

Overbearing 1441

Chapter 1441: Baby Brain I

The crowd was speechless.

It was the first time they had seen someone say these things after beating somebody up.

This old man was not considered a powerful man in the Jia family, but he was still a Jia family member, after all. So how could he allow someone to treat him like this?

He wiped the blood from his nose and looked at Feng Ruqing angrily. "Who are you?"

"I'm Jia Xin's father!"

The young girl moved as fast as the wind, and in a split second, she was already in front of that old man of Jia family.

Vines appeared from the ground, entangling the disciples of the Jia family. They could not make any move and only watched as the young girl's fist smashed the old man's face.

Fang Hui was stunned.

'This woman... Looks beautiful and has a big belly, but how could she be so fierce?'

'Are you not afraid if something bad happens to your baby?'

He gulped and said fiercely, "All of you, go get her!"

Feng Ruqing glanced coldly.

Those guards trembled, yet they still rushed toward Feng Ruqing...

However, before those people could get close to Feng Ruqing, a violent gust of wind suddenly blew, sending them flying away and landing on the ground helplessly...

Fang Hui was stunned. He looked up and saw a handsome and stunning face.

The man's robe was as white as snow, misty like an immortal.

His stunning face could make thousands of girls in this world fall in love with him.

The man stood next to Feng Ruqing. His robe fluttered in the wind, and his eyes were as cold as the moon. He looked calm as he gradually turned to those who had rushed toward him again...

Boom!

However...

His energy was like a powerful wave, and before those people could even touch his robes, this power lifted them off the ground.

The rest of the people were like ants under this power.

"State Preceptor..."

Feng Ruqing looked at Nan Xian happily. "You're not missing..."

"Well..." Nan Xian's face softened a bit. "I was slightly distant from you when I first fell, but fortunately not too far away. I noticed strange energy here, and so I came looking for you."

"Where's Xiao Ya?"

"I didn't know, but she must be around here."

They had landed in different places, but not too far apart.

Otherwise, Nan Xian would not have been able to find her so quickly.

Feng Ruqing raised her eyebrows and looked at the old man of the Jia family lividly. "I thought that all the Jia family members were strong. But I didn't expect that you're even worse than Jia Xin..."

The old man's face darkened.

Indeed, he was not the most powerful in the Jia family. But, he was still the head family's uncle, after all! So what if he was not strong enough? It was still more than enough to deal with Helian Yue.

Unfortunately, he did not expect to meet this woman here, and she had even dared to compare him to Jia Xin.

'Ridiculous!'

No matter how powerful Jia Xin was, he was only a second cousin to the family's head. How could the Jia family head compare Jia Xin to his own uncle, who was obviously related to him?

"Don't compare me to that idiot, Jia Xin. That idiot, who even bullied a cat, doesn't deserve to be a Jia family member! If not because of his strength, that kind of bastard would have been kicked out from the Jia family!"

Feng Ruqing frowned. "So, he hasn't been kicked out of the Jia family yet? He's still one of the Jia family members?"

The old man of the Jia family was also foolish. After hearing Feng Ruqing's words, he even replied honestly, "That's right!"

"Oh..." Feng Ruqing nodded calmly. "I knew it..."

Chapter 1442: Baby Brain II

The old man of the Jia family was stunned.

'You knew it? What do you mean?'

Soon... That old man would understand what she meant.

The young girl flashed like the wind and slapped the old man across both of his cheeks.

Those guards had freed themselves from the vines and were planning to do something. But who knew that a powerful momentum suddenly pressed down on them, so much so that they could not even move...

It was all that old man's fault. He did not dare to bring out too many people.

If he had brought too many powerful men, the old master of the Jia family would definitely have noticed it. Therefore, he only dared to get some ordinary guards to chase after Helian Yue.

And the same went for Fang Hui.

Initially, they thought that it would be easy to deal with Helian Yue alone. Perhaps they would not even have to finish her off themselves.

No one had expected Feng Ruqing to be here.

Feng Ruqing kicked him away with a thud.

She rolled up her sleeves and looked at the old man with a cold, expressionless gaze. "Go back and tell Jia Xin that I've come to look for him!"

"You..." The old man of the Jia family stood up, panicked. His face was swollen like a pig's head with a blood trail hanging from the corner of his mouth. "Who are you?"

Once he found out the identity of this b*tch, he would never let her go!

"You only need to tell Jia Xin that. There's no need for you to know who I am if you really want to know a name..." Feng Ruqing sneered as she raised her hand and pulled Helian Yue closer to her. "What's your name?" She asked Helian Yue.

Helian Yue looked pissed. She had told her just now!

"Helian Yue!"

"Oh..." Feng Ruqing smiled calmly. "Just say that Helian Yue is one of mine. You can deal with her later. Don't come to me. When the time comes, I will go to Jia Xin by myself to settle the score."

Jia Xin...

The moment she returned to Tian Shen Manor, Jia Xin had already been dragged away by Big Black.

But that did not mean that she did not know the culprit who had almost harmed the people of Tian Shen Manor!

Besides, she was not dumb to simply give her name. Who knew how many skilled masters like Jia Xin were in this Jia family? What if they come after her and the state preceptor?

For this kind of thing... It would be better for them to go to Helian Yue.

Helian Yue was speechless.

Her face darkened.

Fortunately, Feng Ruqing had saved her... So, she would take the blame for her.

Helian Yue swore as she patted her chest. "Yes! If you're looking to settle the score, you can come to the Helian family and find me! I want to see if your Jia family has the guts to do so, and I will definitely tell my grandfather about this. So, you wait for my grandfather to come to you!"

The old man's face changed dramatically. He could no longer say any arrogant words; he was just like a suffocated balloon.

'If any of the Helian family know about this... Tragic!'

The entire Jia family would never live in peace again.

Helian Yue lifted her chin and said, "Get the hell out of here! Don't block my way. You're so ugly. Only a good-looking man like Brother Lianqing has the right to appear in front of me."

Perhaps sensing that he was not a match for Feng Ruqing and Nan Xian, the old man from the Jia family did not say anything more. He looked at Feng Ruqing resentfully before he turned around and walked out of the mountain.

Fang Hui gritted his teeth and eventually left as well, but his eyes were so vicious, like a knife that had been covered with poison.

Looking at their departing figures, Nan Xian pondered for a moment before finally saying, "Qing'er, actually, we don't have to let them leave. If they are buried here, no one will notice."

Chapter 1443: Baby Brain III

Feng Ruqing was startled. She rubbed her head. "It seems so... Then, is it too late for us to go after them now?"

Nan Xian was dumbstruck.

It was like she had a baby brain...

Sometimes she was extremely sharp and intelligent, and sometimes she made silly mistakes...

Helian Yue turned to Feng Ruqing. "My Helian family will not consider the Jia family of any significance. There is no need for you to show mercy to them for fear of dragging me down. Even if I did kill the old man of the Jia family, they wouldn't dare to do anything to me. Someone will always defend me."

Feng Ruqing was speechless.

She was silent for a few moments, before speaking frankly, "I didn't do it for you."

"I got it. You don't need to explain." Helian Yue waved her hand with a lofty gesture. "I thought you really left me behind and ran away before, but I didn't think you were righteous enough to know that those people came prepared to kill me. If they died, the Jia family would definitely suspect that I have done it. That was why you have let these dogs go."

"I really didn't do it for you..."

Helian Yue grasped Feng Ruqing's hand. "Xiao Qing, I understand... I understand everything. You said like this because you're afraid that I'll feel guilty. Don't worry. My grandfather is powerful. I won't let the Jia family cause any more trouble for you. When I go back, I'll ask my grandfather to find them to settle the score."

Feng Ruqing could feel Nan Xian's jealous gaze all over her. Her body stiffened, unable to move.

Nan Xian pulled Feng Ruqing into his arms, forcing their hands apart. His tone was somewhat cold as he said, "Qing'er, is it true? I thought it's common for a pregnant woman to do something silly during her pregnancy as what people have always said. But it turns out that you have done all this for her?"

"I did not! I did not! No way!!!"

'I'm innocent, really!'

Seeing that Helian Yue was about to continue speaking, Feng Ruqing glared at her sharply, scaring her so much that she quickly shut her mouth.

Her eyes were blank.

'Have I said something wrong?'

"Young Lady, stop talking."

Xiao Xiao immediately tugged at Helian Yue's sleeve, afraid that she would repeat something dumb.

Could she not see that man was about to cut her to pieces by a thousand cuts? How dare she talk nonsense!

"Qing'er, let's go."

Nan Xian looked at Helian Yue coldly. He then turned his gaze once again to Feng Ruqing, and his cold eyes were gradually softening.

Well... He could not allow her to develop any relationship with that woman.

He did not want another Tang Yin or Gu Yiyi...

He felt like he wanted to kill all cute girls in this world.

Helian Yue was totally baffled. She did not understand when she had provoked this man...

She would also never understand that a jealous man was scarier than anyone else!

"Xiao Xiao..." Helian Yue held her chin in deep thought. "What's wrong with this man?"

Xiao Xiao remained silent.

"I didn't mess with him, but I saw the look in his eyes. It was like trying to hit me. He looked like a demon slut, prettier than a woman. He's not even human!"

'Brother Lianqing is much better than him...'

At least, if she stood next to Brother Lianqing... She would still have some dignity.

But if it was this man in front of her... Oh, any girl would look bad next to him.

Perhaps...

‘Only a girl like Xiao Qing can be his match, right?’

“Oh, I haven’t asked for Xiao Qing’s real name yet.” Helian Yue suddenly thought of something and rushed toward Feng Ruqing.

She only knew that the guy called her ‘Xiao Qing’, but she did not know her full name.

If she did not know her name... How could she repay her for saving her life in the future?

Chapter 1444: The Two Sisters from the Helian Family I

Unfortunately, Helian Yue had lost her. She lowered her head in frustration.

Xiao Xiao stood next to her and said, “Young Lady, should we go back and meet the Jia family first? I remember that Jia Xin seems to be still locked up in the dungeon by Master Lianqing...”

Seeing that Helian Yue did not say anything, Xiao Xiao added, “Moreover, if we don’t go back in time, maybe those people from the Jia family might still send someone to look for that girl... Besides, Young Lady must quickly give Flame Fruit to Master Lianqing.”

After hearing this, Helian Yue immediately became excited as she waved her hand. “Let’s go back! Quick!”

Wu Shang City.

It was the main city of Tianling Kingdom.

All the great families had close relations and were connected.

As the city’s protector general, Tian Ya, had huge military power, even the Tianling Kingdom emperor feared him. Therefore, General Tian Ya held supreme power in this kingdom.

And as the general’s right-hand man, Helian Xu naturally also held a pivotal position. Moreover, General Tian Ya favored Helian Yue, so much so that the Helian family’s reputation was flourishing, and no one dared to provoke them.

At this moment, in the Helian family, Helian Xu was filled with anxiety. He looked anxious, and he was somewhat restless.

“How’s it going?”

Seeing someone walking in at the door, Helian Xu hurriedly got up and asked, “Is there any news about Yue’er?”

The visitor stroked his sleeve, half-kneeling on the ground, and respectfully reported, “Master, my man has just received the news that Second Young Lady left Wu Shang City and went to Wood Spirit Mountain. She only brought a servant with her.”

The old man's expression changed. He seemed panicked. "She only brought a servant to Wood Spirit Mountain with her? Send everyone in the Helian family to Wood Spirit Mountain to bring this little girl back... Immediately!"

"Yes."

The guard responded respectfully and retreated.

When the guard had left, a young girl who was waiting quietly at the side came out from her hiding place. Her face was also filled with worry, but her tone was reproachful.

"Grandfather, Second Sister is really a bit ignorant this time. How can she go to a place like Wood Spirit Mountain on her own? This is all due to my poor discipline as a big sister. Grandfather, it's all my fault."

As she said this, she had already walked up to Helian Xu's side. Her eyes were filled with sorrow, half-kneeling on the ground.

Seeing Helian Ying in such a state, how could the old man still blame her? He sighed lightly and shook his head. "It's not your fault. Yue'er is indeed too reckless. You should get up first. This time when she comes back, I'll definitely discipline her!"

This time, he had made up his mind to be ruthless, even his gaze was determined.

"No matter how much trouble Yue'er causes in Wu Shang City, I will always protect her. She is my most beloved granddaughter. She has lost her father and mother. If I don't help her, who will? However, does this girl not know how dangerous Wood Spirit Mountain is? Even if she brings the beast-repelling incense, she might not be able to drive away all the spirit beasts there."

He could not continue to indulge her any longer. There was no guarantee that she would not be in danger because of his indulgence.

Helian Ying lowered her eyes to cover the emotion in them.

She and Helian Yue were both his granddaughters. But Helian Yue would always be pampered no matter how mischievous she was.

Everyone in the Helian family spoiled her!

Chapter 1445: The Two Sisters from the Helian Family II

But she...

No matter how well-behaved and sensible she was, not many people would pay attention to her.

She was unhappy...

Not happy about this at all!

Obviously... Helian Yue was just a villain that everyone would love to kill!

She was no longer capable of anything other than going around, causing trouble. So why did the Helian family pamper her so much?

Just when Helian Xu was in a hurry and a little angry, a guard hurriedly ran in. His face was filled with joy. "Master! Master, Young Lady is back. Second Young Lady is back!"

'What?'

This time, Helian Xu did not wait for anyone else to say more; he had already rushed out.

Initially, he really wanted to scold her, but after seeing that tragic little figure, all the anger he had earlier dissipated, and the only thing that remained was a pity...

"Grandfather..."

Helian Yue's small face was dirty, and her entire body was in a mess, even the servant beside her looked miserable.

But the servant was looking at Helian Yue with eyes filled with sorrow.

She did not understand why her young lady had to make herself so miserable before returning! It was spoiling her image.

At the same time...

Helian Ying followed behind her grandfather. Her heart skipped a beat when she saw Helian Yue's miserable appearance.

Initially, she thought that her grandfather would definitely teach Helian Yue a lesson this time, but who knew that this Helian Yue had touched their grandfather's heart... She had made such a mess of herself that her grandfather would never be able to bring himself to scold her.

As expected...

Helian Xu trembled and stretched his hand out, caressing Helian Yue's miserable little face. "Yue'er, you have just gone out for a trip. How did you become such a miserable mess? Who did this to you?"

Helian Yue's tears were streaming down her face. "Grandfather, Xiao Xiao and I were on our way to Wood Spirit Mountain to look for Flame Fruit. But halfway through our journey, someone stole half of our beast-repelling incense, and... The Jia family and the Fang family have even chased after us and wanted to kill me. If I hadn't met that beautiful girl, I'm afraid that I would have already died and won't be able to come back!"

Boom!

A surge of anger rushed straight to his head. Helian Xu's eyes turned red, and he was like an angry lion. "The Jia family... The Fang family! How dare these people touch my granddaughter? Guards, prepare the troops and horses immediately. I will personally go there to seek justice for my granddaughter!"

Just now, he had verbally said that he was going to teach her a lesson, but in the blink of an eye, it turned out that he was teaching others a lesson.

Helian Yue lowered her small head, a silent smile curving the corners of her mouth.

'In this way, the Jia family's people will no longer be able to look for trouble with Xiao Qing, right?

‘No one can save them...’

“Grandfather...” Helian Ying’s heart sank, but her face remained calm, smiling gently. “The Jia family and the Fang family would definitely not dare to touch my sister. Maybe there’s some misunderstanding?”

The anger on Helian Xu’s old face suddenly disappeared.

Helian Ying continued, “Moreover, it is normal for the Jia family to be jealous of my sister. The eldest young lady of the Jia family was only joking about how she would marry Master Lianqing, but my sister still beat her up. The young lady of the Fang family is even more innocent. Master Lianqing only helped her when she accidentally fell, and my sister had also beat that girl in public. These are all my sister’s fault! Grandfather, we can’t be so unreasonable. Otherwise, what will the world say about our Helian family?”

Chapter 1446: The Two Sisters from the Helian Family III

The words she had said were spoken righteously as she looked at Helian Yue accusingly.

“Now, since Younger Sister is unharmed, why don’t we just let it slide? In the future, if the Jia family comes and finds trouble with Younger Sister, it won’t be too late for us to take action then.”

Helian Yue harrumphed.

“That despicable person from the Jia family did not just say that she wanted to marry Elder Brother Lianqing. She had even said I’m small, that my chest isn’t as big as hers and that I’m not fit to marry Elder Brother Lianqing. The despicable person from the Fang family was even worse. She had purposely fallen into Elder Brother Lianqing’s arms. I didn’t punish them wrongly.”

She hugged Helian Xu’s arm while crying as her dirty little face seemed extremely pitiful. “Grandfather, if it wasn’t because somebody had saved me this time around, I wouldn’t have been able to ever return again.”

Seeing Helian Ying was still going to speak, Helian Xu calmly glanced past her. “Ying’er, Yue’er is your younger sister. Speaking on other people’s behalf, where does it leave your sister?”

Helian Ying felt her heart jolt as she bit on her pale lip. “Grandfather, I did not mean that. I just wanted to think about the Helian family clan’s reputation.”

“Reputation?” Helian Xu sneered. “My Helian family’s reputation was built by slowly fighting for it. I don’t need the younger generations to help me fight to obtain this bit of reputation. Guards, fire this fellow immediately. I want to find the Jia family’s little ones to settle the score. Since they have dared to attack my granddaughter, they must pay the price!”

Helian Ying saw Helian Xu’s angry expression, and she clenched her fists tightly. Her heart was throbbing in pain.

However, she also understood that no matter what she said, her grandfather would not listen to a single sentence. Therefore, she looked at Helian Yue and then turned around to leave.

This glance was so cold it was as if countless daggers were slashing across Helian Yue's small face, making her expression darken slightly.

In the backyard.

In a room in the eastern wing, Helian Ying had just walked into the room and locked the door. With a swish, she swept all the porcelain wares on the table onto the ground. Her face was no longer meek and gentle like before. Her gaze was malevolent.

'Based on what?

'Just based on what it was that Grandfather pampered Helian Yue every time! This fatherless, motherless, uneducated despicable person!'

She sat down angrily and poured herself a cup of water. When she had just drunk a mouthful, her room's door was pushed open. She stood up in a flurry and the cup in her hand also fell to the ground and broke into pieces.

Her face paled even more, especially when she saw who the person at the door was. "Father..."

Outside the door, a middle-aged man dressed in a brocade slowly entered. He saw the mess on the ground and frowned slightly.

"Ying'er, what are you doing?"

Helian Ying's face paled as her voice trembled. "I..."

"Ying'er, I know that you are very dissatisfied with Yue'er, but she is still your younger sister! Don't think that I don't know that it was you who had gotten someone to release the news to her and lured her into Wood Spirit Mountain!"

The middle-aged man's tone was sharp and even the way he looked at Helian Ying seemed accusatory.

Helian Ying's heart almost stopped beating, and she even found it difficult to breathe. "Father, I... I didn't..."

"After Yue'er left, I went to inquire about her and found the two people. They personally told me that it was you who has instructed your personal maid to seek them out." The middle-aged man slowly approached Helian Ying and each step he took forward seemed very heavy. "Ying'er, in the past you were obviously not like this. Why have you become so malicious now?"

Helian Ying clenched her fists tightly. At this moment, she actually felt like her body had lost all its strength. The corners of her lips subconsciously curled up into a bitter smile.

Chapter 1447: Is Helian Yue Your Daughter? I

'Why?

'Why is it that each and every one of you only pampers Helian Yue!

'Grandfather is the same, General Tian Ya is the same, and even you, my biological father, is doing the same!

'Even Feng Lianqing...

'He is extremely cold toward everyone. However, he is still able to exchange a few sentences with Helian Yue alone.

'It was clear that I am more outstanding and more mature. Why is it that everyone only has Helian Yue... in their hearts?

"Father, do you really not understand why or are you pretending not to understand why I have become like this?" Helian Ying sneered. The corner of her lips curled up into a sarcastic sneer as she slowly approached Helian Yufei. "Exactly who is your biological daughter? It's fine that Grandfather seems to favor her more. After all, she is an orphan who is fatherless and motherless. You are my biological father, why do you need to favor that orphan girl?"

Slap!

She had just finished speaking when a slap graced her cheek. Helian Ying's hair came undone messily and a trace of blood flowed from the corner of her lips.

She wiped the trace of blood from the corner of her lips and raised her head to look at the man who had exploded in anger. The sneer in her heart grew even wider.

See, this was her biological father!

Helping an orphan girl to mistreat his own biological daughter like this!

"She is not an orphan girl. She is my brother's and your uncle's daughter! This Helian family is her family. She still has her grandfather and her eldest uncle. Who said she is an orphan?"

Helian Feiyu was so angry that his whole body was trembling. His gaze was filled with pain.

Perhaps he could not understand, why had his own daughter become like this?

Or was this her true colors?

"I just want to know, am I your biological daughter or not?" Helian Ying raised her head and looked directly at Helian Yufei.

Helian Yufei closed his eyes in deep pain. He slowly opened them again. "Ying'er, if you are not my daughter when you harm Yue'er like this, do you think I would still help you to hide it? Till now, the old master does not know of this matter. The two people who disguised as guards of the general's manor have also been disposed of by me. As for your personal maid, you should deal with it as you see fit. However, I hope that there won't be a next time for this matter!"

He paused and lowered his gaze. "Also, the people of the Jia family and the Fang family... Was it you who notified them?"

Helian Ying bit her lower lip hard, not making a sound.

Helian Yufei shook his head in disappointment. "Even if you don't say it, I can still guess it. If the next time Yue'er is in any danger, I will tell the old master... about this matter. Ying'er, not to mention the old master, with the way General Tian Ya looks out for Yue'er, do you think that... he would just let things be?"

Helian Ying's body was trembling. She did not understand why Tian Ya treated Helian Yue as someone so important.

She was just a woman who knew how to cause unnecessary troubles.

"Why?"

Why are all of you treating me like this just because of Helian Yue?

Helian Ying's eyes were full of pain. She raised her gaze and stared at Helian Yufei. Her voice was a little hoarse. "I want to know, why?"

Why?

Helian Yufei gave a bitter laugh.

Perhaps, this was what he owed his second younger brother and his sister-in-law...

"Ying'er, I do not hope that there will be a next time for these kinds of matters. I can protect you once, but there will not be a second time."

Helian Yufei did not say anything more and having said that, he turned around and left the room.

Helian Ying ruthlessly kicked the table and chairs. Her face was so gloomy and dark like deep waters as she ruthlessly gritted her teeth. "Helian Yue!"

'I will not let you snatch away everything that is mine. I will get everything that belongs to me back!!!'

Chapter 1448: Is Helian Yue Your Daughter? II

In the main courtyard.

Helian Yufei had just stepped into the courtyard when he met his wife who was rushing out.

This wife of his was graceful and elegant, and her looks were exquisite. She wore a golden hairpin on her head and when she walked, the wind seemed to follow.

Until she saw Helian Yufei, she paused for a moment and stopped. "Husband, did you go and see Ying'er just now?"

"Yes," Helian Yufei replied indifferently. "She was indeed a little unruly this time. If I didn't warn her, I don't know what kind of problems she would hatch. Now, the old master and General Tian Ya have not realized her actions. However, if they were to find out, do you think there would still be a peaceful day in this Helian family?"

Lady Helian's expression shifted as she clenched her fists. Even her breathing seemed to be heavy. "Are you really doing this for Ying'er safety, or is it for... Tian Tian?"

Tian Tian, the wife of the second young master of the Helian family, Helian Yue's biological mother.

That accident back then had left the husband and wife both dead, leaving behind their only daughter, Helian Yue.

It was also because of the lack of discipline, and the fact that the old master pampered her and was always giving in to her that had caused her to be extremely arrogant and domineering.

Helian Yufei heard this name that had not been mentioned for a long time, and his handsome face instantly darkened. Even the gaze he used to look at Lady Helian was cold. "Yue Qin, Sister-in-law has already passed away. Is there any meaning to bringing up her name?"

Yue Qin sneered. "Back then, you liked Tian Tian. In the end, the one she liked was your younger brother. In order to let her marry your younger brother peacefully, you listened to the old lady's words and married me.

"Later on, when the old lady passed away, your love toward Tian Tian reignited right? Did you really go and warn Ying'er because of her safety, or was it for Tian Tian?" Yue Qing's face was cold. "Because of that despicable person's daughter, you have treated your own biological daughter like this. You..."

"Shut up!"

Helian Yufei shouted in anger as he clenched his fists tightly. Even the veins on his forehead were throbbing. "If she was not my biological daughter, do you think I would have hidden everything that she has done to Yue'er? That's right, I once liked my second sister-in-law, but after she became my sister-in-law, I had already given up on her. Otherwise, do you think I would agree to the marital alliance and married you?"

"Who knows if the two of you were doing things secretly, or even to say Helian Yue is your daug-

Slap!

A ruthless slap landed on Yue Qin's face.

Her whole face reddened and swelled. Her hair was in a mess that she looked no different from a beggar.

"Yue Qin, let me warn you. No matter how angry you are at me, you are not allowed to insult my second younger brother and sister-in-law! Their love was stronger than gold. How could another person step into their relationship?" Helian Yufei's eyes were bloodshot. "You really don't understand why I care so much about Yue'er?"

Yue Qin's gaze was full of hatred as she looked at Helian Yufei coldly.

"I have originally married you and intended to treat you well. But aren't you aware of what you have done back then?" Helian Yufei sneered. "Because I once liked my sister-in-law, you try to get her into trouble at every instance, even suspecting that the child in her womb was mine and wanted to poison her!

"Did you think that Sister-in-law did not know? No, she knew about everything. However, she did not expose you to keep the peace in the family. Later on, she even saved you without regarding the previous

grievances she had received!” Helian Yufei closed his eyes in deep pain. After a while, he opened his eyes again and there was a hint of coldness in his eyes. “Second Brother and Sister-in-law died in the hands of our enemies to save you and Ying’er...”

Yue Qin’s body trembled slightly.

Chapter 1449: Is Helian Yue Your Daughter? III

All the matters that happened back then were like a mirror as they flashed by before her.

“You’re right, she had indeed saved me. However, I was also originally dragged in it by the Helian family. Those were enemies of the Helian family. Wasn’t it only right that your brother saved me? I was dragged into it by you all.” Yue Qin raised her head. “Furthermore, this has already passed for so many years, and I have been obedient to you all these years, caring for Helian Yue so well that even Ying’er is jealous. Is this not enough?”

She approached Helian Yufei step by step, asking, “How long exactly are you going to neglect Ying’er for her? Your repayment of their grace should already be fully repaid by now, right? It has been so many years and it still isn’t enough? We don’t owe Helian Yue anything anymore!”

It was as if it was the first time Helian Yufei knew Yue Qin as he looked at her like he was looking at a stranger.

Back then, the second younger brother and sister-in-law did not mind their previous grievances and had saved her and Ying’er. In the end, they themselves never returned.

All these years, Yue Qin was indeed obedient and had treated Yue’er as her own. However, he had never thought that she had long felt that she had repaid their saving grace.

Their lives were exchanged with the lives of two others.

How could it be possible for such a grace to ever be repaid?

They did not just owe them two lives, they also owed Yue’er her parents!

“What I owe them, is for life!” Helian Yufei’s gaze was full of disappointment. “Furthermore, I have never neglected Ying’er. She is my biological daughter. How could I not love her?”

It was just that... he had to cut his love into two portions, that was all.

Everything that Ying’er had, he would also definitely give Yue’er a portion.

If the two of them fell sick at the same time, he would get Yue Qin to accompany Ying’er while he accompanied Yue’er.

This... was it really wrong?

His biological daughter was exchanged with the lives of his younger brother and sister-in-law! Why could he not give Yue’er love, care, and concern?

Was he not allowed to care about others just because he was Ying’er’s father?

“Normally, even if I love Yue’er, I have never mistreated Ying’er. The two of them are the same to me.” Helian Yufei’s eyes were filled with pain and regret. “This time, I did not hold back and have hit Ying’er because... she has crossed the line, it was really too much!”

Usually, he could not bear to even touch a finger of hers. However, she really should not have harmed Yue’er like this.

Yue Qin was stunned as she suddenly pounced at Helian Yufei as if she were crazy.

“Helian Yufei, you animal! It is fine that you lay your hands on me. Ying’er is your daughter, how could you actually hit her?”

She raised her hand as she ruthlessly rushed toward Helian Yufei. However, she did not even get to touch Helian Yufei’s face when he grabbed her hand.

His actions were fast and strong. He grabbed her wrist so hard that it hurt. Her face was filled with anger as she glared at Helian Yufei hatefully.

“That’s enough!” Helian Yufei’s voice was somber. “Even spirit beasts know how to repay favors. Why is it that my wife and daughter... are treating the daughter of their saviors like this? Yue Qin, in this Helian family, you better be a little wiser. My mother is no longer around, no one will protect you.”

Back then, he was forced by his mother to marry for a marital alliance because Yue Qin’s mother was his mother’s niece.

Back then, he was originally thinking that whoever he married was the same as long as she knew her place. He would not mind who his wife was.

If he had known that Yue Qin’s character was like this, perhaps he would not have married her back then...

Thud!

Helian Yufei gave a strong push and Yue Qin was pushed onto the ground.

“When Sister-in-law was around, I had given you too many chances. Now, in these past few years, I saw that you have been treating Yue’er quite well and thought that you have repented. I never thought that you were just holding back. It really is like the saying ‘a leopard can’t change its spots’!”

Chapter 1450: Is Helian Yue Your Daughter? IV

Yue Qin was so angry that her whole body was trembling. If it were not because she could not defeat Helian Yufei, she would have immediately pounced over and torn him into pieces.

“You have never forgotten Tian Tian, you have never forgotten her! That’s why Helian Yue is definitely your daughter! You have long rekindled your romance!”

Helian Yufei was too tired to say anything more. Perhaps it was just toward Yue Qin that he did not even want to explain anymore.

If Tian Tian had wished to marry other people back then, he would still try and put up a fight, but she was his sister-in-law, no matter what, he would not do such a thing like incest...

"If you say so, then it is so. It's up to you whatever you want to believe."

After he finished speaking, he did not say anything more as he walked past Yue Qin, leaving on his own.

Outside the courtyard, Helian Yue's body went stiff. She looked at Helian Yufei's leaving back in a daze. A stream of tears flowed from her eyes and wet her entire face.

"Xiao Xiao... Eldest Uncle's wife just now said that... I am Eldest Uncle's daughter?"

Why?

How did she become Eldest Uncle's daughter?

Her father was clearly the second master of the Helian family.

"Young Lady..." Xiao Xiao looked at Helian Yue worriedly and wanted to say a few words of comfort, but found herself unable to do so.

Helian Yue bit down on her lip. Her petite body was trembling, and her face was pale.

No wonder...

No wonder Helian Ying did not like her.

It turned out that she was actually Eldest Uncle's daughter... now it made sense; Helian Ying disliking her was expected.

Just like she had never liked Helian Ying.

Actually, Helian Yue could not be blamed for misunderstanding the situation. She had arrived too late and had only overheard the last few sentences. She did not even know what was discussed earlier on.

The moment Yue Qin raised her head, she saw Helian Yue's pale, small face. Her heart leaped as she immediately put on her guard.

'Just now those words... How much did the despicable little one hear?'

Without waiting for Yue Qin to think further, Helian Yue's trembling voice could be heard once more.

"Eldest Aunt, is what you said just now true? That I am Eldest Uncle's daughter?"

The originally guarded Yue Qin completely let down her guard after she heard this.

'It seems like this despicable little one still does not know the cause of Tian Tian husband and wife duo's death. Otherwise, she definitely would not be speaking in such a tone.'

Thinking about this, she looked at Helian Yue coldly. "That's right. You are Tian Tian and Helian Yufei's biological daughter. You all have hurt Ying'er too deeply. From the beginning, he had neglected Ying'er for you. And you are... still trying to get her in trouble at every instance!"

Helian Yue's small face became even paler. She did not even know where to put her hands. There was no longer the arrogance and dominance of the past in her, but instead, there was a feeling of utter disbelief.

"Helian Ying has always found me unpleasant to her eyes. Did she already know about this long ago?"

She bit her lip and continued to ask.

Yue Qin sneered. "Naturally it is so. My family's Ying'er is an understanding and obedient child. If it were not the case, do you think she would have hated you? She would never have hated someone without a reason. This is all because you all owe it to her!"

Helian Yue's body went limp.

It was Helian Yue who owed her, Helian Ying...

It was Helian Yue who owed them both, Helian Ying and Yue Qin.

"Yufei does not wish for too many people to know about this. I also hope that you will not simply talk nonsense and make things difficult for Yufei." Yue Qin's gaze was menacing. "All these years, I have been hurt so deeply by your mother and you. I have even let go of all my grievances and treated you as my own. If it were not because Ying'er is so unhappy this time around, I would not have done this... Helian Yue, seeing that I have been quite good to you in the past and that you owe it to us, I hope that you don't look for Yufei anymore and don't say anything more to him!"

Helian Yue lowered her gaze as a bitter smile hung on her pale face.
