Chapter 471: White Phoenix's Appearance III

Qian Ning was not able to talk before a few unfamiliar presences came from not far away. Soon, their presence filled the sky above the manor.

Tang Yin seemed serious. She got up and turned her gaze toward the door behind her.

The entrance of the manor was pushed open slowly.

Soon, a familiar figure appeared and entered Tang Yin's line of vision.

Tang Yu stood at the entrance and looked at Tang Yin arrogantly. There was an obvious cold smile on her face. She seemed cold and distant.

There was Yue Buxiong right behind Tang Yu. Everyone else rushed into the manor and the manor was soon surrounded by them. It was crowded and even a fly could not enter it now.

"Tang Yu!"

Tang Yin was angry when she saw Tang Yu. She clenched her fists tightly.

'The empress would not have had to endure that much pain if it was not for Tang Yu.

'If it was not for Tang Yu and her father...

'Xiao Qing would not be without her mother since young. Xiao Qing even treated a villain as her mother!

'All of those incidents happened because of them. They are guilty of what had happened to the Tang family!'

"Tang Yin, you betrayed the Tang family and even took the person who harmed my master under your wing. Even if you're my cousin, I'll not side with you!"

Tang Yin was infuriated. "Nonsense! When did the empress become your master?"

Tang Yu thought that it was hilarious and she laughed out loud. "Feng Tianyu fell for my master and then my master became the empress. Did you even ask her opinion about that?"

Tang Yin's eyes grew wide. Her face was red with anger. She pointed at Tang Yu angrily. She was so frustrated that she was speechless.

Tang Yu laughed coldly. "I've forgotten. Feng Ruqing has harmed my master deeply so how could she even ask for my master's opinion. Feng Ruqing and her father are the people I hate the most in this life. My master was unwilling and they still wanted to kidnap her!"

Tang Yin almost fainted from the anger she felt. She could not even find a suitable word in her vocabulary to describe Tang Yu.

Feng Tianyu was already standing beside Tang Yin and no one knew when he had walked there.

His eyes were swollen. He raised his hand and patted Tang Yin's shoulder.

"Little Lady, you've helped us too much. Just leave it to me now. I'll take care of Yan'er's matter."

Tang Yin's eyes were swollen. "Your Highness, Tang Yu is clearly making false claims about us. I..."

"Don't say too much. It's useless talking so much with her. I'll never let anybody hurt Yan'er!"

Feng Tianyu would not allow anybody to take Yan'er away from him even if he were to die there and then.

Feng Tianyu took two steps forward. He stood tall and he seemed determined. His strong body shielded Tang Yin and there was no fear in him.

That lady had indeed helped them a lot. He could not burden her with what was about to happen that day.

'It's gratifying that she's willing to help!'

"Little Lady." Yue Buxiong laughed sarcastically when he saw that Tang Yin wanted to move forward again. "All of the people of Yue City have come. They're going to die no matter what happens. Why are you being such a busybody? Moreover, they're villains and they deserve it. If everyone in this world is as righteous as Lady Tang Yu, then all of these would not have happened."

Tang Yin clenched his fists tightly. "Then, do you know that Young Master Nan Xian is Xiao Qing's lover?"

Tang Yin was unwilling to bring Nan Xian up then. He was like a vixen to her.

But, she could not help but admit that Nan Xian was indeed powerful.

Chapter 472: White Phoenix's Appearance IV

'Even if I have to approve of Nan Xian, I'll do that just so Xiao Qing and His Highness are safe.'

Yue Buxiong's eyes narrowed. "You're talking about Young Master Nan Xian. Is he the one from the Mu family of Tian Shen Manor?"

"Yes!"

The Mu family had come to the Tang family to settle the arranged marriage and not many people knew of that incident. It was because the Mu family was unwilling to let many people know of that. The people from Tian Shen Manor and the Tang family might be the only ones who knew of that arranged marriage.

But even if the marriage was made public, Tang Yin still did not want to be entangled with Nan Xian in any kind of relationship even if it was only a misunderstanding.

It was because they were rivals in love.

They were indeed rivals in love.

Yue Buxiong was stunned and he laughed out loud. "Lady Tang Yu told us that Feng Ruqing is only a princess in the secular world. Young Master Nan Xian from Tian Shen Manor is talented like a god so, how can that kind of man be hers? It's ridiculous! Tang Yin, you're eager to survive. But, the story you have made up is filled with plotholes!"

'Nobody believes it!'

Nobody present believed what Tang Yin had said.

Tang Yin clenched her fists tightly. Her whole body shook and a feeling of helplessness filled her whole being. She could not endure it anymore.

'What I have said is the truth! Nan Xian is indeed Xiao Qing's lover! They have even slept together!'

But, no one believed what she said.

"Yue Buxiong..." Tang Yu frowned slightly and gave her orders coldly. "And everyone from Fengyun Manor. Listen to my order! Kill everybody in this manor now. No one should be spared!"

"Yes!"

The people from Fengyun Manor responded respectfully. They seemed angry and they looked at Feng Tianyu with much anger.

"You're an emperor yourself. How could you kidnap a woman? We're going to avenge Fengyun Manor today! Your blood is what we aim for!"

Qian Ning's eyes were fixed on those people. Her beautiful face was serious when she felt their threatening presence.

"The combined families of Yue City have quite a number of Dark Warriors. Lord Mayor is at the peak of Dark Warrior tier himself. Other than that, Wen Feng is also a Dark Warrior from among the people from Fengyun Manor. All the others are powerful Spirit Warriors."

The people from Fengyun Manor were not very powerful. If they had randomly gathered there, they would not have been very powerful.

But, Qian Ning understood that the real power of Fengyun Manor could ruin Yue City in an instant.

Even so, they could not win in that fight.

The enemies were too strong and they had no other ways.

But...

Qian Ning closed her eyes slowly and an image arose in her mind. She remembered the beautiful and powerful image of that young lady at the Forest of Spirit Beasts that day.

'Feng Ruqing could risk her life for Little Lady. She had even offended Fengyun Manor.

'And now...

'What should I be afraid of?'

"Little Lady, I'll go and help His Highness." Qian Ning's throat was dry. "If the situation worsens, just run away with the princess. Run as far as you can and don't ever come back!"

There were tears in Tang Yin's eyes. "Qian Ning..."

"Little Lady, I've no regret in my life for I could be your maid in this lifetime."

Little Lady treated her like a sister since young. She had always thought of Qian Ning whenever she had any delicious food.

Hence, she would protect Little Lady's happiness this time.

'I'll protect the one I want to protect!'

Qian Ning did not hesitate anymore. She drew out the sword from her waist and rushed toward the enemies with determination.

A group of Dark Warriors was standing around Feng Tianyu.

He held his long sword with determination. He was fearless and calm.

Chapter 473: White Phoenix's Appearance V

His eyes were swollen and there was not much change in him.

However, Feng Tianyu was facing too many enemies on his own no matter how strong he was now.

There were too many of them. He could not fight them alone.

In a short while, there were numerous wounds on his arms, chest, and back. His whole body was covered thickly with wounds and they were obvious.

Feng Tianyu did not retreat even a step.

It was because there were two women whom he loved the most in the room behind him.

They were the ones whom he would risk everything just to protect!

Feng Tianyu vomited a mouthful of blood when a sword speared his chest deeply. He wiped the blood from the corner of his mouth away and rushed toward the enemies again.

He understood that that fight could not be won.

So, he did not dream of winning them but he just hoped that he could strive for more time for Qing'er.

If Yan'er was taken away, Tang Yu would surely torture her until she died.

"Your Highness!" Tang Yin was anxious. She wanted to rush forward but a figure came and blocked her path.

Tang Yu looked at Tang Yin angrily. "I don't understand. Why are you siding with them?"

Tang Yin's facial expression changed. "It's because you'll never understand that there is someone in this world who will make you want to risk everything for them!"

Tang Yu was stunned.

'Tang Yin is trying so hard for Feng Tianyu. Has she let go of that handsome Nan Xian and fallen in love with an old man?'

"Get lost!" Tang Yin frowned and scolded angrily.

Tang Yu was expressionless. "Won't you regret it even if you're going to die?"

"I, Tang Yin, regret the most for being born into the Tang family. I've never regret falling in love with her!"

The Tang family had harmed Xiao Qing's mother and it was a stain in Tang Yin's life.

It was clear that Feng Tianyu could endure no more. His body was shaky.

There was a deep blow on his chest again. He vomited blood and the blood fell like rain onto the ground.

"Little Lady, faster take the princess and the emperor with you. Run away from here!" Qian Ning's shoulder was speared and the blood gushed out. She was not bothered by the pain and immediately urged them to leave.

Her long green dress was now stained with blood and it has turned the whole dress red. It was both frightening and pitiful.

"Qian Ning!"

Tang Yin's small face was filled with anger and anxiety. She put her hand into her storage bag.

There were a few things which could save their lives in the storage bag but those things seem to be useless for those Dark Warriors. Those things could not make much difference.

Suddenly...

Tang Yin saw a white feather in the storage bag.

It was given to her by Feng Ruqing before she went in to heal the empress. She said that they needed to light the feather up if they faced were with any danger.

She saw that the feather was given to Xiao Qing by Nan Xian. But, Tang Yin thought that it was a token of love between them and that it was not used to resolve their difficulties.

But, she had to try now.

Tang Yin gritted her teeth and took the feather out of the storage bag.

Then, Tang Yu saw how Tang Yin had taken out a feather to lit it up just as she was waiting for Tang Yin to beg for mercy.

She was stunned.

'Is Tang Yin mad? She is playing with fire under this circumstance.

'Is there something wrong with her brain because she has gone through a lot of stress?'

Tang Yu was about to sneer at her when all of a sudden a white light appeared out of the sky and all of the clouds were dispersed. The sky was bright again.

A phoenix's voice was heard and it echoed around Yue City. All of the people who were in the middle of the fight stopped moving. They turned and looked up into the sky.

Chapter 474: White Phoenix's Appearance VI

A beautiful white phoenix appeared in the sky.

The phoenix's feathers were even purer than snow. Its eyes were blue and clear. There were no impurities in its eyes.

The phoenix scanned the crowd down below. He stopped for a while when he saw Tang Yin.

He felt that Tang Yin was the one who had summoned him. But, Nan Xian's scent was not on her. He was clear that she was not Su Yi's daughter-in-law.

"Where did you get my feather from?" The white phoenix was unsure of that girl's relationship with Nan Xian's lover. So, he did not appear arrogant and he tried to speak calmly.

'Yes, the first impression is very important.

'If this girl knows Su Yi's daughter-in-law, she might go and complain about me.

'Be humble. I must be humble!'

But, the white phoenix was excited when he thought of meeting Nan Xian's lover.

Tang Yin was stunned. 'This feather... could summon a phoenix?

'Should I pluck more of its feathers and give them to Xiao Qing so that she could make use of them when she's in danger?'

"Little girl!" The white phoenix called Tang Yin patiently when he saw that she did not bother about him.

He might just go manic if others had ignored him in the past.

Tang Yin recovered her senses. She replied honestly, "Xiao Qing gave it to me."

'Xiao Qing?

'Yes, that's right. It seems that Nan Xian addresses his lover as Qing'er."

"Then, do you know Nan Xian?" The white phoenix was gentler now.

Tang Yin gritted her teeth. "Of course I know him!"

“Okay.”

‘It’s fine if you know her. It seems that we’re family.

But, the white phoenix felt a sense of hostility in Tang Yin when he had brought up Nan Xian’s name.

So, he asked cautiously, “By the way, what kind of relationship do you have with Nan Xian?”

“Love rivals!”

‘Love... rivals?’

The white phoenix was speechless.

It was fine even if Nan Xian liked men or there was a female love rival. It did not make much difference to him as long as Su Yi could accept it.

The manor was silent when the white phoenix appeared.

Everyone was stunned when they felt the white phoenix’s gaze on them. It seemed like there was a large sword at their necks.

They were having breathing difficulties with the feeling of tension and pressure on them.

“Yue Buxiong, take down that phoenix for me. I lack a personal mount.” Tang Yu gritted her teeth and ordered.

She understood by listening to what they had said just now. That phoenix came for Feng Ruqing.

She wanted to snatch whatever belonged to Feng Ruqing.

Yue Buxiong did not dare to make a move.

He knew that he was not a rival for the white phoenix when it appeared. It was like committing suicide if he were to rush toward the white phoenix.

Moreover, the white phoenix mentioned Nan Xian too.

‘Is it true that Feng Ruqing is really related with Young Master Nan Xian?’

Yue Buxiong was rather nervous. He was holding his long sword but his hands were trembling and his legs were shaky.

He did not move and therefore the others from Yue City also did not move. They stayed put waiting for his order.

“Yue Buxiong!” Tang Yu saw how Yue Buxiong had ignored her order. She was frustrated and she turned to Wen Feng and others. “Feng Ruqing has harmed our manor master. You’re from Fengyun Manor. You should go and kill Feng Tianyu immediately!”

The people from Fengyun Manor recovered their senses.

‘Yes, we’re from Fengyun Manor. We should never retreat at times like this.’

Chapter 475: White Phoenix's Appearance VII

Feng Tianyu could not endure it anymore. He staggered and stabbed his sword into the ground so that he would not fall.

"Your Majesty!" Tang Yin rushed toward Feng Tianyu and cried devastatingly. "It's my fault that my memory is not good. I forgot that Xiao Qing has given me a feather. It was I who have endangered you. Now, you're finally having a reunion with your family. Please, don't die. Xiao Qing cannot be without her father!"

Feng Tianyu did not know what to say.

'I'm not even dead and you're already cursing me to die.'

"I'm fine." Feng Tianyu said those words harshly. "I'm just... injured. It doesn't matter. Go and take a look at your palace maid. She's seriously injured."

Qian Ning wanted to cry for being wrong.

'Little Lady, the princess gave you something to protect us. Why didn't you take it out earlier?'

Tang Yin had not gotten up and the people from Fengyun Manor were already rushing toward Feng Tianyu.

Feng Tianyu wanted to stand up but he could not despite trying a few times.

A fire came and struck the space in front of Feng Tianyu before those people could approach Feng Tianyu.

The people who were the first among the crowd did not have any chance to respond. They were burnt to ashes.

The white phoenix's eyes were fixed on Feng Tianyu. His voice was slow. "Young girl, whose father is he?"

Tang Yin blinked. "He's Xiao Qing's father."

Boom!

The white phoenix's angry flames burnt the whole place in an instant.

The temperature of the whole sky increased.

"Who has hurt him? Who?" It was infuriated. "They're so daring as to hurt Nan Xian's father-in-law. Who has hurt him? You better come out now!"

'If Su Yi knows that Nan Xian's father-in-law is hurt even when I'm here, then she might think that I'm useless. What am I supposed to do if she hates me?'

Feng Tianyu seemed helpless.

'Nan Xian's father-in-law?'

'I'll never admit it!

'Yan'er is here finally after much effort. We have yet to enjoy the happiness of a family reunion. How is my daughter going to leave me so soon already?

'I'll not approve of that marriage!'

Yue Buxiong's facial expression changed. His voice was shaky. "Are you talking about the one from Tian Shen Manor?"

The white phoenix frowned.

"Shen Yue Manor?"

Yue Buxiong subconsciously breathed a sigh of relief.

'Luckily, they are two people with the same name. The one from Shen Yue Manor will never fall for a princess.'

"Those people from Shen Yue Manor are all rubbish. My Nan Xian will never be from Shen Yue Manor!" The white phoenix sneered. "They begged Nan Xian to go back but he does not ever go back there. Those people do not deserve him. They don't deserve to have him in Shen Yue Manor."

'All the people from Shen Yue Manor are rubbish. Su Yi was so sad and has cried because of them. One day, I'll make them kneel down in front of me.

'Especially those people from the Mu family.

'I'll let them see it when I marry Su Yi. Then, we'll have a group of little phoenixes. It's best if he is infuriated because of us. How dare he leaves his wife and son behind! How could he hurt Su Yi?'

Yue Buxiong paled. He was too scared to say anything.

After a while, he turned toward Tang Yu.

"Why didn't you tell us that Feng Ruqing is related to Young Master Nan Xian?"

He was tricked.

'If he had known that, he would never have offended Nan Xian's father-in-law even if he was brave enough!'

Tang Yu bit her lip and her face was cold. "She's not Nan Xian's woman. Tian Shen Manor will never acknowledge that!"

Chapter 476: White Phoenix's Appearance VIII

What Tang Yu had said was like admitting that she knew of the relationship between Feng Ruqing and Nan Xian but had chosen to conceal it from the others.

All of the people from Yue City and even Wen Feng also did not know that Feng Ruqing was Nan Xian's lover.

It was over!

Whoever that offended Young Master Nan Xian would not have a good ending.

"Idiot!" The white phoenix looked down at Tang Yu. "Nan Xian is under Su Yi's protection. Those trash from Shen Yue Manor has no right to make the decision for them! I'll burn them to death if they dare to make the decision for Nan Xian!"

"You..." Tang Yu pointed at the white phoenix angrily. "You talk rudely! You don't have any manners."

The white phoenix looked at Tang Yu coldly. "Who are you pointing at?"

"I'm pointing at you. How about that?"

"If you dare, try again!"

"I'll do it again!"

The white phoenix attacked Tang Yu with a mouthful of fire which hit Tang Yu squarely.

But, Tang Yu was not burnt to ashes like the others. She cried and shouted hysterically in the fire. She jumped all around because she wanted to put out the flames.

The white phoenix looked at Tang Yu with a pompous smile in his blue eyes.

'What are manners?

'Su Yi is not here. What do I need manners for?

'I'll want to scold them harshly if it's not a waste of time.'

Tang Yu's voice was filled with deep pain and she was hurt deeply. "Why are you standing there doing nothing? Come quickly and help me to put out the fire! Be quick!"

Wen Feng was the first to react as he rushed toward Tang Yu.

The rest of the people from Fengyun Manor recovered their senses only much later.

The white phoenix looked at them condescendingly, a sarcastic smile playing on his lips.

'Is my fire that easy to be put out? If it could be put out, I'm not a phoenix then!'

Tang Yu was in deep pain and she was covered in cold sweat. She gritted her teeth. "I don't care about the force behind you. But, I'm the Lady of Fengyun Manor. I came today to take revenge for the manor master of Fengyun Manor. You have stopped me. Wait till my elders are here. No one can help you then!"

'That phoenix is so daring because Nan Xian is siding with him.

'But, the Mu family wants to have an arranged marriage with the Tang family.'

Tang Yu did not know what part of the Tang family had attracted the Mu family from Shen Yue Manor. But, she understood that Tang Yin was no longer a part of the Tang family. Then, the person who could marry Nan Xian would surely be her.

‘So what if the white phoenix has Nan Xian at his side? In the future, I’ll have the support of the Mu family from Shen Yue Manor.

‘No matter how powerful Nan Xian is, his marriage will surely be decided by his parents!

‘I’ll marry Nan Xian no matter what happens. Then, I don’t have to be afraid of that phoenix!’

An old voice came from the entrance of the manor. The voice was calm and steady.

“Why do I hear somebody talking about my Fengyun Manor?”

That voice was rather unfamiliar to Tang Yu.

She raised her head and looked at the approaching group of people through the blazing fire.

A sage-like elder walking in front of the group and the person standing next to the elder was familiar to Tang Yu.

“Guardian Feng Ying, faster come and save me!” she said immediately.

Feng Ying did not even look at her once from the beginning. His eyes were as cold as a stranger’s.

Two days ago, they had met Qing Yuan and his subordinates when they were rushing to Yue City. Then, they knew of the drastic change in the Tang family and hence they had rushed there.

They heard Tang Yu’s voice before they had even reached the Tang family. So, they walked into that manor.

Chapter 477: White Phoenix’s Appearance IX

“Great Elder, she is Tang Yu.”

He turned and answered respectfully.

Tang Yu was nearing despair but there was hope in her when she heard of the name of Great Elder.

‘Great Elder is here.

‘He might be able to defeat the phoenix with his powerful strength. I will be saved now!’

She was excited and she rolled toward Great Elder. The others who were standing in front of her were frightened and they kept their distance.

“Great Elder, I’m Tang Yu. I’m Rong Yan’s disciple. Quick, help me! I’m in pain. I dying from the pain...”

Lei Yun was expressionless. He looked at Tang Yu coldly. “What are you doing here?”

Tang Yu gritted her teeth and fixed her angry eyes on Feng Tianyu.

“My master is not dead. I have always thought that she’s dead. But, now I know that she’s still alive. That man has kidnapped her and has even poisoned her. Now, my master is almost dead. Great Elder, quickly go and kill him. Quickly go and kill him!”

Boom!

It was as if thunder had hit Lei Yun’s mind.

He knew before that Rong Yan would not die that easily. Therefore, it was just like what he had anticipated. She was still alive.

But...

He did not think that he would be still late. Rong Yan was poisoned.

Lei Yun clenched his fists tightly. His old body was trembling.

He did not believe what Tang Yu had just said. But, he needed to find the manor master.

“Where’s the manor master?” Lei Yun’s voice was hoarse as he asked.

Tang Yu’s face was twisted from the pain but it still could not hide her smug face.

“She’s in that room. Feng Ruqing did not let her go even though she’s going to die soon! My respected master should not be treated like that!”

‘Rong Yan was almost dead when she left the Tang family that day.

‘Now, she must be dead!

‘This time, Feng Ruqing and her father would surely be blamed for what happened.’

Tang Yu wanted to laugh out loud.

But, she could not do so at last as her laughter turned into deep cries of pain. It might be because of her pain or her intention of not wanting to expose her emotions in front of the Great Elder.

Lei Yun walked toward the room.

Feng Tianyu had recovered some of his strength. He saw Lei Yun’s action and he moved fast. Soon, he was blocking Lei Yun’s path.

“Nobody can enter the room!”

Lei Yun frowned. “I don’t know about your relationship with the manor master. I’ll not listen to what Tang Yu has said only. But, nevertheless, I need to meet her. I’ll bring her with me and give her the best treatment.”

Feng Tianyu stayed put. “Qing’er can save her. No one is allowed to disturb her!”

‘Qing’er is the only person in this world who can save her. If Qing’er is unable to do so, then no one else could!’

Lei Yun was anxious. "I don't want to fight you. You better step aside. I want to bring the manor master away with me."

Feng Tianyu stayed put like a mountain. He did not even move a step.

"What you're doing now will definitely harm her!" Lei Yun was infuriated. "There are numerous spirit herbs in Fengyun Manor. There are a lot of physicians too. She could only be saved if she's brought back to Fengyun Manor. You better step aside immediately!"

Up in the sky, the white phoenix looked down at the people in shock.

'These people are ignoring me!

'I'm strong and powerful. How could they just ignore me!'

The white phoenix was completely infuriated. He spat a ball of fire and it hit the space in front of Lei Yun.

That fire was like a wall of fire and it separated Feng Tianyu and Lei Yun. They were standing at each side of the wall and they could not move even a single step forward.

"Old man, he said that Xiao Qing could save her and she definitely will be saved. You're nearing the death bed yourself. Why are you bothering yourself with their affairs? Can't you just keep on living?"

Chapter 478: White Phoenix's Appearance X

Lei Yun was so angry that he almost spat blood.

Then, he noticed the phoenix in the sky.

As soon as he saw the imposing phoenix, he quietened down as his face turned pale.

He had lost all of his previous seemingly divine qualities.

"I'm only here because I want to fetch our master back, please don't stop me!"

He only blurted after quite a while!

"Great Elder, why are you still standing there? Quick, bring my master's corpse away so that she could be buried and rest in peace! This man doesn't only want to look at Master's beautiful appearance, Feng Ruqing that vicious woman has also used the polymorph potion to disguise herself as Master!"

Tang Yin was shocked.

Just because Tang Yu was afraid that the Great Elder of Fengyun Manor would find out that Feng Ruqing was Nalan Yan's daughter, she had made up such an excuse with the polymorph potion?

However, before Feng Ruqing had turned pretty recently, she was a two hundred and fifty-pound beauty. Would this old fellow really have believed Tang Yu since that fact was not something difficult to find out?

"You, shut up!" Lei Yun glared at Tang Yu.

He would have already walked through the flame if he could. Why would he wait and stand there until now?

How stupid was Tang Yu to not able to notice that point? He had grown more suspicious as for why their manor master would take Tang Yu as her disciple!

On top of that, their manor master had actually handed her Fengyun Manor's token!

Lei Yun secretly gathered a puff of spiritual qi in his palms. His eyes looked fierce.

Suddenly, the spiritual qi transformed into a long sword and immediately struck Feng Tianyu.

The white phoenix was furious. How dare this old geezer hurt others in front of it?

Did this old geezer put it in his eyes?

Although this old geezer did not use much of his power as Feng Tianyu could totally evade the attack, still, that did not mean that he could tolerate his behavior!

The white phoenix hummed. It fanned up a strong wind with its wings and directed it at Lei Yun.

Lei Yun's eyes remained resolute as he did not bother to escape.

As for the long sword that was transformed from spiritual qi, it had turned a corner and struck at the door before it reached Feng Tianyu.

Bang! The door collapsed to the ground, causing the dust to float around.

At the same time...

The gust of wind that was summoned by the phoenix wings had thrown Lei Yun several meters away. He felt a throbbing pain in his chest and spat out a mouthful of blood. Then, he collapsed to the ground.

But his eyes... were fixed on the door that he had forced open.

Nervousness, anxiety, hope...

Many emotions were swirling in his eyes as he did not want to turn and look away.

Tang Yu still forced herself to look at the room even though her whole body was still twitching in pain. Suddenly, she was so shocked and looked even more hideous as her eyes were filled with horror and fear.

'No, impossible, that's impossible...'

In contrast with the commotion outside, a young girl next to the big wood-carve bed was holding a steaming spirit herb dish and carefully feeding it to Rong Yan.

Rong Yan, who should have been dead by now, was sitting on the bed. She slowly drank the spirit herb dish that was given by the young girl.

Feng Ruqing cared for nothing as she only wanted to feed Rong Yan, quietly. "Mother, be careful and don't choke yourself. We will rest for several days more after finishing this, and your body will recover soon."

Rong Yan's eyes were gentle as the corners of her lips gently lifted. She was drinking the bowl of spirit herb dish, but she simply could not look away from Feng Ruqing's face.

A kind mother and a filial daughter. What a... scene of the deep love between a mother and a daughter.

Chapter 479: Their Sorrow I

Lei Yun's body froze at the door.

He did not even know when the white phoenix had gotten in front of him.

A pair of dumbfounded eyes were looking at the girl who was sitting on the bed. Tears burst out as the eyes were filled with joy and excitement.

'Manor Master is alive!

'She's still alive!'

Lei Yun cried. He caressed his sleeves and brought one of his knees onto the ground. Then, he spoke in a respectful and high-spirited tone.

"The Great Elder of Fengyun Manor, Lei Yun, welcomes the Manor Master!"

The courtyard went silent.

Lei Yun's words echoed in the air. Just like a stone, his words hit on the surface of the calm lake. The ripples that appeared on the lake's surface spread for a long time.

It was obvious that no explanation was needed from anyone anymore.

Was there anything else that was difficult to understand just looking at such a scene?

Feng Tianyu entered the room since no one tried to stop him anymore.

Their eyes met.

The affections in their eyes were still as deep as they used to be.

It was as if no one else was around them.

"Tianyu..."

Perhaps she had been unable to talk for several days, so her voice was rough and dry when she started to speak. She extended her trembling hand to caress the face she had been longing for days and nights, and could not help but finally burst into tears.

"I wish I had shown up in front of you again in my perfect state. However, I've let you see such an embarrassing situation."

Feng Tianyu held Nalan Yan's hands gently.

He was badly hurt before the white phoenix showed up, but he forgot the pain as soon as he saw Nalan Yan. His eyes were gentle and filled with love, and he was reluctant to look away from her.

"It doesn't matter. You're the prettiest no matter what."

'All the days in my life, In sickness and in health, in good times and in bad, even you have white hair on your temples or wrinkles on the corners of your eyes...

'Just like the day we met, you still look the best in my heart forever.'

Nalan Yan's mouth trembled as tears ran down her cheeks.

"For my whole life, to be your consort, and to fight and protect the kingdom with you everywhere... I, Nalan Yan, have never regretted it."

The white phoenix looked inside as it was standing at the door. Its blue eyes were rolling up and down watching at that loving couple.

Indeed, it should drag Su Yi along and show her that that was how love was supposed to be.

Love was not a person's matter, it should be a matter of two people.

That bastard could not give Su Yi his best, but it could!

It loved Su Yi more than the bastard!

The white phoenix's eyes moved away from that couple. It turned and looked at Feng Ruqing who was next to them.

Beautiful!

That was its first impression of Feng Ruqing.

Her beauty was not aggressive, it was a beauty that was comfortable to get with. No wonder Nan Xian liked her so much.

Of course, the white phoenix did not know that when Nan Xian first met with Feng Ruqing, she was still a two hundred and fifty-pound fatty!

"Father..." Feng Ruqing's hand had gently landed on Feng Tianyu's shoulder. "You're wounded. Therefore, you stay here to take care of Mother. I'll take care of the rest."

She had been refraining herself to go out because she needed to feed Nalan Yan the medicine.

Now, it was time for her to get even with them!

Feng Ruqing clenched her fists tightly. There was a brewing storm beneath her calmness.

"Put out the fire on Tang Yu's body," Feng Ruqing said calmly.

"Oh, okay."

The white phoenix put out the flames obediently. Then, it started to come to its senses.

Why was it being so obedient?

Chapter 480: Their Sorrow II

Tang Yu could finally crawl up from the ground after she was removed from the pain from the burning flames.

She felt so much pain that her face turned pale. She bit on her lip as she looked crazy with her messy hair. Her eyes were filled with anger, feelings of injustice, and despair.

The phoenix's fire did not affect her body much.

It did it intentionally just to torture her!

The pain that was worse to bear than dying... It should have burned her to death!

Why...

Not only had she gotten Nan Xian's heart, but also, how could a secular royal princess get a helping hand from this phoenix?

She felt that it was so unfair!

She felt that it was unfair because she was outdone by such a woman!

Tang Yu trembled as she wanted to say something. However, every word she spoke seemed so feeble at that moment.

Rong Yan was not dead! This woman who should have died was still alive!

Wen Feng was stunned. Just like a statue, he stood stiff as he did not dare to move a single step in that eerily quiet situation.

His legs were trembling. He wanted to run away from this place.

However, he knew that even if he had run the ends of the earth, he would never be able to run away from Fengyun Manor.

Why...

Why was this happening?

Tang Yu told him that Feng Tianyu was a womanizer who had deforced the Manor Master and even poisoned the Manor Master.

If that was the case, why would Feng Ruqing... be Rong Yan's daughter?

Wen Feng was not the only one feeling that way; all the powerhouses from Fengyun Manor were shocked too.

So that was what it was... It was not Feng Tianyu and his daughter who had deforced the Manor Master.

The Manor Master was Feng Tianyu's wife and Feng Ruqing's mother in the first place!

What had they done?

They listened to Tang Yu and had laid their fingers upon the Manor Master's daughter!

The crowd paled and seemed to be losing their minds, standing outside the door. They did not even dare to step forward.

"My mother was wounded ten years ago." Feng Ruqing slowly walked toward Tang Yu. "Your father, Tang Luo, poisoned and made my mother lost her memories when she was in trouble! You guys were brutally hurting her when she started to remember."

"Ten years! You guys had imprisoned her in the Tang family for ten whole years. She remembered and knew nothing! As for my father, he had been waiting for her for more than ten years and the pain in his heart has lasted more than ten years. Our family has been split for more than ten years!

"It doesn't matter if it were Gu Zhenyang or your Tang family, for what you guys have owed her and our family, I want all of you to pay it back!"

Her face looked as calm as water. However, just like a hammer, her sound had violently struck everyone's heart.

No one butted in.

Not even to mention that someone would dare to stand in her way as she was approaching Tang Yu...

It did not matter if it were people of Fengyun Manor or crowd from the Yue City, all of them had turned to look at Tang Yu.

Tang Yu was so angry that she started to tremble. She still could not believe that this white-eyed wolf was still alive! (T/N: In Chinese, 'white-eyed wolf' is used referring to an ungrateful person.)

"Feng Ruqing, stop your baloney. Our Tang family has been feeding her for ten years. She was not only ungrateful, but she has also made you treat us like that in return. Both of you are—"

Bang!

Feng Ruqing gave her a kick.

Tang Yu's body was suddenly kicked to a few meters away. She fell and spat out a mouthful of blood as her whole body and bones were falling apart.

A mass of vines crawled in before she could raise herself up. Suddenly, the vines wrapped her into a two-hundred-pounds mass and swiftly dragged her to Feng Ruqing. Then, she was violently thrown on the ground.

Tang Yu pushed herself up from the ground. A foot had already trampled on her hand just as she wanted to push herself up.

"Ahhh!"

She felt a piercing pain on her fingertips. Tang Yu was in so much pain that cold sweat had broken on her forehead.
