

One Night Stand With The Uninvited Wolf President

Chapter 312 Meet Again

Ceres turned and saw Roy.

She patted her chest and said, "You scared me so much!"

"Are you trying to slip away?" Roy smiled strangely at Ceres.

"I was caught by you, but according to our relationship, you won't stop me, right?" Ceres laughed.

Roy was instantly at a loss for words after hearing what Ceres said.

From the day Ceres said that she wanted to acknowledge Caleb as her godfather, Roy knew that Ceres would definitely think of a way to escape.

"I can choose not to stop you, but you have to tell me what you did not finish that day."

"What?"

"It's about the red spots on your face."

Ceres then remembered that day in the hospital, she had wanted to tell Caleb about the red spots on her face, but Jamie rushed over, so Ceres did not finish speaking. She did not expect that Roy still remembered it.

"Alright, but you have to keep your word!"

The two of them reached an agreement and sat by the garden.

"In fact, I have nothing to say about this red spot. It is all because of the jealousy of girls. I look very similar to Jamie, right? At that time, she was a bright and beautiful young lady. Her clothes were always more fashionable than mine and everyone praised her for being charming. However, many people said that we looked very similar and just lacked a few beautiful clothes like hers."

"Someone even said that if I dressed up carefully, I would definitely be prettier than her. Of course, Jamie would not allow me to overshadow her, so she secretly took the chemicals in the school home."

"She wanted to disfigure you?"

Ceres nodded.

Roy found that his palm was sweating. Such a young girl was actually so vicious.

I've been working in the Morris's for a long time because I was honest and industrious. An old maid especially liked me and always helped me. She said that my beautiful face would definitely harm me. So that night, she gave me a bottle of potion and smeared it on my face."

"Jamie thought that she had succeeded. My face had been wrapped in gauze for a long time. Finally, I removed the gauze and the red spots were left on my face. I said that these were the scars left behind after my skin recovered and could not be removed."

The servant also gave me a bottle of antidote. After I can live on my own, I can remove the scars on my face."

Ceres puffed up her cheeks as she said this, seemingly a little discouraged.

"Why don't you go on?"

"I don't know what happened after."

"You don't know either?" Roy looked at Ceres with confusion.

"Let me tell you the truth. I was hypnotized and lost all my memories with Johny, so I don't remember what happened after that. I don't remember how I left the Morris family, nor do I remember why I removed the red spots on my face."

Ceres looked so despondent when saying, "Jamie said that the spots on my face were removed because I wanted to marry Johny, but I don't remember it at all. I don't know if she lied to me. She also said..."

Roy did not interrupt but listened quietly.

"Forget it. It's just nothing," Ceres turned to look at Roy. "I'm done talking. Can you let me go now?"

"You haven't finished it yet."

"Hey, you only asked me about the red spots. I have already finished talking about the red spots. Now, you should keep your promise!"

Roy really didn't know how to retort. "Well, since you don't want to say it, I won't force you. However, I think there might be some misunderstanding between you and Johny. You two should talk with each other."

"But he doesn't want to say anything to me. He is too overbearing and doesn't care about my feelings at all. He always does whatever he wants!"

When Ceres mentioned Johny, she had a lot of things to complain about.

"But the red spots on my face can't be removed. Even if there is really a misunderstanding between me and Johny, we can't be together."

Ceres sighed in frustration, "Well, since things have already happened, I can only try to take it easy."

Roy heard these such words from Ceres and suddenly felt some admiration for her.

He couldn't help but feel a little distressed. He thought that Ceres must have experienced so many things, or she wouldn't have been so relieved about everything.

"Okay, you can go, but as your friend, I hope that you can keep in touch with me."

Ceres nodded and patted Roy on the shoulder. "You are always my trustworthy friend. Goodbye!"

As she spoke, Ceres stepped on the brick. Just as she was about to jump up, she suddenly stopped.

"Since we are friends, keep an eye on him for me. That old man is probably afraid that I will run away, so he always asks someone to come to my room for no reason. I will have to trouble you tonight."

Roy nodded.

"That's good!" Ceres gave him a thumbs-up.

After saying that, Ceres climbed to the wall skillfully and jumped over the wall.

Roy didn't know if it was right or wrong for him to let Ceres go like this. Soon, he took out his phone and the little green dot on it kept flashing.

The phone was given to Ceres by him. He had installed a positioning system on it. No matter where Ceres went, as long as she had the phone, Roy could find her at any time.

Before the real answer was found, it was safe for Ceres to leave.

Ceres jumped down from the wall. In fact, she had not thought of where to go. Standing under the wall, she was at a loss.

The world was so big but there was actually no place for her to stay.

Just as she was hesitating, she suddenly felt a dull pain in the back of her head. Ceres only felt her eyes darken and she instantly fainted.

A man carried her on his shoulders.

He took Ceres somewhere...

The next day, in an inconspicuous restaurant, Matt was drinking alone in a private room in the corner. After a while, Caleb came. In order to keep a low profile, Caleb did not even bring any bodyguards. Anyway, he was going to meet Matt, which would be safe.

"Purple Phoenix, I am surprised to meet you so soon."

Caleb was willing to deal with Matt.

"Mr. Caleb, Purple Phoenix is already in the past. My name is Matt. Just call me by my name."

Very few people knew Purple Phoenix's real name. Since he was willing to let Caleb know his real name, it meant that he was willing to make friends with Caleb.

This made Caleb very surprised and a little excited. "Alright, Matt, why did you come to meet me today?"

Matt sighed, "I went back to Country A these few days to inquire about the whereabouts of my niece. I didn't expect that my niece was in Country M, so Mr. Caleb, I'd like to ask you to help me find her."

"That's fine. Didn't I tell you last time that I want you to give the information to Roy?"

It was mentioned last time, but Matt did not want to owe others a favor. However, this time, it seemed impossible for him not to owe others a favor.

"This is the information on my niece." Matt gave the information to Roy. "In addition, yesterday I went to your mansion and caught a thief. Today I give this person to you."
