

One Night Stand With The Uninvited Wolf President

Chapter 332 Her King Comes

Ceres and Roy sat in the abandoned warehouse in a daze, looking at the dilapidated ceiling.

They couldn't think of a way and could only sit there.

Once they appeared, they would walk right into the trap.

Jamie's audio could even make Dylan submit to her, not to mention others. Ceres and Roy might even be arrested by the police for intentional murder.

It seemed like they were in trouble.

"If only Johnny was here," Ceres sighed.

Roy chuckled. "What can he do?"

"He can think deeply and plan carefully. He is smarter than ordinary people. If you and I can't think of a way out, he can! Do you know what a calm man looks like?"

"Johnny is an example! No matter what the problem is, he can remain calm even though everyone is anxious, as if everything is in his hands."

Ceres praised Johnny generously. In her heart, Johnny was always like a savior.

Roy, however, disagreed. "Love blinds your judgment."

"No! Johnny is powerful! At the very least, in my memory, nothing is difficult for him!"

Of course, when it came to Ceres, things were different.

At this time, a figure appeared against the light at the door of the warehouse.

Under the light of the setting sun, his tall and sturdy body looked even more solemn. His deep gaze was like two deep bottomless pools.

Ceres sat on the ground and looked up at him. At that moment, she felt that he was a hero with a halo.

Her god and king came.

"Johnny!" Ceres called out and immediately ran over. She suddenly jumped into Johnny's arms, and he subconsciously hugged her.

"Why are you here? I knew you would come!" Ceres was so happy, just like a child.

Johnny only hugged her to keep her from falling down. He didn't say anything.

It seemed that the old Ceres had come back. Johnny remembered that he was busy with work at that time, and they were always apart. Every time he went home, Ceres would jump on him and hook around his neck.

There was a faint smile on Johnny's face.

Roy coughed, and Ceres suddenly came back to her senses. She forgot that there was someone beside them.

Ceres immediately jumped off Johnny. "Why are you here? How did you know I was here?"

Johnny chuckled and didn't answer.

"I knew it! You installed a locating device on me again!" Ceres soon figured it out.

After thinking, Ceres turned around. "No, I didn't bring my phone with me. Where is the device?"

Johnny didn't say that the last time he was in the hotel, he stuck the device on Ceres's ring. Ceres wore the ring on a red rope and hung it around her neck, so it was the safest place to put the device there.

"Roy, get up. We're saved."

Johnny's gaze was fixed on Roy. This was probably the first time they officially met. In their previous meetings, Roy was a supporting role, and he had no chance to speak to Johnny.

But Roy saw hostility in Johnny's eyes.

"What do you mean?" Johnny's tone was a bit cold.

"We are safe now. Now that you come, we will be saved. Think of a way. I will tell you about the current situation."

"I'm here to bring you back. I don't want to get involved in the affairs of the Bullock family." Johnny was indifferent.

Ceres looked at Johnny and blinked her eyes a few times. "Don't say that. Jamie has taken over the Bullock Group, and Caleb is in danger. Jamie is going to kill Caleb."

"Does it have anything to do with me?"

Johnny's attitude was still cold.

From the beginning, Johnny did not want Ceres to get involved in this matter. Ceres only said that she wanted to find out if Caleb was her biological father.

Ceres was stunned. After she thought about it carefully, it seemed that she had never intended to accept her biological father. If so, the Bullock family had nothing to do with her.

"It seems not."

"Carly, Mr. Caleb is your biological father!" Roy was anxious when he heard this.

Ceres was just about to speak when Johnny said, "She only has one father in this world. That is George."

Ceres was speechless.

"Don't you care about Mr. Caleb? No matter what, he is your biological father. This is a fact that you can't change!"

Roy did not expect Ceres to be so cold.

"Caleb has never done any of his duties to Ceres. He is even stupid enough to accept a fake daughter and give all his love to her. Why does Ceres care about him?"

Roy gritted his teeth in anger.

"Ceres, I thought you were a kind girl, but I didn't expect you not to even accept your father!"

"I..."

"Must Ceres do that? Don't give her moral coercion." Johnny's words were harsh.

"Alright! Stop arguing!"

Ceres stretched out her hand. Why did she feel that Johnny and Roy seemed to be jealous? After shouting, Ceres looked at Johnny with a flattering look.

"Johnny, no matter what, Caleb is my father. I can't just sit by and watch, can I?"

Johnny glanced at her. "You only said that you would confirm it. Now that it's confirmed, it's time to go back with me."

"Don't do that." Ceres grabbed Johnny's arm and shook it a few times. "I promise you that as long as this matter is settled, I will go home with you. Caleb is my biological father. I can't let him fall into the hands of evil Jamie. Besides, this has something to do with us."

"Jamie will deal with us when she becomes full-fledged. This is for our own safety, right?"

Johnny had expected what Ceres could think of. He was just angry!

Why was Ceres with Roy?

"Let's go back to the hotel first."

Ceres blinked her eyes at Roy. This scene was just seen by Johnny. Johnny stretched out his arm and hugged Ceres. After glaring at Roy, he walked ahead.

When they returned to the hotel, the three started discussing countermeasures.

"You must have an idea, right?" Ceres smiled when he saw Johnny's confident look.

She felt that Johnny's calm look was charming. He was simply like an emperor!

"It's simple. All you need to do is take another DNA test," Johnny said indifferently.
