Only You Can Be My Wife

Chapter 81

Don’t be like a fool when you are being bullied. Anyone who has the little master to take care of this and can eat more is considered a god.

Like a piece of wood?

Don’t know the initiative?

Where does he get the initiative?

The two people who sleep in separate rooms have no feelings. Does he have to force her like a beast?

Lawrence Lu put down the dishes and closed his eyes speechlessly, “Dear Ms. Song, do you always think it is appropriate for you to say these in front of your son?” “Hey…” Parisa Song sneered, “I am not special. Do you want to hug a grandson? You know, that Mrs. Li’s grandson is so cute!” “So what?” He patiently said, “Because Mrs. Li has a grandson, so I have to hurry up to give birth to one too?” Of course! I think it’s good! Didn’t you and Siena get married when you were in a good relationship? Although you’ve been a bit tricky and annoying since you were young, you are still very obedient. Wouldn’t you fail to agree to the little request of your mother? “Speaking, she also made a “lost” gesture with her hands.

“Where are we…” He blurted out to say that they were not in love with each other, but when the words came to his lips, he held back.

After thinking for a while, he continued: “Isn’t your daughter-in-law still studying now? What is it like to be pregnant now? Doesn’t school work anymore?” “Uh…” Parisa Song was taken aback, feeling like this was the

reason. But in a blink of an eye, he said, “It’s okay to be pregnant. Our family can’t afford their mother and child. Let’s talk…” “What more? No more!” He didn’t want to continue this topic, got up and left the table.

When he walked to the sofa and sat down, he lighted a cigarette in depression.

pregnancy?

give birth?

The same woman as Siena Liang’s little carrot head?

Are you kidding me?

Parisa Song asked Lawrence Lu to send her back without eating much.

When she left, she looked at Siena Liang who had brought her to the door and stopped talking, but looking at the impatient expression of her son, she just stomped her feet and turned away.

After finishing cleaning the kitchen, Siena Liang went to his room.

He opened his bag and washed the shirt Lawrence Lu used to wipe her nosebleeds today.

Although he said he let her throw it away, she sneaked it into her bag and brought it back.

I soaked it with soap in the sink, and washed it with warm water several times, and finally washed it clean. After smelling it, I was sure that there was no peculiar smell, and then wringed out satisfactorily.

Looking up at herself in the mirror, holding his shirt in her hand, she suddenly remembered the one in the classroom in the afternoon… If he didn't stop, did they… just k!ss it?

Reaching out and stroking her small blushing lips, she couldn't help thinking about the scene if he k!ssed her.

Although he would always say something maddeningly hateful, what would it be like to be k!ssed by him?

Moreover, just now, Mother Song even called them to give birth to a baby…

So shy!

Thinking about it, she just felt that her face was starting to get hot again.

After a while, she was shocked to realize that she in the mirror was giggling like an idiot!

"God!" She quickly patted her hot face, and yelled in a gloomy voice, "Siena Liang, what have you been thinking about all day long?" Can't think about it anymore!

She shook her head vigorously, found the hanger, and dried the shirt.

Their clothes, bed sheets, and the like, are specifically for drying on the balcony, but looking at the shirt in her hand, she thought about it, and finally chose to hang it on the window handle of her room.

That guy Lawrence Lu is somewhat of a cleanliness. If he saw that he didn't throw it away, but also brought it home, maybe he should get angry at her again?

Before hanging it up, I patted it carefully to prevent the clothes from wrinkling.

It’s just that a button on the dress has fallen off. She will have to find out if it is suitable at that time, and then put it on.

As soon as the clothes were hung up, the door of the room was knocked.

“Boom, dong, dong–” Siena Liang was taken aback, looked at the door of the room, then looked at the clothes, and walked over to open the door.

However, with a guilty conscience, she didn’t dare to open the door wide, so she opened a slit. She leaned against the seam of the door, squinted and said, “Are you back? Mother is home?”

He looked at the small opening of the door, raised his eyebrows and looked at her, “What do you mean by this?” As he said, he reached out and pushed the door.

“Hey!” She screamed, putting her weight on the door, fearing that the door would be pushed open by him, she shouted wisely, “Don’t come in! I…I didn’t wear pants!” “…” Lawrence Lu For a moment, he stared at her fiercely, “Cough… dress well, come to my study!” Seeing him turn around, Siena Liang slammed the door shut, leaning against the door panel and exhaled.

After spending a while in her room, she went to the study.

Sitting behind the desk, Lawrence Lu seemed to be dealing with official business.

Although he was wearing home clothes at this time, it didn’t appear to be inharmonious at all. On the contrary, it made him seem to have a sense of sight that a college student is trying to warm up the book.

“That…” Siena Liang closed the door, “What are you looking for?” Hearing this, he put down the file in his hand, looked at her, and tilted his head slightly, “What do you think?” “…” If you want to know, why do you still ask him, isn’t this just enough to support you?

“You said yesterday that you are going to work part-time,” he frowned, “Are you sure you want to go?” “Huh?” Siena Liang didn’t know how he would mention this, and worried that he would really not want her to go. He mentioned it, but he nodded, “Hmm.” “I really want to go?” “…Hmm.” “What about the nature of work?” He lit a cigarette casually, and after taking a sip, he asked slowly.

“Hit…” The word “Miscellaneous” was swallowed abruptly by her. After thinking about it, she changed his words and said, “…Assistant.” He nodded, “You don’t need to go outside and run around?” His expression at this time. Extremely serious, and still asking about her work, made her wonder what he wanted to do for a while.

“No need.” Why does the little girl need to go outside and run around?

“I will come back on time every day to cook and clean, right?” Cleaning is actually a small matter, cooking is the key!

He seems to have gotten used to eating the food she cooked recently, and the food outside can’t be seen by him anymore, f*cking!

Lawrence Lu flicked the ash in the ashtray, and then lightly nodded, “Okay, I agree.” “What?” She was stunned, and didn’t understand what he was talking about.

“Aren’t you going to work part-time? I agree.”

“…” She opened her mouth wide in surprise. After a long time, she asked puzzledly, “You… don’t you agree?” He touched his nose and squinted at her, “You wish me Disagree? Okay, then I take it back…” “Don’t!” She stepped forward anxiously, across the desk, “I’m just surprised! I didn’t expect…I just didn’t expect you to agree!” “But,” she looked at him cautiously, the joy in her eyes was clearly visible, “how could you suddenly agree?” She was afraid that he would really disagree and insist on her resignation.

He wouldn’t say that it was what Li Song said today, plus his thoughtful thinking all day!

“Let you see and see the gloom of this society!” Although his words were not very good, she still smiled, “Thank you, Lawrence Lu.” After receiving her sincere thanks, he gave her a proud glance, “but , I said in the front, Xiaoye, I am not short of money, I agree with you to go only to let you learn some experience in advance. In this way, give you half a year, if you still have not learned anything, you will give it to Xiao Come back obediently, understand?” “Yeah!” She nodded like a chicken pecking rice.

“Also,” he tapped on the desktop, “If someone bullies you at work, don’t bear it like a fool, just slap it with your big mouth!” As he said, he pulled it very coolly. Pulling on her clothes, “My little master is responsible for everything.” “…” She was a little bit dumbfounded by his words. In such a civilized society, is it really okay to do everything at every turn?

However, she felt warm in her heart, as if her heart was also shining by the sun.

“Go out.” He picked up the file that he hadn’t finished reading with one hand, and waved her impatiently with the other, indicating that she could go out.

She raised her foot to leave, but stopped again, hesitated for a while, and talked to him with a pleased look, “That… Lawrence Lu…” He didn’t raise his head, and said in an impatient tone: “What are you doing? “Can you…can you give me that drawing? It’s the one you confiscated?” Lawrence Lu raised his head and said lightly, “Siena Liang, don’t be too tight, understand?” “But I…” What should she do with her homework?

“Get out!” “…” She stuck her tongue out at him while he was not paying attention, and then reluctantly walked out.

Seeing her leaving behind, remembering how she had just been wronged but did not dare to say anything, he cocked his mouth proudly: Humph!

Xiaoyanger, fight against Xiaoye, you are too tender!

Suddenly, he shouted to her again: “Wait!” Siena Liang was still complaining in his heart. Hearing the words, he thought he was going to agree to give her the drawing. He was overjoyed and turned around, “You…” he Frowning, she spoke slightly reluctantly: “Just listen to what my mom said.” “What?” She frowned suspiciously, thinking about what Parisa Song said.

“That’s it…” He pursed his lips irritably, “Cough…whatever!” There was a flash in her mind, and she suddenly felt embarrassed, blushing, and nodding, “I know , I won’t think too much about it.” “Very good!” He was satisfied, and he reached out and pointed out the door, “Go out, and…” “What?” “Cough…” There was an awkward expression on his face. “From now on, even if you are in your own room, you must always pay attention to the image. Don’t open the door by anything else, eh?” “…” Siena Liang was stunned for a while, only to realize that he was referring to her just saying she was not wearing The pants thing.

Although she was just lying, listening to him now speaking so vaguely, it seems that she really has the embarrassment of not wearing pants.

Her face was red again, and she hurriedly opened the door and ran out.

Chapter 82

Tactful Alternative Confession The next day, Siena Liang was unable to hand over yesterday’s drawing, so the dean of the department pointed to the face in front of all the classmates and said a big deal. It is undoubtedly that she, who has always been excellent, actually gave it to the school Discrimination or something.

Of course, she was not criticized, the eyes of the whole class watched by the classmates were too poisoned, and even the credits for that class were lost.

If the only advantage is that she didn't hand in the draft, everyone put aside Lawrence Lu's claim that she was close to finding talents.

Because, who can't even hand over a drawing, what qualifications do they have to work for Lu?

After class, Wang Keer came to Siena Liang's desk, curled up the corners of her mouth mockingly, and said coldly: "Siena Liang, did you feel happy yesterday? I thought Brother Lawrence really liked it. You thought you were going to work at Lu's, but the result was that the bamboo basket was empty, and you must be regretful in your heart?" "..." Wu Pianpian could not do it, although she didn't understand why Siena Liang didn't hand it over The drawing comes, but the current situation, you have to maintain her first.

She stood up and stared at Wang Keer, "I said you are not lacking in virtue? Will watching people's jokes improve your image or make you feel superior?" Wang Kerer was very angry, "Wu Pianpian!" Siena didn't want to fight, so she pulled Lawu Pianpian and motioned to her not to say anything.

No matter what, Wu Pianpian continued: "Huh! Are you not Lawrence with a mouthful? But your Lawrence doesn't see you much. You said that a clear bamboo basket is better than your Lawrence. Brother Xun didn't even give you a strong bamboo basket, right?" Although Wu Pianpian's grades are not particularly good, sometimes the mouth is really good.

Wang Keer's eyes widened, and she couldn't believe that Wu Pianpian dared to speak to herself like this, and her lips shook with anger.

Luo Jia ran over at this time, stood in front of Wang Keer, pointed at Wu Pianpian, and yelled: "Wu Pianpian, why are you talking to us like this?" At the sight of people, Wu Pianpian suddenly felt somewhat Speechless, he pulled Siena Liang up, "Siena Liang, let's go to eat!" "Hey!..." As soon as she left the classroom, Wu Pianpian put away her teeth and began to gossip.

“Siena, you are getting fatter and fatter now, and you don’t even hand in homework for the devil’s head. If your husband is supporting you, you will start to be fearless?” “Where is it!” Siena Liang gave her a speechless glance, “I did a painting yesterday, but the bast*rd Lawrence Lu later didn’t know how to repent and confiscated the drawing!” Her credits were lost in vain!

“…” Wu Pianpian was taken aback, and then she opened her mouth idiotically, “Your husband is really cute!” “Cute!” Is she obviously disgusting?

“By the way, your husband came to you on purpose yesterday, didn’t you?” Wu Pianpian smiled, “Don’t talk about protecting you, but also come to the classroom to send sweets, and in front of so many people, he said that you fit his eyes! Wow, it’s really a tactful and abnormal alternative confession!”

Alternative confession?

Siena Liang was taken aback. Although he was said to be a little bit of joy, he still said: “Forget it, he was sent from the sky to treat me and it is almost the same, you see that my credits yesterday are gone!” Wu Pianpian But regardless, she asked her thiefly: “You two were alone in the same classroom yesterday. Did something happen? For example, k!ss, hug, or something?” “…” k!ss?

Hug?

He held her hand yesterday, so close to her, is it a hug?

k!ssing words… Thinking of yesterday’s embarrassment, she blushed and wisely chose not to answer anything.

Because of his approach, you have a nosebleed, so you can’t laugh out loud when you say it?

“Um…” Wu Pianpian looked at Siena Liang’s blushing face suspiciously, “Sure enough, there is a situation! Tell my sister!” “You are a big ghost!” Siena Liang

pretended to be calm, “Go Let’s go to dinner. I’m going to work part-time later!” Wu Pianpian curled her lips dissatisfiedly, “Be stingy, you won’t die if you talk about it!” Siena Liang didn’t care, and walked to the cafeteria alone.

Siena Liang’s phone rang as soon as they walked to the entrance of the cafeteria.

Take it out to see, it turned out to be Robert’s call.

Looking at the set of phone numbers, she pressed the hang up button without even thinking about it.

But within three seconds, the phone rang again.

“Who is it?” Wu Pianpian moved her head.

“Robert Zhao.” Wu Pianpian looked at Siena Liang’s phone with disgust, “Go ahead, anyway, you don’t need your phone bill, just listen to what he has to put away!” “Then… you go in and wait for me. “I took the phone and went to the pavilion resting outside the cafeteria. Siena Liang answered the phone, with a calm tone and a bit of indifference. “What are you doing?” Robert was taken aback, with a bit of bitter laughter. “Siena Liang, have you spoken to me in this tone now?” Siena Liang inevitably laughed, and asked, “Otherwise? Am I going to cry with joy when I received your call?” “Forget it, I’m looking for it.” You didn’t quarrel with you. Siena, come out, I’m at the north gate of your school.” “No,” Siena Liang refused without thinking, “If you are fine, then I’ll hang up.”

“Wait a minute!” Robert Zhao hurriedly shouted, “Siena, you…” He paused, and then continued, “I heard that Lawrence Lu has already obtained that piece of land.” “…” “I listen to Warnia said, you went to accompany Mr. Wu, that’s why…” “Robert Zhao, are your thoughts so dirty? I’m sorry, I don’t think I have to talk to you anymore.” Such a misunderstanding, Lawrence Lu also I had told her before, and she was still trying to explain it.

Why did she not even say one more word for Robert Zhao?

“Beep toot…” Hearing the sound of the phone being hung up from the phone, Robert twitched the corner of his mouth lightly and held the phone tightly in his hand.

That strength was so great that it was about to crush the phone.

On the other side of the road, Warnia looked in the direction of Robert Zhao, her face turned a little distorted because of anger.

Because her father said that she wanted her to discuss with Robert about the Liang family, she called him first, but from yesterday to today, he did not answer the phone.

She became angry, but still relieved herself that maybe he didn’t notice her phone, or there was a problem with his phone.

Today, she dressed herself up carefully and drove to the Zhao family to find him.

I didn’t know that as soon as he got downstairs, he was seen driving out of the underground garage.

Without thinking about it, she quietly followed him.

This follow, followed by a big.

But when he comes to a, he doesn’t need to think about who he wants to see.

Especially when he is now leaning on the car body, holding the phone and looking upset and lost, she hates her teeth.

Did he want to continue to lead, or did Siena Liang’s stupid provoke him?

Warnia was holding the phone and wanted to call Robert Zhao, pretending that he didn't know anything, and asked him where he was.

But when she was about to call his number, she paused again, lowered her head and thought, found another phone number, and pressed the call button.

After hanging up the phone, Warnia took a meaningful look at Robert Zhao's direction.

A few minutes later, a white Porsche 911 drove out of the school and stopped there.

Warnia pressed the horn twice, and Porsche drove towards her car again.

After the Porsche stopped, the door opened and a slim leg in red high heels stepped out.

Warnia rolled down the car window and smiled at her, "I'll talk in my car." When the person sat in Warnia's co-pilot seat, Warnia took off her sunglasses, "Ke..."

Wang Ke'er faintly curled her lips, "Star Liang, we are not familiar enough to directly address them, right?" They have only met twice at the celebrity meeting, at most they just said hello. Warnia even got her own phone.

Speaking of Warnia, she actually didn't cut it.

Her family's affairs, the whole city a has a little identity, who doesn't know the evil things her family has done?

Warnia wasn't angry, but smiled deeper, "We were unfamiliar in the past, but it doesn't mean that we will be unfamiliar in the future." "Miss Liang, I'm in a hurry. Please tell me if you have something to do!" Warnia nodded, and Stop talking nonsense, "I heard people in the circle say that your family intends to marry the Lu family?" Wang Keer was taken aback, and then hummed: "This

has nothing to do with you, right?" "It has nothing to do with me," But, are you sure you can hold Lawrence Lu's heart?" "You really worry about eating carrots!" Wang Keer was unhappy and couldn't help but said mockingly, "What are you going to do? Is it your cousin's man's heart?" "You..." Warnia's expression changed, but thinking about the purpose of looking for Wang Keer this time, she resisted the irritation in her heart, "So I just said that we will I will be very familiar." "What do you mean?" Warnia curled her lips, "We are partners who can stand on the same front." "Play word games with me? Then forgive me for not being with me!" Wang Keer's Run out of patience and reach out to open the door.

"Wait a minute!" Warnia held her shoulders, took out a wad of things from her bag in one hand, and handed it to her, "Let's take a look first!" Wang Keer frowned, took it, and saw The content inside, couldn't help but wince.

"Where did you get these?" She shook the photo in her hand, and there were all pictures of Lawrence Lu and Siena Liang together yesterday-he untied his clothes, he hugged Siena Liang to paint, He wiped Siena Liang's face, he even k!ssed her... Warnia looked at Wang Keer's face and smiled with satisfaction.

However, she would not say that she was always worried about Siena Liang and Robert Zhao, so she bought off classmates from Siena Liang's class and monitored her every move.

She leaned back in her chair, "Don't worry about where I got the photos. Now, Siena Liang seems to have a different relationship with Robert and Lawrence Lu..." "What do you mean?"

"I heard that Siena Liang doesn't live in the school dormitory now, right? She is so close to Lawrence Lu now, will it..." "Why would Lawrence fall in love with her poor daughter!" Warnia smiled "What if?" Then, she looked at Wang Keer, "You just need to answer me, do you want to deal with her with me?" Wang Keer thought about Lawrence Lu's attitude towards herself and Siena yesterday. Shallowly different, the hand holding the photo increased its strength, and the photo was deformed.

She gritted her teeth and said, “What do you say!”

Chapter 83

Siena Liang has to go to class every day, he has to work part-time, and he has to go home to cook and do housework, so tired.

Seeing her pitiful look exhausted every day, Lawrence Lu not only would not comfort a few words, but would always add fuel to the flames-“I won’t pity you, who makes you want to work part-time? Huh? !” But that’s how it is said, she doesn’t need to buy the food every day, he will ask someone to buy it back.

Every night, after she finishes the housework, she will be called to her study room and asked her to take out her textbooks, and give her the key points of cultural classes for her to focus on review, and she also said that she doesn’t want to. Asking her to smash the test and lose his Young Master Lu’s face.

The time is full every day, but it also flies very fast.

In a blink of an eye, it was time for the exam.

After finishing all the subjects, Siena Liang was also relieved.

She knows all the exam questions, and many of them are the key points that Lawrence Lu outlined for her a few days ago.

Because next year is the senior year, there will be courses to be learned and internship matters, so after the exam, everyone will go back to their class and listen to the arrangement of the class teacher.

In fact, the content of the arrangement was only that, and it took only half an hour to finish.

Everyone packed their things to go, but Wang Keer stood up and walked directly to the podium.

For a while, everyone looked at her puzzledly, not knowing what she was going to do.

Wang Keer nodded politely to the head teacher, and she said with confidence and generosity: “Dear classmates, we are all from all over the country. Everyone is a classmate. Getting together is fate. To be honest, I am very grateful. God can give us the fate to meet this way. When we come back from this summer vacation, we will have very few opportunities to get together. For this, I also feel sorry. Therefore, when we have the time and energy to get together, I I sincerely invite you all to gather together. In order to show your feelings, I will pay all the expenses today.” Upon hearing this, dozens of students below cheered.

You know, Wang Keer’s family is pretty good. If you want to invite them to eat and drink, the place is naturally not low.

Moreover, there is no need to pay for it yourself.

“Can I sing?” someone asked.

Wang Keer smiled and replied, “After dinner, we will go.” “Can I go to a five-star restaurant for dinner?” someone asked again.

“Of course.” Wang Keer nodded, “I hope that the whole class can come. No matter how we get along before, I hope that no one in our group is absent.” Wu Pianpian looked at Siena Liang next to him. On the podium, the proud and confident Wang Keer frowned, and whispered to Siena Liang, “What the hell is Wang Keer going to do?” Siena Liang shook his head, “Who knows? But I can I don’t want to go.” “I know,” Wu Pianpian nodded clearly, “you can’t understand Wang Keer’s wealthy appearance, don’t you?” “No, you forgot, I’m going back to cook!” “Oh, what did I think it was?” Wu Pianpian snorted contemptuously, rather despising her style, “Just ask your husband for a day

off, let's go to eat and play!" "..." Siena Liang glanced at the person next to him speechlessly, "Didn't you always look down on Wang Keer? I thought you would justly refuse to go?" Wu Pianpian stretched out her index finger and shook it." Humph! I said you are sometimes stupid. You still don't believe me! I tell you how to deal with people who are not pleasing to your eyes, that is..." She tilted her head and smiled thiefly, "For example, an opportunity like today, Don't miss it. She invites us to eat, a free meal, it's a fool who doesn't eat! We have to go, it's best to eat something special, and take out the kind that will go bankrupt! Humph!" Isn't this kind of thinking too weird?

"you....."

As he was talking, the department head who suddenly appeared at the door did not know when he also spoke, "I think this proposal made by Wang Keer is very good! Everyone should be together like this for a class." The dean of the department scanned the people underneath, and continued, "As for whether it's a treat by Wang Kerer or your aa system, you can discuss it. But today, everyone, even for next year's diploma, must go. When Wang Ke'er heard it, the smile on her face grew bigger and politely said, "Thank you, director! Director, you and the class teacher, shall we go with you?" Wu Pianpian blinked at Siena Liang when she heard it, "Look at it. , Even the department head won't let you go back! Haha, Siena, let's go eat until Wang Ke'er goes bankrupt!" After that, she touched her stomach with an annoyed look on her face, "No, I'll have it later. Activities, I ate too much at noon today, and I am not very hungry now. Siena, are you hungry?" "....." "Mr. Lu, on behalf of all the teachers and students of the University of A, I would like to express my sincerity to you Thank you!" Principal Fang held the letter of recommendation for investment and construction that had just been signed by Lawrence Lu, and was so happy that he couldn't even close his mouth.

When Siena Liang was asked to follow his paintings that day, he also paid attention to it later.

Siena Liang didn't hand over the things. He thought that the investment in the construction project had gone bad. He didn't expect to receive a call from Li Special Assistant today, asking him to come to Lu's letter of advice.

"Today, your juniors have finished the exam, right?" "Huh?" Principal Fang was taken aback, but he nodded in response, "Yes." Lawrence Lu put his hands on the desk and nodded lightly.

Glancing at the checkbook on the desk, he brought it over, the pen tip flying.

"Tear it–" "This is the cost of investment and construction. You can pick it up when it is convenient for you." As he said, he passed the check.

Principal Fang looked at the gratifying string of zeros in the check, "Mr. Lu, how come it is 60 million?" "Isn't there still a playground fence?" He raised an eyebrow, "Let's do it together." !" Principal Fang didn't expect that he would still remember this, of course he would not refuse.

But even though he was happy, he couldn't help but wonder. Under anxiety, he asked: "Mr. Lu, are you… not angry?" "What?" "That's…" Principal Fang grabbed what was left. Lots of hair, "It's Classmate Liang…Isn't it because you annoyed you that you didn't hand in the drawing?"

Lawrence Lu shook his head extremely, and then glanced at Principal Fang again, "Why, she didn't hand in the drawing, did you embarrass her?" "That's not true." Principal Fang answered with a smile.

Lawrence Lu nodded in satisfaction, tapping his index finger on the table, "Principal Fang, I have a ruthless please, I don't know…" "You said!" "I invested in your library this time. If your school has any I need to design, especially when it comes to clothing, can you tell me first?" "This is of course no problem!" Principal Fang nodded and replied affirmatively. Later, he became confused, "Lu always Are you really planning to enter the clothing industry? But the clothes that our school will involve are the t-shirts worn by the students at most, not even school uniforms. Besides, the t-shirts don't make

much money." Lawrence Lu curled his lips. He stretched out his hand and shook it, "You don't have to worry about this. If this is the case, you can also come to me. I can even contract all the expenses. The only requirement..." He thought for a while, "It's up to me. How about people doing it?" "Ah?" Principal Fang did not expect that Lawrence Lu would make such a request. That is totally good news!

"Of course of course! If there is a need, I will notify President Lu as soon as possible." "Good!" Lawrence Lu was satisfied and nodded.

Li Song opened the door at this moment, stood at the door, and nodded politely to Lawrence Lu, "Mr. Lu, the video conference in the US is about to start, you..." Lawrence Lu responded, turning his head and said: "I still have a meeting to be held. Which principal will be busy first?" Euphemistically.

When President Fang left, Li Song closed the door and walked in, "President, you really invested in building a big library?" "Why, have any comments?" Lawrence Lu lit a cigarette for himself and leaned back in his chair. Inside, squinting at him.

"Ha ha ha..." Li Song smiled, "I don't have any opinion when I am young, I just think you are the president..." "Huh?" "President, you spend a lot of money as a beauty!" Thumbs up, "The little one's admiration for you is like a surging river, endless!" Lawrence Lu's face changed slightly, "Speaking!"

"Huh!" Li Song was not afraid of him, "I heard it at the door just now. You want President Fang to notify you if he has any clothes designing work in the future, and he said that all the expenses are covered. The reason why you agreed to invest in construction It's just for this requirement, right? Let Ms. Liang try to design under your love!" "..." Lawrence Lu was speechless, because Li Song, this guy, can be comparable to the roundworm in his stomach. It's not wrong at all!

What he wants is just for this purpose!

“President, if I were Ms. Liang and knew that you were so good, I would definitely fly and throw you down, and have a fierce battle with you for three days and three nights!” “Go!” Lawrence Lu shouted angrily.

“Nono!” Li Song shook his head a little bit mean, “But, just for this, you spend 60 million? My goodness, the CEO, have your head been burnt out? You give this money to Miss Liang, She can design a lot of clothes, okay?” It’s okay to give him a bit of it!

“You know what a fart!” Lawrence Lu took a big cigarette, also depressed.

If the dead woman Siena Liang refused to listen to his arrangements and insisted on taking a part-time job, would he need it?

“Oh! I know!” Li Song nodded clearly, “President, you are an unsung hero, right? Want to express your love deeply without letting Ms. Liang know?” He said he exaggerated. At the desk, “What should I do, I really want a boyfriend like you, the president!” Lawrence Lu glared at him with disdain and disdain, “You? Excuse me, I don’t like this, ok?” Ying… President, you dislike me!” “Hey!” Lawrence Lu picked up the prepared documents, got up, and patted Li Song’s forehead with his hand, “Meeting!”

Chapter 84

The End of Robbing a Man With Her Siena Liang took the time to call Lawrence Lu on the way to dinner.

As soon as he pressed his phone, she hung up again.

If this is a bit embarrassing, it’s better to say it through SMS?

Otherwise, she would really not be able to bear the roar of that grumpy little lion.

Thinking, her tiny fingers fluttered on the screen–Lawrence Lu, are you busy?

Lawrence Lu was having an overseas video conference with several senior executives of the company, but the mobile phone that was turned off to silence suddenly vibrated on the table.

In a quiet room, such a sound will inevitably be a bit abrupt.

Seeing several people in the room looking at his mobile phone in unison, he frowned, wondering which damn it was.

Glancing at the screen, he saw Siena Liang.

He grinds his teeth, but still takes the phone with a calm face.

He didn't get up, just put his mobile phone under the desk. It looked like a middle school student who hid his teacher to read extracurricular books while in school.

It's just that I have to make the appearance that I am in a serious meeting.

Looking at the message, he directly typed a few words over—what?

Siena Liang didn't expect to receive a reply so soon. He was about to say that he could not go back to cooking, and then he received a text message from him-finished the exam?

Thinking of his hard work for so many days to focus on her, and seeing that he cared about her so much, she curled her lips slightly-the exam was over.

Let me tell you, there are a lot of them that you have highlighted, and I will do it.

Basically it only took half the time to finish it.

Lawrence Lu looked at the message she sent and smiled triumphantly. He just typed “Now I know that Xiaoye is omnipotent”, and received another message from her-Can you eat out tonight? ?

We have a dinner today, so we may not go back to cook.

He raised his eyebrows, deleted the word he had just typed, and quickly pressed two words again-with whom?

——They are all classmates.

I glanced at the computer, knowing that this meeting will be held for a long time, and basically I won’t go back for dinner.

In addition, he just learned that she did a good job in the exam, and because he was happy to buy it at a big price, he also proudly gave a favor-um.

Must go home before ten o’clock!

Siena Liang replied “OK”, put down his worry, held the phone, and couldn’t help but raised his lips.

“Huh…” Wu Pianpian saw that Siena Liang had finally finished sending the text message, and looked at her contemptuously. “Would you like to report to your husband about the itinerary? You laugh so much that you get goosebumps!” Siena Liang Her face flushed, “You’re so annoying, Pianpian!” “I’m not annoying!” Wu Pianpian snorted, then whispered thiefly, “Your husband agreed, and now you have no worries, just wait a minute. Open your belly and eat, she’s going to break her!” “…” ***

Today, Wang Keer showed his local style to the fullest.

Although the head teacher and dean of the department did not go there in the end, there were so many students in a class. Not only did she invite everyone to go to the hotel to eat and drink, they were all the signature dishes

of the town store. After eating, they went to the hotel's upstairs KTV. I asked for a huge bag.

Although this place is not as magnificent as the Tang Dynasty, it is also a five-star level, and the price is naturally not low.

Siena Liang was unwilling to hear that he was going to KTV.

Because going to KTV means drinking.

And after she was betrayed by Warnia when she was drunk, and what happened with Lawrence Lu, she felt uncomfortable even thinking about the wine.

Wu Pianpian didn't follow, "I've come here, why are you disappointed?" He said, and said with excitement, "This kind of place can be visited once. Of course, you are now a rich lady, it's not uncommon. But my chance is rare! Go, let's go, it's a big deal, you just sing a few songs and drink some juice, and you don't have to drink, do you think?" "But..." "But what is it? Look at it. You are like a housewife now, how can this be?" Wu Pianpian shook her head, "I'll tell you, women, even if you are married, you must have fun. This is called knowing how to live, you know?" Wang Kerer had almost arranged it. Seeing that Siena Liang and the others had no intention of going up, they walked over in a pitiful way and smiled harmlessly, "Siena, still stunned. What are you doing here, go, let's go up and sing!" After speaking, she reached out and took her arm.

Siena Liang hesitated, "I'm really..." Wu Pianpian didn't give her a chance to find a reason, and he took her other arm and dragged her out, "Oh, let's go. Let's sing!" They went late. When they arrived in the private room, the other classmates had already sang, sang, drank, and played games. It was so lively.

Wang Ke'er must have come to such places frequently, and it is no surprise to these things.

She smiled and arranged Wu Pianpian and Siena Liang to take their seats, and then went to work on other things, just like a master.

“Siena Liang, I’ve only been to KTV once before. Today, it’s more magnificent. The sound effects are too shocking!” Wu Pianpian looked around in the private room, and excitedly grabbed Siena Liang’s arm and shook it because the sound was turned on. It’s very big, so she almost yelled, “Hey! Look at Jiang Sheng, who usually looks pretty damn, I didn’t expect to smoke like this!”

Siena Liang gave her a speechless glance, and said with a throat: “Don’t you think it’s too boring here?” “It’s okay!” Wu Pianpian laughed, “Siena Liang, let’s sing!” “I’m not going, I’ll just sit down.” “Well, I don’t care about you, I’m going!” Wu Pianpian left Siena Liang and ran to order a song.

Siena Liang sat there alone, watching other classmates having fun, feeling a little silly, she really didn’t like this kind of place.

“Siena, why sit here alone? Go play with them!” Wang Keer brought two bottles of beer over and sat down beside Siena Liang.

As the saying goes, you don’t hit a smiley person by reaching out.

In the past, although she and Wang Keer could not talk about any friendship, but today people spend so much money to invite everyone, facing Wang Keer, her answer is alienated and polite, “No, it’s fine to sit here. In fact, someone called her to play a game of dice-shaking, but she refused.

She doesn’t know how to play at all, and she would not participate in this kind of game where you will have to drink if you lose.

Wang Keer raised her eyebrows, and didn’t mock her like before, but smiled and passed a bottle of beer in her hand, “Drink something?” Siena Liang waved his hand again and again, “No need, I I don’t want to drink too much.”

“Siena Liang, I know that I may have done something bad before, so do you still hate me now?” “No.” How tiring to bear grudges!

Besides, she is an insignificant person, even if she sometimes speaks tit-for-tat, she can at most treat her as a fart.

“Why don’t you drink it? You think this wine is too bad?” Siena Liang frowned, but didn’t want to say anything, so she lied casually, “No, I’m allergic to alcohol, sorry.” “Oh, so?” Wang Keer smiled and nodded, “Then I’ll get you some juice.” After speaking, she put down the bottle and pressed the pager on the table.

After a while, a male waiter came in.

Wang Keer beckoned to him, and when he approached, she commanded: “Bring me a glass of juice and come in.” “Okay, please wait.” Siena Liang stared blankly at the closed one. Door, I just felt that Wang Keer today seemed to be a different person, she didn’t even react.

Not long after that, the waiter really brought a glass of juice in. After nodding towards Wang Keer, he placed the juice in front of Siena Liang.

“Siena Liang, your juice.” Wang Keer smiled, “You drink first, I’ll go to the bathroom.” After finishing speaking, stepping on high heels to the public bathroom outside.

Standing in the cubicle, Wang Keer listened carefully to the movement, and then dialed the phone with confidence.

The person on the other end of the phone seemed to have been waiting for the call, and as soon as it rang, he was picked up.

“The fish has taken the bait.” “Very good.” “Hmph!” Wang Keer snorted coldly, “Of course it’s fine, I spent tens of thousands of dollars today to fix her.” “Ker will care about this little money.” At most, it’s the money you paid for a bag.”

The person on the other end of the phone chuckled, “Or, I will give you exactly what I spent today? “I can afford this little money!

“Wang Keerhao said indifferently,” Liang Daxing, it seems that this is not the time to talk about this!

What I did was just…” She smiled sullenly, “I want Siena Liang to be ruined and let Brother Lawrence completely dump her!

“Warnia also said with a smile, “I’m glad that we have the same consensus.

“Did your people get to the room?”

“Don’t worry,” Warnia looked at the time, “it’s almost downstairs now.”

How is your place?

“Nothing, just wait for her to drink!”

” “it is good.

“Warnia said, and then exhorted, “Don’t make anything wrong.”

“If it fails again this time, then the Liang’s enterprise that they had finally acquired will be even more difficult in the future. Therefore, this time, only success is allowed, not failure! “I see.

“Speaking, Wang Ke’er laughed again, “You are really a god, why are you still thinking about preparing with both hands?”

If you didn’t prepare it in advance, then things tonight will be a waste of work.

” “Ah!

They all said that they were bitten by a snake once and feared for ten years.

I just did it for proper reasons.

Wait a minute, the person I arranged will meet at the door, so you can just let her drink the thing.

“That’s it, hang up.”

“Wang Keer hung up the phone, opened the door and came out, standing in front of the sink, looking at herself in the mirror, showing a meaningful smile—huh! Siena Liang, you want you to know today and grab a man from me

Chapter 85

I hope someone will come from the sky to save her. “Siena,” Wang Keer got into the private room, went straight to Siena Liang and sat down, took a look at the juice that he hadn’t taken a sip, and picked it up calmly. The juice was handed to her, “Juice, here you are.” Facing such a thoughtful and meticulous Wang Keer, Siena Liang only felt flattered.

Although she didn’t want to drink too much, she still graciously took the juice into her hand, “Thank you.” “You’re welcome.” At this time, a little closer to them, someone noticed the situation and said, ” Ke’er, you are really partial, why just shout juice for Siena Liang?” “Yeah! Kerr, you are really kind to Siena Liang.” Siena Liang opened his mouth in embarrassment, but didn’t know what to say.

Wang Keer sneered and said, “Why is Siena from the department of design? Go and go, all while going lively!” Those people just said two jokes, and smiled when they saw it. , And went back to play on his own.

“Siena Liang, to be honest, I sometimes didn’t speak very well before. But after this summer vacation, there will be very few opportunities for all of us to go to class together.” As he said, Wang Ke laughed, with some regrets. “I hope you can forget my unintentional actions before.” Siena Liang smiled and shook his

head when he heard the words, “It’s all over.” They all said that the enemy should be settled and not settled. If she took the initiative to say this, it wouldn’t be nice if she still carried it.

“Then we are laughing and grinning?” “Uh…” Wang Keer didn’t care so much, raised the bottle in his hand, and raised it to her, “In order to express my apology and sincerity, Then we have this cup of drink.” She blinked again, and touched the cup in Siena Liang’s hand again, “I’ll do it first!” Siena Liang looked at the wine, really. Wang Keer, who was drinking from the bottle, stared in surprise.

After a while, Wang Ke’er put the bottle down and couldn’t drop the wine. “Siena, I drank it, should you drink it too?” After saying that, she added, “If you don’t drink, it means you Haven’t forgiven me yet!” “This…” Siena Liang looked at the juice cup in his hand with some embarrassment.

Although the cup is not big, it has just been eaten. Wouldn’t it be uncomfortable to finish the cup?

“Quick, Siena!” Wang Keer urged.

Siena Liang smiled wryly, took a big breath, as if he had made a lot of determination, raised his cup, raised his head and started to drink.

“Gudong… Gudong…” Seeing Siena Liang sipping the juice from the cup, Wang Keer’s eyes turned dark, and the corners of her mouth also pulled out an imperceptible smile.

When Siena Liang finished drinking, she felt her belly distended extremely uncomfortably.

Holding back the swelling pain in her stomach, she looked at Wang Ke’er who had returned to a harmless smile, and smiled reluctantly, “I’m done drinking, is that all right?” “Um! Siena,” Wang Kerer held her hand with some excitement, “Thank you!” Seeing her finish drinking, Wang Kerer didn’t rush to leave, but

seemed to be enthusiastic and intimate with her. After chatting, “Siena Liang, um…are you and Lawrence very familiar?” Siena Liang did not expect that she would ask directly like this, with the same expression on her face, while placing the cup in front of her After thinking about the space on the glass table of Wang Ke’er, he replied, “Isn’t it very familiar, I have met twice before because of other things.” “Really?” Wang Keer obviously didn’t believe it. “But he went to the cafeteria to look for you last time, he blocked the ball for you a few days ago, and he also took you to other classrooms to paint… You guys, maybe it’s just as simple as twice?” Siena Liang f*cked her eyebrows, “If you don’t believe it, you can ask him.” When Wang Keer heard it, she smiled and said, “Oh, I just asked casually. How can I not believe you? However, She looked at Siena Liang, “You haven’t lived in school recently, where do you live?” She has to inquire about it personally to be relieved.

“This,” Siena Liang smiled slightly, “should be my personal business, right?” “Well, I was talking too much. Haha!” Wang Keer smiled brightly on his face, but he was half angry in his heart.

She didn’t expect Siena Liang’s tone to be so tight!

As a result, the two were speechless for a while.

Siena Liang couldn’t help laughing as she looked at Wu Pianpian who was singing and dancing with a microphone in the distance.

That guy is really a lively lord!

After sitting for a few more minutes, Siena Liang only felt a little warm and her mouth was a little thirsty.

She raised her eyes and looked around, but could not tell whether the central air conditioner was broken.

“What’s wrong, Siena?” Wang Ke’er, who was always paying attention to Siena Liang’s every move, asked with concern when he saw this.

“Uh…Can you lower the temperature of the air conditioner? Maybe there are too many people in the room, and it feels a little hot…” Moreover, it seems to be getting hotter.

“Really? Then I’ll go down.” After Wang Keer finished speaking, she got up and left.

As soon as she turned around, she smiled viciously.

Humph!

Don’t you want to say nothing?

Is it getting hot now?

The good show is yet to come!

Wang Keer randomly pressed the air conditioner button on the wall and walked back, “How about it, are you feeling cooler?” Siena Liang was irritated with heat, but only nodded slightly.

“Maybe there are too many people in the room, and I also feel a little hot.” Siena Liang feels that not only is it hot now, but his mouth is also dry, and there seems to be a small group of unknown flames in his stomach. It was moving, and there was a feeling of moving bigger and bigger.

“You…” She looked at the juice cup she had just drunk, not without doubt, “Did you really just give me the juice just now?” Why did she have such a strangeness after drinking it for a while? What a terrible feeling?

It was like the feeling after being drunk last time, but it seemed different.

Wang Keer was taken aback for a moment, but she didn’t expect she would ask like that.

Immediately, she looked at Siena Liang with a panic and lost, “Siena Liang, what do you mean by this?” “I…Forget it…I don’t mean anything, don’t get me wrong,” Siena Liang shook his head. “I’ll go to the bathroom.” She wants to wash her face with cold water now, maybe that would be better.

Wang Ke’er, whose complexion was finally better, said with concern: “The bathroom in this room is broken. You can only go to the public bathroom outside. Shall I take you there?” When she first came up, she was magnificent in KTV. The decoration was surprised.

In a place like a maze, she might not find the bathroom easily when she goes out.

“Um…Thank you…” Siena Liang followed Wang Ke’er, because he was not walking very fast, he wanted to run.

Not only did she feel her dry mouth and tongue, but she seemed to lose strength.

After resisting the impatience in her heart, she finally arrived at the bathroom. Siena Liang rushed to the sink, turned on the faucet, and held a few large cups of water on her face before she felt a little more comfortable.

But the relief is only a few seconds.

The next moment, she felt that she seemed to be even hotter than before, and she felt a fire burning crazily in her body.

Looking up at herself in the mirror, she was shocked for a while!

That kind of self, his small face is red, like a box of rouge; lips are very dry, but they are also almost weirdly red; especially those eyes that were originally clear and beautiful, but now they are foggy A piece of… She is like that, charming, yet she is infinitely charming.

She supported the sink weakly to prevent herself from falling to the ground when she was unstable.

“Siena Liang, are you okay?” Wang Kerer whispered in surprise, “You don’t seem to be very good! Would you like me to help you take a rest?” Siena Liang smiled and shook his head reluctantly, “You Let’s go out and play first… I… I want to stay by myself for a while… OK?” “But…” Seeing Siena Liang ignored her, but started holding water on her face again, he said, “Then… …Okay, come here by yourself later!”

After all, she stepped on high heels, turned and left gracefully.

Before entering the private room, Wang Ke’er dialed the number just now – “Fortunately, you have people doing tricks in the private bathroom, otherwise it’s not that simple. The effect of the medicine has already occurred. Let your person send it up later. “In the bathroom, Siena Liang didn’t know what was wrong with her. She had never encountered such a situation before.

The whole body is hot, and I feel uncomfortable burning in my heart, but I feel extremely empty.

Want to catch something, but don’t know what to catch.

“Hmm…” The voice that came to her, she couldn’t help but feel it was strange, and the strangeness carried something else.

She was taken aback by this self.

Looking at himself in the mirror, even his eyes became a little red.

Shocked and scared, she turned around and went into a compartment without closing the door, so she squatted on the ground and hugged herself tightly.

With the urge to make the unfamiliar sound just now, she bit her arm in fear and swallowed the sound into her belly.

The tooth mark on her arm was very deep, but she did not dare to let go, just to keep herself from making any noise.

If she couldn't guess what happened now, she would be really stupid.

But who will it be?

Although Wang Keer's performance just now was strangely enthusiastic, it didn't seem to be her.

Who will it be?

At this time, she wished that someone could come from the sky to rescue her. She was panicked and scared.

I don't know what happened. The first person she thought of was Lawrence Lu.

But... if he sees him now, I am afraid that he will be very upset, right?

Where is Pianpian?

She wanted to find Pianpian, but just now she only wanted to come to the bathroom, and she didn't bring her phone out... What should she do?

At this time, a waiter-like person knocked on the compartment door where she was, "Miss Liang, Mr. Lu asked me to take you to rest."

Chapter 86

My wife, I am tired from singing with Wu Pianpian, and I am very thirsty.

She put down the microphone and wanted to go to the place where she was sitting just now to get a drink, but found that she did not see Siena Liang, nor was she seen in the room.

“Huh…Where did Siena go?” After drinking a sip of beer to moisturize her throat, and sitting for a while, she didn’t see Siena Liang coming back. She felt a little uneasy.

This kind of place has always been a mixture of fish and dragons, so clean and shallow can make no mistakes.

Worried, she picked up her mobile phone and wanted to call her, but after a ringing, there was a mobile phone on the table in front of her and the screen vibrating–Siena didn’t bring her mobile phone at all!

After waiting patiently for a long time, Siena Liang still didn’t come back.

Wu Pianpian didn’t want to wait any longer, grabbed Siena Liang’s mobile phone and stood up, and asked several classmates in the room. All the people who were cheering up said that they had not seen her.

Seeing Wang Keer, who was a little further away, was playing games with others, Wu Pianpian walked over and pulled Wang Keer, “Did you see Siena Liang?” “Siena Liang?” Wang Keer was having a good time. , Said in a daze, “No? What’s the matter?” “You really don’t know?” Wu Pianpian frowned and asked again.

“I don’t know! Did Siena leave?” “It shouldn’t be there.” Wu Pianpian shook her head, “the phone is still there.” “Could it be that you went out to transfer it?” Wu Pianpian sighed, “Forget it. Let’s play, I’ll go out and look for it.” Looking at Wu Pianpian’s figure going out, Wang Ke’er evoked a sarcasm: Now I know that your good sister is gone, is it late?

In the corridor of ktv, Wu Pianpian asked several waiters in succession, and the answer was that they had never seen this person.

Holding a mobile phone in one hand, Wu Pianpian trot away in a daze but eagerly, cursing herself in her heart as she ran.

She was so playful, she didn't even know when Siena disappeared, and she sang happily there alone.

She ran, trying to find someone, and bumped her head into someone's arms.

Before she could react, she heard someone yelling displeasedly: "How do you walk? Don't you look at the road?" "I'm sorry, I'm sorry!" She apologized repeatedly and raised her head, but couldn't help but miss her heart. Shoot.

The man in front of me is really a good-looking wife!

Not to mention his handsome appearance, he still has a special temperament on his body, the temperament of the king.

There were several people behind him, and the scolding just now was from someone behind him.

"Are you okay?" The good-looking man held her shoulders with both hands, pulled her away from his arms, and asked faintly, his voice was as good as the magnetism of a radio host.

"Uh..." She nodded blankly.

The man Jingui nodded calmly, and then moved to the side.

Immediately, someone said with a bit of flattery: "Mr. Zheng, please here." After they left, Wu Pianpian slowly recovered.

I patted my slightly flushed cheeks, and then I realized my purpose.

"Wu Pianpian, you are really helpless!" She screamed, and she hurried up again. Now, finding talent is the key!

I searched around the corridor of KTV twice, and rushed through several private rooms, but did not see Siena Liang.

In the end, she searched the bathroom next to each other, but found nothing.

After going to the private room to check again, after confirming that Siena Liang had not returned, Wu Pianpian was so anxious that she was crying.

Siena is not in the private room or the bathroom. Even if she wants to leave, she will at least greet herself.

Moreover, her mobile phone is still here, so she must be somewhere in this hotel!

She rushed out of the private room again anxiously, walking vacantly.

How to do?

She couldn't find anyone and didn't know what to do.

Worry, fear, and self-blame, these emotions overwhelmed her and made her cry anxiously.

"Siena...come out soon! How should I find you?" She was flustered and anxiously tapping her head with her mobile phone. She was not weak because of self-blame and guilt.

Suddenly, she stopped tapping her head with her mobile phone, and her eyes lit up when she looked at the shallow mobile phone in her hand.

After jogging to find the location of the corridor entrance, she took a deep breath, then turned on Siena Liang's cell phone and found out the name of Lawrence Lu who had been ridiculed by Siena Liang settings, closed her eyes, and vigorously pressed the call The key... At that time, Lawrence Lu, who was having an overseas meeting with several senior executives of the company, was talking about the important points when the mobile phone on the table rang suddenly.

Lawrence Lu paused, winked at Li Song who was on the side, and motioned to him to turn off the phone.

Li Song looked at the caller ID, then looked at the President who was continuing the meeting, hesitated for a second, and then hung up.

Wu Pianpian was still in a state of anxiety, and she was stunned for two seconds when she heard the ringing tone of being hung up.

Biting his lip, he continued to dial.

At this time, she really couldn't think of who she could find.

"Woo-" In the conference room, the phone just placed on the table vibrated and danced.

Lawrence Lu frowned, glanced at the screen, and Li Song hung up the call fast enough.

In less than five seconds, the phone vibrated again.

Li Song's face collapsed and his belly slandered: This Miss Liang is really true, don't you know that his president is talking about a billion-dollar bill?

What kind of call are you keeping?

Is it too early to warm the bed?

Thinking about this, he tremblingly stretched out his hand to turn off the phone in full view.

However, before his hand had time to touch the phone, the president of his family had a bad face but he took the phone one step earlier, said "rry" to the video, and stood up holding the phone. .

“What are you doing?” He didn’t go out, but came to the window, took the cigarette out of his pocket, lowered his voice, with a slight displeasure.

“That…is… Lu… Lawrence Lu, President Lu?” A thin female voice came from the phone.

Lawrence Lu’s action of lighting the cigarette stopped, took the phone and took a look. After confirming that it was Siena Liang’s name, he held the phone to his ear again, frowning, “Who? Why did you have Siena Liang’s call? When Wu Pianpian heard this, she burst into tears of joy.

Regardless of saying anything else, I can’t find Siena Liang’s thing to say— ”I…Siena Liang is gone…I can’t find her, what should I do?” “What did you say? Say it again?” Lawrence Lu yelled, and everyone present was shocked.

Wu Pianpian was also frightened.

I was worried that Siena was so worried, how can he stand to be yelled at by him now?

“Woo… I don’t know where she went, I searched all the way but didn’t find her, and didn’t bring her phone… I don’t know if she drank too much and met a bad guy… I’m sorry, I…” I don’t know. Not too much!

She is gone!

damn it!

“Aren’t you having a dinner together?” Why do you drink again?

He held the hand of the phone, thinking about the first time he and her were confused, and couldn’t help but step up his efforts.

Wu Pianpian just said anxiously: “What should I do? Siena hasn’t seen it for a long time… Wu Wu…” When Lawrence Lu heard the words, his heart suddenly

tightened. He darkened his face and gritted his teeth. “Address?” Hang up. After receiving the call, he turned around and walked outside the meeting room, regardless of the half of the meeting.

All of them stared, wondering what happened to the chief executive.

“President?!” Li Song hurriedly stood up, “The meeting is not over yet.” Lawrence Lu ignored it and opened the door and went out.

Li Song gritted his teeth and followed, “President, wait!” He said as he ran to catch up with Lawrence Lu’s steps, “What’s wrong with Ms. Liang?” “…” Lawrence Lu didn’t answer, just the steps under his feet. Step forward.

“President, should I deal with it? You go back and continue the meeting?” Li Song asked tentatively.

You know, that’s a billion-dollar list, and it’s about to be concluded soon!

If his president left without saying a word, then… “No!” “But…” “My wife, I’ll find it myself!” “Huh?” Li Song was stunned, and didn’t respond for a while. Come over, “Wh…what wife?” “Siena Liang, she is my wife!” “Well, the photo has been sent, immediately call up all your surveillance videos tonight, and show me the person’s Whereabouts! As soon as possible!” Lawrence Lu leaned on the back seat of the car and gave a cold call to the mobile phone. Then he hung up the phone and started smoking one by one.

Li Song drove the car in front of him, and from time to time he glanced at Mr. President, who was sitting in the back seat and smoking a sultry cigarette.

“Hurry up! What do you see me doing?” Lawrence Lu glared at him, his tone irritable.

Now, he wished he could fly over!

That dead woman Siena Liang really didn’t let him worry for a day!

It would be okay if she was playing and hiding by herself, but he would just be mad at her then.

But, what if it was taken away?

What should she do?

At this moment, the feeling of worrying that she would suffer in Wu's room last time filled his heart again, and it seemed to be stronger than the last time.

"President…you…really and Miss Liang…" Looking at the night, Lawrence Lu said solemnly and earnestly: "From now on, call her Mrs. Lu!"

"Uh…" Li Song wiped his sweat, "You…really married?" Even now, he still feels like he is dreaming?

Two people who pretended not to know each other a few days ago, how can they be knotted?

"You want me to show you the marriage certificate?" Li Song smiled, "No, no, that's not necessary." Then he whispered, "President, you say, Liang…oh no, madam she will Where is it?" "…" He threw the cigarette butt out of the window and opened the window to its maximum, trying to keep the night wind calm.

where is it?

If he knew, he wouldn't be like this moment, restless, but don't know what to do.

Seeing his reluctance to speak, Li Song had to comfort him: "President, don't worry too much, you must be fine." Lawrence Lu closed his eyes and pinched his slightly painful eyebrows with one hand, "Hurry up!"

Chapter 87

His anger and distress are all because her door was opened from the outside.

In the room, only a dim yellow wall lamp was turned on.

The visitor looked at the woman who was twisting slightly on the wide bed, and her lips were raised in satisfaction.

Shutting the door backhand, he walked inward step by step, unbuttoning his clothes as he walked.

In the summer season, I had worn less, but not long after that, the man took off his clothes and pants, leaving only a pair of close-fitting briefs.

Fat Gun climbed onto the bed and gently lifted some quilts.

Looking at the little woman under the quilt, the skin all over her body was flushed, and she was writhing uneasy and anxiously.

He couldn't help laughing unkindly.

"Baby, isn't it uncomfortable?" Siena Liang only felt that her whole body was burning, and the heat made her feel uncomfortable and want to cry.

At this time, she almost lost her consciousness, heard the voice in a daze, and nodded desperately.

She was really uncomfortable.

"Don't worry, I will make you feel less uncomfortable right away." Siena Liang muttered unconsciously, "Lawrence Lu…so thirsty…I'm so thirsty…so uncomfortable…" "Hey…baby , Your voice is so good!" As he said, he stretched out his fleshy hand and rubbed her cheek, "Isn't that nice?"

“Hmm…” She nodded obediently, feeling the touch, as if she felt a little better, and couldn’t help moving her head closer.

“Huh! Do you know to take the initiative now?” The man snorted contemptuously and smugly, “Didn’t you pretend to be high-minded before? However, your upside-down look is not bad, hahaha…” “Lu… …Mr. Lu…” After Wu Pianpian called, she ran to the hotel entrance and waited for Lawrence Lu to arrive. Now seeing him get out of the car, he rushed over, “I’m sorry…” Lawrence Lu just glanced at her, but didn’t Say more.

“Mr. Lu!” At this moment, two men in suits rushed over from the hotel, “I have found it, in 1901.” “Yeah,” Lawrence Lu nodded, “Thank you.” After that, he went straight to the hotel. Walking in the hotel, the people behind quickly followed.

When he arrived at the door of 1901, Lawrence Lu clenched his hands into fists unconsciously and took a deep breath. Then he said to one of the men in the suit, “Go!” “Yes!” The man should be the tall man in the hotel. The manager, he stood in front of the door, took out a golden master control card from his pocket, swiped it on the sensor – “Beep –” Lawrence Lu looked at the opened door with a calm face. He whispered: “You are waiting here!” In the room, the man was leaving to take off Siena Liang’s clothes.

As soon as I pulled the T-shirt to half waist, I heard the door ring, and then someone opened the door.

Looking back at the door in surprise, he saw Lawrence Lu strode in, with the aura and anger of a regional madman.

The man didn’t expect Lawrence Lu to appear here suddenly, and couldn’t help but opened his mouth in surprise, “Mr. Lu?” Before Lawrence Lu came in, he was fully psychologically prepared.

He came today, no matter what she was, he wanted to take her away.

He didn’t know if she was drinking, if she was drunk, or how she was.

So, he let the rest of the people stay outside.

However, as soon as he entered the room and saw the situation in the room clearly, the anger in his heart rose rapidly, burning his limbs.

The woman, lying there like a rag doll, was breathing fast.

And the man who was close to Guangguo next to her was planning to mislead her.

In an instant, he felt betrayed, and his whole body was shocked!

A few steps to the bed, he grabbed the man’s arm with both hands and threw him to the ground.

“Lu…Mr. Lu…” Although the man was all fat and had a thick carpet on the ground, he did not fall lightly.

Especially seeing Lawrence Lu’s furious appearance at the moment, he was shocked and panicked so that his whole body was trembling.

Lawrence Lu didn’t even look at him, but looked viciously at the woman lying on the bed with her eyes closed, and said angrily: “Siena Liang!” But Siena Liang frowned, and his small hands grabbed his neckline. “It’s hot…” He looked at her, frowned, and reached out to grab her, trying to grab her.

His hand was on her arm. The hot heat made her feel happy. She grabbed the neckline’s hand and grabbed his hand, “Well…” The heat on her body made him feel hot. With a heartbeat, he squinted and looked at her carefully, thinking she was not quite right.

He shouted again, but she just looked at him with big misty eyes, then let go of his hand, and she was about to take off her t-shirt.

“It’s so hot… so uncomfortable…” Suddenly, he understood everything!

The movement quickly pulled over the quilt and wrapped her tightly. He turned around and looked at the man who was still sitting on the ground, his eyes were blood red.

“Lu…” “Have you drugged her?!” The roar was full of violent anger.

“I…” The man couldn’t say clearly, he just shook his head vigorously, “No…” “President Li, you can do such abusive things!” “It’s not… it’s not me… …” Lawrence Lu didn’t want to listen more, so he kicked him violently.

“Ah -” Li Xingchang yelled, holding the place of his heart, “cough cough…” He spit out a mouthful of blood, feeling that his heart was about to be shattered.

Lawrence Lu gritted his teeth, bloodthirsty craziness in his scarlet eyes.

He squeezed his fist, saw Xing Chang lying on the ground and couldn’t get up, but only smiled mockingly, walked over, grabbed his hair and lifted him up, and his powerful and angry fist hit like a rainstorm. His face.

“Mr. Lu, spare me! It’s really not me!” President Li was beaten weakly and he had to hold his head and begged for mercy. “I was wronged…” “You** say one more thing today, Xiao Lord, I won’t beat you to death today!” Lawrence Lu interrupted him fiercely, his fists slammed faster and harder.

President Li didn’t have many opportunities to deal with Lu, and he had heard that Lawrence Lu was not sociable, but he had never thought that Lawrence Lu was like this in real life.

Is he going to be beaten to death here today?

He was scared in his heart, but after listening to Lawrence Lu’s words, he had to shut his mouth and silently accept his fist.

“My man, you want to move too, are you impatient?” After a long while, looking at President Li who was beaten with a nosebleed, Lawrence Lu threw him to the ground and moved. Some of the painful hands still didn’t feel relieved, and he kicked twice on Governor Li again.

Seeing President Li who was curled up in a ball, Lawrence Lu spoke coldly, his eyes were filled with dark birds, “Wait a minute, answer yourself better, don’t make trouble for me, otherwise…” After speaking, he kicked again. Turning around, looking at Siena Liang who kicked off the quilt again at some unknown time, he frowned and wrapped her in the quilt from head to toe tightly. Then he bent over and hugged her and turned and strode outward. Went out.

“Mr. Lu…” “President…” The few people waiting at the door opened their mouths when they saw Lawrence Lu holding what was wrapped in the quilt.

Lawrence Lu paused, and instructed Li Song: “Send the person inside to the place to go, how to say and do it, you should be smart.” People who dare to move him, Lawrence Lu, can’t solve it with a beat. of.

Li Song nodded, “Yes.” After the order was over, Lawrence Lu turned around and said to the hotel executive: “I don’t want anyone else to see the surveillance video tonight! Also, I must not reveal any news! “After speaking, he nodded faintly, “What happened today, even if Lu owes the favor of the two, it will definitely be doubled back in the next day!” Maybach galloped on his way to the hospital.

Lawrence Lu mentioned the speed again and again, but in this first-tier metropolis, he drove the speed to 180 miles.

Siena Liang was lying on the back seat and she had already kicked off the quilt. She only felt like she had been bitten by thousands of insects, and she seemed to be walking into the desert hot by the sun, thirsty, and heat.

“It’s hot…water…” Although the speed of the car is high, the sound insulation of this tens of millions of luxury cars is also excellent.

As a result, the car was extremely quiet, and he could hear what she said clearly, even if her voice was vague.

His brows were frowned, and the hand holding the steering wheel was also vigorously squeezed. After thinking about it, he spoke softly, as if to comfort him, “Yi Ren, I will be in the hospital soon. Huh?” Xu Ye heard the voice, Siena relied on the craziest desire and thoughts in her heart to support herself strongly, and threw herself on the back of the posture seat, rubbing her hands indiscriminately.

“…” Lawrence Lu gritted his teeth, almost squeezing a voice from his teeth, “Damn it, sit down!” Her hand touched his face, and she let out a soft sigh of satisfaction, “Here… So comfortable…” “I told you to sit down, didn’t you hear it!” “I’m so hot…” As she said, she sobbed aggrievedly and uncomfortably, “I feel uncomfortable…” He touched his head and went to stick his face.

Her behavior made him careless, and the car swayed to one side, shocked that the car behind slammed its horn in dissatisfaction.

Lawrence Lu was a little irritated by her, and pushed her away irritably, “Observe!” “Hmm…” She was obedient, and fell on the back seat, “Uncomfortable!” He escaped from her “devil’s palm”. Lawrence Lu, just breathed a sigh of relief, didn’t want to catch a glimpse of her in the rearview mirror. He was about to take off her clothes, his eyes widened in shock, “Damn it, don’t take it off!” Siena Liang had no control over this. Seeing that he couldn’t take it off, he was shocked by the sudden roar, teardrops rolled out immediately.

“I’m hot…” “Damn it!” Lawrence Lu slapped the steering wheel hard, cursed, hit the steering wheel, turned the car around, and drove straight to Nanhu… No. 88 Zhang Jian is in love with you on the 630book, the fastest update of the latest chapter of Lu Shao’s wife 99 degrees!

Chapter 88

The arrow on the string lifted his foot to close the door, and Lawrence Lu went upstairs holding the unconscious Siena Liang.

His steps are eager, but extremely steady.

Step by step, firm and strong.

“Hot…” Siena Liang muttered irritably. She felt that she was in a barren desert at the moment, making her feel uncomfortably hot and she was too thirsty to breathe.

She wanted to go out, find a stream, put herself in it, and let herself escape this fiery emptiness.

She rubbed her head against his chest, and his arms climbed onto his shoulders. The warmth below her body made her sigh contentedly.

Seeing the hand of the woman in his arms making trouble on his body, Lawrence Lu frowned, gritted his teeth and shouted, “Damn it, give me peace!” His yelling didn’t make her stop her ongoing actions. , On the contrary, more and more dissemination.

“…” He was speechless, speeding up his steps.

Finally came to her room.

Lawrence Lu kicked open the door of the room without panting, walked in a few steps, and put her on the bed.

Just about to get up, the woman on the bed put her arms around his neck.

Lawrence Lu bent his body slightly, closed his eyes, and said softly: “I’ll pour you some water, be good…well…” Before the words that seemed to be

soothing were finished, he stared in disbelief. Looking at the red-faced little woman close at hand, I only felt a rumbling in my mind.

On the lips, there is a soft and soft touch, as well as shocking heat.

After blinking in a daze, a big explosion of thunder sounded in his always-thinking mind–he…Is this forced to k!ss by her?

He didn't spend much time with her, but in his conscious memory, this was already the second time she had k!ssed him actively.

The first time, the last time he rolled down the stairs, he pretended to be dizzy, and she gave him artificial respiration in a panic.

This time, he knew she was under the control of drugs, and she was acting unconsciously.

But… "I'm so uncomfortable, help me…" He heard the voice as fine as a mosquito moan, but he heard clearly, without missing a word!

This kind of remark made him, a full-blooded adult man, couldn't help taking a breath.

He pressed her arm with both hands to loosen his restraint, he slightly propped up, gritted his teeth and squinted at the woman under him, "Siena Liang, do you **know what you are doing?" "…" He was speechless, But helpless, he took a deep breath and frowned at her.

At this time, her face was so red that she looked like a red apple because of her face; there were large drops of sweat on her forehead, and fine sweat on the tip of her small nose; Yan Hong's lips fluttered like a little fish out of the water… Lawrence Lu gritted his teeth and looked at her at this moment. His heart was suffering unbearable, but he was extremely grateful–fortunately he found her and took her with him. Come back, otherwise… Siena Liang got

away from the touch that could make her feel a little better. At this moment, she was stopped by someone, making her almost choked.

“Siena Liang, try moving again!” Siena Liang faintly felt that someone was yelling at herself. She was even more aggrieved, and her tears fell in large drops, “Woo…” “Whoo!” He was so angry, but There was nowhere to vent, he could only suppress the boredom in his heart, and exhale.

She blindfolded her eyes, her hands firmly grasped the skirt in front of him.

I vaguely felt that this was wrong, but she couldn’t control herself.

Even if it is wrong, if she doesn’t do this, she will definitely die.

She k!sses unorganized, clumsy and unskilled.

But it seemed more difficult to refuse than a skilled k!ss, and it also tortured his willpower.

At this moment, he was quite dry and a voice echoed in his heart-Lawrence Lu, the person under you is your wife recognized by law and the wife you choose by yourself. You can do anything to her. , Including… love her.

Yes, she is his wife, Mrs. Lu who appeared on the marriage certificate with him. Even if he wants to treat her, it is reasonable, right?

Besides, she needs him now, doesn’t she?

Finally, he moved closer to her, quickly and with a hint of excitement.

Little by little, little by little, he got closer and closer to her… When he was only an inch away from her small face, the scene of the hotel flashed across his mind, and he suddenly stopped moving.

Without thinking about it, he pulled her farther away and looked at her misty carefully and seriously.

After a long while, he asked word by word: “Siena Liang, say! Who am I?!” He wants an answer to this question!

Even if he knew that she might really have no idea at this time.

However, he was unwilling to do anything to her when she was confused.

In that case, afterwards, she would blame him, blame him, accuse him of forcing her to take advantage of her; and he would look down on such self.

But the current situation made her feel uncomfortable, and he was not much better than her.

Although today, even if something happened to him and her, there was a sense of being invincible and not a gentleman.

But if he and a woman who doesn’t even know who he is, then he is not a gentleman, it is no different from an animal!

“Hot…” He gritted his teeth and asked again, “Say, who am I!” Siena Liang was a little dizzy by her shaking, and muttered something, “You…I’m hot… ”

“I’m asking you who am I?!” “You…” she replied with her eyes open reluctantly, aggrievedly crying, “Lu…Lawrence Lu…” “Boom–” The breath that had been suffocated suddenly changed. Get comfortable.

He suddenly felt that something was gently rolling over his heart, as sweet as happy, but he spoke again in a daze, “Who am I, say it again!” “You… are… Lawrence Lu… Uh…” Seeing her aggrieved, he was satisfied, and the corners of his mouth were slightly aroused.

This time, he didn’t hesitate anymore, and quickly bowed his head down… The night breeze blew in through the open window gently, blowing the blue curtains… “Dingdong–” came suddenly. The door bell rang abruptly in the original charming.

“Ding Dong-Ding Dong -” The person who opened the door was delayed, and rang the doorbell impatiently again, even more urgently than before.

Lawrence Lu stopped his movements, his breath was disturbed.

The current self is really an arrow.

Send it, don’t let the doorbell; don’t send it, he feels uncomfortable!

He took a heavy breath, turned over, and pulled the quilt to cover her.

His chest was undulating fiercely, and looking at the little man who was dissatisfied with his actions, he cursed in a low voice: “Damn it!”

Chapter 89

“You’re such a way of pressing the doorbell, and you are not afraid of breaking the doorbell of my house!” Lawrence Lu opened the door fiercely, feeling a little frustrated at the person standing outside the door. angry.

Solan Bai snorted, and ran into the room carrying the medicine box, “Look at your desperate and dissatisfied look! Didn’t you make me come here quickly? Why, I am coming here in a hurry, and you still lose your temper. Interesting. After speaking, he looked suspiciously at Lawrence Lu, who had closed the door and followed him, and carefully glanced at him, “Your posture…something!” “There is a fart situation!” “No?” Solan Bai Raised his eyebrows and looked at him, obviously not convinced, “Your clothes are wrinkled and your hair is messed up. Couldn’t you just roll off the bed?” “Cough…” Lawrence Lu gave a slightly unnatural cough.

“What?” Solan Bai glanced upstairs, blinking gossiping, “has been resolved?” Hmm!

If Solan Bai hadn’t bothered him so much if he didn’t show up early or late, he might have already reached one third by now.

“So much nonsense! Go up quickly!” After that, he walked upstairs first.

Solan Bai shrugged and followed.

Standing in front of Siena Liang’s room, Lawrence Lu put his hand on the doorknob and glanced at Solan Bai, “I will go in first, and you will come in later.” “How are you satisfied? I have no idea.” “Humph. !” Lawrence Lu snorted and turned the door handle open. After entering the room, he closed the door again, but did not close it tightly, but assured Solan Bai that he would not see the situation in the room.

The quilt on Siena Liang’s body had long been pushed to the end of her toe.

Lawrence Lu took a breath, secretly sighed that he was witty and did not let Solan Bai follow in, and he leaned over and pulled down the compassionate shirt on her body, then put the quilt on her again, then turned and said to the door: “Come in. Come in!” Solan Bai muttered as he came in, “I said you are really…my god!” Solan Bai approached the bed, and glanced at Siena, whose face was so red that he was still writhing uneasy on the bed. Qian could not help but exclaimed, “So serious!” Lawrence Lu’s brows frowned tightly, “Hurry up! Isn’t it uncomfortable to see people?” Solan Bai stopped joking, returned to his serious look, and opened the belt. The medicine box that came, prepared medicine.

Seeing the syringe being injected with the medicine slowly pushed, Lawrence Lu pressed his lips tightly, a little irritated, and wanted to smoke, but when he took out the cigarette, he swept Siena Liang on the bed and put it back in his pocket depressed. in.

“Is it all right after the injection?” Throwing the syringe in the trash can, Solan Bai said, “Basically, there is no problem.” “What is basically no problem?” Lawrence Lu was dissatisfied, “I’m sure what I want. Ok?” “My technology, don’t you worry about it?” “Okay.” Lawrence Lu nodded.

I don’t know what medicine Solan Bai gave, but Siena Liang calmed down in about five minutes, and his breathing was no longer so fast.

“Satisfied?” Solan Bai squinted at Lawrence Lu, who was slightly relieved. “I added a sleeping element to her and let her sleep for a while.” In the living room.

“Did your little wife offend someone? You’re so cruel?” Solan Bai looked at Lawrence Lu next to him with his eyes between his hands.

“It’s not clear yet.” Lawrence Lu frowned and squinted his eyes slightly. “However, I will find out.” He absolutely and absolutely cannot tolerate anyone who dares to move him.

Solan Bai nodded, “The ingredients of the medicine are so heavy, you don’t need to solve it yourself, don’t send her to the hospital, you…” Lawrence Lu sneered, “What do you know?” He was almost at the hospital. However, he suddenly turned the front of the car, went straight back home, and called Solan Bai by the way. After talking about the whole story, he hung up.

To the hospital?

Siena Liang was like that just now, and he felt uncomfortable when he thought of accepting the strange eyes of others.

“Why, I’m afraid of being pointed at?” Bai said with a clear smile, and said with some exclamation, “Axun, have you noticed that you seem to be different from before.” “Different?” Lawrence Lu smiled. He smiled, “I didn’t think it.” “Really?” Solan Bai shrugged, “You used to be, if you didn’t care about anyone, you wouldn’t care too much.” Lawrence Lu’s face changed slightly and he didn’t

admit it. Don’t you hang the title of Mrs. Lu on her head? If she does, it’s just my face that will be lost.” “Heh!” Solan Bai shook his head, “Just because she is Mrs. Lu?” Lawrence Lu glanced at him sideways. “Otherwise?” “A dead duck? I don’t know what your character is. Don’t you know? If it’s not the person you care about, you can go to find her and save her today because she is Mrs. Lu, directly Just throw her to the hospital. But you, not only did not do this, but also let me bring something to you. What does it mean? You are not afraid that you will be pointed out, but you are worried that others will see her indecent scene , I’m afraid she will be criticized in the future!” “…” Lawrence Lu shook his hand with Cigarette.

is it?

Is that right?

Solan Bai threw the cigarette butt into the ashtray, “If I guessed correctly, if I came later just now, Siena Liang won’t need me to give her an injection, right? You guy, although sometimes there is a picture. Cynical, standard second world master appearance, but it is absolutely impossible to ask you to do what you don’t want, let alone this kind of dedication.” “Grass the grass!” Lawrence Lu threw the cigarette butt in annoyance. “Still devoting yourself, do you want to laugh at me? Can you not speak so sourly?”

He said this, but he couldn’t help asking himself in his heart-if Solan Bai hadn’t come at that time, would he… continue with her?

But the voice in my heart gave the answer-yes!

Will continue to make her not just his nominal wife!

When the phone rang, Lawrence Lu took a look and then picked it up.

Without asking for a minute, I hung up.

Solan Bai raised his eyes to look at Lawrence Lu, “What?” Hearing that, Lawrence Lu’s eyes became horrible, but the smile on his lips deepened. “Li Song said that the record has been completed, I will go out.” The look and tone are like a lion looking for delicious prey, not cutting, arrogant and angry.

Solan Bai raised his eyebrows, his eyes were a little bit more joyful, “Should I do something for you?” Lawrence Lu lifted one corner of his lips and shook his head gently, “No, I’ll do it myself,” said Then, he sneered and spoke slowly, “I want to see how bold they are!” Solan Bai also smiled, “Okay,” he stood up and patted Lawrence Lu on the shoulder, “just now What I say to you, don’t take it seriously. In fact, both Lao Zheng and I are very happy to see your changes now. You are so angry, and it is your blessing to have a stupid little girl tolerate you. After all. , You, who liked someone like that before, looked too tired to look at.” “Hey!” Lawrence Lu frowned, bothering him whether he opened or raised which pot.

“Treasure the moment, this time, don’t miss it. You guys actually match up.” After saying that, Bai rectified his clothes, picked up the medicine box and walked to the door, “Go back first, just still on duty, rushing Come here and let my colleague take over.” “Huh!” Lawrence Lu hummed unhappily. Thinking of the little carrot head sometimes stupidly stupid, he suddenly found that he couldn’t find words to refute Solan Bai with confidence. .

After thinking about it, he just said contemptuously: “What can you do with your bad job! I’m exhausted, I can’t make a lot of money, but there are more and more wrinkles!” Solan Bai couldn’t comment, his steps calm and strong.

Holding the medicine box, he is tall and has a straight back. Even the back of this guy is charming and beautiful.

“Right,” Solan Bai just opened the door, but was not in a hurry to get out. He stood there and turned around, smiling faintly, but his tone was extremely serious, “Although you won’t let me participate, I still have to say, Don’t let go of the guy who is plotting against my younger brothers and sisters, don’t be resigned, understand?”

Lawrence Lu smiled, with a bit of a fox's fierceness, "Don't worry!" Even if Solan Bai didn't say that, he wouldn't plan to stop it.

He would not allow and never tolerate anyone who dared to touch him Lawrence Lu.

Even if you just have such an idea, it won't work!

After Solan Bai left, Lawrence Lu went upstairs to change his clothes, and then went to Siena Liang's room to take a look.

The effect seems to be pretty good.

The temperature on her body has obviously dropped, and her face has returned to normal. At this moment, she is lying in bed and sleeping.

It's just that the sweat just now wets the hair on her forehead and clutters it on her forehead and face, but it also makes her look more docile, like a neighbor's little sister.

After experiencing the scene just now, his mood at this moment has already returned to calm.

Seeing her in front of him, he only felt at ease.

It is only natural for him to protect his wife.

Now that she was safe and sound, he also felt calm.

Regardless of their marriage, it is his duty to protect her.

Thinking of the touch on her waist just now, there seemed to be some delicate soft warmth remaining in the palm of her hand.

He was so awkward that he couldn’t help but stretched out his hand, wanting to touch her cheek again.

But when he was about to touch the skin on her face, he shook his hand and changed direction, only gently smoothing the messy hair between her forehead.

What he didn’t know was that only Ye Feng and everything in the room knew about himself in this scene. How different Lawrence Lu was from the arrogant and arrogant him in the ordinary day.

That face of tenderness quietly climbed onto his handsome face, like he seemed to have loved her for a long, long time.

He covered her quilt again, and then he turned around and went out.

He took the car key and drove away from Nanhu.

Right now, he has more important things to do.

Chapter 90

The people around the president are not easy to provoke. “If there is no objection, just sign.” The person in charge of the record threw the record book over, with a slight expression and a bit of contempt and impatience.

Looking at the handwriting recorded on it, Bank Chang Li’s face was so pale that he couldn’t stop shaking his lips.

He clearly told the truth about the matter, but the record book is different from what he said.

To allow yourself to do the transcript is just a cutscene.

The above content, from beginning to end, everything is my own fault!

“Wait a minute, answer yourself better, don’t make trouble for me, otherwise…” Lawrence Lu’s words echoed in his ears.

Over and over again, hitting their own ability to bear.

President Li sat in a narrow chair, his clothes crumpled in a hurry.

At this moment, he was slightly bent over, with a blue nose and a swollen face. At a glance, he knew how hard the person who beat him was.

He looked at the person in front of him tremblingly, panic.

If he still doesn’t mean what Lawrence Lu said, then he is really too stupid.

“What are you doing in a daze! I’ll ask you to sign!” The person in charge of the record let out a loud voice.

“I…the content is different…” President Li was still fighting for the last time.

“What’s the difference?” Li Song, who was listening all the way, smiled harmlessly. “President Li, is there anything wrong with what you said?” Mr. Li raised his hand and wiped the cold sweat on his forehead, moving out of his identity, trying Change some tolerance, “Assistant Li, I’m the president of xx bank, are you doing too much like this? After all, we will see you from now on without looking up.” Li Song smiled, “You think you’re from After I go out here, I can still be the president?” “What…what do you mean?” “Literally.” Li Song stood up and glanced at the record book. “President Li sits in his current position, and he must also know my president. Not an annoying host. Do you think that one of you is not easy to provoke, but you want to provoke the people around the president?” Mr. Li looked puzzled, thinking about what Lawrence Lu did in the hotel just now, his heart suddenly became half cold. “Siena Liang? Is it from Mr. Lu?” Li Song gave him a look of “your own experience” and smiled, “President Li, you should be more familiar with you when you are talking to you now. Could it be that, Are you sensible if you have to be rough with you?” After speaking, he tilted his head, “Or, do you feel at

ease if you want to show your current appearance to Mrs. President?" "..." * ** After Li Song was done with the police station, he went to Jingyi Villa non-stop, stood in front of a certain house, and knocked on the door.

Not long after, the door opened.

The person who opened the door was not someone else, but Director Chen, the chief director of the popular "Flower on Mosque".

He seems to have gone to bed, wearing a loose nightgown.

"Are you?" "Hello, I am Lu's special assistant to the president, Li Song. I don't know if Director Chen is free, let's talk?" Director Chen is a new hot director of romance dramas, because he is connected to the director. He made two costume dramas and became famous.

"Special Assistant Li came to Mr. Chen so late, I don't know what you can do?" Director Chen, who had already invited Li Song into the living room, asked questioningly.

Li Song didn't circumvent the corner, and asked directly: "Director Chen's latest film, is Warnia's female number one, right?" Director Chen has been in the film and television industry for so long, and he is considered a personal talent.

What this means is that Lu is going to invest in sponsorship, right?

"Yes." "Then what if our president wants you to withdraw her female number one?" Director Chen's wishful thinking didn't work, and depending on the situation, it was developing in the opposite direction from what he thought. .

"This..." "If there is any inconvenience to Director Chen, you can speak up." Although Director Chen didn't know what Lawrence Lu's idea was, he still said with some embarrassment, "It's true, if the show hasn't started, Lu's sentence If you do, I can do it. But the problem is that the filming has already started. If

you want to change the heroine, it means you have to do everything again. This is not just a waste of manpower, but also involves the issue of funds…" Li Song licked his lips and nodded, "You don't have to worry about the funding issue. All the extra money will be borne by Lu's. It may be a bit hasty today, but our president said that you can come to Lu's to sign the contract tomorrow." Director Chen was stunned. Although he was happy that Lu could invest, he did not lose his mind.

He smiled embarrassedly, "Special Assistant Li, even if this is the case, the reason why we chose Warnia to act before is not only that she is good, but also has certain acting skills. The main reason is that their family has also invested in…" "This is easy to say. How much the Liang family gave, the Lu family paid five times." "…" Director Chen felt like he wanted to cry.

You need to know how much time and how many meals he had to spend before he went to raise funds for sponsorship to be successful. Today, there is still fat delivered to the door, but he feels a little difficult to swallow.

"However, we signed the contract with the actor. If I withdrew her so unclearly, the penalty…" It is not a small amount.

"Liquidated damages? It can also be counted on Lu's side." "But it doesn't seem to be easy to suddenly find a suitable candidate." Li Song smiled and glanced at the one that suddenly flung out of the corner upstairs. The feet of the pink slippers, "Does Director Chen have some ready-made ones?" Director Chen also looked upstairs, his face was slightly embarrassed, and he coughed, "Little newcomer, everyone understands that in the circle, ha ha. However, I can ask, what is the reason for Mr. Lu to do this… so much?" "Our president just doesn't want to see her, that's all." Looking at the watch, Li Song continued, "Director Chen, just say that. You withdrew from Warnia's position. In the future, as long as it is a TV series or movie you make, Lu can invest all of it." "Huh?" Director Chen was inevitably surprised, but in the next second he felt favored by the god of luck.

That's Lu's!

With Lu's full sponsorship and support, isn't it close to his dream of becoming a domestic first-line director and going international?

Thinking of this, he no longer hesitated, "Then, everything depends on Mr. Lu's arrangements." Li Song nodded with satisfaction, "However, our president has a request..." Warnia held the phone in his hand, slowly Was pacing in his room, looking good.

After a while, the phone rang, and she quickly picked it up, "Hey! Kerr, what's the matter?" Wang Keer said over there: "Someone just took the president Li away, but I didn't see Siena Liang. How did you respond? What's the matter?" Warnia's face changed, "Are you sure? It's impossible!" "What's impossible? The noise is so loud, and now everyone in the hotel knows." Warnia closed her eyes impatiently. Did you see Siena Liang?" Wang Keer was inevitably gritted his teeth, "I still want to ask you! Didn't you say that you are foolproof? I have spent my thoughts and money not to say, now you give me a Big Oolong?" "Ke'er, don't get angry first, listen to me..." "Listen to you?" Wang Ke'er said angrily, "I'll tell you, Big Star Liang, you will give me this matter. Remember, if something really happened, it doesn't matter to me. After all, everything is done by your people, and I have nothing to do with it, you know?" "You..." Warnia was so angry that he wanted to curse, but I had to suppress my anger again.

Wang Keer's meaning couldn't be more obvious, he wanted to completely separate from her.

She wanted to say something more, but Wang Keer had already hung up the phone.

Warnia frowned and called a certain number, only to inform her that the other party was turned off.

Looking at the phone, Warnia was anxious and uneasy.

That kind of mood bothered her very much, so she lit herself a slender lady's cigarette and smoked it.

At this moment, Beatrice came in with a bowl of things and said with a smile: "Siena, come, you have been too busy recently. Mom just made a bird's nest, come and drink a bowl." She closed the door and saw Warnia who was smoking a stuffy cigarette. He sighed, "Oh, you smoke again! Smoking is bad for your skin." "Mom, I'm very annoying, can you stop talking?" Warnia stood by the window, looking at the night, with an impatient tone.

Beatrice put the bird's nest on the dressing table and said with a smile: "What's the matter? Tell your mother." "Bank Chang Li has entered the bureau!" "What?" Beatrice exclaimed in shock, "How could it be? That's it?" "Isn't President Li always thinking about Siena Liang? Today, I used Ji to ask Siena Liang to accompany him. I didn't expect that stupid woman escaped and President Li was also locked in." "My God. What can I do about this?" Beatrice also changed his expression, "We still need President Li to help with the loan! What should he do with our family like this?" Warnia said irritably, "Now we are talking about loans. Didn't you find the person I arranged to prescribe the medicine today, and now we don't know the specifics. But I guess it's mostly related to Siena Liang's damn thing!" "Warnia, don't worry, President Li always likes it. Beauty, maybe what happened to him this time has nothing to do with us." Beatrice said comfortingly, but suddenly said viciously, "Siena Liang's little hoof is really lucky enough to let her escape every time. !" Siena Liang threw the cigarette butt out of the window, rubbing her eyebrows with a headache, "It shouldn't be supposed to be, I don't give a light dose! Could it be…Lawrence Lu broke it again?" Feeling guilty, he helped angrily: "What the hell does Lawrence Lu mean, he has been against us again and again?! Humph! I have to make her look good next time if I run into that little hooves!" "Forget it, this is not the time to talk about this. I'm going to inquire later…" As he said, Warnia's cell phone rang again.

When he picked it up, it turned out that Director Chen had called.

She looked at the illuminated screen with some confusion, wondering how Director Chen would call her in person.

She is the number one female, and the treatment she receives is naturally different from others.

Director Chen sometimes calls her to chat, but it's so late now, and she hasn't filmed in the last two days.

"Whose phone number?" Beatrice looked at Warnia and asked, "Is it Robert?" Warnia shook her head, and then answered the phone– "Director Chen…what? Now?…it's so late. …Okay, I see." "What's wrong?" Beatrice asked with concern.

Warnia brushed her hair irritably, "Director Chen asked me to accompany the investment boss for a meal." "It's all so late…" "Forget it, I'll be back sooner later."

Chapter 91

When Warnia arrived at the place that Director Chen said, she opened the door. She had a standard smile, but when she saw that there was only Director Chen in the room, she asked suspiciously: "Didn't it mean that there is Director Zhang? Why are you alone, Director Chen?" Director Chen was drinking tea, hearing the words, and replied with a smile: "Mr. Zhang has just got off the plane and is now on his way." Director Chen continued to fiddle with the small on the coffee table. Teapot, "Warnia, my star, come and sit." Warnia was still thinking about President Li, so there was no mood to drink tea at this time.

"Director Chen, Manager Zhang doesn't know when he can come over, or else, I will leave today?" "What does this look like?" Director Chen frowned slightly, "Mr Zhang is eager to see you when he comes back from abroad. This shows that What? Warnia, although you are now a wealthy daughter and you have a handsome and rich fiancé, Mr. Zhang is rich in wealth and a master of the way. For your own good, you have to give this face." Warnia is not because Did you know the power of the relationship?

The entertainment industry is full of talents.

In order to become popular, it is common for many people to accompany meals and drink, and many people even… If you want to be popular and famous, it depends on your talent and luck.

Even if you are really red someday, the food and entertainment that you should have are also essential.

What for?

Isn't it just not being crowded?

"but……"

"But what is it?" Director Chen glanced at her and patted the position beside him, "Come and sit down, have a cup of tea and wait a while." Warnia had no choice but to walk over.

As soon as he sat down, Director Chen handed over a cup of tea that exuded a fragrance, "I went to learn the tea ceremony recently, how about it?" "Thank you, Director Chen." Warnia held the small tea cup and sniffed it by her nose. , Then took a sip, and exclaimed, "It smells pleasant, the taste is slightly bitter, but the taste is full of sweetness of tea." "Unexpectedly, Siena is so beautiful, she knows tea so much." Suppressing the anxiety in her heart, Warnia smiled and replied: "My father likes to drink tea, so he knows a little bit of fur." As he said, he drank the tea in the cup.

Director Chen looked at Warnia calmly and twitched the corners of his lips lightly.

He looked at the tea cup in her hand, then poured her own cup, and sipped it.

In fact, as Warnia before, he still wanted to find some sweetness in her, but then the Liang family became a wealthy family, and she found a right fiancé, and this idea could only give up.

But it's okay, after all, find a woman of the type he likes, which is what he hooks.

It's just today... A person is really helpless sometimes.

If you want to be successful, if you want to become a master, sometimes it is inevitable that you will climb up on the shoulders of others.

If you don't, then someone else will do this to you.

Now, he is doing such a thing to Warnia, but he does not regret it.

At the expense of her little one and becoming a great self, smart people will make the same choice as him.

Blame it, blame it, this is a society where the weak eats the strong.

Putting down the tea cup in his hand, Director Chen stood up and said, "The time is almost here. I'll go to the door and wait for Mr. Zhang." Warnia also got up after hearing this, "I'll go with him, otherwise Mr. Zhang should be upset about me. I don't know what to do." "No," Director Chen smiled, you first put on some makeup or something.

When the time comes, Mr. Zhang will look at you beautifully, and it is too late to be happy. How can he be angry with you?

" "OK then.

"Warnia nodded. In fact, she didn't really want to pick up Mr. Zhang. She is now in a irritable mood and wants to take the time to ask President Li about it. "Then you prepare first."

“After speaking, Director Chen went out. After leaving, Director Chen did not rush downstairs to pick up Mr. Zhang. Mr. Zhang was just a reason for calling Warnia to come out.

Standing at the corner of the corridor, he took out the phone—”The things have already made her drink…” Warnia made two consecutive phone calls, but didn’t get the answer she wanted. She was agitated and simply gave herself Put on makeup.

Looking at her beautiful and beautiful herself in the makeup mirror, she gently pulled the corner of her lips.

After waiting patiently for almost ten minutes, she only felt that she was a little hot, and her mouth was slightly dry, panicking, always feeling that she was looking for something.

She hid in the bathroom of the private room and smoked two cigarettes without suppressing the irritability in her heart, but her body showed signs of getting warmer.

I have been in the entertainment industry for many years, and there are many things I have heard even if I have not personally experienced it.

She is today except now.

I haven’t been out at all, and I will eat nothing else.

Seeing herself in the mirror, who was turning red, the alarm bell rang in her heart.

He opened the bathroom door, ran to the place where he had just sat, grabbed the tea cup he had drunk, his face changed a little.

She couldn’t understand why Director Chen would do this.

Did he want her to accompany Mr. Zhang?

Even if Mr. Zhang is difficult, he can explain it clearly to himself, and there is no room for negotiation.

Why should I get to the point of drugging myself?

No, she has to ask clearly, what is the meaning of Director Chen!

In anger, she took out her mobile phone from her handbag and started to dial the number of Director Chen—— "I'm sorry, the phone you dialed is turned off..." After calling her three times in a row, all answers were mechanical Female voice cold and merciless words.

"Heh!" Warnia threw the phone on the coffee table with anger.

Looking at the tea utensils in front of her, she was furious and waved the tea cup and teapot to the ground with one hand.

"Kang Dang–Kang Dang–" The sound of the broken porcelain rang out one after another, which seemed a little alarming in the quiet room.

Looking at the fragments on the ground, she still felt that she was not enough to relieve her anger.

Her chest was undulating violently, and the heavy panting sounded her current anger.

Ben wanted to throw something, but the thoughts in her heart suddenly awakened her-if she continued to stay here, the consequences would be disastrous!

No way!

She can't stay here anymore, she must leave immediately!

Grabbing the mobile phone that had been swept to the ground by her, she grabbed her handbag and staggered to the door.

She is still sober, knowing that she can't drive at all.

She is now a public figure again, and she must not let others see herself like this, otherwise, she might not be able to sit firmly in the position of a sister in the entertainment industry that she finally got!

Thinking of this, she turned on her phone in a panic and dialed Robert's phone number... "Bang—" Just as Warnia dialed a number, the door of the private room was pushed open vigorously from the outside.

Looking at the door in horror, Warnia was taken aback when she saw the two people at the door who were looking bad, Lawrence Lu?

How could Lawrence Lu and his assistant appear here?

"Lu..." Lawrence Lu stared at her with deep eyes, and said lightly without a smile, "Miss Liang, I don't know where you are going?" His words were casual and casual.

But Warnia felt that Lawrence Lu at this moment was like a hell brake, so gloomy and terrifying.

After speaking, he winked at Li Song, and Li Song stepped forward and snatched the phone in her hand.

"My phone!" Warnia yelled, shaking, trying to pounce on it, but Li Song reached out and pushed her to the ground.

At that moment, he didn't seem to have cared that she was a woman, so she was so powerful that Warnia, who had fallen on the ground, frowned with pain.

Her instinct felt that Lawrence Lu could not have appeared here by coincidence.

Thinking of everything tonight, her eyes widened suddenly, and her panic became even worse.

Lawrence Lu took the mobile phone handed by Li Song and looked at it. He raised his eyebrows and looked at Warnia on the ground. “Why, I want to call Robert Zhao?” “…” Warnia bit her lip and said nothing.

“Don’t worry, I will help you notify him later.” Lawrence Lu raised an eyebrow and smiled.

He stood there, upright like a pine tree, just looking at her condescendingly, making her tremble.

However, she is an actor in the end, she can also pretend to be.

“No, I can do it myself. Could you please return the phone to Mr. Lu.” “What if I don’t return it?” Lawrence Lu asked with his lips curled.

“You…” Warnia frowned, “I don’t know what Mr. Lu means. If Mr. Lu can see my mobile phone, then I… I will give it to you.” She said, she gritted her teeth and stood up, “No I’m sorry, I still have things to do, so I won’t accompany Mr. Lu to play dumb puzzles.”

Lawrence Lu stretched out his hand to stop her, “Is something? Busy to investigate President Li’s affairs?” “…” Warnia paused, with no other expression on her face, but the emotion leaked in her eyes made Lawrence Lu understand.

“Warnia, did you not listen to what I said before? That’s why you repeatedly challenged my patience?” Lawrence Lu gritted his teeth, “Siena Liang is also someone like you who dare to touch rubbish?” Warnia Looking at Lawrence Lu like this, he couldn’t help but shudder, but he said stiffly: “I don’t know what

you are talking about." "I don't know?" He chewed on these words, "Don't worry, wait for me. I'll let you know." "..." "Didn't you give her medicine today?" Lawrence Lu had a sullen face and eyes full of gloomy birds. He approached slightly and asked almost mercilessly, "Now you personally feel this. This kind of taste, how does Miss Liang feel? Huh?" "You..." Warnia was forced to endure the getting hotter and dull, "You are really mean!" "Despicable?" Lawrence Lu sneered when he heard the words, lenient. With a big hand raised, she grabbed her throat, and said fiercely, "Then little master, I am not despicable today. You trash woman doesn't know how the word'despicable' is written!" "..." Siena seemed to hear a slight "click" in her throat, and she spoke with horror and difficulty, "You...what do you want...what...?"

Chapter 92

"Don't worry, I won't hit a woman." After speaking, Lawrence Lu threw her away, picked up a few pieces of paper from the table beside him, and wiped his hands carefully.

Warnia sat down on the ground, looking at Lawrence Lu at this time, she was flustered and scared.

But these are totally incomparable to the heat and desire in the body.

Lawrence Lu wiped his hands slowly and carefully, as if there was something dirty just now.

"What do you mean?" Warnia asked in a trembling voice.

"It doesn't mean anything." Lawrence Lu finished speaking slowly, and said coldly outside the door, "Come in!" When Warnia saw the person in front of him clearly, her eyes widened instantly.

This person is the waiter who spent money on Siena Liang's medicine!

"..." Warnia was uncomfortably hot, but at this moment, she also shivered.

For that matter, she gave the money twice.

After knowing that Siena Liang had drunk something, she was afraid of being found out, so she paid a lot of money and asked him to go back to her hometown to avoid it.

How could he be found by Lawrence Lu?

“Miss Liang.” The man’s face was a little guilty.

Warnia wanted to stand up with excitement and trepidation, but in the end she fell back softly, “Who are you?! I don’t know you…” And now her voice has become weak, there is nothing at all. A little momentum.

“Lawrence Lu… you are breaking… the law…!” And now, the door of the private room is tightly closed, and Lawrence Lu’s mobile phone is also in his hand. Not working.

She had heard people say before that if she didn’t get relief in time after eating this kind of food, the consequences would be disastrous.

She felt like she was going to die of heat and thirst right now.

“Illegal?” Lawrence Lu sneered at the two words carefully, “Do I have one?”
“You…” Warnia didn’t want to embarrass herself in front of these two people, and raised her hand and bit her wrist. One bite, that allows her to distract a little bit of inner suffering.

“You give…me…medication…also…household…prohibition…me…” Warnia’s eyes were full of anger.

“Really?” Lawrence Lu lazily sat on the sofa beside him, looking at Warnia’s appearance at the moment, completely uncut, “Then when you gave Siena Liang food, why didn’t you think it was illegal? “Warnia, that’s your cousin, so you can do it!” This anger showed his furious mood at the moment.

The waiter did not speak, glanced at Lawrence Lu, frowned, but squatted down and stretched out his hand towards Warnia.

“Go away…” Warnia retreated in horror, but there was a wall behind her, there was no way to retreat.

At this time, the waiter’s hand has reached her face.

“Uh…” As soon as the voice came out, she bit her lip forcibly, trying to silence herself.

“Tsk tusk…” Lawrence Lu shook his head with a scornful expression on his face, “It’s really disgusting to see how you are now!” “Lawrence Lu…”

“I told you a long time ago that if you want to be acquainted, you must not listen! What to do, I am not such a good talker. Today, I will tell you one last time. I can provoke me, but you want to provoke Siena Shallow, then- absolutely not! Understand?” Warnia’s consciousness has gradually blurred, but Lawrence Lu’s words were stunned for her to hear clearly.

At the moment, she resisted the tremor and boredom in her heart, and asked in a daze: “What is the relationship between me… Siena Liang and you?” “She, a relationship you can’t afford!” Warnia said with jealousy and hatred. She said: “Heh! She is a poor fool! Why are you doing this to me? I am the daughter of the Liang family! I am a big star…” Before she finished, she received a sign from Lawrence Lu and gave it away. She slapped.

At that moment, the strength was so great that Warnia was beaten into a buzzing head.

After the shock, her body couldn’t help shaking violently.

Enduring the pain on her face, she glared at the waiter fiercely, but quickly changed her face in the next second – “Please… let me go!” She knelt and climbed in front of Lawrence Lu very quickly, “I I won’t dare anymore!”

Lawrence Lu kicked her away and snorted disgustingly, “Sorry, it’s late!”
“You…” Warnia was afraid, “What are you going to do?” The way is back to the person!” Monitoring room.

Lawrence Lu was holding the cigarette, squinting his eyes, staring blankly at the picture in the video.

In the video, Warnia seemed to be desperately controlling herself, but she couldn’t help but grabbed at the waiter who was still there.

Li Song watched the video and asked with a smile, “President, isn’t it… not so good for Warnia?” After all, the other party is a woman.

Lawrence Lu took a couple of deep cigarettes before he sneered: “Not so good? Then why don’t you say, did she feel bad when she moved Siena Liang?” Thinking of Siena Liang’s appearance tonight, he The eyebrows can’t help but frown.

Who is Lawrence Lu?

Although he might seem to be a second-time master who doesn’t know the difficulties of the world, he is foolish and has a bad temper. He doesn’t care much about anything.

But he also has his bottom line.

Not everyone can touch his people and things!

Do not!

It should be said that no one can touch except him!

Warnia insisted to challenge his patience and bottom line, so that he could not give her a chance not to die. What could he do?

“Yes, yes!” Thinking about what happened tonight, Li Song nodded repeatedly, and muttered silently in his heart: Unexpectedly, the mighty President is such a guardian, and he is still a top quality!

“For a vicious woman like Warnia, it’s cheaper for you to do this, President!” Li Song changed his mouth, picking up nice words with doglegs, and said, “If it is me, I will lock her up and beat her first. One meal, and then hungry her for three days and three nights, let her know how great it is!” “Then you think I should go back and beat her again?” Lawrence Lu squinted at Li Song, “But I don’t beat women. Why don’t you go?” “Hehe…” Li Song touched his head, “President, you are so magnanimous. I can’t care about it anymore. Isn’t it like her?” Lawrence Lu hummed, took out his phone and dialed Robert Zhao’s Phone-“Mr. Zhao…” hung up the phone, he lost the cigarette butt, straightened his clothes and stood up, “Copy the video and give it to Director Chen. You know how to do the rest!” ** * When Robert Zhao arrived, seeing the scene in the private room, he couldn’t help taking a deep breath, his expression frightened.

Warnia was the only one left in the room.

That woman who is noble and beautiful like a queen on weekdays, how can there be a trace of her usual appearance at this moment?

At this moment, she was curled up on the ground.

The face that had been exquisitely applied, the makeup is no longer, and there is still an abnormal red color.

She had long curly hair in a mess, and her tight skirt was pulled to half the waist, just like a madman… Warnia like that, has no manners at all, even gaffes.

“Warnia?” Robert Zhao was taken aback, walked over a few steps, and lightly patted her face, “What’s the matter?” The heat on her face shocked him.

Warnia had long been unaware. At this moment, she felt something warm and cool on her face. The touch made her sobbing.

“Warnia!” He felt that something was wrong with her at first, and now he was completely sure of his thoughts.

Warnia… She must have eaten something that shouldn’t be eaten!

Suddenly, Robert was anxious and angry at the same heart, only feeling that a cloud of anger in his heart burst into a burst, burning and clamoring, about to drive him crazy!

That’s his woman!

Although she has been unstable recently and is no longer as gentle as the usual Xiaoniaiyiren, but it is the woman he is about to get engaged immediately, but now she is bullied into this way, this tone, he can’t bear it!

He picked up Warnia and put it on the sofa aside, and pulled her skirt down. He took out his phone without thinking about it– “Mr. Lu, what do you mean?” Lawrence Lu was driving back to Nanhu. On the way.

He was wearing a Bluetooth headset, listening to Robert Zhao’s unrevealable tone, he curled his lips and said coolly, “It’s very simple, but it’s just to let your woman know the consequences of offending me.” Robert Zhao looked at the sofa in pain. He couldn’t help grinding his teeth: “To provoke you? I don’t know what the heinous thing Warnia did. If you commit Lu, you have done such an ungentleman thing!” “Heh!” Robert Zhao said, let Lawrence Lu say I couldn’t help but sneered, “Gentleman? You deserve to mention these two words to me?” Robert took a deep breath, “You…even if I’m not a gentleman, what about Mr. Lu doing this? Warnia is nothing but her. Just a woman!” “If you are a woman, you should keep yourself safe and don’t just think about doing bad things all day! Zhao Gongzi, if she is lucky today, I am just teaching her a little lesson. If she is not sensible and thinking about the law Go to Siena Liang’s trouble to make me angry, then I can’t guarantee that I will be so good

in the future!" After the domineering words were finished, he took off the Bluetooth headset and threw it out the window.

Robert looked at the phone in a daze, and he didn't understand what Lawrence Lu's words meant.

Did Warnia trouble Siena again?

Therefore, Lawrence Lu did such a thing?

He closed his eyes with a headache, but he also knew clearly that this was not the time to delve into it.

A few steps walked to the window, clutching the curtains, with a big hand, with a loud noise, he tore off the wide curtains.

Wrapped Warnia, who had no demeanor at all, with curtains, he picked her up and walked out quickly with an ugly expression.

Although he has never touched such things, he still heard others say.

Now, the most important thing is to help Warnia get out of this predicament...

Chapter 93

Don't Forget Whose Woman You Are Siena Liang wakes up in the afternoon of the next day.

Sunlight came in through the curtains, the air conditioner was turned on in the room, and the temperature was good.

"Um..." She raised her sore hands and rubbed her head, her head hurting.

Rubbing and rubbing and looking at the curtains in her room, she couldn't help but wonder-the familiar room made her feel at ease, but how did she come back?

After thinking about it, she couldn't remember.

The last memory is that she was in the bathroom of the hotel. She was so hot. Someone said to take her to Lawrence Lu.

Thinking of this, what happened last night was reflected in my mind one by one-she ate something that shouldn't be eaten.

Why would Lawrence Lu give her something like that?

Even if he has any request, he can make it, right?

Why do you have to do such an innocent thing?

So, Lawrence Lu brought her back?

However, after getting along during this time, he should not be that kind of person!

Frowning, her mind was full of thoughts, and she lay on the bed for a while, and then tremblingly reached for the phone.

When she saw the time displayed on the phone, she couldn't help but screamed-"Ah! My mother!" It's three o'clock!

Although she is in a bad mood now, she still has to go part-time!

I got up in a hurry, and as soon as her foot touched the ground, her legs were soft and she fell to the ground.

"Uh..." she exhaled softly.

How could this be?

This feeling is like a reaction after a night of confusion with Lawrence Lu, even worse than that!

Could it be… Did she really have something with Lawrence Lu?

There are two messages in the phone, she endures upset and clicks to read.

One is from Wu Pianpian-Siena, how are you?

Your husband didn’t do anything to you after he went back, right?

Call me back when you see the message!

Another message comes from Robert Zhao-Siena, are you okay?

Both messages are in the early hours of last night.

What does it mean for Pian Pian and Robert to send such a message?

With a panic in her heart, she looked down at the clothes on her body-it was the same yesterday, but it was wrinkled.

The soreness in her body made her surprised and had a headache. She couldn’t figure out that even if Lawrence Lu had something that shouldn’t be there, wouldn’t he directly bring it up to her?

Forcing her to take advantage of her unawareness, what did he take her for?

I feel a little cold in my heart, and that kind of cold can be called disappointment and heartache.

At this moment, she couldn’t even bother to reply to Wu Pianpin’s messages or phone calls!

Uneasy, she stood up on the bed with her teeth, barely supported the wall and went to the bathroom, stood in front of the mirror, made a lot of determination, and then she mustered up the courage to look at herself in the mirror-her neck was white!

Lifting the clothes on his body, there is no suspicious sign on his body!

Then she was so weak as to run for tens of kilometers, what's the matter?

Resisting the suspicion in her heart, she simply freshened up and changed into a set of clean clothes before hurriedly opening the door and going downstairs.

"Where to go?" She trot down from upstairs as best she could, and then ran across the living room sofa, but Lawrence Lu's voice came to the window.

Siena Liang had to stop and looked up at Lawrence Lu who hadn't noticed just now. "Are you at home?" He didn't answer, but walked over with one hand in his pocket, "I'm asking where are you going?" Part-time!" Although she hasn't figured out the ins and outs of the whole thing yet, her tone of voice is unbearable.

Lawrence Lu rubbed his eyebrows, wondering if he should laugh.

It's really hard for her to have a big heart, and now she can still think about going part-time!

"No need to go." "What?" "I asked you to ask for leave." "Huh?" Siena Liang opened his mouth in surprise, and looked at Lawrence Lu not far away in disbelief, "How do you know? Where do I work part-time?" Lawrence Lu glanced at her like an idiot, "Such a simple thing is difficult for me?" Siena Liang shook his head, feeling a little relaxed.

She is currently weak, and since she doesn't have to work part-time, it is of course the best.

But… “Why do you suddenly think of asking for a leave for me?” As soon as she asked, she couldn’t help but look at him, the meaning in her eyes was full of disbelief.

Thinking of being so strange today, he is so abnormal, did he really do anything wrong to her?

“What do you mean by looking at me like that?” He frowned, very dissatisfied.

“Should I ask you this?” “Siena Liang…” He squinted falsely.

Siena Liang stood tired, and simply walked over and sat on the sofa, “Lawrence Lu, did you do something to me yesterday…” Lawrence Lu didn’t think much about it, and coldly snorted, “You still know it!”

He did so much yesterday!

And all for the little carrot head in front of me!

But when he saw her safe and sound at the moment, he felt that everything was worth it.

After getting his answer, Siena Liang only felt that everything was best explained.

But this explanation made her wonder how to face him. Although he was sometimes so angry that she didn’t know what to say, he knew that others were not bad, at best, his mouth was a bit disgusting.

But everything about yesterday made her disillusioned all the gratitude and goodwill for him for the past few days, and she was filled with endless disappointment.

“Lawrence Lu, how can you treat me like this?” She trembled slightly, clenching her fists tightly.

Although the voice was small, it seemed to have exhausted all her strength.

"…" Lawrence Lu raised Ying Ting's eyebrows, "You say it again?" Siena Liang took a deep breath and snarled, "Lawrence Lu, you are a big pervert! I ask you." Why do you treat me like that! I hate you to death!" Lawrence Lu didn't expect Siena Liang to have such an attitude and tone towards him, so he suddenly yelled, "Siena Liang!" I don't understand, if I didn't wake up, or Siena Liang that damn didn't wake up, or how could she say such words to him without any guilt.

Why do you treat her like that?

Is he wrong with her like that?

He rushed to rescue her in a hurry yesterday, and did so much for her. She didn't thank him for it; he didn't want to go to work today, and he still thought that she had tossed so much yesterday. Today, he may be in a bad state of mind. Let Li Songcha She left her part-time job to ask for leave, and was worried about her health, so she rushed back at noon.

Seeing that she was still sleeping soundly, he waited patiently until she finally got up.

The results of it?

What are you waiting for?

What does she mean when she said to him such a headless and maddening blood?

"Heh! Hehe…" He became more and more angry, and couldn't help laughing at last.

After a while, he stopped smiling and asked her coldly, “I was wrong to you like that? Siena Liang, don’t forget whose woman you are now!” Shouldn’t he go to save her?

Did he allow her to be indifferent by others?

Does he just pretend not to know when she is being bullied by other men?

Was he wrong to save his own wife?

Thinking of this, Lawrence Lu simply wanted to laugh.

But now he really couldn’t laugh, the anger in his heart made his chest rise and fall violently with anger.

Siena Liang didn’t know Lawrence Lu’s feelings and thoughts at this time. After hearing these words, she only felt that the blood in her whole body seemed to become cold in an instant, which made herself feel like in this hot June. Feel the chill of the severe winter.

He had said similar things to her several times before, what she was his wife Lu, she now bears his surname, she is his wife Lawrence Lu… At that time, she could not help but blush and heartbeat. Throbbing.

But at this moment, this situation and situation, it made her feel disappointed and disappointed.

“I’m your woman…” Siena Liang said, she couldn’t help laughing coldly, “Lawrence Lu, don’t forget, you don’t love me, we are just married by agreement!” But the pain made her uncomfortable.

“So, why are you treating me that way? Even if I’m helpless now, don’t you think you are too bullying for me like that?” Lawrence Lu stretched his leg and kicked the coffee table in front of him, “Siena, do you want to die? I’m bullying you? I’m bullying you, can you live till now?” He shouldn’t be back today!

“No?” Siena Liang’s lips trembled, “Then why would you take me away?” “If you didn’t take you away?” Lawrence Lu felt that he was going to die of anger.

Before he was completely pissed to death, he endured the breath and said viciously: “I won’t take you away? I’m not dead!” “So you treat me like this?” The next three indiscriminate methods… “…” Lawrence Lu was furious, and took out a cigarette to calm himself down. He was afraid that he would choke her to death without holding back.

He seemed to be really angry, and his hands were trembling.

The lighter didn’t light after a few consecutive hits, and he threw it all out anxiously.

“Siena Liang, I can see it too, you are a horrible thing!” He stood up, “From today, don’t let me see you!” After all, he went straight out the door. It was smashed by him.

The sound of the door slamming made Siena Liang tremble.

Listening to the sound of his car, she finally cracked the corner of her mouth and laughed “Haha” until it disappeared soon.

That kind of laughter, a bit crazy, and with endless sadness.

So in the end, she finally burst into tears while laughing.

She thought that she had found a home she could rely on, a shoulder she could rely on even if it wasn’t love, but the fact was, it was just her whimsical imagination.

She is still her, the poor little who is not loved or cared by parents.

But why does the heart hurt so much?

Lonely, disappointed, heartache… These emotions drowned her, she struggled but couldn't find a way out.

Chapter 94

He is a living joke. Lawrence Lu raised his head and drank the whiskey in his glass in one sip. Instead of fading away, the anger in his heart grew stronger.

Angrily, he raised his hand and slammed the wine glass to the ground.

"Papa–" The room was extremely quiet, but the loud sound of the wine glass cracking made him not even frown.

"Hey! What's the matter with you?" Solan Bai raised his foot and entered the door, seeing the mess in the room being thrown to the ground by Lawrence Lu, he couldn't help but ask in confusion.

"…" Lawrence Lu ignored it, raised his hand to take the bottle, and drank from the bottle.

"Eh eh eh!" Solan Bai was taken aback, and hurried over a few steps, grabbing the bottle from him, "Drink like this, do you want to drink it to death?" "…" Lawrence Lu saw that the bottle was robbed by Solan Bai. , He turned to open the wine cabinet, and went to get a new bottle.

"Hey!" Solan Bai hurriedly put down the bottle in his hand when he saw this, and ran over to grab the bottle in Lawrence Lu's hand. "Man, what's the matter with you? Tell me?" "Are you bored?" Solan Bai shook his head, "What are you doing? You quarreled with your little daughter-in-law?" Lawrence Lu listened, and immediately exploded his hair, "I'm with her?!" He sneered, "My little master, I don't have that leisure time to quarrel with her! "So he was so angry that he ran to the Shengtang to drink a boring wine-_- "Oh!" Solan Bai prolonged the tone, without breaking him, put all the wine bottles back in the wine cabinet, "Then what do you want me to do? Isn't it time for Lao Zheng to

come so close?" "Didn't that fellow Lao Zheng go on a business trip to France?"

"I'm on a business trip? Why don't I know? Okay, even if that's the case, old Zheng didn't go on a business trip, you don't plan to find me?" Solan Bai was dissatisfied, "I am here with your kid, so I am a spare tire?!" Come on, you!" Lawrence Lu gave him a glance, took out a cigarette, and threw one towards Solan Bai, "Is this interesting?" Solan Bai caught the cigarette without lighting it, and played with him. .

Lawrence Lu took a couple of mouthfuls, still feeling annoyed in his heart.

The depression and unhappiness made him almost annoying.

"Did you say that Siena Liang's dead woman has no idea what's good or bad?" Solan Bai snorted, "Didn't you just want to say nothing? Now that you figured it out?" After the words, he saw that Lawrence Lu was about to drip. His face, no longer teasing, raised his eyebrows and asked, "How do you say?" Lawrence Lu closed his eyes and took a deep breath. "She came together today. I don't know what went crazy. I should blame me for being like that!" said Then, still feeling uncomfortable, he slammed his fist on the table, "Say, I am wrong to her like that? This is the first time I heard such a ridiculous thing!" Solan Baiben wanted to light a cigarette. , Hearing this, he was taken aback, "No? Is there any misunderstanding between you?" "Misunderstanding?" Lawrence Lu laughed out loud, "Can there be any misunderstanding? Yesterday, I even put down a big deal and don't save it. She is still so young! Now it seems that I am a real joke! A joke!" He gritted his teeth and continued: "How did I treat her? That's not right? Tell me, can I Do you want to see her being killed by President Li's fat pig? **Labor and capital are not dead!" "Did she say anything else today?" "It turns over and over that I can't do this to her, what else?" Lawrence Lu did not He said angrily, "I can understand, she is a dogged thing!" "Can you calm down?" Solan Bai shook his head and sighed, "I think there should be some misunderstanding, and your little The daughter-in-law doesn't seem to be an unreasonable person either. After you calm down, go back and talk to her, maybe it's not a big deal?"

“Heh! I’m not a masochist! It’s not me that is wrong, I rely on Why go back and talk to her?” “What are you going to do? Continue to sit here alone and sulking? Or do you plan to stay in a stalemate with her?” “Humph! Anyway, what I did is wrong, it’s better to be blind! Isn’t it nice to be here alone? I’m not angry yet!”

Solan Bai suddenly laughed as if he had heard something funny, “Are you sure?” “Of course!” “Okay,” Solan Bai said helplessly, shrugging, “Just do whatever you want, don’t make it and run back in the middle of the night. Let me laugh at you.” Siena Liang sat on the sofa alone, crying until he was tired, his tears were drained, and his head went blank.

She sat there for a long time, the sky gradually dimmed, and the chirping of Zhizhi gradually decreased.

Lawrence Lu never came back until the surrounding villas were all lit up at home.

She hadn’t eaten anything for a day, but she didn’t feel hungry at all.

After a while, she got up, ready to go back to the room.

I caught a glimpse of the phone she had just put on the sofa. The screen was shining. It was Wu Pianpian’s WeChat message.

On the screen, there were a dozen WeChat messages and three short messages sent by her, more than 30 missed calls; and two calls made by Robert.

Shocked, she picked up the phone and clicked on WeChat – Siena, are you awake?

——Siena, if you wake up, remember to call me back, I am very worried about you!

——Siena Liang, why don't you answer the phone, are you still asleep?

-Siena, please answer the phone!

…… After reading the information, she raised her hand to reply to the information, and Wu Pianpian called again.

She hesitated for a second and then connected–"Hey, Pianpian…" "My sister, you are finally willing to answer my call!" Wu Pianpian yelled anxiously after hearing Siena Liang's voice. , But in his words, I couldn't help but feel relieved, "Are you just getting up?" "No, my phone was turned off and I just forgot to watch the phone." Siena Liang said lightly, but he was hearing Wu Pianpian in his heart. There was a warm heart in these words of concern.

"My god!" Wu Pianpian exclaimed speechlessly, "You really can! Know how worried I am? I'm really afraid of what your husband will do to you, you don't know…" Siena Liang at this time She didn't want to hear any news about Lawrence Lu at all. She weakly changed the subject, "Pianpian, what are you doing so many calls to me? The results are not coming out so quickly, right?" "Who cares about the results now! "Wu Pianpian sighed, still a little worried, "Lawrence Lu really did not embarrass you?" "No." At most, it was just a fight.

"Really? Then why does your voice sound so vicissitudes of life?" "Really not." "That's good, that's good!" Now, Wu Pianpian was finally relieved, "You don't know what he was like yesterday. How scared I am, just like the Hellsara in a novel!" "Pianpian…" "But your husband is really handsome! He came out with you, worried and angry, but he still said to others handsomely, "Tonight's video, I don't want anyone else to see it again! Also, I must not reveal any news! Today's matter, even if Lu owes the favor to the two of you, it will be doubled back in the next day." Tsk tsk, really my male god!" Siena Liang smiled silently, but was endlessly mocking and heartbroken, "He drugged me such a dishonest thing, naturally, I don't want other people to know. "Huh?" Wu Pianpian whispered suspiciously, "What do you mean? You mean Lawrence Lu?" "Otherwise?" "My God! Big sister, are you misunderstanding,

okay?" "Misunderstanding? But he? I admit it today!" What did he say this afternoon?

The impression was too deep. She still remembers what they said word by word– "Lawrence Lu, did you do something to me yesterday..." – "You still know it!" – "Lawrence Lu, how can you do this to me?" – "I beg your pardon?" – "LuLawrence, the great metamorphosis I ask you why you want to do that to me I hate you!!!" – "Siena Liang! I was wrong to you like that? Siena Liang, don't forget whose woman you are now!" Such a memory, when you think about it, will make her heartache once.

That kind of pain made her feel that her heart was broken into thousands of pieces, and she was about to die of pain.

"Admit what?" Wu Pianpian puzzled.

"Acknowledge what he did to me." Siena Liang closed her eyes, "Pianpian, you said, how could he treat me like that?" "What are you talking about? Did you quarrel?" But Siena Liang still shook his head, and said in a low voice, "Because you think it's him?" "..." Siena Liang did not answer, and replaced it with silence.

"Hey!" Wu Pianpian jumped anxiously on the other end of the phone, "You misunderstood him! I couldn't find you yesterday, and the people in the class didn't know where you were. In the end, I was afraid of what happened to you, so He just called Lawrence Lu. He heard that I could not find you, so he rushed over and finally found you. You don't know what you were like at the time, you have lost even consciousness. If Lawrence Lu is really late After going one step, you may have been caught by that fat man..." Siena Liang did not expect to hear that it would be completely different from her previous guess. This person was completely stunned, "Wh...what?" Siena, you were framed by someone else yesterday!" Wu Pianpian still has lingering fears, "Although I don't know who framed you for the time being, the fat man yesterday is said to be the boss of xx, and he didn't get any benefits. After being beaten by Lawrence Lu, Lu couldn't even move. In the end, the bureau came and took

him away." "..." Siena Liang held the phone, and couldn't digest what Wu Pianpian said she didn't know. information.

"When you were taken away by Lawrence Lu yesterday, it was probably because you were afraid of what you were like at that time... so he wrapped you tightly and hugged you away. I have also seen him twice. I can see that he is handsome. The appearance of a successful big entrepreneur, but yesterday, he is really different, although he is still very handsome, but he is full of murderousness!"

Chapter 95

"...Pian Pian..." "So, Siena, you really misunderstood him!" Wu Pian Pian couldn't help but became anxious. "Yesterday Lawrence Lu hugged you first, and his assistant returned it later. I said, Lawrence Lu put aside a large deal of billions of dollars and came to rescue you!" "What...what?" Siena Liang trembled all over, and his eyes widened unbelievably, "You said he... ..." "Siena, do you know how happy you are! And do you know how outrageous you are today?" Wu Pianpian clutched her hair, quite a bit of hatred for iron and steel.

"..." Wu Pianpian endured, she couldn't help but ask carefully: "Did you... have a terrible quarrel with Lawrence Lu today?" Siena Liang didn't know what to do now, she didn't even know what to do. Laugh or be angry.

Laugh at her being foolish and doing foolish things, or angry at her for treating his kindness as donkey liver and lungs somehow?

She was still angry and disappointed. She felt that she had been played with him at will, but she was indiscriminately engaged in such a big oolong.

He had been sulking for most of the day, he had hurt his heart for most of the day, and he also angered Lawrence Lu for a while.

She... She is really amazing!

“That’s right.” “Hiss -” Wu Pianpian couldn’t help but sucked in a cold breath, “You guy, what can I say to you?” “Pianpian…” Siena Liang bit his lip, “You Say what should I do now? He looks really… so angry today…” “What else can I do? Cold food!” “Pian Pian…” Siena Liang held his forehead, “Suddenly I felt that I was so wrong. “…” “You just know?” Wu Pianpian rolled her eyes, “Didn’t I just send you a message and ask you to call me? It’s all right now? It’s not easy to find a husband with a lantern like you Get angry and go away? Huh! It deserves it!” “Can’t you just say a few words?” “Okay!” Wu Pianpian hummed, “Are you guilty? Regret it?” “Well…” Siena Liang caught Holding his hair, his face was tangled, “Pianpian, what should I do?” “What should I do? It’s very simple! Since you did something wrong, then go and apologize to him!” “Apologize?” Siena Liang shook his head in annoyance, “So?” That’s embarrassing!

“Of course! When he comes back, if you say “I’m sorry”, you say you made a mistake and misunderstood him. Did he really ignore you?” Siena Liang looked at the night outside the window and took the phone to his eyes. After looking at the time, he said, “He…maybe he won’t be back today…Moreover, he said he never wants to see me again…” “Is this stumping you?” Wu Pianpian disapproved.” Isn’t the husband and wife fighting at the end of the bed? Could he really not go home?” “His man…” Siena Liang sighed, “You don’t know, he is really hard to talk sometimes…” Especially in today’s situation.

“Okay! Even if he doesn’t go home, don’t you know how to find him? Could he still go to work in his company? When you find him, apologize and let him forgive you. It’s easy, right? You? Didn’t he say that he seems to like the dishes you cook? Then you don’t know how to go with a bento with love? They all say that eating someone’s mouth is short, will he not forgive you by then? You are really stupid!” Right.” She said, she suddenly asked, “Pianpian, I suddenly thought of a question…”

“What?” “Didn’t I eat that one yesterday…? I can’t just do it by myself? You read so many romance novels, should you understand?” Wu Pianpian disagrees, “What am I supposed to do? Well? Even if your husband really does something to you when you are not awake, it is compelling, you are like that,

what can you do? Besides, you are both husband and wife, this is not a normal thing What's the fuss about you?" "But..." Siena Liang held the phone and didn't know what to say. Is it true that after they got the proof, there was nothing like that?

And... "Stop it, what's so good about?" Wu Pianpian hummed.

"But... strange, isn't it?" Siena Liang struggled for a while, but couldn't help but said, "I am not sober..." Although she knew that the person was him, she would not feel repulsive in her heart, but Still feel unable to pass the hurdle in my heart.

"That's the case anyway. But..." Wu Pianpian thought for a while, "maybe there is another way...that is, maybe he really didn't do anything, but maybe he took you to control it with drugs." Can it still be like this?" Siena Liang couldn't help feeling happy, but immediately denied, "It shouldn't be like this, I'm not energetic now..." "Uh..." Although Wu Pianpian reads a lot of novels, after all I haven't practiced it personally. I don't know anything else, "Even if it is, it's not surprising, right? In short, your husband saved you, or you should call and ask if it's him or the drug?" End After calling with Wu Pianpian, Siena Liang lay down on the sofa depressed.

"Ah! So annoying!" She kicked her legs boredly.

After a while, she took the phone and found out Lawrence Lu's phone number. After hesitating, she finally made up her mind to call him.

She was holding the phone, her hands were sweaty because of tension.

If he gets on the phone, how can she ask him tactfully?

At the same time, the Tang Dynasty.

Solan Bai glanced at the phone spinning and dancing on the coffee table, glanced at Lawrence Lu, who was staring at the phone and didn't know what

he was thinking, “Don’t you answer it?” Lawrence Lu coldly snorted, “Why pick it up?!” “Hey! I said you are a man anyway, wouldn’t you be so stingy to be angry with a woman?” ”You know what a shit! It’s because I’m a man, so I have to say something!”

Siena Liang held the phone, enduring the tension and anxiety in his heart, holding his breath and listening to the movement on the phone.

But the phone rang for a long time, and he didn’t answer it.

Until the bell rang and then it turned off automatically, Siena Liang sighed and had to put down the phone.

At this time, the mobile phone reminded her that wechat came in.

Her heart shuddered, and her heartbeat missed a beat.

I hurriedly grabbed the phone, but when I saw that the person sending the WeChat was Wu Pianpian, the joy and tension that had just risen in my heart disappeared instantly.

Although I couldn’t conceal the loss in my heart, I still clicked on the information-Siena, look at the news!

A City Finance Channel!

Siena Liang didn’t know what Wu Pianpian wanted her to watch, so he took the remote control and turned on the TV.

Turning to the channel that Wu Pianpian wanted her to watch, the news that was being broadcast on the TV made her stunned—a city xx bank president Li Mou was reported by the enthusiastic citizens for bad style and was dismissed!

Siena Liang looked at the title at the bottom of the screen and then at the messy picture, her hands clenched into fists tightly.

President Li, had seen her twice in Liangzhai before, and he always looked at her with malicious eyes.

She was disgusted in her heart. Last time she was kicked out by the uncle's family, she kept saying that she did not accompany President Li and broke their good deeds.

This person is really unscrupulous!

I just learned from Pian Pian that the person who conspired against her last night was this person on TV.

In the picture, his face was bruised, and he was no longer like the spirit of the past, evading countless flashes and cameras in disgrace.

Lawrence Lu must have beaten him very hard yesterday, right?

She just stared at the picture steadily, her mind was noisy.

I didn't have any pity for Governor Li in my heart, nor did I feel happy looking at him at the moment, and my heart was full of guilt for Lawrence Lu.

She always thought it was Lawrence Lu who thought badly about her, but she didn't expect to be wrong.

If Lawrence Lu didn't come here yesterday, what would she be like?

After that, even if Lawrence Lu didn't say anything, she would no longer be qualified to stand beside him as Mrs. Lu and live with him under the same roof, right?

Even Lawrence Lu would look down on her... Thinking of this, she couldn't help feeling cold.

If he didn’t come, didn’t come like a knight, can she still be angry with him and question him like today?

Fortunately, fortunately, he came to protect her gesture.

Lawrence Lu…

From knowing him until now, he is proud and temperamental, and sometimes like a naive child, he will provoke you not knowing what to say, and sometimes he will be so aggressive that you can’t help but complain.

But these, all of them, can’t hide his role in protecting her since he knew her!

It was like the warm sun in March, shining in her heart, making her feel warm and moved.

But these also made her feel more guilty.

It’s ten o’clock, and I don’t see him back.

She picked up the phone and dialed his phone again-after the two rings, the phone was hung up.

Siena Liang bit her lip, then hit again!

And this time, only one bell rang and was hung up!

The third time, when she called again, it was not a ringing bell, but a mechanical female voice-I’m sorry, the call you dialed is temporarily unavailable, please call again later!

At this time, Siena Liang smiled bitterly.

What to do, he was so angry that he didn’t answer the phone, and even dragged her into the blacklist!

Although she has a gentle personality, she can be quite awkward sometimes.

Seeing that the phone couldn't get through now, he simply sent him a text message-"Lawrence Lu, where are you?" After thinking about it, I felt a little bit ambiguous to say that. They didn't seem to have such a relationship.

Delete the information and enter it again.

"Lawrence Lu, are you still angry?" She looked at the information and still felt bad. Isn't this question asked by an idiot?

He didn't even answer her phone, the fool knew he was still angry, and he was very angry!

After thinking about it, she deliberated and flicked her fingers on the screen quickly, "Lawrence Lu, I'm sorry, I blamed you, don't you be angry? I... I want to ask you something..." This time, Without giving herself time to hesitate, she pressed her finger heavily on the send button and sent the message in the form of SMS.

The Tang Dynasty.

Solan Bai looked boredly at the TV channel when he saw Lawrence Lu's mobile phone screen light up.

He lifted his eyes and glanced, and smiled and asked, "This girl, I don't think that patience is good." Lawrence Lu crossed his mouth and looked at the phone in front of him, not intending to read the information.

Still relying on the sofa, with one hand on the armrest of the sofa, it seems that I really don't care.

"Don't plan to see what's posted?" "What can I see?" Lawrence Lu snorted coldly. "It will only make me angry if I watch it!" "If you don't read it, then I will read it!" Solan Bai finished, really. Go get his cell phone.

He just raised the phone to his eyes, before he could enter the unlock code, he was snatched by Lawrence Lu, “What’s so good about my phone?” Solan Bai laughed, “Stingy!” “Shut up!” Lawrence Lu stared. He glanced, glanced at the phone whose screen had been darkened, and after thinking about it, he turned on the phone.

When he saw the message from Siena Liang, he couldn’t help but cocked the corner of his mouth.

“What did your little daughter-in-law tell you?” “Can you control it?” After saying that, he quickly returned the message-“Sorry to me now? Sorry, it’s late!”

Chapter 96

Don’t provoke a ruthless character like Lawrence Lu, Warnia wakes up with a headache, her body is sour and weak.

She raised her hand to support her head, kneading her aching forehead.

The light in the room is a little dark, and the curtains are only a layer of gauze.

After finally getting used to the darkness in the room, when she looked at everything in the room, she was shocked to realize that the furnishings inside were exactly the appearance of a hotel, not her own bedroom at all.

“Ah…” she couldn’t help yelling.

Suddenly remembering the scenes before she was conscious, her heart suddenly became cold, and her whole body couldn’t help shaking.

Yesterday Lawrence Lu put aside his cruel words to her, and then the waiter who asked her to pay for it stayed there, and the waiter treated her unkindly with his hands… He tremblingly opened the quilt with his hands-nothing on him !

She… At this moment, the sound of washing hands in the bathroom.

Warnia gritted her teeth and looked straight towards the bathroom door, holding back the panic in her heart.

The sound of water stopped, and then the door was opened from inside.

“Wake up?” The man asked, looking at Warnia who had already sat up.

“Robert!” Warnia couldn’t help but be overjoyed when she saw the visitor clearly.

Although she is in the entertainment industry and has an open mind, if she really wants her to follow the waiter without knowing it… she can’t accept it.

Now, when she saw Robert Zhao, she relaxed.

She has been relieved from the effect of the medicine, it seems that Robert and her…

Sure enough, it was the man she had chosen by Warnia. Very often, he took her out of trouble like a god.

Her vision is really good.

Thinking of this, her face smiled more happily, “Robert, I knew you would come to save me! You don’t know how scared I was last night!” As she said, she couldn’t help her eyes getting cold. “Lawrence Lu, that bast*rd, it’s really hateful to me…” “Siena,” Robert Zhao walked to the door and turned on the light. In an instant, the room was as bright as daylight, “How could you provoke Lawrence Lu?” ……” Warnia was speechless, her face changed a few times, and then she recovered her composure, “What caused me to provoke him? I’m also very busy, okay, who has the spare time to provoke him?” Robert Zhao walked to the window and gave himself After lighting a cigarette and taking a few deep breaths, he looked at the night and lights outside the

window, “Really? Then he was on the phone yesterday, why did he tell me, let us stop moving Siena Liang?” “Who… …Who knows what he is going crazy?” Warnia bit her lip, “Maybe Siena Liang has a grudge for us driving her out, so what about the pillow wind blowing with him?” Robert Zhao felt very tired, no It’s just the body and the heart.

Warnia’s medicine is not light. Last night, he was too troubled.

After finally waiting for everything to calm down, he was exhausted, but he could not fall asleep.

I made two calls to Siena Liang but didn’t see her answer, and he couldn’t help being a little worried about Lawrence Lu’s harsh words on the phone.

Warnia has always been at odds with Siena, and he doesn’t know what Warnia has done this time to make Lawrence Lu so aggressive.

I made a few more calls today, but no one answered.

The mobile phone is out of power, the landline in the room is broken, and I have to give up.

Don’t worry about Warnia being here alone, he has to wait patiently here.

It was not until later that he turned on the TV and saw the news about President Li that he figured out everything.

After a long time, he asked softly: “Really?” In those words, there was a bit of disappointment and sarcasm.

“Of course!” Robert rubbed his eyebrows together, “Well, what happened to President Li?” “What President Li?” Warnia pretended to be stupid.

Putting out the cigarette butt in the ashtray on the side, Robert Zhao turned around and said, “Siena, don’t pretend to be stupid, and don’t say you don’t

know. Only two days ago, your mother said about the terms of President Li's promise to give you a loan. "I..." Warnia suddenly lost her color.

"Siena, I told you before that there is a relationship that is good, and there is no need to force it. Why do you always refuse to listen? Now the results are satisfied?" "Of course satisfied!" Warnia clenched his fist. "Didn't Siena Liang always pretend to be arrogant? Even if Lawrence Lu used to like her, but now he is accompanied by President Li, who is rare for such a broken flower and a willow?" This is also a good idea for her to kill two birds with one stone.

At that time, not only Lawrence Lu could not accept a woman like Siena Liang, but also Robert Zhao would completely despise her.

Then she won't have any worries again when she comes, how great!

"You..." Robert Zhao glared at Warnia, "Why did you become like this now?" "Which?" Warnia didn't care, "Isn't this good?" "Forget it," Robert Zhao shook his head, with a look in his eyes. A disappointed look, "Anyway, I would advise you not to provoke Lawrence Lu. We can't provoke such a ruthless character. As for Siena... She is always your sister..." "Robert, what do you mean?" Warnia After listening, he shouted angrily, "I was bullied. Not only did you not help me, but now you are still helping Siena Liang's shameless woman to speak! Have you ever figured out who is you? The current fiancee?!" "Warnia, what exactly did you do to Siena yesterday? Although I don't know what it is, it has nothing to do with you. Don't you know? Can't you be a little more peaceful? You really make me feel very strange." He said the most recent feelings in his heart, his tone of voice is unspeakable.

"Stranger?" Warnia replied with a sneer, "Then why didn't you say strange when you slept with me yesterday? Why didn't you say I was strange when you were with me with Siena Liang on your back?" You are sent to the hospital, the main reason is that you are now a public star and shouldn't appear in those places in that state." "You..." Warnia couldn't find any rebuttal.

“The news has been let go. I will put your bag and mobile phone on the bedside table for you. You can use your mobile phone to read and see the current situation of President Li. Then you will decide whether you want to continue to confuse you. Anyway, I What should be said has already been said. If you are still obsessed with regrets, then I have nothing to say.” After that, he went straight to the door and put his hand on the doorknob. He paused, “Right,” Your agent called you several times. I haven’t gone to the company today. Since you are awake, I will leave first.”

This time, he left without reluctance.

“Boom–” Looking at the door of the room that was heavily closed, Warnia grabbed the pillow next to him and threw it on the ground, “Okay! Robert Zhao, you are really good, you are done! I am not uncommon!” Last night, Lawrence Lu prevented her from calling Robert Zhao and took her mobile phone. Although she didn’t know why he didn’t take her mobile phone away in the end, she didn’t think much about it.

After she made a fire, she grabbed the phone on the bedside table and called her agent Li Jie-“Hey! Li Jie, what are you doing?” Li Jie roared on the other side of the phone, “My grandma, you! Where did you go all day?” Warnia leaned against the bed, lit a cigarette for herself, and replied indifferently: “Nothing, I slept for a whole day.” “You still have the mind to sleep?! Do you know the whole entertainment now? The world has changed! You can still fall asleep at a loss!” Warnia was still enjoying a cigarette, looking at the newly bought bracelet on her wrist, she couldn’t help asking: “What’s wrong?” Your position as the female number one in “Flower on Mosque” has been removed!” “What?” Warnia changed her expression for a while, and later she still looked lazy, “Li Jie, today is not a fool Festival! Besides, if it hasn’t started shooting, it’s almost the same, but I’ve been shooting for more than a month, so I didn’t say that I would withdraw it.” “I’m kidding you about this kind of thing?” Warnia was taken aback, ” No, absolutely not!” She took a lot of thought to get this role, and her father also voted tens of millions.

“What’s wrong? It’s said that there is a new investor who asked to withdraw you! My sister-in-law, grandma, who did you offend?” Warnia felt tight, “Withdraw? Never!” She said so. , But the whole person still trembled uncontrollably.

When she heard Li Jie asking who she had offended, the first thing she thought of was Lawrence Lu.

Before yesterday, she went smoothly, but after yesterday, she fell to where she is today!

“Li Jie, have you inquired who it is?” “May I know, I still ask you?” “…Forget it, let’s just do that, I’ll call Director Chen!” However, Director Chen called, But it just can’t get through!

Thinking of what Director Chen did to her yesterday, plus not answering the phone at this time, she was so angry that she wanted to drop the phone!

After thinking about it, she finally didn’t throw it away, took it in her hand, and clicked on the mobile news-the entertainment page. The overwhelming news was all about the changing roles of “Mo Shang Hua Kai”.

In every piece of news, the comments below are also wonderful, some insinuate her relationship, some say that her poor acting skills should have gone away, some say that she is not suitable for the beautiful and kindness of the female number one by playing big cards, and there are also her. Some of the fans protested against the crew and investors, and some opposed the new female number one… The new female number one turned out to be an inconspicuous application in the company!

That woman who is barely able to act and has no acting skills except her face, why should she take her place?

!

Looking at the news and comments, Warnia couldn't stop shaking with both hands, and her face became pale.

After this incident, people who didn't know the inside story would only scold her, and it would be difficult to receive the script in the future.

Even if it is received, it is just some rubbish script that is not on the stage, and it may even be a supporting role with few appearances!

Thinking of this, she was cold and plunged into the ice cellar.

The status she has now, the status of the new Xiaohuadan and Xinyijie in the film and television industry, has become someone else's overnight.

But she became a joke.

The nail was pinched deeply on the palm of the hand, and the pinch bleeding did not hurt.

"Siena Liang!" She gritted her teeth in anger and viciously, her voice hoarse and a little bit of amazement, "I am at odds with you!"

Chapter 97

This incident must have been done by Lawrence Lu. "Director Chen!" Warnia couldn't find someone on the phone, so she ran to the door of Director Chen's house to guard.

The room was dark, and Director Chen was not at home.

She was anxious in her heart, but she had to wait patiently at the door.

It was almost July night, the night wind was quite refreshing, but she only felt cold.

Finally waited until Director Chen drove the car back, and before the car stopped, she hurriedly opened the door and ran over, slapped Director Chen's window, "Director Chen, what's going on?" Director Chen looked at The woman with no image beside the car frowned slightly, but got out of the car.

Standing in front of Warnia, she was no longer as pleasant as she used to be, her expression was cold, "Why are you here?" "I just want to ask you, why did you withdraw my role?"

"Have you read the news?" Director Chen raised his eyebrows. "The investor said that he wanted to change the angle. It's that simple." Warnia had a few hopes before, but now that he heard it, his heart sank sharply.

"Director Chen, is there something wrong in it? Why did you suddenly say that you want to change roles? You know that this drama has been filming for more than a month..." "You have been in this circle for several years. Knowing that investors are our food and clothing parents. If our parents don't give us food, we won't have any food to eat; if our parents don't let us do, we can only quit." Warnia was very angry, and shouted loudly without even thinking about it. Get up: "Then you gave me food and food last night because of my parents' orders?" "..." Director Chen's face sank, and he said nothing.

"Even so, why did you have to withdraw me?" Warnia said, she couldn't control so much. "Director Chen, I decided to shoot at the beginning, but my father paid 30 million yuan, and now he says he doesn't want me. I withdrew from the shoot. It's not justified!" Director Chen almost ran out of patience, frowning, "Dong Chen's 30 million, the new investor will double it back. Okay, it's late, you go back. Right." After speaking, he walked straight to his door.

"Director Chen..." Hearing this, Director Chen turned around and looked at Warnia, who had an ugly face. Thinking of what he had done for his future career shortly before this, he finally opened his mouth, "Although I don't know. Why did you suddenly remove your horn, but Warnia, we are working together anyway, I still advise you, in this circle, sometimes it's not bad to be low-key, so why bother to provoke something you shouldn't provoke What

about people?" It was obvious that Warnia had offended the God of Wealth in the matter last night.

Although he didn't know what it was, it was beyond his control.

"Low-key?" Warnia immediately yelled sarcastically, "Do I usually have a high-profile? I laugh when I meet people and give gifts when I see people. I've been rolling around for several years, and finally got it today. You just watched Seeing me being taken away like this?" Director Chen closed his eyes, the hysterical woman in front of him made him feel a little pitiful, but there was only so much he could do.

"Chen..." "Bang–" stopped her words that she hadn't said yet.

Warnia gritted her teeth, her face was white and ugly, her nails were pinched deeply in her palms, but she still didn't feel any pain.

After a long while, she finally seemed to recover, turned back to the car, and took out her mobile phone–

"...Robert, where are you?"... "President Wang, you have been worrying about it, there is nothing...Yes, I understand... Don't worry..." "Zhang Zong... I'm sorry to wait... ..." Warnia watched Robert answer the phone at the same time. She was in a bad mood, and her patience was exhausted. She walked forward and took the phone in Robert Zhao's hand to hang up. By the way, she pulled the office. Several landline telephone lines on the table.

Robert looked at her displeasedly, "Warnia, what are you going crazy!?" "What am I going crazy? Didn't you receive the news? I can't shoot "Stranger Flowers", you don't know a few words to comfort me, What does it mean to just keep answering the phone?" "I have received the news, and the company we work with has also received it. Doesn't everyone call to ask what is going on?" When Robert answered the phone, he probably guessed that it was because of this. "Ask what? What is the reason? Does the question work? What can be answered by these calls?" "Siena..." Robert Zhao had a headache.

Sitting in the boss's chair, "This is not the time to play tricks. If one is not good, maybe people won't cooperate with us..." "No cooperation? Then let them find a better next home! We Liang Do Shi and Zhao still care about these broken orders?" Robert couldn't help frowning when he heard this.

He raised his eyes to look at Warnia who was out of control at the desk, only feeling tired.

"Siena, you know, I spent a lot of effort to discuss these orders with the company day and night..." Warnia bit her lip, then walked around the desk and stretched out her hand around Robert Zhao's neck. "Robert, I'm sorry, I shouldn't have ignored your contribution. But I'm really in a bad mood, you know, I'm sorry to get the role of the heroine. With all my strength, my dad has paid so much money. But now, I have been shooting for a month, and I said that I would be withdrawn and I would withdraw. I was really unwilling and sad." I couldn't help it. Choked up.

Robert has been with her for such a long time, naturally, he has feelings. Although she was angry that she provokes Lawrence Lu, who shouldn't be offended, but now seeing her with this attitude, my heart is soft, "I know you are sad, but you also Now, my side is too busy." As he said, he pulled Warnia to sit on his lap and patted her on the back, "Are you sure you can't act anymore?"

Warnia secretly said, "The news has come out. Director Chen... directly said that we would refund the money and liquidated damages we had previously injected... Robert, I don't care, you can think of a way for me. I like that drama!" "Do you know who made it?" Having said that, I faintly guessed who it was.

Warnia shook her head, but couldn't help but gritted her teeth and said: "Although I don't know who it is, Director Chen will not say it, but I think it is definitely the damn Lawrence Lu!" Robert Zhao frowned, "But he should I won't just aim at you like this for no reason." Warnia's face was a bit ugly, "Robert, you are now my man, how can you help others when your woman is

wronged, I… oo…" Robert Zhao frowned "I mean, did you do too much yesterday?" "Me? How could it be!" Warnia's expression flickered, "But…maybe… isn't he with Siena Liang now? Maybe it's because Siena Liang said that we drove her out of Liang's house, or… he remembered that I hit him last time?" Robert looked at Warnia suspiciously, and after a while, "Siena, you give Let me be honest, why did Lawrence Lu prescribe you the medicine yesterday?" Warnia's face turned white, and she didn't want to admit what she had done. "It must be Siena Liang who gave him some pillow breeze and wanted me Make a fool of yourself!" "Really?" "Dang…Of course!" Robert Zhao pulled Warnia to his feet, and stood up himself. He was much taller than her. At this time, he lowered his head slightly and looked at Warnia. Qing, be good, tell the truth." "Robert, don't you believe me?" Robert Zhao did not directly answer the letter or not, but directly asked: "Last night, why did Lawrence Lu tell me that you told Siena Liang Did he give you back as much as he did? So, you also prescribed Siena Liang yesterday… didn't you?" "I didn't…" Before finishing the words, Warnia seemed to have reacted to something. , Widened his eyes, and looked angrily at the tall man standing opposite, "Robert, are you arguing about me?" Robert Zhao was noncommittal, but just asked: "Really?" Warnia's face was ugly, and she couldn't help but push. Put Robert Zhao, "I just told the news that you didn't even call me! It's nothing to do with your official business here, Robert Zhao, you are so good!"

Robert Zhao took a step back, paused, his face serious, "Yes, right?" He said very lightly in these three simple words, but to Warnia, it was like a heavy hammer, heavy. Knock on her heart, making her a little flustered for a while.

She thought about it in her heart and decided to confess, "Yes! But you know, Fei, I only did this to talk about the loan for Liang. President Li said that if Liang wants to get a loan, unless Siena Shallow…" As she said, she took a step forward, holding Robert Zhao's skirt tightly with her hands, "I told you about the money, you said you can think of a way. But you haven't come up with a plan, I just I have to do this. You don't know, for the sake of money, my dad's hair is…" "So you are going to calculate the persecution of Siena?!" Hearing this, Warnia refused to comply and let go, "What are you doing? Can you say that? Robert? Didn't we do it the same way last time?" She couldn't help but

laughed, “Why, without your participation this time, you started to reason with me?” Robert The same meal, “How can it be the same?” “What’s the difference? Don’t you always give her to President Li?” “Warnia, you…” Robert gave an embarrassing low cough, “Your family has got what you want. Isn’t this enough? Besides, I also left Siena Liang, what do you want? Warnia, Siena Liang is your sister after all.” Warnia couldn’t hear anything now, “Robert, Just say, this time, do you want to help me?” There was a problem with the Liang’s capital chain, and she couldn’t spend much money, so her last hope was Robert Zhao.

“Siena, or you just have to rest at home for a while…” “Robert Zhao! You just don’t want to pay to take down that character, right? Why, are you afraid that your old friend will be sad or are you worried that Lawrence Lu will target you? “What are you talking about!?” “I didn’t mean it?” Robert Zhao glanced at her deeply, “After you calm down, let’s talk again.” After speaking, he went straight out of the office.

Warnia threw everything on the desk to the ground with great anger. After she got angry, she sat in the chair, clenched her fists, and said bitterly, “Siena Liang, you won’t make me feel better. It will definitely not make you happy!” She took out her mobile phone, and quickly dialed a number-“Keer…”

Chapter 98

Electricity is very expensive. Please don’t waste my electricity. Lawrence Lu didn’t return to Nanhu Villa.

Although Siena Liang knew that he was unlikely to return to the old house, he still called back.

Of course, only in the name of greeting Zan Lu and his wife.

At that time, Zan Lu and Parisa Song were eating, Parisa Song chewed on rice and asked her and Lawrence Lu to go back for dinner. She also said that Zhang Ma made a soup that tasted great, right?… He tactfully rejected Song

Pu. At the invitation of Ya, Siena Liang saw that Lawrence Lu hadn't gone back. Looking at the brightly lit Nanhu Villa, he felt a little disappointed and a little bit of relaxation hidden.

If Lawrence Lu came back, she didn't know how to treat him.

Even if she knew from Pian Pian that he saved her, she was grateful for him, but what about after she saved her?

How did the medicine deal with her?

Was he going to battle in person, or was it really the medicine for her to take?

If it's okay to take medicine, she will at most apologize to him with a shy face, plus the roar of his lion will be over.

But what if it was him?

If something happens between men and women, how should they face it?

This is his home after all. Even if he is angry for a few days, he will always come back.

Everyone was drunk and pretended to be stupid.

But this time, he was sober, and he didn't see him when he looked up every day. How embarrassing would it be?

Is it true that only oneself will move out?

When I was worried, the phone rang at this moment.

Looking at the caller ID, she struggled for a while before pressing the call button-"Siena..." On the other end of the phone, Robert stopped talking.

“What’s the matter?” Siena Liang glanced at the night, her voice in annoyance was not very good.

“Siena Liang, can’t even talk to you well now?” “I don’t think we seem to have anything to say.” “Forget it.” Robert smiled bitterly, “Siena Liang, are you… okay?”

Siena Liang didn’t answer directly, but just said, “Is it okay, what does it matter to you, cousin? If you call just to ask about this, I think you are wasting the phone bill.” Then she said again. I couldn’t help but sneered and said, “Of course, you may not care about this telephone charge, but the electricity is also very expensive, and it is shameful to waste, so… can you please stop wasting my electricity?” “…” Robert Zhao Sigh lightly, “If you can say so much in one breath, then it’s okay. I’m relieved, then…Siena Liang, rest early.” After listening, Siena Liang frowned, “What is okay? Now? Robert Zhao, do you…know something?” She has instinct, he should know what.

When she asked the question, her heart faintly raised.

President Li… Could they do it again?

On the other end of the phone, Robert’s hand holding the phone tightly, for a moment, he didn’t know what to say.

Today, he knew the whole story completely, but if he asked him to tell her, he felt hard to tell.

He used to be a villain for his own selfish desires, for his so-called love and a broader future.

This incident makes him regret every time he thinks about it.

After all, they grew up together, and they have been together for many years, and betrayal is already unforgivable.

And the woman he loves actually used the same trick to frame Siena, what should he say?

It doesn't matter to him?

Or is he also angry when he knows it?

But so what?

Will Siena believe it?

Ha… "It's fine if you are fine, and it's fine!" After a long while, Robert Zhao just repeated this sentence gently, "Siena Liang… rest early." Siena Liang held the phone that was hung up and endured. Can't help frowning.

Robert Zhao seemed to know this matter. Listening to his tone, it didn't seem like he was involved in this matter, but even if he didn't participate, he absolutely knew who did it.

The things or people he wanted to protect, she thought, were mostly the uncle's family.

Haha… With a beep, WeChat received a voice message.

It was sent by Wu Pianpin.

When I clicked it, I only heard Wu Pianpian's excited voice yelling-"Siena, look at the entertainment news! Warnia's green tea watch was removed from the female No. 1 position, haha, really happy! Today I just worry about you, so good! It's really a sin to let me know the news about the news now! You have to watch it!" Siena Liang has been living in anger and entanglement all day, so how can he still be in the mood to pay attention to entertainment news?

At this time, she resisted curiosity and turned the TV to the entertainment channel. As expected, all the things about Warnia's withdrawal from the female No.1 and the change of roles in "Mo Shang Hua Kai".

In the screen, some previous stills are also posted, as well as the comparative comments between Warnia and the new female number one.

"Flowers on Moshang" is a relatively popular drama nowadays, with luxurious lineups such as well-known directors, handsome men and beauties. This sudden change of roles suddenly appeared on the hot search list. Entertainment channels are also rushing to report, and there is a lot of trouble.
.

Watching TV, Siena Liang didn't feel so happy, but instead thought secretly why Warnia, who had been on for a month, was suddenly withdrawn.

She has intuition that this matter should not be as simple as it seems.

Cell phone ringtones rang abruptly in this not-so-noisy space – Siena Liang saw that it was not the protagonist Warnia in the entertainment news who called her?

She frowned for a while and hung up.

These things were linked together last night, and you can get a general idea after a little thought.

What does she mean by calling now?

To mock her for being fooled by her again, or to see if she really made a fool of herself with President Li?

After the phone rang a few times, he hung up. Siena Liang breathed a sigh of relief, but the phone rang again. This time, the person who called was the eldest mother Beatrice.

She was still the same as before, and didn’t want to pick it up.

At this time, she thought and wanted to know how bad Beatrice would say.

The phone rang several times. Seeing that she was not answering the phone, Beatrice, who was uncomfortable, sent a message directly-Siena Liang, I want to see you!

Don’t pretend not to answer the phone!

It’s okay if you don’t see me. Then don’t blame me for not thinking about family love and righteousness and move your parents out of Liang’s back mountain!

When Siena Liang saw the information, he couldn’t help feeling irritated, his eyes were hot, but he could not shed tears.

Liang’s Houshan was bought by her father when she was alive, and her parents also slept here.

She couldn’t think of how the uncle’s family jumped to such an excessive degree!

Siena Liang trembling both hands, barely typed out a few words-good!

where do we meet?

Chapter 99

Even if he quarreled, he was worried about his little carrot head Siena Liang came out of Yishang’s part-time job, and rushed to the cafe where Beatrice asked her to meet.

She just walked to the door and walked in anxiously. She didn’t expect to bump into someone coming out of it.

“Sorry.” A gentle male voice rang in his ears, and even a gentleman reached out his hand to support her.

“I’m sorry…” She apologized again and again, and raised her head. “Doctor Bai?” Solan Bai took a look. Isn’t this the new wife of his friend?

“Brother sister?” He raised an eyebrow, “Why are you here?” “That…” Siena Liang sneered, “I have an appointment.” “Oh, that’s it.” Solan Bai nodded, “Go Right.” Siena Liang wanted to ask him if he knew where Lawrence Lu was. After thinking about it, he still didn’t ask.

Her legal husband is gone, but she wants to ask her husband’s friends about his whereabouts. She is really afraid that she will laugh off others’ big teeth.

After saying goodbye to him, he was about to leave, and was stopped by Solan Bai again – “Well, brother and sister,” Solan Bai said, and he felt uncomfortable again, “Do you mind if I call you like this? Uh…Ah… That kid Xun is younger than me, so…” This is the first time Siena Liang has been called this way. Although he thinks this is reasonable, he still feels somewhat embarrassed.

The little white face blushed, “No, no!” As he spoke, he waved his hands repeatedly to prove that he really didn’t mind.

Solan Bai was amused by him, and laughed out loudly, “You are really…” Cute!

For the rest, he didn’t say it, it was somewhat inappropriate.

“Are you better?” As a doctor

“Well, younger sister,” Solan Bai said when he said it, and he felt wrong again, “Do you mind if I call it that way? Uh…Axun is younger than me, so…” Siena Liang is still the first I was called this time, and although I felt it was reasonable, I still felt somewhat embarrassed.

The little white face blushed, “No, no!” As he spoke, he waved his hands repeatedly to prove that he really didn’t mind.

“Are you better?” As a doctor Sheng, plus that boy’s friend, this kind of words, it’s more smooth.

“Huh?” Siena Liang didn’t understand for a while what he was asking.

“Just… aren’t you that?” Solan Bai looked at her as a girl, and couldn’t make it too direct.

“Oh!” Siena Liang understood, and a little face rose even more red, “It’s alright, thank you for your concern.” After that, she couldn’t help asking, “That… Doctor Bai, you… are you… How do you know…” Her voice became smaller and smaller when she spoke.

“Axun asked me to go to your house.” Siena Liang was stunned, “You mean…the medicine on my body is you…” “Well, it’s all right after the injection and hanging the bottle. “That…” Siena Liang bit her lip. “It means it has nothing to do with Lawrence Lu, right?” She asked nonchalantly, how shrewd Solan Bai is. Just after thinking about it, she instantly understood what she wanted. The meaning to be expressed.

He smiled faintly, “How could it be okay?” For a moment, he saw the disappointment and blow on Siena Liang’s face clearly.

Solan Bai raised his eyebrows, and stopped selling them. “If he didn’t call me, what should you do? You don’t know how serious your situation was at that time! That kid doesn’t want to… You were sent to the hospital, saying that you didn’t want to be seen by others…” “You said he…I…” Siena Liang was so excited that he could hardly speak a complete sentence.

The problem of the day’s entanglement was solved in this way, and my heart suddenly relaxed, and my heart became hot after hearing Solan Bai’s words, just because of Lawrence Lu’s treatment.

Solan Bai asked, “Are you arguing because of this misunderstanding?” Siena Liang was embarrassed when asked, but smirked, “You…you know we quarreled?” “Not? That boy Axun was angry for a long time, and then he went on a business trip altogether. It was naive!” He couldn’t help but shook his head contemptuously.

“On a business trip?!” “That kid Axun rushed to the United States on a business trip last night, why, don’t you know?” “…” Siena Liang shook his head dullly.

It seemed that Lawrence Lu was really angry, and he didn’t even greet him, and he was so far away as soon as he left.

“This stinky boy! Brother and sister, after listening to my brother’s advice, what should I say clearly in person? Because of such misunderstandings, it is too unnecessary for both of them to have a good time, do you think?” Solan Bai finished, Wei Wei Smiled, “Then you are busy, I should go to work.” Beatrice hasn’t come yet.

Siena Liang found a place near the window at random. The air conditioner in the cafe was fully turned on, and it was two worlds compared to the heat outside.

Siena Liang watched the people coming and going outside, lost her senses.

What's wrong with me? I've always been more tolerant. Why couldn't I ask clearly yesterday?

It's not bad now, Lawrence Lu, is he really angry, right?

And she, who was in a trance, didn't even know that there was a guy at the next table who was sneakily inquiring about her every move. She recorded a small video via WeChat and sent it to someone. She had to add it after the small video. On the note ————President, Mrs. President does not seem to be in a good mood. The little one must miss you ^0^ ——So far, she has sighed twenty-three times in a row…… ——Oh , Frowning again!

…… On the American side, because of the jet lag, it is now at night.

Lawrence Lu started busy working without even having jet lag. In fact, he could not have gone to the United States so far. After all, Lu has so many elite talents hired by gold.

But he just had a little quarrel, he really didn't like seeing a city, so he simply went away.

But the man left, but he was very worried about the little carrot that caused him to leave his hometown.

Therefore, he left Li Song and asked Li Song to report to him the situation he wanted in time.

Not long after he returned to the hotel, he received a message from Li Song.

Looking at the protagonist in the video, he looked calm.

After thinking about it, he sent a voice over-"What is she doing here?" Don't see Robert Zhao or any man, otherwise… Hey!

Li Song looked at the voice message he had just received, frowning, but did not open to listen.

At the risk of being scolded by the president of his family, he typed a few words quickly-President, can you please type it?

What should I do if I am found when I am young?

Hey!

He is a special help anyway. The President does not take him to collect gold, but he has to throw him a drudgery-to be a spy and monitor the actions of the President's wife!

orz.

Lawrence Lu, who was in the United States, was very upset when he saw this message, but he still typed it, meaning the same as before.

Li Song looked at him and said he was bewildered–I don't know.

Lawrence Lu: Keep guarding, and report to me whenever you have the situation!

Just as Li Song said "OK", Beatrice had already entered over there, walked straight to the place where Siena Liang was, and sat opposite Siena Liang.

At first glance, Li Song quickly reported-Mrs. Dong, the wife of the chairman of the Liang family, is here!

Lawrence Lu: Open the video!

Beatrice wore a beige dress today. His hair was just done, and the makeup was also very decent.

She ordered a cup of Blue Mountain coffee and generously tipped the waiter 200 yuan.

I looked at the coffee in front of me, and at Siena Liang's orange juice. He smiled contemptuously: "I haven't seen you for so long, I don't think you still can't get on the table, so you can drink this kind of stuff." "... Siena Liang frowned slightly, but said nothing.

"A person, you must learn to change. Just like me, I was not used to drinking coffee and red wine before, but for your uncle's face and I can also integrate into the upper class circle, I will try all of these." She said, she gently smelled Smell the coffee, "Look, this smell is so fragrant!" "Ms. Dong, since your purpose is not to teach me how to taste wine and drink coffee, why waste my tongue?" "Tsk tusk!" Beatrice looked at Siena Liang He shook his head, "Look at you, hit me and sit here. Not only did you never call me, but now you interrupt me in such a bad tone, but it's really uneducated!" "I don't have any education. Why don't you worry about it?" Siena Liang, because of the fact that they drove her out of Liang's house and snatched the Liang family, plus the threat of Beatrice last night, she really can't take a good attitude to face the woman in front of her. .

"Well, I'm also your big aunt..." Siena Liang smiled coldly when she heard it, "Big aunt? Excuse me, my big aunt has died in the last few months. May I ask you who is my big aunt?" "You..." Beatrice was immediately annoyed, and stretched out his finger to Siena Liang, "You..." She was originally an upper-class society who joined later, and because of her low level of education, it is feasible to reluctantly pretend to be a lady, but To say that Sapo cursed is her strong point.

But when she thought of the main purpose of coming here today, the swear word was about to blur out, but she swallowed it abruptly, which made her uncomfortable.

After taking a sip of coffee and taking a few deep breaths, she was slightly calmer.

Reluctantly smiled, she eased her sigh, “Siena, I know you are angry with us in your heart…or else, the big aunt will give you a set of jewellery in private and count as your future dowry. What do you think?” “…” Siena Liang looked at the well-dressed woman opposite, wondering whether to be angry with her or to laugh at her.

Can she be fooled by a set of jewelry that they stole?

“Your parents left early, and only our relatives are the only ones. To say that the jewelry money is still my private money…” “You can collect your private money. I can’t stand your great favor.” Being so straightforwardly rejected, Beatrice was upset that she didn’t know good or bad, but she still smiled and said: “I heard your cousin say that you have been doing pretty well recently…?” Siena Liang listened and saw Dong. Qiu was all nonsense, and he didn’t want to say anything more, he stood up and left.

“Wait!” When Beatrice saw it, he hurriedly said, ignoring the manners of the noble lady, “You should have heard about your cousin? Did you do this?” —-

Chapter 100

“What is the matter with me about the big star Liang? Will Ms. Dong praise me too much?” Siena Liang sat down again and said slowly.

“Not you?” Beatrice obviously didn’t believe it, “Siena Liang, let me tell you, don’t play stupid with me!” Siena Liang was not annoyed either.

She looked at Beatrice, who was sitting opposite to her with an angry expression, and aroused a sarcasm, “If I were the old lady of the Liang family, maybe there is a possibility. But I was driven out by you, I was poor and white. Do you think I have that ability?” Before that, Siena Liang was absolutely unable to say such words.

Maybe I have lived with Lawrence Lu for a while, and now I have to say something sarcasm and ridicule, that is really easy to come by.

“Huh! You don’t have it, doesn’t it mean that you don’t have a wild man!”
“What do you mean?”

“What do I mean?” Beatrice scorned and couldn’t help but said bitterly, “I heard what Warnia said, you caught Lawrence Lu, is there such a thing?” “…” Beatrice watched her not speak , Thought she was a guilty conscience, “Why, now I have found a good next home, so I specifically targeted our family? Siena Liang, why didn’t I see that you are such a wolf-hearted thing? Your parents are leaving. Now, who raised you? You don’t need to remember our kindness. I just give the dog all the food and money before, but you have to go too far? Do you know that Warnia or even Our family has spent so much effort for her role in this script, but you can do it well, it will be blown away by blowing the pillow wind! It is really time to take pictures of your ugly face and let Lawrence Lu see it!” Siena Liang His hands were clenched into fists, his eyes were red, and his thin body was trembling slightly, just to hear what Beatrice said.

“Please pay attention to your words!” Siena Liang took a deep breath, “First of all, I don’t know what happened to Warnia. If you just blame me on your guess, I’m sorry, I don’t accept it. . In addition, whoever I catch up with is my personal business, it has nothing to do with you or anyone in your family. Also, the most important point is that my parents left early, but you are sure that you support me If it weren’t for the industry that my father and mother worked so hard, do you think you could live so many years of comfortable life?” After that, she really felt that Pian Pian should be pulled up on occasions like today.

She doesn’t like swearing, but it’s not just for swearing.

“You…” Beatrice could not be surprised. How could Siena Liang tell her such a big deal without breathing?

Really grow now!

“You shameless little hoof, now the wings are hard! Do you really think you climbed the high branch? I will tell you today, even if you really climbed the high branch of Lawrence Lu, how long do you think he can scare you That kind of rich swinger is not just looking fresh for your little chick!

Beatrice’s excited voice seemed abrupt in this quiet cafe. There were not many people in the cafe, but when people in twos and threes looked in their direction, it was somewhat uncomfortable. Especially When Siena Liang heard Beatrice talk about her and Lawrence Lu, she was extremely angry while she was embarrassed. That kind of anger can probably be explained as-saying that she can, but that Lawrence Lu can’t! mouth!

” “Ah!

how?

I got it right?

Let me tell you, it was you who caught up with Lawrence Lu, and there is also our credit.

The traces of your body…” Beatrice said, shaking his head contemptuously, “Tsk tusk!

I went to the hotel to find out. You were mixed up that night!

After speaking, Beatrice took out his phone, clicked on the copied video, and handed it to Siena Liang to watch. “Look!

The room of Lawrence Lu that you entered at 10:26 the night before,” said, sliding the scroll bar of the video to the end, “It came out at 9:48 the next morning!

“Beatrice!”

Beatrice, who was called by his name, was also not annoyed, “Can’t take it anymore?”

You just instructed Lawrence Lu to grab the business between the Liang family and the Zhao family. Now that you are so proud, you have a grudge and let Lawrence Lu withdraw from the position of Warnia’s female number one. Siena Liang, what kind of heart are you? ?

You can’t see our house is good, right?

After finishing speaking, she put her mobile phone in her handbag, “Don’t talk about it, you don’t know, today the investor of “Mo Shang Hua Kai” has been confirmed, it is Lu’s!

What can you say?

!

“Hearing this, Siena Liang’s heart shuddered. She was still wondering who did Warnia’s things and why. Now hearing Beatrice say this, knowing that it is that person, it is hard to be moved in her heart. Expression. With Lawrence Lu’s jealous and hateful character, this thing is indeed like his style. But he is not a person who has nothing to do. Isn’t it because of her that he is willing to fight so aggressively? Suddenly there was endless support and strength, “What does Lu’s work have to do with me?

Just like you said, Lawrence Lu may only be fresh for a while, how could he spend this kind of wronged money for someone who is fresh for a while?

Still, your big star is really not suitable for that role.

Or did you do something to provoke Lu?

”

Yesterday, Beatrice knew the ins and outs of the whole thing from Warnia’s mouth. Now that he heard it like this, he ignored the previous reason Siena Liang said, “She provokes Lu’s?! Oh, don’t pretend to be stupid!” Beatrice I was so angry, “Yes! We Warnia did not have the luck of yours, and we let you escape once and twice. You disaster star! It made our family and President Li fail to make a loan. You let Warnia even TV. Can’t shoot anymore!” “One time twice?” Siena Liang chewed on these words, and said in a cool voice, “Well then, you did the thing the night before?” She was still skeptical before. It is completely certain now.

“So what?” Beatrice didn’t see the slightest regret, but said angrily, “It’s a pity…you said, if you didn’t run out, do you think you still have a chance to sit here? Lawrence Lu is afraid that you are too Dirty?” “You guys!” Siena Liang clenched and squeezed his fists, “You are really shameless!” “Shameless? I read little and don’t know what it is. I only know that because of you, Liang Shidai No more money, President Li was also dismissed, and even Warnia was dragged down by your broom star!” Beatrice said almost gritted his teeth.

You know, what their family has now is what they have dreamed of for a long time, but if they haven’t enjoyed it well, maybe the company is going bankrupt.

“What does it matter to me?” Siena Liang asked, “You get nothing for nothing, this is also a lesson!” “You…” Beatrice gritted his teeth and saw that Siena Liang’s attitude was not good, so he had to force himself to let go first. He lowered his posture, “Siena, yes, you are right, we were wrong before, and now we want to do it again. Liang can’t get the loan, we can slowly figure out a solution, but Warnia can’t wait. She is anyway. Your cousin isn’t a young girl in her early twenties anymore. How can the entertainment industry stand up to her tossing and waiting? You tell Lawrence Lu if it’s okay to say something good, so let’s let Warnia play it?” For Beatrice who is fast turning the book, Siena Liang only thinks she is a little sad.

Although she didn't ask Lawrence Lu to do anything for her, in the end he was also for her.

But if it wasn't for her uncle who was unkind, how could she be unrighteous?

At least she would go and say something nice to ask for mercy... "Do you think the set of jewelry I just said is too small? It doesn't matter, I'll give you ten sets! Or I will buy you a suite and a car? "Then I want the house that my parents left me, and the Liang family? Give it to me too?"

"Siena Liang, you don't have to get into it! Don't even think about these things!" They took a lot of thought to get these things, and send them back?

It's a dream!

"In that case, what else can we say?" After speaking, Siena Liang picked up the backpack that was set aside and left.

"Since you don't want to say good things, don't blame me for being ruthless!" Beatrice said viciously, "Tomorrow, I will let your parents get out of the back mountain!" Siena Liang was completely angry, she didn't Regarding the eyes of others, the hand that didn't hold the bag was slapped on the table again- "pop -" At that moment, some juice and coffee that were not drunk on the table were spilled.

She bowed her head slightly because of the height advantage she was standing, looked at Beatrice with red eyes, and said word by word: "Do you dare to move my parents to try?!" Beatrice was scared by the sound. With a violent jump, she looked at Siena Liang standing in front of her in shock, and said courageously: "What happened when I moved?" "Then let's wait and see! Don't blame me for being unsympathetic then!" Her bottom line, this is the last one.

If Beatrice and the others dared to do this, even if she knelt down to beg Lawrence Lu, she wouldn't make the uncle's family feel better!

Beatrice gave a light cough and patted her heart. She was relieved. Although she was afraid that Siena Liang would complain to Lawrence Lu, she used to bully Siena Liang, but now she is the wife of the chairman of the Liang family. Being threatened by Siena Liang, how could she stand this anger?

If she doesn't say or do something, this anger will definitely suffocate herself!

"Huh! I tell you, I will not only move, but I will also send a video of you and Lawrence Lu spending the night with the newspaper to the newspaper, so that everyone can take a good look at how your little hoof hooked up with President Lu and Lawrence Lu. Human!" After her mouth addiction, she still felt puzzled. She stood up and grabbed the coffee in front of her and poured it on Siena Liang...

Chapter 101

"Ah -" Two female customers in the cafe could not help exclaiming when they saw such a scene.

Because Siena Liang had been mindful a long time ago, when Beatrice poured coffee on her, he instinctively turned his head.

But the range was not large. Although the coffee was not directly splashed on her face, her hair and clothes were dyed.

She was somewhat embarrassed at the moment. The clothes on her left shoulder were wet, and the coffee on her head was flowing down her hair. Her white face looked a little funny at the moment.

She stared at Beatrice, her eyes full of anger and madness.

Looking at Siena Liang like this, although Beatrice was surprised by the look in her eyes, she felt a lot more comfortable in her heart. With a touch of triumphant triumph, she said: "It's not easy to find me, you won't look at you...

…Ah–" Beatrice hadn't finished speaking, but Siena Liang picked up the glass of orange juice and poured it on her face.

Direct and decisive.

He didn't drink two mouthfuls of orange juice, and Beatrice looked like a soup chicken for half a cup.

This sudden appearance made the already quiet cafe even more quiet.

Looking at the sluggish Beatrice opposite, Siena Liang spoke lightly, without a trace of temperature, "Someone told me, don't be like a fool if you are bullied. So, what you do to me, I will give you back. No thanks!" Beatrice's eyes widened, and he was stunned for several seconds before he recovered from the shock.

Embarrassed and angry, she raised her hand to give Siena Liang a slap without even thinking about it – but before the slap touched Siena Liang's front door, her wrist was tightly held – " Who are you? Let go!" Beatrice struggled, but couldn't get rid of it, but her face turned pale with pain.

Siena Liang looked at the person who suddenly appeared at the table, still a little dazed, "Special help Li?" Special help Li?

The special assistant Li next to Lawrence Lu?

When Beatrice heard this, he panicked.

Will she provoke Lawrence Lu again today?

Li Song held Beatrice's hand still not letting go, and politely nodded to Siena Liang, "Hello, Miss Liang, the president has something to say to you." After speaking, he opened the video on his other hand. The phone was handed over – on the screen, Lawrence Lu seemed to be leaning on the sofa, holding a cigarette in his left hand, and squinting a pair of deep and beautiful eyes.

Such a look of stubbornness brings a bit of leisure and a bit of laziness to the king.

Although she had not seen each other for two days, she still felt very happy at this moment, even if she saw him through the video.

“Lu…” After only one word, she felt that she couldn’t say anything else.

I was as strong as a female King Kong just now, but at this moment, I felt a little wronged inexplicably.

She was wronged and left without saying goodbye, she was wronged and she was alone, and when she was wronged, he was not by her side… This kind of psychology, she felt a little inexplicable, as if he had really become himself in this world The only thing to rely on… Lawrence Lu looked at the little woman whose eyes were blushed inexplicably on the screen and her face was soiled by coffee. How could she know what she was thinking at the moment, only if she was angry with Beatrice.

The day before, I was so angry that my lungs hurt because of her unreasonable harassment. I vowed that I didn’t want to see her again. Perhaps I was in a good mood when I heard her naturally tell Beatrice what she had said to her not long ago. When I saw her like this, not only did he not speak sarcasm and sarcasm, but laughed, with a patient and gentle tone-“Is it wronged? Isn’t it angry? It doesn’t matter, you just did a good job. We haven’t even settled their accounts before, and she dared to come to the door today, so we can’t let her go so easily, right? May I help you out?” “…” Lawrence Lu’s voice was not loud, and it was transmitted via mobile phone, but this series of questions still made Siena Liang almost unable to utter a syllable.

It doesn’t even seem to be possible to even nod and shake his head, just staring blankly at the man on the screen who is a bit scornful and domineering.

She didn't know how much he knew about the matter just now, but the hand holding the phone was trembling, and her throat seemed to be blocked by something, but her heart was hot, and she was beating excitedly because of his care. .

After listening to Lawrence Lu's words, Beatrice's face was terrifyingly pale, and his well-maintained body trembled awkwardly at the moment.

She thought that Lawrence Lu was just playing with Siena Liang, but today, their relationship seems to be better than she thought.

What can I do?

"Give the phone to Li Song, eh?" Lawrence Lu said on the screen.

Siena Liang pursed her lips, a little bit unwilling.

"Good!" Not knowing what he was going to do, she still had to pass the phone to Li Song next to her.

Li Song slammed Beatrice away, and then took the phone over, "President!" "Turn the phone over."

At that moment, the strength was a bit strong, and Beatrice was thrown onto the sofa chair.

As soon as I struggled to sit up, an extra mobile phone appeared in front of me.

"Lu..." Beatrice trembled and forced a smile, "Mr. Lu...you... hello..." Lawrence Lu didn't respond to her greeting at all, and slowly drew out the cigarette in his hand. He put out the cigarette butt in the ashtray again, raised his head and stared at Beatrice for a while, then said slowly: "Mrs. Liang is really elegant!" The ironic words made Beatrice shook his head repeatedly, "No..." "Is there no good Yaxing?" Lawrence Lu raised his eyebrows, "Is that to find the

fault?" "No, no..." She didn't know that Lawrence Lu had heard the conversation she had just with Siena Liang, and tried to make herself see it at this moment. Going up is not so nervous, "How could it be the fault? Hehe...I am the eldest mother of this child Siena...Isn't it a long time since I saw her, so I pulled her out to talk about the old...hehe..." "Mrs. Liang This narrative is really unpleasant? Accusations, insults, threats, and even splashing coffee and beating people! Hiss-the woman who bullied me, who gave you the courage? Huh?" It was a calm, slow and systematic tone. , But the anger in the words was very strong.

When Siena Liang heard the last sentence, his heartbeat even missed a beat because he was moved.

Beatrice also missed a beat, but it was because of fear.

"Lu... Mr. Lu... This... This is all a misunderstanding..." No matter what misunderstanding, Lawrence Lu still looks lazy, "Did you just ask Warnia about it? Well, it's me. Do you have an opinion?" "..." Beatrice was shocked and frightened, and her body trembled unlikely, "Mr. Lu... Siena did not make any big mistakes, you..." "Heh! "Lawrence Lu seemed to have heard some big joke, "Are you sure she didn't make a mistake? Then what you just said was farting?" "Yes..." Beatrice nodded like garlic, obviously furious. But he had to answer, "Mr. Lu, we were wrong. Can I apologize to Siena Liang? Please don't treat Warnia like that. She is still young, and there is a career that she likes. Please don't withdraw. I don't have any other advantages. I'm just a hard-hearted man who likes to repay her. You want to apologize? Then I always want to see your sincerity?"

When Beatrice heard this, his heart was tangled.

After thinking about it, he gritted his teeth and slapped himself severely.

"Papa–Papa–" Two heavy slaps appeared very loud in such a quiet environment, showing how much effort Beatrice had used.

Beatrice's cheeks soon became red and swollen. Siena Liang bit his lip, feeling a little unbearable in his heart, but didn't mean to stop it.

Standing on the side, Li Song couldn't help but slander in his heart: Mr. President, the best in the world is really enough. Is there someone like him to protect the calf?

However, he likes it!

Beatrice endured the hot sensation on his face, and grinned, "Mr. Lu, is this okay?" Lawrence Lu looked for a while, gently raised the corner of his mouth, and shook his head slowly in Beatrice's hopeful eyes.

"..." Beatrice hated him, "Mr. Lu, what the hell do you want to let our family Warnia go, you can just say something good!" "Tsk tusk tusk," Lawrence Lu frowned and shook his head, "You this With her perseverance and perseverance, I almost admire you a little bit." Having said that, he said to Siena Liang again: "My dear, look at her formidable and unyielding look really annoying, or else You give her two slaps?" "....." "....." "....." When the three people present heard this sentence, the psychological activities were really colorful – Siena Liang: Although Beatrice is quite annoying, but a woman Why trouble women?

At least she can't fight!

Li Song: Mr. President, can you not surprise people so unexpectedly?

My little heart is almost broken by you!

Beatrice: Lawrence Lu!

You bast*rd!

"Don't let it go?" Lawrence Lu sighed, "Don't you like this kind of military scene? Then let's change one? Huh?" Beatrice was finally relieved.

She just slapped herself and made her want to get into a hole in the ground. If she was beaten by Siena Liang's little hooves, would she still live?

"Li Song!" Li Song, who heard the president's call greatly, replied immediately: "I understand, President." Li Song just answered, and raised his hand to the waiter, "Twenty cups of coffee, speed!" Waiting for coffee. In the process, apart from Li Song's calmness and Lawrence Lu's leisurely care, Siena Liang just frowned slightly to guess what Lawrence Lu would do next, but Beatrice was panicked.

What exactly is Lawrence Lu going to do?

Soon, twenty coffee cups were delivered, and Beatrice neatly arranged four rows in front of him.

"Mr. Lu?" Beatrice didn't know why.

Lawrence Lu raised a harmless smile, "Don't want to apologize? Drink them all!"
