

One Night Stand With The Uninvited Wolf President

Chapter 331 She Is Enlightened

Jamie searched in the dark room for a long time, but she found nothing.

The dark room had been messed up. Jamie sat on the ground in frustration. She looked at the dark room. It was square, as if there was nothing to hide.

What should she do?

Jamie must find Caleb's backup will, otherwise, it will be troublesome if someone else found this will.

"Jamie, what are you looking for?" Sally asked as she walked into the study.

Jamie glanced at Sally. Jamie was not on guard against Sally.

"Haven't you found it?" Sally saw Jamie leave in a hurry with a document.

"Yes, I have. The will says that all the property and shares will be given to me, but another will says that before I'm thirty, Roy will be in charge of the company. I need to burn that."

"But Ballard did not believe the will in my hand and said that Caleb would show who was in charge of the company."

"Can't you just refuse to admit it? In any case, only you have seen this will."

Jamie shook her head with a serious expression. "No, Ballard reminded me. It was very likely that Caleb made a backup will. I am looking for this backup. If someone gets this backup will, it will be terrible."

Sally, however, pursed her lips and smiled, "Silly daughter, Ceres and Roy have died. Who would look for the will?"

Jamie was enlightened.

Jamie looked at Sally and slapped her own thigh. "You are right. Why do I bother with looking for that?"

After saying that, Jamie burst into laughter. "I'm so stupid."

Sally also giggled.

Jamie stood up. "But Ballard is the second-largest shareholder of the company. If I don't have the will, it will be difficult to muddle through. I have to think of another way."

While muttering, Jamie walked out. "Jamie, where are you going?" Sally hurriedly called out to her.

"I'm going to the company," Jamie responded and left.

As soon as Jamie left, Sally left the Bullock's.

Sally took a taxi and arrived at an abandoned factory. When she walked in, Ceres and Roy were lying on the ground, motionless.

Sally hurriedly patted Ceres on the face. "Wake up, Ceres. Wake up!"

Ceres opened her eyes in a daze, and gradually, she could see Sally's face clearly.

Sally pulled Ceres up and untied the rope on her body.

"I..." Ceres's hands and feet were numb, and she could not move for a while.

"Mom didn't give you poison. It was just sleeping pills. I just let you sleep a little longer." Sally looked haggard.

"Why did you save me? If you offend Jamie, you won't have a good life." Ceres looked at Sally with disdain in her eyes.

Sally knew that Ceres hated her. Sally took out a bank card from her wallet and stuffed it into Ceres' hand.

"Ceres, there are probably hundreds of thousands in this card. Roy will probably wake up in a while. He is a good person. Go far away with him!"

"Far away?" Ceres felt that it was ridiculous.

"What else do you want? Caleb is in a coma in the hospital. I'm afraid he won't live for long. Jamie has a will in her hand and a paternity test certificate. With these two things, you won't be able to change anything."

"Mom has let you down and made you like this. Mom suffered too much when I was young. I only want to change my fate and live a good life. If you hate me, I won't blame you."

"In order to change fate, you betray yourself and your own daughter."

Ceres' eyes were filled with disdain. Why did she have such a mother?

"I know that you look down on me. It's useless to say anything now. I have done my best to save your life. If you insist on going against Jamie, as long as you appear, you will die!"

"Now, all the Bullocks listen to Jamie!"

Sally's voice turned stern. "Your face is ruined. Johnny won't want you anymore. I think Roy is a good person. He doesn't mind your disfigurement. If you go with him, you will have a good life. Your personality is too strong. It is not suitable for you to be in a rich family."

After saying that, Sally stood up. "Hurry up and leave. If Jamie knows that you are alive, she will think that I am incompetent. I know that she has so many things to do, but she will kill me. So next time, either you or I will die. You have to take care of yourself."

At that moment, Ceres saw a trace of hatred flash through Sally's eyes.

Ceres watched Sally get out of her line of sight.

From this moment on, Ceres and her mother finally became enemies.

Either Ceres died, or her mom did.

The mother and the daughter ended up like this.

Sally was powerful, and she even threatened Ceres before leaving.

Roy sat up. Ceres glanced at him and released him. "Did you hear that?"

"Yes, I heard everything. What are you going to do?"

Ceres leaned against the wall and shook her head.

Jamie was ruthless. Ceres knew that Sally was not threatening her but stating the truth.

Jamie asked Sally to do it. Ceres could guess that Jamie was going to get Sally involved. After all, Sally knew so much about her. Once Ceres and Roy died, Sally would be the only one left who knew that Jamie was a fake.

Therefore, once Jamie knew that Ceres was still alive, she would kill Ceres.

"What do you plan to do?" Ceres turned to look at Roy.

"I have to go back. Mr. Caleb is my savior. I can't watch the group he founded fall into Jamie's hands."

Ceres looked at Roy. "Now you and I are accomplices. If you go back like this, you will probably be controlled by them. This matter needs further discussion."

They didn't know what to do.

They expected everything, except that Caleb would fall sick. They thought that everything would be over after Caleb knew the truth. They had not expected that it would become a dead end.

Sally was right. Jamie had the will and the paternity test. It could be said that she had taken Bullock Group into her hand.

As long as Caleb died, nothing could change. Jamie would not let Caleb live.

Johnny received the news and immediately rushed to Country M.
