

One Night Stand With The Uninvited Wolf President

Chapter 227 You Crazy Woman!

"It would be a waste to press it." Nyla raised her hand. A pair of scissors was in her hand.

She said with an evil smile, "I just cut off the line in your office."

She threw the scissors on the ground and looked at Johnny with her arms crossed.

Johnny had to withdraw his hand.

After his car accident, Nyla was like a fly around him, so every time she appeared, he immediately called security personnel to come over and coax her.

"Johnny, you are a man. I have been pursuing you for a long time, haven't I? Can't you be more straightforward? If you don't agree with me, then forget it!"

Nyla boldly walked to the desk with arrogance.

Johnny did not even raise his head. He picked up a document and looked at it. He said, "Are my actions not direct enough?"

"You!"

Nyla looked at Johnny with resentment, "Can you wake up a little? Ceres doesn't remember you anymore. She forgot you and everything that happened between the two of you. Do you understand? If you get close to her now, you can only ruin her. If you still love her, you should stay away from her!"

Johnny remained unmoved, "Since she has forgotten about me in the past, I'll rebuild a new memory with her."

Hearing what Johnny said, Nyla was stunned for a long time and did not return to her senses.

Did Johnny love Ceres so much?

When Johnny saw that Nyla was silent, he finally looked up and glanced at her. He said, "If there's nothing else, you can go."

"Johnny! You fool! You stupid fellow!" Nyla scolded, "If she really loves you that much, hypnosis can't erase you from her memory! Since hypnosis can erase you from her memory, it means you didn't impress her too much at all! Don't you understand?"

Johnny heard what Nyla said. He looked up at Nyla, "How do you know this?"

Nyla realized that she might have said something wrong. Her eyes dodged. She said, "I am her best friend. After she was hypnotized, of course, I will check some related information."

Her voice became low, and then it began to rise again, "I want you to say a word of pleasure! Will it work if you are with me?"

Johnny finally put down the pen in his hand. He stared at Nyla seriously.

At that moment, Nyla was shocked by his eyes.

She liked his eyes. His eyes were cold and deep. She always wanted to understand what was hidden in his eyes.

"Nyla, I will emphasize it to you one last time. I only love Ceres. It used to be, now it is, and in the future. As for you and me, that is impossible. My father sent me three women before. Do you know where the three women are now?"

His cold tone instantly extinguished Nyla's arrogance.

"They were all sent abroad. The underground casino needs a lot of women. If not for Bob, I think you will end up like them!"

Johnny picked up his phone and prepared to call the security department.

Nyla snatched the phone away. She took the opportunity to take out a bottle of spray from her pocket and sprayed it twice at his face.

The spray entered his eyes. Johnny threw his phone to the ground without defense.

"Johnny, I want to get you, no matter what method I use!" Nyla began to take off her clothes.

Johnny opened his eyes with great difficulty. As soon as he looked up, he saw Nyla taking off her clothes. He really did not expect Nyla to do such an outrageous act.

No matter what, the Yoder family was well-educated and well-informed. Johnny never expected the Yoder family to raise such a shameless woman.

"The medicine I sprayed on you will be effective within a minute. If you don't have a woman, you will be worse off than dead. You will even lose consciousness. Except for the instinct of human mating, you will lose all thinking. There are only ten seconds left."

Nyla proudly raised her wrist to look at her watch.

"Ten, nine, eight, and seven..."

Nyla began the countdown.

Johnny had clearly felt that flames suddenly burned in his body. The effect of the medicine was powerful enough. He didn't know where this dead girl got this medicine.

"I gave you a chance to live. You didn't want it." Johnny picked up the phone on the ground. He ordered, "Come to my office immediately!"

He had already made a call just now, but unfortunately, he didn't have time to speak. Fortunately, when the security staff received his call, they naturally did not dare to hang up.

Nyla angrily went around the back of the desk, "Well, since you are not afraid of being seen, I am not afraid!"

As she spoke, she straddled Johnny's thigh!

Johnny wanted to push her down, but he found that he had no strength!

Nyla pursed her lips and smiled, "I forgot to tell you. This medicine only maintains your instinct. It will make you lose your strength. Don't worry. For our first time, I will take the initiative."

Johnny did not expect this medicine to be so powerful. He really underestimated Nyla.

"What can you do even if we have a relationship? Do you think I will marry you?"

Johnny tried his best to dig his nails into his flesh, hoping to maintain his consciousness with such pain.

"Whether you marry me or not, I don't know. I only know that if Ceres knew that we had a relationship, she would definitely not be with you again. Neither you nor she could accept any betrayal."

Nyla said and took off her shirt, leaving only white underwear on her upper body.

"You crazy woman!"

"It doesn't matter. Just scold me. I promise you will scold me comfortably in a while." As she spoke, Nyla lifted his face.

Just as Nyla was about to kiss him, Johnny suddenly raised his fist and smashed it towards the cabinet next to him. With a big sound, the glass cabinet door shattered!

Nyla was startled.

Johnny's hand was bloody!

Nyla was so scared that she couldn't speak but stared at Johnny.

The office door was knocked open.

Bob saw Nyla sitting on Johnny's thigh with her upper body bare, and Johnny's fist was full of blood. Bob could not believe his eyes!

What were they doing?

"Nyla, what are you trying to do?"

Johnny pushed Nyla away from him.

Security personnel arrived, "Mr. Ruby, we received a phone call from Mr. Johnny..."

Nyla was still naked in the room!
