

One Night Stand With The Uninvited Wolf President

Chapter 278 Everything Is Worth It

"Answer my question!" Johny's eyes turned red.

Seeing Johny being so angry, Jamie laughed even more happily.

"Didn't you want to strangle me? Then just kill me." Jamie threw her head back and laughed.

Johny looked at Jamie's face and regretted it very much. He should have killed her back then!

"Mary, I should have killed you back then!"

He gritted his teeth.

"That's right. You should have killed me back then. Do you regret it now? It's too late! You are the most ruthless, aren't you? You shouldn't have left me alive. Remember, being merciful to your enemies is being cruel to yourself."

Johny snorted coldly. "Thank you for your advice. I will do as you wish!"

"But you don't dare to kill me now, because you don't know where Ceres is," Jamie said proudly.

Johny sat on the sofa, crossed his legs, and even took out a cigarette to smoke. He gradually calmed down.

"Is that so?"

"Of course!"

"You are right. I won't kill you, but I have countless ways to torture you! Do you want to try it?"

Jamie angrily shouted, "How dare you!"

When Johny saw that Jamie was anxious, he also copied her and smiled. "Then you can try."

Jamie walked forward. "I think I forgot to introduce myself! I am no longer Mary. My name is Jamie!"

When Johny heard this surname, he frowned.

He had long heard that Caleb, who was ranked second on the list of the richest people in the world, had no sons or daughters. For some unknown reason, Caleb began to look for his children. Johny did not have much of a relationship with Caleb, but he could still meet him in some foreign meetings.

Therefore, the Bullock family had also sent him a signal, hoping that he would help keep an eye on Caleb's missing children.

However, Johny simply had no time for this. Later on, he heard that Caleb had found his daughter and that the Bullock family had a successor.

"You got it, right? My father is Caleb!"

As expected!

Johny guessed it!

"This is impossible!"

Johny couldn't believe that it was true!

"Nothing is impossible. We've done the DNA test. If not, Caleb will not accept me. Speaking of which, I should thank Sally for what she had done. She had a night with Caleb behind Mike's back and was pregnant with me."

Johny narrowed his eyes.

According to Sally's character, she would have probably done that indeed.

Back then when she was with George, she had also cheated on him and got pregnant with Ceres, hadn't she?

It was quite possible that she had done the same thing and had an affair with Caleb behind Mike's back, even had a child. What a skittish woman!

"You should know that Caleb only has one daughter, and that's me. He loves me very much. Before I came here, I had already told him my whereabouts. He will definitely come to me! If he finds any wounds on my body, he will not let you go!"

Because Caleb was involved, Johny couldn't help but hesitate.

At this time, Bob knocked on the door and came in. He looked at Johny, glanced at Jamie, and then went out of the room with Johny.

"What happened?"

"Those guests are making a ruckus. They want to leave. There are even people who are making a fuss and say that you..."

"Just tell me."

There was nothing that Johny could not bear now.

"They said that to be insulted like that at the wedding, you are now locking everyone up and you will probably kill them all. So now, many people are panicking. They just fought with the bodyguards. The police also want us to release them as soon as possible. It is illegal."

Bob frowned. He really couldn't hold it in anymore, so he came to Johny.

"No! Ceres must still be in the hotel. We have to blockade the hotel and search the rooms one by one! If I'm not wrong, Jamie should have already arranged for someone to take her out. Once Ceres is taken out..."

Johny dared not think about it.

He absolutely could not let Ceres leave him.

"Yes, I understand how you feel. But, Johny, the guests here are either rich or noble. We can't..."

If Johny offended all these people just for Ceres, he would have to pay a price in the future.

"Moreover, the police are here. If we don't release them, the police will definitely take measures."

Johny clenched his fists and punched the wall.

In order to ensure that the wedding was foolproof, he had invited the police. He did not expect that it would cause trouble for himself!

Bob stopped talking and waited for Johny's order.

Johny's fist finally loosened, "Release them."

"Got it."

"Let them go through only one exit. Seal all the other exits. Have people guard both sides and check if there is anything suspicious. If there is anything usual, report to me immediately!"

"Alright, I'll do it right away."

Just as Bob turned around, he was stopped by Johny.

"Wait, Bob!"

"Is there anything else?"

"Get someone to prepare some things for me," Johny whispered a few words beside Bob. Bob looked at Johny in astonishment. "What do you want these things for?"

Followed Johny's gaze, Bob looked at Jamie's room.

"Understood." Bob strode away.

Johny walked into the room and saw Jamie's smile. "Got a big trouble? Are the guests who are trapped unhappy? Johny, hurry up and let them go. Otherwise, you will offend all the famous people for Ceres. It's not even worth it."

"For Ceres, I will not hesitate even if I have to make an enemy of the entire world."

Johny interrupted Jamie's words.

The smile on Jamie's face immediately disappeared. "Why do you love her so much?"

"Yes! I love her very much."

"You won't be able to find her anyway! You will never be able to see her again!" Jamie was so angry that she was almost speechless.

She was jealous of Ceres. Why would Johny love her so much? Why?

Johny sat back down on the sofa. "You better tell me her whereabouts now. Otherwise, you will suffer."

"Try me!"

Jamie sneered.

Not long after, a bodyguard came in with a tray with needles inside.

Jamie immediately widened her eyes as she saw those things. "What do you want to do?"
