

One Night Stand With The Uninvited Wolf President

Chapter 250 The Best Choice

"Daddy, let's tell Mommy the truth, okay?" Swedum cried and turned to Johnny.

Johnny looked at Ceres with a solemn expression.

Ceres was astonished. She retreated and wanted to leave.

Johnny hurriedly chased after her. "Stop!" he shouted.

Ceres finally stopped without turning around.

Johnny tried his best to restrain his feelings. "Don't take Elian's words seriously."

Ceres stood there without moving.

"Well, I admit that I lied to him," In such a short period, Johnny could only lie, "Elian's mother passed away very early. He has never seen her. As he has grown up, he keeps asking me for her frequently. I have no choice but to tell him like that.

"I said that you are his mother, but you were hypnotized by a bad person and didn't remember us. So, we have to find you back."

Johnny said as he observed Ceres, but Ceres never turned around.

"I admit that I want to use Elian to pursue you. Elian misses his mommy so much today. Do you understand?"

Ceres took a deep breath. "In that case, tell Elian the truth. Johnny, it's time to end."

Then Ceres immediately strode towards her car. She got into it and drove away.

Johnny didn't stop Ceres. He was afraid that he would say something about the past and stimulate Ceres.

He watched as Ceres's car disappeared before returning to his house.

Swedum had returned to his room. Johnny walked in and found that Swedum wasn't crying.

Johnny didn't know how to tell Swedum. After all, Swedum was a child and couldn't understand what he said.

"Swedum, didn't we agree that we can't tell Mommy the truth?"

"Daddy, I'm sorry. Am I wrong?" Swedum looked at Johnny pitifully.

Looking at his sensible son, Johnny felt distressed.

Swedum hugged Johnny.

"I'm sorry. Daddy, you once said that I must calm down at any time. I didn't calm down, so I said those things to Mommy."

Swedum looked at Johnny with remorse.

"You've done very well. Swedum, Mommy will come back. Can you trust me?"

Swedum stared at Johnny's determined eyes and nodded firmly.

They all believed that Ceres would come back someday.

After coaxing Swedum to sleep, Johnny immediately contacted Nyla. Only Nyla knew what to do at this time.

Nyla came to Johnny's home at midnight. She still blamed herself. After Johnny told her what had happened, she came over immediately.

"Is there anything wrong with her?" Johnny sat on the sofa restlessly.

Nyla shook her head, "My teacher said that the hypnosis on Ceres couldn't be dehypnotized now. I don't know what will happen to her."

Johnny felt upset. He had entered the Winsor Group at the age of 18 and been CEO at 23. He had encountered so many tricky problems, but he had never been so annoyed.

Nyla looked at Johnny, saying, "Did she react after you said that?"

Johnny denied. "No, she had her back to me and said that it's time to end and left. Her tone was the same as usual."

Nyla took a deep breath, "I think that you and Sedum should be away from her for a while."

Johnny stared at Nyla unpleasantly.

"Johnny, it's good for Ceres. Although you have explained it, you don't know whether Ceres believes it or not. You and Swedum stay away from her temporarily and let her think about it. She would believe what did Swedum say is nonsense."

Johnny was silent.

"My teacher said that she needs a strong heart. Don't stimulate her from the outside world. Give her time to learn everything."

Johnny agreed.

After a long time, Nyla spoke again, "In fact, I admire you. You are willing to meet Ceres in another identity. It's so hard. But Johnny, I need to remind you that you are yourself."

"What's your meaning?" Johnny looked at Nyla nervously.

I mean, whether you act or pretend, you are always Johnny. You can't be someone else. At least you look the same. You treat her well as before. So as long as you appear in front of her, you will stimulate her.

"My teacher told me that it is great for you to do this, but you will stimulate her slowly. Maybe one day, when you are together for a long time, a small detail will make her remember the past."

Nyla could not bear to tell Johnny all of this.

It's so cruel.

Johnny suddenly grabbed Nyla's collar, "You are lying to me! You must be lying to me!"

Johnny growled.

Nyla's words denied all the efforts he had made recently.

"I didn't lie. I have given up on you. I also want to see you reunite with Ceres, but only Kirs knows how he hypnotized Ceres. He will find a way to remedy her."

"Staying away from her is the best choice, right?" Johnny released Nyla.

Bob had said the same words, but Johnny paid less attention to that.

It's time for him to make a choice.

"Yes."

"You can go." Johnny stood up and went upstairs.

Nyla looked at Johnny's back and was distressed. She envied that Johnny loved Ceres deeply.

However, she also wanted them to be together.

She could do nothing.

It's a sleepless night. Nyla was in chaos.

The next day, Ceres went to work earlier in Cosmos Corporation.

Swedum's words still lingered in her mind, so she turned on the computer and typed in the word "hypnosis."

But she found nothing.
