

One Night Stand With The Uninvited Wolf President

Chapter 244 Your Acting Is Clumsy

Ceres walked to Johnny with an indifferent expression.

Johnny stared at her.

Ceres raised her arm to slap Johnny.

Bob and Bill were both dumbfounded.

They thought, "They will get married. Bob had prepared for their wedding. What happened?"

They didn't know what had happened.

"Johnny, is it interesting to do this?" Ceres's face was cold.

Johnny had a roguish smile. "What have I done?"

"How can you speak to Johnny in that way? To save you, he almost lost his life!" Bill roared at Ceres.

Ceres sneered and stared at Johnny. "Of course, you won't lose your life. You have pretended to save me with your life. I should give you an Oscar golden man."

"He deserved it! For you, he played..." Bob covered Bill's mouth at the moment.

Ceres glanced at Bill and Bob with the corner of his eyes, and then she looked at Johnny again.

"First, you drugged me and took the opportunity to violate me. You framed Kirs and saved me as a hero. Johnny, you are so cunning."

"You!" Bill was angry and was about to argue, but Bob stopped him.

"This is what Kirs told you." Johnny raised his eyebrows, seemingly not surprised.

"Yes."

"Do you believe him?"

"Why don't I believe it? Kirs and I have known each other since we were young. I know what kind of person he is. Only a despicable person like you can do such dirty things!"

Johnny didn't know what to say, and he didn't want to explain either. It seemed that all the explanations were so weak at the moment.

"I don't want to see you again in the future." Ceres walked towards the door.

Johnny stared at Ceres's back and watched her leave.

When Ceres walked to the door, she turned slightly. "You don't need to act any more in the future because your acting is poor. The truth will be revealed no matter how you act."

She looked at Johnny with an unfathomable gaze.

Johnny shuddered.

Ceres glanced at Johnny and then walked out.

Bill wanted to chase after Ceres, but he was stopped by Bob.

Johnny lowered his head and smiled. It seemed that he was relieved of a burden.

"Are you letting her go like that? She was too infuriated. You've done so much for her! We should tell her the truth! It would help you relax."

Bill felt injustice for Johnny.

They watched him hide his true appearance for Ceres and become another person. Even if the internal and external Eagle Group was in trouble, he still put all his attention on her. But she was so ungrateful and completely believed Kirs!

Bob winked at Bill. He knew Johnny didn't want to do this.

"Johnny, what's your plan?"

"Nothing special. Let's continue as the plan." Johnny smiled.

Bill looked at Johnny as if he was a monster. "Have you been tortured to be a fool by her? Are you my brother? Are you conscious?"

"I will prepare the wedding later." Bob understood the bitterness in Johnny's heart. The unexpected case influenced the wedding.

"No, prepare it as usual."

Bob and Bill looked at Johnny in disbelief.

"She must marry me," Johnny said with certainty.

"Where did your confidence come from? She forgot you. Now she only listens to Kirs. You have done so much, but she hurt you strongly. What you have done couldn't compare to Kirs's words!"

Bill was filled with indignation.

Johnny's face was full of mysterious expressions.

Ceres was fine. After resting in the hospital for two days, Kirs left the hospital. His injuries were external injuries. He did not need to stay in the hospital for a long time. After all, many things in the Cosmos Corporation Group needed to be dealt with.

They returned to their posts at the same time.

The employees gabbled. Kirs had proposed to Ceres in front of all the technical staff.

However, no one knew what had happened. All they knew was that Ceres and Kirs had left Ceres Island. These employees had played there for a few days and then returned.

When they came back, they found that Kirs was injured, and no one knew what had happened.

As soon as Ceres went to work, Kirs called Ceres to the office.

"Ceres, how do you deal with Johnny?"

"I want to sue him. He violated me." Ceres said and stared at Kirs.

Kirs had guessed that Johnny would not give up. Ceres was drugged so fiercely that no man would give up such a good opportunity.

Kirs did not care about the relationship between Johnny and Ceres. She slept with Johnny many times. They even had a child. He was angry that Johnny had met such a big bargain in the end. He had spent so much effort on a drug.

"Alright, but I don't think it's easy. This involves your reputation, and Johnny's power is so strong."

"I don't care! I must sue him!" Ceres's attitude was firm.

Kirs nodded, "I respect your decision, and I will do my best to help you. Ceres, I still want to ask you. Can we..."

"Kirs, I want to think about this for a while." Ceres interrupted Kirs.

This surprised Kirs.

Kirs thought, 'So her attitude has eased. She will consider me.'

"I'm in a mess right now. I'm too naive. I shouldn't have trusted Johnny so easily. I want to arrange my emotions and deal with Johnny's lawsuit. So, can you give me some time?"

"Of course, I will!" Kirs was overjoyed.

Ceres smiled at him. "Then I'll work first."

"Alright."

Ceres nodded and left the office.

Kirs was so happy, but the smile on his face sank suddenly.

He vaguely felt something was wrong.

He thought Ceres might change too quickly.
