

One Night Stand With The Uninvited Wolf President

Chapter 317 Kill Her for Me!

Ceres suddenly stopped.

He turned around and looked at Roy. Roy seemed to know everything.

Roy glanced at Ceres and laughed, "Since you have made up with each other, there is no need for you to come back unless you have some secret here."

Ceres knew that Roy wouldn't be fooled easily. Roy had been raised by Caleb, so it was reasonable for her to stand by Caleb.

Before Ceres could say something, Roy continued, "You'd better tell me the truth."

Normal as Roy's words were, Ceres could not help but tremble.

"I'm here to be a spy."

"You're a spy?" Roy frowned and looked at Ceres.

"Yes, I am. Johny and I have done many things with Jamie before. Once Jamie becomes the president of the Bullock Group, she will take revenge on us. The Eagle Group is in great trouble, which can't afford attacks from others anymore."

"That's why I came here as a spy to keep an eye on Jamie."

Ceres said seriously as if it was true.

Roy could do nothing but believe him.

Ceres dared not tell the truth to Roy, although Roy had helped her before. She knew that Roy was a man as straight as Caleb.

However, Ceres wasn't sure whether she was Caleb's daughter or not.

What if Jamie was Caleb's biological daughter?

She dared not take any risks at that moment.

"I can tell that you love Johny a lot."

"Of course, I love him." Ceres blurted out, "Don't worry. I won't do anything harmful to Caleb and the Bullock Group. I just want to protect myself."

Roy nodded.

Ceres could tell that Roy believed what she had said. She stopped after taking a few steps. "By the way, did Caleb often go to that hospital?"

"Yes. What's the problem?"

"Nothing. I just don't feel well. I think I may not need to register in the name of Caleb."

Ceres shrugged her shoulders and smiled at Roy before returning to her room.

Roy went deep in thought as he watched Ceres's back.

Jamie saw Ceres at the dining table. She had been to the Bullock Group to get familiar with business in the past two days. She began to take over some projects and checked some documents about the Bullock Group.

Thus, Jamie was shocked to see Ceres sitting in the dining room.

Jamie had sent a man to creep into Ceres's room and told him to rape and kill Cere. After that, she would help the man escape.

However, the man said that Ceres was not in her room. Jamie paid him and told him to leave as soon as possible lest others would know it.

Jamie knew later that Ceres had escaped from her room because she didn't want Caleb's adopted daughter.

Jamie had thought that Ceres would not come back again. However, she didn't expect to see Ceres in the dining room.

Caleb immediately called Jamie, "Jamie, here you are. Come and sit down. We have your favorite bacon."

Jamie could do nothing but sit beside Caleb and greet Ceres.

"Jamie, I want to tell you something. Ceres decided to separate from Johny. She will leave here from now on so that you can take care of each other in the future."

Sally was also shocked when she arrived at the dining room, but she dared not speak with Caleb there.

Sally didn't have the right to say anything.

Sally had learned to behave well since she came to the Bullock family.

"That's great. Ceres, I'm glad to have you with me so that I won't feel lonely anymore. Ceres, have some fried chicken. I know you like them. Let me help you."

Jamie picked up a fried chicken and was about to put it into Ceres's bowl. However, Ceres just moved her chopsticks, and the fried chicken fell on Jamie's snow-white dress. Then Jamie's dress was tainted with oil.

"Ouch."

Jamie screamed and immediately stood up, "Ceres, I know that you have always been against me because of the red spots on your face. I feel sorry for that. What should I do so that you can forgive me? Do you want to scratch my face?"

Then Jamie put a fork into Ceres's hand.

When Caleb saw this, he knew that it would not be easy for Ceres and Jamie to get along. However, he believed that they would reconcile as they were sisters.

"Alright, don't mention the red spots again. Jamie, sit down and have your meal."

Jamie immediately sat down.

Ceres glanced at her. She knew that Jamie was trying to frighten her. Jamie was skilled at using that trick when she was in the Morris'es place before.

After dinner, Ceres was about to return to her room when Sally caught up with her.

"Ceres! Why did you come back? Who told you to do that? You shouldn't have come back again since you have left!"

Sally was finally relieved after Ceres had left. However, she didn't expect Ceres to be back again.

Sally began to feel unsettled with that.

"Listen to me, Ceres. Leave as soon as possible, or Jamie will torture you to death!"

"Why can she do that?" Ceres glared at Sally.

Ceres knew that Jamie could not manage to do that without Sally's help. Sally was Ceres's biological mother. How could she help Jamie to replace her as Caleb's daughter?

Sally said in a softer tone, "Don't ask the reason. Don't you know why she wants to kill you? You'd better leave here as soon as possible. I say these for your sake."

"Why should I follow your words? I won't go unless you tell me the truth," Ceres opened the door and walked into her room.

Sally turned around and saw Jamie staring at her not far away. She immediately followed Jamie to her room.

"Jamie, Jamie, listen to me. I just told her to leave here," Sally tried to explain to Jamie.

Jamie snorted, "I know I am not Caleb's daughter. Ceres is! I didn't expect you to be a person like this. How could you flatter her so soon?"

"No, no! You have put me wrong!"

"Really? Can you prove it?"

Jamie moved close to Sally with her arms crossed. Jamie was glaring at Sally, which frightened Sally to step back.

Sally felt frightened at that moment. She was afraid that Jamie would kill her one day to cover the truth.

"I..."

"Kill her for me if you want to prove it."
