

I Can Grant Origin Powers To Anything

Chapter 26 - 26 I'm Afraid I Can't Control Myself

The farewell matters have come to an end.

Even the sect leader has to personally come to handle this matter. Before the leader arrives, naturally Ji Roufeng and the others cannot leave.

On the contrary, this suits Ji Roufeng's intentions perfectly.

Why did the sect leader come here...

She isn't foolish.

He came for Xu Lingjun, and Xu Lingjun is not the oriole in the master's mouth but a true eagle soaring in the nine heavens.

If he can join the sect.

One can imagine that everyone will compete to accept him as a disciple.

Wouldn't the entire Sun and Moon Bright Sect bow to his wishes?

Although it was a storm, it finally gave her a chance to spend time with him day and night.

Just thinking about it made Ji Roufeng uncontrollably happy and excited.

And at this time, Xu Lingjun and Wang Qingya returned home.

Wang Qingya seemed frightened and was still in a state of shock.

But after all, the matter had passed.

She went to the bathroom, washed her face, ran the bath for Xu Lingjun, and then went to the kitchen to cook for him.

Xu Lingjun stood quietly in front of the mirror.

Taking off all his clothes... Due to the tussle with the Bone Splitting Lizard, his body had a few shallow bite marks, some skin abrasions, and was covered in mud.

He soaked in the bathtub.

Washed the mud off his body.

Then he stepped out, bare-bodied.

Standing in front of the mirror, looking at himself in the mirror.

The "Infinite Divine Demon Body Refining Technique" truly lives up to being a supreme Divine Demon level body refining technique.

It is divided into nine realms.

It is said that at the peak, one can face bombs and resist the catastrophe of a planetary meteorite impact with their body!

Although this was probably exaggerated, unfortunately, with the Source Value's support, this saying... became true.

And now, using this life-and-death crisis, Xu Lingjun bypassed days of hard work and directly broke through to the second realm.

There doesn't seem to be much change from the first realm.

His skin appeared fairer, without the bulging muscles of normal body refining techniques, looking no different from an ordinary person.

But he could feel that his skin's elasticity had improved.

At that time, when Sister Yaya bit him, he would say he didn't feel any pain at all...

Luckily, he still had some feeling; otherwise, if he truly became like a rubber band, it would be a disaster.

Oh right, I successfully gathered Qi too.

It's unbelievable how smoothly the Qi gathering went; with a bit of life-and-death crisis stimulating me, I broke through?!

It feels dreamlike, like a dream...

Xu Lingjun felt it was probably because the upper limit of his cultivation technique was too high, so he was quite close to the breakthrough threshold, and with a slight stimulation, he broke through.

Seems like I won't have to worry too much about bottlenecks in the future.

Having cultivated True Qi means officially stepping onto the path of a martial artist.

If it's an ordinary person like Li Lei, though they can gather Qi, they don't dare easily gather Qi, because the first strand of True Qi gathered represents the foundation of their True Qi.

The higher the cultivation technique, the stronger the foundation of True Qi, the more extraordinary its characteristics!

And without joining an academy or sect, it's simply impossible to obtain top-tier cultivation techniques.

So most people are eager to enter the Four Great Martial Mansions because the cultivation techniques there are far superior to other academies...

There's nothing more important than foundation.

But this is not a problem for Xu Lingjun.

Although the Divine Demon Level Body Refining Technique doesn't have any special characteristics... but today I managed to escape from the terrible Bone Splitting Lizard, wasn't it because of this cultivation technique?

Otherwise, such a vicious and terrifying Bone Splitting Lizard would die clinging tightly to him.

These Demon Beasts are too frightening, so fearless of death. It seems that in the future, if I provoke one, I have to kill it, even if its teeth have to be knocked out.

Xu Lingjun gently let out a breath and put on his home pajamas.

I've just gathered Qi, and the Qi Force I've cultivated for nearly ten years has just started forming, I'll be busy for a while.

When he came out of the bathroom.

Wang Qingya had already prepared a table full of dishes.

During this period, Xu Lingjun's appetite grew larger and larger. A meal without five or six dishes was barely enough.

He can no longer do the delivery job anymore; with this appetite, he can no longer be satisfied just by getting freebies.

She smiled at him and said, "Celebrating our narrow escape from death?"

"Hmm... escaping from death indeed."

Xu Lingjun sat down, feeling extremely hungry.

He began to devour the food.

Wang Qingya sat quietly opposite him, watching him eat.

"Sister Yaya, aren't you eating?"

Wang Qingya softly said, "I'm not hungry... just watching you eat makes me feel full."

"Nonsense."

"Okay, my tooth hurts, alright?"

Wang Qingya glared at Xu Lingjun with grievance, picked up a few salted prawns, shelled them for Xu Lingjun, and put the shrimp meat into his bowl.

She sighed softly, "Don't be so foolish next time... you're just a student, still haven't come of age, and you're thinking of standing in front of me? In such situations in the future, remember, protecting yourself comes first, okay?"

"Don't worry, it won't happen again next time."

Xu Lingjun said, "Next time in such a situation, I'll just kick that thing flying."

"I'm telling you to avoid Demon Beasts when you encounter them, and you're talking about kicking them flying? Is this a matter of kicking them or not?"

Wang Qingya angrily gave Xu Lingjun a light punch, this time without using force.

Xu Lingjun, chewing shrimp meat in his mouth, looked up at Wang Qingya and smiled, saying, "Don't worry, I cherish my life... if it weren't for you this time, I wouldn't have gone forward rashly. Isn't it good to live? Why seek death?"

"It's good that you know your limits."

Wang Qingya gently smiled at Xu Lingjun.

She hesitated for a moment, then said softly, "Tonight, I'll sleep with you."

Seeing Xu Lingjun's shocked eyes, she explained, "Don't misunderstand, when I close my eyes now I see that Demon Beast, its teeth so close to us, we almost got eaten by it, I'm sure I'll have nightmares sleeping alone, and you're scared too, right?"

"I... I'm alright I guess..."

Seeing Wang Qingya's slightly changed expression, Xu Lingjun changed his words, "Indeed, I was almost scared to wet myself; if I hadn't just gone to the bathroom, I'd have lost it."

Wang Qingya said a little embarrassedly, "Actually... I... I was the same, luckily I had just gone too."

Seeing Xu Lingjun's strange expression, she glared, "It's the first time after all; having no experience, it would be normal to wet myself, let alone almost... it won't happen again next time."

"Oh oh oh."

Xu Lingjun nodded quickly.

"And remember, I'm only sleeping with you because I'm scared, so don't have any improper thoughts, understood?"

Wang Qingya took a deep breath, trying to ignore her pounding heart, and said earnestly, "I'm very grateful to you, really... even grateful enough to want to give myself to you, but first, you're not of age, and I don't want to be accused of soliciting a minor boy, and secondly, I'm definitely not calm now, decisions made when not calm can't be taken seriously, but once that barrier is broken the relationship is gone, so... even if I'm very grateful, you have to control yourself and not mess around, understood? Just... just hold me to sleep, protect me, can you do that?"

"Oh."

"Then that's settled, I'm going to take a bath, just leave the dishes after eating, I'll wash them tomorrow."

Wang Qingya got up and walked towards the bathroom.

"Sister Yaya."

Xu Lingjun suddenly called out.

Wang Qingya turned back and asked, "What's wrong?"

Xu Lingjun said, "Actually, my mental age is almost thirty-seven."

"Nonsense, little brat will lie through his teeth for a girl."

Wang Qingya glared at Xu Lingjun... and suddenly noticed, this kid seems to have become more handsome.

Wait, maybe the one who can't control themselves will be me?

She suddenly felt nervous, vaguely regretting the request she made earlier.
