Chapter 761: He Is As Cute As A Girl VI

"Compass? What the hell is that?" The young man asked.

White Phoenix gave him a scornful look. "Humans use that thing to distinguish directions."

"Oh, what do you want that thing for?"

"Are you stupid? How can I go to Tian Shen Manor without it? Do you know which direction is the south, north, east and west?"

"..."

He had grown up in the mountains and knew nothing about the world. How could he know the directions?

Wait a minute...

He had a feeling that this bird was a bit unreliable.

"Oh, I remember now. I have heard people talking about it. Going up is the north; going down is the south. Going left is the west whereas going right is the east. In which direction are you going?"

"North."

A smile appeared on the young man's face. "Well, that's simple, we can just go forward..."

"Is that so?"

White Phoenix was a little surprised. Why did he not understand such a simple truth?

Therefore, the white phoenix just flew forward in that direction without thinking about it.

The young man was anxious. "Where are you flying to? You are going towards the south. The north should be in front of me. Are you stupid?"

White Phoenix's gaze was even more scornful and glared at the young man. "You are stupid. The door is facing the rear. I'm not wrong."

The spirit beasts were speechless.

They thought their IQ was low enough.

Until the white phoenix and Big Black appeared.

The two were facing each other, so they were facing different directions.

Moreover, who told these two guys that going north and south was simply going up or down.

Of course, in the end...

Big Black just followed White Phoenix in buying a compass.

Otherwise, relying on the IQ of these two guys, they might not even reach Tian Shen Manor next year.

Beary yelled in the direction where the two had left. "Grrr!"

'Second Brother, are these guys that stupid?'

Beary II. "Grrr!"

'Yes, Brother. I finally found someone with a lower IQ than you...'

Beary's disdainful look changed after hearing Beary II's words. Its face turned red immediately. It snarled and rushed toward Beary II. A fist slammed, hard, at Beary II's head.

"Grrr!"

'I tell you. No one among the spirit beasts can match my IQ. Otherwise, I would not have been able to steal Butler Snow Wolf's Divine-Spirit Fruit!'

Snow Wolf had raised his head after big black left.

It stared blankly and then slowly turned its head. It looked at Beary angrily.

Beary also reacted to this moment. He turned his head and looked at the snow wolf's red eyes.

'This... I was spewing nonsense. Will you believe me?'

"Awoo!"

The snow wolf roared and rushed toward Beary.

Tears were shed in the air along with heartache, anger, and sadness...

Snow Wolf's roars and Beary's mournful moans echoed in the princess's manor that day.

In the end, everyone in the entire imperial city knew that the butler snow wolf had been violently abused by the Liu family's master. Now, it was doing something even worse to a male bear.

Listening to those sounds, everyone knew that the battle was kinky and slutty.

Feng Ruqing began to cultivate after Jiu Ming had left Fengyun Manor. Five days had passed, the spirit herbs within her medium were almost ready.

She left behind all the spirit herbs and spirit wine. She also left behind a letter. Then she disappeared from Fengyun Manor during the night.

Chapter 762: He Is As Cute As A Girl VII

It was a long way to the Southern Ocean.

That was the case. Even with Feng Ruqing's speed, she took almost half a month to get there.

There were still a few ships at the Southern Ocean at the moment. Feng Ruqing did not want anyone to know where she was going. Hence, she bought a bunch of boats and made the boatmen leave afterward.

That island was not very far away. It did not take long for Feng Ruqing to reach it.

She saw that there was already a group of people on the island as soon as she docked her boat.

The group was led by a cute and lovely girl who was about thirteen or fourteen years old. However, her dress was ragged and even torn in some parts.

The people around her were not any better. Their clothes were also torn.

"Don't you think that the Divine Herbs Sect is crazy? What are they thinking? They took my storage bag and stole my Tian Shen Manor's token. How will they allow us to go back now?" The little girl was crying. Her eyes were red.

"Grandmother has been ill recently. I haven't been able to invite a physician. I have even lost my token. I can't go back."

The more she thought about it, the more she could not hold back her tears.

Some time ago, the people of the Divine Herbs Sect went crazy and attacked the people from Tian Shen Manor. The storage bag and token were snatched. Later, the manor master led a group of people to avenge them. The manor master had even gathered his people who were not currently in Tian Shen Manor to join in. He intended to bring the girl and his people back.

But she chose to stay because of her grandmother's illness.

Only recently did she remember...

Even if she could not go back for a while, she could ask her subordinates to ask for a token from the manor master.

How she could go home now?

"My lady..." The elder next to her sighed. "What about we send a letter to the family and ask them to send someone to pick us up. As long as we can prove our identities, we can go back to Tian Shen Manor."

The little girl bit her lip. "No, you can't let Grandmother know that I've been attacked, or she would be so worried. Her health condition is already poor. She can't be provoked."

"So..." The elder carefully suggested. "What about we just say that we have lost the token?"

The little girl frowned. She stood up after a while. She suddenly saw Feng Ruqing passing behind her when she was about to say something.

Her eyes suddenly lit up.

This young lady had a sleek appearance. She might not have been attacked by the Divine Herbs Sect. She might have a token with her.

“Hey, little beauty...”

The little girl was breathing fast. She hurried toward Feng Ruqing and blocked her.

Her face was as red as an apple—cute and supple.

Feng Ruqing stopped and frowned. When she started to feel impatient, a fair face appeared in front of her.

She consciously softened her voice a little. She still did not let her guard down because she did not know the girl. She asked, “Are you okay?”

“Little beauty, we have lost our token...” The little girl was a little embarrassed. “If you have a token with you, can you take us for a ride? You can rest assured that we will solve the tactical formations along the way. You don’t need to worry about it.”

Although everyone at Tian Shen Manor knew how to break the formation, it still required a lot of energy. Therefore, it would be best if she did not have to do it.

Chapter 763: He Is As Cute As Girl VIII

Feng Ruqing was calm.

Fu Chen had taught her a lot of tactical formations, so she could easily break the formation if she studied it.

But if it could save some time, so why not?

“Okay.”

She was quiet for a while before she agreed.

There was joy on the little girl’s face. She hurriedly turned to look at the elder behind her.

“Grandpa Zhao, this little beauty has promised to take us in. Let’s go.”

The elder’s face relaxed. He slowly stepped forward and bowed with a smile. “This girl looks unfamiliar. I don’t know where she is from.”

Feng Ruqing smiled and raised her lips. “My family is not strong. You may not know it even if I told you.”

It was true that there were many forces in Tian Shen Manor. If it was an ordinary family, they might not know.

“You have helped us this time. We, the Luo family, will definitely repay you in the future. This is the young lady of the Luo family. We still have to keep an eye on each other along this journey.”

Luo Li smiled. “Little beauty, let’s go.”

“Okay.” Feng Ruqing’s face became soft.

Feng Ruqing somehow thought of Tang Yin while looking at this little girl.

It had been a while since she had left Liu Yun Kingdom and she had started to miss the girl...

She did not know if Tang Yin had enraged her uncle.

It was not difficult to crack the formation. They were unimpeded along the way. In just a blink of an eye, they reached a gate.

Two guards stood in front of the gate like a sculpture—motionless.

Feng Ruqing lifted her hand and a token appeared in her hands.

The guards simply glanced at the token and let them in.

The tokens of Tian Shen Manor had often disappeared during that period. According to the manor master, he had already snatched back some of the tokens that were stolen when he went to the Divine Herbs Sect the other day. It was neither more nor less, just exactly the number of tokens that were robbed.

The manor master had already collected those tokens, so Tian Shen Manor naturally would not check them very strictly.

She reckoned...

The people of Tian Shen Manor would never think that the reason why the tokens were just the right amount was that Nan Xian duplicated some of them from his own token.

Nan Xian had a lot of those tokens.

“Little beauty, thank you for bringing us back. I’m going home now. You can visit me at the Luo family soon.” Luo Li smiled.

There was no arrogance in her face.

She was just like a well-behaved little sister next door.

Feng Ruqing stopped and there was a certain light in her eyes. She said, “I have something to ask.”

“What’s up?”

“Do you know the Qin family?”

Luo Li was bewildered. “Which Qin family?”

“Qin Chen’s Qin family.”

The name—Qin Chen was not unfamiliar to Luo Li.

It was just that she did not expect Feng Ruqing to know Qin Chen.

"I know that Qin Chen is the adopted son of the Qin family. I heard that the Qin family's master brought him back when he went out. He was very pitiful. His family did not want him. If it wasn't for the Qin family, he might have been frozen to death."

Luo Li frowned. She just could not figure out why was there such cruel people in this world who were willing to abandon their own son.

"So, how is he?" Feng Ruqing hesitated for a while before she finally asked.

"Not bad. The people in the Qin family looked down on him in the beginning. However, Qin Fei'er took care of him since he was young. I saw her scolding the maids several times for not respecting him. He should be fine..."

Chapter 764: Tian Shen Manor's Qin Family I

Feng Ruqing remained silent.

If that was the case, she could be at ease...

But somehow, she was always a bit uneasy about Qin Chen.

"Little beauty, how did you meet Qin Chen?"

Feng Ruqing replied, "We met somewhere on the streets, but then he went home. So, I haven't seen him for a long time."

Luo Li stared at Feng Ruqing's face for a few seconds. She was a little stunned. "You and Qin Chen are not just ordinary friends, right?"

Feng Ruqing was shocked.

She was just asking casually. Could it be that Luo Li had already sensed that their relationship was special?

"Sister Feng..." Luo Li patted her shoulders with a smile and winked. "I know what you are thinking. You don't have to worry. It's fine even if you like the Qin family's adopted son. I will help you."

Feng Ruqing was speechless.

When did she fall in love with Qin Chen?

Chen'er was her younger brother!

"Ahem..." Elder Zhao cleared his throat. He grinned. "We shall go back now. The old lady's health is getting worse, we should go back earlier."

Luo Li's smile slowly disappeared and sadness replaced her smile.

She pursed her lips gently. "Sister Feng, I'll go back first. You can come to the Luo family to visit me whenever you are free."

"Okay."

She did not refuse Luo Li's kindness.

But she had more important things to do.

Heavenly City.

It was the core of Tian Shen Manor and was equivalent to the imperial city of Liu Yun Kingdom.

It did not take long for Feng Ruqing to see the Qin family's plaque.

There were two guards standing outside the manor. They stood still, unmoving.

Originally, Feng Ruqing did not plan to enter the Qin family's manor. She came here just to find out if Chen'er was doing well.

A figure came out slowly from the Qin family's gate.

Feng Ruqing quickly hid somewhere. She glanced at the person stepping out of the gate.

The woman was pale and weak. She was a morbid beauty with a slight smile on her face.

"My lady..." A maid followed after her and held Qin Fei'er's body. She was a little bit worried. "You are still ill. Lady Wen Yu said that you should rest at home."

Qin Fei'er smiled softly. "It's okay. Chen'er has a bad appetite recently. I'm going to buy him some food from Heaven-i¹."

"But, my lady... we can go on your behalf. You don't have to go. After all, Qin Chen is just..."

"Liu Xia!" Qin Fei'er's face darkened. "No matter what his identity was, he is now my younger brother. I owe him too much. It's only right to go buy some food for him because he is very dear to me in this world."

But she still had to abandon him in order to marry a god-like man.

Therefore, even if it was just a small thing, she wanted to do it for him. Only with this, she could feel much better in her heart.

There would be no more guilt.

Liu Xia did not dare to speak further. She lowered her head but she was filled with disdain.

He was just an adopted child. She could not understand why the lady was so good to him. The lady really loved him as if he was her younger brother. She even wanted to go out to buy him some food even when she was sick.

Yet, Qin Chen still did not appreciate it. He had treated her coldly these past few days and kept a long face with her.

Chapter 765: Tian Shen Manor's Qin Family II

“Let’s go.”

Qin Fei’er sighed softly as she walked down the stairs.

She did not pay much attention to Feng Ruqing even when she was walking passed her.

Feng Ruqing seemed to have something in mind when she looked at her.

Was it really as what had Luo Li said? That the Qin family was pretty good to Chen’er.

She still felt uneasy for some reason. She had to see him directly to be at ease.

She stared at the Qin family’s gate. Then, she turned and walked toward the nearest inn.

At the courtyard.

In the backyard of the Mu family, Chen Qingyan sat on the stone bench staring silently at the man standing in front of her.

“Han Feng, how is it? Did you find out about the divine physician?”

The man in the black robe said, respectfully, “Young Mistress, I have investigated Paramount for a long time, but the divine physician never appeared. However, I have still obtained a piece of news for you. That divine physician seems to be an unmarried girl. Her name is Qing Xian.”

These people of the Mu family addressed her as ‘young mistress’ when there was no one there.

At that time, Lady Suyi was never as generous as Lady Qingyan. Not only did she give a lot of money to the subordinates, but she also gave them a lot of spirit herbs every month. Lady Suyi had never done any of this.

Therefore, they were more accepting of Lady Qingyan than of Lady Suyi.

However, some people never thought that even if the Mu family had many spirit herbs, they still needed to be distributed reasonably. If not, the Mu family would hardly be able to make ends meet one day.

“Qing Xian?” Cheng Qingyan chuckled and smiled a little. “This name is quite casual. She has probably taken this name because she doesn’t want to be disturbed. She just wants to be a casual idler.”

“Then... Young Mistress...”

“Alright, say no more. You only need to say that you found nothing when you report to Brother Ling. If he knows that Divine Physician Qing Xian is a girl, he will want the girl to marry Nan Xian. If Nan Xian comes back, do you think you can live as luxuriously as you do now?”

Han Feng trembled.

Lady Suyi was extremely strict with everyone in the Mu family when she was there. She was like a devil not allowing them to make any mistakes.

If Nan Xian returned, it would be the same.

They were used to such a comfortable life now. They no longer wanted to be the living dead. It would also be more difficult for them to get spirit herbs.

"Young Mistress, I know what to do."

Han Feng's expression was solemn.

"You can leave now. I'll arrange the other things myself." Chen Qingyan slowly got up and walked slowly toward the backyard.

A shy laugh came from somewhere in the backyard.

Chen Qingyan's footsteps gradually slowed after hearing the voice. She frowned, impatiently.

A wicked smile slowly filled Mu Xi's gentle face and his hand slid across the chest of the woman who was in his arms.

"Young Master..." The delicate beauty in his arms quickly grabbed Mu Xi's hand. She stared at him with her beautiful eyes. "We are in public. Maybe we should return to the room..."

In that instant, Mu Xi's smile disappeared. He reached out and pushed the beauty in his arms onto the ground, mercilessly.

"You are my concubine. I will decide when do I want you and when you have to serve me. Don't you dare to make any decisions for me!"

His voice was angry. The beauty quickly got up and kneeled before Mu Xi.

Chapter 766: Tian Shen Manor's Qin Family III

"Young Master, I did not intend to offend you. Please spare my life."

The young master had always been cruel. Countless girls had died in his hands.

She thought that the young master would spoil her. Therefore, she had the courage to do it, but she did not expect that it would anger the master after all.

"There is no need for a disobedient woman to stay." Mu Xi stepped forward and pinched the beauty's chin. His eyes were extremely cold. "You should know your place well. You are just a dog that I keep!"

The beauty broke out in cold sweats. Her eyes were swimming in tears. Her face was pale and she was frightened.

"Xi'er!"

A suppressed voice came from behind.

Mu Xi then let go of the beauty in front of him. He turned his head and looked at the beautiful woman who was walking into the backyard.

"Xi'er..." Chen Qingyan frowned. "It's enough. I have warned you not to do this last time. Otherwise, I won't be able to find a good wife for you in the future."

Mu Xi snorted softly and did not speak again.

Chen Qingyan glanced at the beauty who was kneeling on the ground. "You may leave now."

The beauty was happy that she was saved. She kowtowed to Chen Qingyan gratefully and then hurried out.

"Xi'er..." Chen Qingyan was helpless. "Do you know why your father doesn't give anything to you and rather let Tang Yin or other people have them? It is because of your outrageous actions. Do you know how many women you have killed?"

He listened scornfully. "I heard that Tang Yin is half-disabled. She is fifteen years old but has not grown up well. I am not interested in such a woman, let alone the fat girl—Gu Yiyi. I felt disgusted when I saw her. I'd rather you kill me than ask me to marry her!"

"Xi'er..." Chen Qingyan smiled bitterly. "You have to understand that as a member of the Mu family, marriage is a must. Only then can you beat Nan Xian."

Mu Xi laughed ironically. "I only like beauties. Asking me to marry an ugly girl is like taking my life!"

"Xi'er, do you still not understand me?" Chen Qingyan said, "You can marry those beauties and let them enter the Mu family. It's fine even if you don't touch them. If you really want a beauty, just let her be your concubine."

Mu Xi frowned a little as if she was thinking about something.

"I came to tell you something." Chen Qingyan smiled. "There is a divine physician in Paramount. She knows how to use herbal dishes to cure diseases and improve one's strength. I hope you get her to be your wife. Just use any means. Otherwise, Nan Xian will have this girl again."

Mu Xi's face darkened. "You want me to marry someone I haven't seen before? Wouldn't it be disgusting for me if she is ugly?"

"Xi'er." Chen Qingyan sighed. "You told me last time that you like the woman that Nan Xian likes. If you are going to marry Divine Physician Qing Xian, I will let that girl be your concubine. What do you think?"

Mu Xi squinted. The young girl's stunning appearance appeared in his mind again then.

That beautiful girl he saw for the first time was more beautiful than any of his previous women.

More importantly, she was the person whom Nan Xian likes.

He would use all means to grab whatever Nan Xian liked!

"Actually, I do not intend for her to be my concubine." Mu Xi licked his lips and sneered. "She has been with Nan Xian for so long. She is surely not a virgin anymore. She is not qualified to be my wife, let alone a concubine. Nevertheless, it's alright to play with her since she is so pretty."

Chapter 767: Tian Shen Manor's Qin Family IV

Chen Qingyan was relieved after hearing Mu Xi's words.

A woman whose body had been outside of her own home was unclean and was indeed not qualified to be a part of the Mu family.

Besides, she had also been married once.

"Then I don't have to be so worried about it." Chen Qingyan smiled. "After all, a woman still has to be loyal. On top of that, she is not a virgin. She even had had relationships with a few men before. That's not right!"

Regardless of her being a virgin or not, as long as she had been in love with others, even if she had not done anything, this woman had been long unclean.

It was so disgusting.

But men are so lecherous. He wanted her body and did not mind that she had been married once after seeing her beauty.

Nan Xian was like this.

Her son too was like this.

"Xi'er, you have to think carefully about what I have just told you. I will not meddle with your matters in the future as long as you can make her marry you."

"Really?" Mu Xi asked as he squinted.

"When have I ever lied to you?" Chen Qingyan's eyes gradually softened. "In addition, you can't treat your concubines like this in the future. If you really want to kill them, just find a man to sleep with her and accuse her of betraying you. Then you will have a reason to kill her."

Although the Mu family need not be afraid now.

But... Xi'er still could not go too far, or else there would be bad rumors spreading around. Even Brother Ling would criticize his behaviors.

If she had not been chewing Mu Ling's ear, Xi'er would not have been forgiven so easily.

Mu Xi's eyes were cold. "In this case, am I not being betrayed? I will be a disgrace if people find out about it."

"You can say that she stole your things. You can find excuses to drive her out of the Mu family and kill her silently. Anyway, you can't let her die here. The world is dangerous, so she might meet her enemies anywhere. There are many ways to kill her, just avoid dragging yourself into it."

"Okay, I'll do it next time." Mu Xi's face lit up. He walked slowly to Chen Qingyan. "Mother, Suyi has lost to you once. I will also defeat Nan Xian by stealing his woman! You can rest assured that if Nan Xian dies in the future, I will make the woman go to hell with him. I just want to sleep with her."

Chen Qingyan hesitated for a moment and said, "She is Nan Xian's woman after all. You must not forcibly take her, or else, Nan Xian will be telling Father on you."

No matter how Nan Xian disrespected Brother Ling, Brother Ling still would not drive him out of the Mu family.

The same went for Suyi...

"Nan Xian and Nan Suyi are too similar. Brother Ling also treats them similarly. Suyi has done things that hurt Brother Ling, but still, Brother Ling can't bear to let go of her."

Mu Xi's eyes flickered. "Was Suyi unfaithful to his father? Did she fall in love with another person?"

"No." Chen Qingyan shook her head. "Do you know that there is a male phoenix with Suyi?"

"A phoenix?" Mu Xi laughed out loud. "Are you saying that Suyi and that phoenix... It's impossible, that phoenix is her pet. How can she have an affair with the phoenix?"

Chen Qingyan sneered. "A woman shall always be loyal to her husband. Have you seen me with other people other than your father in all these years? However, Suyi was always with the phoenix day and night. Even if nothing happens between them, her behavior is still not acceptable."

1

Chapter 768: Tian Shen Manor's Qin Family V

Mu Xi's eyes darkened.

Mother was right.

If his future wife was with a talking spirit beast day and night, he would not adopt it as a pet even if there was nothing between them.

His wife might not be the one he loved, but his wife only had to stay at the Mu family waiting for him to come home!

"Furthermore, your father has never done anything to her to be sorry for her. He just made me his concubine and did not divorce Suyi. Nonetheless, Suyi had actually forced your father to drive me out. Your father tried to persuade her nicely in many ways, but she still refused to accept it."

How could Chen Qingyan not feel bitter when reminiscing the past?

She almost could not enter the Mu family.

If it was not for Mu Ling who thought she had lost all her strength to save him, he would not have let her into the Mu family out of guilt...

This was all Suyi's fault!

"Okay, think about it carefully. Then, you shall go to Paramount." Chen Qingyan turned around. "I shall go to accompany your father. He is not in the mood these days."

Chen Qingyan stopped talking and went outside after she had finished her words.

Mu Xi stared at the sky and his smile was a little wicked.

“Nan Xian and I are destined to be enemies in this life. I will steal all of his stuff, be it power or a woman!”

1

Besides, he also believed that no woman could escape the palm of his hand.

At the Luo family.

A young girl in a pink dress hurried in. She then saw a weak old lady, basking in the sun.

The old lady's face was very pale. However, she still refused to lie on the bed all the time. Hence, she would stand and walk around every day.

“Grandmother!”

Luo Li's tears instantly flowed. She went to the old lady and pursed her lips tightly. “Grandmother, I'm sorry. I did not see the divine physician's face although I have found her. I'm useless.”

The old lady looked at her lovingly. She then raised her hand and stroked Luo Li's head.

She was gentle. “Li'er, everything is fine as long as you're all right. Grandmother is old, it doesn't matter anymore. I just worry about you. You are going to have a stepmother soon. If I die, how will you be able to survive?”

Luo Li burst into tears after she heard her grandmother's words. She cried in the old lady's arms.

“Grandmother, don't go. I'm going to be bullied if you go. You have to bring me with you. Huhu...”

The old lady was also hugging Luo Li. “My poor little Li'er, you don't have a mother since you were young. Now, even your father is about to become your stepfather, I would rather let the old man who has died take us both away. So that we will not be bullied by those immoral beasts.”

Luo Fei saw them crying as soon as he came over.

His face darkened after he heard their conversation.

He could not bear to see those two crying. He cleared his throat. “Mother, Li'er, what are you doing? I am Li'er father, when have I become her stepfather?”

“Please leave. You're going to find Li'er a stepmother. Aren't you just a stepfather then?” The old lady cried, loudly. “I can still take care of Li'er while I'm still alive. If I die, who will help my poor little Li'er?”

“Grandmother, please take me with you.” Luo Li's face was full of tears.

Luo Fei was speechless

“Mother...” He continued. “You are not well. Crying will worsen your condition.”

Chapter 769: Tian Shen Manor's Qin Family VI

The old lady stared at Luo Fei. "Who do you think has made me so sad?"

She turned to Luo Li and gently held the girl's hand after she said that sentence.

"Li'er, I heard that the Mu family marriage has been rejected by the manor master recently. What do you think of the guy from the Mu family? I must find someone to protect you after I am gone. Otherwise, you will be bullied to death by these people."

Luo Li wiped her tears. "I don't want it. I have someone whom I like."

"..." The old lady's face stiffened. "Someone who you like?"

"No, the person I like is not a human. He is a fox. He promised me that he will come back and marry me after he transforms into a human."

The old lady's face stiffened again. She then cried even more sadly than before.

"My poor Xiao Li'er, you even like a spirit beast in order to escape this family! But I'm afraid that you have to wait for your next life for him to transform into a human. You are destined to be alone in this life. Blame it on your father! He is the one who has ruined you!"

Luo Fei's face was dark. He was afraid that the old lady would continue to cry. He cleared his throat again. "Li'er, I am going to marry Fei'er's aunt. Isn't your relationship with Fei'er good? Her aunt will also be nice to you. Furthermore, the people in the Qin family are very kind. You don't have to worry."

Luo Li snorted. "If my Little Fox has another fox before he becomes a human. I will definitely be angry and will not like his child. It is also the same for you. I am not her biological child. She won't like me."

The old lady was even sadder.

"Xiao Li'er, do you really want to wait for that fox? It doesn't matter if you don't like the Mu family's young master. What about Qin Chen from the Qin family? What do you think? The young man is quite lovable although he is just an adopted child."

"I don't want him either." Luo Li pouted. "He is the one Sister Feng likes. I can't snatch the one that my friend likes. Besides, I only like Little Fox. I will just have to wait for it even if it meant spending my whole life waiting."

Luo Fei groaned. "Mother, you can accept Qin family's adopted son for Luo Li, why can't you accept her?"

The old lady glared at him.

"Xiao Li'er is my sweetheart. Who do you think you are?"

"..."

At this moment, Luo Fei had an epiphany that he might not be her own son.

"Mother, actually... Yue'er is not as bad as you think. She really will not bully Xiao Li'er. Besides, I'm still alive. I will not let other people bully her."

"That's not necessarily true." The old lady snorted. "If you and Qin Xiaoyue have your own children in the future, will there still be a place for Xiao Li'er? If it were not for my health, I don't care if you marry a wife. At least I can protect Li'er, but now I'm dying. How can I let you find another person that might harm Li'er?"

"Mother!" Luo Fei said, harshly. "I said that I won't allow you to leave. I will save you at all costs."

The old lady gave up. "Forget it, I don't care too much about life and death. Li'er, go to your Little Fox after I am gone. Just ignore your stepfather and stepmother."

"Okay," Luo Li said. "I'll take your ashes with me and let them live their lives."

She did not like Qin Xiaoyue!

She had never liked Qin Xiaoyue where her father was marrying her or not.

Luo Li involuntarily recalled that beautiful figure today. She felt a little regret.

Such a pity...

The girl was too young and already had a beloved person. It was impossible for the girl to become her stepmother.

She wondered if that girl had any aunts or other relatives.

Chapter 770: Luo Li's Despair I

"Li'er!"

Luo Fei was helpless. "I'm your father. Can't you even trust me?"

Luo Li turned her head arrogantly and groaned. Then she ignored Luo Fei.

Luo Fei sighed helplessly. He could only look at the old lady again. "Mother, I will find a cure for your disease. Even if it can't be treated, I will definitely find a spirit herb that can extend your life."

To be honest, the old lady had always been clear about Luo Fei's filial piety.

Therefore, if she was still alive, no matter how many wives Luo Fei was going to marry, she would not care about it.

She was afraid that Li'er would be hurt if she died.

"Xiao Li'er, go out and play. I still have something to say to your father." The old lady sighed softly.

Even if Luo Fei promised her not to marry now, she was afraid that no one would keep him in check after she died.

She had to do everything to help Li'er.

"Okay."

Luo Li nodded obediently. She naturally understood that her grandmother was going to talk about Qin Xiaoyue with her father. So, she did not say much anymore and stared angrily at Luo Fei before leaving.

Luo Fei felt heartbroken seeing Luo Li's expression of ignoring him.

He and Xiaoyue truly loved each other. However, if Li'er refused to accept her, he might not be able to marry her so easily.

Heaven-i.

The most prestigious restaurant in Tian Shen Manor.

But this restaurant did not accept too many guests. Only those who had a certain status could enter Heaven-i.

Luo Li had already inquired about Feng Ruqing's whereabouts. She initially wanted to go to her straight away. Nevertheless, she stopped when she passed by Heaven-i. She remained silent for a moment and walked in.

She had to bring Feng Ruqing something to eat since going there empty-handed did not look good.

"Young Lady Luo."

Heaven-i's shopkeeper walked up to her with a smile when he saw Luo Li. "I'm sorry, Young Lady Luo. We are not accepting guests today."

Luo Li was startled. She was disappointed.

It was a pity. She originally wanted to let Feng Ruqing taste the food from Heaven-i. Unfortunately, Heaven-i was not accepting guests today.

"May I know why isn't Heaven-i accepting guests today?"

"It was because the Mu family's young lady—Mu Huan is back. Grandmaster Hai Rong is also back. The Mu family is having a feast here to welcome them. Only those with the invitation letter can enter."

'Hai Rong?

'Mu Huan's master—Hai Rong?'

As soon as Luo Li's eyes lit up, they dimmed again.

Hai Rong's medical skills were extremely brilliant. He was as powerful as the physician in Tian Shen Manor.

They both had one thing in common that was they rarely treated other people.

Especially Grandmaster Hai Rong. He never hankered for wealth and rank. He just wanted to be free and unrestrained. It was impossible to ask him to cure her grandmother.

Luo Li's eyes were filled with disappointment. Luo Li turned around, wanting to leave Heaven-i.

Maybe she had fallen into a trance, she did not even notice that a woman was coming from the front.

This woman was about thirty years old. However, her face was pretty and young showing no traces of aging due to her great skincare routine.

“Xiao Li, why are you here?”

The woman apparently noticed Luo Li. She paused and called out.

Luo Li’s body trembled. She stopped too. Her face stiffened when she saw the woman’s face in front of her.

“You are allowed to be here. Why am I not?”

Qin Xiaoyue looked at Luo Li with a smirk. “Of course, the Qin family came here by invitation. Today, Heaven-i will not receive any guests. If you call me ‘mother’, I will allow you to stay.”
