

Overwhelmed 66

[Chapter 66 Weak Positive](#)

Clearly distinguishable were a dark red line and a lighter, less noticeable line.

If one didn't look closely, they could miss the second line.

Candice didn't take it seriously and used another pregnancy test kit.

Things didn't turn out any different.

She discarded the test kits, returned to her office, and logged onto the Internet to do a search.

The term "weak positive" was thrown about online to describe this situation.

It could be a false positive or very early pregnancy.
