. How can they make intimate actions that can only occur between lovers?

“What can’t it?” He asked aloud, waited for a while, then nodded clearly, and made a sudden realization, “Oh, these things are really not suitable for us.” She nodded sharply.

Yeah!

It’s really not suitable!

“In that case, how about we change the gameplay?” “How to change?” He smirked: “You don’t want to k!ss me, and I don’t want to suffer. Then I make a few requests, you will always agree to it?” “Looking at him, this request shouldn’t be so easy to do, right?

Lawrence Lu saw her doubts and smiled with a handsome and gentle smile, “Don’t worry, it’s easy!” “What? Tell me.” Although he said that, looking at him, how could she still think of him? Shouldn’t the request be simple?

“Aren’t you going to class?” “Yeah!” “Yes! I agree with this, after all, studies are still more important.” Siena Liang nodded repeatedly!

“But, you have to come back to Nanhu Villa every day. Didn’t I say last time to invite an aunt who cleans and cooks? I decided not to invite it. Since you have done a good job of food, cleaning should be a trivial matter. It’s not a problem? Well, even if you live in my house, do you have any comments?” “” “Also, I am tired at work during the day. You have to make ten dishes and one soup every night, and you have to get off work after me. When I come back, do it well. Once I am hungry, I will have a bad temper, understand?” He finished speaking in one breath, took out the cigarette, and acted unrestrainedly, but the expression on his face was kind of like a fox.

Siena Liang’s eyes widened and looked at him in disbelief.

Is the rent deducted? Does he seem to be short of money?

“But, isn’t there a part-time job?” In the past few days, there are also daily cleanings.

“I decided to fire her.” “Huh?” This is undoubtedly a big bolt from the blue for her!

He glanced at her like an idiot, “Since I have you, what hours do I need?” “She is speechless, how can this person be so bad?

“Looking at you, it seems reluctant?” He squinted his eyes. “It’s shameful to waste, and saving is glorious. Do you understand the traditional virtues of the Chinese nation?” “Yes.” Of course she does, but Nanhu Villa goes up and down. There are almost five hundred flats. Thinking about herself who will be exhausted into a dog in the future, she said that she is powerless.

Moreover, although she is currently in college, she usually has to write some homework papers and other books, and the schedule is very tight.

Now he wants to clean up again. He said to change the way of playing, it really is to play her rhythm!

She had already chosen to k!ss him a long time ago, although she felt a little betrayal, but at least she didn’t suffer.

He nodded in satisfaction, “Very good.” “It’s okay to cook and clean.” Since there is no other way, you can also make time for cleaning. Isn’t it tiring?

She doesn’t care about this.

After thinking for a while, she stepped back and continued: “But Nanhu is very far away, and it’s hard to get a car from Nanhu.” She now lives in his house and does some physical work in his words. Rent deduction is nothing.

She also thinks it’s best to owe him or not.

The most important thing is who has several cars in Nanhu?

Although there are two of his cars in the garage, she can’t drive them!

Taxis rarely go there.

And she didn't have the money to take a taxi to run back and forth from east to west of Tiancheng City.

If you don't take a taxi, you can only take the bus.

However, she would have to walk for half an hour just to go out to the bus stop. "So what? What do you want to say?" "Can I stay in a dormitory?" "Naturally" he sold it off and watched her keep on Staring at him waiting for his answer, he twitched the corner of his mouth, "It's impossible!" After speaking, the corner of his mouth quickly retracted.

"But" "I said that you must live in Nanhu, did you remember it or didn't understand?" "" She just felt that the mania factor in her body was already rising!

But have to be patient

"But it's really inconvenient!" Her entangled look pleased him, but he just shrugged proudly, expressing powerlessness, "That's your business, think of a solution by yourself." Nanhu Villa.

As soon as he entered the house and changed his shoes, Siena Liang was still struggling unwillingly, "Mr. Lu, think about it? It's really far away!" "You are staying in the dormitory, who is responsible for my dinner?" He was originally. Going to the living room, he turned around, raised his eyebrows, "Far? Is the Red Army's Long March 25,000 miles farther than your going to a school? Didn't others walk by?" "But also sacrificed a lot of soldiers!" Ah! Siena Liang, you dare to talk back!" "I'm telling the truth!" She also got a little temper and couldn't help choking with him.

This damn Lawrence Lu is really unkind!

"Huh! I don't care what you say, anyway, do not talk about the dormitory!" "Lawrence Lu"

Chapter 27

“Siena Liang, I really want to kill you!” Wu Pianpian pulled Siena Liang back to school, and said with a smile, “It’s really not a day, like three autumns. . How many autumns have we been apart?” Wu Pianpian is Siena Liang’s best classmate in Dafa and his roommate in the same dormitory before.

She is petite and exquisite, very cute and soft.

“Well, I’m also very happy.” Although I have experienced a lot in such a short week, I can continue to come back and see the only friend in front of me, and I am always in a good mood.

Although it took her two hours to come to school today!

“The head of the department is absolutely perverted. Seeing that you didn’t come to school, I asked you to write a review.” Siena Liang smiled, “Write it.” “But Siena Liang, what happened to you these days, I asked on the phone.” You, you don’t want to say.” With a light sigh, Siena Liang pretended to be indifferent, “Probably because I was abandoned by Feidong, I became a poor homeless worm.” “Huh? How could this be?” Although Siena Liang was just a two-word understatement, Wu Pianpian knew that it was not that simple, especially at this time the lonely smile on Siena Liang’s face made her a little uncomfortable.

A week ago, Siena Liang, even though he did not have parents, was still a good-for-nothing daughter, and she had a handsome and gentle fiance, but now she was homeless and gave Siena Liang a hug, “Siena Liang, you still Okay?” Such a hug warmed Siena Liang’s heart and felt a little aggrieved.

When the eye sockets became hot, a layer of mist was cast in the two big eyes.

After sniffing, Siena Liang pulled her away gently, and smiled: “Don’t make it so sensational, I won’t be able to stand it. I’m pretty good, Pianpian, thank you.” Wu Pianpian nodded, “In the future, Sister, I will love you, don’t worry, I

will never abandon you." "What are you talking about, you ghost girl." "Hey! Isn't that just to make you happy? Then where did you live in the past few days?" "Siena Liang thought for a while, "You live with a friend's house, don't worry." There are some things, let's talk about it later.

"Oh, okay." Thinking of that "friend", Siena Liang was a little embarrassed, "Pianpian, I borrowed your money a few days ago." It's almost used to buy vegetables, but she can't pay for it now. .

Wu Pianpian waved his hand boldly, "Hey, why do you think it is, when do you have money and when will you pay me back." "No," Siena Liang was a little embarrassed, "Can you lend me some more?" She knows that Wu Pianpian's family conditions are also average, and Pianpian also works as a tutor or part-time job from time to time.

However, she now has to buy vegetables every day.

"How much?" "Let's borrow five hundred first?" "Okay, wait to transfer your card to it." "Thank you." Although Siena Liang felt embarrassed, she felt heartwarming, "Pianpian, you also help me find one. Part-time job or something, I really need money now." She can't always borrow money, and Lawrence Lu's side, he can marry her, she is grateful to Dade, how dare to ask him to borrow money.

"Don't worry, this matter is on my body." Lawrence Lu had a rare day to get off work before five o'clock, shocked Li Song opened his mouth, and couldn't close it for a long time.

Although the president of his family is sometimes difficult to serve, except for necessary entertainment, he really does not leave work earlier than the employees.

Does the president have another meal today?

I hurriedly turned over the schedule record I carried with me, but I didn't even read it carefully three times!

Moreover, the triumphant expression of Mr. President's face is really incredible.

"Ms. Lu, where are you going?" In case his president really had a meal and he didn't know it, then he was negligent.

Lawrence Lu stood in front of the elevator, watching the numbers get closer and closer, looking at Li Song lightly, "Eating, no?" "But there seems to be no dinner today?" "I can't go home to eat?" "Yes, yes!" Li Song smiled and nodded, "Mother Zhang's food is really delicious." After that, he was already looking at Lawrence Lu with eagerness, and it goes without saying that he also wanted to eat.

I went to Luzhai to eat twice before, and each time he had to eat two more bowls, Zhang Ma's craftsmanship was really not built.

Lawrence Lu glanced at him without a smile, "Sweet dreams are doing a good job, but I won't go there today." After finishing speaking, he entered the president's exclusive elevator proudly.

Li Song looked at the closed elevator door, crying without tears, "" As soon as Lawrence Lu opened the door, the peculiar roar of the range hood came from the kitchen. He had come back for dinner on a special trip, but suddenly he still felt a little uncomfortable.

In the past, the part-time worker would make dinner at the very beginning, and he could eat it when he came back from get off work, but he felt that it was strange to eat alone. Therefore, after get off work, he either went to Luzhai for dinner or had an appointment with Solan Bai or Brian Zheng. Eat out.

Listening to the movement in the kitchen today, I vaguely saw the thin figure of her busy in it, and suddenly felt that there was so much warmth in this home.

This feeling seems pretty good.

Siena Liang brought the food out, and saw Lawrence Lu who was still standing at the door in a daze. He paused, “Are you back? You can have dinner soon, you can sit down.” Lawrence Lu raised his eyebrows and walked over to sit at the table. .

She brought out more dishes one after another.

She wrapped a pink apron with a jingle cat printed on it, her hair was tied into a ball, and she was filled with indescribable youth.

When Siena Liang brought out the last soup and looked at her masterpiece on the table, he couldn’t help but say, “You really made ten dishes and one soup?” “Ah? Didn’t you ask for it?” Yes ?

Did he ask for it?

After thinking about it, he seemed to have a little impression that he had said something like that, but she also “Siena Liang, it’s no wonder you will be deceived, you are really stupid.” “What?” “Nothing, eat.”

Lawrence Lu’s eating is very elegant, chewing slowly, without making any sound.

He occasionally glanced at her who was sitting on his left hand, she sips, and when she chewed, her pink lips moved.

Well, it’s good to have someone eat with him at his home.

Although Siena Liang does a lot of dishes, each dish has a small portion.

But if two people eat it, it will inevitably be left.

“Are you not going to eat it?” she asked as she watched Lawrence Lu put down the tableware.

“Yeah.” “But there is so much left.” The dishes won’t taste good until the next meal.

He looked at her contemptuously, “Who asked you to do so much?” “She has nothing to say.

He is the boss and the gold master, and everything he says is right!

“Will you eat leftovers?” This dish is obviously not finished.

But it was a pity, and she borrowed the money for grocery shopping!

He flung two eye knives lightly, “What do you think?” “Then” “Then you will have to eat them all,” he stood up, reached out and knocked on the table, “Remember, waste is shameful, saving glorious !”

Chapter 28

She spent two hours cooking up the millet porridge, and just after putting two bowls on the dinner table, she saw Lawrence Lu go downstairs.

He wore a dark purple suit today with a pink shirt and a burgundy tie.

The hair was also carefully taken care of, and the waxed hair stood on the head mentally, with distinct roots.

When Siena Liang saw his clothes at first sight, he only felt that he was masculine, but when he saw it again, he felt that it matched his temperament.

He has fair skin and can handle this color well, without making people feel frivolous, nor looking too old.

She thought he looked good before, but today he really has an indescribable Yushu Linfeng, full of grace.

“It’s time to eat.” She placed the chopsticks and shouted at him .

Lawrence Lu walked over and glanced at the dining table arrogantly. There were two bowls of soft and fragrant millet porridge, two boiled eggs in white water, and a dish of shredded radish. He was a little disgusted, “Who wants to eat this in the morning? “I don’t have the freshly ground coffee he needs in the morning, and dare you bring it out to him?

“What do you eat if you don’t eat this in the morning? I have boiled it for a long time. It’s good for the stomach.” “Don’t eat it.” He glared at her, walked straight to the shoe cabinet and changed shoes.

“Aren’t you going to eat it?” She was a little depressed, and she didn’t say anything all morning, and she didn’t appreciate it.

Knowing this, she could sleep for two more hours.

Without an answer from him, she watched him change shoes, and suddenly had an inspiration, “Wait! Can you see me off? Just go to the bus stop!” Yesterday she walked to the bus stop but it took enough. It takes half an hour!

After that, she didn’t care about breakfast, so she turned and ran into the kitchen.

But when she came out holding the bento box, the only response to her was the sound of him closing the door.

“Hey! You” She sighed, and hurried to change her shoes. When she went out, she saw the Maybach still parked in front of the house. He put down the

window and was sitting in the car with one hand on the steering wheel. He held a cigarette in one hand and propped it on the car window, looking very leisurely.

Siena Liang was overjoyed, and hurried forward.

Look, he really isn't as unkind as he seems, isn't he waiting for her?

When she just ran to the car, he showed her a handsome and harmless smile, then lightly flicked the cigarette in his hand outwards, and when he stepped on the accelerator, the car drove away in a ruthless manner!

And she, who was still behind, was exhausted mercilessly.

"Cough" Siena Liang couldn't help coughing twice, her face collapsed, and she was so depressed that she wanted to jump her feet.

It's too bad!

He was obviously able to leave just now, and she thought she was waiting for her!

He just wanted to tease her!

"What is this! What a nasty bast*rd! Cough" When eating at noon, Siena Liang and Wu Pianpian found a remote location in the cafeteria and talked while eating.

"Siena, are you still used to living at your friend's house?" Siena Liang thought for a while, and frowned slightly when he remembered Lawrence Lu's ugliness this morning. "It's okay." Apart from being far away from school, Lawrence Lu has a difficult personality. It's pretty good except for not thinking well.

"That's good." Wu Pianpian was relieved, "But how nice it is for you to continue to live in the dormitory of the school, I also have a companion. Now

that you are gone, I don't even have a person who can speak well." Siena Liang also Helpless, she also wanted to live in school, but Lawrence Lu refused, she could not help it?

"Aren't there other people in the dormitory?" "Hey, they, you don't know that I don't like playing with them." There are four people in their dormitory, except for the two of them, Wang Keer and Luo Jia, In the freshman year, there were conflicts with Pian Pian, and they have not eased in the past few years.

"Hey, I just didn't live in school, didn't I come to school every day?" Wu Pianpian hummed boredly, "Forget it, let's eat." Grabbing the food on his dinner plate, he looked at Siena Liang. I opened the bento box I brought today.

It's okay if I don't look at it, I can't help drooling at a glance.

She thiefly aimed at Siena Liang's lunch box, her eyes lighted up, "Siena Liang, did you bring your own meal today?" "Yeah." Siena Liang nodded, the bast*rd Lawrence Lu asked her to do so much Food, but the two of them can't finish it.

What a pity it was thrown away, she brought the school, not to waste but also to save lunch money.

"It looks so delicious." Siena Liang grinned reluctantly and shrugged. "It's okay." She still recognized her cooking skills.

Looking at her dinner plate disgustingly, Wu Pianpian raised a bright smile, "Siena, are we good friends and sisters?" "Yes." Siena Liang nodded.

"It's the kind of relationship where you can share everything except men?" Siena Liang looked at Wu Pianpian like this, and then looked at her staring at her dinner plate, suddenly laughed, "Last night left. I think it's a pity to throw it away, if you don't dislike it," Wu Pianpian felt sour.

The former Siena, although not the kind of extravagant daughter, she didn't think so in her heart, the smile on her face actually deepened, and she dragged Siena Liang's lunch box onto the table. In the middle, he waved the chopsticks in his hand bravely, "I am a foodie, can I only be grateful for food?" With a large chopsticks and dishes, Wu Pianpian's mouth is full, and the taste is really good. Extremely!

"Yeah! Siena Liang, the dishes you cook are really delicious, better than my mother's!" Wu Pianpian was a little vague because of the vegetables in her mouth, but she did not forget Siena who was facing the other side. Shallow thumbs up.

"Next time you have to bring food, if there are more, bring more. The food in our cafeteria is really tired, and the attitude of the uncle who serves food at the window is so bad!" Siena said with a smile: "Don't worry, I will be in the future. Maybe I will bring meals every day, and I will prepare you." "Really?" "Yeah." According to Lawrence Lu's rhythm of ten dishes and one soup every day, wouldn't she bring meals every day?

"That's great!" "But, have you asked me about part-time jobs?" Her wallet was getting weaker and weaker.

"I asked my part-time school sister to help you ask, don't worry, I will notify you when the time comes." "Okay. You'd better rush over there. I really need a job now." "Yeah! But Siena, do you have any other requirements for work? Or do you say that any job is fine?" "Of course it is best to have a higher salary. The most important thing is to avoid 4 to 6 in the afternoon. Time, I must go back to my friend."

Chapter 29

Siena Liang still spends a four-hour drive on both sides of the school and Nanhu Villa every day. Of course, he also has ten dishes and one soup every day.

Apart from letting her adhere to the traditional virtues of “shameful waste and glorious saving”, Lawrence Lu hardly said anything to her. After dinner after get off work, he either read financial news or went to the study to handle the day’s official duties.

But on Friday, the original rhythm of life has changed.

On this day, Lawrence Lu returned home as usual. The moment he opened the door, he couldn’t help being stunned.

I thought I would be able to eat Siena Liang’s food immediately, but I didn’t know what was waiting for him, let alone the brisk roar of the kitchen range hood and the fragrance of the food, even Siena Liang’s shadow was not seen!

Why is Siena Liang not at home?

He was puzzled and looked at the time, it was still early.

He thought that Siena Liang might have gone shopping.

But in a blink of an eye, she had prepared all the food at this time in the past!

He was very upset, but had to be patient, sitting on the sofa and waiting.

Half an hour later

Lawrence Lu, who was beginning to protest, took out his mobile phone and prepared to make a call. He wanted to ask her where she went to fool around, and now he dare to make him hungry!

But as soon as he turned on the phone, he was depressed and he didn’t have her phone number at all!

Angrily throwing the phone on the coffee table, he got up and walked to the kitchen, thinking about finding something to fill the stomach of singing empty plans.

Open the refrigerator, except for the two poor bottles of mineral water, it's so clean that there are no green onions inside!

"Damn Siena Liang, you are so good!" He shut the refrigerator with a "bang", and unwillingly opened the locker on the side. The only bucket of instant noodles made his face even worse. Ugly.

He dragged the obnoxious instant noodles out of the trash can with disgust, turned and walked out of the kitchen, standing in front of the floor-to-ceiling windows and looking out through the glass, but Siena Liang was not seen for a while.

He picked up the phone again, dialed Li Song's number, and said in an unpleasant tone: "Within two minutes, tell me Siena Liang's phone number and where she is now!" I waited patiently for two minutes, and then he answered. To Li Song's call, "Mr. Lu, I just checked. This Miss Liang is still at school. I sent her number on your WeChat." Lawrence Lu dialed the number sent by Li Song and responded. His is just "I'm sorry, the phone you dialed is turned off! srr" He was so angry that his chest was ups and downs, and he wanted to throw his phone, "Damn it!" What time is this, she won't go home to do it for him. The meal made him hungry, so why did he stay in that shabby place at school?

Want to die?

Without thinking about it, he took his coat and car keys and walked out angrily.

From the east of the city to the west, it usually takes about an hour to drive, but today it took him less than half an hour to get to the university gate.

He had been here before, so he drove in the car directly, and parked the car downstairs in the library if he was familiar with the road.

Seeing the people entering and leaving the library in twos and threes, he squinted his eyes. She seems to be doing pretty well. She probably likes to read books. Will she forget the time today?

She should be here, right?

Suddenly stopped a Maybach with such a luxurious style, and a handsome and handsome man stood beside him, which inevitably aroused the curious look of others' inquiries.

Maybach was eye-catching, but Lawrence Lu, who was standing next to the car, was not inferior. Gao Zhiying's stature, his incomparable handsome face, and the aura emanating from his body all showed his noble status.

Some people recognized him as Lawrence Lu, especially some girls, looking at him with idiotic expressions, and even couldn't help muttering something excitedly to their companions.

Although it was almost seven o'clock in the evening, the heat left during the day was still there, and Lawrence Lu already had a thin layer of sweat on his body.

Because of the heat, he is a little irritable, and the look of being looked at by others like a monkey makes him extremely disgusted. That's enough!

He glanced badly at the crowd looking at him, and walked into the library with a black face.

The big library is so big, Lawrence Lu searched it all over, but he didn't see Siena Liang's half figure.

Pulling a girl next to him who was reading, he said coldly, “Did you see Siena Liang?” The girl was suddenly pulled by someone, and Ben was still a little angry, but when she saw what was standing in front of her For such a person, I can’t help but feel a little stunned for a while.

This man is so handsome!

Even if his face is not good at the moment, he is really good-looking and not decent.

“Huh?” Lawrence Lu was chilled by the girl’s idiot look, but he had to be patient and asked: “Do you know Siena Liang? Where is she?” “What?” Lawrence Lu was completely speechless. Let go of her, and I really want to ask her if she is an idiot with a headache.

Then I asked a few people, and they all said they didn’t know.

Lawrence Lu looked gloomy and turned and walked out of the library.

Take out a cigarette and light it.

After taking a few breaths, I felt the irritability in my heart dissipated a bit.

Li Song said that she was still in school, so she probably hadn’t left.

But, so big, where is he going to get that little woman out?

While he was smoking, he thought viciously in his heart: Siena Liang, don’t let me find you, or you will look good!

As I was thinking, a nice voice came out on the campus radio, “The heat is gradually dissipating, do you feel better? Today, I recommend two new songs by Leo, who is known as the little piano prince. They are Missing Juliet and coming triumphantly” Listening to the sweet piano music on the radio, Lawrence Lu, who was still angry, suddenly curled his lips and gave a smirk.

Siena Liang, don't you show up to me obediently now!

Humph!

Leaning on the car body and waiting for a while, seeing a boy coming out of the library holding a book, he threw the cigarette butt in his hand, and walked forward and called the man: "Brother, help me." The boy looked. I looked at him, stunned.

This person is so familiar, but he can't remember where he has seen it.

Scratching his head questioningly, he asked, "What are you busy?" Lawrence Lu raised his eyebrows, took out a few red grandpa Mao from his wallet and handed them over, "Take me to the broadcasting room." A few minutes later, Lawrence Lu Successfully arrived at the big broadcast room, facing the announcer who was still sitting in front of the mixer, Lawrence Lu ignored her astonishment and showed her a handsome and harmless smile, "Can you borrow the broadcast?" So, a minute later , The melodious piano music paused, replaced by a deep, magnetic male voice.

All over the campus, the man's arrogant and domineering words echoed for a while, "Siena Liang, you damn woman, don't hurry up and die for me! Your father told you to go home for dinner!"

Chapter 30

"Siena, are you calling you on the radio?" Wu Pianpian looked at Siena with some doubts Shallow, but speaking weakly, and his face pale.

Siena Liang was also a little confused, "No?" "But I heard you were calling your name." "I heard it wrong, right?" She who is unrelated and unreasonable, who will Looking for her at this time, and still through the radio?

Will your father call you home for dinner?

“My father hasn’t called me to eat for many years.” “Perhaps.” Wu Pianpian nodded, “Hey, Siena, I feel like I’m dying, and it makes me collapse.” Siena Liang was a little embarrassed. “I’m sorry, Pianpian, blame me.” There was a lot of food left yesterday, and she packed them all to school. Today and Wu Pianpian heated the food, but by the afternoon of class, both of them honorably I was brought down by yesterday’s leftovers. Both people had diarrhea, and they were still vomiting and diarrhea!

There was no other way, so I had to go to the school hospital, and the school doctor directly asked the collapsed women to hang water.

“What are you talking about, you stinky girl,” she glared at Siena Liang with insufficient lethality, “I blame the weather, it’s too hot.”

“I’m sorry anyway.” Siena Liang felt guilty, and looked at the wall clock on the wall. It was already half past seven.

She picked up the phone that was automatically turned off after no electricity. Hey, I don’t know if Lawrence Lu will get angry.

The more she thought about it, the more annoyed, she pulled the quilt depressed and said, “Hey, let’s all sleep first.” But less than five minutes after closing her eyes, there was a rush of footsteps outside the corridor.

The footsteps were getting closer and closer, and didn’t stop until Siena Liang’s bed.

Siena Liang opened his eyes suspiciously, and his eyes widened suddenly.

How could he, Lawrence Lu, appear here?

Looking at Siena Liang, who was pale on the hospital bed, Lawrence Lu couldn’t help but frowned, suppressing the uncomfortable feeling in his heart, “What’s the matter?” “That” she was embarrassed to say.

The school doctor who came in with Lawrence Lu left and explained with a smile: “Student Liang and the others are all caused by diarrhea caused by eating spoiled food.” “” Siena Liang looked at the sky speechlessly, and his pale face immediately turned red.

The school doctor continued: “Now it’s hot. The cooked food will multiply many bacteria due to the weather. It’s easy to have diarrhea after eating it. They vomit and diarrhea when they come here, but now they have water and their symptoms have eased. “I see,” Lawrence Lu nodded, “You can go out first.” “Okay.” Wu Pianpian looked at the back of the school doctor’s uncle leaving, and then looked at Lawrence Lu who suddenly appeared from a distance, and pressed his eyes because Excited and excited about the red heart that is about to be released, “Siena Liang, is this just looking for you on the broadcast?” Siena Liang was weak because of diarrhea, and she couldn’t listen to the broadcast just now. Now I see Lawrence Lu. She is still a little surprised, is he really looking for her?

Go back to cook?

“Have you eaten that?” Siena Liang pursed her lips, “I may not be able to cook today.” When Lawrence Lu heard it, he gave her a vicious look, “Now it’s about cooking?” Although he I am really hungry now.

“Uh” Wu Pianpian looked at the two people in the room suspiciously, the atmosphere was so subtle!

She knows this man who has always been a fan of handsome guys. He is often seen in fashion magazines and financial magazines.

Unexpectedly, she would see the handsome deity today, she really wanted to laugh up to the sky for half an hour!

However, it seems that he and Siena are a bit familiar, is he the friend Siena borrowed from?

Lawrence Lu saw that Siena Liang was speechless, and snorted coldly: “Look at your ghost look now, did you throw ten catties of flour on it, what’s your face?” This pale little face, But how do you look at it?

“Why!” Siena Liang retorted in embarrassment with insufficient confidence.

“However, I am curious, what exactly did you eat, you need to get the water.” “Uh” Siena Liang looked at him, a little embarrassed.

“I’ll let you say, what do you see me doing?” Siena Liang saw that he would not give up unless he heard the answer, and blurted out, “It’s just the leftovers that I didn’t finish at night. I brought the school to eat. When Wu Pianpian heard this, she confirmed her conjecture, and suddenly felt that she was almost full of blood and resurrected.

Lawrence Lu was taken aback for a moment, then stared at her like an idiot, “You don’t know how to make fresh that day? And the school cafeteria does not open, must bring leftovers?” Leftovers!

What kind of person is Lawrence Lu? Should he eat the leftovers?

In any case, she is also his marriage partner, because eating the spoiled leftovers has diarrhea, if Solan Bai Brian Zheng and the others know that he still wants his face?

“I can’t finish the food at night.” He roared fiercely: “You don’t know how to dump it?” “But” Siena Liang said he was weak, “You say waste is shameful and saving honor.” Now!

“”Lawrence Lu was completely speechless.

Isn’t he just teasing her?

Is she really serious?

And he saw that the dishes every day were different from those of the previous day, and he thought she had dumped them all.

It turned out that she was not dumped, but brought to the school.

She is so naive and stupid!

“What do you do what I say? Do you have any brains?” He stretched out his hand and wanted to knock her head out of a nasty breath, but he could see her pale face, then turned his hand and flicked the bottle. , “Never mind if you harm yourself, and also harm your classmates, I really took you!” He understood what the doctor said just now. The little girl on the other bed also had diarrhea!

“” Seeing Lawrence Lu’s mockery, Wu Pianpian couldn’t help but explain to Siena Liang: “I asked Siena Liang to bring me food, and she is already enough to blame herself today. Don’t blame her. Up.”

Lawrence Lu gave Wu Pianpian angrily, and ignored him, and asked Xiang Siena Liang, “How long will it take to finish?” “Huh?” Siena Liang looked at him, “Are you going to wait for me?” Is passion going to die?” Siena Liang saw that he didn’t plan to go first, ignoring what he said, and replied, “It should be half an hour.” “Humph!” “If you don’t want to wait for me, Why don’t you go first?” He didn’t answer whether he waited or waited, and left the sentence “I’m going out to smoke a cigarette” and went out.

Siena Liang looked at his back and smiled, this guy is really hard-hearted!

“Siena Liang, do you live with Lawrence Lu?” Wu Pianpian finally couldn’t restrain her curiosity after seeing Lawrence Lu go out.

Chapter 31

I am your father and walk out after hanging out. Sure enough, Lawrence Lu was waiting at the end of the corridor.

His long figure was leaning against the wall, his hands clasped his chest, his face was a bit stinky.

However, he is really very good-looking as he is now.

“What do you think of your future husband, how handsome!” Wu Pianpian, who has a general understanding of the situation, is full of red hearts, “If I am you, whatever Liang family, Liang Zhai, will all stay and enjoy the cool!” “” “Alright, Go there quickly, or your husband has been waiting for a long time, and I will slip away first!” Wu Pianpian blinked at her, and ran away through the back door.

Siena Liang shook her head and laughed. Weakly, she supported the wall and walked towards Lawrence Lu step by step.

“I’m fine, let’s go.” Lawrence Lu glanced at her who was standing next to him, frowning uncontrollably, “Can you go?” “Yes.” There is no problem walking slower.

He nodded and walked out first.

Siena Liang walked slowly, following him, and soon there was a short distance from him.

As soon as she left the infirmary, without the support of the wall, she was unstable and almost fell to the ground.

“Ah” Lawrence Lu turned his head when he heard the movement, he couldn’t help but breathe out, and walked back, “Didn’t you say that you can go?” “Well,” she smiled, “Slower is fine.” Up!”

As soon as he finished speaking, he bent down slightly and hugged her sideways.

“Yeah” Siena Liang did not expect that he would suddenly hug her, and whispered in surprise.

“Yeah what,” he said disgustedly as he walked, “you will get to the edge of the car at this speed, it will be dawn!” “” His arms are broad and thick, and his arms are strong.

Siena Liang, who was held by him, caused a few ripples in his heart.

This person, even caring must be different, but she still thinks it’s pretty good.

Different concerns are also concerns, she just feels warm in her heart.

As I thought to myself, a smile appeared uncontrollably on his face.

Seeing her smile, he said coldly, “Smiling so happily, don’t you think it’s so happy to have Xiaoye, a free man who doesn’t have to walk, do you feel so happy?” Does she really laugh so happy?

“You just said on the radio that my father called me to eat?” Although she didn’t hear it very clearly, she understood this sentence.

“Cough” “My father hasn’t called me home for dinner for many years.” He knew the general situation of her family.

Seeing her lonely little face, he said, “It doesn’t matter, I will be your father from now on!” “” For a while, the two stopped talking.

Lawrence Lu glanced at the somewhat lonely person in his arms, raised his eyebrows and said, “Siena Liang.” “Huh?” “Why do you smell?” “Is there? No? I didn’t smell it.” She was today. Not only did you have diarrhea, but you also vomited. Did you accidentally vomit on your body?

But she really didn’t smell it.

“You got diarrhea today, didn’t you hold back and pulled your pants on?” “” Siena Liang was very embarrassed, and suddenly saw him smirk, and suddenly understood that he was playing with her, “Lawrence Lu, is it fun to play me?” “Well, it’s fun!” “” She was so angry that she wanted to swear, but at a glance she saw him like a child with a scornful look, and the corners of her mouth turned up badly.

Looking at him, the anger in his heart also disappeared, and the corners of his mouth were lightly raised.

The campus at this time is quiet and beautiful, and the tall and handsome he walks on the quiet road with her petite and weak, and every step is steady and free.

The two young people fought each other from time to time, like a pair of happy little friends.

The refreshing night breeze gently caressed, the calls of summer insects came from the grass on both sides of the road, and the broad sky above his head, a bright full moon and the sky full of bright stars Many years later, when Siena Liang recalled this One scene, still can’t help but chuckle.

Finally returned to the Nanhu Villa, Siena Liang felt relieved, and really wanted to go upstairs to the bed and sleep with him for several days and nights.

She really collapsed to the point that she was dying, did she?

But “Um, have you eaten? Do you want me to make something for you?” Lawrence Lu raised his eyebrows and glanced at her disgustingly, “Just like you?” “It’s okay to be simple.” He didn’t go today. Did you look for her, and hugged her so far, so you’re embarrassed to make him hungry?

“Huh!” Lawrence Lu snorted coldly, “Do you think anyone is as stupid as you? I don’t know how to eat outside?” Siena Liang was happy, “Then I went up?” “Just don’t shake in front of me, I No matter where you go!” After half an hour,

Siena Liang, who was asleep, vaguely heard the knock on the door. She didn't want to care, but the knock on the door became louder and louder.

She had to get up, dazed to open the door.

Seeing the person who finally opened the door, Lawrence Lu's eyes wanted to eat her.

"Are you a pig? Do you know how long I have been knocking on the door?" "Is there anything wrong?" "Come down to eat!" Siena Liang was stunned, eating?

Did he still cook during this time?

"I don't want to eat" She doesn't have the heart to eat now, she just wants to sleep!

"What right do people with diarrhea have to choose not to eat!?" After speaking, he turned and went downstairs proudly.

Siena Liang had no choice but to follow downstairs.

Lawrence Lu watched her go downstairs, hummed, and motioned her to pass.

On the dinner table, there is a bowl of soft and fragrant white porridge, a bowl of rice, and a few dishes with both color and fragrance.

Siena Liang walked over and asked strangely, "Did you make these?" Lawrence Lu glanced at her with an idiotic look, "Does the little master look like a cook?" Yushixuan shouted. As he said, he emphatically pointed out, "Don't worry, eat it just now, it won't make you diarrhea." ""

Sure enough, she found a takeaway box with the words "Yu Shi Xuan" written in a trash can.

“I can’t eat something so greasy now, can I?” She looked at the dishes on the table.

“Who said this is for you? This is my little master!” He said, he pushed another bowl of porridge in front of her, “This is yours!” So many dishes, “Did you not eat just now? Huh?” He took a meal and coughed, “Am I hungry again?” Seeing him, she suddenly affirmed her guess.

Although I felt incredible in my heart, I couldn’t help but felt a little moved.

He could just call her to cook, but he didn’t.

I was moved and moved, “But, I really don’t have an appetite.” Which person with diarrhea still wants to eat?

He raised his head, “Do you think you have enough diarrhea and want to faint?” “Why don’t you keep me eating tomorrow?” She tried to bargain.

“Do you think you did not pull it hard enough today?” “No” “Then eat all this bowl of porridge for me!” He directly ignored her and knocked on the bowl of porridge, “Nothing left at all, understand?”

Chapter 32

Fortunately, it was the weekend. Siena Liang recovered after two days of rest.

When cooking on Sunday, Lawrence Lu, who was also resting at home, asked her to reduce the number of dishes to four dishes and one soup in the name of the shameful waste of saving glory.

This is great news for Siena Liang.

In this way, she doesn’t have to be so tired or spend so much expense.

Back to school on Monday, when eating at noon, Wu Pianpian looked at the freshly ordered meal on the plate and sat there sighing constantly.

“Why are you sighing?” “I thought that from now on there will be big fish and meat, and the food is delicious, but now it’s good, and I’m back to the cafeteria.” After eating the dishes made by Siena Liang for a few days, he was in the cafeteria. Isn’t that food in her eyes anymore?

Siena Liang smiled, “I think it’s good, I don’t have to cook so many dishes now, you don’t know how relaxed I am.” “You are relaxed,” Wu Pianpian sighed and shook his head, “I just pity my stomach. “You guy!”

“However, your future husband won’t let you do so much. You can just get up in the morning and bring it. I will pay for the food?” “Come on, then how early should I get up?” Siena Liang said , And asked, “Pianpian, how’s the job you’re looking for for me? My money is almost running out.” “I’m right.” Wu Pianpian was about to answer, not wanting to look up and saw someone standing behind Siena Liang , She frowned at Siena Liang’s mouth, “Siena Liang, behind you.” “What?” Siena Liang turned her head, looked at the person, and couldn’t help but frowned.

“Siena Liang, let’s talk.” “What’s the matter?” Looking for a relatively quiet place outside the cafeteria, Siena Liang looked at the man standing in front of him, although he was surprised that he came to look for her, but his heart was gone. The feeling of excitement and joy before.

“Siena Liang, I know you don’t want to see me, but after all we grew up together, it’s not an exaggeration to come and see you?” Siena Liang wanted to laugh, and he really laughed, unspeakable irony.

If you want to tell the story of the uncle’s family to frame her, it seems really not an exaggeration to come and see her.

“Robert, if it were before, I might still think that you really came to see me, but today, shouldn’t you just come and see me as simple as that?” After so many years, she thought she knew him better.

He is now with Warnia, the Liang clan has changed his new boss, and now the Zhao clan is working in pairs with the Liang clan. In order to avoid suspicion, he would have disappeared without seeing her.

She thinks she doesn’t have that great charm. She was the daughter of the Liang family before, so he dared to talk to Warnia in secret. What’s more, she is now downcast?

Robert’s face changed. Seeing her bluntly pointed out, he didn’t talk nonsense, “Siena, are you really with Lawrence Lu?” “It doesn’t seem to be your business, right?” Robert heard the same, “Siena Although you hate me, I still have to say that someone like Lawrence Lu is not something you can provoke. If you just want to piss me off, you can’t make up for your happiness. Let’s not say that his family status is not the present one. You can reach it. Do you know that he hasn’t had a girlfriend in these years? Don’t you think it’s strange? There are rumors that he has a woman who has been fond of for many years and is well protected by him.”

“Enough!” Siena Liang came up with a temper, “Robert Zhao, if you just want to tell me this, then I thank you. But if I’m with him or not, I don’t care if he has a woman he likes. What if I just like him and want to be with him? Put away your kindness, I don’t need it!” Seeing that she was leaving, Robert held her with the same handle, “So you asked him to steal my business? “What do you mean?” “Siena, don’t pretend to be confused! Lawrence Lu came to disrupt the situation that night, and now he really signed a contract with Wang Mingyi! Isn’t it because you asked him to do this for revenge?” He turned his face faster than a book. Siena Liang heard what he said, although he was a little surprised that Lawrence Lu really signed a contract with Wang Mingyi, but he felt a little bit happy with a little evil.

“Oh? That’s great!” She smiled brightly and shook his hand away.

“You” Robert gritted his teeth with anger.

“I don’t understand the rules of your shopping malls, but business is not based on your own skills? Since Lawrence Lu has snatched your business from you, it can only be said that his strength is stronger than yours, which also shows that” she curled her lips. “My vision is good, he is much better than you.” A man’s self-esteem is a very strange thing.

Hearing Siena Liang say that, Robert Zhao only felt unprecedentedly angry and unwilling.

Lawrence Lu is better than Robert Zhao?

Is he bad?

Robert shouted angrily: “Siena Liang!” He quickly put away the anger on his face, and looked at her evilly, “Since he is so good, why bother picking up what I don’t want?” Liang Countless states of mind surged in Siena’s heart for a time, and most of them were sadness.

He has been in friendship with her for many years, and he has been in love for many years. Now he compares her to something unwanted?

Just when Siena Liang didn’t know what to say, a male voice rang, “Oh? It turns out that in Zhao Gongzi’s eyes, Lu is so bad.” Robert turned to look at Lawrence Lu who did not know when he appeared. Senseless.

“President Lu Lu?” Siena Liang also looked at Lawrence Lu in a puzzled manner. Although he suddenly saw some surprises in him, he still didn’t understand how he came.

After having diarrhea that day, he couldn’t find her. When he returned home, he compulsorily stored the phone numbers of the two in their respective phones to facilitate contact.

He is looking for her if he has something to do, so he can call directly

Lawrence Lu didn't even look at Robert Zhao. He walked to Siena Liang's arms, put her in his arms, and asked softly, "You said you, it won't work as soon as you leave my sight. Are you bullied?" She pursed her lips and did not answer.

Lawrence Lu looked at her appearance, raised his eyebrows, and turned his head, "Young Master Zhao, it is rare to see such a high-sounding betrayal." He smiled, "Have you ever gotten her? Or have you been married? Even if you don't even have an engagement ceremony, you can count as an ex-boyfriend at best, right? Thanks to you and Shayne Liang's family, she is with me, but it's the first time she's been with me. It's better." "" Robert's expression turned pale instantly.

He had thought about Siena Liang and Lawrence Lu together, and he also thought that they might already be sleeping in the same bed.

But now that Lawrence Lu said it in person, the feeling was quite different.

He used to be soft and hard, but she never nodded. Now that she and Lawrence Lu have only been together for a long time, they said, "Siena Liang, you are so cheap!" "Robert Zhao," Lawrence Lu's eyes were full of evil birds, "just at you Then I will make you regret it!"

Chapter 33

I have to tag you as soon as possible "No Talking? Still angry?" Lawrence Lu asked when he caught a glimpse of Siena Liang's expression while driving the car.

At work today, he didn't even know what was wrong with him. During the meeting, he always wondered if she was better off.

When eating lunch, I suddenly wondered if she would bring leftovers that he didn't know about at noon today. She just took a few mouthfuls, no longer thought about eating, picked up her coat and clothes, and went out directly. .

He has to see if she eats obediently.

I don't know, as soon as she fell to the entrance of the cafeteria, she followed Robert and the fellow out of the cafeteria.

"No." She leaned back in the chair and spoke softly.

Just after he said that to Robert Zhao, he forcefully took her away from the school.

"Robert and that bast*rd are really unconventional!" He snorted coldly.

""She thought of Robert Zhao's words, and wanted to ask if he really took Wang Mingyi's business.

After thinking about it, she held back again.

What does it matter to her?

He seemed to think of something, "Except for Robert Zhao, are there anyone chasing you in the school?" She is so good-looking, there must be suitors, right?

Siena Liang didn't know why he asked, so he decided to answer honestly, "Uh, yes." She was closed to a design department at school, and her grades were top-notch, so after hearing her words, he frowned. He raised his brow and glanced at her disgustingly, "They look bad, don't they? What's your good?" "What's his logic?

"Isn't there any excessive pursuit?" "Should" she was a little helpless, "no." "What do you mean?" He snorted coldly, "That's it?" "If you give flowers and

put candles, it counts." "What?!" He stared, and then felt that this reaction shouldn't be appropriate. He sneered mockingly, "It's ridiculously naive!" "It seems that I have to tag you as soon as possible!" She didn't know, so, "What?" He didn't answer, but asked other questions, "How's your health?" She knew he was referring to her diarrhea, "It's all right." "Yeah." He Nodded, "Then let's go today." "Where to go?" "Didn't you just talk about the evidence before? Of course it is the Civil Affairs Bureau! There is a problem?" Maybe Liang Zhai was the one who packed her things that belonged to her. The babysitter did it, so her household register and ID card are also in.

Back to Nanhu Villa, he took the documents he prepared, and drove to the Civil Affairs Bureau.

Along the way, he put away the usual dangling and hippie smiles, his lips were tightly pressed, and his thick eyebrows were also frowned, as if thinking about something.

As for Siena Liang in the co-pilot seat, his mental activities were not much better, tangled, nervous, and perturbed.

Half an hour later, Maybach stopped outside the civil affairs.

Sitting in the car, he smoked two cigarettes in a row before turning his head to look at her, "Now, you still have a chance to go back." She grabbed the hem of her clothes, thought for a few seconds, and shook her head gently.

Today, she seems to have no other choice, right?

Marrying him is the only way out.

However, she still couldn't help being a little worried. She married him because she wanted to find a backer to get her things back, and he married her because of other women's marriages. Such a marriage without a trace of love, really May I?

Looking out the window, thinking of his various things in recent days, she felt that it seemed that this kind of marriage was still good, right?

Even without love.

""He glanced at the door of the Civil Affairs Bureau, "Go in, you" She smiled, and took his words, "I will change from a single to a married woman in ten minutes, and become your Mrs. Lu. Your wife." At this point, she paused, and her face was slightly reddish, "I know. I also know that we didn't get married because we loved each other deeply, but because it happened to be right." He nodded and looked. The look in her eyes was more serious than ever, "Did you think about it?" "Did you think about it." "Let's go." Although he said so, he didn't want to get off the car.

Siena Liang glanced at him, a little puzzled, and asked: "Are you regretting it?" He laughed dryly, "How is it possible?" "Then I will go down and wait for you first." She pulled the car door and got out of the car and walked away. Go under a tree in front and wait there quietly.

She has no cosmetics on her face, and her dress is simple.

She wore a pair of light blue jeans with a white shirt printed only in English. She had long black hair tied with a ponytail, and she was in good spirits.

The whole person looked like he was less than twenty years old, full of youthful vigor and beauty.

Lawrence Lu looked at the figure under the tree, took out his mobile phone, and found out the phone number that he had already remembered. After thinking for a moment, he pressed the dial button.

He is about to get married, and maybe in a few minutes, it will be someone else's husband on the screen, who is smiling, gentle and beautiful, and beautiful.

Looking at that portrait, his heart couldn't help beating violently, dongdongdong, they haven't contacted him since the last time they called.

These days, he is holding back his thoughts, he doesn't call or send messages, and he didn't wait for any words from her.

But today he is still unwilling.

He has only loved her in his life, and has loved her for so many years.

If she decides to return to him today, he doesn't care who she has loved before and who she has been with. If she comes back, "I'm sorry, the phone you dialed has been turned off." On the other side of the phone, a cold female voice came, calling He broke his original idea.

His eyes were faint and he couldn't see a trace of temperature. He lifted the corners of his lips, glanced at the portrait on the screen, then pressed the call end button, opened the door and got out of the car.

"The two are closer, you are sitting too far apart!" The photographer looked at the two people in the camera, directed, and pointed to the middle.

"You are here to get married, get closer!" Lawrence Lu looked impatient and glared at the photographer opposite, and glanced at Siena Liang aside disgustingly, and saw her obediently approaching him a little bit. At the corner of Nu's mouth, he still sat in the middle.

It's not impossible to get close reluctantly.

"Come on, the two face the camera, and smile!" Siena Liang pulled the corner of his mouth and smiled at the camera.

"Men, look at how beautiful your wife smiles, and you smile too!" Lawrence Lu's inner activity is: I don't laugh, my little master, what are you doing?

“Men” Finally, the photographer gave up.

The “click” screen freezes and binds the two people together forever.

Chapter 34

From the Civil Affairs Bureau, this one will come in and out in just a few minutes, Siena Liang But I feel that the whole world is different.

At this moment, in her hand, she was holding two big red small books with three big gilded letters printed on them to attract attention.

Is she married?

From a homeless daughter to the wife of Lawrence Lu, a city powerhouse, it was like a dream.

Lawrence Lu stood next to her, watching her holding her marriage certificate in a daze, and hummed, “It’s too late to regret now!” Siena Liang pouted, “Nothing.” “It’s useless to regret it!” He took a marriage certificate, opened it, and then put Xiaohongben back into her hand, and looked at her, “Mrs. Lu?” Siena Liang was stunned by the shout of “Mrs. Lu”, “Ah. “As a wedding gift, should there be a k!ss now?” he said, winking badly at her.

Is “this” necessary?

However, looking at him at the moment, her heart was a little strange, not disgusted, not bored, and she couldn’t even say what it was.

“Then let me k!ss you?” “Huh?” She stared blankly at his handsome face getting closer and closer to her, and a heart began to beat wildly without control.

Getting closer!

He won’t really want to k!ss her, will he?

Should she accept it?

Or righteously refuse?

However, the signal from the head came faster than the thought. She looked at his face in front of her, her heart froze, and closed her eyes tightly.

One second, two seconds, three seconds?

Opened his eyes puzzled, he saw his face staying five centimeters away from her. The smell of fir and smoke on his body clearly stimulated her senses.

Seeing her puzzled look, Lawrence Lu smirked, “Why, you are disappointed not to k!ss?” “This person is really annoying, right?”

But in the next second, she was already hugged in his arms.

Siena Liang said he did not know which one he was singing again.

“Mrs. Lu, please give me more advice for the rest of my life.” This embrace of her is the first time such a clear feeling, warm, generous, and with the unique vitality of a young man, it is like leaning against a gentle harbor, making people feel Security is trustworthy.

Siena Liang was still annoyed by his mischief, but at this moment he couldn’t help but raised the corner of his lips slightly, “Mr. Lu, please take care of you in the future.” “Of course, my wife Lu,” Lawrence Lu clicked and let go of her. Looking into her eyes, he said solemnly, “You laugh so stupidly on the marriage certificate!” “” He raised his eyebrows, took one of her marriage certificates again, and raised it in front of her. This one, one copy per person.” Then, he took her hand and said, “Let’s go, Mrs. Lu, let’s go home.” Parisa Song, who came after hearing the news, took two marriage certificates and read it over and over several times. “My God, are you really married?” Siena

Liang nodded, showing the standard appearance of a good daughter-in-law, “Yes, auntie.” “What else is called auntie, I have obtained the certification. Is it mother?” Siena Liang looked at Lawrence Lu on the side and saw that he didn’t mean to object, he hesitated and changed his words well, “Mom” Mom, what a warm and great name!

Unexpectedly, eight years later, she would have a mother again. This feeling is really too big for her.

“Yeah!” Parisa Song nodded straight at hearing, “Well, Siena, I will be your mother in the future, alas, I’m so happy!” Parisa Song happily patted Siena Liang’s hand. Don’t tell me, your mother is better than Axun!” After speaking, he winked at her playfully.

“Ms. Song, what do you mean?” Lawrence Lu was unhappy, “You are just new!” Who said that when he called her, it was the most beautiful voice in the world?

Humph!

“It was originally!” Parisa Song ignored him, “Siena’s voice is so nice, soft and soft, like a lark. Oh, it sounds good.” Siena Liang was praised by Parisa Song. A little embarrassed, a small face turned red uncontrollably, as cute as a small tomato.

Lawrence Lu glanced at her contemptuously, and when she saw her eyes drifting and looking at him inadvertently, he glared at her again.

What are you doing, showing off?

“Don’t forget, I am your own person!” He looked at Parisa Song and used the final trick.

Parisa Song shrugged, “I can’t deny that my favorite now is Siena, ^hehe” Lawrence Lu felt that he was going crazy!

“Mom!” He decided to change the subject!

He walked over and sat down next to Parisa Song, and put his arms around her shoulders extremely domineeringly, like a kid fighting for candy, “Mom, today your son said goodbye to being single. Should you reward me for a meal or something? “Ah, Mom” He was so angry, he called Mom several times, causing Parisa Song to look at him weirdly, and said, “No!” ””He was speechless and dissatisfied, “You are so stingy, Ms. Song “You are all presidents, and now you are married to a wife, and you let unemployed mothers invite dinner? Your son is really annoying!” “Don’t you still have my dad? My dad is a director. Long.” Looking at the two people around him who were bickering happily, Siena Liang only felt good Coke and felt very warm.

Maybe, this is the feeling of home, right?

How lucky, she is now a member of this family too.

Thinking like this, the corners of his mouth raised, immersed in his own thinking.

After a while, someone pushed his shoulder.

Looking up, seeing Parisa Song and Lawrence Lu both looking at her, Lawrence Lu raised his eyebrows, “What about you?” “Ah?” They said something later, she was not listening at all, how did she know they were asking what?

“Siena, my mother reserved a private room in the Tang Dynasty. Can I go there to eat?” Parisa Song smiled lovingly.

It turned out to be this!

She replied in a nice and soft voice, “I listen to you, Mom.”

Parisa Song was very satisfied with her good behavior, “It doesn’t matter, if you don’t like the food there, we can also change to another house.” “It’s really good, mom.” “I listen to you, mom!” Lawrence Lu Yin and Yang listened to her strangely, let go of Parisa Song, and leaned on the sofa with her hands, “I suddenly don’t want to eat!” Parisa Song didn’t care at all, “If you don’t go, let’s go and eat. !” Then, she took Siena Liang’s hand, “Siena Liang, let’s go! Oh, your skin is so nice, tender and smooth, what do you usually wipe?” Siena Liang had to Follow Parisa Song and look back at Lawrence Lu who is angry over there, “Mom, he”

Chapter 35

Welcome Parisa Song, a member of our family, winked at her, and she understood.

Lawrence Lu saw that they really didn’t intend to call him, his lungs were about to explode with anger.

These one by one, it would really be unpleasant to find him!

“Hey! Ms. Song, you took her away. Who will make dinner for me?” “Call the takeaway.” Parisa Song didn’t look back, “Siena, change shoes soon!” “Can you eat takeaway?” “Then you do it yourself?” “Thirty years, have you seen me go to the kitchen?” He was really angry. He married a wife, so why didn’t he get treated so soon?

“Then there is no way?” Parisa Song sighed seemingly embarrassed. “I asked the driver to go back when I just came. Siena, let’s call it a taxi later?” “Okay, mom.” Lawrence Lu heard it. , I suddenly had an idea, “Hey, Ms. Song, you don’t look at what kind of person you are. Can you sit in the rental?” “What about it?” “Forget it!” Lawrence Lu was very reluctant. I’ll send you there!” After finishing speaking, he rushed over as if he was afraid that he might change his mind in the next second. He changed his shoes and took the car key and went out. His back was definitely like a warrior on the battlefield.

Seeing his purpose, Parisa Song was proud, “This stinky boy in my family has such a bad temper. In fact, he is quite cute.” Sheng Tang private room.

When they arrived, Zan Lu was already waiting there.

Siena Liang didn’t expect Zan Lu to come, and suddenly became a little cramped.

“What are you doing in a daze? Hurry up, call Dad!” Parisa Song said with a smile.

“” Siena Liang was stunned for two seconds, and then cried out cleverly. “Dad” Zan Lu nodded slightly as he agreed. His face was still majestic, and he couldn’t see the joy or anger.

In the end, Lawrence Lu who had followed him walked over and pulled Siena Liang past Siena Liang, “You are not afraid to scare my daughter-in-law!” Hearing this, Zan Lu couldn’t help but glared at his son.

Immediately, he looked at Siena Liang again, and said faintly: “Sit down.” When the family was down, Parisa Song said happily, “Hey, my son is finally married. I’m really happy. .” Lawrence Lu was dissatisfied, “If you say that your son I am out of grade! Please, the girls who chase me can be queued from the city center to outside the fifth ring road, okay?” “Son, although you are because of my and your dad’s excellent genes It looks really good and has a little ability, but don’t you brag and feel uncomfortable?” “Cough” Zan Lu gave a light cough, and stopped the bickering between mother and son in time.

“Axun,” Zan Lu looked at Lawrence Lu, “Now you are also a person with a family. I hope you can do your best to protect your wife, treat her kindly, and try your best not to let her be wronged. Two people and beautiful together Since you decide to get married, you have to take the attitude of going for a lifetime, okay?” “I see, you are so annoying, Teacher Lu!” Ignoring Lawrence Lu’s attitude, Zan Lu looked at Siena Liang again, “Siena Liang. “This clear and shallow sound made Siena Liang a little surprised.

A few days ago, he called her Miss Liang.

Now that he changed her name and called her directly, it meant that he had really accepted her.

“Dad” Zan Lu nodded, “From now on, Axun will take care of you.” “” Siena Liang only felt a thud, and his heart was warm.

Zan Lu obviously only said such a simple sentence to her, but the weight and trust in that sentence made her feel like Taishan.

A simple request, but it contains too much. Respect, love, tolerance, and trust he trusts her. It is also because of her affirmation that they do not exclude them from marrying and give her their only son. Asking them to love each other for a lifetime, I don’t know why, tears of touch and gratitude suddenly filled her eyes. She raised a sincere smile and solemnly said: “Dad, I will treat him well, thank you.” Thank you Your trust, and thank you for your affirmation to me!

Zan Lu smiled with satisfaction, a faint smile, but full of expectations and satisfaction.

He raised his wine glass, “Today is a happy day, let’s drink a little.” When all four of them raised their wine glasses, Zan Lu took Parisa Song’s hand and nodded with a light smile to Siena, “Welcome.” You, become a member of our family.” On the way back to Nanhu Villa after dinner, Lawrence Lu was speechless all the way, looking thoughtful, not knowing what he was thinking.

Back home, Siena Liang changed his shoes and wanted to go upstairs, but Lawrence Lu called her.

“Come here.” He walked to the sofa and sat down, hooked his hand to her, motioned her to go.

“What’s the matter?” She thought for a while, or walked obediently.

“Sit.” He pointed to the sofa aside.

She sat down and felt her heart lifted for a while.

With such a serious look of him, the more I look at it, the more people feel embarrassed. Shouldn’t he regret it?

Just the day I got my marriage certificate?

Siena Liang sat on the sofa and looked at Lawrence Lu on the side. He couldn’t help but tugging at the corners of his clothes in a tangled and anxious manner.

“What’s the matter with your expression like that? Am I reluctant to call you over?” He couldn’t help frowning when she saw her uneasy.

“No” “Did you hear what my dad said today?” “Yeah.” She nodded.

Thinking of what Zan Lu said, whether it was to him or her, she was very moved.

“Today we are also married legally. In order to have a happier life in the future, you can tell me what you want from me.” After that, I remembered something, “However, I can’t say too much. Understand?” Siena Liang’s heart suddenly fell.

It turned out to be this!

She patted her heart, took a breath, thought about it, and replied seriously: “It’s nothing, I think it’s good.” Although his temperament is not easy to figure out sometimes, he is generally good.

And even though she has become Mrs. Lu now, after all, she has asked him more, so how can she ask for anything more?

“No?” Lawrence Lu didn’t seem to believe it, and looked at her with some inquiries in his eyes, trying to make sure what she said was credible.

“Yeah.” She nodded. “I think this is great.”

Lawrence Lu watched her repeat it again, smiled contentedly, and started to fart, “I knew that a perfect person like me, you can’t ask for anything. After all, Xiaoye, I pursue perfection in everything. “” Siena Liang glanced at him speechlessly and couldn’t find any words to answer.

To borrow Parisa Song’s words, is he not narcissistic and uncomfortable?

“But,” he put a smile away, and began to say solemnly, “You didn’t ask, but I have a few points that I need to remind you.” “What? You said.”

Chapter 36

my card will only be used for Mrs. Lu. “First.” He put one hand on the armrest and tapped leisurely, “You are Lu now Madam, please remember Mrs. Lu’s identity at all times. After all, no one wants to wear a colored hat?” “” Siena Liang nodded boredly, “I see.” He compensated: “You should always pay attention to boys and boys. Keep your distance?” “Oh.” “Siena Liang, what is your attitude?” “Didn’t I answer you?” What is her attitude?

She obviously has a very good attitude!

“One! Are you upset in your heart? You feel that I am restricting your freedom?” “No,” she shook her head, seeing his bad eyesight, and immediately shook his head affirmatively again, “Really not!” “Humph!” Lawrence Lu This time seemed to be a little satisfied, and Erlang’s legs were tilted, “Well, let’s talk about the second point.” Siena Liang straightened his back slightly, ready to listen carefully.

“The second point is” Lawrence Lu placed a cigarette leisurely, “The second point” “Well, you said.” Lawrence Lu was furious, “I’m talking, what’s wrong

with you?!" "The second point" he was furious. The land extinguished most of the remaining cigarettes in the ashtray, "I have been upset by you, I still know what the second point is?" "" Siena Liang looked helpless.

He just said the "second point" three or four times in a row, didn't it feel like he didn't expect to say something in the morning?

Can't say it now, how come the blame is on her?

She couldn't help but complain in her heart that the temperament of the irritable little lion is really weird, is it okay to lose her temper at all times and not make sense?

"Forget it!" He said kindly, "Since my thoughts are interrupted by you, don't say it, you just have to remember the first point. After all," he squinted at her, "like you I can't ask you too much." Siena Liang felt that the little monster in his heart was about to be unable to withstand the trap and would roar out!

Inhale hard, and then inhale again. She tried to restrain her anger, and put on a serious attitude of seeking knowledge, "I will remember your first point, and then we may also go out or have a meal together." Ah what, if you are seen by an acquaintance, how do I introduce your identity?" Lawrence Lu's handsome face was full of the expression "You still want to go out with me and you want to eat too much", but he said. "Whatever you do!" When he heard him magnanimously say whatever she wanted, she smiled happily again, "Okay." Lawrence Lu ignored her thanks, raised an eyebrow, and took it from the wallet he carried. Bringing out a card, handing it to her, "Here!" "What?" Seeing that a credit card of a certain bank appeared in front of him suddenly, Siena Liang didn't understand it.

"Idiot, of course it's a credit card!" He made your stupid expression.

"Of course she knows that it is a credit card, but what is it for her?

“Give it to me?” He nodded, with an expression of “You are not stupid yet” written on his face, “I will use this card for everything in the future.” Siena Liang was completely taken aback by the sudden situation. What does that mean?

Seeing that she was slow to answer, she put the card in her hand, “The password is the same as the password to open the door.” Her head was blank for several seconds, and the card in her hand felt hot and hot.

After regaining her consciousness, she said, “You don’t need a card even at home, right? You just need to give me some appropriate monthly.” His card should not be low.

She didn’t say that she didn’t want his money, because she was really financially tight now, and remembered that she didn’t even have money to buy vegetables two times before, and she still borrowed it from Pianpin.

If part-time jobs are not found for a while, household money is indeed needed.

Moreover, he should not be the kind of person who wants to use her money to subsidize his family.

However, this card is really not suitable for her to take, she is just a Mrs. Lu in his name!

He raised his eyebrows and asked, “Who said it’s just for home use?” Pointing to the card in her hand, “You can buy anything you like, jewelry, clothes, shoes, bags, whatever!”

“Anything can be bought?” Did she get it wrong?

Lawrence Lu nodded, “Um.” “But, this is not appropriate.” “Why is it inappropriate?” “We are only married in name, I can’t.” Lawrence Lu waved her anxiously to interrupt her, “Marriage in name is not marriage. Don’t forget

whose surname you bear now." He began to earnestly, "Don't say that you are basically penniless now, even if you are the daughter of the Liang family, as my wife of Lawrence Lu, I cannot let you spend money. , Understand?" Siena Liang nodded ignorantly, thought about it, and felt that something was wrong, "But, since you know that I don't have money now, didn't I buy vegetables or something before? Why now?" I'm so busy all day, who would think about those little things? You don't really think I can make money by being invincible and handsome, do you?" "" Then, Lawrence Lu, the invincible and handsome in the universe, was particularly domineering and cool. Hyun said, "I may not remember many trivial things, but you can remind me, yes? Also, the most important point is that I am very rich, but my Lawrence Lu card will only be used by Mrs. Lu , Understand?" "I understand." Siena Liang was full of emotions for a time, but the most in his heart was still moved.

This guy can make you jump with anger, but sometimes it will make people feel very cute and warm.

But she still doesn't use this card except for household use.

"Very good." He was satisfied, and his smile became bright, but the next second, he changed into a slouchy appearance, "Today we got married, what does Mrs. Lu say?" Said?

Here again?

!

"What do you mean?" She really didn't understand, why he wanted so much expression.

Seeing her in a daze, looking at him with a puzzled expression on his face, he curled his lips, walked over and sat down next to her, "Should there be a bridal chamber or something?" "Boom" Siena Liang's face All of a sudden it was flushed, especially when he was very close to her, she felt it became difficult to breathe.

She had only thought about getting married before, and he had no other thoughts about her, so she had never thought about these issues.

It’s weird to sleep with someone who has no love!

But they are indeed married, do they really want to share a bed?

She bit her tender lips tangledly, not knowing how to answer.

“Haha!” He laughed, “Siena Liang, you can’t afford to make a joke! To tease you! Ha” After speaking, he got up and walked upstairs, leaving Siena Liang sitting alone There, holding the card blushing, shy and anxious.

Chapter 37

What kind of thing do you fall into love, dare to walk with me on the bed, tossing and turning Can’t sleep.

Playing with the credit card Lawrence Lu had just given her, he smiled helplessly.

What did he just say?

I am very rich, but my Lawrence Lu card will only be used by Mrs. Lu.

This guy is domineering and naive, but sometimes he is also cute!

Looking at the brand-new marriage certificate from the bedside table, I was filled with emotion.

She is real, and Lawrence Lu is married!

She originally planned to go to the Liang family to work hard for a few years after graduating from university, and then join Robert into the marriage hall as scheduled, but now the temperature of his embrace and the hand he held her

in the afternoon seems to have not dissipated, it is warm Yes, it makes people feel warm as long as they think of it.

At that time, when he held her hand and said, “Mrs. Lu, let’s go home”, she couldn’t help tears in her eyes, and tried her best to keep the tears from falling.

Come back home!

At that time, she was too grateful and grateful to him, and she ignited her desire and love for life to thank him, and gave her a home.

Home, her future home.

“So, are you married? Yesterday?” Wu Pianpian opened her mouth wide, her eyes widened, her expression unbelievable.

On the way to the classroom, Siena Liang looked at the sudden glances around him, and immediately prompted: “Can’t you just keep your voice down?” Wu Pianpian nodded and asked again in a low voice: “Are you really married to Lawrence Lu? It’s not the same name and the same surname, right?” “It’s him!” A little tangled and a little nervous, “Pian Pian, will you look down on me? I want to get back what belongs to me, and put myself” Wu Pian Pian reached out and knocked her angrily Head, “Are you stupid?”

Seeing Siena Liang rubbing her head, Wu Pianpian continued, “Siena Liang, what is our relationship, why would I think that? How great is it that you can get back your own things. The most important thing is that you are not married to someone else. It’s Lawrence Lu, the diamond king of the whole city! Do you know how blessed you are, I am almost envious of you, how can I look down on you?” Siena married for whatever reason, she will have it in the future What a great shoulder to lean on!

“Really? You really think so?” “Of course!” Wu Pianpian nodded repeatedly, the expression on her face couldn’t be more serious, “However, Lawrence Lu is

really good, and he actually gave you his card! Sure enough, he is a domineering president. Domineering enough! He is now completely promoted to my number one male god! No matter, you have to invite me to dinner, go to Yushixuan, all the signature dishes are the kind!" "I invite you to dinner, but I am married You have to keep it secret for me, okay?" "Why?" She was puzzled, what a good thing, if it were her, I wish everyone in the world would know!

"You see that you have such a big reaction after hearing this, so what if you change to someone else? You don't necessarily have to look at me." "Well, it's just confidential." "However, I don't intend to use his card. "You don't need your husband's card? Are you stupid?" Siena Liang said helplessly, and Wu Pianpian nodded in understanding, "I understand, but do you still need a part-time job now?" "Of course you need it!" "Okay." "Oh! Who am I? It turns out to be Siena Liang!" As the two of them were talking, a ridiculous female voice suddenly sounded. Looking back, it was the bedroom. Wang Keer in the room, behind her, followed Luo Jia.

When Wu Pianpian looked at the person, she immediately pulled Siena Liang away with a faceless expression, "Siena Liang, let's go to class!" "Wait!" When Wang Keer shouted, Luo Jia stretched out his hand to block the path of the two of them. .

Unable to walk, Wu Pianpian lost his temper, "Wang Keer, what do you mean?" Wang Keer wore a new chiffon skirt, and his long hair was permed with the popular pear curls. The series of 7-inch high-heeled shoes, the whole person has a fluttering temperament.

She smiled mockingly, but didn't look at Wu Pianpian, walked straight to Siena Liang with her hands, looked her up and down, and asked condescendingly, "Siena Liang, what is your relationship with Lawrence?"

Wu Pianpian hummed, "What's the relationship between them? Can you control you?" Siena Liang thought to herself. She had been in the dormitory

for so many years. She didn't know that Wang Keer also knew Lawrence Lu, she seemed to be quite familiar.

Wang Keer has a high profile. Her family is a well-known company in the city, and her dress and cost can tell that she is from a good family. She is also from the city. Knowing Lawrence Lu is not an exaggeration.

However, she suddenly came to ask her this question today. Couldn't she know something?

"What about you, Siena Liang!" Siena Liang still didn't know how much Wang Keer knew, so she said lightly, "Didn't Pianpian answer you just now?" "You" Wang Keer's expression changed.

"Huh! You really thought you were the daughter of the Liang family, why are you talking to Ke'er in such a tone?" Luo Jia said pretentiously, who had never spoken.

"Luo Jia, is it really okay for you to bark as soon as you speak?" Wu Pianpian couldn't understand Luo Jia's damage to Siena Liang, and also spoke mockingly.

"Wu Pianpian, you" "I, you, Wang Keer's running dog!" "Aren't you also Siena Liang's running dog?" Wang Keer snorted, "But well, you bet the wrong treasure. What can Siena Liang give you? Why don't you come to me, I'm in a good mood, maybe I can give you something." When Wang Keer's words came out, the three people present changed their faces.

Because Siena Liang and Wu Pianpian were angry, Luo Jia's face was blue and white, full of embarrassment and embarrassment.

Siena Liang was also angry, "Everyone in a dormitory for a few years, do you need to talk so badly? You say that others can, but please don't say Pianpian." "Heh!" Wang Keer slapped his hair, "They all said falling into the water. A phoenix is not as good as a chicken, Siena Liang, I used to be too lazy to care

about you, but now, what kind of thing is your desolate daughter and dare to go with me?! Just because Lawrence came to the school to look for you yesterday? You don't look at yourself now What kind of stuff is it? I really thought that Brother Lawrence fell in love with you?" Siena Liang understood, and he was relieved. It turned out that Wang Keer saw him come to him yesterday.

Wu Pianpian did not do it, "Wang Keer, you dare to talk to my Siena Liang like this, my old lady is fighting with you today!" Wang Keer just glanced at Wu Pianpian like a clown, and turned to Luo Jia on the side. With a wink, Luo Jia flashed her body to prevent Wu Pianpian from hitting Wang Keer.

"Pianpian, stop making trouble!" Siena Liang pulled Wu Pianpian away and shook her head.

"Siena, what can I tolerate with them! You are Lu Hu"

Before Wu Pianpian had finished speaking, Siena Liang quickly covered her mouth with her eyes and hands to stop her from saying what she was going to say next.

"Wang Keer, if you just come to tell me this today, then you can go." Wang Keer said viciously: "Brother Lawrence will not like you, he is mine!"

Chapter 38

Xiaoye, I am also a family person, Lu.

CEO's office.

In front of Lawrence Lu was a mountain of documents.

The temperature of the air conditioner in the office was good. He took off his suit and hung it on an office chair casually. Wearing a white shirt, he had a straight back and was carefully reviewing the documents on the desk.

It is said that men who work hard are the most charming.

At this moment, he is handsome, rigorous and careful, exuding a mature and stable temperament.

Li Song opened the door and said exaggeratedly: “President, if you are seen by a girl, I don’t know how much a young girl will be charmed.” The president of his family is really handsome and capable. Except for the bad temper sometimes, I really can’t find anything else wrong.

Without raising his head, Lawrence Lu signed his name on the document, “You don’t see too much hard work, but the skill of flattering is getting better!” Li Song smiled, “Ha! Take care of both, both, still hope President Mingjian.” The last document was finally completed. Lawrence Lu put on his pen cap and moved his pantothenic shoulder. “Let’s talk about it, what’s the matter?” “Kuangqi’s contract has been drawn up. Please review the president.” Pass the contract with both hands to Lawrence Lu.

After reading it carefully, Lawrence Lu nodded, “Very good.” “But President, didn’t you always refuse to cooperate with Guangqi? Why suddenly?” Lawrence Lu raised his eyebrows, “I suddenly wanted to cooperate again, no?” Go go go go!” Li Song answered again and again, “Speaking of which, the TV series that Guangqi is going to shoot this time have a high impact. We invested 300 million yuan at once. With the current momentum, we can earn a lot of money by then. Pen.” Lawrence Lu smiled, “It is necessary to make money. After all, since it is necessary to invest, there must be a return. But well” He agreed to cooperate with Guangqi. The most important thing is that Robert is not pleasing to the eye.

“But what?” Li Song had a curious baby expression.

“But I don’t want to tell you!” Lawrence Lu looked arrogant, “Just follow the contract. Tell Wang Mingyi’s person to come to the company to sign the contract tomorrow and go out.” Li Song didn’t get the answer. He felt as

uncomfortable as a cat, but he couldn't. Not succumbing to the certain authority of his president, he bowed his head and went out.

Lawrence Lu hummed, picked up the phone and clicked on the WeChat group with Solan Bai and the others, and sent a voice message in the past, "Come out for a drink." When Lawrence Lu arrived in the Tang Dynasty, Brian Zheng and Solan Bai had arrived first and were talking. The hot World Cup nowadays.

Lawrence Lu looked at Solan Bai and snorted coldly, "You have been very free lately." Solan Bai disapproved, "I just brought a few students, as a teacher, I have devoted my life's learning to enjoy the joy of life. "You still have learned all your life. It's not bad if you don't mislead your students." Now, Solan Bai was unhappy. "If you envy me if I have students, just say it! How can a capitalist like you know how to be a teacher? It's fun!" Brian Zheng saw the two of them start arguing again when they met, shaking his head and saying, "I said you two, what's the meaning of just arguing, have the ability to go out and fight!" The three of them, fighting since childhood The number of times cannot be counted at all.

Among them, Brian Zheng was one year older than them, and he was a naturally black-bellied lord, leading the two of them every day to find others to fight.

Of course, sometimes they will have internal fights because of disagreements, and Brian Zheng will naturally become the winner.

At that time, Lawrence Lu was often beaten up because of his weakness, and his face was bruised and swollen, but his father was not a worry. Seeing that he had already been beaten, he had to give him another "Lu family beating". He had to make him die and doubt life.

When the two people who were still bickering listened to Brian Zheng's suggestion, brothers immediately hooked up their shoulders and put their backs together. You praise my clothes for the color today, and I praise your hair for today.

North Zheng Yi watching them exaggerated look, could not help but ask the amount, “find beat it?” Then, shook his fist, training shijiazi issue specific “Kaka” sound joints.

Solan Bai was speechless, and said bitterly, “Lao Zhao, can you not come to this set?” Lawrence Lu was a bit scared at first, after all, he was often beaten by Brian Zheng when he was a child!

But the next second, he laughed again, full of air.

“Beat! You beat!” He walked up to Brian Zheng very badly, and when he saw that Brian Zheng couldn’t bear to do it, he said lightly, “Before the beating, you have to think about the reaction of your younger siblings. After all, Xiaoye, I have a family too!” “” “What do you mean, Axun?” Solan Bai was puzzled, “family?” “Huh huh!” Lawrence Lu hummed proudly, and then snorted from his chest. He took out a small red book from his inner pocket and dropped it on the coffee table with a “pop”, “My little master, I’m married!” “No way?” Bai exaggerated, and picked up the book. I looked at the marriage certificate several times carefully, “Really?” “Replace the fake!” “Axun, your kid really made me look at me!” Solan Bai said, and looked at Brian Zheng again, “Old Zheng, Ah! Xun was even more serious than you. It’s amazing!” Ignoring Solan Bai directly, Brian Zheng also became serious, although he was always more serious.

“Are you really here?” “Otherwise?” Lawrence Lu frowned dissatisfied. “What I said is so unreliable?” “It’s not unbelievable, but your kid’s speed is too fast!” Solan Bai shook his hand. “After all, you have been married for more than ten years. We just don’t believe you will give up her and marry someone who has only known her for less than a month!” Hearing this, Lawrence Lu chuckled slightly, his eyes were somewhat Lonely and unwilling, “You know, before getting the certificate yesterday, I even imagined that if she could come back, I could stay with her regardless of the previous complaint. But what happened, her phone turned off” He ordered one for himself Yan smoked a couple of mouthfuls before continuing, “Maybe, this is the ending we should have, she doesn’t belong to me after all!” Brian Zheng frowned and thought for a while,

“Are you sure you will live with someone without feelings for a lifetime?” “After all the certificates have been issued, what is still uncertain? Besides, families like ours are mostly married. Anyway, they have no feelings. What is the difference between me?” Thinking of yesterday’s scene, he smiled.” You say her little girl, her heart is very big, but she is also very small.” Solan Bai raised her eyebrows, “how do you say?” “She really dared to marry me in order to regain the Liang family. She was obviously worried and afraid. , But she also pretended to be calm. If she said her heart was small, I said to go home, and her eyes were red from the touch.” ””

“Since you have decided, now you have the certificate, and treat them well.” Brian Zheng picked up the glass. “Although you got married before me, you still have to say, happy wedding!” “Axum, congratulations.”

Chapter 39

Is the home on fire? Siena Liang returned home with the vegetables he bought, and there was a familiar roar from the cooker hood in the kitchen, accompanied by it With the sound of pots and bowls colliding, there was a smell of burning food in the room.

She couldn’t help but wonder, isn’t it Lawrence Lu cooking?

He clearly said that he is not a cook!

Changed the slippers and walked to the kitchen step by step.

It was only a few steps away, and there was a “clang”, and there was the sound of dishes falling to the ground.

Then, another exclamation sound came from the kitchen.

Siena Liang ran over a few steps, and saw Parisa Song squatting on the ground, holding her bloody hand with a look of panic.

“Mom!” Siena Liang was also taken aback. She didn’t expect Parisa Song to come and cook for them.

But looking around the kitchen, Siena Liang completely expressed that he didn’t know what to say about the neat kitchen, which turned into a mess of porridge.

Dishes and dishes are everywhere, and almost all the pots in the house are put in the battle, one by one, all in strange poses.

I didn’t know what was going on on the ground, as if it was sprayed with black paint.

And in the cooking pot, there was a dark mass of dishes that exuded a mushy smell, and there was no way to see what it was. The smoke was squeaking, and the fire on the stove was not turned off.

“Siena Liang!” Parisa Song looked like a savior, too wronged, blinking at her, as if seeing the savior.

But her exquisite face, which had been well maintained, was now like a tabby cat. It was black from the east to the west, and it looked like a burning girl from ancient times.

Siena Liang tried desperately to hold back his laugh, and ran over to turn off the fire. Then he squatted down beside Parisa Song and grabbed her hand. “Mom, you are injured. Come on, let’s flush with water first. “Speaking, she helped Parisa Song and walked towards the pool.

In the sink, there was a pool full of dirty dishes, as well as fragments of several bowls that were broken.

Siena Liang had a headache, but didn’t say anything.

“Hey” Parisa Song smiled with a guilty conscience, “Siena, I’m sorry, I made the kitchen like this, you won’t blame me?”

Siena Liang turned on the faucet and rinsed Parisa Song’s hands carefully, “It’s okay mom, I’ll just clean up later.” “Originally, I wanted to cook for you. Axun is going to work. You Going to school again” Parisa Song endured the tingling pain in her hands, saying that she was wronged.

“Why do you blame you, mother? You are also kind!” “Hey!” Parisa Song was distressed, “I can’t eat the dishes I cook.” Siena Liang couldn’t help but glanced at the vegetable pot again, thinking , I can’t eat it!

“Come on, mother, let’s go to the living room, I’ll bandage you!” When Lawrence Lu came back, he was shocked by the smell of the house as soon as he walked in.

Is there a fire at home?

“Axun!” Parisa Song turned her head, her mouth narrowed, aggrieved like a child.

Seeing Parisa Song’s appearance, Lawrence Lu was stunned to recognize that it was his dear and respectable mother!

“What’s the matter?” He didn’t change his shoes, and ran over a few steps, watching Siena Liang rubbing iodine on her, “What’s wrong with her hand?” Parisa Song was embarrassed, “Nothing.” Lawrence Lu didn’t believe her. , Ran to the kitchen again and took a look. Now, he couldn’t help but touch his forehead, “Who can tell me what’s going on?” “That’s” Parisa Song sneered, “I’ll cook for you.” Lawrence Lu He took a deep breath, “Are you sure you are cooking? You are not burning my kitchen?” Then, he stared at Siena Liang again, “You also let my mother come?” You know, he has been born since he was born. , I never saw his mother go to the kitchen!

“Mom, there are no band-aids. I will bandage you with gauze first.” As he said, Siena Liang took out the gauze from the small medicine box.

“Siena Liang, let me ask you something!” Lawrence Lu, who was ignored before answering, was angry.

“Axun, don’t blame Siena, I already made the kitchen like that when she came back.” She said, she pretended to be pitiful again, “You see that my hands are cut. I’m angry!” “Mom, it doesn’t matter if you burn my kitchen, as long as you are happy, but don’t hurt yourself, okay? Teacher Lu might scold me!” “No! Hehe!” “Okay, mom, don’t get wet for these two days.” She tied the gauze with a delicate and beautiful bow, and stood up, “Sit down first, and I will clean the kitchen and cook.”

Seeing Siena Liang enter the kitchen, Parisa Song, who was ashamed, pushed Lawrence Lu who was sitting on the sofa, “Son, are you a wood? I don’t know if you can help some Qingjian?” In the kitchen, Lawrence Lu frowned, “Will I?” “I won’t learn it!” “Don’t go!” “Go!” Parisa Song walked over and dragged him up, “Go, go! You don’t know, I will Your house is like that, Siena didn’t even say me, I have a good temper!” “” “Hurry up, son!” Lawrence Lu couldn’t help his mother push and drag him, so he had to go to the kitchen reluctantly.

Siena Liang was picking up a broken bowl. She turned her back to the kitchen and didn’t know that someone was approaching her.

“Do you want me to help?” The abrupt male voice sounded behind him, and Siena Liang was shocked, his hand shook, and he also came into close contact with the fragments.

“Ah” Lawrence Lu took a look, walked over two steps, grabbed her hand, and the bright red that was rising out made him frown coldly, “Are you a pig? I don’t know how to use a broom?” The temperature of his palm was a little high. Not sweaty.

Being held by him like that, she felt a little uncomfortable, and wanted to take her hand back, “Who made you make a sudden noise without making a sound?” Did she scare her?

Lawrence Lu grasped her tighter, pulled her to the pool, and saw the “great achievements” in the pool at a glance. He was speechless, “Ms. Song is really enough!” He turned on the faucet, grabbed her hand and started flushing.

He was so close to her that she could almost be regarded as leaning against his arms.

I could still vaguely feel the rhythm of his heartbeat, and the masculine breath that was mixed with the scent of pine wood and smoke passed from her senses, and a small face began to turn red uncontrollably.

“I’ll do it myself, you can go out first.” She blushed and said quietly.

“Are you sure?” He had been staring at the water, and at a glance he saw her blushing so badly that even his ears were red.

They seem to be too close!

He let go of her quietly and stood aside.

The tall man suddenly left, Siena Liang breathed a sigh of relief, even the air didn’t seem to be so thin.

“You go out first, I’ll cook when I finish packing.” “What are you doing like this?” He f*cked his hand and wanted to lean on the cupboard. Suddenly he thought that the cupboard was too dark and dirty, and stood up depressed. .

“If you don’t cook, what shall we eat?” “Don’t worry, I won’t be hungry for you!”

Chapter 40

After dinner, Zan Lu, who was sitting on the sofa watching the financial news, watched his wife rushing into the house and his son and daughter-in-law who followed her, frowned slightly, and said to Parisa Song, “Run slower,” Don’t fall.” Parisa Song didn’t listen, and ran into her husband’s arms a few steps, “husband, I’m injured, Ba Ba Ying” said, raising her hand, “Look.” Zan Lu looked at it. Holding Parisa Song’s thin white hands tied with a bow, her thick eyebrows couldn’t help but wrinkle, “What’s the matter?” Parisa Song’s face has been washed, but her hair is still a bit messy, and there is a looming strand on it. “How did you make this virtue?” Parisa Song smiled, sticking out her tongue playfully like a girl, without answering.

Hey!

It’s better not to talk about such a shameful thing!

Zan Lu looked at Lawrence Lu, “Tell me about it.” He has been caring for Youjia’s little wife, and he will feel distressed when she loses her hair.

Today, he excitedly said that he was going to see his new daughter-in-law at his son’s house, but Lawrence Lu shrugged helplessly and took Siena Liang to sit on the sofa beside him. Parisa Song hurriedly winked at him when he heard “your wife”. Say.

But Lu Lawrence Lu was not as good as her wish, “I almost burnt my kitchen today, that’s it.” “” Parisa Song gave Lawrence Lu a fierce look, and then looked at Zan Lu with a pitiful look, “I just saw clearly. Qian and Axun are very busy. I went early, thinking about cooking them a meal. It’s not as serious as Axun said!” It’s just that I broke a few bowls and messed up the kitchen. Isn’t it that serious at all?

Zan Lu shook Parisa Song’s hand, “You can’t do it without energy?” His baby wife, except for going to the kitchen to find food, when did he enter the kitchen?

Parisa Song smiled awkwardly, waved her bow-tie hand, and changed the subject wittyly, “Husband, do you think this bow is cute? Siena got it for me!” She couldn’t help but feel complacent. He got up and said, “Oh, we are pure and ingenious, I really like it!” ””Zan Lu was full of black lines, but he was helpless.

Lawrence Lu was accustomed to seeing his mother’s frequent crimes. He turned around and shouted: “Mother Zhang, please cook us some food.” On the Lu family’s table, the simple and exquisite five dishes and one soup, bursts of aroma came to the nose.

“Why can you all make such delicious meals?” Parisa Song, who has always liked food, held up his chopsticks, but did not immediately start it, but sighed depressedly, “Why can’t I make it?” Zan Lu had already eaten, so he didn’t go to the table. There were only three of them on the table.

Hearing the grievances of his mother, Lawrence Lu was extremely insulting, “Because you are too stupid!” Parisa Song was taken aback, her eyes widened, “Axun” At this time, as a son, he should not comfort her. Is it?

Siena Liang glanced at Lawrence Lu speechlessly. caught Parisa Song looking at herself blankly. She tried to raise a sincere smile, “No mother, don’t listen to him nonsense.” Seeing that she dared to choke him like this, Lawrence Lu glared at her displeasedly and continued to eat.

After a busy day, it was another toss of Nanhu and Luzhai, and he was already hungry.

“Really, Siena?” Parisa Song’s eyes were filled with joy.

She knew that someone knew her!

“Yes, mother.” Parisa Song was satisfied and was in the mood to eat.

She took a big mouthful of rice, chewed it, and said vaguely: “Huh, I’m still very shallow and can talk!” Lawrence Lu was unhappy, and hummed, “How can you burn my kitchen if you are not stupid? Humph! ””Parisa Song was stunned, and forgot to chew the rice.

Siena Liang touched Lawrence Lu and motioned him not to say anything.

What kind of master Lawrence Lu is, not only does he care, he also has to make up his knife: “Isn’t what I said is the truth?” “Axun” Parisa Song’s eyes flickered with tears, and silently put down the tableware, “You hate it! “After finishing speaking, he sniffed and ran to Zan Lu for comfort.

Siena Liang looked at Lawrence Lu speechlessly. His mother was angry, and there was no guilt at all. It was a joy to eat!

“What do you look at? Do you think I’m handsome enough to make you skip meals?” “She said nothing, but in fact, you are too narcissistic!

“Eat!” When both of them finished eating, it was already ten o’clock in the evening.

Zan Lu saw that Lawrence Lu and the others were about to leave, and shouted to them: “It’s so late today, don’t go back, stay at home.” When Siena Liang heard it, the alarm bell in his heart couldn’t ring loudly!

If they live here, doesn’t it mean they have to live in the same room?

Lawrence Lu raised his eyebrows and said, “Who wants to live here?” “You weren’t married before, and it is inconvenient for your mother and I to stay with you. Now you are also married, what can’t you do if you come home?” “Yes, yes! “Parisa Song, who has long forgotten that Lawrence Lu made herself unhappy, also nodded again and again, “Just stay, live with a family, how lively!” Parisa Song said more and more cheerfully, “Today I want to talk to Siena Sleep together!” “No!” “No!” The two “No” sounds came from Zan Lu and Lawrence Lu respectively.

Zan Lu thought, how can I sleep if you don't sleep with me?

What Lawrence Lu thought was that Siena Liang's IQ was very low, and if his wife Song revealed the reason for their marriage, it would be troublesome.

Besides, living in Luzhai, wouldn't you have to sleep in a room with Siena Liang?

What a joke!

"Husband Dingying" Parisa Song started to take the pathetic route again, but Zan Lu didn't sell her account at all.

Lawrence Lu changed his remarks: "I'll still go to work tomorrow. It's more convenient for us to go back and live." "It's also convenient for the past," Parisa Song walked over and held Siena Liang in his arms. "Siena Liang, can you stay here? "It doesn't matter if you can't sleep in the same room with Siena, at least at home, with a large family, how nice!

"Mom" how should she refuse?

And also the kind of refusal that can achieve the goal without making people unhappy?

"That's okay? You think I'm hurt! Are you still going to make me unhappy?" Parisa Song raised her bow-tie hand, her big eyes weeping.

"Mom, we just got married!" Lawrence Lu said, hugging Siena Liang, gritted his teeth, and said shamelessly, "Newlywed Yaner will inevitably move too much. In order not to disturb you and my dad, so huh? When Siena Liang heard the phrase "Newlywed Yaner", he became very red.

There was nothing between them, just something, but this person is too thick-skinned, why dare to say anything?

“Husband, can you let them stay?” “f*ck you, you will live at home today!”

Chapter 41

This damn woman is definitely deliberately driven off the shelves by a duck. Siena Liang, with a heavy heart, walks into Lawrence Lu’s room with a small face quickly depressed. Dripping water.

“That” Siena Liang bit his lip, “Do we really live here?” Lawrence Lu also had a headache, “Do you think I want it?” He couldn’t help yelling.

“Keep your voice down!” It’s not good to be heard by Mom and Dad Lu.

“Basically no one dared to defy what my dad said, that’s all for one night.” He kicked the leg of the nearest coffee table irritably, but because of his anger, he would inevitably be a little stronger.” “What’s the matter?” Siena Liang frowned as he watched him, “Kicked it?” He took two deep breaths, trying to maintain his composure, “What’s the kidding? It’s just a coffee table, I don’t have anything at all. In my eyes, hiss “What kind of broken coffee table is this material, it really hurts!”

Live to face and suffer!

Siena Liang suffocated a smile, as long as he didn’t see his uncomfortable expression.

“Do you take a shower?” He sat in the single-person sofa, waiting for the pain in his feet to dissipate.

“Can it?” The weather is getting hotter now. Is it really uncomfortable not to take a bath?

“There is a bathroom in the room, you can use it first.” He has to be steady, and now he may not be able to walk.

“Do you have a change of clothes that you can lend me?” I have worn the clothes for a day, and then wear them to sleep. “There is a bathrobe in the cabinet, I can hardly let you wear it.” With that, he was extremely arrogant. He said, “My little master, my clothes are not something anyone can wear casually, except for Lao Zheng and Solan Bai, you are the first one.” Siena Liang smiled, went to open the closet and took out the clothes hanging there. The bathrobe, but just a visual inspection, it also feels so big!

She gestured on her body, and they all dragged the floor!

“Can I change one? This is too long.” Lawrence Lu listened and glanced at her contemptuously. “Do you dare to be shorter?” ””Do you dare to be taller?”

He waved his hand impatiently, “Forget it, forget it, you can figure it out!”

Siena Liang searched for a while, and finally dragged one of his shirts out.

Holding that shirt, Siena Liang’s heart jumped up involuntarily.

Even she didn’t understand why she was like a little girl who did bad things, she was a little shy in her heart, and she was a little bit excited about why she couldn’t tell.

He went to the bathroom with his clothes, and closed the door with a “bang”.

After a while, there was a sound of water rushing from the bathroom. The pain on Lawrence Lu’s feet gradually disappeared. He was bored sitting there waiting to take a bath, but he heard the sound of the water and the bathroom. It was made of frosted glass, and she could be seen gradually taking a bath, and he felt that his breathing was getting more and more urgent.

Is the air conditioner broken?

Otherwise, why is it so hot in the room?

!

It’s so hot that his whole body is bad!

Looking at the air outlet of the central air conditioner, the wind is blowing, and I am working very hard!

I took the cigarette to the balcony irritably, this house couldn’t stay any longer!

Lawrence Lu’s cigarette was fierce and anxious, and within ten minutes, the third cigarette had been smoked.

“Do you want to wash?” Siena Liang looked around, and finally came to the balcony, “I’m done.” Upon hearing this, Lawrence Lu turned to Siena Liang at the moment, standing next to the sliding door on the balcony. Only in his white shirt.

His shirt is really big enough for her, and the hem even reaches her knees!

Below the hem, two straight white legs are dazzlingly eye-catching.

This shirt is a summer model. It is thin. Through the shirt, you can even see the outline of her black corset. She has just washed her hair and her hair has not been dried. Occasionally, naughty drops of water drip from the tips of her hair. Under her white neck and above her chest wanton.

But at this time she even raised a silly face looking at him, and told him that I was done!

I ve done washing!

damn it!

Is she deliberate?

Wearing his shirt deliberately, deliberately not drying his hair, deliberately shaking him in front of him, now I really regret that he promised her to take a bath and let her wear her own clothes!

His throat moved up and down uncontrollably, and he swallowed a few drools.

Will the nose bleed if it is so hot?

Siena Liang watched his eyes gradually darken, and the emotions in his eyes also changed a little.

Just after taking a shower, she didn't even bother to look in the mirror. Didn't she wear it properly?

She bit her lip and moved her legs together a little bit embarrassed.

Lawrence Lu is extremely angry!

This damn woman is definitely on purpose!

"Huh!" He glared at her viciously, turned around into the room a little angrily, and when he passed her, he still slammed her hard.

"Don't peek!" After speaking fiercely, he walked straight to the closet, pulled the bathrobe into the bathroom, and closed the door with a "bang".

Siena Liang rubbed her aching shoulders, and Lawrence Lu, who had suddenly gone mad, rested on her belly.

Who?

Did she mess with him?

Thinking like this in my heart, but looking around the large room, and then looking at the super-sized bed, she was depressed again today, is she really going to sleep in the same bed with him?

A heart throbbing Lawrence Lu did not come out, she was too embarrassed to go to bed first, found a dry towel and sat on the sofa chair Lawrence Lu had just sat on, wiping her hair, trying to relieve her frantic nervousness.

After a while, there was a splash of water in the bathroom.

She inadvertently raised her eyes, and suddenly froze. She was as if she was on the frosted glass in an ice cellar, and she could see the figure of Lawrence Lu taking a bath!

She was also nervous just now and didn't even notice that it was frosted glass!

A whole piece of glass, the lower half is not visible because of special treatment, but the upper half, although the frosted glass is very blurry, you can really see the inside!

Looking down at her chest, she had all the desire to die!

He just sat in her current position!

Then his fair face turned red and hot with a "boom".

She was so embarrassed that she screamed in a low voice in distress!

Did he see her taking a bath?

She didn't make any indecent moves just now, right?

Holding her hot face, she couldn't wait to get into the hole immediately!

“No, no!” She began to comfort herself again, “Did he not be on the balcony just now? He must have not watched it!” But then I remembered the “no peeking” he just said. Does that mean that he was just now? Have you seen her?

How to do?

She really wanted to make Lawrence Lu this voyeur disappear!

She raised her head in depression, just about to take a deep breath, but she caught a glimpse of Lawrence Lu again Is it enough?

Chapter 42

At this moment, he was standing under the head of the shower. The thin but strong body of a young man did not appear sick at all. Instead, he had the vitality and strength of a young man.

And the muscles on his body are very tight, and the water sprayed on his head and body wantonly, and there is an unspeakable s3xy in the wild.

Splashes of water gathered in front of his chest and flowed all the way down. Although Siena Liang could only see his upper body, he had always been relatively simple and didn’t know what was wrong. He just couldn’t help but want to be blocked. The part where she lived “gudong” her throat tightened, and she couldn’t help swallowing her saliva, feeling the whole person starting to get hot.

On the other side of the bathroom, Lawrence Lu, who used cold water to force him to calm down, stayed in it for a long time, and there was a posture that the water would never come out.

After a long time, Lawrence Lu finally opened the door and came out from the inside. He saw Siena Liang sitting in the sofa chair and looking at the bathroom in a trance.

Lawrence Lu's expression changed, and Lawrence Lu walked up a few steps angrily, stood still in front of her, and asked without a smile, "Is it satisfactory to see?" Siena Liang, who was still immersed in his thoughts, froze. Nodded blankly, "Yeah." "Siena Liang!" "Huh?" Siena Liang returned to his senses, looking at Lawrence Lu, who had a bad face in front of him, his red face became deeper.

When did he come out?

Lawrence Lu was speechless. He leaned down slightly, stared at her wide-eyed, and blew into her, his tone frivolous, "Is it enough?" Siena Liang blushed, nodded blankly, and shook his head again. .

Lawrence Lu couldn't help grinding his teeth, "I didn't see enough? Let's continue?" "What?" "Continue to show you?" Then, he began to untie his belt in slow motion, "Look at a close distance, see clearly. What do you think?" "You" Siena Liang finally reacted and stopped his movements, "Don't" "What else?" He leaned closer, pressed it to her ear, and breathed her breath. On the ears, "Huh?" "Don't do this," his breathing made her tremble. She stopped his movements with one hand, and covered her eyes with the other, "I don't want to see!" "Don't see?" Lawrence Lu snorted coldly, "Didn't you just watch it so happily?" "Where is she!"

"Siena Liang," he stepped back two steps, f*cking his hands, squinting at her, "I didn't think you were such a erotic woman!" Because of his departure, she temporarily relieved, put down her hand covering her eyes, and whispered. He protested: "I am not" "Is it?" He hates this kind of behavior that dares not to be taken seriously, and when he thinks that she just opened a small mouth and looked at him in a longing look at him taking a bath. The bad breath made him swallow and feel uncomfortable, and he couldn't vomit out, making him uncomfortable.

"My little master, I am full of grace and Yushu-like body, which you dare to see?!" When he said this, he felt that he was wrong again.

She not only watched it, but the whole process!

Yes!

all!

Cheng!

The current Siena Liang, even if he was killed, would not admit that he was peeking at him in the bath just now, so it was really true that she was a pornographic woman.

“Where am I? Didn’t you just think that I was looking at you just based on your own guess?” Then, she also followed his way and scanned him up and down, humming, “Just your body, What’s there to see?” The anger in his eyes burned, “You say it again!?” Damn, how dare he mock the figure he has always been proud of?

!

“It was originally not as good as the male model invited by our school.” She studied design, and painting is a required course, and occasionally there will be mannequins.

Although there will be female classmates discussing the body appearance of the model after class, she basically never participates in these topics, and when drawing, she only wants to draw a picture with a soul, nothing else at all Distracting thoughts.

But today, what happened to her?

“Really? So,” he raised his eyebrows, “have seen another man’s body?” He was indescribably angry.

“” Why is he suddenly angry?

“If you do it or not, it’s wrong.” He really hates this behavior. “Male model? Good figure? Use it to compare with me? Are you in your head?” He squinted when she didn’t speak. Deep eyes, “It seems that I have to teach you a lesson to make you remember!” “What?” “Huh huh!” He showed her a slightly sinister smile, stepped forward, slender and strong hands. Grabbing her shoulders, dragging her half-clap and half-hug, with a large rotation, she was pressed onto the big soft bed.

Siena Liang didn’t have time to react. He only felt that the world was spinning, and he was crushed under him.

“You” she froze for a moment, stabilized her dizziness for a moment, and began to struggle, “You let me go!” How could he do her wish?

He straddled her waist, grabbed her waving little hand with one hand, patted her flushed little cheek with one hand, and shook his head slightly charmingly, “You can see me all right now. Shouldn’t you be responsible to me? Huh?” “What?” “We got the certificate, don’t we still have the bridal festivities? Newlyweds, should we make them up today?” She opened her eyes in panic, “You Crazy!” “Shh!” He stretched out his hand and made a silent motion, “I’m not crazy, you’ll find out later.” As he said, he didn’t hold her hand and started slowly Untied the belt of the bathrobe.

“Don’t” she tried to awaken him who was already “involved”, “Lawrence Lu, please be sober!” “I’m sober.” He had already untied the belt, and pulled the bathrobe under his shoulder very enchantingly. “Lawrence Lu Don’t do this, I’m afraid.” Her hand was grasped by him, she couldn’t break free, she had to twist her body desperately.

Lawrence Lu originally made her amused quite happily, but now she is twisting like this, he only feels that he is starting to get hot, especially in a certain part of him, there is already a growing trend.

“Don’t move!” he shouted at her fiercely.

Siena Liang was stunned, her big eyes filled with tears because of nervousness and panic, and she snarled back: “I won’t move? Then you won’t succeed in the trick?” “You” he gritted his teeth and turned over. He came down, pulled the quilt and covered himself, “Go down!” Siena Liang sighed in relief, but couldn’t help but stared at him, “Lawrence Lu, you are a pervert!” “I am perverted?” He was annoyed and then cold. With a cold smile, “Okay! Then I’ll show you a pervert!” “You” won’t he come again?

“Tonight, you sleep on the ground!”

Chapter 43

Can I borrow your computer After the night in the Luzhai last night, Siena felt a little dull all day long.

Smelly Lawrence Lu, even if she teased her, let her sleep on the floor!

Although the floor is covered with quilts, how can it be as soft as a bed?

She slept on the floor all night, causing her back pain all day long.

But he occupied the bed with a comfortable person, and the cozy and contented appearance made her grind her teeth even now.

Is she a girl?

He is a big man, how can he not have a gentlemanly demeanor like that?

Just because she accidentally watched him bathing?

Didn’t he also look at her?

Damn it!

I don’t know how to Lianxiangxiyu at all!

However, she really felt embarrassed.

Let alone the time I was confused with him before, after all, both of them were drunk, but they were sober yesterday!

Because of her shyness and her anger at letting her sleep on the floor, she didn't say a word to him during the meal.

Naturally, Lawrence Lu didn't take the initiative to talk to her. After eating, he threw her a cool and indifferent back to the study.

After finishing cleaning the kitchen, Siena Liang went to his room and took out the day's homework to do.

She is running from east to west every day, cooking and cleaning, and she can only do her homework after eating.

Just doing homework is not enough, she still has to hurry up to read the book.

The final exam is about to be half a month away, and she has to work hard.

Although her previous grades were pretty good, she was a top-notch one, but this time, she didn't dare to take it lightly. After all, she especially wanted to get that scholarship.

If you get a scholarship, you won't have to worry about tuition for the next semester.

Siena Liang was struggling again when the homework was half done.

The homework is not difficult, especially for her, it is very simple!

The point is that this is a computer-based drawing problem that requires a computer.

And she has no other electrical appliances except her mobile phone.

If she didn't do this homework assigned by the dean of the devil, she wouldn't dare not do it, would it directly affect the test score?

After much deliberation, I got up and walked towards Lawrence Lu's study, and took a few pieces of four papers in his hand, ready to use when the time comes.

There, there is a notebook for him.

"Boom boom boom" She raised her hand and knocked on the door lightly.

In fact, her heart is disturbed. I wonder if Lawrence Lu will lend her a computer.

After a while, no sound came from the study.

She hesitated for a while, then knocked again.

"Boom boom boom" Still no response!

He, won't he have gone to bed?

She thought about it, and decided to go to his bedroom. After all, she wanted to use his things. It would be bad if she used it so arbitrarily.

As soon as he turned around, he opened the door of the study from the inside.

"Eh, are you inside?" She smiled happily, and the next second she felt that he was abnormal enough. He was clearly inside, but she had to knock on the door twice to open.

Humph!

What score!

Lawrence Lu put one hand in his trouser pocket and one hand on the doorknob. He looked a little unhappy at her, and his thick eyebrows were slightly frowned. “Why?” “Can I borrow your computer? I have homework and I need to use a computer to draw,” she said, she even reached out her finger to gesture, “Just click?” Lawrence Lu turned around and glanced at the desk, then looked at her again, “Is it urgent?” “Are you using it?” She still felt that he should be satisfied with his job. “I’m not particularly anxious.” “Yeah.” He nodded slightly, “Come in first and close the door.” After speaking, he turned and went in. , Walked to the desk and sat down, put on the headset, faced the computer, and said calmly: “Go on.” Because of the cleaning, this is not the first time she has come here.

There was light on his computer, and he should be using it. She glanced at him roughly, and then went to sit on the sofa beside him and waited for him.

During this period, Lawrence Lu didn’t speak much. He occasionally said two business terms that she didn’t understand. He didn’t know what the people over there said, so he sometimes nodded.

This is what Siena Liang looked like when he first saw him at work. It was serious and serious. In comparison with the chuck and mischievous man in the weekdays, it was like a different person.

He is handsome and has a well-defined face.

The two thick eyebrows are full of heroic spirit, with the determination of the superior and the calm and straight nose of the successful person in the eyes. The thin lips with good-looking lip shape slightly squeeze the hair that has been taken care of, which well sets off his temperament and makes him look Spirit and handsome.

Such Lawrence Lu is really charming!

About five minutes later, Lawrence Lu glanced at Siena Liang who was quietly waiting there, said “Wait for me” to the computer, and left the desk.

He walked up to Siena Liang, “Is a flat board okay?” “Ah?” Siena Liang was taken aback.

“Aren’t you going to make a picture? Can a flat board work?” She nodded like a chick, “Yes.”

“Wait for me.” After speaking, he walked out of the study and went to another room.

Siena Liang patted her cheek and stood up.

Looking at the large desk, she suddenly thought: Since he is talking by voice, can she borrow his desk then?

Thinking about this, she couldn’t help but walk over and came behind the desk.

Taking advantage of his absence, he childishly sat in his office chair.

Putting contented hands on the armrests, he raised a silly and contented smile.

But the next second, she was completely stunned in the computer screen, and four men with elite appearances opened their eyes wide, looking at her!

Siena Liang was embarrassed. She thought he was just talking. How could she have thought that he was having a video conference?

This is great!

“I’m sorry!” She stood up hurriedly, laughing awkwardly, “I’m sorry, I didn’t know you were on the video!” He turned out to be in a video conference. He just wrongly blamed him for not opening the door to her on purpose.

“What are you doing there?” Lawrence Lu, who returned with the tablet, looked unhappy.

“Uh” Siena Liang was startled, his eyes rolled, and immediately made a look like he was cleaning, caressed the almost no dust on the table, sorted out the neatly arranged files, “I am cleaning ah what? So much ash?” There is no silver three hundred taels here!

Lawrence Lu held back the black thread that was about to run around, walked over, and handed her the tablet in his hand, “Hey.” “Hey,” Siena Liang smirked, “Thank you.” “Now,” he pointed to her and pointed again. On the side of the sofa, “Go!” There is only a small coffee table less than one meter by the sofa, she “that” she holds the tablet, “I want to make a picture” “What then?”

Chapter 44

President You Jinwu Cangjiao “May I use your desk?” His desk is just right, and the chair is so soft and comfortable!

Would it be great if you sit here and draw pictures?

Lawrence Lu also responded with a handsome and invincible smile, and asked, “What do you think?” “I will be soon!” she added.

When he heard this, he instantly got a straight face, and refused to be negotiable, “No!” Siena Liang narrowed his mouth, “Sniff!”

“It seems that you don’t even want to use the tablet anymore.” As he said, he had to take the tablet over.

“Use it, of course!” He held the tablet tightly in his arms like a little chicken, fearing that he would not use it for her, “I’ll go over there.” So I went back to everyone.

Lawrence Lu sat back in the office chair again, and raised his eyes to see the few people waiting for his meeting looking at him with surprise.

Putting on the headset calmly, Li Song’s deafening and almost exaggerated voice came into his ears clearly, “CEO, who was the beauty just now?” After listening, Lawrence Lu couldn’t help but glance at the beginning. Siena Liang who is drawing.

damn it!

Others did not dare to say, Li Song acted as a brave husband, “President, you, you Jinwu Cangjiao!” “How do you say it?” He was unhappy, and his thick eyebrows frowned.

“President, don’t deny you, we can all see it! Such a beautiful girl! President, you are so cruel!” Lawrence Lu glared at Li Song fiercely, “You know what a shit!” , He also has a certificate to work!

Is it legally recognized if you really want to destroy or destroy flowers?

Fortunately, he wore a headset, Siena Liang could not hear what Li Song said, otherwise he would be embarrassed.

Li Song nodded, and said without fear of death: “I don’t know how to be a little talented person, do you understand the president?” Very good!

Lawrence Lu smiled, a face of fox said, “You, go to Anna tomorrow, and apply for the deduction of this month’s salary by yourself.” Boy!

I still can’t cure you?

“” Now, Li Song was honest.

“Okay,” Lawrence Lu coughed slightly, “Continue with the meeting.” During this period, the two people in the study were busy and the atmosphere was harmonious.

She was very quiet when she was drawing, and from time to time she would hear his veto of the proposal put forward by the person on the video, as well as his own suggestions.

His voice was pure and moist with a little bit of magnetism, and it was indescribably sweet.

When Siena Liang finishes the drawing, his meeting has not finished yet.

She was afraid that she would disturb him if she went out to make a sound, so she sat quietly and waited for him.

The waiting process was long and boring. She looked at him and saw that there were 4 pieces of paper left for drafting, and she suddenly had an idea.

2b The pencil flies and brushes on the paper, from the simple line at the beginning to a painting.

Siena Liang’s painting skills are very good, simple 4 pieces of paper and a pencil, but extremely delicately capture the charm of Lawrence Lu, not long after, a vivid Lawrence Lu has been on paper.

Picking up the painted draft and looking at it, Siena Liang couldn’t help but silently praise herself for her paintings, it was so good!

The people in this painting are so pretty!

“Why are you giggling there?” Lawrence Lu looked at Siena Liang who was smiling happily.

“Uh” Siena Liang blinked, and guiltyly hurriedly hid the drawing in his hand under the tablet, “I’m not busy.” He squinted his eyes and didn’t believe it, “Really?” “Yeah!” She nodded. “Have you finished the meeting?” He threw the headset in his hand on the desk, raised his eyebrows and asked, “What do you mean by peeking at me from time to time?” Look at him?

Okay, when she was just painting, she seemed to need to look at him a few times to paint, but it’s not a peek, right?

She obviously watched it openly!

Moreover, he seemed to be serious at the meeting just now, and he actually found out that she saw him “I didn’t!” Killing her did not admit that she saw him!

“No?” He leaned against the back of the chair with his hands, calmly, “You’re not doing any bad things, are you?” “How can it be!” She said haha, “I really didn’t do anything! Really! “Speaking, in order to increase credibility, she even raised her hand to swear.

“Huh!” He snorted, and then nodded in nostalgia, “I’m thirsty, make me a cup of coffee.” “Should I drink boiled water when I am thirsty?” She said, “Coffee at night is bad for sleep. “This time, Lawrence Lu was rare to talk, “Well, then the water will be good.” Siena Liang didn’t think too much, “Then you wait.” Seeing Siena Liang got up in the study room, she heard her immediately. The sound of going down the stairs.

Lawrence Lu raised his eyebrows with a triumphant expression on his face, “Huh! I am still too young!” He got up and walked straight to the sofa where Siena Liang had just sat.

Take the tablet away, and the 4 pieces of paper on the coffee table will come into view.

Picking up the paper, looking at the handsome self on it, based on his just-in-conference model, only slightly changed.

He is not wearing a headset, he is looking at the file, resting one hand on the desk and stroking his forehead.

The self in the painting is calm and handsome, noble and compelling.

Lawrence Lu curled up his mouth, “Isn’t it bad to draw!” He learned how to draw himself, and stroked his forehead, thinking a little stinkingly about Xiaoye, I’m so handsome and angry!

But the next second, he put away the faint smile again, squinting his eyes insidiously, “You said he didn’t peek at me? Now I get evidence, see how I can fix you?” Life Too boring, I have to find some pastime for myself!

Siena Liang poured the water and walked upstairs in a hurry.

She got a little bit of experience in getting along these days, that fellow Lawrence Lu, the hot temper is really not shit!

She was afraid that if she went a little slower, she would make him mad again.

The stairs in the villa had corners. She had just walked to the corner, and she didn’t expect Lawrence Lu to have been waiting there.

She kept staring at the stairs and almost hit him and spilled the water.

“Why did you come down?” He smiled, leaned down slightly and looked straight into her eyes, “You just didn’t peek at me and didn’t do anything bad?” “No!” “That’s it. What?” As he said, he took out the drawing paper that had been hidden behind him, trembling, and displayed it in front of her.

“” Suddenly, Siena Liang was in the mood to die, “How do you peek at my things?” “What about peeking?” “You don’t know if you are arranging other

people's things without their consent. Is it very rude?" And it doesn't matter what else is painted, the painting inside is the deity of Lawrence Lu!

"Oh?" He prolonged the tone, and made a sudden realization, "Is it rude?"

Chapter 45

Siena, are you itching? "Yes!" With a serious expression, he took away the drawing paper. "Then you don't know if you are committing a crime?" "What?" Siena Liang's eyes widened, no Dare to look at him who is tall in front of you with confidence.

Lawrence Lu was like an experienced hunter, patient, and patiently guided her into the trap step by step, "You drew me?" Siena Liang blushed, not wanting to admit it, but had to admit, "Yes."

"Very good." He nodded. "Have you got my consent?" "" She shook her head honestly.

"So, is your behavior infringing on my portrait rights?" Siena Liang was shocked, "" Lawrence Lu looked at her blushing, dumb and silly, and he was happy. The flowers bloomed, but there was no expression on his face, a very angry look, "Siena Liang" "Huh?" "Do you know I can," he paused, "Sue you!" "" Siena was completely silly, looking confused.

Didn't she just drew a portrait of him just idle and bored?

Is it that serious?

"Lawrence Lu, what did you do if you and I painted you?" She was obviously frightened and panicked to death, but she had a hardened mouth. "You are going to sue me for this? Are you too stingy?" She was puzzled, and continued to shout loudly, trying to suppress him a little bit, "Want to sue me? Then you go! I went to jail, do you think you have a lot of face? You are such a big and

face, But does it feel good to have a wife who is imprisoned?" With "you", Lawrence Lu was stunned.

Did Siena Liang take the wrong medicine suddenly?

His voice suddenly became louder and it shook his ears.

Isn't he just teasing her?

Her reaction was too big, right?

"What are you? What are you? You bast*rd!" Ah!

The feeling of cursing is really enjoyable!

Who is Lawrence Lu?

That is President Lu, who has hundreds of billions of assets and leads hundreds of thousands of employees!

Within a few seconds, he recovered and shouted angrily: "Siena Liang, who will give you the ambitious leopard courage?" "" Siena Liang, who was still very happy, looked at the black-faced Lawrence Lu. Suddenly forced.

Who will tell her what she said just now?

"Why? Nothing to say?" Lawrence Lu gritted his teeth. "Didn't you just say it very happily?" "That's because," he said, thinking of what he said to sue her, he wouldn't take it seriously, would he?

"Are you really going to sue me?" "You didn't sue you for such a bad behavior just now." He glared at her, "It's hard to dispel the hatred of my heart!" She put the water glass on the ground, her eyes rolled, suddenly Got an idea

She looked at him with a smile, and calmly glanced at the drawing paper in his hand, “I don’t know the law very well, but you should know very well?” Lawrence Lu hummed triumphantly, “It is good that you understand this. “He actually only knows a little bit, after all, the company has a dedicated team of lawyers!

“But, the first thing you want to talk about in court is the evidence?” “Isn’t that?” As he said, he vigorously shook the paper of evidence in his hand.

“Then what if it’s not there?” Siena Liang just finished speaking, and while he wasn’t paying attention, he flew over, trying to grab what was in his hand.

Lawrence Lu has been a fighting man since he was a child, so he still has such a reaction.

Before her hand reached the drawing paper, he raised his hand high, even above his head.

“Hey! Give me back!” Lawrence Lu’s eyes flashed with anger, “Siena Liang, are you itchy?” He even dared to attack!

Siena Liang ignored him, just thinking about taking the drawing paper back.

Seeing him raising his hands, he pulled his arm with one hand angrily, jumped up and stretched out his other hand to grab.

“Hey! I’m sorry!” “Give me back!” I jump!

I jump!

I will jump again!

Lawrence Lu has never seen such a stupid and difficult woman!

He held the drawing paper in one hand and pulled her arm in the other to prevent her from snatching it.

Just like this, he fumbled and pushed Siena Liang out!

“Ah” Siena Liang’s center of gravity was unstable, and he was about to fall downstairs.

Being in a human instinct, waving his hands in the air, trying to grab something to prevent falling.

“Hey!” Lawrence Lu was just stunned for ten and one second, and then quickly stretched out his hand towards her.

Grab it!

But the inertia is too great.

Before he could breathe a sigh of relief, he was dragged by Siena Liang and fell to the stairs “cracking.” Siena Liang saw that he was holding his wrist, originally he was hopeful that he could not be thrown, but they all fell. Up!

She knew how hard the stairs were.

But she didn’t feel much pain, because at the moment of the fall, Lawrence Lu didn’t know what skill was used, and fell before her.

He hugged her tightly in his arms, as if he was afraid of her bumping her head, and one hand was still firmly protecting the back of her head “Dong dong dong dong”

The only sixteen steps were not long, but she felt that the whole process seemed to be half a century long.

When they all rolled to the floor, Siena Liang was still in his arms, above him.

Siena Liang blinked, feeling the whole head chaotic, one is because of the situation just now, and the other is really a slight sequelae after a tumbling!

and many more!

Is there something on her lips?

Why does it feel a little soft and warm?

She lowered her head in a daze, looked under her lips, er, who will tell her why it's just rolling up the stairs, how can there be romance or scenes that only appear in idol dramas?

Her lips and Lawrence Lu's lips are tightly pressed together!

With a "boom" in her head, she only felt that she was exhausted!

Are they k!ssing?

Looking at his lips stupidly, Siena Liang blushed utterly.

Maybe the impact was too strong, his water chestnut lips, the corners of his lips, were slightly broken by her, and he was bleeding with blood.

In panic, she propped up and looked at Lawrence Lu below her. His eyes were closed tightly, as if she had fainted.

"Lu Lawrence Lu?" She ignored other thoughts, and tried to call him softly, "What's wrong with you?" However, the person lying on the floor did not respond.

"Lawrence Lu?" She shouted louder again.

Still no response!

Looking back at the stairs, the stairs are not high, but it can't be said to be low, and he was protecting her at the time, would he really fall?

Now, she really panicked.

He quivered his nose tremblingly, but it was okay, but he passed out.

She hurriedly got up and knelt next to him. She had taken safety courses before. She didn't dare to push him too hard, and tremblingly stretched out her hand, gently patting him on the cheek.

"Wake up Lawrence Lu"

Chapter 46

"Wake up" What should I do?

He seemed to be really hurt, his face started to flush!

"Don't scare me! Woo" she said, she couldn't help but choked up, and tears were involuntarily in her big eyes. "If I knew this, I wouldn't rob you to wake up, okay?"

The corners of the people on the ground seemed to be hooked.

But when she went to see him again, she knew that she had just dazzled.

Slightly increased the force of slapped him, but he still showed no sign of waking up.

"What should I do?" She got up anxious, wiped the tears from her eyes, tried to calm herself down, and carefully thought about the methods and measures for the symptoms of dizziness.

Suddenly, Siena Liang got up, ran to the sofa and dragged a pillow, then hurried over, cushioned the pillow under his legs, made his feet higher than his head, and unbuttoned his shirt. To keep his breathing unblocked.

But her hands trembled violently because of her panic, and after untied for a while, she unlocked the two buttons at the bottom of her neck.

Lawrence Lu's face seemed to be getting redder.

Siena Liang, who has been tossing for a long time, can only assume that his blood is not smooth.

He stretched out a small and trembling hand, and pinched it to his people.

She pinches!

He is not awake!

Increased her strength, she pinch!

He just moved his brows, he didn't feel like waking up at all!

"Why are you still not awake? I'm almost dying!" Helpless Siena Liang collapsed her face, tears burst again, "Will you wake up? As long as you wake up, you want to sue me, I have no opinion. Oh, woo" She sobbed, and suddenly "then there is only one last way." Siena Liang hesitated, but there was no way.

Seeing Lawrence Lu's cracked lip, she bit her lip, "This is no way, I hope you don't blame me." She took a deep breath, and she knelt down beside him with a look of death. Resting his head on his knees, holding his face, his head slowly approached him with a gentle and faintly sweet breath, getting closer and closer, spraying on his face.

Lawrence Lu's eyelids twitched slightly.

Soon, her lips pressed against his lips!

Lawrence Lu, who had been pretending to be dizzy, suddenly widened his deep eyes, as if he was struck by lightning!

Was he forcedly k!ssed?

Immediately afterwards, a big mouthful of sweet smell blew into his mouth, Lawrence Lu who was completely stunned, how could he bear this sudden and forcibly infused breath?

“Cough” Siena Liang, who had to breathe in again, had a pause and stared at him with wide-eyed eyes looking at Lawrence Lu who had woke up some time.

She couldn’t control the look in his eyes, she was delighted, exaggeratedly exclaimed: “Ah! Are you awake?!” “Cough Siena Liang!” She even dared to do this to him, he wanted to be fat and beat her!

But in the next second, he was hugged tightly by her, “You scared me to death!” “Which one did she sing again?”

“It’s great that you wake up! You scared me to death! Woo I won’t fight you again, I was really scared to death just now. Woo” She cried, tears falling on his face like no money , And in his neck.

She was there alone, crying and laughing while hugging him, like a little madman, but not annoying.

Especially when she said several “scare me to death” in a row, it seemed that she was really scared to death by him.

Now that he finally woke up, she finally felt relieved, sobbing, she couldn’t help tears.

Well, this feeling of being valued and cared by people seems really not bad.

But because of artificial respiration, she knelt beside his head, and now, what she is holding is his head!

Most importantly, at this moment, his head is between her arms and her chest!

In other words, he can clearly feel her softness!

“Cough cough” Lawrence Lu was rarely embarrassed, “Siena Liang, you let me go.” “Don’t let go!” Siena Liang also rarely got up, “I’m afraid you will pass out again as soon as I let go!” When I heard it, I really wanted to knock myself out!

It’s so hard that she doesn’t know how uncomfortable he is now?

He was irritable and hot with the two balls resting on her.

Please, is he an adult man who is too normal to be normal?

Lawrence Lu gritted his teeth, “Siena Liang, just tell me if you want to eat my tofu!” “Huh?” Siena Liang was taken aback, and even forgot to cry.

While she was in a daze, he pushed her away, shook his head, stood up, and looked at her condescendingly, “Take advantage of my fainting, untie my clothes? Forcibly k!ss me? Siena Liang, do you want to die?” He said The amplitude of the lip is a little bigger, and the corners of the lips that have been cracked are “his” damn it!

“I” Siena Liang blushed, “I just untie your clothes so that you can breathe and k!ss smoothly.” Her words became quieter and quieter.

“What?” He moved his aching body and glared at her.

“I k!ssed you because” Lawrence Lu’s face flushed suddenly.

Damn Siena Liang, do you have to be so twisty and whimsical when you say something?

Especially now, she knelt aggrieved, her long eyelashes still had crystal tears, her little face was red, and she looked like a well-behaved little daughter-in-law. That k!ss "cough" he coughed slightly. Because of what?" "I'm going to give you artificial respiration!" "Artificial respiration? It's not because you coveted my beauty that I came up with the moth?" ""He can think too much, right?

Lenovo is his subsidiary, right?

"I fainted, shouldn't it be the first time to hit 120?" He raised his eyebrows, "Siena Liang, your mind is really evil! Hiss" "I was just because I was too anxious, I forgot." She followed up and stood up. "Besides, didn't you wake up because of me?" "Because of you?" He laughed mockingly.

"Isn't it?" She glared at Shui Lingling's big eyes with a serious face.

Then, she became more seriously puzzled, "I watch TV, don't people who have to faint for a long time with artificial respiration will wake up?" What about him, he just woke up in one breath?

"Uh" he was suddenly poor, he wouldn't say that he was not dizzy at all!

"Aren't you dizzy?" She just saw him in a daze and was still curling her lips!

"Huh!" He flushed with a handsome face, and didn't admit it to death, "Your imagination is too rich?" Then, he gave her a vicious look, "I'm too lazy to care about you!" She turned upstairs, her whole body hurts, and the posture on the stairs looks strange.

At the corner of the stairs, looking at the drawing paper still lying there, he bent down to pick it up.

"Hi" Nima!

His waist, his incomparable waist, hurts!

Chapter 47

The sky is dry, the lone man and woman Lawrence Lu stands in the bathroom, carefully looking at himself in the mirror, especially when he sees it Some of the corners of his lips were torn, and he couldn't help frowning.

"Damn it!" He has always been proud of his extremely handsome appearance.

Now that the corners of his mouth are broken, he is really angry!

Will this really affect his image?

Rubbing the corners of his lips, remembering that he just couldn't help but split his mouth. Siena Liang was really fascinated by his beauty, right?

Just roll down the stairs and k!ss him, relying on artificial respiration

Hehe!

"Hiss" got out of the bathroom irritably, and inadvertently caught a glimpse of the drawing paper on the bedside table. He hummed, picked it up and looked at it carefully for a while before putting it in the drawer proudly.

After Lawrence Lu finished the meeting, he strode to his dedicated office with an unhappy expression.

I get angry thinking about him!

When the meeting was just held, the people below who couldn't look at his face glanced at the corner of his mouth from time to time. Those eyes were really enough!

"President!" Li Song trot after Lawrence Lu.

"What are you doing?" He stopped and asked fiercely.

“Today” Li Song couldn’t help but glance at his always chic and extraordinary president, and smiled.

Lawrence Lu looked at Li Song’s uncomfortable expression, his eyes were about to burst into flames, “Are you constipated? Do you think I am ridiculous?” He thought about it, if Li Song answered ridiculously, then he would beat every minute. He can’t even recognize his family!

“No!” With Lawrence Lu’s side all the year round, Li Song’s ability to change his face has also increased year by year.

He straightened his face quickly, with a serious look, “You asked Mr. Wu from Rongkang Real Estate to play golf at two o’clock.” “Do you think I can go golfing like this?” Let alone him. Now the corners of his mouth are broken, and he just rolled down the stairs last night. This body hurts so much. Does he want to do nothing?

“President, Mr. Wu just returned from the United States, you know how difficult it is for him to make appointments.” It took a lot of effort for him and Anna to contact Mr. Wu’s secretary. “Also, Mr. Wu has a weird temper. If you don’t go, it will be difficult in the future.” Lu’s first was in import and export trade. In the past few years, after Lawrence Lu took charge of the company, he has gradually developed in many aspects.

The focus is still on the development of large-scale shopping malls. In recent years, the large-scale shopping malls under the Lu family have also sprung up like mushrooms after the rain.

Rongkang Real Estate is a leader in the real estate industry, with its head office in the United States and a good reputation in the industry.

Recently Rongkang wants to sell the land in the city center.

If Lu can take that piece of land and build his own large shopping mall there, it is not just about money.

After all, the location of the city center, where every inch of land is worth, puts the company here, is a symbol of status.

Lawrence Lu turned around with a headache and entered the office, pointed at the corner of his lips, raised his eyebrows and asked Li Song who was following him: “I’m going to play golf like this? Then you might as well kill me!” His image, really Is it important, okay?

Li Songshun closed the door of his office, and in line with the central idea of “being a member of the Lu family, and dying is a ghost of Lu”, he began to say, “President, be sober? That’s Rongkang! Real estate.” Everyone knows who cooperates and makes money, Rongkang, okay? Although I know that you are very good as the president, haven’t we yet opened a large shopping mall in the city center? If it is done, Lu’s image will be better. Dozens of floors! Besides, the President, you are handsome and handsome, you are near the wind, and your appearance is extraordinary. That little wound will not affect your handsome appearance and noble temperament.” “Furthermore,” Li Song said in a breath. After so much, I swallowed my saliva and moistened my throat, and continued, “That little injury is actually not visible, okay? Ah, President, where did you hurt? Where was it? Didn’t you see?” With that, Li Song ran up to Lawrence Lu exaggeratedly, looking up and down carefully.

“”Lawrence Lu was full of cold, and pushed Li Song away, “Can you get away? You are disgusting like this!” Li Song was not upset, hehe smiled.

“I can’t see your eloquence is pretty good.” “Learn from the president!” Lawrence Lu was happy, raised his eyebrows, and asked with a bit of cocky, “I’m really as handsome as you said?” “The president has always been handsome, Qianqiu All generations, dominate the world!” Huh!

For generations to come, how about unifying the world?

“Humph!” Lawrence Lu couldn’t help but roll his eyes, “Looking at your high praise, I will reluctantly go there!” “Okay, then I’ll make arrangements right away.” Li Song thought. Happy. Looking at Lawrence Lu’s lips, he suddenly

remembered the pretty little girl “President” he saw in the president’s study last night. “Huh?” Lawrence Lu sat in the office chair, lit a cigarette, and crossed his legs. At the desk, like that, not to mention how leisurely.

“Who was that beautiful little girl last night?” Thinking of his president, when did you see other girls beside you in the past few years?

Yesterday the little girl didn’t say anything in the president’s villa, but she dared to appear in the video openly.

He and the colleague who was in the meeting had heard them clearly. Their relationship “coughed” Lawrence Lu. The cigarette he had just breathed in was too late to vomit, he was directly inhaled into his throat, and he coughed violently. .

After a while, he stopped and stared at Li Song angrily, “Is it okay to work on the hour?” Didn’t she pretend to be cleaning yesterday?

Li Song became suspicious, “Really?” Even the hourly worker can’t say it!

At that time, it was almost ten o’clock.

Which housekeeping company’s hourly workers are still off work?

Beautiful young girl, handsome, handsome, successful single president, sitting under the same roof and looking at the corner of the president’s mouth, Li Song couldn’t help shaking his head.

It’s June now, and it’s really dry, lonely and lonely, so it’s easy to do things like firewood or fire.

Li Song’s diffusion thinking was fully displayed, and he laughed silly.

“What are you stupid about?” Lawrence Lu gritted his teeth, and when he saw Li Song’s unkind smile, he knew that he was thinking of something inappropriate for children.

“No!” Li Song shrugged and suddenly realized, “Is she the same Liang Qian the last time you asked me to check the information and find the phone number?” No wonder he felt a little familiar last night.

Lawrence Lu irritably wiped out half of the cigarette he had smoked, and he knew that the damn Siena Liang would find him unhappy!

Humph!

His most logical saying is that I am happy, everyone is happy and I am not happy, no one wants to be happy!

“You notify the stadium, you don’t need to arrange a caddie for me.” “Huh?” No caddie?

Is the president trying to pick up the ball by himself?

“I’ll bring it myself, can’t it?”

Chapter 48

there is a situation Siena Liang is in class, and there is a call The ringtone came out of his pocket.

The classroom was extremely quiet, and the sudden ringing of bells caught everyone’s attention.

Siena Liang has the desire to die. How could she make such a low-level mistake today and forget to mute it!

Wu Pianpian touched Siena Liang with her elbow and motioned her to mute the sound.

Siena Liang nodded, and glanced at the caller ID Crash Little Lion!

What phone is he calling this time?

Is it really going to kill her?

This class is for the head of the department, which is the so-called devil's class.

"I have repeatedly emphasized that in my class, the phone is not allowed to ring. Turn off the phone, otherwise" the department head has not finished "otherwise", the phone rang again!

Siena Liang made a bitter face and hurriedly pressed the hang up button.

But as soon as she finished pressing it, the phone rang again in a contrary tone.

"Siena Liang!" The head of the department grimaced, the anger on his face was already obvious, "If you let me hear your phone ring again, you won't have to take this class!" Lawrence Lu sitting in the car squinted dangerously. He raised his eyes and said, "Okay Siena Liang, dare to hang up!" He lowered his head, and quickly tapped a few words on the phone with his fingers, and sent them out as text messages.

As soon as Siena Liang turned the mute down before putting down the phone, he received a text message from Lawrence Lu Siena Liang. You are limited to appear in front of me within two minutes, otherwise, you will be dead!

Siena Liang frowned and lowered his head to reply that I was in class.

Soon, I received a message asking me to go to school to catch you?

Are you kidding me?

No, I figured out a way to come out by myself. Siena Liang cursed Lawrence Lu hundreds of times in my heart, and then he left the classroom because of diarrhea and the need to go to the bathroom.

But she didn't know where he was, so she had to call, "Where are you?" Siena Liang walked out of the school gate and saw Lawrence Lu's car parked under a tree fifty meters away from the school gate.

When she was about to walk to the side of the car, the door of the cab opened, and a handsome man dressed up as an elite of about twenty-seven, walked down, smiled at her and said, "Little Hour Worker, I finally see your deity." "" Siena Liang was killed by thunder.

This person looks calm and refined, why is he speaking like this?

What hourly work?

Li Song saw her stunned and opened his mouth again, "I'm Li Song, Mr. Lu's special assistant." As he said, he went to the other side and opened the door for her, "Please get in the car." By the door, Siena Liang realized that Lawrence Lu was also in the car.

Today, he is not wearing formal clothes, but a casual suit.

Light blue casual pants, plus a short-sleeved p-shirt.

In this way, he is a bit less calm and has more sunshine from the big boy next door.

At this time, he was sitting back in his chair, holding a laptop computer in his office.

Seeing her getting in the car, Lawrence Lu didn't look at her, staring straight at the computer, and coldly snorted, "I'm not brave enough to hang up on my phone?" Siena Liang explained helplessly, "It's our devil. I was almost killed by you just now." "I really like it." "You" Siena Liang was so angry that he glared at him, and suddenly saw his crusted lips, her face couldn't help it. One red.

When Li Song started the car, Siena Liang couldn't help asking Lawrence Lu, "Where are you taking me?" Lawrence Lu didn't look up, "How about selling you?" "" Forget it, don't bother to care about him. .

Li Song glanced at the rear-view mirror, feeling happy.

Think of the president of his family, although sometimes a little arrogant, but he has never said such cute things to him, right?

Humph!

These two people are indeed in a situation!

No words all the way.

About an hour's drive, Maybach drove directly into the golf course in the southern suburbs.

After getting out of the car, Lawrence Lu took a handbag with a certain international brand from the trunk and threw it to her, "Go to the locker room and change this." He looked at the contents of the bag, and he even prepared clothes for her. ?

"Are we going to play ball?" He put his hands in his pockets, "Have an opinion?" What kind of ball did he drag her to play during her class time?

Besides, "I won't!" glanced at her contemptuously, "How did you say it was the daughter of the Liang family, why don't you know anything?" Siena Liang

protested in a low voice unconvinced: “My grades are good! “I also get a scholarship every term!

“Huh! What’s the use of death?” He waved his hand, looked at the watch on his wrist, “Go and change clothes, don’t be long-winded.” Although I don’t know what Lawrence Lu is going to do, since he is here, he is only obedient.

When Siena Liang changed his clothes and went out, Li Song was stunned, and Hao praised his words: “Hourly Workers” spoke out, and he caught a glimpse of the knife flying by the president. He hurriedly changed his words, “Miss Liang put on This dress looks less than eighteen years old. It’s nice to be young!” Siena Liang was embarrassed by the praise, and couldn’t help but go see Lawrence Lu.

Lawrence Lu glanced at his mouth, not seemingly satisfied.

“That” she was a little nervous, “isn’t it weird?” She was wearing a jersey for the first time.

“It’s not weird or weird!” Li Song said hurriedly, “It’s very beautiful, and your skirt looks like a couple’s outfit with our president, don’t mention how good it looks.” White one-piece dress, upper half It is also a p-shirt style, and the bottom half is a pleated skirt.

At first glance, it seems that he is a little bit like a couple’s outfit today.

And the length of the group pendulum is a little bit higher than the knee, not long or short, it will only highlight her youthfulness.

She simply tied a smooth and simple ponytail. She has no cosmetics on her face, but her beautiful face is full of youthful agility.

Lawrence Lu glared at Li Song displeasedly, “What nonsense?” As he said, he turned and strode out.

Li Songchao Siena lightly smiled, shrugged, and comforted: “Don’t mind, with my years of experience, my president is shy, hahaha.” He held his belly, “Let’s go, and more importantly. “Okay.” “Lawrence Lu!” Siena Liang asked on the caddy, “Li Song said just now that there is something important, do you have business matters?” “Um.” “But I really don’t Know how to play!” “As long as” he palms the steering wheel, curls one corner of his lips, “can pick up the ball.” “” When he reached the spot, he saw a beautiful and precise putt and the ball went ten meters. Outside the hole.

“Papa Papa” Lawrence Lu clapped his hands and walked over, “Old Wu’s skills, Lawrence admires the five-body shooting.”

Chapter 49

Sure enough, Mr. Wu turned his head and smiled, “Come?” After glancing at Siena Liang and Li Song who were following Lawrence Lu, he calmly retracted his gaze, “Unexpectedly, Mr. Lu I also brought a female companion. Is it shabby, a widow of me?” Siena Liang heard this and said embarrassingly: “Good old Wu, I’m actually just Mr. Lu’s caddy.” “Oh?” Old Wu picked with interest. Raised eyebrows.

Lawrence Lu glared at Siena Liang slightly, “Old Wu, don’t you suggest that I play two shots with you?” “No hurry.” Old Wu smiled, “There are two friends.” Lawrence Lu frowned slightly. , Is this someone robbing him of business?

“Here,” Wu Lao looked at the slowly approaching golf cart, “Say Cao Cao and Cao Cao arrived.” When the golf cart stopped and looked at the two people getting off the cart, both Lawrence Lu and Siena Liang couldn’t help but change. Turned his face.

It was not someone else who came, but Robert Zhao and Warnia.

Robert was also dressed casually, wearing a casual suit from Molan.

On the other hand, Warnia wore a skirt exactly like Siena Liang's body, even with delicate makeup.

After they greeted Mr. Wu, Robert Zhao had just spotted Lawrence Lu and his group, "Mr. Lu, I am lucky to meet." Looking at Robert Zhao's outstretched hand, Lawrence Lu was unwilling to hold it, but Mr. Wu is now, I had to reach out a hand symbolically, and it took only a second to come back.

"Young Master Zhao, you are everywhere." Robert smiled together, "No way, Elder Wu is so famous." Lawrence Lu smiled brightly on his face, but he thought angrily: Want to steal my business from the young man?

Sure enough, the ambition of the leopard was eaten.

Warnia looked at Siena Liang, who hadn't seen her for a while. She was upset because of their identical skirts. When she saw her coming with Lawrence Lu, her heart was even more vomiting blood.

How could a woman, especially a famous first-line celebrity and daughter of Liang's enterprise like her now, be able to endure such a situation?

Besides, she was careless today, otherwise she would not let her and Robert have a chance to meet.

Besides, her Siena Liang is now a few kilograms a few taels, and she even caught up with a diamond king like Lawrence Lu.

But how can she say she is also a big star in the film and television industry, and her expression is naturally flexible.

A smile on her face, "Siena Liang, long time no see, are you okay?" Siena Liang looked at her dumbly, and couldn't help but think of the scene when she drove her away from Liang's house with her aunt, so she just rushed to make peace. She had a fight, how could she answer her?

“I thought it would be fine if Mr. Lu and Mr. Zhao knew each other. I didn’t expect you to know each other too.” Old Wu looked at the two wearing the same skirt and said.

“I” Siena Liang wanted to say that they didn’t know each other.

No one knew Warnia was faster than her, and rushed to say: “It’s just a few fate, I didn’t expect to meet here.” Lawrence Lu heard this and raised his eyebrows, looking at Warnia like a clown.

Is this woman too ridiculous?

Siena Liang sneered and said, “I didn’t expect it either.” I didn’t expect you to be such a person!

Okay, don’t you know the acting costume?

She is eager!

“Both of them are surnamed Liang, and they happened to wear the same clothes and met here today. This fate is really not small.” Old Wu said with a smile, “Would you like to play a two-shot match?” Old Wu said, first. It was Siena Liang who was stunned. How could Mr. Wu know her surname Liang?

No one seemed to introduce her just now, right?

However, this is not the time to think about this.

Compare?

She doesn’t even know how to hold the bar, what is it?

Lawrence Lu and Robert had a clear understanding. Mr. Wu’s words were casual, but the meaning inside was deep.

Today, their two companies are here, isn't it just for Mr. Wu's business?

ratio?

It's not as simple as competing to win or lose!

Li Song naturally understood, and became anxious.

Just now Siena Liang made it clear that she can't play golf, so if she wants to play it, can she still do this business?

Lawrence Lu didn't dare to take this risk, "Old Wu, should I play two games with Young Master Zhao?" Robert said nothing, knowing that Siena Liang could not play.

After all, compared with Siena Liang, Warnia is sure to win.

And to compare him with Lawrence Lu, he practiced for many years, and he didn't worry about anything.

"But I just want to watch them fight. Mr. Lu won't make me feel like an old man?" Now, Lawrence Lu is not good at talking anymore, only thinking that he took the wrong medicine today and wanted to treat Siena Liang to call her. Come.

Siena Liang is not stupid, but he can hear a little bit of meaning this time, and now he is even more nervous.

When she arrives, will she mess up the business for him?

"You are all girls, so let's go for a distance of five meters. With three goals, whoever scores more goals will win, how about?" Siena Liang was speechless to Wu Lao's words, and Warnia looked bitter. Xixi Siena Liang responded with a smile, "Just as Mr. Wu said, I have no opinion." Standing at the line, Siena Liang glanced at the hole five meters away, full of confidence.

In the past, in order to better blend into the celebrity circle, she often practiced what these rich people play.

Now she couldn't help but sneer and looked at Siena Liang who was standing not far away. Who told you that you would only come like a fool one day. Today, I want you to be convinced!

Standing still, I checked the distance between the ball and the hole again. After swinging, Warnia made a beautiful big spin and pushed the ball out beautifully.

The ball rises in an arc in the air and then descends, and then falls about 20 cm in front of the hole. The small ball rolls and rolls straight into the hole.

Old Wu smiled and nodded.

Upon seeing this, Robert came from his heart and gave Warnia a thumbs up, but when he caught a glimpse of Siena Liang on the side, he smiled again, just as if he concentrated on watching the ball.

For the remaining two goals, Warnia played very well, scoring all three.

Elder Wu slapped his hands, "Miss Liang, not only is the person beautiful, but the ball is also good, Zhao Gongzi, you are blessed, but you still have to cherish the colorful world outside." Warnia looked proud." Mr. Wu praised it." As he said, he walked over and reached out and took Robert Zhao's arm.

Robert Zhao looked at Siena Liang again, and then said with a slight embarrassment: "Siena is indeed very good, thank you Wu Lao for mentioning it." Lawrence Lu looked at Robert Zhao and Warnia on the other side, only to feel an eyesore.

what is this!

Siena Liang only regarded it as if he hadn't seen anything, and his heart seemed to have been sad before. Now that he sees these and hears this, he doesn't feel much pain in his heart.

The only thing she worries about now is that Warnia wipes the sweat off her face and looks at Siena Liang, "Siena Liang, I'm done playing, it's your turn." —— —-

Chapter 50

Don't matter if you don't make a move, you will be promoted as soon as you move. Siena Liang stands at the line and looks at the hole in front. There was a sense of sorrow of speechless hope, and this feeling completely overwhelmed her.

This old Wu looked serious, and he was not inferior to Lawrence Lu!

I think she has been a sports idiot since she was a child, and she has never jumped a metre in the physical long jump.

Now, looking at the hole five meters away, she really felt that it was a distance between the ends of the world.

She shook the cue Lawrence Lu gave her nervously. Although she tried her best to do it the way Lawrence Lu taught her just now, she always felt that the gesture was wrong.

Li Song was so nervous that he clenched his fists, his sweat fell down.

His aunt, she now has more than just the fate of a ball!

Siena Liang licked his tongue nervously and couldn't help but go to see Lawrence Lu.

When he just handed over the club to her, although he didn’t show anything on the face, he was still nervous.

Because she accidentally slammed his hand just now. His hand was a bit cold and sweaty.

But now?

When he saw her looking at him, he even showed her a reassuring smile, like the warm sun in March, and said softly: “Don’t be nervous, don’t think about anything, you can hit whatever you want, um She nodded in a daze, and then asked unreasonably: “Then I really hit it?” “Yeah.” She closed her eyes resignedly, and then took a deep breath, and finally lifted the club “swish” wide. The pitch was almost strangely quiet.

The few people present were stunned for a while.

In the ear, there is a soft wind.

The faint sound can be heard by Siena Liang, but he feels that it is even more terrifying than the wind passing by.

That wind, not only on her cheeks, but also on her fragile heart. It was lightly lonely, but it gave her a heavy shot. The small ball was parked in a very wronged posture. !

And what just flew out was just the turf that was shoveled out by her behind the ball!

“Siena Liang, it doesn’t matter if you can’t play the ball, but this turf is really expensive.” Warnia covered her mouth, but the words were full of mockery.

Robert Zhao couldn’t help but laughed out loud with a “pouch”.

Siena Liang didn't have time to look after them at all. Looking at Lawrence Lu, he saw Li Song's expression of distress.

Lawrence Lu was calm, and smiled at her, "It's okay, I can afford to shovel the entire turf." Now, Warnia couldn't laugh anymore, and stared at Siena Liang angrily.

Li Songle is now, and silently ordered tens of thousands of praises for his own president. It doesn't matter if he doesn't make a move, he will be promoted to a master in the world as soon as he makes a move!

"Come on, just like playing, continue." Lawrence Lu continued.

Siena Liang pursed her lips, secretly thinking that she must make good use of this.

Although Lawrence Lu didn't blame her, she didn't want to drag him down.

Set up your posture and squeeze the club vigorously. This one must not go wrong again!

The cue was lifted high and then dropped again and again, "Ah" Siena Liang couldn't help letting out a cry, trying hard to hold the cue so that he didn't fall.

She didn't touch the ball again!

She messed up again!

But it seemed worse this time. She never shoveled the turf again, but she hit her foot!

She wore a pair of canvas shoes today, and the club hit her toes directly.

This time was too heavy, and she only felt the pain and numbness of her toes, which made her unable to speak.

“I knew it a long time ago,” Warnia said gleefully. “You said that you were wearing white shoes and you mistakenly thought it was a ball. It’s too careless.” Siena Liang, who was still trying hard to hold on, was so careless. Tears filled his eyes at once.

She took two deep breaths before she could not let herself shed tears in front of so many people. She just hung her head and felt like an ostrich that if she didn’t look at them, they wouldn’t see how embarrassed she was at this time.

“How are you?” Lawrence Lu, who appeared next to her, took her hand and saw her face flushed, her eyes flushed, her brows furrowed, but her tone was gentle. He stretched out his hand and scratched it. The tip of her nose said, “You fool.” The tears that had almost disappeared from the beginning, when he heard his almost petting and helpless words, finally broke the embankment.

Tears rushed out, swearing that the master’s grievance, unwillingness and moving at the moment.

“I’m sorry”, her head buried lower, her voice intermittent because of crying, “I’m so stupid, I messed up, I messed up.” Lawrence Lu rarely gets along with girls on weekdays, but now he watches them crying quietly. Siena Liang, who seemed to be crying hard again, suddenly felt a little at a loss, “Hey, don’t cry.” “”She couldn’t speak, tears fell even more fiercely.

“You said you” Lawrence Lu couldn’t help but see her tears fall more and more, and he simply wiped her face indiscriminately.

The strength on his hands was very heavy, Siena Liang had pain in his feet and his face was rubbed uncomfortably by him, but she did not hide.

Robert frowned and looked at the two people in front of him. Then he looked at Mr. Wu next to him. He pulled Warnia and said, “Warnia, don’t say a few words.” Warnia is usually a master who looks at people’s faces, but today, she I really can’t bear it!

At the moment when Siena Liang hit her foot, she who was pulling Robert Zhao could feel that she was about to rush forward!

If it weren't for her pulling hard, it wouldn't be Lawrence Lu to comfort the shameless woman Siena Liang now.

"Am I wrong? Don't run into such high-end occasions to be ashamed if you don't know anything!" "Warnia!" "Originally"

Lawrence Lu glanced at Warnia with dark eyes, curled his lips with a smile.

The simple action made Warnia startled and lost her words.

"You hurt your foot, let's go back and have a look first, eh?" "I'll compare it again, don't I have another chance?" Siena Liang blinked with tears and said firmly.

No matter it was for Lawrence Lu's business or whatever, she wanted to fight for it.

Although, she is a complete rookie.

Li Song was a little bit distressed about her, after all, she was a young girl, and this shot was not light.

He also admired her strong character who refused to admit defeat, but she really couldn't even hold the posture!

If this continues, it will only be even more embarrassing if you don't say anything about it?

Although he often commits a little sophomore, he still knows how to speak tactfully, "Miss Liang, you are injured now, how can you play again? Or I will send you back first, by the way Is there any serious problem? Let Mr. Lu stay

here to compare with Elder Wu and others, what do you think?" He said, he winked at her vigorously.

"Since Ms. Liang is injured, let's forget about the game." Wu Lao stood in place, "We will talk about the land in the city center next time." Wu Lao finished speaking and turned to the golf cart. Instruct the caddy: "Drive!"
