

One Night Stand With The Uninvited Wolf President

Chapter 342 Never Repent

Mike wondered if it was because he had been away from these disturbances for too long that he had lost the ability to judge.

Hearing that something had happened to Jamie, Mike immediately came over. When he thought about it again, it was obvious that those servants had set up a trap for him to deliberately show up here.

Obviously, this was arranged by Johnny.

But it was too late to know this.

Mike calmly turned around.

Jamie pretended to be calm. "This is my father, who had raised me before I found my own father. Any problems?"

"No problem. I was just curious why a man, whose wife had affairs with another man and cuckolded him, raised a child for someone else. I think Mr. Mike was worried about you and showed up here, right?"

Johnny's words sounded quite reasonable to everyone.

Logically speaking, Mike's wife cheated on him and he raised a daughter for someone else, so Mike should hate the mother and the daughter very much. At the very least, they would not contact each other.

However, Mike showed up here and seemed to be very anxious.

Mike's eyes were fixed on Sally. He rushed to Sally and slapped her on the face hard.

"You bitch, I finally found you! How dare you cuckold me and have me raise a child for someone else?"

Mike roared and gave Sally a few more slaps.

Sally felt dizzy, with blood trickling from the corner of her mouth, but she was not able to fight back.

Jamie looked at this scene and her heart ached. However, she could not do anything but look at Johnny hatefully.

"I've finally found you, bitch! Previously, I had to bear insults because I was afraid of Caleb's power. I heard that he was dying, so I can finally vent my anger on you today!"

Mike punched and kicked Sally again while saying that.

Sally's face was black and blue. She kneeled on the ground and began to beg for mercy, "I'm sorry! I lived up to you. It's all my fault to cuckold you. Please spare me. Please!"

The meeting room was suddenly in chaos.

The shareholders at the scene all looked at each other in dismay and generally understood what was going on.

Ceres looked coldly at Sally, who was begging for mercy on the ground. Sally was badly hurt, but she still didn't want to tell the truth.

Maternal love was really great. Unfortunately, it was not for Jamie.

Mike was a little tired. He stood in place, gasping.

Someone in the conference room suddenly began to clap. Everyone looked toward the source of the applause.

It was Johnny.

"Awesome! I have to admire you, Mr. Mike. I finally understand why your daughter's acting skills are so good. It turns out that she has your gene."

Johnny had a mocking smile on his face. "Your ability to adapt to the situation is so good."

Mike got down to his knees in front of Johnny. "Johnny, please! Please spare me. It is all thanks to you that the Morris Group went bankrupt. Why are you still forcing me now?"

Johnny did not speak but sneered.

"I hate this woman who cheated on me. I raised Mary in person. Although she is someone else's daughter, I treated her the same as my own daughter and loved her. Please let her go."

Mike said and took out a pistol from his pocket.

"Is it only when I die that you will let go of me and Mary?"

The people at the scene were all frightened upon seeing the pistol.

"Mr. Mike, your paternal love is really touching. For a non-biological daughter, you are willing to give up your life. I have to doubt whose daughter she is."

Johnny was not scared of the pistol at all.

"She is the daughter of Caleb. I wished that she were my biological daughter. I have nothing left, and she is my only concern in this world. Let her go, please!"

Mike, who was tall and strong, knelt on the ground, crying like a child.

Everyone was moved by him. This man was a pitiful person. His wife had cheated on him and he had raised someone else's daughter for many years. Now, he has to kneel and beg for mercy for this daughter.

Mike turned the pistol on himself. "Johnny, I know that you hate me very much, not willing to let me go. I'm begging you that all our grudges will be written off when I die."

Jamie's eyes were filled with terrifying at that moment.

Johnny sneered, "Mr. Mike, this kind of death-seeking trick has always been something that women like to play. To my surprise, you're so keen on it."

"Johnny, that's enough! I've already lost my family and my fortune. Let me go, please!"

Mike turned his head to Jamie and said, "Mary, be my daughter again in the next life."

It was too late when everyone realized what was going to happen.

In an instant, Mike aimed the pistol at his temple, and a gunshot sounded.

Everything seemed to stop abruptly.

"Dad," Jamie couldn't help crying out.

Ceres immediately turned her head to the side. She recovered from her daze with this gunshot.

Johnny stood up. It was totally out of his expectation that Mike committed suicide.

It was silent at the scene.

Jamie burst into tears and threw herself at Mike. Mike opened his eyes and tried to raise his hand. It seemed that he wanted to touch Jamie's face again.

It was a pity that he could no longer touch it.

His hand suddenly dropped down, with his eyes still open.

"Dad, dad!" Jamie gritted her teeth and broke down.

Sally, whose face was black and blue, slowly crawled over, "Mike, Mike..."

Sally cried out loud.

Many people at the scene also cried with her together.

"Mary, Mike died for you. Are you still stubborn? Only a biological father can sacrifice his life for his children," Roy said.

Jamie slowly stood up, with her gaze sweeping across Ceres, Johnny, and Roy, and finally turned around.

"As you can see, Johnny and Ceres forced my adopted father to death. As my adopted father said, Johnny had a grudge against him, so he came here to force me. It's clear who is right and who is wrong."

Roy pressed on at every stage. "You still don't admit that Mike is your biological father until now? No wonder Mike could not die in peace.

"If he were not your biological father, would you be so sad for him?"

"Do you think everyone is as heartless as you are? Although I am not Mike's biological daughter, he raised me, and we have had the love of father and daughter for more than 20 years."

Jamie's eyes were full of hatred.
