

## **Overbearing 1591**

### **Chapter 1591: General Will Seek Vengeance For Her I**

At this moment, everyone was subconsciously looking at Feng Lianyi.

Feng Lianyi was somewhat speechless as she stood there, stiffened.

A few moments later, she finally smiled and said, "Yes, Your Majesty."

Helian Ying had not said a word. She only stared at Helian Yue and Feng Ruqing coldly. No one knew what she was thinking about...

"Today, I have heard that Maiden Lianyi is hosting a banquet, and I have come to take a look..." Qi Fang's face was cold. "There is no need for anyone to be too formal. Maiden Lianyi, you can start now."

"Yes, Your Majesty."

Feng Lianyi looked unhappy. She had been embarrassed for so many times in front of so many people.

Fortunately, Qi Fang's last words relieved her. She cleared her throat and said, "Since everyone is already here, then..."

Bang!

Feng Ruqing suddenly slammed her plate on the ground.

This sudden action frightened everyone; even Qi Fang frowned at her.

'A pregnant woman... yet she still has such a temper. I don't know how her husband could put up with her.'

"I've just told you, who said that everyone is already here?" Feng Ruqing slowly stood up, expressionlessly.

Feng Lianyi's face darkened. "Maiden Feng, what exactly are you doing?"

"I said no one could start the feast until everyone is here!"

"You..."

Feng Lianyi's gaze changed slightly. She was about to open her mouth when she saw a little boy with a pink carved jade carrying a young man walk in through the door.

This little boy was quite good-looking and cute, just like a little girl.

It seemed that he was quite strong as he could carry such a heavy young man.

However, the moment Feng Lianyi saw this young man, her face changed dramatically. She even looked panicked but forced herself to calm down.

"Maiden Feng, what are you doing?"

Feng Ruqing glanced at Feng Lianyi coldly.

Before she opened her mouth, a cold voice sounded from the side. "Call her Lady Nan."

Feng Lianyi was speechless. She clenched her fists tightly, not uttering a word.

"It's you!"

The little fatty suddenly stood up angrily. "Mother, this is the bastard who pushed my sister back then!"

The empress's eyes turned cold as her gaze also fell on the young man.

The entire banquet hall became quiet.

Everyone's eyes were fixed upon the young man. That young man got up from the ground, crying as he pounced over to Feng Lianyi.

"Maiden Lianyi, save me! I've listened to your order... You can't leave me alone. You said you would protect me, and as long as I followed your order, the imperial family would not do anything to me. So please save me now."

Feng Lianyi's face darkened, trembling with anger. She kicked the young man aside and snapped, "What are you talking about? I don't even know you. I was kind enough to help you the other day, and now you're helping someone else to harm me."

'Damn it! This bastard is still alive. I should have just finished him off that day!

'And...

'This bastard is so stupid!'

As long as he shut his mouth, there was no way the emperor could have blamed her. But now, he had shown up and exposed her!

## **Chapter 1592: General Will Seek Vengeance For Her II**

"Maiden Lianyi..." The young man raged, "I wouldn't have taken the spirit herb you gave me if I hadn't been stuck at King Warrior tier for so many years. Now that everything has been revealed, you plan to make me a scapegoat! You said you had a way to get me out of this! "

He took out a spirit herb from his pouch and threw it at Feng Lianyi's face.

"I don't want to lose my life just for a piece of spirit herb. I don't want your spirit herb. You must save me!"

Who was not afraid of death.

The young man also understood the consequences of what he had done.

Now he had to put all the blame on Feng Lianyi so that he could save his life.

The spirit herb hit Feng Lianyi on her face. It was so painful, but she could not stop the panic inside her.

Her fists were clenched tighter, and her nails dug painfully into her flesh.

"Your Majesty..." Feng Lianyi turned around and faced Qi Fang respectfully. "If you don't trust me, then think about General Tian Ya. I know I have made mistakes, and between Big Brother Feng and morality, I chose Big Brother Feng, but... I'm not the kind of person who would do such a thing for my gain! Besides, the little prince has no grudge against me, so why should I take revenge on him?"

She was trembling inside but had to remain calm.

"I beg Your Majesty to investigate this matter. Someone is trying to harm me!"

Qi Fang remained silent, and his face darkened. If what had happened to his child was planned by somebody...

Then, he... He had almost killed his daughter...

And beaten his son...

"Feng Lianyi!" The empress's gaze burned with anger. "So it was you behind all of this. I've said that I will definitely send whoever dares to bully my son or daughter to hell!"

Her words carried a sense of intense hatred, making Feng Lianyi's face turn pale.

She lowered her head and said, "I will not admit something that I didn't do! Someone must have framed me for this!"

\*\*\*

Feng Ruqing had an apple in her hand. She took a bite and looked at Feng Lianyi smilingly.

Feng Lianyi glanced at Feng Ruqing fiercely. Her eyes were filled with hatred.

'Feng! Ru! Qing!

'I won't let you go!'

"Your Majesty, I know that I have offended Maiden... Lady Nan. So, of course, Lady Nan hates me. I don't know what tactics she has used to have someone set me up, but I have not done it."

She lifted her head and hid the resentment in her eyes. She now looked like an innocent girl, making people doubt the young man's words.

Feng Lianyi was not the type of person who would deny her mistakes!

If she had done it, she would indeed have admitted it.

Besides, General Tian Ya was such an upright man, and Feng Lianyi had grown up with him, so she would not harm someone just to avenge herself.

And she would never have dared to harm the little prince and the princess!

Indeed, she had done something wrong before, but that was all because of Feng Lianqing. She was trying to protect Feng Lianqing and had blamed another person. With Feng Lianyi's personality, she would not do such a thing for her own good.

Feng Ruqing slowly stood up from her seat and smiled at Feng Lianyi.

“You’ve... Never harmed anyone before, right?”

Feng Lianyi was stunned and pursed her lips. “Lady Nan, I told you, I didn’t do it.”

### **Chapter 1593: General Will Seek Vengeance For Her III**

“The people behind you probably don’t have the brains to give you any good ideas, right?”

Feng Ruqing asked, smilingly.

Feng Lianyi’s expression changed dramatically, and she looked at Feng Ruqing with fear in her eyes.

‘This...

‘It’s impossible!

‘How did she know?

‘Is she referring to General Tian Ya?

‘Yes, it must be General Tian Ya.’

“Lady Nan, you...”

Suddenly, a sword light flew over.

By the time Feng Lianyi noticed it, it was too late to dodge.

The sword light rushed toward her and sliced her neck, leaving a cut on her jaw.

But that was only a small cut...

She would have died had the sword light had sliced through her neck.

The crowd was startled, and their eyes all turned to the man on the seat.

The man’s robe was as white as snow, cold, and indifferent. “When Qing’er speaks, the mouth of anyone who speaks will end up like this.”

Feng Lianyi closed her mouth and trembled. The jealousy that she felt right now was like ants gnawing at her heart, making it unbearable.

In this life, she had never cared about any man.

Nan Xian was the first!

He was such a beautiful man, she had immediately fallen for him when she saw him back then.

But this man... He only held a torch for Feng Ruqing, and he had also embarrassed her so many times for Feng Ruqing...

If she were Feng Ruqing... How could she still look for another man? She wandered around in front of Big Brother Feng, and the kids like the little prince were also swooning over her.

Therefore, Feng Lianyi could never understand why Nan Xian loved this woman.

Such a woman was not worthy of him at all!

Feng Lianyi lifted her head. She smiled bitterly as her fingers brushed the bleeding cut on her jaw.

Feng Ruqing squatted down and slowly picked up the spirit herb from the ground.

This spirit herb was like a rose; red and bright.

But it was not a rose... Because there was a vermillion red fruit that seemed as vivid as blood in the center of it.

"Grade-7 Lost Fruit... Empress, call the Prime Minister over, and ask him to check if someone has gone to General Manor's storehouse to steal this Lost Fruit."

Feng Lianyi's face changed slightly, her expression suddenly became tense, and the panic in her eyes had become somewhat impossible to conceal.

Feng Ruqing took the Lost Fruit and smiled. "Grade-7 Lost Fruit... Tsk, a King Warrior, still can't withstand the power of this Lost Fruit. Fortunately, you haven't taken it yet. Otherwise, I'm afraid that you would have already died violently on the spot."

The young man was stunned, and his face turned pale. He then rushed toward Feng Lianyi furiously.

Feng Lianyi dodged to the side and kicked the young man several meters away.

The young man spat out a mouthful of blood and raised his eyes, staring hard at Feng Lianyi. "You want to kill me... You actually want to kill me! Feng Lianyi, you are so vicious. You will surely get your karma!"

"Hahaha!"

The young man laughed wildly. His smile was so horrifying, full of resentment.

Feng Ruqing smirked. "Feng Lianyi, if I were you, I wouldn't even have wasted this Grade-7 Lost Fruit. I would have finished him off on the spot. You really haven't done much harm before... You're inexperienced."

Hearing Feng Ruqing's words, Feng Lianyi's head exploded with rage, and her eyes were bloodshot. All the calmness that she had tried to fake in front of these people disappeared completely.

#### **Chapter 1594: General Will Seek Vengeance For Her IV**

"Feng Ruqing, you're the one framing me. You're the one trying to harm me. If General Tian Ya knew about this, he would never let you and your people go! Hahaha!"

She knew that if the housekeeper checked the storehouse, he would definitely notice that she had gone to get the Lost Fruit.

This time, she could not escape from this mess...

However, if General were back, he would not let these people who were harming her go! Especially Feng Ruqing!

General Tian Ya was a man of integrity. If she had made a mistake, he would punish her and even expel her from the manor.

But...

After all, she had been with General Tian Ya for nearly twenty years... Even if one lived with a cat for twenty years, it would still have a strong bond, not to mention a person.

No matter what mistake she had made this time, General Tian Ya would not stand by and watch these people try to kill her! If Feng Ruqing killed her before General Tian Ya returned, then General would definitely avenge her and kill Feng Ruqing!

Seeing Feng Lianyi's angry and fearful expression, Qi Fang suddenly understood something. His face sank, and his voice was cold and harsh. "Feng Lianyi, is it you who wants to harm Yu'er?"

Up to this moment, without having to look into anything else, one could understand that this matter was definitely related to Feng Lianyi.

Feng Lianyi laughed. "Your Majesty, I am a member of General Manor and General Tian Ya... He prioritizes his family over everything. Do you think... Between Tianling Kingdom and I... Who will General Tian Ya choose? If General Tian Ya leaves this kingdom, then when the four kingdoms come to attack... Your Majesty, who will you send to save your kingdom?"

Qi-Fang's face darkened.

"And, as I said, I didn't do it. So it's up to Your Majesty to choose to trust this woman or me!" She raised her hand and pointed at Feng Ruqing, the coldness that radiated from her eyes, causing the crowd to tremble.

Nan Xian glanced coldly as Feng Lianyi pointed at Feng Ruqing. He suddenly raised her hand, and a gust of wind blew past.

Feng Lianyi fell hard to the ground, and her arms were twisted causing her awful pain. Cold sweat broke out over her face.

"Your finger almost touched Feng Ruqing. Make sure it won't happen again!"

Feng Lianyi's face turned pale, and she bit hard her lips without uttering a word.

She somehow felt like her arm was broken!

Qi Fang's face sank, and it was rare for him not to speak for Feng Lianyi.

This time, Feng Lianyi had really crossed the line.

His son had been framed, and if he tried to back up the person who had injured his son, what would his people say about him?

Between the ruler and the minister, the ruler must be honored first.

Besides... Feng Lianyi was not even a minister.

“Guards!” The empress’s voice was laced with anger as she said coldly, “Take Feng Lianyi out and behead her!”

Whoosh!

Everyone could feel the coldness in her words. The empress was clearly furious this time, and no one dared to plead for Feng Lianyi.

“Empress...” Qi Fang frowned. “We’d better put Feng Lianyi in prison first, and will deal with her when Tian Ya returns! Tian Ya has always had integrity and would not protect her after what she has done.”

The empress sneered, “Since General Tian Ya won’t protect her, there’s no difference if we punish her now. I was planning to finish her off that day, but you had stopped me and asked to wait for Tian Ya. What happened after that? She almost killed Qin’er!”

“Empress!” Qi Fang sounded helpless.

He wanted to wait for Tian Ya because he respected him! If they settled Feng Lianyi without waiting for Tian Ya, Tian Ya might think that the people of Tianling Kingdom did not respect him... And if Tian Ya left, there was really no one to fight for his kingdom when the other four kingdoms attacked...

#### **Chapter 1595: They Are His Real Family I**

“Your Majesty, looks like you are trying to protect Feng Lianyi.”

The empress sneered.

Usually, even if she were angry, she would rarely disrespect the emperor in front of so many people. But this time, she was clearly furious and had no time to care about his reputation.

“Empress, I didn’t say I was going to let Feng Lianyi go. I am just going to imprison her and...”

“Your Majesty!”

Feng Lianyi climbed up from the ground with a pale face. She gently closed her eyes, and only after a few seconds did she open her eyes that now were filled with determination.

“In this world, no one can sit down and watch his family being killed in front of him, and the same goes to General Tian Ya.” She turned to look at Qi Fang and smiled coldly. “Don’t you know how furious General would be if you punish me for this woman?”

The entire banquet hall was silent.

Even the people from General Manor did not dare to speak anything.

It was because they all understood that what Feng Lianyi said was all true.

Only the little girl from just now was still somewhat timid and spoke up, “But... General is a man of integrity. He won’t protect someone who has made a mistake...”

But her timid voice could not stir any waves in the entire banquet hall.

“Your Majesty.”

Feng Lianyi did not even look at the girl. This time she had learned to be wise and no longer targeted Feng Ruqing but only reminding Qi Fang repeatedly.

Qi Fang's face darkened. He used to think that Feng Lianyi was a good girl. Still, after the spirit beast mountain incident happened, even though he no longer trusted Feng Lianyi, he always felt that she was doing this to protect Feng Lianqing.

Until now...

She had harmed Yu'er, almost killed Qi Qin'er and even threatened him in public!

Funny... He was an emperor, and a woman was threatening him?

"Guards! Take Feng Lianyi out! Send her to prison!"

With this order from Qi Yue, the palace's skilled masters came from the back and surrounded Feng Lianyi.

There was a flash of panic in Feng Lianyi's eyes. She had always been respected for so many years... How could she bear this kind of suffering?

'No! I can't stay there! The prison is under imperial rule, and Empress will not make it easy for me!'

"Your Majesty!"

Feng Lianyi panicked, her voice was trembling. "Don't you know why General wanted to adopt me back then?"

He had adopted Feng Lianqing because of his skills, but did he really take Feng Lianyi in just because of sympathy?

"There has always been a jade necklace on General's hand, and I think even Helian Yue doesn't know the origin of that jade necklace..." Feng Lianyi clenched her fists tightly and gritted her teeth. "General made that jade necklace for his granddaughter... Besides the housekeeper, only Feng Lianqing and I know about this.

"Back then, General left his home because of an accident, and even more so, he had not waited for his son to get married and have a child. General said that if his son gave birth to a boy, he would name that Qing. Later, this name... He gave to Feng Lianqing."

Feng Lianyi raised her head, looking at everyone around her. The panic in her eyes gradually faded away.

## **Chapter 1596: They Are His Real Family II**

Helian Yue was stunned. She stared at Feng Lianyi while murmuring to herself, "The necklace you mentioned... I've seen it, but Grandfather Tian Ya is stingy and won't even allow me to touch it. Why would he give it to you?"

Feng Lianyi lowered her eyes.

She knew that the lies she told would be exposed once Tian Ya returned.

But she had no other way...

If she were imprisoned, she would never be able to wait for General Tian Ya to return, so even if the General knew about this, he would forgive her!

“Sister Helian...” Feng Lianyi turned to look at Helian Yue and smiled coldly, “General gave Brother Feng the name and gave the jade to me. Don’t you understand this? Only the two of us are his closest relatives, and even you are not qualified enough to be part of this.”

Helian Yue sneered. “Nonsense! Grandfather Tian Ya is so stingy. He hides that necklace like a treasure. I don’t believe he would give it to you. You don’t have any blood relationship with him. Why would he give you the necklace?”

Feng Lianyi glanced at Helian Yue coldly. “Whether General Tian Ya gave it to me or not... I’m the only person who can confirm it. Besides, you don’t even know the origin of the jade necklace. So do you think you have any right to talk like that in front of me?”

This time, Feng Lianyi did not hide her emotions as before but directly went against Helian Yue.

Helian Yue’s face darkened. But Feng Lianyi was right. She had always caused trouble back then, so Grandfather Tian Ya did not tell her these things...

“What Maiden Lianyi said is all true.”

The old housekeeper walked from outside the banquet hall. He bowed to Qi Fang and the empress, and said respectfully, “Respect to Your Majesty and the empress.”

Qi Fang just nodded, his face expressionless.

“Get up.”

“Thank you, Your Majesty.” The old housekeeper straightened up. “Report to Your Majesty, some time ago, Maiden Lianyi did go to the storehouse to take the Lost Fruit, and what Maiden Lianyi said just now is also true. General once said, he took this jade stone from someone in his hometown called Tian Shen Manor. General Tian Ya had also engraved the word ‘Feng’ on the jade stone.”

‘Tian Shen Manor...’

All Feng Ruqing’s speculation was finally confirmed.

General Tian Ya was indeed her grandfather, Feng Wuhui!

When he had left back then, Gu Shi was not yet the chief of Tian Shen Manor, so the old housekeeper was referring to... Should be the unlucky man who was defeated by Gu Shi in Tian Shen Manor.

“And, this jade stone has other uses, so I won’t be able to say more. I don’t know how Maiden Lianyi knew about this, but what she said is true.”

What the old housekeeper was referring to was about the origin of the jade necklace.

“However...” The old housekeeper paused and frowned. “Maiden Lianyi, you said that General has already given you the jade?”

“Yes...”

“Oh, then I wonder if you could take the jade out and let me take a look at it? So that I can confirm it.”

Feng Lianyi clenched her fists. Her palm was already covered in a cold sweat, but she still maintained the smile on her face. “Alright, I’ll show you the necklace.”

### **Chapter 1597: Befuddled Helian Yue I**

Everyone’s eyes were fixed upon Feng Lianyi.

Within the quiet banquet hall, only the sounds of the various people’s breathing could be heard.

“I hid it in my room...” Feng Lianyi calmly looked at everyone. “I have just sent my servant to take it, and she will bring it back soon.” Feng Lianyi fell silent as soon as she finished her words. She clenched her left fist tightly as her right hand was still trembling.

Just now...

Nan Xian had not done anything to her arm, but her right arm felt somewhat weak. Perhaps, the spirit energy that rushed to her just now had entered her body and broke her arm.

Was it just because she had pointed at Feng Ruqing?

Oh, ridiculous! She had always treated him with special care, and even after what he had done to her, she still wanted to leave him out of this matter. But he... He did not even think about her.

Feng Lianyi slowly closed her eyes. She could not feel any physical pain, only the pain that felt like needles in her heart, which was a little unbearable.

\*\*\*

The cold moonlight enveloped the entire Wu Shang City.

Not far from Wu Shang City, an old man dressed in red was walking domineeringly under the moonlight.

“Lianqing, the trouble that Feng Lianyi has caused these past few days is serious. No one can plead for her. When I go back, I will punish her severely!”

Feng Lianqing trembled as he lowered his head and smiled bitterly. “Alright, Master.”

“Hmm.”

The old man’s gaze was stern.

“Master...” Feng Lianqing looked back at the old man oddly, “Usually, you would always take your jade necklace out to touch and rub it. Why haven’t I seen you take it out in these few days?”

“Oh, you mean that piece of jade. Ah, I’ve given it to someone.”

Feng Lianqing almost tripped over his legs, gazing at the old man in shock.

‘Master said... He has given the jade to someone?’

That jade necklace was not only a memorable item, but it also had a special effect on gathering the spiritual qi, especially for those who had just started cultivating. It could increase the speed of cultivation and double the effectiveness.

Now, he said he had given it to someone?

"Master, you're biased." Feng Lianqing snorted. "Did you give that jade necklace to Helian Yue, or whom did you give it to? I'm your disciple. You won't even let me touch it, but you gave it away to someone else."

"Shut up! You're not a little child. Why should I give it to you?" Tian Ya glanced at Feng Lianyi, somewhat annoyed.

Feng Lianqing stiffened.

Fortunately, he was so talented back then that he was accepted as a disciple by his master. Otherwise... His master would have already driven him away, and perhaps he would not have any chance to stay in General Manor like Feng Lianyi...

Hmph, life as a boy was not easy.

His master could not have a daughter, so he was so eager to have a granddaughter! He would be so happy when he met someone's little girl that he could forgive her even if she were a little naughty.

Oh...

It seemed like his master was just a little stricter with Feng Lianyi, forbidding her to make any mistakes. But he was more tolerant of other girls, like Helian Yue.

No wonder that the people of Wu Shang City thought that his master was raising Feng Lianyi as his own family and treating Helian Yue as an outsider. He had to be more strict with his own family...

Only he knew clearly that his master actually loved little girls like Helian Yue.

Simple and gullible...

Somehow, Feng Lianqing suddenly remembered that Helian Yue had not been coming to him for quite a long time, and he felt a little uncomfortable about it.

## **Chapter 1598: Befuddled Helian Yue II**

In the past, that little girl would follow him everywhere, and he could not even drive her away. But now, she no longer came to him, and he felt somewhat... Lonely.

Feng Lianqing shook his head fiercely, trying to get rid of Helian Yue from his mind.

In this life, he only wanted to cultivate and follow his master. He did not want his cultivation to be distracted by a girl.

After all...

He was not a girl. His master would kick him out if there were no improvements in his cultivation.

“Silence!”

Tian Ya’s voice was cold and stern.

Feng Lianqing was stunned. He stopped in his tracks and turned to Tian Ya, confused. “Master...”

“I said, shut up! Be quiet!” Tian Ya’s face remained cold.

He sneered as his old eyes scanned the night sky.

The night was calm, but it was as if this calm also carried a murderous aura.

Feng Lianqing finally sensed that something was wrong. He tightened his grip on his sword with a wary look in his eyes.

“Since you have already come, why are you still hiding?” Tian Ya’s sneer became even more mocking.

“Being timid like this is not like you...”

Suddenly, four figures appeared out of thin air from all directions, standing above Tian Ya’s head.

The four people in front of them were all four old men, looking older than Tian Ya. Some with beards and hair that were completely white, and their old faces looked cold.

“I was just guessing just now...” Tian Ya laughed wildly. “Now it seems that it is really you four shrinking turtles! Are you afraid to fight with me? Hiding in the shadows, trying to surround me, huh?”

“You...”

The white-robed old man on the left was full of fury.

“Tian Ya, how dare you! Four of us have been waiting here for you for a long time! I thought you wouldn’t dare to appear.”

Tian Ya sneered. “With just the four of you, you want to scare me? The four of you are just losers. You will forever be my dogs. Three years will only make you more trash!”

Feng Lianqing wiped the cold sweat off his forehead.

‘Master... Can you please not taunt your enemies all before you fight? You’ll make them hate you more.’

“Tian Ya...”

Another old man with a gentle face started to speak. He was so fat and always smiled like the Buddha, Maitreya. At first glance, he looked like someone who was easy to deal with, better than the white-robed old man.

“We came to see you. We want to talk to you.”

Tian Ya sneered. “Yun Huan Kingdom, Tian Qin Kingdom, Gu Yue Kingdom, Liu Li Kingdom... The four kingdom’s emperors personally came to find me just to talk to me?”

Maitreya was still smiling as he gently said, "Tian Ya, we appreciate your ability. If you come to me, I can crown you king immediately. Why do you have to waste your skills being a general to the weak emperor of Tianling Kingdom?"

"Hmm..."

Tian Ya sneered. "So?"

"Tian Ya, in Land of No Return, if one wants another to become an emperor, the new emperor must be at least a King Warrior. Tianling Kingdom has never been stable since the previous emperor passed away. That's why he has invited you to his kingdom to help him."

### **Chapter 1599: Befuddled Helian Yue III**

Maitreya walked toward Tian Ya and smiled. "So, what's the use of following this kind of trash? You're a King Warrior, you can become an emperor, or it's better to follow us than to follow that kind of trash."

Tian Ya glanced at Maitreya lazily. "Become an emperor? I'm sorry, being an emperor is too tiring. I'm not going to look for trouble."

He gave Liu Yun Kingdom to that bastard Feng Tianwu. If he established another kingdom, he had to find another woman to have another son...

It was so exhausting!

Living as a general was much better, and going to war was such a small matter. He could just command Feng Lianqing to go while he enjoyed his tea and wine. Why would he burden himself by becoming the emperor when he could enjoy such a pleasant life that he had right now?

Besides, if he had time, he might use it to find a way to go back to his hometown. There was no one here to miss; instead, he still had a family in Cang Yue Mainland.

He did not belong to this place forever!

General Manor could be handed to Feng Lianqing, but a kingdom... It was better to forget about it.

"As for staying in Tianling Kingdom..." Tian Ya frowned. "I just need a place to settle down and have no interest in setting up my power. Furthermore, in Tianling Kingdom, even though I am a general, I have absolute freedom and the right to speak. There is nothing bad. More importantly, you guys say that Qi Fang is trash... But in my heart, there is no difference between you and him."

Feng Lianqing stumbled and almost fell to the ground.

He looked back at Tian Ya speechlessly.

Initially, Feng Lianqing had thought he would say that Qi Fang is not so useless in his heart. Who knew that he had turned around and came up with a sentence like 'You are no different from Qi Fang.'

It was the same as calling all these people trash...

“Hmph!” The white-robed old man sneered. “Emperor Yun Huan, why are we wasting our time with this old thing. We have worked hard to kill that old bastard of Tianling Kingdom, then came another old bastard ruining our plan. Tianling Kingdom would have belonged to us long ago!”

Among the four kingdoms, Tianling Kingdom was considered a heavenly treasure with unique resources. It was all because the previous emperor, Qi Fang’s father, was so powerful that he had reached King Warrior tier earlier than anyone else.

Therefore, even if they were so jealous of him, they would not dare to do anything back then.

It was not easy...

They were so happy after they had successfully killed the King Warrior of Tianling Kingdom. They brought their armies to the city, and before they could enter it, General Tian Ya had suddenly appeared.

What was more, no one would have thought that a strong man who was a King Warrior would willingly come to a kingdom and become a general! This made the four emperors of the four kingdoms almost burst into tears.

The most unfortunate thing was that the four emperors all had selfish intentions to rule Tianling Kingdom on their own, so they did not join forces back then. But today, they had to do it as they could not wait any longer to destroy Tian Ya.

Qi Fang was considered lucky.

In the past, he had a powerful emperor to conquer the kingdom for him, and now, he had Tian Ya to help him protect his kingdom.

Unfortunately, he did not know how to cherish them...

“Lianqing...”

Tian Ya looked at these old men in front of him coldly. “You go back! Go back to Wu Shang City immediately! Make sure the people are safe!”

“Hahaha!” The white-robed old man laughed out loud. “You just noticed that? It’s a pity because it’s already too late. Our skilled masters are already in the city. We will only give you one chance, surrender, and the people will be safe. But if you refuse to do so, I will make all people in Wu Shang City bleed to death!”

#### **Chapter 1600: Befuddled Helian Yue IV**

Tian Ya’s face was slightly sunken. He sneered and said, “You want me to submit to a ruler who killed thousands of people for his own selfishness? Hahaha, ridiculous! I’ll never be loyal to anyone in my life! Be it Qi Fang or you! In this life, I belong only to myself!”

The four old men were somewhat speechless. They admitted that Tian Ya was indeed strong and had excellent skills.

Ever since he had appeared more than twenty years ago, many legends about him had circulated in Land of No Return.

But...

Why was Tian Ya willing to serve as a general for Tianling Kingdom and not for them?

“Do you know why I follow Qi Fang?”

His red robes flapped in the wind as he took one step forward.

“Because he promised me he wouldn’t initiate a war and would never abandon his people! As the ruler of a country, if you kill your people for your own selfish reasons, I’ll kill such rulers if I meet them!

“You want me to follow you? Hahahaha! Ask yourselves, are you qualified for this? All my life, I’ve only cared about the people, not the king! If Qi Fang dares to start a war for his own benefit, I will not be hesitant to kill him too!”

This was Tian Ya! No one could change him!

Feng Lianqing hurriedly nodded, “That’s right. My master is reasonable. He’s not biased.”

Tian Ya looked at Feng Lianqing coldly. “Why are you still standing here? I’ll stop this four trash while you go back to Wu Shang City first! If we’re late, I’m afraid that something bad will happen to Wu Shang City.”

Feng Lianqing’s face changed dramatically, and only at this moment did he realize the seriousness of this matter...

“Alright...”

He gritted his teeth and turned back, rushing toward Wu Shang City.

Somehow, when he turned around for a moment, what came to his mind was a cute and beautiful little face.

He had deliberately been cold to Helian Yue these past few years. He kept a certain distance from her, thinking that in this way, Helian Yue would give up on him. But who knew that little girl would never tire and would always stick around him, no matter how cold he was to her...

But now... His greatest concern was not General Manor or Feng Lianyi, but... Helian Yue...

However, if Feng Ruqing were so powerful, she would definitely protect Helian Yue!

Perhaps even Feng Lianqing did not know why he trusted Feng Ruqing so much, it was as if this trust was engraved in his bones. Therefore, he believed that no matter what, Feng Ruqing would not leave Helian Yue behind.

Looking at Feng Lianqing’s departing figure, Tian Ya turned around indifferently, and his cold gaze fell upon these four people.

Boom!

Suddenly, powerful energy was released, shaking everything under the sky.

“Tian Ya!” The white-robed old man gritted his teeth. “If you choose to be loyal to Tianling Kingdom, you are bound to be an enemy of our four kingdoms!”

Tian Ya slowly walked up to the white-robed old man. “I’ve said that I, Tian Ya, have no allegiance to anyone in this life!”

“No matter what, you can’t defeat us if the four of us join forces today!” Said another old man in silk robes, expressionlessly.

The four of them had already surrounded Tian Ya.

There was a monstrous and murderous intent hidden under the quiet night sky.

The moonlight poured into the banquet hall of General Manor.
