

One Night Stand With The Uninvited Wolf President

Chapter 334 The Mysterious Man

Ceres found that she did not understand Johny well enough. Although Johny said that, in fact, he had arrangements.

In the Bullock's...

Jamie had been very busy these past two days. Although most of the shareholders supported her, no one made a clear statement. It seemed that they were all waiting for something.

Jamie knew very well that these people were selfish. They didn't care who was in charge of the company.

What they cared about was the future of the company. To be precise, it was how much benefit the company could bring them.

Jamie sat in the study and thought hard. It was absolutely impossible for her to reveal that she burned a will. The price of forging a will was too great, so she dared not do so.

Jamie was in a difficult situation.

How could she break through this predicament?

If Caleb died now, she would naturally be able to solve this problem. After all, the company needed a head. At that time, she would be able to secure the position of president.

But now Dylan was guarding there, so Jamie had no chance to make a move. Dylan helped her and also brought her trouble.

The knock on the door disturbed Jamie's thoughts.

"Come in!" Jamie's tone was cold.

"Miss Jamie, someone is looking for you."

"Who is it? It's late at night." Jamie could not think of who would come to her at this time.

"The comer just let me show this to you." The servant walked forward and showed a jade ring to Jamie.

Jamie turned pale with fright when she saw this jade ring.

"Let him in."

"Yes."

"Wait! Let him go to my room."

"Yes."

Jamie's heart was in her mouth.

She returned to her room to wait quietly.

Jamie was clear that this jade ring belonged to Mike. Who would come with this jade ring?

Was someone trying to threaten Jamie, or did something happen to her father?

Jamie paced back and forth in the room. Finally, there was a knock on the door.

Jamie's heart was in her mouth, but she still pretended to be calm.

"Come in!"

The door opened, and a man in black walked in with a hat.

The moment this person entered, he directly took off his hat.

"Dad? Why are you here?" Jamie asked as she looked at the person in front of her in shock.

After seeing the jade ring, she had thought of countless possibilities, but she had never thought that Mike would come to find her.

"Mary, Dad finally found you."

Mike looked a little excited, and his hand that was holding Jamie was shaking.

"Dad, what's going on? Why did you suddenly come to me at this time?"

Jamie couldn't care about the kinship between her father and her. Mike suddenly came to her at this time. If someone found out about their relationship, it would be troublesome!

"Mary, I know everything about you. Caleb is now in the hospital and his life is uncertain. Please stop!"

Mike was worried about his daughter.

Jamie directly shook off Mike's hand. "Are you my father or not? Do you know that if you appear at this time, I will come to a bad end when someone finds out about our relationship?"

Mike was depressed when he saw his daughter like this. "I didn't let you do this from the beginning. Mary, you will get retribution if you do too many bad things! Stop. Return the Bullock family to Ceres and leave here with Dad!"

Jamie looked at her father and felt as if she didn't know him anymore. Her father used to be a man with great ambitions, but now he was good-for-nothing!

"Dad, I'm about to succeed. It's impossible for me to stop now!"

Jamie sounded so resolute.

"Succeed? Mary, you are digging your own grave! Maybe you are too young to understand it. Dad now knows that one will get what belongs to him. But no matter how hard he tries, he won't get what belongs to others."

Mike shed tears of regret. "If Dad had followed the agreement and married you to Johny, maybe nothing would have happened now. Maybe you could live a good life with Johny like Ceres. Dad is too greedy. I want money, but I don't want to lose you."

Mike was so regretful. "After Ceres got married, dad was greedy and wanted to let you replace her, for I wanted the support of the Winsor family. I have done too many wrong things. For a wrong thing, I had to do many wrong things. You are like me at that time!"

Jamie rolled her eyes and turned her head to the side. How could she listen to this?

"You will be like Daddy! Mary, it is never too late to mend."

Mike held Jamie's hand with tears.

Jamie shook off Mike's hand. "Dad, what I will say may offend you. You end up like this because you are stupid! Don't worry. I won't follow in your footsteps. Ceres and Roy are dead. Once I become the position of the Bullock Group, no one will question me!"

"Mary..."

"Dad! You appear in front of me now. You will put me into trouble! Go back. Don't mention our relationship to anyone!"

Jamie directly interrupted Mike, "I have no other choice but to continue. Dad, if you take me as your daughter, then support me. Even if I fail, I will admit it. Moreover, I will not fail!"

Mike looked at his daughter. He knew that whatever he said would be useless. Jamie led a life of luxury since she was a child. She could not stand the hardship at all.

Therefore, Jamie was determined to take down the Bullock Group. She would die if she did not succeed.

Jamie saw that Mike did not speak anymore, so she comforted him.

Then she realized a serious problem. "Dad, how did you know what happened here?"

Jamie was curious. Mike had been in Country A. Although the two countries were not far apart, what happened to the Bullock family spread too far.

"I heard about it when I was at the construction site," Mike replied listlessly.

"At the construction site?"

Jamie felt more and more strange. Although the construction site where Mike worked belonged to the Bullock family, there were some people from Country M.

However, what happened in the Bullock family had been blocked. It was impossible for the news to reach the construction site.

"What's wrong?" Mike saw that Jamie seemed to have a lot of doubts.

"There's a high chance that someone deliberately lets you know it." Jamie made a guess.
