

One Night Stand With The Uninvited Wolf President

Chapter 304 She Refuses to Be His Daughter!

"Ceres?" Jamie tried to call Ceres.

Only then did Ceres come back to her senses.

"Then you can't go back on what you promised me. If you don't have anything to ask, then I will leave."

"You can go."

Jamie immediately left the hot spring room. When she left, she turned around and looked at Ceres who had lost her soul.

Ceres had indeed lost her memory.

Jamie hummed a little tune when she went back. She was proud of herself. The highest realm of lies was seventy percent true and thirty percent false. As long as she told her part of the lie she wanted to know, there was no need to lie to her about the rest.

With Ceres's personality, if she knew that Johnny had killed her father, she would definitely take revenge.

At that time, Jamie could watch Johnny and Ceres kill each other.

Thinking of that scene, Jamie felt like her blood was boiling.

Moreover, if Ceres found out about this matter, she would no longer care about whether she was Caleb's biological daughter. Perfect!

When Jamie went to look for Caleb, she returned to her submissive state.

"Jamie, tell me the truth. Can that girl's face be recovered?" Caleb sounded serious.

Jamie stuttered.

"Tell me the truth! I won't blame you. I know that you were just eager to get your revenge." Caleb added.

"I lied back then. Her face can be recovered. I have the antidote." Jamie was like a child who had done something wrong.

Caleb was finally relieved. In this way, he would be able to return a complete Ceres to Johnny.

He was really worried that there was no antidote for the red spot, and Ceres's beautiful face would be ruined in this life.

"Return the antidote to her. Treat it as a favor to me. Johnny has already come to us. She can't stay here any longer. If he finds out that you ruined her face and Johnny has a grudge with the Bullock family, this matter will really be troublesome."

Caleb was really scared.

"Jamie, you must remember that as a person, you should be honest and open. You should keep your promise. Only then can you make some true friends so that everyone will be convinced by you. I relied on these words to obtain my current position.

If you become enemies with the Winsor family, they will definitely take revenge on you if you take the position of the Bullock Group.

Jamie was overjoyed to hear this!

It turned out that Caleb still wanted to let Jamie be his heir!

"Yes! Daddy, I will remember this. I will definitely not disappoint you."

Caleb smiled and nodded.

"Go and bring the antidote."

Jamie obediently gave Caleb a bottle of antidote.

Caleb came to the hot spring room at night.

Originally, it was not Ceres who was on duty. She talked to Jamie during the day and delayed her work. In order to make up for it, she took the initiative to stay at night.

Ceres curled up in the corner of the hot spring room and hugged her knees.

Her tears kept flowing down.

She missed her father. She wanted to be with him every moment. He was so good to her. She had always hoped that he could get out of prison early. Then, she could be with him.

All these years, Ceres had gotten used to living alone and was looking forward to having a home.

But her father died. The man who kept saying that he loved her deeply killed her father with his own hands.

Many scenes appeared in Ceres's mind one after another. She even recalled how heartbroken she was when she lost her father and the scenes of her and Johnny arguing.

Those fragments gave her a splitting headache.

"Girl, what's wrong?" Caleb was standing in front of her at some point in time.

Ceres raised her tear-stained face and looked at him.

Seeing Ceres crying, Caleb was also shocked. He sat next to Ceres and asked, "What happened?"

"My father is dead." Ceres wiped away the tears on her face.

The person she had been talking about with Caleb the most recently was her father.

Caleb was shocked. He knew that Ceres adored his father very much. She had always wanted to fight for her father. Caleb was even going to find his lawyer friends in Country A to check on the case.

But today, he heard this grievous news.

"How could that be?"

Ceres shook her head.

Caleb knew that Ceres probably did not want to mention it, so he did not continue asking.

"The dead can't come back to life. You should restrain yourself." Other than these pleasantries, he did not know what else to say.

Ceres leaned against the wall and his eyes were lifeless.

"If you don't mind, just take me as your godfather. If Johnny bullies you in the future, come to me and I will support you!" Caleb looked at Ceres pitifully.

Ceres sneered when she heard Johnny's name.

It was he who killed her father!

Caleb thought that Ceres was bothered by the red spots on her face. He quickly took out the antidote and said, "Jamie gave this to me. It is a medicine that can help you recover your face. Without the red spots, you can go to Johnny."

Caleb stuffed the antidote into Ceres's palm.

Of course, Ceres knew that it was a fake antidote.

She also kept her promise. Since she had promised Jamie, she had to keep her promise.

"Okay, and then I will leave tomorrow."

As soon as she said she was going to leave, Caleb felt that he was loath to part with her.

"Then will you recognize me as your godfather?" Caleb did not know why, but he did not want to break off contact with Ceres.

"I won't." Ceres's answer was crisp and direct.

This made Caleb angry.

"Why? Am I not good? You have to know that I am the second on the list of the rich and powerful. If you recognize me as your godfather, no one in this world will dare to bully you! Johnny can't either!"

"You are Jamie's father, so you can't be my godfather." Ceres turned to look at Caleb.

"Why is that? The grudge between you has already passed. No matter what, you are sisters."

Ceres snorted and sat up straight. At that moment, Ceres suddenly felt a strong hatred for Jamie.

That kind of hatred made Ceres want to kill Jamie.

Why was it like this?

The grudge between her and Jamie was nothing more than Jamie bullying her since she was a child. There was no need to kill her.

Is there something else?

"I don't want you to be my father. I only have one father, and his name is George." Ceres stood up and walked out of the hot spring room.

Caleb stomped his feet in anger.

It was the first time he had been rejected by someone like this!

It must be known that he had no children over the years. There were many people who wanted to acknowledge him as their godfather!
