Only You Can Be My Wife

Chapter 51

“Siena Liang , You are really a broom star!” Warnia gritted his teeth as Wu went away.

“Warnia!” Although Wu Lao left, Robert Zhao felt regretful and helpless, but at this time only a few of them were left, and Siena Liang was injured, and he felt a little intolerable.

“Broom star?” Lawrence Lu still maintained the movement of supporting Siena Liang, raising his eyes to Warnia, his eyes as cold as the entire iceberg.

“She’s a broom star, so what kind of stuff are you?” Lawrence Lu snorted coldly, with contempt, “The thief who entered the house?” If it was changed before, Warnia might have tolerated Lawrence Lu’s words, but it is different now.

She is the daughter of the Liang family, and a hot star in the film and television industry.

Although Lawrence Lu is notorious for being arrogant and wealthy in the city, she can be protected by two men in the face of Siena Liang, especially if one of them is her fiance. Up

“Thief?” Warnia flushed with anger and a face with delicate makeup, “When Mr. Lu’s golden mouth opens, why can’t I understand it?” “Pretend not to understand? It doesn’t matter, everyone knows. ! However, I’m busy lately, Xiaoye. By the way, I will also give you a few days of leisurely rich time and enjoy it.” Lawrence Lu was too lazy to talk to Warnia, who was unreasonable, turned his head and said to Siena Liang, “Let’s go, the air here is too bad. After speaking, he bent down and tried to pick up Siena Liang, but she stopped his movements.

He frowned, displeased, and puzzled, “What’s wrong? You can go by yourself like this?” “I don’t have that pain now.” Siena Liang shook his head, a little embarrassed, “And the skirt I wear, you hug me? I will” The skirt is not long, and she does not wear leggings.

If he hugged her, then she did not cry anymore, but there were still crystal tears on her eyelashes, her big eyes were watery, and she was embarrassed and embarrassed at the moment, and he nodded without saying much .

“Lean on me.” “Yeah.” Although the foot still hurts, it’s not as bad as before.

She leaned in his arms, and with the help of her strength, she didn’t struggle too much, but she walked slowly.

“Siena Liang, in less than a month, your ability to seduce men is getting better.” Looking at Siena Liang who was being carefully guarded, Warnia gritted his teeth.

Siena Liang’s steps paused, and Lawrence Lu patted her on the shoulder, “Don’t worry, I’ll take care of her.” “” “Warnia, you are too much!” Robert looked at the few people who were walking further and further. Her face was a bit ugly.

“Excessive?” Siena Liang exaggerated, “Is Robert talking about me with you? I’m too much? Just because I said Siena Liang?” “Warnia, don’t make trouble without reason?” “I make trouble without reason? Robert Zhao, Have you not figured out who is your current woman!” Siena Liang stretched out his finger to the back of Siena Liang’s departure, “Do you feel distressed when she is hurt? Do you know that I can give you everything? The woman who married you? She is just a clown with nothing!” “You” Robert Zhao had a headache, looking at the beautiful but almost irrational Warnia, said helplessly, “Forget it, you definitely don’t want to see me now, I Let’s go back first.” “Robert!” Seeing Robert Zhao really turned around and left, Warnia quickly vomited blood.

Before today, when did he treat her with this attitude?

Blame Siena Liang that shameless woman!

“Robert, you come back!” Warnia kicked his feet in a desperate manner, “You are not allowed to just leave like this!” He just left her here alone, so much loss of her face!

Robert listened, but he paused and walked faster.

Warnia paled, and her lips were about to be bitten.

“Robert Zhao!” She grabbed the club in her hand and wanted to throw it to the ground in annoyance. She caught a glimpse of the golf ball next to her. She suddenly sneered and raised her bright red lips with a stern face, “Didn’t you say I was too much? Okay, Then I’ll show you too much!” When she reached the ball, she exhausted all her strength, swung down the club, and slammed the ball toward Siena Liang’s back.

She only cared about anger and revenge, and did not carefully assess the wind direction.

It was originally the ball that hit Siena Liang, but it flew straight to Lawrence Lu, “Ah” Warnia screamed, and watched the ball fly farther and farther in a dazed manner, raising a heart.

If you really want to hit Siena Liang, although it seems that she is now climbing Lawrence Lu, but such a rich child plus the diamond king five, at best, it is just playing with her, she will not worry too much. what.

However, who is Lawrence Lu? She just slapped her tongue. If the ball really hits him, she really dare not think about the consequences.

It’s too late to say anything now.

She stared in panic and panic, her whole body cold.

Siena Liang couldn't help turning her head when she heard Warnia's exclamation.

After she saw the situation clearly, her heart was stunned, she didn't think much about anything, and she broke away from Lawrence Lu's arm, and rushed to his back.

Lawrence Lu's displeasure from her breaking free, to the surprise when she threw on his back, just two seconds, but intuition was wrong.

As he was about to pull her away, the delicate body that threw on his back stiffened, and then a muffled "huh" came from his ear, and a bad premonition hit his heart.

Lawrence Lu turned around anxiously and took her arm. She saw her small face turned pale, her two straight eyebrows were tightly furrowed, her lips were bitten, and her face was full of pain.

His heart sank, and he was a little flustered.

Judging from her reaction just now, what did she block for him?

Seeing the ball hitting his feet and Warnia panicking a little far away, Lawrence Lu suddenly understood.

She jumped up to block the ball that should have hit him!

His eyes turned from the golf ball to Warnia in the distance.

Looking at Warnia, his deep eyes instantly became bloodthirsty and terrifying, and his handsome face was so gloomy as to drip water.

Lawrence Lu, who was so angry, looked like a demon from hell, exuding bone-corrupted cold and strong hostility.

“Warnia!” Lawrence Lu said coldly, “This account, let us calculate it slowly!” “I” saw Siena Liang go to block that, but Warnia, who was relieved, faced such a Lawrence Lu. , I felt even more flustered.

She Zhang Huangdi looked in the direction where Robert Zhao had left, and saw that Robert Zhao was also looking at her displeased.

Li Song also ran over in a few steps, and asked with concern: “Does it matter?” “You try?”

Chapter 52

Lawrence Lu yelled at Li Song with an unkind expression, but he turned his head and yelled at Siena Liang more loudly, “What are you doing? Who made you rush? Are you a pig? Siena Liang smiled weakly, reluctantly, “It hurts my waist to be hit, shall we go back?” Lawrence Lu was even more angry, “now I know it hurts? What did you do when you just became a hero?” It deserves it!” He is a big man who needs a woman to protect?

Although they are married for their own reasons and have no love, legally, they are also husband and wife?

Shouldn’t his woman be protected by him?

“” “What do you want to say, stop talking?” He roared fiercely, “I asked you who wanted you to rush on?” Seeing her now with her white face and sweating coldly, he was anxious and angry. Some others can’t tell what it means.

“If I don’t rush, then you will be hit.” She smiled reluctantly. Although it hurts, she was still happy. “It’s good if you didn’t hit it.” She seems to have messed up his business today. Judging by the degree of importance today, she knew that this should not be a small business.

Even if it is to make up for it, seeing him well now, she hurts and gritted her teeth will pass.

Listening to her, looking at her strong smile, he only felt that his heart was hit hard by something, some hurt, some rose, and his whole body trembled as if he was uncontrollable.

“You” are such a fool!

“Siena Liang, how are you?” Robert ran over with a few steps and asked Siena Liang with some worry.

Siena Liang just glanced at him quietly, without any answer.

Lawrence Lu grabbed his hand and tugged, “I’m just coming to care now. Isn’t it too late?” Robert looked at the hanging hand, “Siena, don’t blame Warnia, she didn’t mean it.” “” Siena Liang had some sarcasm in her eyes and couldn’t help but sneer in her heart.

Look, he has always been like this to her, even his concern just now is just not wanting her to blame Warnia.

How could it not be blame?

If it wasn’t for the pain now, she would like to rush to fight Warnia!

“It wasn’t intentional, it was intentional.” Lawrence Lu held Siena Liang in his arms, “Robert Zhao, take care of your woman! But, this account, let’s not finish!” After that, no matter what else, one He took off his shirt, wrapped her around her waist, and hugged her sideways.

“You” Siena Liang was silly. Looking at Lawrence Lu, “You” couldn’t say a complete sentence after “you” for a long time.

He only wore this p-shirt!

He glared at her, “Shut up!” “” The sun was a bit big, and Siena Liang felt that the sun had entered her heart, it was hot and warm.

She just said that he would run away when he hugged her, so he took off his shirt to her.

He is a man who loves his image!

The person holding himself is young and strong, shirtless, with swollen texture, revealing infinite strength and sense of security.

She blushed, her heart was beating violently, and her eyes were a little sour.

This person is so disgusting that you want to knock him out.

When it’s not annoying, it’s really wonderful.

In the sun, on the green grass, a shirtless handsome young man wearing only a pair of light blue slacks, hugging a petite girl, walking like flying, but very steady.

The two figures were drawn into a long shot by the sun, as beautiful as a painting. Back to the Nanhu Villa, Lawrence Lu took her back to her room without saying a word, put her on the bed, and then turned around. Closed the door.

Siena Liang pulled the quilt to cover herself, like a kid who had stolen something.

After a while, he walked in again.

Siena Liang only felt that the rim had sunk a little, and the next second, he pulled the quilt away.

Lawrence Lu glared at her, “I was not ashamed to death just now, but now I want to die by heat?” “” “Come here.” He changed his clothes and didn’t take a shower right away. There was still some sweat on his forehead.

“What are you doing!” Siena Liang was stunned, and moved a little over obediently.

He squinted at her like an idiot, “What do you think?” “What are you holding?” He took two towel-wrapped things in his hands, bulging, unable to see what was inside.

“Stupid!” He became even more disgusted, “Ice bag!” “Oh.” She nodded and became confused again, “What are you doing with the ice bag? I’ll be fine in a few days.” Right?” He couldn’t help but sneered, “Exposure to the injured place.” Siena Liang was a little embarrassed, but seeing his face getting more and more ugly, it seemed that he was dissatisfied with her slowness.

After thinking about it, she slowly stretched her injured foot out of the quilt and looked at the trembling thin white foot. Lawrence Lu gritted her teeth, “Is there still on her back?” I opened the quilt and threw it directly under the bed.

“Eh” Although she was wearing clothes, she was still a little cramped when she was suddenly covered by the quilt.

And “Ah!” she couldn’t help exclaiming.

Seeing the skirt that was lifted up by the quilt, she was startled, pressed the skirt and pulled it down, covering the white panties that saw the light!

Her face was so red that it was bleeding!

God!

Isn’t she ugly enough today?

“Cough” Lawrence Lu didn’t expect this to happen. After a meal, he could only cough awkwardly.

damn it!

He closed his eyes and forced himself not to think about the two thin, straight legs and the skirt that could be seen on her, and he couldn’t help but frown.

She also hurt her back. If she wants to apply ice, “Oh, why don’t you change your clothes.” Siena Liang nodded awkwardly and whispered: “Or go ahead, I can do it myself. “Lawrence Lu thought for a while, “OK?” “Yeah!” She really doesn’t want to face him now. Does she feel embarrassed?

“Okay, call me something.” Looking at the closed door, Siena Liang breathed a sigh of relief.

She held her hot cheek and wailed

“Ahhhhhhhhhh!” He took his clothes and went to the bathroom.

When she saw her waist in the mirror, she couldn’t help taking a deep breath.

A large redness and swelling on the left waist was shocking.

This Warnia is really ruthless!

After changing her clothes, she walked out, picked up the ice bag on the bedside table, and pasted it as she remembered.

The cold ice pack was stuck on the red and swollen place, and she couldn’t stand it when it was cold and painful.

Painfully let go of his hand, and the ice pack began to fall.

She wanted to turn around to pick it up, but she didn't know the speed was not fast enough.

The ice bag fell down so fast that it was so deadly that it happened to hit her aching foot "Ah!"

Chapter 53

He said It was all nonsense, Lawrence Lu, who had been guarding the door because he was not at ease, heard the movement inside, and pushed the door open without thinking.

"What's wrong?" Siena Liang was jumping in pain, and looked back at Lawrence Lu bitterly after hearing the sound, embarrassed, "No." He swept around, and suddenly turned dark, and walked over a few steps, "How are you? So stupid? Can't even use an ice bag?" "" He picked up the ice bag that fell on the ground, pointed to the bed, "Go on!" "Huh?" He didn't want to say more, but his eyes Displeasure is visible at a glance.

She bit her lip, embarrassed, but still limply walked to the bed and got down.

He hummed, and started to pull up her clothes.

Siena Liang's heart jumped, and he stretched out his hand to hold it down. Lawrence Lu didn't think much about "I'm you", and blurted out mockingly, "Huh, you are up and down, where have I not seen it?" As soon as the words were spoken, both of them were shocked. Living.

Siena Liang's eyelashes trembled lightly, bit her lips embarrassingly, and buried her head deeply in the soft pillow.

Lawrence Lu raised his eyebrows and couldn't help cursing and holding the grass in his heart. What nonsense he said!

“Cough” He gave a low cough to ease the embarrassment, and kept moving his hand, waved her to stop, and lifted the hem of his clothes upward.

When he saw the dazzling redness on her waist, his eyes widened. “Damn it!” Siena Liang thought he was scolding her, and a muffled voice came from the pillow. What?” “Warnia, the dead woman, will have to kill her sooner or later!”

Speaking fiercely on her mouth, the movements of her hands were gentle, gently pressing the ice bag on her waist.

Siena Liang trembled, struggling to remember.

He squeezed her shoulders to prevent her from moving, “This is good for reducing the swelling. Take it for a while, eh?” His voice was low and soft, as if he was coaxing a baby when he spoke to her.

Seeing that she had adjusted to the cold of the ice pack and calmed down, he took another ice pack and stuck it on her injured and already swollen toe.

In order to prevent the melted ice water from soaking the sheets, I went to the bathroom carefully and took a dry towel to cushion it under.

The room was very quiet, Siena Liang only felt that her heartbeat was heavier than once, beating her.

Fortunately, she didn’t have to face him because of the pillow. He couldn’t see her flushed face and the tears she was moved.

Before meeting him, the uncle would give her two thousand yuan in pocket money every month, but he would not care about her.

Not to mention the eldest mother Beatrice and Warnia. Although they sometimes care about her, she is not a fool and can tell if they are sincere.

At that time, even though there was Robert Zhao, he would also care about her. He occasionally came to the school to pick her up. When it was cold, he asked her to dress up. When it rained, remember to tell her not to forget to bring an umbrella.

However, she didn't want such care!

After all, she once read in a book that whether a person treats you well is not by what he says to you, but by what he has done to you.

Until later, Robert Zhao seemed to be too lazy to say anything to her.

If the uncle's family cared about her, it could be because she wanted the Liang family property, Robert Zhao, to care about her because he was her fiance at the time.

What about Lawrence Lu?

Because she is his legal wife?

It doesn't seem to be the case. If someone like him is not someone he cares about, he won't even look straight at you.

But she still knows herself, and he didn't care about her.

Because of what they got married, she knew from beginning to end.

Maybe he just felt guilty just because he helped her block the ball.

But what to do?

She just feels so moved.

I remembered that today he arrogantly said, "I can afford to lose even if I shovel the whole stadium", and she didn't hit the ball twice. He was obviously

anxious but didn't yell at her. On the contrary, Warnia was fierce and helped so clumsily. She wiped her tears and even worried that she would be gone even when she was angry

How could such a Lawrence Lu not be moved?

"Lawrence Lu" "What are you doing?" He sat by the bed waiting for the ice pack, playing with his cell phone because of boredom.

"Today" she thought about the words.

He removed the ice bag, "I'll get something." After speaking, he rushed out of the room, and soon there was the sound of him coming downstairs.

Two minutes later, he brought in the small medicine box at home and sat back where he was just now.

Opened the small medicine box, took out a brown medicine bottle, "wipe this, it is very effective for reducing bruises." Opening the bottle cap, the pungent medicine smell made Siena Liang frown.

He poured some potion on his hand, then put it on the red and swollen part of her waist and rubbed it gently.

The cold potion and the warmth of his palm stabbed Siena Liang into a stiff body.

Lawrence Lu thought that he was pressing harder, "This will heal faster, bear with me." She nodded, silently digesting the strangeness in her heart alone.

After he finished his waist, he grabbed her injured foot again.

Siena Liang had a pause, and hurriedly got up and tried to get his feet back.

He refused, holding on tightly, and said displeased: “What’s the move?” She blushed, “I can wipe it by myself, I can do it myself.” He stared at her disgustingly, “You will Speaking, coldly snorted, “I feel embarrassed now? Why did you have to smash yourself in the foot just now?” “She explained embarrassingly, “Isn’t it possible for me?” “Humph!” With better force, he put her foot on his leg, poured the potion on the red toes and rubbed it.

The strength is appropriate.

Siena Liang stared blankly at his methodical movements in his hands, and it was inevitable that he could see God.

After a while, she spoke softly: “You seem to be able to handle this kind of thing.” Without raising his head, he said with some pride: “Master, I have fought countless times since I was a child. Of course, it is inevitable to get hurt. “Did you get hurt a lot when you were a kid?” Lawrence Lu didn’t care, “Exercise is a good way to grow up!” ”” The heat in his palms continuously spread to her toes and all the way to her atrium.

There, the place called the heart is hot and sour.

His profile was perfect and impeccable. He who applied the medicine to her at this time, carefully and carefully, seemed to really not dislike her at all.

The more he is like this, the more guilty she makes her.

She messed up his business, he didn’t get angry with her, he didn’t get angry with her, but he still wanted to do this to her.

He scolded her, she should feel better.

“I’m sorry today, I messed up everything”

Chapter 54

Today's lesson, even yours Hearing the tuition, he stopped his movements and looked straight at her without seeing any emotions.

After almost a minute, he curled his lips, "So what?" There was a small unity scab on the corner of his lips.

And this is also because when he rolled down the stairs yesterday, he tried to protect her, "You can scold me! Or hit me!" Seeing Siena Liang who was so serious, Lawrence Lu couldn't help being happy, "You request, and That's a little bit mean." He let go of her feet, and said proudly again: "Such a dishonest thing, I don't even bother to do it." When Siena Liang heard him say this, he didn't feel any better, but even more. Feeling guilty, "but it's all because of me." If she hadn't always been just one-minded, she would also learn some other things, then she would not make him lose face with her today and even make him lose business.

"Do you think that you can only do nothing but nothing else?" She nodded silently.

"So, I can learn something else in the future." He smiled, not the stubbornness of teasing her before, a little more serious, "Old Wu's land is really important, but it is not necessary. This time. Not buying it, but it doesn't mean that there will be no chance to build a store belonging to Lu's in the city center in the future." He glanced at her and continued: "Similarly, it's not successful this time, it doesn't mean it won't be next time. Not just Lu's. , Including other companies, or even individuals, can't be smooth sailing. If you feel discouraged because of a failure, do you think success will patronize you?" She was moved and surprised. She really didn't expect him to say this to her.

She shook her head, "but"

"What's the matter?" He raised his eyebrows and asked, "You have to know that to negotiate a big deal is not as simple as you think, it may be the result

of hard discussions by dozens or even hundreds of people throughout the company. What happened today doesn't mean that we don't have any chance. After all, Lu's are many times better than Zhao's or even Liang's. If Wu Lao really decides the cooperation partner based on your test with Warnia, it's only Said I had bad luck this time." Lawrence Lu stood up and patted her shoulder, "Good girl, don't think too much." He smiled again, "Of course, you can also think about why you lost to Warnia. That woman who looks annoying." Siena Liang thought for a while and blurted out: "Because I don't know how to play golf?" Lawrence Lu was a little helpless, "So, after all, she is young! Except for today's affairs?" "Uh" she thought for a while, "I'm not as good and beautiful as her?" He took a deep breath, speechless, "As a schoolmaster, are you okay. As for what you look like", he looked at her. Circle, "I can barely watch. But you will lose to her or even your uncle's family. Haven't you thought about the reason?" This is the first time he talked to her about this issue in so long.

She thought about it again, and said with some discouragement: "Because I'm so stupid, I believe them too much." "That's fine. The most important thing is that you have no defensive heart, the most important things you need to care about. On the contrary, I am confused. Sometimes, studies are important, but there are many more important than studies. Today's lesson, even your tuition." Siena Liang was overwhelmed and frightened.

It seemed that she really only cared about schoolwork before, which led her to the field where she is now.

She didn't protect what her parents left.

Today, Lawrence Lu stood up and said, "I'll go back to the company to handle some things first, and you will rest at home." He walked to the door and turned around again, "Stop cooking at night and call for takeaway." Siena Liang listened When the door opened and closed, he got up from the bed and hopped to the window to watch him hurriedly walk to the side of the car and get into the car.

Watching the car drive away, Siena Liang's heart was still bumping.

What Lawrence Lu said to her today, every word fell on her heart.

He didn't blame her, but comforted and enlightened her.

He said that this lesson today is her tuition.

But, will the tuition fee be too expensive?

Didn't he just say that he can't give up just because of a little bit of difficulty and disagreement?

No, she can't just give up like that.

Fight for it, maybe there is still a chance!

"You go down first, I won't go in today." Robert Zhao stopped the car and said to Warnia.

Warnia smiled coldly, "Robert Zhao, what do you mean?" He didn't answer, but took a cigarette out.

At the point, Warnia grabbed the cigarette and threw it out the window.

"Warnia!" "Why, did you feel distressed when you saw Siena Liang's shameless woman injured today?" "Warnia, do you have to talk like that?" Warnia shouted: "Isn't it? You I don't know how impatient it is when I ran up to care!" She said, she curled up her mouth mockingly, "It's just a pity that others don't like your care so much." She was itchy.

Robert Zhao is the man she took a lot of effort to grab. They are about to get married. Isn't what he did today is just slap her in the face?

And still in front of Siena Liang!

“Didn’t you hurt people? It’s reasonable and reasonable, I can’t ask too much, right?” Warnia was blocked with nothing to say, but unwilling to say, “Then who wants her to stop? It deserves it!” Robert Zhao suddenly felt that the woman in front of him was a little strange. She used to be beautiful and reasonable. This is the most important reason why he gave up Siena Liang and stayed with her.

But now?

Looks like a shrew.

“Then have you ever thought, if you really hit Lawrence Lu, have you thought about the consequences?” “I” Robert held his forehead together, “Siena, we are about to get engaged, Siena now has nothing, don’t you Is this okay?” Warnia smiled when she heard what he said.

“She has nothing? Didn’t you see her like Lawrence Lu? People climbed onto Lawrence Lu’s bed, don’t know how beautiful it is, how could she have nothing?” As he said, Warnia’s eyes became sullen, “because I said. That shameless woman, have you seen Lawrence Lu’s attitude?” “Lawrence Lu, don’t mess with it.” “Humph! Who is going to mess with that big Buddha? Am I not used to Siena Liang?” “Because Siena Liang will not work either!”

“Robert Zhao, do you follow me when you talk about Siena Liang’s shameless woman?” Warnia was also angry, and she began to talk without saying, “You see Siena Liang is now climbing on Lawrence Lu’s root than you Okay Takazhi, you don’t want you to regret it, do you?” “You” Which man likes to hear this?

Robert glanced at Warnia with complicated eyes, then pulled the door and got out of the car.

“Hey! Are you walking back?”

Chapter 55

Your wife has come to the Tang Dynasty Siena Liang entered the hall of the Tang Dynasty and took a deep breath With a sigh of relief, he walked to the elevator.

Solan Bai accompanies Brian Zheng to patrol the hotel. He is so bored that he doesn't want to see Siena Liang.

He couldn't help but wonder, "Hey, that kid Axun lives with you today?" Brian Zheng shook his head, "No, he hasn't been here for many days." "That's strange." "What's wrong?" Bai Pointing solemnly to the elevator, "Did you see the girl in the white t-shirt? Just the one with the ponytail! She is Axun's wife, Siena Liang." "Is it her?" "You said Axun didn't come over. , Then what is she doing here?" Solan Bai thought for a while, took out his cell phone, dialed Lawrence Lu's number, and waited for a long time to connect, "Hey, come here to Shengtang? What are you busy? Come here too! Your wife It's coming to the Tang Dynasty." Standing in front of door 2809, Siena Liang was nervous and uneasy, clenching his fists with both hands, and cheered herself up "Siena Liang, you can do it!" Press the doorbell outside the door, "Ding Dong" The waiting time for the door to open is very short, but Siena Liang feels that seconds are like years.

Until the sound of footsteps sounded, her somewhat relaxed heart came up again.

"Who are you looking for?" It was a middle-aged man who opened the door, looking like an elite.

Looking at the strange man in the room, Siena Liang looked up questioningly at the house number, it was 2809!

She was thinking about it at home today, but she still felt that she still couldn't just give up.

After checking the basic information of Mr. Wu on his mobile phone, he learned that he is a very powerful Chinese businessman.

And he returned to China this time for investment.

For successful people like him, the place where he stays is naturally kept secret.

She asked Wu Pianpian to ask her cousin who works in the entertainment newspaper, and then she got the address of Old Wu.

But how did the stranger open the door?

“Excuse me, is Mr. Wu here?” After a daze, she still hesitated to speak.

“You are?” Faced with the man’s scrutiny gaze, Siena Liang seemed to see hope.

Doesn’t he mean that she didn’t find the wrong place?

“Excuse me, please tell Wu Lao, I’m Siena Liang who met him at the Southern Suburb Golf Course in the morning, okay?” The man nodded, “Then please wait a moment.” After speaking, he turned around and went smoothly. Bring the door to the room.

Siena Liang looked straight at the wooden gate, nervous and looking forward.

After a while, the door was opened again, and the man nodded to her, “Miss Liang, Mr. Wu is waiting for you inside, please!” He made an inviting gesture, and when Siena Liang entered, he did not follow up. Go out and close the door.

The sound of closing the door was very slight, but it made Siena Liang’s heart beat.

What's happening here?

She's not going to meet a bad person, right?

But at this point, she didn't give up, so she had to walk inward step by step with the courage.

This is a luxurious suite, very big.

It took Siena Liang several minutes from the door to the living room just a dozen steps.

When she saw Mr. Wu sitting in the living room, she felt relieved.

With joy in her heart, she quickly walked over, "Mr Wu, hello! I am Siena Liang, we met this morning." Mr. Wu changed into his home clothes and did not look as majestic as he was on the court. A little more kind.

He didn't say anything. He just looked at her and said in a deep voice: "Lawrence Lu asked you to come?" "No." Siena Liang shook his head and answered honestly, "He didn't know that I was here to see you." "Then you came to see me?" "Old Wu," he didn't call her to sit, she just stood there, respectful, "I admit that I lost the game today. I am inferior to others, I admit. But If you just use this game and don't cooperate with Lawrence Lu" before she finished her words, Elder Wu interrupted her, "It depends on what you mean, even if Lawrence Lu did not send you here, you are here for cooperation. But since you also admit that you lost, you have to admit defeat, don't you?" "I lose, I can admit punishment. But don't you think you made such a decision too arbitrary?" "Oh?" Elder Wu was interested, "Am I arbitrary?"

"I'm sorry, I may use the wrong words." Siena Liang knew that he was here to beg for help. First of all, his attitude must be correct. "Anyway, I hope Mr. Wu can think twice. After all, the Lu family is even better than the Zhao family. Liang Liang must have a lot of strength." "Aren't you Lawrence Lu's caddy?

Why are you talking to him all the time?" He took a sip from his teacup, "As far as I know, Miss Liang seems to have a relationship with Liang. Very shallow. You are not so good to help the Lu family, right?" "" Siena Liang was taken aback, and said with a wry smile, "In fact, the Liang family now has nothing to do with me." Pain, but don't want to show it.

Old Wu stared at her for a while, then pointed to the sofa next to her, "Sit down, little girl." Siena Liang sat down, because he couldn't understand his thoughts, and said again: "Old Wu" Wu Old smiled, "Is it still called Lao Wu?" "Huh?" Siena Liang only felt that the whole person was a little confused.

"After so many years, it's normal if you don't know me." Old Wu sighed, "However, I recognized you the first time I saw you. You look so much like your father Shiqing! "" Siena Liang was a little confused, "Old Wu, do you know my father?" "Siena Liang, your father Shiqing, but my best friend, ten years ago, we were still neighbors. It stands to reason, you should call me Uncle Wu." Old Wu had a kind and regretful smile on his face, "Unexpectedly, Shiqing left too early, now you are a big girl." Wu continued, "The last time I saw you, you all Less than ten years old. At that time, you laughed cutely." "Uncle Wu?" Siena Liang's head buzzed, "Are you really my father's friend?" Old Wu nodded, "Yes, he Not only my best friend, but also my benefactor." He closed his eyes, regretting infinitely, "I failed in business that year and was jailed for several years. While your father wanted to save me, there are people in the family who remind me every day, and it is also your father. Arranged for your aunt and Siyuan to go to the United States. After I came out, your father took the money to make me come back. It's just that after I came out, my heart has always been bad. I have been staying in the United States all these years. What happened to your father and your mother? , I was so angry that I did a heart bypass."

He came over, stood in front of Siena Liang, stretched out his hand and patted her on the shoulder, "The doctor forbids me to be angry or to leave the United States. Although I have not returned to China in recent years, I have secretly monitored the movements of you and Liang. Knowing that Shayne Liang is in

charge of the company for you, I also lost a few big bills to him, which is a little bit of my affection for your father. Who knows"

Chapter 56

Actually, he is my husband. He said angrily, "I heard you were driven out by Shayne Liang's family as soon as I returned to China! Girl, I'm late!" Siena Liang shook his head and said with a smile : "It's all over, Uncle Wu." What she lost will eventually get back.

"You look so open, girl! The Liang family dare to come and talk to me for business now! It's so shameless and skinny to get home." "Uncle Wu." "Say it!" "You really recognize me as soon as you see me I'm here?" Who is Elder Wu? As soon as she spoke, he guessed what she was going to say.

"Do you want to ask, since I recognized you a long time ago, I pretended not to know you and let you compare with Warnia?" She nodded.

She was still wondering why Uncle Wu knew her surname was Liang without Lawrence Lu's introduction.

Old Wu smiled, "Girl, do you know that Lawrence Lu is here to discuss business?" "Yeah." Although she had also fallen on the court, she knew it.

"Looking at you together, I'm not sure if he knows the relationship between me and your father. After the Shayne Liang family, I dare not act rashly. After all, I can do business with anyone, but you are different. In my opinion, You are my daughter, and I don't want you to be someone else's money-making tool." "I understand." Siena Liang pursed her lips and said with touch of water in her eyes, "Thank you, Uncle Wu "For so long, she never thought that there would be another person who would consider her as her own daughter, conceive and consider her.

His love and love gave her a vague feeling of seeing her father.

“You know you can’t beat it today, why do you still know the difficulty?” Thinking of her clumsy and funny look when she was just playing, he smiled softly, a kind of helplessness towards his own daughter, “I just wanted to help him get it. This business?” Siena Liang blushed as he was said, lowered his head, and nodded gently.

“It is said that Lawrence Lu’s business skills are strong, but his attitude towards you just now is quite desirable.” He looked at her, “Girl, you and him.” Siena Liang thought he had messed up Lawrence Lu’s business. , I felt guilty to death.

However, according to the current situation, it seems that there is another chance that can be reversed.

Although Mr. Wu was very good at talking at this time, she knew that if she naively thought that she said a few good things to let him give up the business to Lawrence Lu, it would be wrong.

After thinking about it, she decided to go all out, “Uncle Wu, in fact, he is my husband.” After she finished speaking, her face turned into a tomato.

This is the first time that she introduced her husband to her in front of others.

What a strange and heartwarming title!

“”Wu Lao was taken aback. It took him a while to react because he was used to the wind and rain. “No wonder” No wonder Lawrence Lu brought her to the stadium.

But “Siena, you are still under 22 this year” he couldn’t help frowning, “Is he forcing you? If he is forcing you, Uncle Wu can call the shots for you.” “No.” She shook her head, showing a small picture. His face was serious and serious, “Uncle Wu, let’s tell you, it didn’t take long for us to get the certificate, but before that, I was already kicked out of the Liang family for a worthless daughter. He is such a rich, powerful and outstanding person. , There is no

reason to force me to do anything." She said that, she smiled, never mentioning that they were married for their own reasons.

"You can see, he seems to take this business very seriously, but I didn't score a goal just now, but I was so embarrassed." Enduring a heart of excitement, she continued, "You know, in that situation, Today I am embarrassed not only to lose my face, but also to lose his face. I have been with him all these time, he is a person, sometimes the temper is a bit disgusting and bad, but not only did he not say a serious thing about me just now, but instead It's all maintenance. Uncle Wu, he's really good. If he loses his business because of me, I'll die of guilt." Old Wu listened and laughed, "You, really tell your father It's the same, a person of good temperament." "Uncle Wu, can you think about it again? I know that big people like you basically don't care about money anymore. The picture may be fame, interest, or just a kind of Spiritual sustenance." She thought for a while, "But in this short time of less than an hour with you, I can definitely say that you are not for fame."

She looked at Mr. Wu and saw him listening carefully. She immediately mustered the courage and blurted out, "Whether you are for interest or spiritual sustenance, why can't the partner be a large company with prestige and strength?" "Yeah!" Elder Wu nodded, "It seems that it makes sense." "Uncle Wu, since you don't like my uncle and them, then think about it again?" "You really want Lawrence Lu to get that piece of land? "Yes." "Hey!" Wu Laoqing sighed, "Sure enough, girls are outgoing and women's colleges don't stay here!" Siena Liang blushed, but couldn't find any refutation.

Old Wu smiled and became serious, "Siena, do you really think I'm so old and confused? Just give a business to someone else? I asked you to compare with Warnia today, I also wanted you to come out. Tone, forget you, don't mention it!" He didn't expect that the Liang family has always been considered good, but the daughter of a good friend is a dead master.

When she heard this, her little face became even redder, and her head was lowered, "I'm sorry, Uncle Wu, I let you down today." "I am indeed a little disappointed, you must know your father, but a A particularly good person is

not just running the company's business, socializing, socializing, and doing things for others, why do you think your girl just works hard?" Siena Liang pursed his lips, thinking about her father's excellence , And couldn't help feeling a little sad, "I'm not filial to lose the company that my father worked hard on and the home left to me, but I can't do anything when I was fooled." Thinking of what Lawrence Lu said to her at home in the morning, Thinking about the things on the court again, she raised her head, her eyes firm, and her tone of voice was very serious and said: "Today's things make me understand that it is not enough to just study well. In the future, I will definitely work harder. I hope to be a better person and not to shame my parents." Old Wu smiled comfortedly, and he nodded appreciatively, "If you can think of it this way, I'm relieved. That piece of land, just follow your instructions. "Really?" Siena Liang asked in surprise and surprise.

Seeing her happy appearance, Old Wu sighed, "Hey! Are you a young and innocent girl who has the same temperament as your father, and you must learn to protect yourself in the future?" "I know, Uncle Wu ."

Chapter 57

Why didn't you directly call godfather Lawrence Lu that he was still in a meeting, but when he received a call from Solan Bai, the meeting was not even held at the moment, and he rushed towards the Tang Dynasty.

Damn Siena Liang, what are you doing in Shengtang?

There was a flash in his mind. He couldn't help frowning while driving. Could it be that he threw the car key to the doorman, he rushed into the lobby, and saw Solan Bai and Brian Zheng waiting in the leisure area, he rushed over." Where is Siena Liang?" Solan Bai shrugged, and threw the cigarette butt that had just finished smoking in the ashtray, "I heard from the old Zheng employee that it was on the 29th floor." Just now she saw Siena Liang going up the elevator, and she didn't know she was here. What are you doing, and it's not convenient to follow her personally, so Shengtang's staff can pay attention to her whereabouts.

Lawrence Lu looked at Brian Zheng, “Is Mr. Wu in your hotel?” “Mr. Wu?” Brian Zheng leaned back in the sofa chair, “Are you talking about the old Wu who just returned from the United States?” “That’s him!” Brian Zheng nodded. Head, “He’s on the 28th floor. 2809.” Lawrence Lu took a breath, and he guessed right!

That little woman is here to find Mr. Wu!

“Siena Liang is in his room?” Brian Zheng groaned, ”Yeah.” “Damn it!” Lawrence Lu couldn’t help gritting his teeth and turned to the elevator.

“Hey! Where are you going?” Solan Bai shouted, “Actually, it should be just talking.” A young woman stayed in the room of a successful man for more than half an hour. Lawrence Lu was too lazy to answer, her expression getting worse. Difficult to look, also accelerated the pace of walking.

From the lobby to the 29th floor, in less than two minutes, Lawrence Lu’s mood was fluctuating.

Siena Liang came to the Tang Dynasty to find Mr. Wu just to save the business.

That fool!

Did he say nothing in the morning?

Although Mr. Wu is a very successful businessman, his temperament is a bit strange.

He doesn’t like people and doesn’t cooperate.

He is in a bad mood and is uncooperative.

He doesn’t need that piece of land, just as paying her tuition.

What else is she doing?

Do you think that today is not enough to be embarrassed, now you come to the door and embarrass you again?

Forget the embarrassment, what he is most worried about now is how long the dead woman has been in here and hasn't come out!

He is not familiar with Mr. Wu.

Mr. Wu was successful in the market, but this does not mean that he is a gentleman.

In the face of a young and beautiful girl, if Elder Wu has some evil thoughts, and she is single and weak, what should she do?

Standing in front of the door of 2809, Lawrence Lu tried his best to endure the anger and worry in his heart. With a charming face, he knocked on the door.

Not long after the door opened, Siena Liang opened the door.

Looking at Lawrence Lu standing outside the door, Siena Liang was taken aback, "Why are you here?" She really didn't expect Lawrence Lu to appear here.

Lawrence Lu saw that she was neatly dressed, there was nothing unusual, and his hanging heart was also let go.

Fortunately, she is still fine!

The heart was let go, but his face was still extremely ugly, staring at her, wishing to kill her with his eyes.

Although she didn’t understand why he was so upset, she couldn’t help but smiled happily when thinking of Mr. Wu’s words: “You know what?” He didn’t want to hear anything, and grabbed her small wrist. , Pulled her away.

“Eh, what are you doing?” Siena Liang stared in surprise, “Wu” Lawrence Lu dragged her away without looking back, almost shouting, “Go home!” His steps are very big, her feet Today, she was injured again and was forced to follow his footsteps. She was in terrible pain, but she insisted on being silent.

Looking back at the door that was about to close automatically, Siena Liang said again: “But Uncle Wu” “Shut up!” Lawrence Lu drove the car very fast.

Looking at the rapidly regressing street scene, Siena Liang couldn’t help thinking about the reason for his anger.

Is he blaming her for coming to Uncle Wu without his consent?

After thinking about it for a moment, she still tried to speak: “Lawrence Lu?” “” Seeing him silently and silently, she couldn’t help being in a good mood, “I’m telling you.” He finally said, interrupting what she was about to say, humming coldly. Said: “Don’t you see that you are driving? Can you stop talking?” With that, he controlled the steering wheel with one hand, took out the cigarette with the other, and lowered his head to light it.

Not long after, a faint smell of smoke wafted from the car.

Siena Liang smelled the smoke, and couldn’t help but feel: I’m driving, what kind of cigarette are you smoking?

Although he wouldn’t let her talk, she couldn’t help but cared about him, “Are you in a bad mood today?” Why would you make a face?

The tone is also fierce.

“You speak again, believe it or not, I will throw you down?” He said fiercely.

He is obviously too angry, okay, but she still doesn't know why he is angry!

"We just left like that. It seems impolite. You should have Uncle Wu's phone number? Would you give me a call? I'll call and say." Uncle Wu even agreed to give them the piece of land, just like that. It was really bad to be pulled away by him.

Hearing this, Lawrence Lu turned his head and glanced at her, and there was a sneer in his eyes, "Want a phone call?" He took out his mobile phone and threw it at her without looking at it.

The phone smashed into her lap, a little hard.

Siena Liang frowned, "What's the matter with you?" "What's wrong with me? Shouldn't I ask you about this?" She was puzzled, "Me? What's wrong with me?" He looked at the road ahead and aroused A mocking smile, "Pretend you don't understand, right? It doesn't matter, think slowly, you will understand." Siena Liang understood, he was angry because of her.

"Are you straightforward?" She glanced at him cautiously, and said hesitantly, "Are you upset that I came to Uncle Wu?" Lawrence Lu angrily smiled, "Uncle Wu?" He popped the cigarette butt out the window. , Ridiculed again, "Okay, you Siena Liang! Uncle Wu is called? Why don't you call godfather directly?!" He bit the word "Godfather" very hard.

And these two words, in the current network, the meaning is not as simple as the literal.

Especially from what he said, the derogatory meaning couldn't be more obvious.

"" Siena Liang was stunned for a moment, and suddenly became a little angry, "What do you mean?" He didn't bother to talk to her again, increased the throttle, and increased the speed of the car even higher.

When he got home, Siena Liang changed his slippers and looked at Lawrence Lu who strode towards the living room. She shouted to him, “Lawrence Lu, what do you mean?” Lawrence Lu turned around, “What do I mean, you are? Really don’t understand? Siena Liang, did what I said to you today play the piano to the cow?” Seeing his almost ferocious appearance, she didn’t feel so angry anymore, and tried to speak to him calmly.

“Lawrence Lu, are you unhappy that I am carrying you to find Uncle Wu?” The land in

Chapter 58

“Uncle Wu, Uncle Wu! Don’t let me hear this disgusting word!”

“Don’t be angry for now?” She sighed slightly, “I admit that I should tell you beforehand, but don’t I feel guilty just because I lost face and couldn’t do that business in the morning? So” he was in a mood It was really terrible, and began to ridicule nonchalantly: “So you sacrificed your hue?” “What do you mean?” She held back her anger, “I went to him because of the land, but it wasn’t That’s what you think.” “Isn’t it? Tell me?” He walked over and sat down on the sofa, irritated and suffocated, and lit a cigarette.

Siena Liang followed and sat next to him, “We just talked about the sky for a while, nothing happened.” “It takes half an hour to chat?” He raised his eyebrows, mockingly, “If I didn’t Come on, aren’t you just chatting?” “You” she flushed with anger, wondering how his thoughts could be so bad and low-level.

She couldn’t understand why Lawrence Lu, who had taken care of her so much in the morning, rubbed her wounds and comforted her, suddenly became so strange, so strange that made her feel sour.

“Can’t tell? Siena Liang, let me tell you, Lawrence Lu is not dead yet, so I need you to stand up for me?” She was unavoidably shocked when he burst into such a big fire.

She stunned and stretched out her hand to pull him, “Lawrence Lu” As soon as her hand touched his arm, he waved her away violently, “Go away!” Lawrence Lu fought hard since he was young.

In addition, she was in a fit of anger, and when she was pushing her, Siena Liang was pushed to the sofa.

The wound on her waist was involved, and the pain made her gasp.

“Ah” Lawrence Lu was also a little stunned.

Seeing her lying there and breathing in, she felt a little guilty, but she couldn’t hold her face down and asked her how.

It’s just that his face has become more ugly, and his brows are tightly frowned, indicating that he is in a terrible mood at the moment.

After that time, Siena Liang slowly sat up with his hands on his hands, with anger on his face.

“I don’t know why you made such a big fire. If you go to Uncle Wu because I didn’t say hello to you, you can totally listen to my explanation.” She bit her lip and continued, “The reason I went I found him because I felt guilty. I didn’t listen to what you told me today. It’s because I listened that I felt more guilty of you. You may almost lose your business because of my embarrassment. I can’t Do nothing like a okay person.” She did not look at him, “I messed up the matter, I will try my best to make it back. I don’t think I am wrong. But you said I sacrificed my hue.” She took a deep breath. I took a sigh of relief to keep myself calm, but my eyes still couldn’t help but flushed, “I have been with Robert Zhao for so many years. I used to say that I was young, but I am 22 years old now, and I am not like him. How could I treat someone who can be my father” “” Hearing this, Lawrence Lu gritted his teeth, and the hand holding the cigarette increased his strength, causing the cigarette butt to become deformed.

Although he didn't look at her, her voice was trembling.

What he said just now was in anger, but now that he thinks about it, it is indeed a bit hurtful.

"I know you care about that piece of land, and I want to help you get it, but I also have my bottom line. I went to Shengtang to find him, but I just hope I can do my best." She slowly Stand up and look at him, "I call him Uncle Wu. I just learned that he is my father's best friend during his lifetime. We don't have any abnormal relationship. The reason why I am there is that the land is The second thing is simply chatting. He told me a lot of my father's previous things." Lawrence Lu paused, feeling that the whole person was completely stunned, as if he couldn't fully reflect this sudden change.

"Also, Uncle Wu said, that piece of land is now yours." After speaking, Siena Liang seemed to have exhausted all of his strength, turned and went upstairs feebly.

Although her foot was rubbed with the medicine, it was still painful, and her posture on the stairs was a bit strange.

But she didn't care about it anymore, just wanted to go upstairs quickly. At this time, she didn't want to face him again.

Seeing her limping but walking extremely fast, Lawrence Lu's heart tightened and opened his mouth to say something, only to find that he couldn't say anything at this time.

The smoke had burned out and his hands were burning. He shook and kicked at the coffee table with a dull thigh.

The force was so powerful that he even moved the heavy coffee table.

The huge sound shocked Siena Liang to stop his figure.

But it was only a second, and he continued to move under his feet.

Lawrence Lu sat alone in the living room. Although Siena Liang told him that he had obtained the piece of land he wanted, he was not happy. Instead, there was an unknown fire in his heart, which seemed no longer strange. She went to Wu Lao, more because of her anger just now.

As long as he remembered, he had never been so angry.

He used to be angry or depressed with that person sometimes because of love, but he really didn't make such a big fire, including that person letting him dove, and he had never done that.

what happened to him?

I was depressed and irritated, the phone rang, and the caller ID was the city's landline.

"Hey!" His tone was not good, even a little bad.

When he heard the words on the other end of the phone, he couldn't help but was stunned again, "Old Wu?" What Elder Wu wanted to say was very concise. After a few words, he hung up the phone.

However, Lawrence Lu held the phone that had been hung up, feeling a little confused.

Old Wu's words echoed in my mind, "Siena begs me to give you that piece of land, and I agree, even if it is the dowry I gave her instead of her father. She is a good boy, and I hope you treat her well." This time, he personally got the affirmative answer from Mr. Wu, his face didn't mean any joy, but frowned, he felt irritable and guilty.

Treat her well?

Ah!

Think about what he did just now, did he f*ck?

She just wanted to explain, he didn't listen, and pushed her!

Thinking of her trembling look and the appearance of her red eyes, he stood up all at once, and went upstairs in two steps in three steps.

Standing in front of her room door, the room was quiet.

He reached out to knock on the door, but before he touched the door, he stopped again.

If she opened the door, what should he say?

Thank you?

Still sorry?

In the end, he put his hand down weakly.

He took a weak breath and turned and went downstairs.

At this time, I really need a drink!

Chapter 59

Seeing Lawrence Lu drinking like a drink after another, Solan Bai couldn't help it, "Hey, hey, I said to you, can you drink like that?" He snorted coldly, already knowing the whole story. "You should really let your wife see you like this, so she will cry so much and forgive you." Lawrence Lu ignored him and continued to drink.

Brian Zheng grabbed his cup and said, “Don’t drink it.” Lawrence Lu saw that he couldn’t drink, so he changed his hand and lit the cigarette again.

After taking a couple of breaths, he looked at Brian Zheng, “You said that the dead woman did it on purpose? I didn’t even know how to take it when I came here.” Brian Zheng shook the glass in his hand. Her starting point is good, but you,” stared at him, “it was a bit too much.” Solan Bai also helped out: “Yes! A simple and kind-hearted girl, who was misunderstood by you like that, may cry so sad now Now.” “I don’t know if I’m past a bit? Otherwise, what are you doing?” He stroked his hair irritably, and looked at Brian Zheng depressedly, “Old Zheng, what do I do now?” What to do? Apologize!” Solan Bai disapproved.

“Master, I seem to apologize to others?” He had thought about apologizing, but how shameful it is!

“Otherwise?” Solan Bai snorted, “I tell you, women are creatures who hold special grudges. If you don’t apologize, be careful that she ignores you!” Brian Zheng also nodded in agreement, “People let you spend money. I got a piece of land, what’s the point of an apology?” “Apologize? Forget it? When I grow up, who do you think I apologize to?” Solan Bai retired, and suggested, “If you really don’t want to Apologize, you can start from where she needs it most! For example, if she especially wants a brand-name bag, you can buy it for her, and buy ten or eight.” Before Solan Bai’s words were finished, Lawrence Lu didn’t. Angrily interrupted him, “Forget it! She’s not a greedy and weak person.” They didn’t get along for a long time, but he was sure of that, “But what she needs most is Her company and villa are now.” As he said, he became more irritable, “Master, I haven’t got enough reasons and evidence yet! Lao Zheng, tell me.” “Look for Lao Zheng? How to coax It’s better to ask me if the girl is happy!” Solan Bai said triumphantly.

Lawrence Lu looked at him contemptuously, “You? Are you just a 30-year-old boy who has never had a meatball?”

Solan Bai instantly felt that his self-esteem had been hurt 10,000 points, and exaggeratedly said: “You know what a fart! Is labor and management a hobby?” He said, he smiled mockingly, “Don’t think you Having had that exaggerated and weird night with your little wife, I felt that I was so capable and terrific, huh! Maybe you just did it once?” Lawrence Lu felt a little embarrassed, but it was hard to admit.

Although he married her for other purposes, it was legally recognized.

If you really want to admit that you haven’t had anything like that since your marriage, that would be a bit embarrassing.

“Is it right?” Solan Baile said, “I can justify my self-cleaning and self-love. How about you? You are still a monk when you are married. Isn’t it a bit strange?” “You” Lawrence Lu was very angry, but It didn’t happen again, because Solan Bai was right!

He pressed the cigarette butt in the ashtray depressed, picked up the wine glass and drank it in one gulp, put it heavily on the table with a “slap”, stood up, “Little master can hardly care for you!” Seeing him about to leave, Bai Exaggeratedly shouted: “I’m angry at your wife’s place, so please find your eldest brother to help me at any time!” “” The next day, Siena Liang finished cleaning herself. When he went downstairs, he saw sitting at the dining table leisurely. Lawrence Lu, who was reading the newspaper while drinking coffee, couldn’t help but froze.

Because she didn’t need to cook him breakfast, she didn’t get up early.

At this time in the past, he basically left to go to the company, why hasn’t he left today?

Although she thought so, she ignored him because of what happened last night. She didn’t even have a “good morning”. She went straight to the kitchen to heat a glass of milk and bake two more slices of bread.

In fact, Lawrence Lu was not reading the newspaper seriously at all. He pricked his ears when she heard the movement of her going downstairs.

But she came downstairs, passed by him, and then went to the kitchen without even looking at him. He instantly felt that his mood in the morning had become bad.

After Siena Liang had a simple breakfast, Lawrence Lu pinched the time to go out two minutes earlier than her.

Sitting in the car, leaning back in the chair waiting for her to come out.

After he came back from the Shengtang last night, he thought about it carefully and felt that Solan Bai's words still made some sense.

He doesn't have enough reason and evidence to help her get back the villa and the Liang family, so start with what she needs most.

Hasn't she been yelling that she is too far from school?

Then he will send her to school today!

Humph!

He still doesn't believe that she won't forgive him then!

Siena Liang closed the door, walked out and saw Lawrence Lu's car, he was also sitting in the car.

With one hand on the steering wheel and the other on the window, he was knocking on the door very leisurely.

Why hasn't he gone yet?

A thought suddenly rushes in his mind, isn't he waiting for her?

But this idea was only thought for no more than three seconds before she denied it.

She never agreed to send him to the bus station before, and it is impossible to be so kind today!

At this time, another thought came up again. Didn't you help him get that piece of land?

Maybe because he is happy, he is waiting for you and wants to send you off!

The next second, she shook her head vigorously, denying the idea again.

happy?

Based on what he showed last night, he couldn't wait to eat her, and even after she said that Uncle Wu had promised him the piece of land, he didn't say anything.

So, how could she be sent off?

Moreover, even if he really wanted to send her off, she didn't want to sit.

Even if he got angry yesterday, he didn't listen to her explanation, but he still misunderstood her like that, and didn't even apologize.

Even if she has nothing now, she still has pride!

Thinking about this, she carried her backpack and walked straight past him.

Because she applied the medicine, and the effect seemed to be good, and after a night of rest, her pace at the moment seemed somewhat chic and handsome.

Seeing her walking away, Lawrence Lu was taken aback, then vigorously rang the horn.

But the people in front seemed to walk faster.

He was so frustrated, he started the car to follow, and stopped beside her, “Get in the car!” Siena Liang stopped and faintly said, “No, thank you.” After finishing speaking, he continued on.

Lawrence Lu irritably beat the steering wheel and started the car again.

This time, the car quickly passed her like an arrow from the string, and then drove away.

Chapter 60

“Siena, why are you still today? Feeling sullen?” Wu Pianpian, who answered the phone, asked with concern looking at Siena Liang, who was unhappy today.

Siena Liang smiled faintly, “It’s nothing, maybe I didn’t sleep last night.” “Really?” Wu Pianpian stared at her for a while, her eye bags were heavy and dark, and she did not sleep well. Look like.

“Ok.”

“No!” Wu Pianpian shook her head and denied, “It’s definitely not that you didn’t sleep well like this!” “” “Did you quarrel with your husband?” Siena Liang was completely speechless, complaining without a smile. Said: “Pian Pian, you are really a talented person if you don’t become a half-immortal.” “Hey, I was right?” Wu Pian Pian raised the curious baby’s curious expression, “Say, what’s wrong?” “It’s nothing.” She is now in a depressed mood, just thinking about his look and attitude yesterday, she is so depressed, she really doesn’t want to say anything now?

“Do you still consider me to be your good sister? If yes, just talk about it. I see your depressed appearance, and I feel uncomfortable.” After that, she asked exaggeratedly, “Still, Your husband cheated?” ””Siena Liang gave her a weak look, “Pianpian, your jokes are not funny at all, okay?” “What’s that?” Wu Pianpian decided to use his assassin, “What you don’t say , Then I won’t find you a part-time job. Let’s just say it, just say it, and I’m in a good mood, and maybe I can give you advice.” “You are really” Siena Liang can’t stand her soft and hard. Pao had to say what happened yesterday, but did not say that he suddenly wanted to send her off this morning.

When she finished speaking, she sighed, “How can you say he could say that to me?” ””Wu Pianpian’s small mouth opened wide, and it took a long time to react, and she exclaimed, “Wow! , I can’t think of Lawrence Lu being so cool!” She fantasized about the shirtless Lawrence Lu holding Siena Liang as he walks like flying, with a vigorous posture, and wiped her saliva, “Siena Liang, your husband is so good!” “Wu Pianping!” I was so depressed, I knew that their thinking was not in the same realm. “Is it time to say this? What is the point? You didn’t understand? He actually misunderstood me for my godfather!” Wu Pianpian smiled embarrassedly, “I’m sorry. Well, for a while, I was stunned by your husband’s tall and mighty image.” As she said, she touched Siena Liang with her elbow, “Your husband will rub your feet again. It’s so crispy, goose bumps. Is there anything wrong with falling off the ground?” Siena Liang made two gestures in the air with his hands, “I really want to knock your head off now to see what’s in it?”

“Huh!” Wu Pianpian took her hand, no longer smiling hippiely, “People say that bystanders are clear and the authorities are fans. Although Lawrence Lu’s attitude is so bad this time, I can still understand it.” “Understand?” Siena’s slumped mouth, “Just because he looks good, he hugged me and rubbed my feet?” Wu Pianpian protested, “Am I such a superficial person? You just said that, you and you yesterday That disgusting cousin lost the match so badly, but Lawrence Lu never said you, right?” “Yeah.” “He gave you medicine and rubbed the injured area, and even gave you a lot of pain. Isn’t it a profound ideological education class?” “Yes.” Wu Pianpian glanced at her and shrugged, “Isn’t this going to end? In fact, I think he is angry not because of anything

else, but because he is worried about you." Siena Liang He smiled and said, "He will worry about me? Isn't he probably afraid that I will completely mess up his business by talking nonsense?" "Hey!" Wu Pianpian couldn't help shaking her head and sighed, "I'll say that your authorities are crazy about you." Don't believe it yet. He's not afraid that you've messed up the business. Think about it, you lost the game and he didn't say anything about you. Then why did he go to your father's friend to look for you? He was not so angry at that time. Do you recognize your godfather? Think about it, if you were him, and your wife stayed alone in another man's room for so long, and she was still a strange man, would you worry?" "" Siena Liang was stunned, she really didn't think about this issue.

Is he really worried about her?

"And you didn't mean that he took you away at the time? Even when you said that his business was done, he didn't seem very happy, so my guess is that it's inseparable." Hold back that in my heart There was a trace of guilt that blamed him, and there was a bit of uncontrollable joy. After a long time, she shook her head negatively, "No," remembering the request he told her on their wedding day, she He smiled bitterly and said, "Even if he is worried about me going to me, it is probably because he is afraid that I will do something sorry for him. You know, a man can't stand this kind of thing." Even if he doesn't love her.

"You" Wu Pianpian felt weak, and looked at Siena Liang, who was almost too salty. She was depressed, "Forget it, just think what you like. My intimate sister is really depressed today." "

"But" Wu Pianpian, who originally said that she was depressed, suddenly laughed again, "I have a good news, do you want to listen?" Siena Liang asked sadly: "What?" "My senior sister just came here. I called, saying that a part-time job has been found, are you going to go?" Siena Liang's bored mood finally saw a glimmer of light, "Of course I will go!" "It's with my senior sister, it's still design, that is designing clothes , But to be an assistant to someone else. It is said that that person's assistant left the job for personal reasons, so

“Generally this type of assistant is very tired and very angry, but can also learn a lot.

“The assistant is good, and you can learn from the most basic!” Being able to do her most beloved job is naturally the best thing. Siena Liang excitedly pulled Wu Pianpian, “Your senior sister has said that I When can I go?” “This afternoon, can it work?” Wu Pianpian asked, looking at her.

Siena Liang hesitated. If she went there in the afternoon, she would not be able to go back to cook for Lawrence Lu today. I don’t know if he will go crazy again then, but now he should not eat her. Rice?

He made such a big fire yesterday, and she ignored him so much this morning, he definitely didn’t even want to see her anymore.

After thinking about it, she nodded, “Yes.” “Well, I’ll go and give my senior sister a reply.”

Chapter 61

The dead woman with the same little carrot head has only one class this afternoon.

Siena Liang packed up his books after class, and went to report to Senior Sister Wu Pianpian.

Yi Shang.

It is a medium-sized private clothing design studio, but it is also very well-known in the city in the past two years.

Many celebrities design clothes here, and there are even many celebrities who will come here to customize their clothes.

When she arrived, she asked the front desk, and soon a young woman with a very fashionable dress came out.

“Siena Liang, right?” The woman is not very beautiful, with long curly chestnut hair, western style and fashion, but very good temperament.

“Yes, you are Pianpian’s senior sister?” Wu Pianpian’s senior sister is actually not a college student, but a former high school student, and then went abroad to study for two years, specializing in fashion design.

“Yeah.” The woman nodded and added, “There is no senior sister here, I am Ami. Here, remember, if you see a higher position than you, you must be called sister or brother.” She has also heard others talk about it before. Pass the rules in the design industry.

Siena Liang nodded, a little nervous and a little excited, “Yes, I know, Sister Ami.” “Let’s go, I’ll take you there.” Siena Liang followed Ami, watching the work around. Room environment.

Modern design, very artistic, pure white throughout, simple and lively.

“S is our boss here. After meeting her, she will arrange your work for you.” Ami said as he walked.

“I see, thank Sister Ami.” Soon, I arrived outside an office.

Ami knocked on the door and pushed in, “s, this is Siena Liang recommended by a junior girl of mine, take a look.” S sat in the chair behind the desk, drawing a picture, still biting With an unlit cigarette, his straight hair is neatly tied into a ponytail.

Hearing this, she raised her head and squinted Siena Liang twice, the pencil in her hand was circled by her.

Although she is lazy in her posture, she has a shrewd and proud sense of immediate sight.

Siena Liang pursed her lips, and said, “Sister S, hello, this is Siena Liang.” “You talk first, I’m going out first.” After speaking, Ami opened the glass door and went out.

s lit the smoke in his mouth, took a deep breath, and then exhaled a straight and thin white smoke.

The posture is sophisticated, but not annoying.

“Siena Liang? A high-achieving student?” S spoke lightly, his voice a little muffled.

When Siena Liang heard this, he humbly replied: “Gao Caisheng is an exaggeration, Sister S.” “Excessive modesty is actually an expression of pride.” S smiled, and then continued, “Do you know the job content?” Liang Nodding cleanly, “Probably I know.” s raised his eyebrows, “It’s very simple, I just need to clean the studio every day, be responsible for the cleanliness of the samples, and sort the drawings in my office. Of course, I also need to contact me. Customers, ask them about their needs.” Siena Liang was stunned, how come this job doesn’t sound like an assistant, but like a little girl doing a mess?

“Sister S” “Say.” “I” Siena Liang hesitated, and still asked, “I’m not here to be an assistant? Why?”

s hooked his lips, “As far as I know, you don’t have any work experience. Although your grades are good, I don’t want to have employees who can only talk about things on paper. Of course, if you feel that you are not talented, you can find another job.” “No, I think” Siena Liang gritted her teeth, “very good.” She needs a job now. The most important thing is that there are many excellent designers here. Even if you’re just a miscellaneous girl, you can learn a lot. , Isn’t it?

“It’s just,” Siena Liang thought for a while, “because I am still in school now, I may not be able to stay here all day” “Okay.” S nodded, “You are part-time, so you can find work every day. Come at the right time.” Siena Liang was happy, “Thank you!” s waved, “Go to the front desk and get a cabinet where you can put your things. Okay, let’s do your business.” “Okay. Siena Liang went out and asked the front desk for a small cabinet.

When putting things in, she turned on the phone and hesitated whether to send a message to Lawrence Lu.

Looking at the correspondent who signed the name “Rough Little Lion”, Siena Liang typed a few words tonight I might not go back to cook.

After thinking about it, he deleted all the words he had typed, and threw the phone into the cabinet and locked the cabinet.

Lu’s.

Lawrence Lu signed his name on the contract, and then handed the contract to the other party.

The contract he signed was nothing but the transfer contract for the land in the city center.

Old Wu sat in a chair, looked at the contract in his hand, smiled, and closed the folder.

The whole process was very fast. Before leaving, Old Wu said, “Siena is a simple girl. Since she is married, treat her better.” After finishing speaking, he stretched out his hand and patted his shoulder heavily.

Those few times, not only patted on his shoulder, but also on his heart.

After a two-second pause, he nodded, “I will.” He personally sent Elder Wu and his party away. Li Song stood beside Lawrence Lu and exclaimed, “President,

this is really a shocking reversal! I was so scared to death that I thought that Robert and the kid had taken away this piece of land. I didn't expect that Miss Liang and Mr. Wu had this relationship." The situation yesterday, and the reversal today, is really earth-shattering. !

"" "President, we picked up such a big treasure without spending a penny this time, but thank you very much, Miss Liang."

Lawrence Lu couldn't hear any more words, turned and walked towards his car.

"Eh! President, where are you going?" Li Song looked at the time. At 4:30, "You really want to thank Miss Liang?" The only response to him was two heavy exhausts from the back of the Maybach.

All the way back quickly to Nanhu Villa.

The house is deserted, and Siena Liang has not returned yet.

He looked at the time, it was early, it was just five o'clock.

Watching the hands on the watch turn little by little, he looked at the place she would pass by outside the floor-to-ceiling windows from time to time.

I was a little eager, but also a little nervous.

He really signed the land in the city center today. He didn't see the slightest joy or excitement in his heart. Instead, he felt that the weight of the whole land seemed to be weighing on his heart.

The weight made him depressed and upset.

Thinking of her attitude this morning, she felt the atmosphere at first, thinking of him kindly, but in the end she didn't appreciate it.

But thinking about it now, she seems to be really angry.

Hey!

He lit a cigarette irritably, cursing in his heart: That dead woman like a small carrot head, why do you want that kind of attitude!

He patiently waited till six o'clock and didn't see her back.

At this time before, she basically even cooked the food.

My stomach is also a little hungry.

After much deliberation, I took out my cell phone and called her

Chapter 62

You don't know to answer the phone, but until the ringing finishes , And the person on the other end of the phone did not pick up.

He frowned, then went on to fight!

But the result is still the same, no one answered!

"Okay, Siena Liang, I don't see that he has a big temper!" He hummed and continued to fight.

He didn't believe that she would not answer.

And Siena Liang, who is still immersed in Yishang cleaning the bathroom, knows that in the locker room, his mobile phone has been vibrating and dancing?

After the thirty-seventh call and no one answered, Lawrence Lu gave up completely, and threw his cell phone on the sofa depressed.

The phone bounced on the sofa and dropped to the floor.

Lawrence Lu became even more frustrated. He wanted to kick the phone out with a kick, so he didn't bother to see or bother. Suddenly he put his foot back, bent over and picked it up.

After Solan Bai's call was received, he couldn't help screaming: "What horrible idea you made last night, it didn't work at all!" Not only was it ineffective, but it also made him very embarrassed. Okay?

Thinking about what happened this morning, he was so angry that he wanted to vomit blood, okay?

If he can send her kindly, it is considered that her ancestor has accumulated virtue and burned the fragrance for eight lifetimes, but what is her attitude?

"What?" Solan Bai slept dazedly, and was even more puzzled by Lawrence Lu's roar.

"What time is it now, are you still sleeping? Are you a pig?" Solan Bai woke up a little bit, but his voice was still a little dull, with a feeling of exhaustion that was characteristic of staying up late, "I had an operation early this morning. One stop lasts for more than ten hours. I don't compensate for my physical strength. Do you really think I'm the undamaged body of King Kong?" "You don't need to mention your broken job." He didn't care about Solan Bai's work, and said irritably." Didn't you say that you were experienced and rich yesterday? No way?" Solan Bai sighed, got up and lit a cigarette to make himself sober, "Apologize?" "How is it possible?" That's it?" Solan Bai said in a tone that I knew, "Tell me, why is it useless?" Lawrence Lu was so dull that he sent himself to her and called her in one breath.

Solan Bai listened and laughed for a while, "I said women tend to hold grudges. You don't want to listen, do you know that it's great now?" "Is it time to say this?" "So what?" "It's all this time. , The damn woman hasn't come back yet!" He said, gnawing his teeth a bit.

“Worry about her?” “Is the young master hungry?” Solan Bai gave another low laugh. After laughing, she suggested: “Since you don’t want to apologize, she won’t let you send it. Now she hasn’t arrived home yet, you Don’t know how to pick it up?” Lawrence Lu drove to Da, and stopped at the gate.

He leaned on the car, looking at the students coming out in twos and threes, frowning and unhappy.

That damn dead woman Siena Liang was really stingy and didn’t answer his phone. Now she dares to hide in school and not go home!

Humph!

Don’t you go home?

He came to the school to catch him personally now, she still has to go back with him obediently?

After being caught back by him, how should he fix her?

He gave up a smirk, took out his phone, and called her again in a very leisurely and proud manner.

After ringing ten times, the call was automatically hung up and no one answered!

Lawrence Lu is angry!

damn it!

What does this mean?

He lit a cigarette irritably, and at the same time he felt a little stupid.

Why did the guy Solan Bai say he was here to pick him up, so he really came?

Why is he?

Just like Siena Liang's attitude today, he can completely shake her face for several days, okay?

But it's all here, it seems even more irritating just to go back empty-handed?

He puffed his cigarette, thinking about whether he should go to the radio and call her like last time.

As he was thinking about it, suddenly a blessed and bald man walked out of the school gate and saw him with a look of joy, strode up and greeted him.

"President Lu!" Lawrence Lu raised his eyebrows, wondering who the old man is. The man introduced: "President Lu, hello, I am the principal of the university, my surname is Fang." "Oh," Lawrence Lu nodded. , Jinggui reached out his hand extremely, "It turned out to be Principal Fang." Principal Fang looked sincere, holding his hand tightly with both hands, "I wonder if Mr. Lu is here at this time?" "Of course it is." He blurted out, "Of course I came to find Siena Liang that damn", but when he spoke, he couldn't help being irritable.

The dead woman said not to disclose their marriage, and he agreed.

What should he say now?

And it's even stranger if you can't say anything?

In today's society, rich people or children from rich families often drive luxury cars to pick them up when college students are out of school. What are the meanings? I think everyone knows.

Is he going to be mistaken by the fat man with big ears in front of him that he is also the kind of dishonest person?

While feeling upset and depressed, Principal Fang spoke, “Does Lu always come to talk about the last time I applied for Lu’s investment in building a library?” Although the large library is large, it is of a good scale now.

But since he came back from an inspection abroad some time ago, he felt that their school library was too low-level.

But what should I do if I want to invest in a larger, better, and digital library?

If the relevant departments can’t spend so much money, they can only find companies.

He found several, including Lu’s, but they all just said they would consider it.

This consideration is just a few months!

Lawrence Lu wondered, is there such a thing?

He thought about it carefully, it seems that there is such a thing.

It was only a moment, and he quickly put away the expression he shouldn’t have, and made a serious point.

No matter what his business, don’t get me wrong that he is waiting for female college students.

Although he came today, he was indeed waiting for a female college student!

Principal Fang was overjoyed and smiled so that the pleats on his face were almost piled up into a flower, “That’s really great!” As he said, he couldn’t help but look at the darkening sky, “But” this Time to talk about building the library, will it be late?

Lawrence Lu has spent many years at the mall, and he believes he still has a deep knowledge of people.

At this moment, President Fang's doubts, he naturally guessed it.

"Cough!" He cleared his throat, "I have read the application you submitted last time." In fact, he didn't care about a word?

Li Song handed in the application, and he just threw it into the trash can.

"Today is in a good mood," In fact, his mood is not better today!

"That's why I came out and went around, this time around, I moved here. I just thought I would go in and take a look, so I have a base in my heart!" No.

Chapter 63

"Yes, yes!" Principal Fang smiled and nodded, "Mr. Lu deserves to be an outstanding businessman in our city! Actually this You can send someone you trust to investigate this kind of thing. Unexpectedly, Mr. Lu is a role model for the whole city!" When President Fang was happy, this flattering skill was like a divine help.

Lawrence Lu snorted in his heart, but he didn't show his face, "Where is it? Principal Fang passed the award." "Since Mr. Lu is here, should we go to my office to talk?" Lawrence Lu heard it, coughed lightly, and refused. Said: "No need!" "Uh" The smile on Principal Fang's face flashed, only feeling that his dream of building a large library was going to be shattered again.

"Cough!" Lawrence Lu raised his mouth, "I'm just going to examine it myself today. What's the specifics, let's talk about it another day?" Then, thinking of someone, he added: "How about tomorrow?" Principal Fang didn't dare. I had to say something to refute, "Fine, just look at Mr. Lu's time, haha." Lawrence Lu was satisfied, took a look at the campus, and couldn't help feeling proud: Siena Liang, let's wait and see .

Lawrence Lu's mood improved slightly, and he slowly ate dinner outside before returning to Nanhu.

Back in the villa, she still did not come back.

He didn't seem to be angry. He thought about it. If she doesn't come back after ten o'clock, then he will let his mother call her.

Humph!

Isn't she looking like a good girl in front of his mother?

Will not pick up at that time?

Thinking about this, he stretched his long, straight legs onto the coffee table, picked up the remote control and looked at the TV channels.

Yi Shang.

After Siena Liang finished the work to be done, he felt that he was almost exhausted.

Her waist was injured only yesterday. Although she had been rubbed with the medicine, she couldn't bear to bend for a long time.

Her previous life was really comfortable and at ease.

I was in a good family since I was young, and I never thought about food and clothing.

Even in the following years, the uncle would still give her a sufficient amount of living expenses every month.

Suddenly, she thought of Lawrence Lu.

That person is actually very young and very capable.

Recently, because of the addition of a person named Lawrence Lu in her life, she always pays attention to his news consciously or unconsciously.

The evaluation of him by the outside world is basically praise.

Talk about how he wears clothes, how handsome he is, but more often they say that he has business acumen, has a strong communication skills, is vigorous and vigorous, and is young but extremely capable. Since he took over Lu's Since then, those who are waiting to see the jokes have not seen the decline of the Lu family, but have grown stronger.

Maybe she has worked hard for most of the day, or she is not good at holding enemies.

Suddenly, she didn't seem to be so angry anymore.

Thinking of Wu Pianpian's words, and thinking of him who wanted to give her away in the morning, and what would happen to him who had maintained her so many times in such a short time, she really couldn't be angry with him.

She beat her waist while walking to the cabinet where she put things.

When she picked up her mobile phone and turned it on, she saw 38 missed calls from "Crumpy Little Lion" on it, and felt that she was not good at all.

Without thinking about it, call back immediately.

As a result, there was no ringing, and the phone shut down automatically because of no power!

I picked up my schoolbag and mobile phone, said hello to the front desk, and hurried home.

Walking on the road back to the villa, I saw the house in darkness from a distance.

As Siena Liang trot, she couldn't help thinking in her heart: He is not at home, would he be out to find himself?

But the next second, she warned herself not to be whimsical.

After pressing the password, the door opened with a "ding".

Before she could turn on the light, she saw a dark figure standing two meters in front of her, facing her.

She was so frightened that she froze for two seconds, and finally began to exaggerately scream "Ah ghost". She turned her head and wanted to run, but unexpectedly hit the half-open door with a loud "bang".

Regardless of the pain on her forehead, she just wanted to run out.

As a result, the arm was grabbed with a strong force, so strong that she could not run away.

Siena Liang was shocked and scared, unable to control so much, waving his hands, yelling "Wow" and smashed with his small fists!

"Damn it! Are you crazy!" Lawrence Lu said angrily, using both hands to stop her fist.

He had watched TV for a while and was bored again, and suddenly wondered if she would go on a date with a man if she didn't come back so late.

Therefore, the elder Lawrence Lu, who has always been arrogant and arrogant, turned off the lights, ready to see if someone would send her off when she came back.

If she comes back alone, he can forgive her for coming home late this time.

If someone else sent her off, then, congratulations, his Lu Shao top secret boxing will be performed for free!

He stood alone by the French window, watching the movement outside.

After waiting for a long time, he stood with his legs numb, and finally saw her slowly returning.

Seeing her in a hurry, he curled his lips, expressing his satisfaction with her coming back alone.

However, given her late return, he always felt that he should find something to relieve his unhappiness.

So, before she opened the door, she stood behind the door, ready to give her a “surprise.”

This was a good time, she was shocked, and knocked him out.

Hemp egg!

Does it make sense for her to come home so late, dare to beat him!

One hand held her hands tightly, and the other hand turned on the light.

“Papa Papa” took a few heavy pats, and suddenly the whole room was as bright as day.

Siena Liang looked at Lawrence Lu who was standing in front of him and clutching him, and he was stunned for several seconds before he came back to his senses.

“Lawrence Lu!” She gave him a frightened look, “What are you doing to be scary! Do you know that scaring people can scare people to death!” Even now, her heart is still beating frantically, and her body is still trembling. It’s not light.

Lawrence Lu let go of her hands, embraced with both hands, tilted his head slightly, raised his eyebrows and looked at her, “I didn’t do anything wrong, what are you afraid of?” As he said, he leaned down, looked directly at her eyes, and squinted. Deep eyes, “Or, what did you do to your heart?” She moved her wrist to relieve the slight pain he had just grasped her hand.

Remembering that she didn’t cook dinner for him because she was doing a part-time job, and she didn’t receive a call from him, she suddenly felt that she was lacking in momentum, “I don’t have any!” “It looks like you can’t speak clearly, is it right? Yeah?” He smiled coldly, “Let’s talk, if it is within my acceptance range, I can save you from death!” You can mention any requirements in

Chapter 64

“” She glanced at him and chose to ignore it.

He just opened the shoe cabinet, took out his own slippers, put on them, and walked into the house.

Looking at her back, Lawrence Lu shouted angrily: “Siena Liang, are you ignoring me?” She turned around, looked at him, and shook her head, “Have you eaten? I’ll do it right away. When Lawrence Lu heard it, he was even more angry.

“I just came to ask me whether I have eaten or not. Isn’t it too late?” He said, he walked over a few steps, “Siena Liang, do you know how many calls I made, you damn it not answering! What are you doing? What do you mean?” “I was busy just now and didn’t bring the phone with me.” “Do you know if you see one back? You don’t know” He was going to say “Don’t you know how worried I am?” Halfway through, I felt that saying that was too much of a loss and was not in Lawrence Lu’s style.

After a pause, I changed my mouth, “Don’t you know how hungry Xiaoye was?” “The phone ran out of power later.” After that, Siena Liang retorted

weakly, “So I just said I will do it right away. Food.” “Cook and cook! Do you only know how to cook?” Lawrence Lu shouted fiercely, “Don’t think I don’t know, you just want to hide because of yesterday’s anger and want to hide by cooking. Go to the kitchen?” “Siena Liang, do you have to ask me to apologize in a low voice to you to be satisfied?” “No.” She shook her head.

He raised his eyebrows in disbelief and asked, “No?” “Yeah.” She was actually not angry anymore.

“Huh!” He snorted coldly, “Don’t think I don’t know, you’re just a damn woman who says you don’t have a heart but you say yes!” “” He pulled her to the sofa and sat down with her. , He also sat on the coffee table opposite her.

“I’m telling you, I don’t even have a window if I want Xiaoye to apologize anyway, let alone the door, understand?” She nodded.

Seeing her nodding her head obediently and earnestly, he became irritable again.

The guy Solan Bai said that women are all creatures with grudges, but it’s true!

“Today” he scratched his hair in annoyance. The hair that had been neatly organized and styled was messed up by him. “Today, Mr. Wu came to Lu to sign the contract.” Siena Liang was overjoyed, “Really. Is it?” “Cough!” He nodded, “So, even if you are compensated, you can ask what you want now.” Then, he frowned and thought about it, adding: “Just Within the scope of my acceptance, Xiaoye can consider agreeing to you.” He thought about it, and he would buy it for her without hesitation and fill her room with how many designer bags, clothes, jewelry, etc. she would like to buy. Anyway.

Seeing his serious expression, Siena Liang was stunned, and then shook his head and said: “I don’t want your compensation.” “What?” “Uncle Wu’s matter, in fact, it was my luck. And, I am also very happy to be able to help you.” She seems to be really happy, her two big eyes slightly bent, like two dazzling crescents.

He looked at her with a happy smile and was startled for a while.

Is this little radish head too easy to be satisfied and don't know how to seize the opportunity?

At this time, shouldn't it be the time for the lion to open his mouth?

"But" Siena Liang thought for a while, looked at him, and asked cautiously, "You just said I can make a request?" "Yeah." "After that, can we stop quarreling because of misunderstanding as we did yesterday? Listen to the other party's explanation, okay?" He coughed awkwardly when he remembered the scene last night, nodded, "Yes." "And" she thought about her part-time job, "I want to go out." Work" "What?" He frowned, not seeming to understand what she was saying.

"That is, I want to go out part-time, earn living expenses, and learn to accumulate some work experience, can it?" After she asked, looking at his gloomy face, she said, "You just said that you can agree to your acceptance. Yes, I remember correctly?" "Siena Liang!" Lawrence Lu took a deep breath before he controlled himself not to rush over and choke her to death.

What was he thinking just now?

Oh, what he thought was that she was too easy to be satisfied and didn't know how to seize opportunities.

Ah!

But what is she showing now?

Now, he wants to unify, unify, collect and recover those ridiculous ideas!

How can she be easily satisfied without grasping the opportunity?

Obviously, you have to make an inch?

!

“Learning to accumulate work experience?” He curled a corner of his lips mockingly. “The main thing is to make money, right?” He inevitably gritted his teeth a bit, “Siena Liang, I remember I gave you a credit card? That card, there is no upper limit, right? Now you say you want to make money? Is that card still in your eyes?” “No.” Looking at his angry face, Siena Liang shook his head, “It’s not you As you think.” “No? Humph! If you think you have little money, then take all my cards!” He said, he took out the wallet from his pocket, and quickly took out a few cards in annoyance.

But when he took it, he was even more angry, and simply threw the wallet with the card he took out and threw it on her body.

“Now, is it enough?” Siena Liang was so frightened that he was suddenly thrown over by the wallet and card.

She picked up what she was carrying, took a look, stood up and put the card and wallet back on the coffee table.

At this time, Lawrence Lu’s face was so black that ink was about to fall out.

“Siena Liang, do you want to die?” “Lawrence Lu” she sighed, stood in front of him, and said seriously, “Can’t you just listen to me and say it?” “Want to hear you say it? Unless you don’t Let me tell you something about work!” She ignored him and said to herself: “You gave me the card, and I remember you said that I can use that card to buy anything I want. But Lawrence Lu is because of what we got married, you and I know it well, and I can’t use your card comfortably.” I don’t know why, when she said this, her heart was uncontrollable.

Lawrence Lu listened and sneered: “I know it well? Can’t I use my card with peace of mind?” He was so angry, he shouted, “Siena Liang, don’t tell me that the marriage certificate is not real! Mrs. Lu, you can use it whatever you want. Do you need me to tell you this every day? Huh?” Holding back the sourness

in her heart, she smiled lightly and said, “The marriage certificate is real, I It’s true that Mrs. Lu is now. But” she looked at him, her smile became a bit bitter, “but you don’t love me!”

Chapter 65

“You don’t love me, I too” she paused, then slowly said, “I don’t love you. I know You have someone you like in your heart. If that person comes back someday, you might be eager to divorce me.” She felt a pain in her heart, but she let herself smile calmly and calmly, “If I get used to your giving , I am used to relying on you for everything, what should I do when the time comes?” ””Lawrence Lu’s tall body was slightly shaken, even he didn’t know if it was because they didn’t love each other after hearing what she said, or because he heard what she said He can’t wait to divorce her.

“After the incident of Uncle Wu, I also deeply understand that it just doesn’t work. Although I have a deep understanding of it now, it’s not too late, isn’t it? I want to study, not just in school, but also going out. The honing of society.” His lips moved, and after a long time he spoke, his tone affirmed: “Remember, since I am married, I never thought about divorce. So, put away your worries. Now “,” he looked at her, “don’t think about going out to work those crappy things, my Lawrence Lu’s wife, I can still afford it!” Siena Liang only felt a loud “bang” in his head, and the blood in his whole body Going straight to the brain, buzzing makes myself completely stunned.

And my heart seemed to miss a few beats.

What did he just say?

Did he think about divorce?

Can he afford his wife?

His wife waited for a moment of stunnedness. She smiled, but her expression was more serious than ever, “Even if you think so, I still have to go to work.”

“You” he took a big breath, still thinking I didn’t breathe smoothly. I took out a cigarette and lighted it on myself. After breathing out a puff of smoke, I stared at her viciously, “Siena Liang, you”

“Lawrence Lu, don’t be angry, okay?” She squeezed a fist, “You promised that I would help me get Liang’s house and Liang family back, do you still count?” “Of course!” He gave her an angry glance, “But This is not the reason for you to go out and show your face!” “Siena Liang is speechless, “Where is it to show up when you go out to work?” “I said yes!” He resumed his domineering and unreasonable Xiaobawang mode, “I remember me before. Laugh at what Robert Zhao said? Now, you said you want to go out to work, are you trying to slap me in the face?” “No! And I and Warnia’s work is completely different!” She sighed, and patiently persuaded: ” Think about it, if you help me get it back then, but I won’t know anything, decent? Liang, my father and mother’s lifetime effort, I will always try my best, even if I won’t let Liang Shi has a better development, at least I don’t have to be like a fool who has learned nothing, what do you think?” “Huh!” She said, it seemed to make sense.

“Agree, please, agree!” With that, she began to coquettish.

Shaking his arm, he looked expectant and cute.

“Ohhhhhhh! I tell you, don’t move your hands!” He waved his arms irritably with an expression of unbearable expression on his face.

She couldn’t hold his arm right now, so she put her hands together and made a begging gesture, “Agree, agree, Lawrence Lu, you are the best!” “Ah!” Maybe her cute and cute expression pleased him, he was proud Jiao Di rolled his eyes, “My little master, when am I okay?” “You’ve always been fine, Lawrence Lu!” The corners of his lips rose a little bit, and he squinted at her with his arms around him, “I want to go out to work.” Really?” “Yes.” “Really want to?” “Hmm!” She nodded repeatedly.

“Cough!” He snorted, “If you want to go out to work, you can come to Lu’s!” When it comes to Lu’s, she is at least under his wings, isn’t she showing her face?

“Ah?” “Why? Unwilling?” He began to feel unhappy again, “Do you know how difficult it is for Lu to get a newcomer? I have always been a person with a clear distinction between public and private. For you, it can be regarded as ruining me. It’s a famous name, what else are you dissatisfied with?” “But” she was stunned, and asked in a tactful way, “There shouldn’t be a design area for Lu’s?”

“That’s not easy?” He was proud, “My office is big enough, you can use it with me. You can paint whatever you want!” Then, he remembered the portrait she painted for him the other day. , Curled her lips and said: “It’s okay to draw a little master, but it has to be handsome and prestigious!” “Why does he let her learn work experience?”

“Forget it, haha.” He squinted at her threateningly, “Huh?” She shrank her neck in fear, “Lawrence Lu, your arrangement, although it sounds good,” it’s really good. what!

“But I can’t learn anything?” “Master, I’m famous, talented, and omnipotent. I’m not enough for you to learn?” “No.” She smiled wryly, “I learned design. Design!” “So what?” He rubbed his chiseled chin, proud and confident, “Those you learn, don’t think I don’t understand, maybe my drawing skills are better than you!” “”She should say what?

If she hadn’t gone to Yishang, she wouldn’t really be Lu’s.

Under his protection, she may grow up, but not too much.

Besides, he is still in the same office?

How others might think of her!

Moreover, she is already working in Yishang now!

Siena Liang closed her eyes, her mind was filled, and she blurted out, “I’m not going! I’m already at work, and I will leave after only one day. I don’t want to just resign like this!” Lawrence Lu was taken aback, and then he thought about her carefully. Only then did she understand what she meant.

A pair of deep eyes are about to spit out fire!

Although his expression was stinky and dark, his tone was light. He gritted his teeth and asked her lightly, “After a day of work? So, you came home so late today because you went to some hell class? She pursed her lips and nodded her head.

“Heh!” He laughed somewhat self-deprecatingly.

He thought she was not going home because she was angry about what happened last night, and he went looking for it like a fool.

The results of it?

She went to work!

And it’s the kind that doesn’t even say hello!

After a while, he stood up, squeezed her small chin in a fierce manner, and said angrily: “Siena Liang, okay! You are not brave!” “” Siena Liang frowned by him. He felt that his jaw was about to be crushed.

“Lu” she stretched out her hand, trying to pull his hand away.

Not only did he not let go, but instead stretched out his other hand and grabbed her hands.

He approached her and said lightly: “You said, how should I punish you?”

Chapter 66

“You” Siena Liang could not move, a delicate and beautiful face turned pale because of his strength and panic in his heart.

He grabbed her hands and raised them above her head, leaning closer.

“What do you think of me? A roommate in a shared room? Or a good person to help you unconditionally?” His breath was all gushing on her face, warm and hot, but her originally pale little face instantly became Flushed.

“” She had to shake her head in a small arc because of his control.

“Heh!” he said mockingly, “have you forgotten whose surname you are now before the marriage certificate is hot?” She shook her head in panic.

“Would you like me to impress you a little bit?” He moved closer, and the tip of his nose touched her, “How about k!ssing you?” Siena Liang’s heart beat violently, and he was panicked and panicked, “No”. Glancing at her, snorting coldly, didn’t really k!ss her, but threw her on the sofa.

She was a little dizzy by the fall and looked at him blankly, “Lawrence Lu” He stared at her condescendingly, “Tomorrow, go and quit my job!” Siena Liang eased the dizziness, shook his head, and said firmly: “I don’t!” “Damn it!” “The job I’m looking for fits the course I’m studying. No matter what you say, I will go!” Although her current job does not involve design, she is in such an environment. Here, she can learn a lot.

It is said that she starts from the simplest and it is not a bad thing.

“Siena Liang!” After she was tough, she tried to soften again. “My job is actually very simple. I will never delay cooking for you,” she said, embarrassingly, “except today.” Very good!” He nodded, squinted his eyes, almost squeezing a voice from between his teeth, “Wait and see, I will let you

resign willingly!” “” Lawrence Lu was in a terrible mood that day. Pleasing to the eye.

The documents were placed too high and thrown on the ground!

Place the pen crooked and throw it on the bottom!

The line of the landline is too long and thrown on the ground!

The decorations on the desk were too fancy and threw them on the floor, Li Song stood there with a look of surprise.

Looking at the originally clean and tidy office, the floor was messy at this time, and he couldn’t help thinking in his heart that the few days of the month, Mr. President, were here again!

When Lawrence Lu wanted to throw the computer irritably, Li Song finally couldn’t help it, so he swooped up and hugged the computer tightly.

“President, calm down your anger!” “Get out!” Looking at Li Song, who was unhappy, Lawrence Lu wanted to throw him out too!

Li Song smiled and didn’t get annoyed, “President, what makes you so angry all the time! Tell me, the younger one will solve it for you right away!” Did Siena Liang solve it?

You are so courageous!

“Palm!” Li Song, who was holding the computer, blinked, expressing embarrassment, “President, I am very busy with both hands now!” “You!” Lawrence Lu pointed at Li Song, “Tell me, is that dead woman? Itchy skin, have to go to a part-time job?” “Huh?” Li Song stared at Lawrence Lu in a daze. He didn’t respond for a long time, and asked inquisitively, “President, which dead woman?” Lawrence Lu glared at her. , And then said grimly, “Siena Liang! Part-

time job? Do you want to laugh or piss me off?" "Oh!" Li Song nodded, "So it's Miss Liang?" "Miss Liang?" Lawrence Lu slanted. Staring at him.

"Yeah. But she just went to work part-time, I think it's okay?" He saw that Lawrence Lu was no longer angry, then let go of the computer, and looked at his own president suspiciously, "And why are you so angry, president? Just say that your relationship is not simple, right?" As he said, he sighed and shook his head, "Miss Liang is beautiful and innocent. How can you be the president? If you don't tell me so namelessly, you can't let it go. She goes part-time!" "President, I think Miss Liang must have seen your true face" "What is my true face?" "It's just that you are just for fun! She can't always rely on you, so she wants to go out and make money. Otherwise, you don't want to continue playing with her in the future, she won't do anything." Li Song exaggerated and sighed, "I was thrown away by you, and I was hurt very much. Life will be sad."

""Lawrence Lu was depressed and had a headache. He couldn't understand how Li Song's strange thinking passed the test and became his special assistant?

And, does he really have that?

"In your heart, I am such a person?" Li Song smiled and shook his head, but said in his mouth: "It's written like that on TV. Although the president, you are handsome and martial artist, you also have Jinshan. It's unreliable. Unreliable." Seeing the president's livid face, he made a round again. "Of course, president, you must not be that kind of person, but it is inevitable that Miss Liang would not think that way?" "And," Li Song touched his head, "In fact, it's okay to go to a part-time job. Isn't Ms. Liang still going to school, and she's not a primary school student, she will definitely have her own plans. I think, as long as it is not a serious job, she can go. . President, you don't know, now many girls who are a little bit pretty don't ask for progress." Lawrence Lu hummed unhappily, "Does she give you any benefit by helping her speak like this?" "Heaven and Earth Conscience? Absolutely not!" Li Song raised his hand and swears, "Miss Liang is so beautiful, but she is still willing to walk one step at a time. It is

really commendable!" Lawrence Lu did not speak, lit a cigarette for himself, thinking about what he had been doing before. The request is not excessive.

He seemed to be in a better mood after smoking a cigarette.

Looking at Li Song, he raised his eyebrows, "I have said so much, and stood for so long, should I move a little bit?" Then, he pointed to the messy floor and ordered, "Return everything back to the original Right." Li Song was struggling, "President" "No discussion!" "Oh! Okay!" Who called him the boss?

He has been a master of enlightenment this time, the president is in a good mood, now he has to do the cleaning coolies again, so wrong him!

Until Li Song restored the office to its original state, Lawrence Lu tilted his legs and leaned back in the chair with his hands on the armrests, looking very relaxed.

"Did you come to talk about building a library before?" Li Song thought for a while and nodded, "Well, but you didn't agree with the president." Lawrence Lu raised his lips, "What about the promise now?" "What?" He stood up, straightened his shirt, and said, "Let's go, go to the big!"

Chapter 67

Li Song thought about it all the way, but he didn't want to understand what kind of venture his sir president suddenly took to invest in the construction of the library.

The chairman, that is, the president, his father is very concerned about philanthropy, but the president only concentrates on making money. Charity, good deeds, etc. are all done by the chairman.

What happened this time?

“Mr. Lu, welcome!” Early in the morning, he led several senior leaders from the school to wait for Principal Fang at the gate. Seeing Lawrence Lu got out of the car, he stepped forward with joy, clasping his hands tightly with both hands, heavily. Hold.

Lawrence Lu was held by those sweaty hands, his brows frowned, and his tone was flat, “Principal Fang!” Li Song looked at the ten people in front of him, and sighed in his heart. This battle was just a matter of sending all the students in the school. Welcome!

“Mr. Lu, these are all important ministers of our school. We hereby welcome you here.” Lawrence Lu raised his eyes and glanced around, nodding his head in a nod, as a greeting.

Principal Fang didn’t mind, and warmly invited: “This weather is getting hotter and hotter, Mr. Lu, why don’t we sit in my office first and blow on the air conditioner to cool off?” “Yeah.” Principal Fang’s office .

Lawrence Lu calmly sat in the main seat that was supposed to be the principal when he was meeting guests, and he raised Erlang’s legs coldly, with a strong and compelling breath of the king.

Principal Fang sat down along the main seat, but the sofa was only that big, so it was inevitable that some people could not sit.

Seeing a crowd of people who could call uncles and aunts stood there, their attitudes were humble and respectful, Lawrence Lu didn’t feel different, and calmed down.

He scanned the office, and the big wall on his right was pictures of outstanding students in the school.

Below the photo, the name and department are written separately.

My eyes quickly swept, and in the first place on the third-to-last row of the photo wall, I suddenly found a photo of Siena Liang.

He squinted his eyes, raised his lips slightly, hum, there is her!

Did not lose his face, not bad!

That seems to be a photo of the first two years.

In the photo, she wears two cute braids, a simple white shirt and a pair of white overalls, thin arms, and two thin white legs that are straight and long.

She is simple, lovely and youthful.

Principal Fang followed his gaze and looked at the photo wall, and said with a smile, “Mr. Lu, these are all outstanding students of our university.” As the principal, with a light face, he walked over and pointed. Looking at the first photo, “This student, now the mayor of city b!” He said, pointing to the third one in the second row, “This student, now a famous barrister in our city, he has I’ve never lost the case.” Lawrence Lu nodded lightly.

“This” waited patiently for President Fang to talk about several students. Lawrence Lu raised his hand and pointed directly at Siena Liang’s photo. “Where is this person?” Li Song took a look and was taken aback. Isn’t this Miss Liang? ?

Principal Fang smiled, “Not to mention that this student is beautiful. He was admitted to our university with the best grades in the school that year. In the past few years, he has also achieved excellent grades. He has received first-class scholarships every year.” Lawrence Lu nodded, his lips raised. , I suddenly caught a glimpse of the look in President Fang’s eyes when he looked at Siena Liang’s photos. He really felt that the look was so awkward!

And what did he just say?

Look pretty?

He couldn't help frowning at the thought of Principal Fang showing his face to Siena Liang's photos every day in his office.

This photo cannot be left!

He put away all his emotions and returned to the topic of coming this time.

"Principal Fang, we might as well talk about the investment and construction?" Principal Fang, who was still like Shu Jiazhen, was overjoyed, and hurriedly returned to his previous position, "Yes," he said with a smile on his face." How about President Lu first look at the information I have compiled? Although I have given President Lu the relevant information before, this time I have organized it a little more in detail." "Yeah." As long as the old fellow, Principal Fang, stop staring Just look at the picture of the dead woman Siena Liang.

"Mr. Lu, take a look. This is the data I have compiled based on the current situation and the rough estimate for the expansion." Principal Fang respectfully offered the folder with both hands.

Lawrence Lu took it, glanced roughly, and threw the folder on the coffee table in front of him.

Principal Fang stunned, looking at Lawrence Lu's face, secretly wondering what he was thinking.

"Mr. Lu, are there any questions?" Principal Fang smiled. "If there is any, Mr. Lu might as well bring it up and let's discuss it?"

"Expand the library," Lawrence Lu leaned back in his chair, looking at Principal Fang's rather flattering expression, and said lightly, "Need 50 million?" "This" Principal Fang touched his forehead, "I went abroad to investigate before. However, I feel that our school's library is too backward, so I want to build a digital library." In order to show his selflessness and dedication to the people,

Principal Fang said anxiously: “I have applied to relevant departments before. , But said that the funding was too high and it was not approved.” He was afraid that Lawrence Lu would also disagree with the high cost. He picked a nice word and said, “Although I know that Lu’s enterprise is already a Fortune 500 in the world, Chairman Lu also I am extremely passionate about charity and charity, but I also know that your money is also useful. If Mr. Lu thinks that 50 million is a little bit more, we can build a part first, and I will think of a solution for the rest?” Notoriously wealthy, but after all, to get money from them, they have to lower their stance.

Even if Lu does not give 50 million, if he agrees, it will not be less than 20 million. It is better than not paying a penny!

Lawrence Lu raised his eyebrows, but did not immediately reply.

After taking a couple of puffs, she said leisurely, “President Fang meant that Lu can’t take out the fifty million?” His tone was a little arrogant, and he was also a little bit displeased.

Right now, Principal Fang, including the school leaders present, were stunned, not knowing how to answer the call.

Principal Fang was anxious, for fear that Lawrence Lu would shake his face and leave, but he smiled and said, “How can President Lu be a person who can’t even get 50 million? Hey! I can’t speak, but I hope that Mr. Lu Haihan “Lawrence Lu smiled, threw only half of the cigarette into a disposable cup that had not been drunk, adjusted his suit jacket, and stood up.

Principal Fang was dumbfounded.

It is said that rich and powerful people are generally very temperamental, so he offends Lawrence Lu?

But he didn’t seem to say anything!

The school leaders in the office were also surprised.

Principal Fang wanted to build this library no more than a day or two. He used to call them out to sponsor sponsorships, and when he came back, Principal Fang had to shake his face.

They were happy this time, but what happened now?

Why is Mr. Lu leaving?

Then shall they not be scolded to death?

“Mr. Lu”

Chapter 68

Principal Fang also stood up, with a look of surprise and panic, “President Lu, don’t rush to go, let’s discuss it?” He said, and winked at the leaders aside.

One of the leaders brazenly stood up and said, “Mr. Lu, President Fang really wants to build such a library. This is not only a thing that makes us very proud, but also a blessing to all the students!” “Yes! “The others nodded in agreement, but did not dare to make a loud noise.

Lawrence Lu smiled and turned to look at the anxious Principal Fang, “Since Principal Fang said that it is 50 million yuan, shouldn’t Principal Fang take me to see the current library before I agree to invest in it?” Principal Fang was startled, and then laughed, “Yes, yes, of course it is necessary. Mr. Lu, please here!” Lawrence Lu nodded and swept around the leaders who were also preparing to be together, and said lightly: “Just Just take a look, you don’t have to go, right?” Now, Lawrence Lu is Principal Fang’s uncle.

How dare you not listen to what the uncle said?

“You all go to work on your own!” As soon as Principal Fang said, the others went out one after another, which seemed to be re-released.

“Mr. Lu, please!” When he came out of the office and approached the stairs, Lawrence Lu’s steady pace suddenly stopped.

Principal Fang didn’t know, so, “Mr. Lu?” Lawrence Lu frowned, “My phone seems to be in your office.” Principal Fang was older, but the reaction was quick, “Then I’ll get it for you!” No need.” Li Song was a little strange, his president did not seem to have taken out his mobile phone just now!

Although he thought so, he still said: “I will give you

Lawrence Lu nodded, and swept around the leaders who were also preparing to go together, and said lightly: “Just take a look, you don’t have to go?” Now, Lawrence Lu is President Fang and his uncle.

How dare you not listen to what the uncle said?

“You all go to work on your own!” As soon as Principal Fang said, the others went out one after another, which seemed to be re-released.

“Mr. Lu, please!” When he came out of the office and approached the stairs, Lawrence Lu’s steady pace suddenly stopped.

Principal Fang didn’t know, so, “Mr. Lu?” Lawrence Lu frowned, “My phone seems to be in your office.” Principal Fang was older, but the reaction was quick, “Then I’ll get it for you!” No need.” Li Song was a little strange, his president did not seem to have taken out his mobile phone just now!

Although he thought so, he still said: “I will give you

Lawrence Lu nodded, and swept around the leaders who were also preparing to go together, and said lightly: “Just take a look, you don’t have to go?” Now, Lawrence Lu is President Fang and his uncle.

How dare you not listen to what the uncle said?

“You all go to work on your own!” As soon as Principal Fang said, the others went out one after another, which seemed to be re-released.

“Mr. Lu, please!” When he came out of the office and approached the stairs, Lawrence Lu’s steady pace suddenly stopped.

Principal Fang didn’t know, so, “Mr. Lu?” Lawrence Lu frowned, “My phone seems to be in your office.” Principal Fang was older, but the reaction was quick, “Then I’ll get it for you!” No need.” Li Song was a little strange, his president did not seem to have taken out his mobile phone just now!

Although he thought so, he still said: “I will give you Take it, President.

At this time, Lawrence Lu was a little unhappy. He gave Li Song a calm look and said coldly, “No need!”

I will go by myself, you guys wait.

After that, he turned and walked to the principal’s office. The sound of calm footsteps sounded in the spacious office. The single sofa he had just sat on was clean and there was no shadow of a mobile phone! He did not go there either. Instead, he walked straight to the photo wall. Well, his cell phone was in his trouser pocket. He came, but he was standing in front of the photo wall. He turned his head slightly and saw no one coming. Only then started to tear off the photo Siena Liang posted on the wall! Seeing Siena Liang smiling innocently and sunny in his hand, Lawrence Lu curled his lips, snorting with some complacency, “Siena Liang, !

He wanted to tear up the photo and throw it into the trash can. He put his hands on the photo, but suddenly stopped. The first evidence of a thief, it’s better to stay! Put the photo in the inner pocket of the suit on the chest. As soon as he put it in, before he could put his hand down, Li Song had already come to the door, “President, have you got it?”

“Lawrence Lu paused, “What?”

“This damn Li Song, didn’t he let him wait there? What are you doing here? It scared him so much! “Mobile phone!”

“Li Song looked at the sofa and where he is standing now, with a suspicious expression on his face, “President, why are you standing there with your phone?”

Seeing Li Song’s suspicious glance over the photo wall, Lawrence Lu frowned, put his hand down, and stepped past a little bit, just blocking the place where the photo had just been torn. “President,” Li Song became more puzzled. “Did you do something bad?

“It’s so weird to look at it so concealed!” Lawrence Lu heard it and immediately exploded, “I’ll be your ghost!”

Is it itchy?

What nonsense are you talking about?

He gritted his teeth, “Now, turning back ninety degrees, stay wherever it came from!

Li Song trembled all over, the president was angry, so scared! When will you stay if you don’t run at this time? “Then, president, I will wait for you over there!”

Seeing Li Song’s figure disappearing at the door, Lawrence Lu breathed a sigh of relief. His wise life was almost ruined! A group of three people walked in a beautiful campus. Lawrence Lu and Principal Fang walked side by side. Li Song followed two steps later.

Principal Fang has fully demonstrated the spirit of the top ten guides at this time. After passing through a place, he will introduce Lawrence Lu and the others, ranging from an age-old building to a one-meter-high tree.

He will not miss any place he can introduce.

In the eyes of President Fang, it is good to be able to talk to an outstanding business celebrity like Lawrence Lu.

Even if he was talking almost the whole time, and Lawrence Lu would only nod his head occasionally, but he also felt contented that it was better than cold.

“Mr. Lu,” Principal Fang said again, pointing to a large pile of stones on the side of the road, “This stone is actually not an ordinary stone.” Lawrence Lu raised his eyebrows, feeling that his patience was about to run out.

It’s been half an hour since I walked this way, and I heard the old man from Principal Fang spit on the side to introduce this introduction and that, how could this old man’s spirit be so good?

Please, he is not too thirsty, can he still think that his ears are callused?

He said that he came to see the library, but it was just a walk through the scene. After all, he only took the money, and the following matters had nothing to do with him.

Today, he only brought his head to be caught by the door before he brought it up to see the broken library of Lao Shizi!

Can he just ask to leave?

Thinking like this in his heart, he felt dull again that Siena Liang was the damn thing to blame.

Why does she have to hand in a picture like that?

His legal wife is really upset when the dead old man looks at him with such disgusting eyes every day?

If it weren't for the purpose of getting the photos back, would he impulsively propose a broken proposal to see some library?

Look, now listen to this old man's rhetoric, which is impulsive punishment!

An old building covered with moss, a few beautiful pots of flowers, a somewhat decent artificial lake, and even the not-simple broken rock in his mouth.

These empty things, no, these are topics that he doesn't want to hear even if he is free, can't he stop?

Li Song looked at the faint dissatisfaction and impatience of his own president, and then stepped forward, with a very official smile, and said: "President Fang, no matter how good this stone is, it can't compare to our building a library. It's important, don't you think?" "Yes, yes," Principal Fang nodded vigorously.

"Ms. Lu's time and the wealth he created for Lu's are measured in seconds." Lawrence Lu's words, Li Song, sounded too exaggerated, right?

"This" Principal Fang was startled, and suddenly realized that he was talking too much just now.

Li Song smiled and suggested: "Shall we go directly to the library?" "Yes, yes!" Principal Fang nodded ashamed and was about to greet them to continue walking, and a crisp female voice rang out with surprises. "Brother Lawrence" !"

Chapter 69

This man like a god looks along the source of the sound, only to see two girls Stand there.

The girl slightly ahead is bright and beautiful, wearing a short skirt and princess-style shirt, with a pair of ridiculously high heels on her feet.

Seeing that they were all looking in their direction, the girl smiled brighter, and dropped the girl behind her and ran over.

Li Song looked at her running fast with the heels so high, and couldn't help but sigh in his heart: I won't fall even if I run like this. My sister is amazing!

Lawrence Lu frowned and looked at the girl who was already standing in front of him. He knew this person.

The relationship between the two families is pretty good. They used to be neighbors for several years. Now, his mother often plays cards with her mother.

He glanced at the huge campus and couldn't help thinking, this can be met too, it's annoying!

"Lawrence, why did you come to our school today? I am so happy to meet you!" His attitude was lukewarm, "It turned out to be Kerr." That's right, this bright and beautiful girl is exactly what Wang Keer.

Wang Keer smiled, "Lawrence, why did you come to our school today? Did you come to see me specifically?" Lawrence Lu twitched his mouth and said nothing.

But cursing in my heart, the older I get, the more narcissistic I become!

Principal Fang stood up at this time with a smile on his face, "So, Mr. Wang knows Mr. Lu too!" As the school leader, he understands the situation of school students, especially the top students and students with some backgrounds. Indispensable homework.

Wang Keer's family can be regarded as a wealthy family in the city, so it is not surprising that he can call her out.

Only now did Wang Keer notice the bald old man standing next to Lawrence Lu, smiled, and greeted: "Principal Fang!" After finishing speaking, she looked at Lawrence Lu again, with some aegis, "Lawrence, are you coming to pick me up?"

Sometime ago, her father and mother said that she was almost 22 now, and a family like them naturally had to find a good marriage partner first.

There was no need to screen at all, and Lawrence Lu was listed as the number one candidate by their family.

Lawrence Lu can be regarded as grown up by her parents, so there is no need to talk about her character.

People are good-looking and handsome, but they are also superb.

The family is well-off, the big ones among the rich, if they really get married in the future, then the Wang family's career doesn't have to worry at all.

Her mother also said to find a time to talk to Aunt Song, is he here to pick her up?

Li Song looked at Wang Ke'er who suddenly jumped out, then looked at Lawrence Lu, his president seemed unwilling to talk to her.

At this time, why do you think that the president is the only one who solves problems, Li Song!

"Miss Wang, it is true that Lu is always here to talk to Principal Fang on business matters." The implication was that the president did not come to her Miss Wang!

“Uh” Wang Kerer is not stupid, and naturally understands that Li Song’s words mean she is passionate.

As the saying goes, if she can’t bear her child and can’t hold her wolves, if she doesn’t put away her violent temper, then she can’t control her temper and loses Lawrence Lu.

“Brother Lawrence, didn’t you come to talk about business affairs? Are you finished?” Principal Fang stood up, “Not yet, I’m taking Mr. Lu around for a tour.” Wang Keer was overjoyed, “Since it’s a visit, that’s just right. I’m fine now, or should I accompany you?” Li Song touched his nose, a little speechless, this Wang Ke’er really doesn’t know how to look at her face, or she’s too smart, like a sticky dog skin plaster Similar.

Seeing Lawrence Lu’s silence, Wang Kerr shook Lawrence Lu’s arm naturally, “Lawrence, okay!” Upon seeing Lawrence Lu, Lawrence Lu frowned slightly, and gently flung her touch away.

“Student Wang can come, of course!” Principal Fang thought he talked too much just now and didn’t know what to do, but now he is happy to see Wang Kerr with them.

Just by looking at the tone of their speech, you can guess that their relationship is very shallow. Then, if you ask her in private to help you speak nice things, isn’t this library thing done?

Lawrence Lu didn’t say much, because of the relationship between him and Wang Keer’s family, he couldn’t speak to drive her away.

Besides, he glanced at her high-heeled shoes, and she would follow if she wanted to, anyway, he was not the one who was tired!

As a result, the original threesome became four.

Leaving aside Lawrence Lu's family background, it's just that his height and appearance are comparable to those of international male models.

Naturally, she would not miss this once-in-a-lifetime opportunity.

He squeezed forward, and walked in front of Lawrence Lu side by side.

From time to time, he would receive enviable glances from his classmates, especially the girls, and Wang Keer felt that he had a special face.

This god-like man, walking with him on the beautiful campus at this moment, made her feel that she was in a romantic relationship with him.

Principal Fang didn't feel any dissatisfaction, and walked behind with Li Song politely.

It's big, but the route they are taking at the moment will pass through one of the playgrounds in the school.

Looking at the boys in the playground playing basketball and football in uniforms, they ran back and forth on both sides of the field, and a group of people would cheer loudly for scoring a goal.

The weather was already hot, and with their fierce running, big drops of sweat flowed down their cheeks and their hair was soaked.

Across a not-too-distant distance, Wang Kerr frowned with two carefully crafted eyebrows, and said with a bit of disgust: "These boys are really, they sweat so much, they are still running, all in a stinky suit." , Looked at the handsome man next to him, and suddenly felt that those boys playing were really bad.

You see, under the same sky, Brother Lawrence is clean and refreshing, and he exudes a particularly charming and pleasant scent.

This is really not better than not knowing it, and I was shocked!

This man really looks more beautiful!

“Lawrence, you certainly don’t like to play ball?” Lawrence Lu twitched his lips, “It’s okay.” Wang Keer thought he had guessed correctly, and said complacently: “I knew that Lawrence was not like that. Good taste!” Lawrence Lu smiled sarcastically. A man loves cars and balls by nature, why wouldn’t he like it?

It’s just that there is too much work now, and there is not much time.

“Do you think that a person who is commonplace in fighting would not like to play ball?” “Uh” Wang Keer was taken aback, smiled awkwardly, and then pretended to be angry and said coquettishly, “Lawrence, you It’s annoying, I was almost fooled by you.” Lawrence Lu didn’t answer, but speeded up the pace rather annoyingly.

“Lawrence, don’t go so fast, wait for me”

Chapter 70

Siena Liang took advantage of no class in the morning, went to Yishang to work part-time, and walked towards the library with Wu Pianpian.

Suddenly, Wu Pianpian pulled her, “Siena, isn’t that your husband?” Siena Liang looked over, and she saw Lawrence Lu’s figure.

Although they had a little quarrel last night, her heart still couldn’t help but jump, because she didn’t expect to see him here, she was a little nervous and surprised.

Why did he come to school?

“Hey, why is Wang Ke’er with him?” Wu Pianpian was a little puzzled.

“” Siena Liang was taken aback. Just now he could only look at him who looked like a luminous body, and didn’t even bother to look at anything else.

is not that right?

Wang Keer was jogging while yelling, her expression charming.

Wu Pianpian curled her mouth angrily, “I thought your husband came to you, but ended up with the hypocritical woman Wang Keer. I said, what does your husband mean?” ““Siena Yuan could not take his cheerful steps suddenly, but stood there, staring at his direction in a daze.

I feel a sour feeling, running freely in my body.

Lawrence Lu walked with his head held high, and suddenly saw a familiar figure, and glanced at it, it was really Siena Liang!

She seemed to have seen him, and was standing there looking at him now.

He paused, squinted his eyes, but the corners of his mouth slightly raised, but he couldn’t help thinking in his heart: Seeing this young master, he must have lost his joy, look!

I’m so happy that I can’t even walk!

Wang Keer naturally also saw Siena Liang.

Thinking of Lawrence Lu’s visit to the school cafeteria to look for her last time, she glared at Siena Liang not far away.

The shameless daughter, who dared to look at her Lawrence blatantly!

Taking a look at Lawrence Lu, who was standing in front of him like a tall pine tree, and then at Siena Liang, she lifted her bright red lips and gave birth to a plan in her heart.

Wang Keer put away his smile, ran in stride, and moved a little in Lawrence Lu's direction.

Seeing that she was about to hit Lawrence Lu, she did not accept the running steps.

"Ah" Wang Ke'er ran too vigorously, and it suddenly ran into Lawrence Lu in front of him. The heel shook a few times, and he was about to fall to the ground.

She screamed and waved her hands, "Lawrence"

Out of a person's instinct, Lawrence Lu stretched out his hand quickly and grabbed Wang Keer's arm.

He frowned, as if returning to the previous neighbor's little brother, and reprimanded: "I don't know how to be careful? What does the frizzy look like?" "Yeah." Wang Keer nodded, but in his heart Yixi, she made a look reluctant to stand on her own, and the heels swayed, but failed to stand, she took advantage of the trend and threw herself into Lawrence Lu's arms.

"Brother Lawrence, it's fortunate to have you, otherwise I would be ashamed today." Just now, I just wanted to let Siena Liang's desolate daughter see their disparity clearly, and didn't think so much.

Now I want to come but still can't help being a little frightened.

She is wearing a miniskirt today.

If it hadn't been for Lawrence Lu to grab her with quick eyesight and hand, she would have been ugly when she fell to the ground.

One side of my heart was scared, but I couldn't help feeling happy.

Her brother Lawrence is good-looking and capable, even with such agility.

He is so handsome!

“Okay, it’s okay now, let go!” Lawrence Lu looked at the suit jacket that was being held tightly by Wang Keer, his expression unhappy.

A person like him who pays great attention to image can’t bear even a little dust on his clothes, let alone crumpled clothes?

Wang Keer shook his head and said aggrievedly: “But I was really scared just now, Lawrence.” ””Lawrence Lu was speechless, seeing her not letting go, so he broke her hand.

Siena Liang stood there, her lips pressed tightly, but her face was not so good.

Although I have seen the situation just now, knowing that he was only kind enough to pull Wang Keer.

However, since she has already stood firm, why did he let her lean in his arms?

He even went to pull her hand for a sudden pain.

Siena Liang couldn’t help thinking, he should have seen her, maybe not.

If he hadn’t seen her, he had such a virtue outside.

She knew that they had no feelings, and he wasn’t even a betrayal like this.

But she still feels betrayed, not love, but their marriage.

He should actually have seen her, didn’t he just stop and look in her current direction?

However, if he sees her, he still can’t understand Wang Ke’er and his heart is sore and painful, but the corners of his lips have a slight smile, but the pain has already climbed up to that smile.

“Siena Liang, don’t think too much,” Wu Pianpian felt that her voice was a little pale and weak, but she persuaded her, “Maybe it was Wang Keer’s disgusting woman’s trick?” And here, Wang Kerer sees Lawrence Lu. When he really did it, he felt a bit more forceful to pull his clothes.

This kind of opportunity to lean in his arms is really difficult.

Now, she just nestled in his arms like a bird.

He is tall and strong, with the unique strength of a young man, his heart beating vigorously.

“Bang bang bang”, tapping her eardrums again and again, but there was an invisible sense of security.

Wang Keer felt that she was like a princess properly protected at this time, just wanting to enjoy the sudden prince-like care he brought to her.

Lawrence Lu gritted his teeth, he knew how strong he was, and the other party was a weak woman, and coupled with the relationship between the two families, he couldn’t really do his best.

Annoyed, he said coldly, “Damn it, let it go!” “Lawrence” Wang Ke’er raised a pitiful little face, glanced at the tall man in front of him with a bit of resentment, and then said quietly. Turning his head to the side, looking at Siena Liang not far away, the corners of his mouth curled up with a proud and proud face.

That means, the meaning to be expressed is so obvious, I said he won’t like you anymore, now you can see it clearly, right?

Wu Pianpian looked at Wang Keer, who was under-beaten, and couldn’t wait to rush forward and beat her severely, even daring to embrace Siena’s husband.

But looking at Siena Liang's somewhat pale smile, she didn't know what to do for a while.

"Siena" Siena Liang took a deep look at Lawrence Lu's side, and then said softly: "Let's go, let's go to borrow the book first." Before he lifted his foot, he heard a surprise and exaggeration from the stadium. Yelled "Ah" "That classmate, be careful!"

Chapter 71

The hero saves the United States Flew straight towards Siena Liang at a fast speed!

The person who kicked the ball must have used their full strength for the ball. You can roughly judge from the speed of the ball. If the ball is hit, it will be a very heavy blow!

When Wu Pianpian took a look, her eyes widened in fright, and she screamed, but she didn't move anything, she just watched the ball flew closer and closer.

The speed of the ball was so fast that Siena Liang had no time to react.

If she is right, then the ball will hit her in the face!

She was also frightened, and only stood there blankly.

But here, Lawrence Lu's eyes were deep, and he glanced at Siena Liang who was frightened and stupid. He was angry and anxious about that fool, don't you know to avoid it?

!

He didn't even look at the Wang Keer in front of him, and said angrily: "I told you to let go, are you deaf?!" Now, he couldn't control so much, and pulled

her hand away with both hands. , And then pushed her aside heavily, and walked forward quickly.

Because of the sudden incident, Wang Keer was pushed like this, and this time he really fell to the ground.

The knee was scratched, and the pain caused her to cry. She looked at Lawrence Lu's back in a daze. For a while, she couldn't reflect what he was doing.

The ball is closer!

Siena Liang sighed in her heart and closed her eyes resignedly.

With her eyes closed, she could faintly hear the sound of the wind brought by the speed of the football. She was sure of this shot!

Suddenly, she was pulled around slightly, and then pulled into a somewhat familiar embrace.

She was still a little stunned, and she clearly felt that the person's back seemed to be hit by something, and she shook slightly, driving her head to lean back.

The football bounced on the ground and slowly stopped on the ground.

The people on the court breathed a sigh of relief, and then exaggeratedly whistled and clapped.

Someone had already shouted: "Hero save the beauty!" Siena Liang was still leaning against that person's arms, dumbfounded.

What came from the nose was the familiar smell of cedar and slight smoke.

Siena Liang gently curled her lips, it turned out to be him!

“All right?” Lawrence Lu asked softly, his tone a little worried and uneasy.

“Yeah.” He seemed to be relieved, let go of her, and after a closer look, his face became difficult to look, “Siena Liang, are you stupid? Don’t you know if you get out of the way when you see the ball?” I” “What are you? What are you stupid? Don’t worry about anything else, don’t you even know such a small thing?” Thinking of the situation just now, he couldn’t help being irritable. stuffy.

“” She thought about it, and still whispered embarrassingly, “I was scared just now.” “I think you were stupid?”

Wu Pianpian on the side was surprised to see the original harmonious and beautiful scene of the hero saving the United States, and suddenly changed the style of painting, which felt incredible.

Lawrence Lu, who has been listed by her as the number one male god, could not have imagined such a temperament!

Siena Liang looked around at the eyes looking at them, decided not to fight with him, and blurted out: “Yes, I was stupid. But isn’t you? You are so smart, so come to save me. !” She was taken aback as soon as she said the words!

What’s all this talking about?

How do you feel like your little girlfriend in love is acting like a baby with your beloved boyfriend?

When Lawrence Lu heard this, he seemed to be a little more angry.

She gave her a arrogant look, and curled her lips in disgust, “Don’t think that you are an idiot if you slap me on my @$!” “” On the other side, Li Song, who put away a surprised and admired expression, This helped Wang Keer, who was still on the ground with an unsightly posture, helped him up, “Miss Wang,

it’s cold on the ground, let’s get up first.” It wasn’t until he stood firm that Wang Keer had recovered.

Cold on the ground?

How can it be cold on the ground this day?

She is cold!

She flushed with anger, and pushed Li Song away, “I want you to take care of it! Get out of here!” Why is she wearing such a short skirt today?

When she fell to the ground, everyone should have seen what color underwear she was wearing underneath?

She pays so much attention to appearance and has always shown her in a glamorous image. Today, if she is known by the ladies in the circle of celebrities, would she not laugh out loud?

Looking at the black button pinched in the palm of her hand, when Lawrence Lu just pulled her, she was pulled off without letting go.

He dragged her so vigorously, and he pushed her to the ground without pity and pity. It turned out to be just to block the ball for Siena Liang’s damn poor daughter!

I’m so angry!

Principal Fang couldn’t even care about Wang Keer being thrown at this time, wiped the sweat from his forehead, and ran up quickly.

“Mr. Lu, are you okay?” Lawrence Lu put his hand in his pocket, “It’s okay.” “I said, Classmate Liang, what are you doing here suddenly?” Principal Fang looked at Siena Liang and spoke with a little disapproval.

If she doesn't show up there, then Lawrence Lu will not stop it.

"Principal, I" Siena Liang was said so, and couldn't find words to answer for a while.

What's wrong with her showing up there?

"Principal, don't care about our cleanliness, are you scared without seeing her?" Wu Pianpian became unhappy and protested.

"you"

When Lawrence Lu saw President Fang reprimanding Siena Liang, he was a little unhappy. At this time, he said slowly: "I think this classmate said that is the case. What you want to pursue, President Fang, is not who is here, but who is indiscriminate. Is it about playing football?" Principal Fang nodded with shame, and said, roaring at the playground, "Are you full, don't you know where to kick the ball? I dare to mention it here. Come on, don't you know how to apologize when you kick it?" He actually wanted to say: Who is the one of you guys is not good enough to kick him?

Looking at the static football on the ground, he bent over to pick it up and hugged it in his arms, "All the people who play in the playground today, write 10,000 words to review!" The people on the playground suddenly sent out a large "No" The headmaster" call.

Principal Fang seemed to have explained to Lawrence Lu, and his face looked a little better, "Mr. Lu, where did you not get kicked? Does it matter?" Lawrence Lu shook his head coldly.

"President Lu was really brave just now! If it weren't for you, Mr. Lu," he said, he sighed and looked at Siena Liang, "Classmate Liang, please thank Mr. Lu!" Siena Liang was taken aback and stared. It's huge.

She looked at Lawrence Lu and saw that he was looking at herself with interest.

She thought about it for a while, and still said in a low voice: “Thank you.” Lawrence Lu raised his eyebrows, and a smirk curled up at the corner of his lips, “What are you talking about? I can’t hear you!”

Chapter 72

The white rabbit has entered the wolf’s den, the president, please be in the wolf’s den, “” Siena Liang pursed his lips and stopped talking.

Principal Fang can’t do it, “Classmate Liang, thank you for showing all your sincerity. Your voice is like a mosquito, how can President Lu understand it? Come on, do it again, speak louder!” Look at Lawrence Lu’s lips Siena Liang took a breath and wanted to rush up to give him two punches.

This bast*rd Lawrence Lu is obviously playing tricks on her!

Forget it, just take it as gratitude that he just blocked the ball for her, and you won’t die if you say thank you.

“Thank you!” This time, her voice was much louder, as long as it could be heard at least a hundred meters away.

This time, Lawrence Lu was satisfied and blinked at her, “You’re welcome, this classmate.”

Principal Fang was also satisfied, “That’s right, that’s the way it is.” After saying that, he said to Lawrence Lu with some compliments, “Not to mention Mr. Lu’s agility, he also has a heart of fraternity and great love, such glorious deeds. , Can be included in the glorious history of our school.” Wu Pianpian winked at Siena Liang, both of them were helpless and at the same time found it particularly funny.

Principal Fang is usually an authentic and majestic appearance. Suddenly speaking nice words, it really feels weird and makes people laugh.

Li Song came over, “President, how is it?” He said, and looked at Siena Liang again. “Liang” Siena Liang looked at Li Song and felt bad after hearing the words.

If he called her out naturally, how would she explain it?

When Lawrence Lu heard him call out Siena Liang’s name, he interrupted him immediately, “Principal Fang is serious.” After that, he raised his eyebrows and looked around the playground before he said: “Principal Fang, it seems this The playground should also be well organized.” Li Song paused, wondering why his president would not let him greet Siena Liang.

He frowned and thought for a while, and it suddenly became clear that this kind of golden house hides the sweets, naturally it is better not to say!

Principal Fang was stunned, “What does Mr. Lu mean?” “What happened just now cannot be ignored. If guardrails are added to the side of the playground, then there will be no such situation.” “Principal Fang is a little bit troubled again, and adding a fence requires money!

Lawrence Lu seemed to know what he was thinking, and said lightly: “Don’t worry, I will pay the money!” Principal Fang was overjoyed, he would not refuse such a good thing, “That would be great, Mr. Lu!” Lawrence Lu He didn’t say anything, just moved his shoulder and neck lightly, and gave Li Song a wink, then looked at Siena Liang’s direction.

Li Song was originally a human spirit, and when he received the signal from Lawrence Lu, he naturally guessed that he was not far from it.

He coughed lightly and said with a serious face: “Principal Fang feels good, but my president doesn’t seem very good.” Principal Fang was startled, with a smile on his face, “Assistant Li” said, looking at Lawrence Lu, panicked. “What’s

wrong with Mr. Lu?" "You see that my president is standing stiff. It must have been smashed a while ago," Li Song said more vigorously after receiving Lawrence Lu's approval. Sorri Wanji, the body represents money. I think it's better to observe it. What does Principal Fang think?"

"Yes, Assistant Li is right." Principal Fang nodded, "Blame me for negligence. If Mr. Lu doesn't dislike it, should he go to our school hospital for observation first?" Lawrence Lu didn't care, "Why is it so exaggerated? "Siena Liang also felt that Li Song was exaggerating.

Didn't he think he rolled down the stairs that day?

Today I was just hit by a ball. Where do I need to observe?

"Principal, you talk first, let's go first." Siena Liang nodded towards Principal Fang.

"Eh!" Li Song was anxious, and stopped Siena Liang. He was polite and didn't seem to know her. "This classmate don't rush away." "" "Our president needs to observe, and It's because of you again, shouldn't you accompany you all the time?" Siena Liang glanced at Lawrence Lu on the side, hesitated, and then said, "I? Don't need it?" "I think Assistant Li makes sense. Principal Fang also began to help, "Classmate Liang, you go to accompany Mr. Lu. When the time comes, you need to bring tea, pour water or something, don't you need someone to do it?" "" Siena Liang bitterly opened his mouth. , I never expected that Principal Fang would make such a wonderful request.

"Yeah, yeah," Wu Pianpian felt that it was a pity that she just left like this. It's rare for Siena Liang husband to come to their school, don't you have to get along well?

"Siena, go now!" The school hospital.

Li Song had something to do with the company and had already escaped.

Now, only Lawrence Lu and Siena Liang were left in the room.

And by coincidence, it happened to be the same room she had stayed in last time with diarrhea.

Only this time, the person wading on the hospital bed was replaced by Lawrence Lu, and she became the person standing in the room doing nothing.

Lawrence Lu sat on the bed crookedly, playing with his mobile phone.

Not long afterwards, there was a “ding” sound, prompting a text message.

He clicked on the boring one and saw that it was the president sent by Li Song. I did a good job this time, right?

After thinking about it, he curled his lips and started typing.

Now he looked at Siena Liang, who was not standing or sitting in the room, and he felt very comfortable.

So, can the president consider giving this month’s salary to the younger one as scheduled?

Lawrence Lu thought that when Siena Liang asked him to borrow the computer two days ago, he had said that his salary had been deducted.

I allowed it!

Go away, what should you do!

Li Song, who received the information, was happy in his heart. If it sounds good, he also came to praise the President!

Now the little white rabbit has entered the wolf’s den, the president of the wolf, oh, the president, please incarnate the big devil n times a night, 5!

Lawrence Lu looked at the text message and let out a chuckle.

Glancing at the cute little white rabbit, oh no, it was Siena Liang, and shook his head again!

You can't do it!

Looking at Lawrence Lu, who frowned and laughed after sending text messages for a while, Siena Liang hesitated. "That Lawrence Lu" had returned to his serious expression. He raised his eyebrows and said, "What are you doing!" She sat on the bench in front of the bed, "Should you be okay?" "Do you wish I had?" He clicked on the recently obsessed National Airplane War, and started playing.

Listening to the sound of the game on the phone, Siena Liang was a little speechless, "If this is the case, can you go back?" He was starting to break through the first level of the monster level, "What are you going back to do? It's good here." He naturally doesn't treat the place, and he is good.

The reason why Li Song said that he needed to observe was just to find a separate place to amuse her.

Hey, it's really cool to watch her speechless sometimes!

"" Siena Liang looked at his phone case, "Where is this good? Go back, I have to go to class."

Chapter 73

"Now I know that I'm going to class? Why didn't you think that you were a student when you went to part-time job, and that going to part-time job would delay the class?" "Is that two different things, okay? I went to part-time job when I had no class, but I did this afternoon Class!" "Do you have a class?" He had already reached the fifth floor, and continued without raising his head, and said with all his heart, "What's up with me? I have no class!" Siena Liang

was speechless. “Then if you are here alone, I go to class?” “No!” “” “Did you hear what Principal Fang said just now? I need someone to serve tea and pour water, who should I go to?” , He coldly snorted, “Siena Liang, you are getting fatter and fatter now. If you disobey me, don’t even dare to listen to the principal’s words?” “That” she remembered just outside the playground. Seeing it, holding back the soreness in my heart, “Let Wang Keer come then?” “Do you still know Kerr?”

Siena Liang had a meal, and some unpleasant thoughts, he really knew Wang Keer and shouted so kindly.

On the other hand, when he called to himself, when did he not call her by her first name?

She thought, and replied dullly, “She used to share a dormitory with me.” “Oh.” He was a little surprised, “Unexpectedly, Ke’er would still live in school.” “She rarely lives in the dormitory, and only comes here occasionally. “Lawrence Lu nodded, “Let me just say, how can she be used to living with a lady like her, no one is waiting for her.” Siena Liang bit her lip, hesitated for a while, and then cautiously asked in a low voice: “You Are you familiar with her?” “What?” He was focusing on the game and didn’t quite understand.

“Wang Keer, didn’t you hug you just now?” “Damn it!” The tenth level failed again!

He threw the phone on the bed with some annoyance, recalled what she had just said, suddenly curled up the corners of his lips, looked interested, said “you look”, he leaned over a little, and watched carefully up and down. Her face, “Don’t tell the young master that you are jealous!” Siena Liang was embarrassed for a while, but his face flushed, “I, I didn’t!” “No?” He didn’t believe it, “The tone just now Who is sour and blushing now?” “Hahaha!” In order to conceal her abnormality, she exaggeratedly laughed a few times, “Who has a sour tone? Don’t think I don’t have a mirror and you just do it. Come bluff me! Even if I really blush, it’s just that you suddenly came over and was scared, okay?” “Humph!” Lawrence Lu looked like an idiot, “Little master’s

handsome face will scare you? It's almost the same if I'm fascinated!" He is very confident about his looks!

"Lawrence Lu, has anyone told you before?" "What?" He leaned back on the bed, embracing his arms, leisurely and arrogant.

"You are very narcissistic!" Lawrence Lu glared at her, but he was not angry. Instead, he opened his mouth with a grin, "Narcissism? You have to have the capital. Besides, narcissism is better than duplicity. Right?" "" He propped up the bed with both hands, and sat a little bit, a handsome face leaned toward her, and stopped at about 20 centimeters. He looked at her seriously for a while, only to see her Can't help leaning back.

"Huh!" He sighed at her mischievously, with a sly lips, "Siena Liang, admit it, you're jealous!"

As soon as his words were uttered, Siena Liang even stopped leaning backwards.

With a "boom" in his head, his face changed a little.

Looking at him with big eyes, chewing carefully in your heart what he just said, you are jealous!

Is she jealous?

What is his relationship with her, why should she be jealous?

What is so jealous about her?

But, just now, watching Wang Ke'er leaning against his arms, she really felt that she was like she was naughty when she was a child to steal immature green oranges, sour, astringent, and bitter. Is that feeling jealous?

Wouldn't it be too strange if that feeling was called jealous?

This feeling has never appeared in Robert Zhao before.

And, how long has she been with him, she is jealous?

What the hell is this?

She was stunned for a long time before she recovered from the daze.

Obviously he felt that he was talking nonsense, but there was still a kind of embarrassment and embarrassment of being spied on.

She stood up in a panic, “Who is jealous! Are you not so narcissistic and uncomfortable? How could I be jealous because of you? I don’t like you!” Then, she pushed him hard, “Don’t do it yourself. Passionate!” Lawrence Lu was startled by the loud words she had just said, and never expected that she would push him!

Moreover, this time was extremely heavy, he was sitting in the middle of the narrow and small hospital bed “Eh eh eh eh” He was unstable, waving his hands in a panic, trying to grab something.

However, President Lu was unlucky this time. What he caught was only the original thin and light quilt, so he took the quilt together and fell to the ground one after another. There was a dull sound on the floor that was not very clean. “Boom” Siena Liang was startled, looked at her hand in disbelief, and looked at Lawrence Lu who was separated by a bed from her in horror.

Uh, the grumpy little lion should be on fire again this time!

Lawrence Lu was stunned for only a second, then he sat up with the quilt.

He just fell straight to the ground, and now he feels his whole body is not good, his back hurts!

He beat the floor with angrily, “Damn!” The look in Siena Liang’s eyes was about to burst into flames, he grinned his teeth, “Siena Liang!” Siena Liang was roared by his lion. Shocked, his thin body shuddered, shrank his head, and smiled, “Sorry, I didn’t mean it!”

“Don’t you dare to say something that didn’t mean to try! The little master beat you to death!” As he said, he stretched his right hand over with a gloomy handsome face, “Pull me up!” Siena Liang brows and looks at His face shook his head subconsciously.

She went to pull him, and he might really beat her.

If she runs away now, maybe there is still such a chance!

After thinking about it, she began to back away slowly.

“Come here,” he gritted his teeth and tried his best to ease his tone, “rest assured, I won’t hit you.” Siena Liang’s head shook like a rattle, “you should get up by yourself!” After speaking, he turned to escape. Rushed out of the room at a speed like that.

If you don’t run at this time, when will you stay?

Lawrence Lu’s annoyed voice came from behind him, “Damn it, I won’t kill you!”

Chapter 74

He came to class before he died and said that after getting up, Lawrence Lu was so angry that he tore off the quilt that was wrapped around him, and threw it on the ground vigorously.

I still didn’t feel relieved in this way, and I stepped on my feet vigorously with angrily, and then took a deep breath, feeling a little more comfortable in my heart.

After moving his back pained by the fall, he smiled darkly, took his cellphone from the bed, and found the address book “Principal Fang” “Siena, aren’t you at the school hospital to accompany your husband? Why are you here?” Wu Pian Pian looked suspiciously at Siena Liang who appeared next to her, “Did your husband go?” Siena Liang didn’t dare to say that he had provoke Lawrence Lu’s ancestor again, so she nodded with a dry smile, “Well, he again Nothing, the company is so busy, so I left!” “Oh oh!” Wu Pianpian nodded, and then yelled in a low voice with an envy look on his face, “Although I don’t know how Lawrence Lu was so proud of Wang Keer. Jiao’s disgusting women appeared together, but just at the act he just protected you, it can completely offset my dissatisfaction with him. Hey, it’s so handsome.” She said, she said directly. Holding Siena Liang in his arms, following the way of Lawrence Lu, he deliberately lowered his voice and said coarsely, “My dear wife, husband, I’m here to protect you. Are you happy?” “”Siena felt cold and pushed Wu Pianpian away, “You forgot to take medicine when you went out today, Pianpian?”

“Huh!” Wu Pianpian snorted badly, “So you just don’t understand romance and moving, right? If I were you, I would be happy to blossom in my heart. Peat, you said I didn’t eat Medicine, you didn’t take medicine?” “” “At this time, you should stick to Lawrence Lu tightly. I tell you that, with your beauty and wisdom, it will be a matter of time before you get him. Never give it. That little b!tch Wang Keer grabbed the opportunity!” “” “Siena Liang, are you very happy today?” Wang Keer has changed his clothes, standing at their desks, looking towards Siena Liang’s eyes almost flew out of his eyes.

This class is a small drawing class, and the whole class is in a small classroom.

There were almost thirty people in the class, and when Wang Keer spoke, they all looked at Siena Liang.

Many of them saw the scene where Lawrence Lu blocked the ball for her just now, and all of a sudden there was a good look in his eyes.

Seeing everyone's different eyes and thinking about Wang Kerer leaning in Lawrence Lu's arms shamelessly, Siena Liang couldn't give a good expression.

She twitched the corners of her lips calmly, "The weather is good today, and I'm in a good mood." Wang Keer sneered coldly, "You pretend to be stupid? Do you think you are particularly capable? I'll tell you." At this time, a burly and sturdy man came in, scanned the situation in the classroom, and yelled: "Did you not hear the class bell? Go back to your seat!" Wang Keer glared at Siena Liang. With a sigh of relief, he took a seat and sat down.

The dean of the department walked to the podium and said lightly: "Today's class, we will draw mannequins." After that, she paused, and said in a more subtle way, "Although we have drawn human models before, we will do a little bit today. A little change this time, the model doesn't wear clothes." When she finished speaking, there was an uproar below.

"Of course, you can also choose to leave, but I first declare that this class is included in the examination review." "" Most of the students who study the design are girls.

Some of the faces were a little excited, and some of the girls had thinner faces, and whispered: "We are learning fashion design. Why do we have to draw nude models?"

"The clothes you design are not for others? If you are lucky enough to become a fashion designer in the future, or you can show it on stage, which one will not face the nude model?" The department head looked unhappy, "I said , If you don't want to, you can go out. But I still have to say that to become a qualified designer, you must master the spiritual temperament of the human body, and you must be able to see at a glance what type and material of clothes he suits. The most important thing is , You must also have courage." "" At this time, no one spoke.

Wu Pianpian has always been a timid master, a class with a devil, and a small classroom. She didn't dare to speak, so she had to use the four-paper brush

for drafting to write a few words, and then secretly stuffed it into Siena Liang. I am so innocent!

Siena Liang smiled, and wrote a few words back to her.

The old lady is still the yellow flower girl now, and she doesn't even know where my future husband is, but now she is going to succumb to the perverted silver power of the devil head, depending on the birds of other men!

I don't want to watch it either!

At least you are not wronged?

You are someone with a husband, can't we compare it?

Your first bird watching experience was given to your husband. Thanks to me, I saw a stranger, a student, a man, and a person!

Siena Liang was speechless.

She actually wanted to say that she was so drunk that she didn't even look at her husband at all, OK?

Otherwise?

Do you want to go out?

Do I have to fail this exam?

Hey, forget it, just watch it. At most, my future husband will suffer.

Class is officially started.

The male model took off his tight clothes and sat on the bench on the podium without a desk as required by the department head, and performed a classic David movement.

The boys in the class felt a little embarrassed at first, after all, the girls present were shy and could not help feeling a little excited.

Wu Pianpian stared blankly at the naked male model, with a small mouth open enough to fit an egg.

After a long time, she blushed and wrote on the paper and handed it to Siena Liang, the male model who is really in good shape, with the abdominal muscles.

However, don't they all say that what a man is?

Why does his look so small and soft?

Well, can you not ask such a boring and vulgar question?

I want to draw a picture.

After a while, Siena Liang sitting in front of the drawing board looked at the low-quality portraits on the drawing paper, and then at the male model who could only see one head because the drawing board was obscured, and blushed and sighed infinitely: she was staying in school well. The hospital is there, why do you want to come to class?

It's not bad now, it depends on such a male model, she really can't draw anything, okay?

Well, painting can be drawn, but what are all drawn?

In this painting, the head of the male model is painted, but the body is of another person!

She doesn’t know what’s wrong. Looking at this male model, she can’t help but think of the scene of seeing Lawrence Lu taking a shower in Luzhai.

Chapter 75

Isn’t his figure good enough? On June afternoon, the sun was very strong.

Principal Fang was sitting in his office, enjoying the air-conditioning to his heart’s content, but he didn’t know that he would suddenly receive a call from Lawrence Lu, the God of Wealth!

This is not the case. The air conditioner can’t be blown, don’t say, you have to nod and bow to accompany him to “inspect” around the campus under the big sun!

He is really miserable!

You said that President Lu has a peculiar muscle and bones, and he is not afraid of wind, rain, sun and rain.

But he is different. Even if he is fat, he is puffy, and he is still a twilight old guy who is about to reach 60!

Now, he not only has to endure the sun’s poisonous exposure, but also always fears that he accidentally said something wrong and offends the god of wealth.

Hey!

Sinister!

Lawrence Lu, who went to the library for a cutscene, simply said two words “very good!” Principal Fang smiled and nodded, suggesting: “Mr. Lu, the sun is so big, you have been walking for so long, or else go first Sitting in my office?” Lawrence Lu endured the heat and sweat on his back, smiled slightly, and

nodded, “Yes.” Principal Fang was overjoyed, leading Lawrence Lu in his heart, and his steps began to lighten up.

However, it took less than a minute to walk, and Lawrence Lu stopped again, “President Fang, I heard that your school’s design department is very famous, and there are many talents. Lu is planning to enter the clothing business. Why don’t we go there? , See if there are suitable talents?” Principal Fang was taken aback, the joy in his heart instantly disappeared, his eyes widened, “Huh?” “Let’s go!” Finally came to the teaching building of the Department of Design. He breathed a sigh of relief.

Today, he has given up an old life to accompany the gentleman!

“It seems that classmate Liang is from the design department today?” Principal Fang panted, “Yes.” “Which class is she in?” At this time, Principal Fang was sweating and out of breath. Yes, there is no energy at all to manage why Lawrence Lu suddenly mentioned Siena Liang.

“Class one.” Principal Fang pointed to a blackboard at the top of the stairs, and said, “Because of the difference between drawing and culture classes, I don’t know where they are taking classes, but there are schedules and classroom arrangements for each class. “Lawrence Lu nodded, stepped forward, looked at it, and then walked back, “Go to the fourth floor.” Principal Fang looked at the stairs and the height of the fourth floor. He closed his eyes and smiled bitterly. Waking in my heart is really going to kill him!

“Okay, please, Mr. Lu first!” When he came to the painting room where Siena Liang was in class, Lawrence Lu stood with his back straight by the window in the corridor, looking inward through the glass.

After a cursory glance, he found Siena Liang sitting at the front of the studio.

He raised the corner of his mouth badly, Siena Liang, it’s worthwhile, young master, I’m looking for it against the big sun, now you don’t want to kneel down and admit your mistakes!

With a glance, he suddenly noticed the stiff man sitting on the podium stool!

Lawrence Lu's eyes suddenly went wide, then he narrowed his eyes again and began to gritted his teeth.

Damn, what did she learn all day in class?

No wonder I was so impatient to come to class just now!

Turns out to see naked men!

Want to see naked men?

Say it!

Isn't his figure good enough?

Humph!

Now, it's time for him to take action!

Principal Fang followed up to the fourth floor, hot and tired, panting like a cow.

It finally stopped. Before he could catch his breath, the uncle Lawrence Lu raised his foot and walked to the studio again!

any idea?

He had to keep up!

"Mr. Lu" Because of the hot weather, the air conditioner was turned on in the classroom, so the door was closed.

Lawrence Lu unscrewed the doorknob and pushed open the classroom door as the head of the classroom was sitting while carefully looking at the nails made only yesterday. He was startled by the sudden movement.

“Don’t you have enough food? Go out!” As she said, she raised her head angrily, “Uh” isn’t this person Lu’s president?

He was followed by the principal!

Lawrence Lu’s face turned dark, he squinted at the department head, then looked at Siena Liang and gave her a fierce look.

Siena Liang looked at Lawrence Lu who suddenly appeared, and couldn’t help being surprised. She didn’t expect him to appear here.

After the surprise, he was full of panic, and his phrase “Damn it, I can’t kill you” again in his mind.

He’s not really here to fix her, right?

“Lawrence!” Wang Keer didn’t expect to see Lawrence Lu, stood up in surprise, and greeted enthusiastically.

For her enthusiasm, Lawrence Lu just nodded lightly.

“Principal, you are” The head of the department is already thirty-three, and she has a high degree of education and looks good, her vision is not low.

Over the years, she has been left so ruthlessly.

But the leftover girl still has a heart that refuses to admit defeat.

Over the years, she has memorized various celebrity elites in the city, the diamond king, and naturally she also knows Lawrence Lu.

And behind him was the principal. What did they do when they came to her class?

“Oh!” Principal Fang coughed, and was a little okay, “Well, Lu always said that he would come to the design department to find some talents.” Lawrence Lu listened, nodded lightly, and moved away calmly. , Which just blocked Siena Liang’s sight of the male model.

As soon as Principal Fang’s words were uttered, the students below all showed unbelievable expressions mixed with surprises.

If you can work for Lu’s, not to mention salary, just the title of Lu’s employee will make people feel very proud.

Immediately, he said indifferently and indifferently: “Hello, I hope it didn’t disturb you.” The dean was a little flattered, knowing that the outside world’s evaluation of Lawrence Lu is indifferent and difficult to get along with.

Unexpectedly, although he is not very enthusiastic, he is so polite.

The handsome, rich and polite man like a god thinks about this, she waved her hand again and again, “No!” Then, she tried to ask, “I don’t know what kind of person Lu always wants to find. What?” Lawrence Lu smiled, scanned the students in the classroom, and finally glanced at Siena Liang who was stunned there, and said extremely tuggingly: “It looks pleasing to the eye.” “” The department head was stunned.

When the students heard that, except for Siena Liang, everyone else, especially the girls, began to trim their clothes and hair slightly, trying to show their perfect side.

“Lawrence, what do you think of me?” Wang Keer stood up with great confidence, then pulled off the drawing she just drew, walked forward, and began to recommend herself, “I just painted this.” Lawrence Lu carefully. Glancing at the drawing, nodded seriously and surely, “Not bad!”

Chapter 76

Is he crazy, Wang Ke'er is happy , "That" "Uncle Wang's daughter, I dare not want you as a great god." Lawrence Lu smiled softly, and answered that he was not a sinner, but he also explicitly rejected her.

"It's okay, my father won't say anything." "Ke, you want to work in Uncle Wang's company. What is it like to come to me?" Lawrence Lu ignored her, raised his eyebrows, and walked forward. Two steps, stand still in front of Siena Liang's drawing board.

Siena Liang looked at the tall man who was close at hand with an unknown premonition in her heart.

Lawrence Lu lowered his head, looked at her painting, twitched the corners of his mouth, and slowly said, "This classmate is more in my eyes." Upon hearing this, the other classmates showed envy and jealous eyes, and they all looked dumbfounded. Siena Liang of the wooden chicken.

When the dean heard this, he followed, "Siena Liang is an excellent student in our class, she has excellent academic performance, look at her paintings", the dean pointed to the drawing board, "this" "Don't!" Siena Liang said too late. At that time, he flew up and blocked the drawing paper with his body.

Lawrence Lu squinted her eyes, guessing that she must have painted something shameful.

She doesn't want him to watch?

Humph!

He wants to see it!

He stretched out his hand, stroked it on the top of her head, and then applied slightly.

Siena Liang worked secretly, trying to stabilize her current posture.

But in less than ten seconds, she was ruthless by the Popeye Lawrence Lu who ate spinach.

As a result, the content of the painting was completely presented on the drawing paper in front of everyone, and the male model wore a pineapple head, his eyes were very resentful.

The important thing is that Siena Liang, who is both excellent in character and learning, only drew the male model's upper body, not to mention, even the body shape is different!

The male model is a strong and muscular macho. The figure on this picture is strong, but the appearance is thin. At first glance, it is not a male model!

Siena Liang blushed and smiled, wishing to find a hole in the ground.

The head of the department changed his face slightly, "Mr. Lu, this"

Principal Fang finally got mad enough, and walked over a few steps, "What's the matter?" When he saw the things on the drawing paper clearly, he didn't know why he was not interested in painting and the like. "No. Is it good?" Wang Keer was originally angry because he had to redraw the draft again. Seeing Lawrence Lu said that Siena Liang was the person he was looking for, he was anxious and angry. At this time, he ran up and took a look. Zhui smiled mockingly: "Lawrence, people who can't even paint a good draft are not suitable for Lu's." Lawrence Lu saw that the figure in the painting looked somewhat like his own.

The red-faced Siena Liang squinted, and shook his head, "I think it's good. It's the kind of thinking that needs to be able to draw a person into another person and design." "" As soon as his words came out, everyone I was stunned.

The realm of thought of this rich man is extraordinary!

Wang Keer could not understand Siena Liang who is more beautiful than her and better than her. Now she is even more unconvinced, “Lawrence, where is this thinking of escape? It is clear that she can’t draw anything. That’s right!” Lawrence Lu curled his lips and looked at Siena Liang, “Really?” Siena Liang blushed and didn’t know how to answer.

If the answer is yes, it means that she really doesn’t have a few catties, and the credits for this class are considered to be a waste.

If the answer is no, isn’t this sketch the best answer?

Wu Pianpian stopped doing it and stood up and said, “Siena Liang is not a scribble! Didn’t you hear that Mr. Lu and Lu said that the state of mind is different?” “Don’t think” Principal Fang saw how many people competed. They were about to fight. In order to prevent Lawrence Lu from seeing the farce, he hurriedly came out and said, “Be quiet!” The principal spoke, and the studio was really quiet for a while.

Wang Keer took possession of her family’s property. She could bear it, but she couldn’t help it, “Principal!” Principal Fang waved her hand, indicating that she was safe and not irritable, “What’s the point of controversy? Although classmate Liang has always been excellent, But you have different opinions. It’s not easy. Let Classmate Liang draw another picture? “What a simple thing!”

When Lawrence Lu heard this, he nodded and said, “This is a good method.” The male model over there is no longer doing it, “I’ll just stay for one class! This is about to end. If you want to redraw, you have to add money. !” The head of the department looked unhappy, but he couldn’t take care of the male model on that end. He had to step back and suggested: “Or, Mr. Lu, would you pick a few more?”

Lawrence Lu stretched out his index finger and shook it twice, “Since he doesn’t want to, how about I come?” “” Everyone present took a breath.

Lawrence Lu, a favorite of heaven, volunteered to be a model?

And it's a naked model?

God!

Did they hear me right?

The other girls looked at Siena Liang with all kinds of weird eyes, thinking that Lawrence Lu was not after him, and at the same time thinking that Siena Liang was so good about her, why did Lawrence Lu condescend to condescend.

Siena Liang's eyes widened, and he kept roaring in his heart: Is he crazy?

Wang Ke'er exclaimed: "Lawrence, are you crazy!" As he said, he gave Siena Liang a vicious look.

Principal Fang wiped the cold sweat from his forehead and slapped, "Mr. Lu, this is serious, uh," he said, he glanced at Lawrence Lu, "If you really like the talent of Classmate Liang, it can be regarded as our school. It's an honor for you to be a nude model." Lawrence Lu smiled, "Principal Fang is too worried, there is no nude model, just a simple portrait. I didn't say that, if you want to convince the crowd, you have to paint again. One picture. I don't want me to look away, don't you?" "This" Principal Fang just wanted to palm his mouth. What was he just suggesting?

Isn't it enough to just shut them up?

Why do you have to make Siena Liang paint another one?

Isn't he dying?

But, is it necessary for President Lu to be so serious?

“I” Siena Liang recovered and shook his head, “I don’t want to paint.” Lawrence Lu smiled meaningfully, but does that smile mean by you?

“There are a lot of people here, which may affect the mood of this classmate when he paints,” Lawrence Lu smiled at Principal Fang and asked politely, “I wonder if Principal Fang can easily borrow a quiet place?” “President Lu, or else, let me come. To be the model of Classmate Liang?” President Fang was willing to go out for the library.

“No need.” As he said, Lawrence Lu nodded towards Siena Liang, “This classmate, please.”

Chapter 77

how could he not move back to a city where Shayne Liang sat in the living room, smoking one after another, and the expression on his face was not good.

“Old Liang, what are you doing smoking so much, be careful of your body!” Beatrice persuaded, winking at Warnia who had just arrived home, and motioned her to persuade her.

“Dad, don’t be angry. Isn’t it just a broken piece of land?” Warnia didn’t care. “Next time we will buy a better and bigger one.” Shayne Liang said angrily: “What do you know!” “Hey!” Beatrice patted Shayne Liang’s arm, “Don’t worry about getting angry. It’s all because of Siena Liang’s little hooves!” “Mom?” Warnia didn’t know why, “What about Siena Liang?” “Huh! Do you know why your father and Robert didn’t take that piece of land this time? Your father’s people have inquired about it, saying that it was the little hooves who stayed in Old Wu’s room for a long time and came out After that, the land became Lu’s.” “Ah? You mean, Siena Liang went to accompany Mr. Wu?” “Isn’t it?” Beatrice was annoyed. It’s a jerk. Now it’s shameless to this point! Last time I offended President Li, and this time I robbed us of that piece of land, she just didn’t want to see us!” Shayne Liang was upset by the words and shouted: “Enough said Is it right?” Beatrice hummed angrily: “It was originally!” Upon

seeing this, Warnia hurriedly comforted Shayne Liang, “Dad, you calm down” “I calm down? If it wasn’t for your mother and daughter to squeeze up and clear up Just go out, how can there be such things now?” Shayne Liang threw out the lighter in his hand angrily, “Forget it, now that these will not help. I was thinking about taking the land and reselling it. Earn a mid-price difference. I don’t know if I can’t get it now, and there’s something wrong with the company’s capital chain. President Li is also there!” “What happened to President Li?” Warnia frowned, “Last time Siena Liang Hasn’t the missed appointment been settled?” Beatrice said fiercely, “What are you going to do? Your father wants a loan this time, President Li shook his face and said that if he wants a loan, Siena Liang must be sent there. “This” Shayne Liang sighed, “Warnia, Robert hasn’t been seen in these two days. If you contact him, we have to discuss it carefully. You don’t know, the shareholders of the company have made trouble because of the money. It’s a ball.” Warnia nodded, “Don’t worry, Dad, I will let Robert find a way.” “Lawrence Lu, what are you going to do?”

Seeing Lawrence Lu walking over after closing the door, Siena Liang frowned and looked puzzled.

He really wanted a classroom, and he called for her to paint.

Now, there were only the two of them here, and she couldn’t stand it anymore, and pressed her anger to question.

“What am I doing?” He raised his eyebrows and raised a smirk. “Didn’t you give you a satisfactory picture?” “” She took a breath, “Do you know what you are doing? What would the teacher and classmates think of me?” He shrugged, his face was irrelevant, “I can’t control what they think of you.” With a snap, she threw the pencil on the side table.” You” “What am I?” He embraced his arms in a lazy posture, “I didn’t say you are my wife.” As soon as he said that, her face started to flush and her heart skipped a second. .

She suppressed the little excitement in her heart, looked out of the window worriedly, and said helplessly: “You go back, I can’t go to class at all like you.”

“Then don’t go!” You” she gritted her teeth, “Did you come and target me because I pushed you just now?” She didn’t believe that he was really here to dig out talents.

For people like him, what kind of talents can’t be found, and they have to work by themselves?

“Oh?” Lawrence Lu seemed to be interested, squinting at her, “So you know that you just pushed me?” “She knew that Lawrence Lu was pushed to the ground by her, how could he not move because of hatred and hatred? Back to a city?

“I can’t speak anymore?” He moved his shoulders, “My little master, my whole body hurts now!” He smiled and looked at her, “Why do you give me a slap on my shoulder or something?” “Impossible!” Lawrence Lu didn’t get angry, spreading his hands, “Then I might not leave for a while, this body hurts!” “She looked speechlessly at the sky.

He hurts all over, why did he come to her class to make trouble?

If the school hospital gets here, you have to walk for 20 minutes, right?

Seeing that she didn’t move, he said lightly: “What are you doing in a daze, let’s paint!” Paint him?

Remembering the consequences of her painting him in the study that day, forget it, let’s pick the simple one!

Siena Liang weighed it up in her heart, and then tried to ask: “Well, if I beat you up, you will really go?”

He yelled impatiently: “What is it? Hurry up!” Well, as long as you can send this great god away, just rub it!

In the not-so-small classroom, he was tall and handsome, sitting in a chair, and she was standing behind him, and she kneaded his back according to his request.

In fact, it is a relatively harmonious and beautiful picture, but from time to time there will be a few male dissatisfied mutters, “Be heavier, did you not eat today, Siena Liang?” “Come on, do you have enemies with me? You want to beat me to death?” “Hey, here and here” About half an hour later.

Siena Liang was sweaty, hot and tired, her face flushed.

“All right?” Siena Liang rubbed her sore wrist, “Now you can go back?” Lawrence Lu stood up, looked refreshingly at the sweaty Siena Liang, and squinted his eyes. “Go back? Where are you going back?” “You” Siena Liang pointed outside, “Go home!” “Which home is this point?” “Then back to the company? How busy are you all day!” He looked down at the time , Frowned, “At this point, I should go back to the company. It’s time to get off work.” “So what?” Siena Liang’s patience is almost exhausted, “Lawrence Lu, you just promised me!” “What did I promise you? “I’ll beat my shoulders, and you’ll go back, you promised me! Do you remember?” Hearing this, he really thought about it, and in a flash he laughed like a rascal.” Did I promise you? I obviously didn’t promise anything, did I?” “You” Siena Liang was completely speechless.

Thinking about it carefully, he did not promise to go back just now!

Blame her, so naive!

He curled his lips and smiled triumphantly, “Come on, classmate Liang, start drawing!”

Chapter 78

Isn’t He Going to Do Something Bad? “Do you really want to paint?” Siena Liang wore a small face.

“Huh huh!” He nodded, “Did you not hear what your Principal Fang said just now?” “Lawrence Lu, don’t you need to be so serious? Principal Fang just said it too, you don’t need to do that at all!”

“How can I do it then?” He looked at her embarrassedly, “I’ve always been a serious person, understand?” “…” Seeing her still standing there, he raised his face in discomfort, “Quickly Point, do you want to go back and cook later?” This is the end, there is no other way!

Siena Liang set up the drawing board unwillingly and raised her head, “How to draw…ah! What are you doing?” Her eyes widened exaggeratedly, and her mood at this time can only be described as horror!

He…Lawrence Lu, he…why did he take off his jacket so well, and… “It’s so hot, do you want to heat me to death if you don’t take off your clothes?” “Then…what are you doing when you unbutton your shirt?” You can see the chest!

He was standing two steps in front of her, and the smell on him was clearly audible.

It was precisely because of such a close distance that she became more flustered.

Siena Liang looked around nervously, the doors and windows were closed properly, he… wouldn’t it be something bad?

Thinking of this, she hugged her chest in a panic, and squatted and said: “I… I tell you… Lu… Lawrence Lu… Don’t… fool around…” His unbuttoning action stopped. , As if I heard some funny joke.

He looked up at her and hummed mockingly: “I’m just unbuttoning a button, what are you doing so fuss about?” He continued, with a cool tone, “Isn’t it comfortable to see that male model just now? You are now This expression is really not cute!” She replied blankly, “Well…what’s the same, he’s a model!”

“Just now,” he sighed at her with infinite cynical tone, “all saw What’s the matter?” “…what?” “Male model, tell me, what did you watch?” He was smiling obviously, but it made people feel that there was a anger in that smile.

“Uh…” What would she say?

“I just hurriedly said that I was coming to class, but I just came to see a naked man?” He lifted the corner of his lips coldly, “Do you like it so much?” After that, he gritted his teeth a bit.

What kind of broken schools are these!

Is it necessary to learn a design to look at other men’s bodies?

His Lawrence Lu’s wife is going to see the picture with such spicy eyes!

call!

Annoyed him!

“He… he’s just a model…” “Really?” He glanced at her.

Model?

Last time she said in Luzhai that he was not as good as a male model, but he always remembered it!

“When… of course!” “Wow!” There was only a slight noise, and a small object slipped down, bouncing and tumbling on the ground.

That—the button on his shirt.

Lawrence Lu grabbed one side of the shirt, tilted his head, and blinked at her, “Then tell me, who is in good shape with the male model just now?” Siena

Liang was dumbfounded, looking at his strong chest, heart When I jumped, my face turned red too.

“Uh…” What did he ask?

“That…” He touched his chin and showed her a bright smile. “Talk about it, huh?” After that, he added, “Think clearly before answering!” Siena Liang was stunned. Want to cry.

Lawrence Lu, did he take the wrong medicine today?

Glancing again at his undulating chest and the proud eight-pack abs in his lower abdomen… It’s over, she feels that her nose is so hot.

“I want to ask you something!” He tapped the desk, reminding her to answer quickly.

“Lawrence Lu, can you not be so naive and boring, okay?” Siena Liang didn’t want to quarrel with him, aside from seeing him, and patiently said, “He is just a model, how can he compare to you? You? ……” “You are my legal husband”, she still didn’t say the sentence after all, just blushing, and irritated by herself.

“What am I?” He raised an eyebrow.

“It’s nothing,” she shook her head, “Let’s start painting.” It seems that today’s painting is really endless without painting.

Seeing her flushed face and helpless look, he cocked his lips somewhat proudly.

In fact, he also feels that he is boring enough, but what to do? He feels that as long as he can make her like this, make her speechless, and see her speechless, he feels very comfortable in his heart and feels very good!

Siena Liang resignedly sat in front of the drawing board brought by her, and glanced at Lawrence Lu, who was not buttoned a little far away.

She swallowed her saliva, and then said with some difficulty: “Um…can you…dress your clothes?” Does this really disturb her?

Lawrence Lu didn’t care, “No!” “You…”

“Cool!” As he said, he glanced at her meaningfully, “Isn’t this also making you paint better? Tsk tsk, Siena Liang, on the drawing paper just now, except for the head, the body is actually the young master of the painting. Mine?” “…” The air conditioner in the classroom had just been turned on, and it was indeed a little hot.

But… “I…I didn’t!” Lawrence Lu snorted, “Then why is there a mole on the heart of the painted body? Still in the same position as mine? I did it and refused to admit it. I look down on you!” She decided not to pay attention to him anymore, thinking of nothing else in her heart, and just treating him as a model she invited.

But… She held the pen and faced the man in front of her. She really didn’t know how to write!

Last time in his study, she drew him like a play.

But this time, facing him who unbuttoned his shirt, why couldn’t she draw it?

“Hey, what are you doing in a daze?” Lawrence Lu sat leisurely on the table in front, stepping on the stool with one foot, dangling his leg leisurely, and pointed at the drawing board, “Draw!” said After that, I took a cigarette out of my pocket, lit it, and started smoking it in small mouthfuls.

He took a sip, raised his head slightly, and then raised his water chestnut lips gently, spitting smoke rings into the air.

This is the first time Siena Liang has seen people vomiting smoke rings of this shape.

The small and exquisite round white smoke ring rose in the air in an extremely cute posture, gently curled up, but moved forward in a playful manner, and then slowly became lighter and smaller until it disappeared.

He was facing her, and because of his posture at this time, she could see clearly the extent of his slight rolling of the Adam's apple.

From the day she woke up in the hotel, she knew that his profile was too perfect, but there was no such leisure to look at.

And now, he was close at hand… She didn't find him annoying, looking at him being chic and reckless, with a little cynical look. Instead, she felt that Lawrence Lu at this time was extremely s3xy.

Chapter 79

Hearing the movement, Lawrence Lu turned his head and squinted at her, "Don't paint yet?" Siena Liang lowered his head with some guilty conscience, "I…" "Or you think you don't need to move your hands when looking at me." Has it been drawn?" With a "boom", her little face started to red involuntarily.

But she didn't want to be thought that she was really peeping at him, and bit her neck in denial, "Who…who said I was watching you?" Then, to emphasize that she was not watching him, she went on to say, "You less Stinky, I…I'm just thinking about how to paint…" "Humph!" He snorted, spit out the smoke from his mouth, and moved closer, "Then how did I hear you swallowing? The voice?" Siena Liang's face changed, "Then…that's because…because…" Because of what?

She can't think of anything to say!

Anxious to death her!

“Because,” he drew a clear smile and blinked at her, “You are fascinated by the beauty of my universe!” “…” “Can’t tell?” At this moment, he put away The smile on his face made his face straightened, “Although I am handsome and handsome, there is nothing wrong with you being fascinated by me. However,” he tapped the drawing board a few times, “what you can do now, let’s paint.” With that, he put on David’s classic look like that male model.

“…” Siena Liang was also speechless, but now, only painting is the way to liberate her freedom!

Seeing that she started to paint, he hummed and continued to swallow the clouds in the pose of David.

Lawrence Lu over there is leisurely and at ease, a contradictory appearance that is boring but full of joy.

Here, Siena Liang looked gloomy, struggling hard on the drawing paper.

Finally he drew his head out, but… Seeing his slightly open skirt, she blushed and started to make trouble again.

The pencil falls on the drawing paper, but I don’t know how to write, how to draw?

There was a male model before, and she tried so desperately to treat him as an irrelevant male model, why couldn’t she?

He had already smoked the cigarette in his hand, changed it to play with a mobile phone, or a national airplane war.

The sound of the airplane running and sprinting in the phone was extremely clear.

Because he has to slide the phone, he will get involved with clothes from time to time.

Looking at his sturdy chest, she tried to prevent herself from swallowing saliva, but the blood all over her body rushed freely, and the excitement made her whole body hot.

Can't watch it anymore!

If you bury your head on the drawing paper, even if you can't draw anything because of the influence at this moment, it is better than being burned to death!

"Ga over!" "Hold the grass!" Lawrence Lu patted his forehead depressedly, raised his eyes to look at Siena Liang staring at the drawing board in a daze, and knocked on the drawing board, "Hey! Isn't it just drawing me? Difficult?" She nodded worriedly.

"Don't want to be unable to hand over the painting?" She nodded obediently.

Just in class, even if she was embarrassed in front of so many people, now if she still can't hand over the painting, then she really can't bear the title of a master.

"Forget it!" He pressed the phone in his hand twice, pressed the camera function, and handed it to her, "Hey!" She took the phone in a daze, and asked inexplicably, "What are you doing?" What can you do? Take pictures!" "You..." She couldn't help rolling her eyes.

This guy, is it really good to be narcissistic to this point?

He no longer poses in David's classic posture, but with his hands on the table, his legs crossed, he looks like a leisurely neighbor boy.

Sniffly at her, "Shoot! Hurry up!" "Oh..." She was really powerless to complain, but she had no other way to face this violent little lion with a variety of temperaments.

“Click–” The screen freezes.

Hearing the sound, he jumped down, dragged a stool in front of him to her back, and then sat down.

“…” Siena Liang tilted her head, wondering what he was going to do.

“Hold the phone, don’t let it go dark, understand?” he said behind her.

He was very close to her, so close that all his gushing breath fell on her ears, causing her to tremble.

“What…what are you doing?” Lawrence Lu hummed angrily: “Aren’t you not able to draw? The little master will help you!” “How…how to help?” He stopped answering, but grabbed her. With the pen hand, he looked at the screen on the phone, and then began to move on the drawing paper.

Siena Liang was shocked, and only felt that the back of his hand seemed to be scalded by something. He shrank his hand and wanted to move away.

He clasped her tightly to prevent her from moving, “What’s the mess?” “You…” She took a deep breath, “Lawrence Lu…what are you doing? Don’t mess, okay?” “Who messed up?” He Somewhat displeased he said, “Don’t you want to paint?” “But…but it doesn’t need to be like this…right? I…I will do it myself!” His free hand lightly touched her head. He tapped a burst of chestnut, “Are you here? It will be dark when you finish painting! Don’t move! Let you see the master’s painting skills!” “Lu…” “Damn it! Tell you not to talk,” Don’t understand?” “…” He seemed to be really angry, and she had to force herself to calm down, but her whole body was stiff.

A few minutes later, the outline of his body was gradually outlined on the wide drawing paper.

Thinking of what he said to himself, his painting skills are not necessarily lower than his own.

Looking at the more and more complete portraits on the drawing paper, she had to admit that he did not boast.

His paintings are simple and smart, just simple pencil drawings, but they capture the spirit of the people in the photos.

The people on the drawing paper are lifelike.

His palms are warm, but not sweaty.

The hands are strong, but they won't hurt her.

She suddenly remembered the way her mother was holding her when she was a child. She was led by her mother, carefree, no matter where she went, she felt safe.

At this time, he was holding her hand in his palm, and she seemed to have an illusion: as long as he held it like this, she felt safe and warm.

He is holding her hand and drawing, not to mention, their current sitting posture always makes people feel awkward and can't help their heart beating faster-he sits behind her, because he wants to draw, his upper body is slightly forward. Leaning.

In this way, it was as if he held her petite in his arms… Such an intimate posture… Maybe it was because of tension, her hearing was unprecedentedly sensitive, and she seemed to be able to hear his powerful heartbeat.

Her head was noisy, she blushed, only feeling that the speed of her heartbeat was faster than ever before, "Dong dong dong -", hitting her atrium one after another.

The whole body is extremely hot, especially the nose.

Suddenly, she felt something coming out of her nose–

“Papa–Papa–” Lawrence Lu looked at the red object that appeared on the drawing paper, his eyes widened for an instant, “Siena Liang?” “Huh?” She stared blankly at the disharmony on the drawing paper. Something, suddenly wanted to cry without tears.

She… actually had a bloody nosebleed!

He paused and turned her around to face himself.

When he saw her flushed face and her nose that was still red with nosebleeds, he was stunned and snarled silently: “Damn, what do you think?” “…” She looked at her. He wanted to get into the hole right away.

She actually had a nosebleed because a man got closer to her!

Her first name!

He looked at her ashamed face, exhaled speechlessly, looked around irritably, but did not see anything that could be wiped.

After thinking about it, he simply pulled up his shirt and wiped her nosebleeds.

His strength was a bit strong, but she didn’t even frown her brows. While embarrassed, she was thinking–that…that is his clothes!

“You damn radish-headed dead woman!” Lawrence Lu cursed fiercely as he kept wiping.

But while wiping, looking at this red-faced, stupid and maddening little radish-headed woman in front of him, a few weird traces swept across his heart, stirring up a gentle ripple.

Gradually, the movements of his hands became lighter and slower, and even his breathing seemed to become quicker… He released the hem of his clothes, and unconsciously stroked her cheeks with both hands.

Jun's face is slightly sideways, his head lowered slightly, and slowly approaching her red lips……

Chapter 80

Why do you put on such a cute expression and watch him near!

Closer!

Siena Liang stared wide with wet eyes, staring blankly at Lawrence Lu who was leaning towards him.

He… Is he going to k!ss himself?

What should she do?

Refuse?

Still accept?

She was doing the fiercest struggle in her heart, but her body's reaction was the most honest.

Seeing his handsome face getting closer and closer, she closed her eyes tightly, even though she was still in an indecent state with a nosebleed.

Lawrence Lu is much taller than her. Even if he is in a leaning posture, he can have a full view of all her movements.

His lips were almost five centimeters away from hers, something flashed in his heart.

what happened to him?

How could he have the evil desire to k!ss her for her?

And still a woman who is suffering from a nosebleed and looks silly and stupid?

!

There is a fishy smell in the air.

He paused, suppressing the weirdness and irritability in his heart, thinning his lips, “Siena Liang!” “Huh?” Siena Liang clenched his fists nervously and responded blankly to him.

His breath stroked her cheeks, she felt a little itchy, and she felt like she had been tingled with numb points.

“Huh -” He breathed at her and sneered, “What are you doing with your eyes closed? Do you think I want to k!ss you?” “Huh?” She opened her eyes and looked at him in confusion, silly. Stupid, but very cute.

“Damn it!” He cursed in a low voice, let go of her, turned and took two steps away, and took two breaths in silence.

This little carrot head, why do you look at him with such a cute expression?

!

Didn’t she know that he endured very hard?

“…” Siena Liang took a step back due to his movements.

When she stood firm, she looked at him, just about to open her mouth, and suddenly found that her mouth was fishy. She was taken aback and covered her mouth in panic.

She was embarrassed and anxious, guessing that she must be embarrassed and ugly now, and she was very upset.

Why, she always gaffes in front of Lawrence Lu?

“What are you doing in a daze, you stupid woman!” He said fiercely, “Put your head up!” “Oh…” Seeing her obediently raised her head, but there are still some red spots in her fingers. thing.

He frowned, took off his shirt and threw it on her, “Use this to wipe it.” After finishing talking, he turned his back, took out the cigarette from his trouser pocket, and puffed. stand up.

Siena Liang grabbed the shirt he threw over, a little startled, but his heart was warm.

Looking at his wheat-colored back, he only felt that his nose, which had been lower in temperature, had a tendency to become hot again.

She was startled and turned around in a hurry, not looking at him anymore.

After finally controlling the nosebleed, she turned around and buried her head low, “I…I’m all right…”

Lawrence Lu also felt calmer at this time.

Hearing that, he threw the third half-smoke cigarette on the ground, “Let’s go.” “But…” Seeing the white shirt in my hand that I had painted like a flower, I felt a little embarrassed, “The clothes are dirty,” You…” “Don’t wear it!” “Then you…” She pointed at him embarrassingly, “Are you going out like this?” Shirtless?

He glanced at the jacket next to him, “Don’t you still have a jacket? Let’s go!” Staying here is suffering!

“Oh!” She nodded, “I… go back… I’ll wash it for you!” Lawrence Lu frowned, turned to look at her red nose and the people because it was not cleaned, and sighed. , “Throw it away!” “…” He stopped looking at her, and just picked up the coat on the side and shook. Just about to put it on, something like hard paper shook out of his pocket.

“You have dropped something!” Siena Liang shouted.

With that, he bent over and went to pick it up, but Lawrence Lu was faster than her.

He picked it up, and quickly hid behind him uncomfortably, “I want you to be nosy!” Peat!

Almost picked up by that little carrot head!

That’s her picture!

She will not be sure how to look at him then!

Fortunately, fortunately, he has good ears, eyesight and quick hands!

“…” He turned around, put the photo in the inner pocket of his clothes, put the clothes on again, and his heart was still “pounding” because of the episode just now.

This feeling made him irritated and annoyed. Looking at the drawing board on one side, he stepped forward in two steps, opened the clip and pulled out the portrait of him that he had just drawn with her hand one by one, and said viciously, ” I have confiscated this!” “Ah?” Siena Liang was still holding his dirty clothes, and after hearing this, he stopped doing it, “That is the drawing I have to hand in today!” “What’s my business?” “I want You can’t confiscate the

drafts you submitted!" "The painting above is my little master, I will take it back if I want to take it back!" He said, he glanced at her sideways and said, "Do you have any comments?" Of course there are comments!

And there are big opinions

If he didn't come to the studio suddenly and pointed to her and said she was the one in his eyes, how could the principal let her paint again?

If she didn't paint again, how could there be the following things that made her embarrassed and lost her grandma's house?

"Of course..."

He glared at her, "No, of course, understand? And, don't let me hand in the school with my portrait, understand?" He proudly raised the drawing paper in his hand, "Going home, the little master is starving to death. !" "....." ..... Nanhu.

As soon as the door was opened, a thin figure jumped over, yelling exaggeratedly: "Oh, you are finally back, I'm almost starving to death!" Siena Liang smiled after seeing the visitor clearly. He said: "Mom, are you here?" "Huh? Siena Liang, what's wrong with your nose? Why is it red?" Siena Liang smiled and lied, "Nothing, just... Paint, haha!" Lawrence Lu looked at his mother dissatisfied, "Why are you here again?" Parisa Song gave him a white look, "Hey! Did you say that to your mother? My son's house, I can't Are you here?" She said aggrievedly and picked up the phone, "Huh! I called your dad and said I was hungry until now. You don't welcome me!" Lawrence Lu was full of black lines.

Siena Liang grabbed Parisa Song's call and said with a smile: "Mom, he didn't mean that, he was just a little surprised that you suddenly came." She said, she winked at him and motioned. He speaks well.

Lawrence Lu didn't give face, hummed, and walked upstairs with the slippers he had just changed.

"Siena Liang, look at him!" Siena Liang was speechless, but she had to smile and said, "Mom, he is like that. Are you hungry? I'll go cooking right away!" Parisa Song heard, He immediately opened his eyebrows and smiled, "I'll tell you, I ran into Solan Bai today, and I heard him say that the food you cooked is delicious, so I came here!" "Doctor Bai?" Siena Liang couldn't help but wonder, he How did you know that she cooked delicious food?

"Hey, Siena, you welcome me?" "Of course, mom, you go to watch TV first, I'll go cooking right away." After that, she went upstairs to put down the bag and went to the bathroom. After cleaning up, I came downstairs.

About half an hour later, Siena Liang put five dishes and one soup on the table like a trick.

Parisa Song stood by the dining table and kept calling out magic.

"Oh, Siena, you are really amazing! You cook so many dishes so quickly, and they look so delicious!"

Lawrence Lu, who had changed into a set of home clothes, was not surprised at this, and he sat directly in his old position with a look of triumph. "What's the matter? I eat it every day!" Except last night. Eat it!

When Siena Liang served the rice well, Parisa Song was full of admiration, sniffed the rice in front of him, and exclaimed contentedly: "Wow! Even the rice is more fragrant than Zhang's made!" He collapsed and said, "Hey! Why can't I make a meal like this with good-looking color and delicious smell?" Lawrence Lu snorted, "It's not bad if you don't burn the kitchen, so what else can you do? "Axun, you..." Parisa Song remembered the great feats she had made last time, feeling wronged and helpless, so she had to turn her sadness into appetite and immerse herself in bitterness.

Eating and eating, Parisa Song was satisfied with her taste buds, and forgot that she had been "injured" mercilessly by her son just now. She looked at Lawrence Lu and Siena Liang who was eating quietly. She blinked. Blinking his eyes, he asked curiously: "I said, why are you still not moving?" Lawrence Lu didn't think so much, and asked directly: "What is moving?" "It's..." Parisa Song glanced at Siena Liang's stomach. "Baby! You are all married, shouldn't you have a baby?" "Cough cough cough..." Siena Liang coughed violently from the food in his mouth, and even turned red. Up.

Lawrence Lu exhaled depressed, and tapped the bowl with his chopsticks, "Ms. Song, what are you thinking about all day? Do you have to have children when you get married?" For so long, he hasn't even k!ssed him. Where to have children?

Thinking of k!sses, he suddenly froze.

Just now, if he didn't stop in time... "You live under one roof and sleep in a bed every day. Isn't it strange to have a baby?" Parisa Song disapproved.

"Cough cough cough..." Siena Liang coughed again.

"Siena, are you okay?" Parisa Song looked worried, then looked at Lawrence Lu again and reminded, "Axun, your wife is choking, you are so close, don't you know to pat her?" "No...cough...no need..." Siena Liang blushed and waved her hand, "I'll go to the kitchen first...cough... a bit..." She lost the dishes and rushed to the kitchen.

It is better for her to stay away from the restaurant's current right and wrong place.

"Hey!" Looking at the kitchen, Parisa Song sighed and shook her head, quite a bit of iron and steel, and she fell to her son, "I say you, if you ask you to pat your back, you won't be willing. Are you a wood?" He raised his eyebrows silently, eating silently.

“Axun, tell mom, you don’t have a baby yet, do you not know to take the initiative, just like you were just like a piece of wood?”
