Chapter 291: The Narcissist—Prince Shen Yue III

Just as Shen Yue was lost in wonder, Nalan Jing threw a punch at him.

As no one was allowed to carry weapons in the palace, both of them were having hand-to-hand combat.

The people around them had quickly moved away and a large area was left empty as they were afraid of getting into trouble.

Nalan Zhangqian tightened his grip on the cup as he stared anxiously at the two people battling before him.

‘This rascal had truly attained Intermediate True Warrior tier? The spirit wine was truly useful.’

However, Shen Yue had attained Intermediate True Warrior tier for such a long time. Naturally, he was not easy to deal with.

“Nalan Jing!”

Before Shen Yue could react, Nalan Jing had punched Shen Yue at his chest. Shen Yue stumbled backward and wiped off the blood oozing from the corner of his mouth as he stared at Nalan Jing with piercing eyes.

“You asked for this!”

Shen Yue knew that if he spared Nalan Jing’s life, he could never defeat Nalan Jing in the future. Hence, Nalan Jing must die! He would kill Nalan Jing at all cost.

Shen Yue took out a green berry from a box under his sleeve and swallowed it. Just as the green berry entered his throat, he could feel an overwhelming aura surging through his body and a dense spiritual qi almost erupted out of him.

Boom!

Shen Yue threw a punch at Nalan Jing. The sudden burst of momentum was extremely fast and devastating like a ferocious storm.

“Jing’er, watch out!” Nalan Zhangqian panicked and rushed up to Nalan Jing.

However, a few people stood up and stopped him before he could reach Nalan Jing.

“General Nalan, this is the battle between His Highness Prince Shen Yue and Young Master Nalan. If you interfere, you are no doubt bullying those who are younger than you. What about your prestige? What about your dignity?” An old man sneered as he said scornfully.

Just as the old man talked, a deadly aura of the three elders emitted out of them as if a giant mountain was pressed against everyone’s head.

Spirit Warriors! All three of them were Spirit Warriors!

What had actually happened to Long Ao Kingdom? Why were there so many Spirit Warriors? It was natural that Shen Yue had such a big ego and feared no one even when he was in Liu Yun Kingdom.

Feng Tianyu could no longer sit back. He wanted to walk down to the battlefield.

At this time, all the imperial guards raised their shield up with weapons in their hands.

“Your Majesty!” Eunuch Lin stomped his feet anxiously.

Feng Ruqing mentioned that Feng Tianyu must not use his spiritual power. Otherwise, his health would decline further and he might not survive for even a year.

At this time, Shen Yue’s punch fell on Nalan Jing’s shoulder. Blood gushed from his mouth before he was sent flying a few meters back and finally landing on the stage of the banquet.

“Get out of my face!” Feng Tianyu stared coldly at the few elders who stood before him as he shouted furiously.

The elders did not move the slightest and stood fearlessly before Feng Tianyu.

“The emperor of Liu Yun Kingdom wants to interfere in the fair battle between Nalan Jing and I? You, Feng Tianyu, truly has no sense of shame. If the people outside this kingdom know about this, you are definitely making yourself a laughing stock of the whole realm.” Shen Yue’s lips curved into a scornful sneer.

“Fair battle? You are afraid that you would be defeated and you have actually resorted to the spirit herbs.” Feng Tianyu sneered.

“Haha! What’s wrong with enhancing my strength with spirit herbs? You can do it too. Ah... I have forgotten that Liu Yun Kingdom cannot afford spirit herbs without Nalan Yan. The spirit herbs store will never sell spirit herbs to you if you haven’t attained a certain tier.” Shen Yue let out a boisterous laugh.

Chapter 292: The Narcissist—Prince Shen Yue IV

Hence, even if the spirit herbs were precious, the demand was low.

As soon as Shen Yue finished his sentence, he walked up to Nalan Jing and helped him up from the ground.

“Stop it! You have defeated Jing’er with such a dirty trick. Now you still want to take his life?” Furious rage swept like fire swept over Nalan Zhangqian.

Shen Yue lowered his eyes as he sneered. He had defeated Nalan Jing because of the spirit herbs. What if Nalan Jing became stronger than him in the future? The most talented person of all four kingdoms must be Shen Yue only! Hence, Nalan Jing must die!

“Stop!” Nalan Zhangqian exploded with rage.

Just as Nalan Zhangqian wanted to rush up to Shen Yue, a man blocked his way.

“General, I have sent someone to inform Master Nalan and Master Qin. Once they are here, these three old coots will surely die!” A glimmer of viciousness flashed in Feng Tianyu’s eyes.

As Master Nalan and Master Qin had mellowed with age, they were not keen to attend the banquet. Moreover, they had never thought that the banquet would turn into a battlefield.

“Your Majesty, but...” With Feng Tianyu’s poor health, he could not handle the battle.

“You go and save Nalan Jing. Liu Yunxiao and I will buy you some time.”

“Liu Yunxiao, both of us will handle these three old coots! The rest of you shall leave the hall!” Feng Tianyu looked up as he said coldly.

Only people of the same tier could battle with Spirit Warrior tier. The rest of the people, regardless of the amount, were no doubt seeking their own demise.

Disregarding Feng Tianyu’s command, Liu Yunxiao merely sneered and continued enjoyed the wine carefreely, as if waiting to watch the battle.

As a minister of Liu Yun Kingdom, Liu Yunxiao had actually paid no regard to the emperor’s command?

If Feng Tianyu was not poisoned, he would be capable of handling all three members of Spirit Warrior tier without any assistance.

“Liu Yunxiao, what are you doing?” Nalan Zhangqian snarled.

“I can only help if His Majesty makes Rong’er the empress of Liu Yun Kingdom and eliminate Princess Feng Ruqing.” Liu Yunxiao smirked.

Feng Tianyu was on his high horse these days. Not only did he mistreat Rong’er, he had even sent Feng Rushuang to the barracks.

‘Feng Tianyu, you have totally disregarded the Liu family when you did that to Rong’er and Feng Rushuang, why should I help you?’

Moreover, Liu Yunxiao would be extremely thrilled if the three elders from Long Ao Kingdom could kill Feng Tianyu and the two scumbags of the Nalan family.

Standing behind the folding screen, Noble Consort Rong’s eyes lit up when she heard Liu Yunxiao’s words and turned to glance at Feng Tianyu. He was still enchantingly handsome with an indelible charm on his bright features. Even glancing at him sideways had made her heart palpitate with excitement.

As long as Feng Tianyu made Noble Consort Rong the empress and eliminate Feng Ruqing, she would no longer hold onto the enmity all through the years and be the best empress of the world.

Hearing Liu Yunxiao belligerent words, Feng Tianyu closed his eyes for a long while. When he opened his eyes again, his eyes were filled with evilness.

“I will handle these three old coots. The rest of you must not interfere!” Feng Tianyu would never let them ruin Liu Yun Kingdom, humiliate his daughter, and bully his nephew.

“Your Majesty!” Nalan Zhangqian’s face turned ghastly pale.

“I will buy Master Nalan and Master Qin some time. If anything happens to me, Feng Ruqing will be the emperor of Liu Yun Kingdom, seconded by General Nalan. There is no room for argument!” The corner of Feng Tianyu’s lips lifted a little.

Chapter 293: How Mesmerizing and Gorgeous She Is I

Originally, Feng Tianyu wanted to pave the way for Feng Ruqing before passing down Liu Yun Kingdom to her. However, it was too late.

Fortunately, the Nalan family no longer held grudges against Feng Ruqing and could stay by her side. Thinking of this, Feng Tianyu felt immensely relieved.

Boom!

Shen Yue threw a punch at Nalan Jing once again. Clutching his chest, Nalan Jing fell on the stage again. He stared coldly at the man coming his way.

“Nalan Jing, you are much worse than I have expected. Over a decade ago, your aunt—Nalan Yan, had destroyed Long Ao Kingdom. We could not help but give Zi Yan away for a politically-arranged marriage to restore peace in the kingdom. Now, that notorious woman—Nalan Yan, is no longer in Liu Yun Kingdom, what is Liu Yun Kingdom capable of doing?” Shen Yue’s eyes were burning with rage.

Previously, Feng Tianyu’s strength was still frightening even without Nalan Yan. Hence, people from Long Ao Kingdom merely attacked Liu Yun Kingdom at the border as they did not want to provoke Feng Tianyu. Currently, Long Ao Kingdom’s strength had greatly enhanced because of Zi Yan. Long Ao Kingdom could easily take over Liu Yun Kingdom. Hence, what else was Shen Yue afraid of?

“My aunt is right. Back then, the prince from Long Ao Kingdom had killed our civilians within our territory. As the empress of Liu Yun Kingdom, naturally, she must not let them off easily.” Nalan Jing wiped the corner of his lips as he got up.

Nalan Yan was right. The spoiled brats who had massacred and slaughtered the civilians at will were seeking their own demise.

“The lives of those civilians cannot be compared to my brother’s. This vicious woman had even stirred a war between two kingdoms just for the sake of those untouchables. That is not all, my brother died because of this. Now, not only is she dead, her daughter is nothing but a scumbag! She is rightly served! Haha!” Shen Yue’s eyes reddened with resentment.

Back then, Nalan Yan had only brought the Iron-Blooded army to the battlefield and all of them returned safely. On the contrary, Long Ao Kingdom had ended up with heavy casualties.

In order to restore peace and order in Long Ao Kingdom, Shen Yue’s brother could not help but offer his life as penance, and gave Zi Yan away for an arranged marriage. He had made a vow that Long Ao Kingdom would never kill anyone from Liu Yun Kingdom.

It was righteous retribution!

As the saying goes 'every dog has its day'. Long Ao Kingdom was now the strongest and most prosperous kingdom in this realm. They even had kept in with the guardian of Fengyun Manor. It was never too late for revenge!!

"Pfft!"

A glimpse of viciousness flashed in Shen Yue's eyes as another brutal punch fell onto Nalan Jing. Nalan Jing spat a mouthful of blood as color drained from his face.

"Jing'er!" Nalan Zhangqian's eyes turned red.

Just as Nalan Zhangqian wanted to walk up to Nalan Jing, an elder blocked his way and took a swing at him. Before the punch fell onto Nalan Zhangqian's chest, a big hand came into sight and held tightly onto the fist.

With the imperial dragon robe fluttering in the wind, the man who had come to Nalan Zhangqian's rescue was stunningly handsome with a sense of aloofness. He pursed his lips together with a solemn look in his eyes.

"General Nalan, please take Jing'er away from here."

"Your Majesty!"

"You all need to help Qing'er in future. Hence, everyone in the Nalan family must stay alive!"

Boom!

Spiritual qi was released from Feng Tianyu's palm, and the elder was sent a few meters back before he could catch his balance and steady himself.

Taking the emperor's command, all the imperial guards did not move. However, none of them left the hall too. They merely unsheathed their swords with the blade facing the people on the battlefield.

The rest of the ministers were hiding at the sidelines. After all, the battle between two Spirit Warriors was not something that they could handle.

Chapter 294: How Mesmerizing and Gorgeous She Is II

Feng Tianyu stretched his arm and took the sword from the hand of an imperial guard.

A light evening breeze blew. Feng Tianyu stood resolutely with a solemn look on his face as if he had made up his mind that he would fight until his last breath.

"Yan'er, I have promised you that I will move on and live a full life no matter what happens. However, I can't keep my promise anymore. My life is meaningless without you. Because of Feng Ruqing, I have been struggling to live my life without you for years. Now, you will no longer be alone. We will meet in the underworld soon." The corners of his lips subconsciously curved into a warm smile. In fact, Feng Tianyu felt immensely relieved when he had finally made up his mind.

Lost in wonder, the three elders exchanged glances.

'Has Feng Tianyu lost his mind? He was actually smiling at this time?'

Before the three elders could regain their consciousness, Feng Tianyu rushed up to them.

At this time, dense spiritual qi engulfed Feng Tianyu's body. The wind howled furiously. All the table and chairs were swallowed up by the wind, swirling in the air along with Feng Tianyu's sword before plunging toward the three elders.

Seeing Feng Tianyu who was engulfed in dense spiritual qi, Eunuch Lin was terrified.

'Your Highness, please come back! His Majesty is using spiritual qi. He is dying!'

Eunuch Lin did not know why there was actually a strange thought in his mind. But the only person came into his mind was the notorious princess—Feng Ruqing. If Feng Ruqing was here, she was capable of turning the tide.

The sword thrust forward, slashed down on the dragon throne and ripped it apart. However, the three elders were still safe and sound.

Feng Tianyu clutched his heart forcefully and coughed up blood. His face was pale.

It was true that Feng Tianyu could no longer play to his strength because of his health condition. He could definitely buy Master Nalan and Master Qin some time if he was still healthy.

"Your Majesty!" All the officials could no longer sit back and quickly got up. They thought that Feng Tianyu could hold on until help arrived. However, Feng Tianyu did not seem to be capable of handling the three elders even though the battle had just started and Feng Tianyu was actually the one who had cast the first stone.

Cough! Cough!

Feng Tianyu stumbled as he coughed and blood gushed from his mouth. He looked like a patient who was not far from death and would fall down anytime soon.

Slightly startled, Shen Yue roared with laughter.

"Feng Tianyu, you won't pull through. You must have taken hawthorn berry to hide your health condition. Now that even the emperor of Liu Yun Kingdom is at death's door. Who is capable of battling with me?"

Shen Yue's words were sounded like thunder in a clear sky. Everyone in the hall was dumbfounded.

'His Majesty is terminally ill? Why did he hide his health condition by taking the hawthorn berry? Doesn't he know the deadly side effects of the hawthorn berry?'

Feng Tianyu lowered his eyes. Originally, he wanted to buy some time for Feng Ruqing. However, he had failed.

"No matter how seriously ill I am, I will never fall down before the vanquished foe of Empress Nalan." Feng Tianyu wiped off the blood at the corners of his lips as he sneered.

Chapter 295: How Mesmerizing and Gorgeous She Is III

This was his pride.

Feng Tianyu held tightly onto the sword in his hand. His steps were firm. His features were strong. He walked toward the three elders step by step.

“Dad, don’t bother about me!” Nalan Jing clenched his fists tightly. He stood up again. “Go and protect His Majesty. Even if the Nalan family has to die, we must die in front of His Majesty.”

Nalan Zhangqian looked at Nalan Jing with much grief. Finally, Nalan Zhangqian made the decision.

Nalan Zhangqian let go of Nalan Jing and ran toward those three Dark Spirit Warriors.

But, it was too late.

Emerald Elder punched Feng Tianyu’s chest with great force.

The spiritual force exploded in Feng Tianyu’s body. He vomited a pool of blood and it changed into a mist of blood. Then, it disappeared in the air.

Feng Tianyu’s steps never faltered. He did not even retreat. He seemed persevered and strong. There was a flash of coldness in his facial expression.

When Master Nalan and Qin Feiyang rushed into the palace, they were just in time to watch this dreadful scene. Their eyes were red with blood.

\*\*\*

At the street of the imperial city.

Feng Ruqing stopped walking suddenly. There was an unknown anxiety in her heart. All of a sudden, this anxiety occurred without any reason. She had a bad feeling about this.

“Princess, what’s wrong?” Tang Zi turned and looked at Feng Ruqing suspiciously.

Feng Ruqing shook her head. “I also don’t know why... but I have a bad feeling.”

Feng Ruqing was hesitant when she heard some news. The news came to her when the wind blew.

“What’s wrong with General Manor? Why did Master Nalan bring along all those people to the palace in the middle of the night? Even Master Qin who’s usually not bothered about those things also went with them.”

“I’ve heard about this. My nephew is a servant in the Qin family. There was a messenger from the palace just now. It seems that the people from Long Ao Kingdom had gone to the palace to massacre everybody there. It looks like His Majesty is in great danger.”

The facial expression of the people of the Iron-Blooded army changed drastically.

All of them glanced at Feng Ruqing. They saw that the princess was in great fury. Her whole presence was sending shivers down everyone’s spine.

Meanwhile...

In the center of the banquet hall.

Liu Yunxiao looked at the two old people who rushed to Feng Tianyu's side. He grinned mockingly.

'Finally, they have come. But, it is too late now. It's useless now.'

'But, I didn't know that His Majesty was seriously ill. If I knew about that, I won't be frightened by Feng Ruqing that day.'

When Liu Yunxiao thought about his retreat that day and how much was lost because of that, he was infuriated and his eyes seemed much more evil than ever.

'Feng Ruqing threatened me that day. So, Feng Tianyu is going to pay for that today.'

'If you want me to help, just fulfill what I asked for before. Then, Master Nalan needs to kneel down in front of me and beg me. If not, I'll never help for the life of me.'

"Master Nalan, you've finally come."

Feng Tianyu's body shook. He relaxed for a while when he saw Master Nalan. He could not hold onto the sword in his hand now and it fell to the ground from his hand.

He fell backward without any warning.

"Your Majesty!" Master Nalan went forward and supported Feng Tianyu. Tears were rolling down Master Nalan's cheeks. "Your Majesty, I'm too late."

He did not know that Long Ao Kingdom would attack in the middle of the feast. 'If I knew about this, I'd have definitely come to the feast.'

He would not have stayed in General Manor because of his laziness.

Chapter 296: How Mesmerizing and Gorgeous She Is IV

"Hmm." Shen Yue did not even care about those two old people. He laughed mockingly. "They're just two old dogs. I've got three Spirit Warriors here. How can you fight with them with just the two of you?"

Master Nalan's hands trembled. There was great fury and hatred in his chest. He was too infuriated to even speak.

He asked Eunuch Lin to support Feng Tianyu. Then, he rushed toward Shen Yue.

His powerful body and fierce eyes were just like those back in those days when he had led the armies into the battlefield.

But, an elderly Spirit Warrior in green robes did not hesitate and soon he came to stand in front of Shen Yue. His held out his fist against Master Nalan's attack.

Their fists met in a great explosion. There was a great force circling their bodies and it expanded to the surrounding. The banquet hall was destroyed and broken things were strewn all over the floor.

Everyone held their breath and did not dare to speak.

It was a real fight between two Spirit Warriors. It was so strong that no one could fight with it.

Master Qin had also joined in the fight. But, there were only two Spirit Warriors in Liu Yun Kingdom and Feng Tianyu was hurt and he could not fight anymore.

But, they were facing three Spirit Warriors.

They were outnumbered.

Every minister was in deep despair. Their hope disappeared as soon as it came.

“Liu Yunxiao, why don’t you go and help?” Censor Lin was furious. ‘Liu Yunxiao is a minister of Liu Yun Kingdom. Now, Liu Yun Kingdom is in great trouble. Why was he standing there and not lending a hand?’

Their strength was weak. But, Liu Yun Xiao was a Spirit Warrior too. ‘Is he planning to watch Liu Yun Kingdom being destroyed?’

Liu Yunxiao smiled coldly. “Why should I help? Feng Tianyu is going to give Liu Yun Kingdom up because of that useless Feng Ruqing. So, why should I lend a hand?”

‘I’ve given Feng Tianyu a chance. He could just dismiss Feng Ruqing’s status and nominate Rong’er as the queen. Then, I’ll help.’

‘It’s him whom had chosen to keep Feng Ruqing as his heiress and he did not even want to ask for my help. So, why should I help?’

“You...” Censor Lin was infuriated.

‘I thought that all of the people of Liu Yun Kingdom would unite to fight against the threatening force regardless of our bad relationships but Liu Yunxiao is really stubborn.’

‘Good!’

‘It’s wonderful!’

Lin Yunshi smoothed his sleeves. He stood up. “I, Censor Lin know that my strength is weak. I’m just a True Warrior. I cannot fight against the three Spirit Warriors. But, I do know that our kingdom is nearing its end. I’ll not hide and be a coward like somebody even if I have to die because of this.”

After that, he walked forward.

All the other loyal ministers stood up after they saw Censor Lin’s bravery. They knew that there were great enemies in front of them. But, they also knew that if they retreated, they were only cowards who watched their kingdom being destroyed.

They would die just to protect their kingdom. It was their responsibility as well as their commitments.

“A group of crazy people.” Liu Yunxiao could not endure it and chided them.

He saw that Master Qin could not endure a Spirit Warrior’s attack. He felt quite pleased.

He also saw a minister who was killed just as the minister rushed forward. He could not help but laugh out aloud.

'It's a wonderful feeling!'

But, just at that moment, the half-closed door of the banquet hall was pushed open with a great spiritual force. The door was destroyed and it fell onto the ground. There was dirt everywhere.

But, that spiritual force did not disappear and it slashed the shoulder of one of the Spirit Warriors when everybody was defenseless.

Chapter 297: How Mesmerizing and Gorgeous She Is V

The Spirit Warrior was just in time to respond and avoid the attack. If not, the attack would have cut through his heart instead of his shoulder.

The banquet hall fell into a deep silence.

The people of Long Ao Kingdom also kept quiet and all of them looked at the entrance of the banquet hall. They had even stopped breathing.

The night was dark and the moon shone coldly.

A snow-colored wolf rushed in and stood in the middle of the banquet hall.

There was a young lady on top of the snow wolf.

She was so pretty that it captivated everybody presence.

If Tan Shuangshuang was the most beautiful woman in Liu Yun Kingdom, then there was not even a word close enough to describe the beauty of the young lady in front of them.

Her skin was fair and she wore clothes with plain colors. Her body was slim and slender. Her eyes were just like those of a wolf. Those eyes seemed cold and merciless. It frightened the other people.

Liu Yuchen's hand which was holding onto the wine glass froze at the sight. He stared at the young lady who was sitting on top of the snow wolf. His eyes were fixed upon that girl.

Liu Yuchen might not recognize Feng Ruqing if he still remembered Feng Ruqing as the plump girl weighing one hundred and fifty kilogrammes.

But, he saw Feng Ruqing the other day and Feng Ruqing had clearly slimmed down that day.

So, Liu Yuchen could easily recognize Feng Ruqing just by looking at her features.

But...

'How could she be that mesmerizing? She was still not that beautiful when I saw her the other day. She was only slightly prettier than Shuangshuang.'

Liu Yuchen admitted it now. 'The last time I saw her, she was still plump but her features are so beautiful now that her beauty has surpassed a lot of women.'

However, Liu Yuchen saw her now and he realized that Feng Ruqing had become very mesmerizing. Even the most beautiful woman—Tan Shuangshuang could not be compared with her.

It was like comparing the sky with dirt!

Shen Yue was stunned compared to Liu Yuchen's shock.

'Where is this lady from? It's impossible that I've never met this beauty.

'Wait...'

Unknowingly, Shen Yue felt that this lady was quite familiar. It seemed that he had seen those features.

Feng Ruqing did not bother about others' responses. Her gaze fell upon Feng Tianyu since she had stepped into the banquet hall.

Her heart hurt just by looking at Feng Tianyu in his weak state. There was great fury rising in her heart. It was mixed with the desire to kill.

'I've never felt this much hatred before.

'He's my father who loves me so much since I came to this world. How could he be hurt like that?

'I've promised that I'll protect my family. But still I've come back too late.

"I'm sorry."

Feng Ruqing was light like a gush of wind and she soon came to stand beside Feng Tianyu. Her hands were shaking. She took out a bowl of spirit soup from the medium.

"I'm sorry, Father. I'm late."

'Luckily, I still have a bowl of spirit soup left.'

The bowl of spirit soup was there for quite some time and its effectiveness had faded but it was still considered useful.

'I'll settle the things here first before brewing new spirit soup for my father. I'll treat his new injuries first.'

Shen Yue heard what Feng Ruqing had addressed Feng Tianyu as. He was stunned for a while and his eyes narrowed. "Are you Feng Rushuang?"

Feng Tianyu had only two daughters. One was Feng Ruqing and another was Feng Rushuang.

'Feng Ruqing is an obese girl who weighed over two hundred kilogrammes. The girl in front of me is not Feng Ruqing so she must be Feng Rushuang.'

'I have never thought that Feng Tianyu would treat Feng Rushuang like that for the sake of a useless Feng Ruqing. Yet, Feng Rushuang finally came back to help Liu Yun Kingdom.'

Chapter 298: She was Wild and Furious I

'If...'

'Feng Tianyu could present me with Feng Rushuang as my concubine and she must abandon her cultivation. Then, I'll let Liu Yun Kingdom go.'

Shen Yue fixed his lustful eyes upon Feng Ruqing.

Shen Yue pictured the image of the girl's two slender white legs being pressed onto the mattress. It might be because of his imagination that he had laughed out loud.

"Feng Tianyu, I didn't know that Feng Rushuang is this captivating. If you promise to let her be my concubine, I'll forgive every mistake that Liu Yun Kingdom had committed."

Feng Rushuang?

Everyone present was shocked.

There was dead silence in the banquet hall.

Did Shen Yue mention Feng Rushuang?

But, where was Feng Rushuang. Why couldn't they see her?

"Hmm." Liu Yuchen chuckled softly at first.

His laughter became louder and finally it became a burst of crazed laughter.

There was only his insanity circling around the place in the dark night. It was frightening.

"She's not Feng Rushuang." Liu Yuchen's voice was filled with pain and regret. "She's... Feng Ruqing."

'Feng Ruqing, is that what you want?

'You've worked so hard. You just want me to be filled with regret.

'You've succeeded. I'm filled with regret.'

Liu Yuchen smoothed his temples. He seemed much older than his age.

He remembered that he had brought Tan Shuangshuang back home regardless of his father's objection. Although he still could not persuade his father to give Tan Shuangshuang a status but it seemed that he had done the right thing in being responsible for her life.

But now, Liu Yuchen's mother always argued with Tan Shuangshuang although she liked Tan Shuangshuang a lot before this.

He was a filial son and he could not oppose his mother because of Tan Shuangshuang. So, the chancellor's manor was not peaceful these past two months.

He had not return to his home for a month now because he wanted to avoid being in the midst of the conflict.

'If... if it's Feng Ruqing.

'She's jealous of everybody. She had always opposed to my idea of marrying a concubine. But, she's always loyal to my mom. She had never complained about my mom to me. She had never put me in a difficult position.'

'But, there's no hypothetical situation. It was me who had given up on her and now I've lost her.'

"Feng Ruqing?"

These three words were like thunder and it entered Shen Yue's heart and it sounded deep in his heart.

"Did you say that she's Feng Ruqing? Feng Ruqing's a plump girl. It's impossible that she's Feng Ruqing.'

Nalan Jing wiped away the blood on his mouth. He stood up and smiled coldly. "My aunt is the most beautiful woman in the world and therefore my cousin is even more captivating."

It was only because of Feng Ruqing's previous eating habits that had made her obese. Now, she had slimmed down and surely her beauty was shown clearly.

Shen Yue was stunned.

At first, he thought that the girl in front of him looked familiar. Now, he looked at her closely and he found that the girl indeed resembled Nalan Yan.

But, she was more mesmerizing than Nalan Yan. As expected, the daughter was much more beautiful than her mother.

'So, the girl in front of me is not Feng Rushuang. She's... Feng Ruqing?'

'How is it possible that she's slimmed down so much?'

Shen Yue's eyes rolled. 'No matter who the girl is, as long as she is pretty.'

'I'll not mind that she's useless.'

"I don't care whether you're Feng Ruqing or Feng Rushuang. If you want to save Liu Yun Kingdom today, you need to be my concubine and go to my kingdom with me." Shen Yue's eyes narrowed. He licked his lips in an evil manner and there was a lewd smile on his face.

Feng Ruqing raised her eyes. Her anger could not be suppressed now. It burned fiercely.

But, Feng Ruqing knew what was the most important matter now.

So, she took out the Divine-Spirit Fruit, which she had kept hidden before.

Chapter 299: She Was Wild and Furious II

At first, she had kept these Divine-Spirit Fruits in a package in her bag. If she had put them in the medium, surely they would have been eaten by those two fellows.

'Luckily, I have saved these Divine-Spirit Fruits.'

"Snow Wolf, give these Divine-Spirit Fruits to the injured people. I'll tend to them later."

'Master Nalan and grandpa do not have serious injuries. Divine-Spirit Fruits could help to heal them.'

But, some ministers were too seriously hurt that the Divine-Spirit Fruits could not heal their injuries entirely. They could only be healed with spirit soup.

'The final spirit soup has been given to my dad. Only the Divine-Spirit Fruits could be of use now.'

The snow wolf howled in reply.

He took the package and put it on the floor.

When he opened the package, the Divine-Spirit Fruits rolled onto the floor. They were captivating and it soon captured everybody's attention.

"Grade-3 Divine-Spirit Fruits?" Shen Yue seemed quite serious now.

'Grade-3 Divine-Spirit Fruits are nothing to me. Zi Yan's fiance had given me some of them as wedding gifts.'

Shen Yue just could not stand the fact the useless Feng Ruqing could get hold of the Grade-3 Divine-Spirit Fruits.

There was a flash of coldness in his eyes. He looked at Feng Ruqing's beautiful face and he soon understood the situation. He was rather unhappy about that.

"I'm interested in you just now. But, I have never guessed that you'll sell your own body just to get the Grade-3 spirit fruits. It's too humiliating!"

'I'll only be dissatisfied if Master Nalan, Feng Tianyu, or even Master Qin takes out the Grade-3 spirit fruits. I'll never be as shocked as I am now.'

'It's Feng Ruqing who had taken out the Grade-3 spirit fruits.'

'She's just a useless girl. What can she do other than selling her own body just to get a hold of the Grade-3 spirit fruits.'

'As for Feng Tianyu...

'If the spirit herbs were given by Feng Tianyu, it was impossible that he did not have that himself. It proved that these spirit herbs have nothing to do with Feng Tianyu.'

The snow wolf howled again.

It was rather angry. 'What's the problem with that guy? Did he bully me just because he thinks that I do not understand human language?'

'How dare you bully my master! You do not even have any respect for me!'

"Just bring the Divine-Spirit Fruits and do as I have commanded you." Feng Ruqing looked at the snow wolf expressionlessly.

The snow wolf howled again and it really did as ordered by Feng Ruqing.

Then, Feng Ruqing looked at the three elders.

Feng Ruqing did not even so much as glanced at Shen Yue up until now. She was not even bothered by what Shen Yue said.

Her whole being was being absorbed by the presence of the three elders. She was too infuriated to care about other things now.

“Who hurt my dad just now?”

The green-robed elder walked forward two steps. He looked at Feng Ruqing condescendingly. “It’s me. What’s that to you?”

Feng Ruqing smiled suddenly.

Her smile reached her eyes but it was a frightening sight.

“No... it doesn’t matter.”

Boom!

Soon, Feng Ruqing disappeared and all she left behind was her shadow.

Her beautiful figure had appeared in front of the green-robed elder by the time everybody had recovered themselves.

The green-robed elder felt that there was a flickering shadow in front of him. A slender hand had come to get a hold of his neck.

Feng Ruqing had just used a little strength and the green-robed elder’s neck simply broke. Blood gushed out and the body who had lost its head fell backward and dropped dead onto the ground.

The banquet hall was so quiet that even the sound of fallen needles could be heard.

Everybody’s breath was caught in their throats. They looked at Feng Ruqing just like how they would look at a monster.

They could not recover their senses for a very long time.

Feng Ruqing killed the green-robed elder because he had undermined her.

But the green-robed elder was still of Spirit Warrior tier no matter what. It was impossible that she could break his neck with just one hand even though she was underestimated.

How powerful was she for her to do that?

Chapter 300: She was Wild and Furious III

“Who else hurt my father just now?”

The girl’s black eyes scanned through the people of Long Ao Kingdom. Her facial expression was savage and her voice was cold, filled with hatred.

“Spirit Warrior tier!”

Another warrior of Long Ao Kingdom recovered his senses and he shouted anxiously, "You're of Spirit Warrior tier!"

The Spirit Warrior tier was the strongest tier in the four kingdoms.

Empress Nalan was the only one who had attained Spirit Warrior tier when she was quite young.

Nobody was that talented except Empress Nalan.

Shen Yue was considered the first genius because he had achieved True Warrior tier when he was only twenty years old. It was already considered an exceptional case at that time.

But, how old was Feng Ruqing now?

Attaining Spirit Warrior tier at only sixteen years old?

How talented could a person be to make this breakthrough?

She had been considered a useless princess all the time.

Shen Yue took a few steps back in fear.

The humiliating words Shen Yue had said just now were like a slap on his face. It had embarrassed him.

'Is Feng Ruqing really a useless person? If she is, then what am I?

'The most useless person in the world?'

Shen Yue clenched his fists tightly. He felt that all the things he had experienced that day were out of the scope of his understanding and knowledge.

But, it was undeniable that Feng Ruqing had captured his attention now.

"Feng Ruqing!" Shen Yue tried to calm himself down. He smiled coldly. "I'll admit that you're talented. But, Zi Yan's fiance is under Fengyun Manor's protection. Long Ao Kingdom is closely related to Fengyun Manor. If you choose to be my woman, I'll forgive what you have just done."

"Fengyun Manor's protection?"

Feng Ruqing smiled coldly.

Someone from Fengyun Manor was nearly killed by her in the Forest of Spirit Beasts.

Long Ao Kingdom was just relying on the strength of Fengyun Manor.

Feng Ruqing moved forward again and she aimed her fist at another Spirit Warrior.

That Spirit Warrior was frightened and he quickly moved away from the attack.

But, it was too late. The fist was punched onto his chest strongly and the spiritual force in his body went into a chaotic state.

That spiritual force was overpowering and soon the Spirit Warrior vomited a mouthful of blood.

"How dare you!"

The last of the Spirit Warrior rushed forward as his companion was still alive.

The snow wolf was upset now.

'My master was happy in attacking the enemy one by one. Why did you come and disrupt that?'

So...

The snow wolf howled and rushed toward that Spirit Warrior. All its strength was focused on its claws. It used its claws to slap the Spirit Warrior.

That slap was hard and unpredictable. The Spirit Warrior's steps faltered and he nearly fell down from the attack.

The snow wolf howled again.

The snow wolf pointed at the Spirit Warrior angrily. It looked like an angry dog who was scolding the Spirit Warrior endlessly.

"This..."

A Tier-4 snow wolf?

The snow wolf's strength could not be hidden anymore when it attacked. Everyone realized that the wolf in the princess's manor had advanced to become a Tier-4 snow wolf.

What had happened to the princess when she had disappeared for two months? She had made a breakthrough to Spirit Warrior tier and even her wolf had become a Tier-4 snow wolf.

Liu Yuchen's hand trembled slightly. He swallowed his own regret.

He lowered his head so that he would not be noticed by Feng Ruqing.
