

One Night Stand With The Uninvited Wolf President

Chapter 318 Ambiguity

Sally was so scared that she fell to the ground, looking at Jamie in horror.

Jamie was meant to hurt Ceres.

She really wanted to kill Ceres.

Jamie looked at the frightened Sally and suddenly laughed, "Do you dare do that?"

"Jamie..."

"Shut up if you don't! You can remain here to live a rich life after I kill Ceres. Otherwise, I will kick you out if you dare offend me."

Sally was so frightened by Jamie's terrifying expression that she could not utter a word.

At that moment, she just felt that Jamie got crazy.

"Sally, I want to tell you. I have had enough of you. If you didn't tell Ceres that I had a daughter, I wouldn't have been driven out by Johny!"

"You care about nothing but money!"

Sally said in horror.

"Why should I care about your life. Stay here, or I will kill you."

Jamie pointed at the door. Sally immediately got up and staggered out.

Back in her room, Sally suddenly collapsed into tears.

Jamie was right. Sally cared about nothing but money.

She could sell her body, her consciousness, even her daughter for the sake of money.

That was why Sally had been reduced to being abandoned by her close ones. She deserved all these.

In the Country A.

People were busy filming "My Mr. Right".

Alice got infuriated after she got the script. The previous plot had been changed beyond her imagination from sweet love stories to melodramatic ones. Moreover, the hero was replaced by the second male lead.

However, Alice could do nothing about that but follow the sponsor's advice.

Bill had also entered the set to start shooting. However, he treated it with sincerity, although he was a layman. Bill was familiar with many things about shooting, probably because he had often come here.

His acting skill was also worth praising.

Alice could not help but admire Bill.

The director and screenwriter had already given up. They just wanted to finish the shooting as soon as possible. Alice had felt depressed. However, she considered it a good chance to learn from Bill's acting.

There was a scene between Alice and Bill. Exactly, they had to play the supporting characters for most of the scenes of this film.

However, the scene today was a little tricky. Alice and Bill would slip to the ground and kiss in the bathroom.

How embarrassing it was!

It was indeed out of fashion.

Alice was wrapped in a bathrobe. Bill felt a little horny when he came over and saw Alice's bare shoulders.

Bill knew that the actress would put a strapless bra under the bathrobe. However, he still felt nervous.

They had just flirted in the previous scene, but they needed to kiss for the present one.

Bill had felt unsettled since last night.

To create the atmosphere, the staff had turned on the hot water so that the bathroom would be permeated with vapor. They had also splattered some water on Alice's bare shoulders as if she had finished showering.

Then they started shooting when Alice and Bill got ready.

Alice was wearing wet hair, and her snow-white skin was tainted with sparkle droplets.

Bill immediately looked away.

"Stop!" The director shouted, "Mr. Jaden, you should have looked at Alice with a mischievous smile. You can do it well. Again."

Bill was a person like the character. Thus, he didn't need to pay extra attention to performing it.

However, Bill felt awkward doing that.

Bill leaned against the bathroom glass with one hand to stop Alice at the door.

Alice lowered her head with shyness.

"Stop!" The director shouted again, "Alice, you should be angry instead of shy. Do you understand?"

Again.

They had shot this scene several times.

Finally, they succeeded.

According to the script, Bill needed to step forward while Alice took a step back. However, Alice suddenly slipped and was about to fall to the ground with her feet bare.

Bill immediately grabbed her. However, he fell to the ground with Alice.

They kissed on the ground.

Alice widened her eyes and couldn't believe it.

The director didn't stop them.

Bill felt Alice's soft lips and could not help but lick them.

Alice stared at him in shock.

Then she immediately pushed Bill away and slapped him in the face.

"Stop! Pass!"

The director ordered.

Only then did they regain their senses.

Alice grabbed her bathrobe tight with her face blushing. Was it because of the vapor or Bill's kiss?

Bill realized it and quickly entered the bathroom.

He sat on the toilet, a little embarrassed.

Why did he...

It was probably because he hadn't touched a woman for such a long time.

He patted his face, "Bill, calm down!"

After a while, he took a deep breath and was about to leave when the phone in his pocket suddenly rang.

He took it out and saw a message from his mother. "Bill, come home for dinner tonight. I will make your favorite dishes for you."

At this, Bill went deep in thought.

He replied to the message and went back to shoot.

The filming work finished soon.

Alice was ready to pack up and go back to the hotel. She could stay in a high-end hotel for the sake of Bill.

Bill scratched the back of his head and stopped Alice, who was about to leave.

Alice turned around and looked at Bill, "What's the matter?"

Bill said nervously, "Mom asked you to go home for dinner with me."

Alice had almost forgotten that she was still Bill's fiancée in name.

She had promised Bill that she would cooperate with him to be his fiancée.

"Okay," Alice agreed.

After they finished packing, Bill drove Alice home. Along the way, Bill looked at Alice from time to time while Alice kept looking out of the window.
