

Overbearing 731

Chapter 731: To Me, Even Worthless People Can Become Geniuses I

There were a lot of people in Fengyun clan. If one was not hardworking, they might soon be replaced by someone else.

Zheng Chuchu was the one who had wasted half a year.

There were many changes in Fengyun clan within half a year.

Those changes were rather unexpected to Zheng Chuchu.

Zheng Chuchu was tolerant toward Mo Feifei because she did not want to disobey Fengyun Clan's rules. But, her tolerance was received with cold harshness.

'Even a humble person has a temper!'

However, Zheng Chuchu soon stopped feeling angry when she saw a young girl walking toward them. She was delighted.

"Young Lady!" Mo Feifei seemed to have forgotten about Feng Ruqing. She seemed not to care in the slightest a bit as she smiled coldly. "This servant came to our Fengyun Manor and stole a spirit herb. She was caught red-handed. Young Lady, please teach her a lesson."

Feng Ruqing ignored Mo Feifei. She scanned the crowd coldly. Soon, she walked toward Qing Ling.

"What happened?"

At first, Feng Ruqing did not trust Qing Ling because Qing Ling was placed at her side under Liu Rong's command. Feng Ruqing did not trust her like how she trusted Liu Li.

She always asked Liu Li to keep an eye on Qing Ling when she was away from the princess's manor.

Later, Feng Ruqing realized that Qing Ling had nothing to do with Liu Rong. Qing Ling was only shy and timid. She was naive and innocent and that was why Liu Rong placed her at Feng Ruqing's side.

The other palace maids would voice their opinions in front of Feng Ruqing. But, Qing Ling was the one who had always obeyed every order without any objection.

Even though Qing Ling was timid, she still rushed to protect Liu Yun Kingdom the other day when they were at war.

That was the moment when Feng Ruqing accepted Qing Ling wholeheartedly.

"Princess." Qing Ling appeared to be wronged by others. She seemed pitiful. "I did not know that the Divine-Spirit Fruit belongs to them. I thought that I could have that. Princess, I really did not mean to do that..."

Feng Ruqing could picture the rest of the story. She frowned slightly. "Did you eat the Divine-Spirit Fruit?"

Qing Ling nodded her head. "I did not know that they're that poor. If I had known that I would never have touched their Divine-Spirit Fruit."

"Fine." Feng Ruqing turned her head slowly. Her eyes fell on Mo Feifei. "Where did that Divine-Spirit Fruit tree come from?"

Mo Feifei saw that Feng Ruqing was unhappy. She glanced sideways at Qing Ling smugly. She held up a bright smile when she turned to look at Feng Ruqing. She replied, respectfully, "Manor Lady, it's brought back by the manor master the other day."

"Oh, you do know that it's brought back by my mother. I thought that you're the one who planted that tree!" Feng Ruqing was expressionless. She seemed cold and distant.

Mo Feifei was stunned. She was hesitant for a short while. Then, she spoke again, "But, the Divine-Spirit Fruit belongs to the disciples of our clan. Now, it's being eaten by that servant..."

Feng Ruqing laughed out loud all of a sudden.

Her laughter was frightening.

"All of the things in Fengyun Manor belong to my mother. My mother is the one who provides them. Naturally, they belong to me too. So, I just want to see who dares to bully my servant again! Even if she wants to eat the Divine-Spirit Fruit or tear down the entire Divine-Spirit Fruit Tree, she is allowed to!"

Boom!

At that moment, the young girl displayed her ferocity and fury. The sky darkened just a bit too.

Chapter 732: To Me, Even Worthless People Can Become Geniuses II

The powerful force engulfed the entire manor. It was a frightening feeling.

'Dark... Warrior?

'Manor Lady is a Dark Warrior!

'Didn't they mention that she's just an Intermediate Spirit Warrior? When did she become a Dark Warrior?'

Mo Feifei paled. She was no longer smug and arrogant. There was cold sweat on her forehead. She clenched her fists tightly.

"Manor Lady, I... I'm just doing what's best for Fengyun clan. Those Divine-Spirit Fruits belong to the most talented disciples of our clan. She's just a servant and she's only a True Warrior. It seems... to be a waste..."

Mo Feifei still held onto her opinion up until that moment.

Mo Feifei seemed to be implying that what she did was for Fengyun clan and the manor lady should not be unfair at a moment like that.

But, Mo Feifei was unaware that the others were uneasy after listening to what she had said. Zheng Chuchu and the others were shocked.

‘Is it a waste to allow Qing Ling to have the Divine-Spirit Fruit?’

They could have not only the Divine-Spirit Fruit but also the precious spirit wine on a daily basis when they were at the princess’s manor.

Feng Ruqing walked toward Mo Feifei slowly. “What’s your name?”

Mo Feifei gritted her teeth. “My name is Mo Feifei.”

“Yes, Elder Lei Yun has just spoken about you to me...”

What Feng Ruqing said calmed Mo Feifei. She breathed a sigh of relief. ‘Elder Lei Yun has always adored talented people. He must have said something good about me in front of the young lady.

‘Then, I don’t have to worry anymore.’

But, the young girl spoke again before Mo Feifei could let down her guard.

“He told me that you’re a pompous and arrogant person. You’re nothing like Chuchu who is so gentle. I thought that pride is not a bad thing for someone to have. Everyone in this world has their own pride. But, pride does not mean that you can be rude and unreasonable. People like you shouldn’t be at our Fengyun Manor!”

Mo Feifei’s face paled. She raised her head and looked at Feng Ruqing, shocked.

‘What’s the meaning of that? Why is the young lady kick me out of the manor just because of a servant?’

‘I’m a talented person and everyone will surely welcome me with open hands wherever I go. If I’m dissatisfied with Fengyun Manor, I’ll leave on my own will. I’ll never allow them to kick me out just like that!’

“Young Lady, do you know what you’re doing right now?” Mo Feifei’s facial expression changed drastically. “This servant seems to be around eighteen years old. A True Warrior who is eighteen years old is considered a genius in the secular world. But, do you know what kind of warrior I was when I was eighteen years old? I was already a Lower Spirit Warrior when I was eighteen years old!”

‘She’s kicking me out of Fengyun Manor just because of an ordinary person!’

‘She’s behaving in such a way that will surely endanger Fengyun clan. Fengyun clan might be ruined at last!’

“How dare you!”

Zheng Chuchu was infuriated. She scolded Mo Feifei angrily, “Mo Feifei, who has allowed you to talk to the manor lady like that?”

“I’m just speaking the truth. The manor lady is kicking me out even though I’m the one who’s always doing what’s best for our clan. Why should I be quiet about that?” Mo Feifei was outrageous. “The

manor lady had asked the talented people in our clan to be her servants. Thus, they have lost the chance to cultivate and consequently, lost their prospect to become stronger.”

Zheng Chuchu became angrier now. She wanted to stop Mo Feifei from speaking anymore but Feng Ruqing raised her hand and stop Zheng Chuchu instead.

“Let her speak.”

Mo Feifei smiled coldly. “Manor Lady, you have just made a breakthrough to Spirit Warrior tier not long ago. But, you’re a Beginner Dark Warrior now. It seems that Elder Lei Yun has allowed you to have all the spirit herbs in the store. I just don’t know whether it’s a good thing that you’re back in our clan. Do you realize that you’re ruining the entire Fengyun Manor? It’s your mother’s effort all along. Don’t you think that you shouldn’t be taking everything only for yourself?”

Chapter 733: To Me, Even Worthless People Can Become Geniuses III

‘How could have Feng Ruqing made a quick breakthrough if it was not for the spirit herbs in the storage?

‘That’s impossible!

‘But, not all of the spirit herbs in the storage belong to the manor master. Some of the spirit herbs were obtained by the disciples when they were out of the manor for cultivation.

‘Those spirit herbs would be depleted soon!

‘Does Elder Lei Yun ever think about the future of Fengyun Clan given that he’s trying his very best to improve the manor lady’s strength? Does he want to ruin Fengyun clan?

‘If that’s the case, it would be much better if Tang Yu is the manor lady. At least, Tang Yu was not acting unfairly.’

“Manor Lady, I have respected you in the beginning...” Mo Feifei lowered her eyes but her anger was clearly seen. She shook her head disappointedly.

Feng Ruqing was still looking down at Mo Feifei, expressionlessly. “Are you done?”

Mo Feifei pursed her lips tightly. She stared at Feng Ruqing unwillingly.

‘Anyway... the Iron-Blooded Gate has invited me to join them. I’ll have someplace else to go even if I leave Fengyun Manor.’

“Now that you’re done...”

Feng Ruqing quickly raised her leg and kicked Mo Feifei out of the manor.

Mo Feifei was so shocked that her face was distorted.

The other disciples were so frightened that they did not dare to say a word.

Senior Mo was, in fact, a conceited person. She thought that she was the only genius and that no one could compete with her. If ever anyone surpassed her in cultivation, she would think that their strength must have been improved by spirit herbs and not through their own efforts.

Mo Feifei still looked down on them even if they came from the three main forces.

She always believed that the people from the three forces were only born to a better family than her. They had a good family background. What was worse was that the three forces had never recruited any outsiders and no one outside of their family circles could become one of them.

So, Mo Feifei had always claimed that no one could be compared to her in terms of talent. She was just unlucky that she was born into an ordinary family in the reclusive world. If she were born into one of the families in the three forces, she would have been unbeatable in the entire world.

‘Even Zheng Chuchu...’

She treated Zheng Chuchu as her rival but she had never thought that Zheng Chuchu could beat her in a fight.

She just assumed that Zheng Chuchu was favored by the elders and they must have given Zheng Chuchu quite a number of spirit herbs to improve Zheng Chuchu’s strength. If not, no one could beat her in this world.

Hence, some disciples were displeased with her. They would not have been tolerant of her if she was not powerful.

Fifth Elder saw the scene when he had just reached the manor. He was terrified. He stared at Mo Feifei who was lying on the ground angrily. Then, he rushed toward Feng Ruqing immediately.

“Manor Lady, please calm down. What happened? Did Mo Feifei annoy you?”

Feng Ruqing glanced at Fifth Elder, calmly. “Who recruited that girl?”

Fifth Elder was anxious now. His voice was soft. “I... I did...”

“Back then...” Feng Ruqing paused before continuing, “Why did my mother elect you as an elder? There’s something wrong with your foresight.”

Fifth Elder was so frightened that he almost collapsed there and then. He trembled ceaselessly.

“Mo Feifei... what did she do?”

Feng Ruqing smiled a little. “She questioned me just now. She asked me whether I had consumed all of the spirit herbs in Fengyun Manor’s storage. She has even claimed that I’ve wronged my mother.”

Fifth Elder’s face paled. He turned to Mo Feifei and glared at her, angrily.

Chapter 734: To Me, Even Worthless People Can Become Geniuses IV

“Mo Feifei, how dare you! This Fengyun Manor belongs to the manor lady. Even if the manor lady consumes all of the spirit herbs, it is her right. It’s our duty to always be respectful toward the manor lady. What right have you to interrogate the manor lady?”

Although some of the spirit herbs were provided by the disciples most of the spirit herbs were collected from the mountain of herbs. The other high-grade spirit herbs were collected by the manor master.

‘The manor lady is the heir of Fengyun clan. What if she eats all of the spirit herbs? How could Mo Feifei interrogate the manor lady?’

Mo Feifei vomited a mouthful of blood. She stood up, staggering a few steps. She clenched her fists tightly. “If the manor lady did not finish up all the spirit herbs, how could she become a Dark Warrior in so short a time?”

Fifth Elder looked at Mo Feifei with a disappointed look.

“Young Lady is right. I was blind before. How could I recruit such a retarded person? I told you that all of the spirit herbs in Fengyun Manor belong to the young lady. Even if she has eaten all of them, you don’t have any right to question her! Moreover, the young lady has reunited with the manor master only half a year ago. She was only a beginner nineteen months ago.”

All of the people in Fengyun clan knew about Feng Ruqing’s past before she even came to Fengyun Manor.

She was just an obese person who could not cultivate. She was even abandoned by her husband.

She became strong and powerful in less than two years.

They did not know how she did that but her strong and powerful will were stamped hard in their hearts.

Ironically, Mo Feifei had blurted such nonsense.

Mo Feifei trembled when she thought of that. Her lips trembled slightly and she turned to look at Feng Ruqing gingerly.

‘If Feng Ruqing could make a breakthrough to Dark Warrior tier in half a year because of Fengyun Manor, then what about her previous cultivation and breakthrough?’

‘Feng Ruqing had nothing to do with Fengyun Manor before...

‘She was just a girl who’s born in the secular world. How could she make a breakthrough so fast there?’

“But... but...” Mo Feifei bit her trembling lip. She aimed her subsequent utterance at Qing Ling. “That servant stole and ate our Divine-Spirit Fruit. I did this for the sake of Fengyun Manor. I did not realize that the manor lady would act such unfairly. She did not know that I’m doing this for the...”

Boom!

Feng Ruqing attacked again.

She kicked Mo Feifei and stared coldly at her who was now thrown out again.

Mo Feifei fell down and vomited a few mouthfuls of blood. She raised her head and saw the cold stare from Feng Ruqing. She trembled because of the coldness and harshness that she felt.

"It belongs to my mother. I can give it to whoever I want! When did my mother's Divine-Spirit Fruit Tree become yours?"

Mo Feifei was trembling harder now. "She's too weak and isn't it a waste to let her have the Divine-Spirit Fruit?"

'A waste?'

Feng Ruqing laughed softly.

Then, she turned and said to the two servants behind her, "Qing Ling, Liu Li, go and pick all of the Divine-Spirit Fruits from the trees. I like to give my things to the women I adore. Who dares to oppose to that?"

Her foot was still on Mo Feifei's chest. She did not allow Mo Feifei to stand up.

"Thank you, Princess," the two servants replied.

Qing Ling burst into laughter. She soon rushed toward the tree and climbed up the tree swiftly. Soon, all of the Divine-Spirit Fruits were collected.

She did not have all of the Divine-Spirit Fruits but she shared it with Liu Li, Zheng Chuchu, and the others.

They ate all of the Divine-Spirit Fruit in front of Mo Feifei.

"Princess..." Liu Li bit into the fruit once and paused. "This Divine-Spirit Fruit is not so tasty."

Chapter 735: To Me, Even Worthless People Can Become Geniuses V

Mo Feifei almost vomited blood again out of frustration.

Her eyes were swollen as she stared at the two servants.

'We have saved those Divine-Spirit Fruits and now the fruits are ruined by the servants!

'That servant in green clothes even claims that the Divine-Spirit Fruits are not delicious!'

"Liu Li, just bear with it." Qing Ling had another mouthful of it. "How can this be compared to the ones we have at the princess's manor? It's fine that we can have this now to quench our thirst. In fact, we have only two of these every day. The snow wolf can have three of these now. We need to cultivate harder so that we can have more of these!"

Mo Feifei almost burst into laughter again if Feng Ruqing was not stepping on her chest.

'Just look at that! How can these two servants be so smug? They said that they have Divine-Spirit Fruits every day.

'Moreover, all of the Divine-Spirit Fruits taste just the same. How could there be any difference?

'It's nonsense!'

"Elder!" Mo Feifei gritted her teeth as she turned to look at Fifth Elder. "Did you see that? The manor lady is ruining precious things since she came here."

Fifth Elder appeared helpless now. It seemed like it was the first time he had ever met Mo Feifei.

Mo Feifei sneered. 'Fengyun clan would be ruined if they continued such reckless acts!'

Qing Ling swallowed another Divine-Spirit Fruit. All of a sudden, she saw another disciple who was staring at her longingly.

Qing Ling remembered that the disciple had helped her to stop Mo Feifei.

Although the disciple did not manage to stop Mo Feifei, what she did was righteous. So, Qing Ling did not forget about the disciple's kind act.

She sighed softly. She had always created trouble wherever she went before when the princess was still reckless.

Later...

The princess changed and she did not act recklessly anymore.

"There you go."

The disciple was shocked and her eyes soon turned red. She almost burst into tears.

She thought that she would be unable to have Divine-Spirit Fruit this time. Now, she got the chance.

She did not eat the fruit immediately but keep it for later.

She planned to have the fruit when she was tired from cultivating.

"Qing Ling." Feng Ruqing's eyes darkened. She scolded Qing Ling.

Qing Ling was shocked. She thought that the princess was angry because of what she did. She soon came to stand beside Feng Ruqing guiltily. "Princess, I'm just..."

"You were bullied just now. Why didn't you do something about it? Even if you could not beat her, you could argue with her. Who asked you to bear it patiently?"

"But..." Qing Ling realized that Feng Ruqing was infuriated. She lowered her head. "Princess doesn't like us to create trouble."

"It's not you who started it just now. Someone else was bullying you!" Feng Ruqing turned around calmly and looked at Qing Ling. "I don't like to keep cowards by my side. Do you understand that? If anyone bullies you again and you still do the same, I'll send you back to the princess's manor!"

'Fengyun Manor is my territory. Even if Qing Ling could not beat the bully, she could ask for help from Zheng Chuchu or the others.

'But, she has bore it all patiently.

'Where did the previous Qing Ling go? She had always acted recklessly before.

'When did she become like this?'

"Princess..." Qing Ling was anxious now. "I don't want to return to the princess's manor. I just want to be stronger with you. I'll never allow anyone to bully me again. I'll argue with them fiercely if they dare to bully me again!"

Chapter 736: To Me, Even Worthless People Can Become Geniuses VI

"Good." Feng Ruqing felt better now. "Remember, you need to argue with them even if you cannot defeat them. If you're unable to do that, ask somebody to help you. If calling for someone's help doesn't work, ask a whole group of them."

"I understand now..."

"So, I'll give you a chance now." Feng Ruqing smiled coldly. She turned to look at Qing Ling. "Go and beat her up! Hard! Go and avenge yourself. Give her what she gave you just now!"

Mo Feifei was shocked. She struggled as she tried to get up from the ground. But, she was not allowed to do so because Feng Ruqing had her foot down, hard, on her chest.

Qing Ling walked toward Mo Feifei and slapped Mo Feifei hard on the face.

Her slap was harsh, causing blood to ooze out of Mo Feifei's mouth.

That was not the end of it...

Qing Ling continued to slap Mo Feifei until she had no more strength left.

Mo Feifei breathed a sigh of relief in her heart when she saw that Qing Ling was out of breath from exhaustion.

'No matter what, the punishment has finally come to an end...'

But, Feng Ruqing took out a Divine-Spirit Fruit and gave it to Qing Ling just as Mo Feifei was starting to feel relieved.

"Continue! Don't stop!"

Qing Ling took the Divine-Spirit Fruit happily. She bit into it and her mouth was soon filled with a taste of great sweetness. It was so juicy and delicious compared to the other fruits that she had eaten just now and it was an unforgettable taste.

All of the others were stunned.

They stared at the Divine-Spirit Fruit in Qing Ling's hand. It had a mouth-watering fragrance.

They had had Divine-Spirit Fruits for so many years and they were quite familiar with its taste and scent.

But, the fruit in Qing Ling's hand was clearly much more delicious. Its scent was quite pleasant too. Everyone was entranced.

“What she said is the truth...” The disciple who had received a Divine-Spirit Fruit from Qing Ling sighed softly. “It’s true that she can have those every day. Moreover, I can feel that the spiritual qi of her Divine-Spirit Fruit is stronger than the ones in Fengyun Manor.”

‘The manor lady seems unbothered by that and Qing Ling has even casually taken the Divine-Spirit Fruit from the manor lady’s hand. It is not a big deal to them. They are used to it.

‘Thus, they are used to having those Divine-Spirit Fruits.

‘Ironically, what has Mo Feifei said just now?

‘That Qing Ling had stolen the Divine-Spirit Fruit? That it is a waste to let her have the fruit?

‘We might really have misunderstood her if Qing Ling was not the manor lady’s servant.

‘Luckily, we did not harm the manor lady’s servant as Mo Feifei did. We’re not as unreasonable as her.

‘She’s still the manor lady’s servant no matter how weak she is. We have no right to harm her.’

Mo Feifei was stunned.

She was cold. She pursed her lips tightly when she saw that Qing Ling was approaching her again.

Her mouth was filled with blood and it tasted metallic.

‘What’s worse is that no disciple from our clan is begging for mercy for me!

‘We’ve been together for so many years!’

What happened next was Mo Feifei’s worst nightmare.

Feng Ruqiang gave Qing Ling a Divine-Spirit Fruit whenever she felt tired or her hand hurt from all those slaps.

She continued punishing her when she regained her strength.

After a long time, Qing Ling stopped slapping Mo Feifei as her hand started to feel numb. Mo Feifei’s face was swollen and her face was no longer recognizable.

Qing Ling had eaten numerous Divine-Spirit Fruits. The other disciples got used to it after some time. They were not that surprised by it anymore.

Chapter 737: To Me, Even Worthless People Can Become Geniuses VII

“Fifth Elder, Lei Yun is out to run some errands. Luckily you’re here today as you can help me to expel some of the disciples. Then, I’ll let the other elders recommend some new disciples to me since I can’t trust your taste in choosing people.”

At first, the fifth elder respectfully paid attention to Feng Ruqing’s words, but the corners of his lips slowly drooped.

He felt a tinge of sadness inside.

The manor lady did not have any faith in him.

It was not his fault either. While all the others were busy cultivating, he was the only one who had to deal with all the duties throughout the years. How could he pay so much attention to these disciples while his hands were full? What could he have done then? He felt despaired too!

“Manor Lady...” Mo Feifei chuckled coldly. Her words were still comprehensible even those she spoke with a lisp. “I’m a genius but you’ve given up on me and chosen a little servant instead. You’ll regret it! Fengyun Manor will regret it, too!”

Feng Ruqing lowered her eyes and looked at Mo Feifei coldly. “Just now, Great Elder has mentioned that I’ve broken through to Dark Warrior tier in nineteen months while my servant... she has broken through to True Warrior tier within fifteen months...

“What makes you think you are capable of fighting against my woman?

‘What makes her think that no one is better than her?

‘Where did she get that arrogance from?’

Mo Feifei was surprised as she turned her head around stiffly and looked at Qing Ling. She suddenly felt a chill.

‘Fifteen months?

‘How can that be...

‘It’s nothing unusual if Feng Ruqing had started her cultivation nineteen months ago since she was too fat and her tendons and vessels were clogged with fat. Fat people do not even have the strength to stand. However, as for this servant... telling me that she had never cultivated before? And that she has just started her cultivation a year ago?

‘That’s impossible. That’s totally impossible!’

“Genius?” Feng Ruqing continued to grin. “To me, there’s no such thing as genius or idiots, as long as someone is willing to put in the effort, I am capable of turning that person into a genius even if the person is not talented enough! Genius? So what?”

Other forces emphasized a person’s talent.

However, she had an endless supply of spirit herbs and also spirit herb dishes.

If you are willing to shed tears and put in all your effort—

You will be a genius in the future!

“Anyway, you remind me of something.

“Fifth Elder, help me check how many spirit herbs has she consumed in my Fengyun Manor throughout the years, and I want her to spit it out back to me. Demote her ability back to her previous state if she fails to spit it out!”

Feng Ruqing sneered. "So you claim yourself as a genius and look down on the people who have taken more spirit herbs than you, yet you never realize that there are people who are more talented than you in the secular world. Lacking an environment to cultivate is the only trouble they are facing, and also, they don't have the opportunity to take spirit herbs. What have you got to be so proud of?"

She assumed that others' current success was gained from relying on the spirit herbs.

Indeed, spirit herbs were good for enhancing one's ability as nobody would turn spirit herbs away.

However, she was also one of the cultivators who had taken spirit herbs to reach her current capability. What rights did she have to look down on other people?

Mo Feifei panicked. That punishment was more terrible to bear compared to the slaps she had borne just now.

"No, you'll regret treating me like this! So what if I have taken spirit herbs before? My talent does really exist here, otherwise, all the spirit herbs would be useless if I was not talented enough! Even if I'm demoted, there will still be many other forces that want to recruit me."

"Well," Feng Ruqing said, calmly. "You remind me of something again. Fifth Elder, announce my order: Whoever dares to accept her, Fengyun Manor will attack their city!"

"You..."

Chapter 738: To Me, Even Worthless People Can Become Geniuses VII

Mo Feifei's eyes widened in disbelief. Feng Ruqing... really wanted to force her out?

"Are you not afraid of offending other forces?"

Feng Ruqing gently smiled. "I'm just about to expand and strengthen my Fengyun Manor. If they dare to go against me, I don't mind to take all of them down too."

She had already offended the three great forces too. Who else would she be afraid of?

"Mo Feifei, do you know why I didn't kill you?" Feng Ruqing stared at Mo Feifei coldly,

"Because, I'll shatter all of your arrogance, and make no one in the world dare to recruit you. I'll let you experience despair, agony, and nightmares! I'll let everyone understand that I'm the one who is in charge of everything in Fengyun Manor. This is the consequence that anyone who bullies my woman within my domain must bear!"

Despair dawned on Mo Feifei's face even though her face was already swollen like a pig head.

"Chuchu."

Feng Ruqing calmly turned around and said, "You'll settle for the rest of this issue. Also, bring those disciples to my manor later. I don't mind if I don't have a talented disciple with me, but my disciple has to be obedient and sensible."

"Yes, Manor Lady," Zheng Chuchu replied, respectfully.

Feng Ruqing left along with two little servants without saying anything more.

Zheng Chuchu approached Mo Feifei after Feng Ruqing's shadow faded away.

She shook her head and sighed. "Manor Lady is the authority in Fengyun Manor. You reap what you sow today! Manor Lady is a person who always stands on the weak's side, you'll be doomed if you ever provoked her."

Mo Feifei sneered and did not respond to Zheng Chuchu.

Zheng Chuchu looked at Mo Feifei hard. "If that's the case, I'll let you know how foolish you are to be a self-righteous person!"

Bang!

Suddenly, Zheng Chuchu was surrounded by a layer of a mighty force. That force was strong enough to make Mo Feifei's heart skip a beat. Her eyes widened all of a sudden.

Advanced... Spirit Warrior tier?

When did Zheng Chuchu... breakthrough to Advanced Spirit Warrior tier?

No!

She refused to accept the truth. That must not be true!

The crowd behind Zheng Chuchu came in front of her.

The power that they emanated completely shocked Mo Feifei too.

Intermediate Spirit Warrior tier...

These fellows... all of them had broken through to Intermediate Spirit Warrior tier!

How?

Six months ago, Mo Feifei had already reached her bottleneck, just like the situation Zheng Chuchu was facing. Still, she managed to overcome it and breakthrough it after six months.

However, she was told that those people who could never be her match had all broken through to Intermediate Spirit Warrior tier now?

"Do you still remember something Master Lei Yun has said before? He said that he would give us a chance to make a choice. If we made the right choice... our future will be bright from then. However, if we made the wrong choice, we can only box ourselves in and stuck for the rest of our life. Luckily, we've made the right choice."

A smile spread over Zheng Chuchu's face. "Moreover, Manor Lady is such a gentle and caring person. If we follow her, we will live without any regret for the rest of our life!"

Mo Feifei's heart suddenly grew cold.

Even though she was slapped so many times, got expelled from Fengyun Manor, and also got boycotted by Feng Ruqing—

She had never felt this way before.

She finally knew what regret felt like at that very moment.

She clenched both of her fists tightly, feeling a sense of unfairness and jealousy.

If only she had known this earlier, she would definitely have been in Zheng Chuchu's place and be on Feng Ruqing's side...

But why did Master Lei Yun mention nothing about that? If he had been clear on that, would she ever have made such a terrible choice?

Hatred!

Full of hatred!

Mo Feifei also knew that no matter how regretful she was, her whole life was doomed...

Chapter 739: To Me, Even Worthless People Can Become Geniuses IX

"Chuchu..." Mo Feifei was trying so hard to get up as regretful tears stream down her face. "I've realized my mistakes, and I'm really sorry. Please intercede with Feng Ruqing for me, I beg you..."

Her hand got shook off just as she wanted to grab Zheng Chuchu's hand.

"I've warned you before, but you refused to take my advice. You have no one to blame but yourself."

"But why didn't you make it clear, why?" Mo Feifei's crimson eyes widened as she breathed hard.

Zheng Chuchu shook her head disappointedly. "It's because I would never have expected you to make such a stupid mistake. Besides, you're always talking behind the back of the three great forces, and you think that no disciples from the three great forces are more talented than you. Do you know what harm you would bring to Fengyun Manor every time you speak like that?"

"Therefore, you're not fit to stay here—"

Mo Feifei collapsed again after Zheng Chuchu finished speaking. Her eyes were filled with deep pain and she could barely say a word—

Somewhere far away from Fengyun Manor beyond the borders of Liu Yun Kingdom.

A young girl was rubbing her cold arms as her eyes were filled with rage.

"Finally, I've reached Liu Yun Kingdom after walking for quite a while..."

After she had succeeded in dumping Gu Yiyi and staying within Liu Yun Kingdom for several days, finally, she met Nan Xian.

However, in the end, Nan Xian threw her away before she could even approach him.

After that, she was thrown to the Southern Ocean and coincidentally, she bumped into a white phoenix—

Unfortunately, the white phoenix was also asking for information about Liu Yun Kingdom at the same time.” Access ReadRead.live if you like watching manga,comics.

She pointed in the opposite direction to the white phoenix since she had nowhere to vent her anger and planned to head over to Liu Yun Kingdom after doing so.

However...

The white phoenix appeared again as she was about to enter Liu Yun Kingdom!

It seemed to have lost its way and bumped into her again.

The phoenix knew that she had pointed the wrong direction to it deliberately, so it swept her up and flew around the sky for a bit. Soon, she was flown to Northern Wilderness along with the white phoenix and got thrown down from the sky into the wild.

That fall would have already killed her if she was not strong enough.

Luckily...

She could finally reach Liu Yun Kingdom this time!

Previously, Nan Xian was being cruel to her as he must have thought she was someone who was up to no good. If she let Nan Xian know of her feelings, he would definitely be aware that she was not a bad person!

An Cui took a deep breath as she looked at the three big words, ‘Liu Yun Kingdom’ that was located not far away.

“No matter what, I’m still a member of Tian Shen Manor. Who would dare to not show me some respect besides him? He’s the only one that treats me this way. Oh, speaking of which, there’s still that phoenix! I’ll peel the phoenix’s skin off if I ever see it next time! It has inconvenienced me from getting here!”

An old voice surrounded An Cui as soon as she finished her mumbling.

“Tian Shen Manor? You’re from... Tian Shen Manor?”

An Cui turned her head in shock. Then, she saw a person dressed in a black robe appearing in front of her.

The old man’s face was hard to be seen clearly as his whole figure was covered in the black robe.

However, the vibes he emanated was overwhelming enough to force An Cui to take several steps backward. An Cui’s eyes looked vigilant.

“Who are you?”

“It would be easy if you are from Tian Shen Manor since I’m here to look for the people from Tian Shen Manor.”

Suddenly, the old man had flown in front of her. An Cui shrieked in terror.

The old man grabbed onto her sleeves as soon as she started to scream. He raised her up and violently threw her onto the floor.

Chapter 740: The Battle Between Two White Lotuses I

An Cui fell to the ground in shock. She was pale and lifted her head dazedly as her messy hair had covered her eyes.

It was obvious that she did not know what had happened.

Bang!

The old man swung his palm and slapped An Cui until her whole face was red and swollen. She came back to her sense from the shock as her eyes were filled with anger. "Do you know who I am? My uncle is Tian Shen Manor's master!"

The old man paused as soon as he heard that. He tried to control his shaking palm as he looked at her expressionlessly and said coldly, "I've told you just now, I want to look for someone from Tian Shen Manor."

"You..." An Cui took several steps backward and gritted her teeth. "So what do you want? How has Tian Shen Manor offended you? Why do you treat me in such a way?"

The black-robed old man slowly approached An Cui and sneered. "Not a big deal, just tell me where Tian Shen Manor is."

An Cui was speechless.

This old thing was being harsh to her, but all he wanted to know was Tian Shen Manor's location?

He should have said it earlier, so she would not be in such agony then!

"Tian Shen..."

An Cui swallowed her saliva and tasted something metallic in her mouth.

Before she could finish her words, the black-robed old man dragged her up upright and smashed her onto the ground again.

Her head hit a tree trunk nearby, and she nearly fainted as the impact was high.

"It seems that the people of Tian Shen Manor are filled with lofty and unyielding spirits, who still refused to tell me anything even when they're dying. I'll do as you wish if that's what you want." The black-robed old man's voice was filled with coldness, ruthlessness, and a hint of murderous intention.

An Cui almost cried as she felt so wronged.

When did she mention that she was reluctant to tell him?

What was so important about the lofty and unyielding spirits? What was the use of lofty and unyielding spirits when one was about to die?

"I'll tell you, I'll tell you..." An Cui immediately blurted as soon as the old man raised his hand again, she was so afraid he would beat her again. "There's an island at the Southern Ocean, and on the island, there's a jungle. Then, there's a tactical formation within the jungle. Once you break the tactical formation, you will be able to enter Tian Shen Manor."

However, some people were guarding Tian Shen Manor. It would be impossible for someone to enter the manor if one did not have Tian Shen Manor's token.

Moreover, it would definitely provoke all the forces around Tian Shen Manor to kill the person if such a person was able to find the way to Tian Shen Manor without the token." Access ReadRead.live if you like watching manga,comics.

That was the price he had to pay for interrogating her!

Bang!

The old man smacked the back of her head, making her sprawl on the ground.

An Cui crawled up angrily as she spat the dirt from her mouth. "I've already told you where it is, what else do you want?"

"Today, I'm here to teach you Tian Shen Manor a lesson... Tsk, I am here to roast Tian Shen Manor. Hand the Tian Shen Manor's token to me immediately, don't you think I'm not aware that I need the token to enter Tian Shen Manor."

An Cui trembled angrily.

This old man finally had spoken the truth!

Simply wanting to know the location of Tian Shen Manor? Who would be so dumb to want to simply pay a visit to Tian Shen Manor in this mainland?

He had hurt her simply because he knew that she was Gu Shi's niece and had also found a ridiculous excuse for doing so!

Did he really think that she was that stupid to not be able to find out his true intentions?

"Who the hell are you?"

An Cui's eyes looked red. If she gave him the token, she would be unable to return to Tian Shen Manor.

Unless she returned to Gu Yiyi's side again.

If she did so, she did not have the excuse to approach Nan Xian on her own anymore...

The black-robed old man was lazy to exchange nonsense with her as he approached An Cui in a cold and an overbearing manner.
