

## Peerless 1141

### [Chapter 1141: The moment of decisive battle!](#)

It's incredible!

"Within three days, I have raised three small realms one after another. It really is..." He didn't know what words to describe, rubbing his eyes, for fear that he might be wrong.

Chen Feng smiled and said, "Patriarch Zhou, you read that right, I am indeed a four-star in the sky."

Zhou Muxing shook his head: "Feng Chen, you are almost...you are..."

He saw that Chen Feng's breath was a little vain, and he asked worriedly: "Are you okay? I feel your breath is unstable, and there seems to be a powerful force in your body destroying it."

Chen Feng smiled slightly: "Don't worry, it's all small problems."

"Patriarch Zhou, the most important thing for us now is the next plan."

"My task has basically been completed. Next, if the Mu Family sends someone to kill me, I will definitely not be a small person. I guess it should be one of their four strongest!"

It turned out that Chen Feng's plan was to use himself as a bait.

Activities outside the city of Dayue, and then constantly lured the Mu's family to send masters to besiege.

And he is constantly fighting back, constantly weakening the power of the Mujia.

Because the top masters of the Mu family couldn't leave Big Moon City.

The remaining people were defeated one by one by the growing Chen Feng and killed one by one. When the branches and leaves were cut off, it was time to cut off the backbone.

And to cut off the backbone, Chen Feng did not have that ability.

Now, it's time for the decisive battle!

Chen Feng looked at Zhou Muxing and said, "Patriarch Zhou, are you ready?"

Zhou Muxing nodded solemnly and said, "Everything is ready."

With that, he clapped his hands, and then the door was pushed open.

Then, a few people came in.

There are four people, two of them are gray-haired old men.

One of them is a hooked nose with two deep lines of decree. The cheekbones are high and the appearance is extremely cold. He is wearing a white robe!

Zhou Muxing introduced, "This is the elder Zhou Taishang, and also my uncle!"

Another old man, dressed in a black robe, had two extremely terrifying scars across his face, and he was completely disfigured and looked terrible.

He glanced at Chen Feng coldly with a pair of eyes, and Chen Feng felt a sense of being seen through. It seemed that his eyes were like a knife, capable of stab his body!

This person is worshipped by the Zhou family's supreme, whose surname is Sun, and Chen Feng called him Sun Zhuon!

The other two people looked a bit similar to Zhou Muxing.

Sure enough, both of them were his brothers, one named Zhou Mulong and the other named Zhou Muhu, both of whom were very high-ranking elders in the family!

As soon as these four people entered, Chen Feng felt as if he was about to suffocate, and the air seemed to freeze.

"Such a huge aura..." Chen Feng's expression was a little shocked: "These four people are all experts in the soul condensing state!"

"Counting Zhou Muxing, there are five masters in the Zhou family!"

There was a hint of surprise in Chen Feng's eyes.

Because according to the information he had obtained before, the number of Soul Condensing Realm masters in the Mu Family should be around four, while the Zhou Family was weaker than the Mu Family!

Unexpectedly, the Zhou family actually had five soul-condensing masters.

Seeing his look, Zhou Muxing knew what he was thinking, and smiled slightly:

"The previous news was deliberately released by me, in order to make the Mu Family underestimate the enemy."

A flash of murderous intent flashed in his eyes, and he said: "Actually, I have already prepared for it. Once the Mu family has forced the Zhou family to have no way of survival, my Zhou family will do everything possible!"

"Even if the Pharmacist Association and Chengtianmen jointly suppressed it afterwards, the Mu Family must not be allowed to live well, and the Mu Family must be bloodbathed!"

Chen Feng laughed and said, "Patriarch Zhou, it is really better to have yours. If this is the case, we will be a little bit more certain of getting rid of the Mujia!"

He was hesitant before, but now he is completely relieved!

Chen Feng smiled and said: "It's not too late, let's go now!"

"Good!" Zhou Muxing nodded.

Chen Feng first left the room and walked out. Zhou Muxing stayed behind. As soon as he went out, he suddenly tilted his head slightly and exchanged glances with Zhou Hongcheng, the elder of the Supreme Being.

The eyes of the two were a little weird.

Zhou Hongcheng nodded slightly and looked at Chen Feng's back, his eyes flickering.

And all of this, Chen Feng had turned his back and didn't notice at all.

Chen Feng and Zhou Muxing left the Zhou family, and half an hour after he left the Zhou family, the other four Zhou family's soul-condensing masters, also dressed in various identities, left the Zhou family one after another, leaving Da Yue City. .

After Chen Feng left Zhou's house, he deliberately circled around the city, making the appearance that he was about to leave behind and stalking people, and went around several times before leaving Dayue City.

And just a hundred meters away behind him, Zhou Muxing followed closely!

At this time, in the Mu's house, the main hall of the family, the atmosphere was stagnant, making people breathless.

Mu Ziyuan sat above the hall, his mouth shut, his expression looked extremely calm, but there was a raging anger in his eyes.

And the corners of the mouth that twitched from time to time also showed that he was in a state of anger at this time!

Suddenly, he was crazy, stood up directly from the seat, and then frantically hit everything in front of him with his fists.

The pillars were smashed and several big pits were smashed into the ground, and the entire family main hall was crumbling by him.

While smashing like crazy, he shouted angrily: "Trash, trash, it's all \*\*\*\* trash!"

"Several masters in the middle of the Heavenly Sea Realm can't kill even a little bunny, but they were all beheaded by others. It's really useless!"

At this time, outside the family main hall, a white-haired old man walked in slowly.

The white-haired old man wore a white robe, with great momentum. He looked at Mu Ziyuan, frowned, and said coldly, "Ziyuan, see what you look like now!"

"It's just a Feng Chen, just toss you like this!"

"I'm so disappointed in you!"

Mu Ziyuan suddenly stopped. He looked at the old man with a very serious expression. He said word by word: "Uncle, I'm going to kill Feng Chen."

"You are going to kill him? Are you going personally?"

The old man whom he called his uncle was the Supreme Elder of the Mu Family, the former Patriarch, Mu Gui Nan!

He raised his brows, his expression was a little unexpected: "Can you send the Great Elder to go? The cultivation of the Great Elder is not much different from you!"

"You are the Patriarch of the Mu's family. If you go by yourself, you will lose your share! Make a big fuss!"

Mu Ziyuan shook his head and said: "After Feng Chen came, he first provided the Zhou family with a small pill to make our Mu family extremely passive, and then killed Lian Xia, and then killed a few elders!"

#### [Chapter 1142: The reaction of the two giants](#)

"I sent people to kill him many times, but he was killed many times. He has become the demon in my heart!"

"If you don't kill him, from now on, I'm afraid I will think of this every time I practice, and I will never make progress since then!"

Mu Guinan nodded and said, "Since you have to do this, then it's up to you. Then you can kill him!"

"Don't worry, I will take charge of the family affairs within the two days you leave!"

Mu Ziyuan smiled coldly, and said, "It will take another day or two to kill him? I have already ordered and tried my best to find his whereabouts!"

"As long as I find him, I can kill him immediately!"

As soon as the voice fell, a Mujia Iron Guard strode in and said in a deep voice, "Patriarch, there is news about Feng Chen."

"He left the east gate of Big Moon City half an hour ago and headed east."

Mu Ziyuan abruptly got up: "I will go now, tomorrow at the latest, I can definitely come!"

Mu Guinan raised his brows and said, "You leave Big Moon City without authorization. The Alchemist Association and Chengtianmen will come to the door to blame if they know about it."

"But if you just leave for one day, it shouldn't be a big problem. Moreover, if you only kill one Feng Chen, it doesn't involve other families in Big Moon City. They can't say anything."

"Yes," Mu Ziyuan said, "So I will go back quickly."

Mu Gui Nan said: "Bring the Great Elder."

"Take the great elder? No need?" Mu Ziyuan was a little disapproving: "Don't you think I can't kill him alone?"

Mu Guinan sneered, glared at him, and said, "Before you send those people to kill Feng Chen, you should think it's impossible to kill him!"

"This boy is unfathomable and cannot be underestimated!"

Mu Ziyuan nodded!

"That's right," he said as if thinking of something, "Uncle, the existence said that he might be going to break the barrier in just two days, you..."

As soon as he finished speaking, Mu Guinan glared at him fiercely, lowered his voice, and sternly rebuked, "Is it easy to come up with the matter about that existence?"

"I'm your uncle, and I passed you the position of your Patriarch. Of course I know very clearly about that person's existence!"

Mu Ziyuan shivered violently, and when he mentioned the existence, there was a look of fear in his eyes.

He looked at Mu Guinan and said in a low voice, "My nephew knows it was wrong!"

Mu Guinan waved his hand: "You don't need to worry about that existence at all, I will send someone to meet him! You can kill Feng Chen with peace of mind!"

Mu Ziyuan nodded.

After a while, he and the Great Elder left the Mu's family!

In the high mountain range where Chengtian Gate is located, there is a highest peak with a height of several hundred thousand meters, which stands above the mountains.

Behind the mountain peak, there is a cliff.

On the cliff, a green pine stands proudly.

At this moment, under the green pine, a figure wearing a green robe was sitting cross-legged there.

This is a middle-aged man in his forties. He looks immortal. His figure is virtual and real, erratic, and seems to be integrated with the surrounding environment.

A round-faced young man in his twenties came quietly.

This young man has a very gentle appearance. He always seems to have a smile on his face, and his temperament is indifferent. He is in the same line as the middle-aged man.

He walked to the middle-aged person and said softly: "Master, about an hour ago, there were five masters in the condensing soul realm, including an elder of the Zhou family and an elder, and three brothers of Zhou Muxing. Leaving Big Moon City!"

"Oh?" The middle-aged man gave a soft oh, his expression unchanged, and asked faintly: "Do you know where they went?"

The round-faced young man smiled and said, "I don't know, but..."

"But what?" the middle-aged man asked.

"However, based on the judgment of the disciples, it seems that all of them followed the pharmacist named Feng Chen and left the city together."

"Oh, left the city with Feng Chen?" A playful smile appeared on the corner of the middle-aged man's mouth.

He gently tapped the green pine next to him:

"This is interesting. If I remember correctly, just a few days ago, the Mujia sent several groups of people to chase Feng Chen, but Feng Chen killed them all!"

"Yes."

The young man nodded and said: "A total of two groups of people were sent. The first wave was the five elders of Tianhai three stars and Mu Lianxia of Tianhu five stars, who were killed by Feng Chen."

"The second group was Mu Dongge, the fourth elder, the third elder, and the three mid-Tianhai masters, and they were all killed!"

If Chen Feng was here at this time, he would be very frightened if he heard these words.

The two of them knew everything about him.

The middle-aged man smiled slightly and said, "This Feng Chen is a bit interesting!"

He smiled and said, "If I guess it is right, it should be more than the Zhou family who left Big Moon City!"

As soon as the voice fell, another disciple walked over here quickly.

The round-faced young man hurried over, and the two murmured in low voices. The round-faced young man came over and said with admiration:

"Master, what you expected is not bad. Just half an hour ago, the Patriarch of the Mu family, Mu Ziyuan and the Great Elder, also left Big Moon City!"

The middle-aged man laughed and said with interest: "Interesting, interesting, Big Moon City hasn't had such a wave for several years!"

"Unexpectedly, because an unidentified foreign pharmacist, because a young man who has not even reached the age of twenty, would have caused such a storm! Interesting and interesting!"

The look on the round-faced young man's face was calm, and it seemed that such a major event could not disturb his heart.

He just said softly, "Let's do it?"

"It doesn't matter, at least it doesn't matter now!" The middle-aged man said without hesitation: "If there is no eyebrow about this matter tomorrow, then we will make another move."

The round-faced young man nodded it should be!

The middle-aged man looked at him, smiled and said, "Haoran, you just don't care about anything."

"It's true that the exercises you practice are very suitable for such an indifferent state of mind, but it's too uncontroversial for you."

"Young people, you should be more vigorous, otherwise when you fight with people, you may be stronger than him, but you will lose in the end!"

The young man named Haoran thought for a moment, nodded and said, "Master, I understand."

The middle-aged man looked at him, shook his head and sighed. He knew that when the young man said that, he was mostly perfunctory.

It is difficult to change his xinxing.

At almost the same time, on the high tower of the Alchemists Association, Dongfang Yan once again walked into the secret room where the president of the Alchemists Association was.

This time, the president is still absorbing the power in the blue flame.

#### [Chapter 1143: trap!](#)

After a while, he turned around and said lightly: "What's wrong?"

Dongfang Yan whispered the process of the matter again, roughly the same as the round-faced young man Haoran said.

After the president of the Alchemist Association heard what he said, a smile appeared at the corner of his mouth. After thinking for a while, he made the same decision as the head of Chengtian Sect.

He smiled and said: "Don't worry about it, don't take action, wait until tomorrow!"

Compared with Chengtianmen, the strength of the Alchemist Association is actually slightly weaker.

They only knew that the Zhou family and the Mu family were fighting, and they also knew that the masters in their two families had left Big Moon City.

But I didn't know that Chen Feng stirred up this situation, and if he knew it, I'm afraid Dongfang Yan would send someone to take action immediately.

Unfortunately, his information is limited.

After the president finished speaking, Dongfang Yan nodded and retreated respectfully.

At noon, in a mountain range east of Dayuecheng, Chen Feng walked forward leisurely.

But it can be seen that although he is relaxed on the surface, in fact his muscles are tight and he is ready to do it at any time.

Because Chen Feng knew that a master from the Mu's family could come at any time, and the one who came again this time would definitely be a master of Soul Condensation.

Right now, I can't even block the blow of the Condensing Soul Realm master, so I must save my life as soon as possible!

Behind him, an illusory figure followed.

The figure kept hiding with the help of the dense forest stones on both sides.

When his figure appeared in the dense forest, it turned into light green.

When it appeared next to the stone, it became that kind of grayish white, extremely hidden, and hard to be discovered.

Even his breath was suppressed extremely low.

The person behind him was Zhou Muxing, and Chen Feng felt carefully that he could also perceive that within a few hundred meters around, there were also four breaths, which were advancing with his steps.

These four auras are quite weak, but if you observe carefully, you can feel the powerful aura and power contained in them.

The five masters of the Zhou family's soul condensing state are all here, laying traps, waiting for the people of the shepherd family to come from the trap!

After a while, Chen Feng suddenly heard an extremely sharp sound of breaking through the air.

He turned his head suddenly, and then saw that in the distant sky, two black spots were constantly approaching here.

They are very fast, and soon come close.

Then, two middle-aged men appeared in front of Chen Feng.

One of them, wearing a blue shirt with a gloomy expression, stared at Chen Feng with extreme hatred in his eyes.

His body was steaming, and Chen Feng was almost out of breath.

This person is a master of soul condensing.

Because Chen Feng had already seen that under his feet was a huge iron-clawed eagle.

This iron-clawed eagle is fifty to sixty meters long, with better condensation in the center, and a little illusion on both sides.

Obviously, this is the result of the condensing of the martial soul, but he should only be in the initial stage of the condensed soul realm, the martial soul has not even condensed completely!

"Are you Feng Chen?" The middle-aged man in Qingshan said slowly, his voice hoarse, and there was murder in it!

Chen Feng nodded and smiled slightly: "Yes, I am Feng Chen!"

The middle-aged man laughed, his voice was full of joy: "Okay, okay, Feng Chen, finally let me catch you, this time I see how you run!"

"I see how you are going to fight back, my shepherd's family is in your hands, my daughter has died in your hands, and several elders in my family have died in your hands!"

"Today, I want to catch you back, before their spirits, make you unhappy, torture you wantonly, so that I can vent my hatred!"

Chen Feng looked at him and smiled slightly: "Oh, it turns out that that person is your daughter? It turns out that those people belong to your pastoral family!" *Novelusb.com*

"Haha, the people of your shepherd's family are indeed a virtue, they said the same before fighting with me."

"In the end? Isn't it all turned into a pile of dead bones?"

The middle-aged man in Qingshan didn't get angry, but said coldly, "Well, now you can say it, even if you take advantage of it!"

"At that time, I will let you know what it means to regret at the beginning! If you say more now, I will torture you for ten more days!"

"When the time comes, you will know that death is actually the lightest punishment!"

The elder was by the side and carefully reminded: "Patriarch, we should make a quick decision, and quickly capture him and bring him back to the Mu's house."

"Now, I'm afraid that the people from Chengtianmen and the Alchemist Association have already been dispatched."

The middle-aged man in Qingshan nodded, looked at Chen Feng, and sneered: "Remember, the one who killed you was Mu Ziyuan, the head of the Mu family!"

Chen Feng's expression was calm, without showing the slightest timidity, Mu Ziyuan frowned, his expression even more icy, and his heart steaming with anger.

He hated Chen Feng's look very much at this time, Chen Feng was not afraid, and he was the kind of fearlessness from the bottom of his heart.

This made him feel like he was a clown performing a poor performance.

Moreover, he should be a little panicked in his heart: "How can Feng Chen not be afraid? How can he not be afraid? Does he have any hole cards?"

Chen Feng smiled slightly: "I am afraid, of course I am afraid!"

As he said, he shivered on purpose, everyone could tell that he was acting.

Mu Ziyuan was furious, feeling like he was half played, he roared: "Little bastard, you're looking for death!"

As he said, he leaped up into the air, leaping like a big bird, and his momentum poured out overwhelmingly, almost enough to press Chen Feng into vomiting blood.

At this moment, suddenly, a black figure flashed past.

With a bang, a punch, and fists intersected, both of them fell to the ground.

Mu Ziyuan looked at the man in black who suddenly appeared in front of him, his face changed drastically, and exclaimed: "Zhou Muxing, why are you here?"

As soon as his voice fell, the elder's expression suddenly changed, and he shouted: "Patriarch, hurry up!"

When he shouted, Mu Ziyuan immediately realized something, and immediately turned around and rushed out frantically.

Just run away!

The direction he swept away was the direction of Big Moon City, which was the opposite of Zhou Muxing's direction.

However, just as the two of them had just skimmed a hundred meters, suddenly, two figures suddenly appeared, banging two punches, and directly blasted them both.

Mu Ziyuan and the Great Elder had to accept the move.

The fists intersected, and they were shaken to the ground again.

Then, the two figures also appeared.

Seeing the two of them, Mu Ziyuan immediately showed shock in his eyes, shocked with a trace of panic.

"Zhou Mulong, Zhou Muhu, it turned out to be you two!"

Zhou Mulong and Zhou Muhu laughed loudly: "Why not the two of us?"

[Chapter 1144: Turn against each other!](#)

Zhou Mulong looked at Mu Ziyuan with a look of extreme hatred in his eyes: "Mu Ziyuan, twenty years ago, among the young talents in Big Moon City, you vomited blood with a punch and broke my dantian."

"I stayed in bed for a whole year, and from then on, my cultivation base was nowhere to be seen. Later, after all my hard work, I was able to obtain a great reward, before I could practice again."

"I have not forgotten this hatred!"

He rubbed his fists, smiled coldly, and said, "Today, I want you to taste this too!"

Mu Ziyuan looked at the three of them, with a cold smile on his face: "Just the three of you?"

"Haha, do you think the three of you are enough to keep the two of us behind?"

"Tell you, don't dream! Don't tell us to stay, if we really do our best, at least one of the three of you will be killed!"

"Really? So, what about the old man?" Suddenly, not far from the side, an old hoarse voice came.

Then, the elder Zhou family walked out slowly!

As soon as the voice fell, there was another jealous laugh: "How can I be missing from such a lively thing?"

Sun Taishang enshrined, slowly walking around.

The five of them stood still and surrounded Mu Ziyuan and the Great Elder in the middle!

When Mu Ziyuan saw this scene, his face was full of despair.

His cultivation is similar to that of Zhou Muxing, Zhou Mulong, and Zhou Muhu, but it is far less than the Zhou family elders and Taishang worship.

These two old guys are enough to easily kill them, let alone Zhou Muxing and the other three!

He pointed to Zhou Muxing and said with a trembling voice: "You, you..."

The body shivered involuntarily.

Zhou Muxing laughed, his eyes showed the calmness of everything under control, arched his hands, smiled and said:

"Brother Mu, it's been a long time since we two have seen each other, it seems that your complexion is not very good! Is everything going wrong with your Mu family during this time?"

With that, he laughed, extremely happy.

He was extremely happy to see his old opponent so embarrassed in front of him!

He glanced at Chen Feng next to him, smiled and said, "I have to thank Feng Chen for this matter. If it weren't for him, he wouldn't be able to lure you two here easily!"

Mu Ziyuan nodded Chen Feng, with extreme hatred in his eyes: "Hello, Feng Chen, you are fine!"

Chen Feng laughed and said, "Of course I am fine, but it seems that Patriarch of the Mu family is not very good for you!"

The elder Zhou family sneered coldly and said: "Okay, don't talk nonsense, hurry up and kill people!"

"It's impossible for us to make such a big noise, the Association of Alchemists and Chengtianmen would not know."

The five people nodded together. Indeed, as long as the two people were killed before the Alchemist Association and Chengtian Gate arrived, then these two behemoths would have no alternative.

And if the two of them were not killed before then, if those people interfered, it would be very difficult!

The five Zhou Muxing uttered a stern shout, and at the same time they killed Mu Ziyuan.

Almost for an instant, the situation in the field, which had been quiet and confronted, moved instantly.

What was beyond everyone's expectations was that the first person to move was not Mu Ziyuan, but Chen Feng.

He turned around directly, Tianlong step started, and with one stroke, he came directly to hundreds of meters away.

Fleeing wildly, the speed is extremely fast!

He was obviously prepared, otherwise, it would be impossible to start the Tianlong Step so quickly.

And seeing this scene, the Zhou family were not surprised, but their expressions changed drastically, showing a look of anger.

The elder Zhou family sternly shouted: "Boy, still want to run? Dreaming!"

One step forward, a palm away, blasted towards Chen Feng's back.

At this time, Chen Feng had launched the Tianlong Step for the second time, and he had already left this place for hundreds of meters.

But still being hit by a palm, he wowed, and a mouthful of blood spurted out, mixed with pieces of internal organs.

His face was silly, and he shook for a moment, and Tianlong was almost interrupted.

But the Tianlong Step was unpredictable. Although Chen Feng suffered a heavy blow, he still crossed six nodes, and then used the Tianlong Step two times in a row, and he disappeared in an instant.

Everyone in the Zhou family looked gloomy.

The Zhou family elder said coldly: "You let this little bunny run!"

The faces of the Zhou family were full of annoyance.

Seeing this scene, Mu Ziyuan was shocked at first, then suddenly realized that he laughed:

"I know, I know, your Zhou family must see that he has no use value, so you want to solve him easily, and then take the prescription for Xiao Huan Dan in your hands!"

"But unfortunately, it has been seen through by others. Tell you, let Feng Chen run away, your Zhou family will have endless troubles!"

"Haha, your Zhou family has provoked an extremely difficult enemy, I want to see how your Zhou family died!"

The Zhou family elder snorted coldly: "Then you won't worry about it."

As they said, the five threw forward.

The earth-shaking battle sounded loudly, the mountains crumbled and the earth cracked.

The melee of the seven masters of the Soul Condensation Realm caused the entire ground to tremble, and all the mountains with a radius of one thousand meters were destroyed.

Even the people in Big Moon City felt shivering from outside the city!

Chen Feng ran away frantically, and he frantically used the Heavenly Dragon Step, which almost exceeded his physical load.

again and again!

Finally, Chen Feng didn't know how many times it was the first time he had used the Tianlong Step. His body could no longer support it. With a bang, the Tianlong Step phantom disappeared.

Before Chen Feng reached the next node, he fell directly to the ground.

He felt his body, as if torn apart, on the verge of collapse.

Chen Feng breathed heavily, with a strong smell of blood.

At this time, Chen Feng had already run hundreds of miles. He knew that those people would not be able to catch up, so he felt a little settled.

He cleared the traces, and then jumped directly into a rushing river.

As the river traveled downstream for hundreds of miles, it climbed ashore at one point, found a gap on the cliff, and got into it.

After reaching the bottom of the cave, Chen Feng sat down on the ground, panting heavily.

He is in a very bad situation now. After being slapped by the Zhou family elder just now, the injuries in his dantian became more serious.

Now, the pubic area is almost broken in half, and it can be said that there is only a thin line from being abolished.

At this time, as the Dantian's injury became more and more serious, the blazing sun and golden flames in the Dantian also became extremely restless, and began to rush from left to right to struggle to get out.

Chen Feng sat cross-legged, the true essence surging in his body, desperately suppressed for more than an hour before regaining the pressure of the fiery sun and golden flames!

#### [Chapter 1145: Refining, blazing sun and golden flames!](#)

As for Chen Feng, besides Dan Tian, his injuries were also very serious.

Fortunately, the healing effect of the nine-yin and nine-yang magical arts was extraordinary. Chen Feng used the nine-yin and nine-yang magical arts, and after a long time, he slightly healed part of his external injuries.

Then he took out the Xiao Huan Dan and stuffed it into his mouth as if he didn't need money.

But unfortunately, for him, Xiao Huan Dan is not of much use anymore, and taking dozens of pills is only a little healed!

Chen Feng's expression was cold, and he murmured, "Zhou's family, good, good!"

His eyes burst with horrible murderous intent, killing intent and anger, almost condensed into substance!

At the beginning, Chen Feng didn't notice the abnormality of the Zhou family, so he told him secretly.

When Chen Feng left the Zhou family, Zhou Muxing looked back and exchanged the look with the Zhou family elder. Chen Fengfeng didn't see it, but An Lao saw it, and quietly told him.

Chen Feng immediately paid attention, and then along the way, he discovered that the Zhou family was indeed different from before.

Zhou Muxing said he was protecting, but he was actually monitoring him.

If Chen Feng didn't notice it carefully, he couldn't feel it.

But once he had the heart, it immediately felt very obvious, and he found a detail.

Zhou Muxing was very polite to her before, calling him Master Feng respectfully, but from these few days, he called her by name directly, and his expression became a little impatient.

Chen Feng immediately realized that the Zhou family might have to attack himself.

The reason is simple: the Mu family is about to finish, and the Zhou family is bound to monopolize the medicinal material business in Dayue City. At this time, they no longer need Chen Feng, and naturally they will not allow Xiaohuandan this medicine to be monopolized by Chen Feng and restrain them.

Therefore, they will definitely kill Chen Feng and \*\*\*\* Xiao Huan Dan's prescription.

Sure enough, the palm just now confirmed Chen Feng's thoughts.

If Zhou Jiaben hadn't murdered, they would only be surprised when Chen Feng ran away, but they would never do anything.

Chen Feng sneered: "Zhou Family, wait, I will definitely make you pay!"

The voice is solemn, like making the most solemn oath!

An old man appeared next to him, looked at Chen Feng, and said softly: "Your injury is very serious now, especially the injury on the Dantian wall, which will have a great impact on you."

"If you don't get rid of it in one day, your nine-yin and nine-yang divine art will no longer advance, and your cultivation will always stay at this stage."

"It takes a little longer, and it will even worsen. Then you will become the same as the original Baishanshui."

Chen Feng thought of the tragic situation of Baishanshui at the time, and suddenly shuddered.

An old man said: "The only thing that can save you now is the Great Return Pill, but the Great Return Pill is a third-level pill, and only a third-level alchemist can refine it."

"And after you swallowed the Firewood Body, you have reached the realm of a second-level alchemist, but you still fall short."

Chen Feng said in an interface: "Then what I have to do now is to devour the Golden Flame of the Sun and master it thoroughly, right?"

An old man nodded and said: "Yes!"

"After you have thoroughly mastered the Golden Flame of the Sun, with the full assistance of the Golden Flame of the Sun, it is possible to reach the level of a third-level alchemist, and there is a glimmer of hope that you can refine the Great Return Pill."

Chen Feng nodded and said: "It shouldn't be too late, then I will begin to refine and absorb the Golden Flame of the Sun."

An old man nodded, and then refining to absorb the method and experience of refining the golden flames of the sun, and all told Chen Feng.

He has lived for several thousand years and is also an extremely experienced pharmacist, and he is no stranger to dealing with fire.

Chen Fengzi listened carefully. He knew that if he missed one of them, he would most likely suffer annihilation later.

After listening to it, Chen Feng pondered for a long time, then closed his eyes and took a deep breath.

In his dantian, the nine-yin and nine-yang magic arts began to operate frantically, this time, it was more ambitious than any previous time.

The cyclone formed was extremely huge, almost like a large rotating cloud formed above the sky and sea.

The true essence in the sea that day was dragged by the cyclone, which also set off waves.

Feeling the breath of the cyclone, the blazing sun and golden flames seemed a little afraid and dodged aside.

In fact, since Lieyang Jinyan came to Dantian, he has always been very afraid of Nine Yangs and Nine Yins.

Every time the Nine Yin and Nine Yang Divine Art began to operate, he hid away.

The nine-yin and nine-yang divine art naturally ignored him before, but this time, after the nine-yin and nine-yang divine art reached a huge extreme, it was overwhelming and directly pressed against the golden flames of the sun.

The touch of self-consciousness formed by the golden flames of the sun immediately noticed a trace of evil and ran to the side frantically.

But his body is extremely small, and his nine-yin and nine-yang magical skills are so huge that he easily enveloped him again.

Lieyang Jin Yan fled frantically, escaping to the edge of the dantian, and then slammed into Chen Feng's dantian wall.

There was a cruel look in Chen Feng's eyes: "This self-consciousness of the sun and golden flames is so vicious!"

He clearly wanted to knock through Chen Feng's dantian and escape directly from Chen Feng's dantian.

Dan Tian beats violently, there are countless cracks listed above, and Chen Feng's entire body is almost broken by the dan Tian.

Got blood!

The pubic wall is getting more and more fragile, and the cracks on it are getting bigger and bigger, and it will soon be knocked to pieces.

Soon, Lieyang Jinyan can get out of trouble.

At that time, Chen Feng's dantian shattered, and his cultivation was completely useless.

And at this time, the huge cyclone formed by the nine-yin and nine-yang magic arts finally surrounded the fiery sun and golden flames.

Then, he wrapped it in the middle.

Immediately, he wrapped the Lieyang Jinyan inside!

Chen Feng breathed a long sigh of relief, sweating profusely, with a hint of luck in his heart.

If the nine-yin and nine-yang divine art takes a breather time longer, I'm afraid the Lieyang Jinyan will blurt out.

At this time, Dan Tian's injury finally stabilized and did not continue to worsen.

And the nine-yin and nine-yang magical powers operate, forming that huge cyclone, with extremely huge suction power.

The golden flames of the blazing sun undulated in it, drifting up and down, and couldn't help themselves.

The nine-yin and nine-yang divine art spins faster and faster, and the golden flames of the sun are also dragged away by the whirlpool toward the center of the nine-yin and nine-yang divine art.

He seemed to feel the great danger in the whirlpool, struggling hard.

Even Chen Feng heard a sharp cry straight through his soul.

However, it is useless at all!

The strength of Nine Yin and Nine Yang Divine Art is much stronger than him, and the huge suction directly drags it into that new whirlpool.

Then, the suction power of the Nine Yin and Nine Yang Divine Art transforms from an instant to an instant, and it starts to drag the fiery sun and golden flames from all directions.

#### [Chapter 1147: Revenge begins!](#)

He exclaimed excitedly: "You have refined a third-rank pill! You are the youngest third-rank alchemist I have seen in thousands of years!"

"I dare you to say that in Qingzhou, no, maybe even the entire Great Qin Kingdom, there is no third-rank alchemist younger than you!"

Chen Feng opened his eyes and a smile appeared at the corner of his mouth.

He looked at the pill in his palm, his eyes flowed, but his mood was peaceful!

"I have broken through. Now, I am already a third-rank alchemist."

"And the first time I refined the Great Return Pill, I even refined a high-quality Great Return Pill."

At this moment, he was in a spirit of excitement, and there seemed to be a voice shouting: "I, Chen Feng, is the real genius."

He looked up at An Lao, smiled and said, "An Lao, thank you!"

An old man looked at him with relief in his eyes: "I am my disciple, this is what I taught!"

But he said: "Okay, don't mess with these mysteries, hurry up and swallow the big return pill, and heal your injury!"

Chen Feng nodded and swallowed Da Huan Dan!

After Da Huan Dan swallowed it, a majestic green force burst out.

This power is majestic and vigorous, but it is extremely gentle and gentle, full of vitality.

Then, this force did not stop at all, and directly penetrated into Chen Feng's Dantian area.  
**noVetusb.COM**

Soon, he arrived at the pubic area, directly on the damaged pubic area.

Then, these green vitality began to make up for Chen Feng's broken dantian wall, bit by bit repair.

Chen Feng felt that the sharp pain in the dantian disappeared, and the sharp pain in the body also disappeared.

He sat cross-legged, took off his clothes, and occasionally slightly opened a wound on his body, with bruises rolling out of it.

Every time he breathed, there was a thick \*\*\*\* atmosphere.

However, as the blood continued to spit out, his injuries were gradually healed!

In the east of Dayue City, in that mountain range, there were two corpses lying on the ground at this time.

It was Mu Ziyuan and the Great Elder, both of them were extremely miserable at this time, with bones broken and bloody.

Two powerhouses who have been in Big Moon City for decades, now their dead bodies are on the ground!

At this time, thousands of meters in the surrounding area were all devastated and devastated. The mountain peaks collapsed, the earth collapsed, and deep valleys appeared one after another.

There is even a majestic river, which is directly covered by ice for hundreds of meters, blocking the upstream river water and forming a swamp in the upstream.

This is the power of a strong soul condensing state!

Both of the Mu family were dead, but the five powerful souls of the Zhou family suffered some minor injuries.

The most severely injured was Zhou Mulong. His abdomen was bloody, he vomited blood, his figure was crumbling, his left leg was also severed and he was seriously injured.

Even if the Zhou family had some miraculous medicine that could cure his injury, it would be a disability for the rest of his life!

At this time, the rest of the Zhou family were quite excited.

Because when the Mu family arrived in such a field, they were almost wiped out by the Zhou family.

The Zhou family elder, laughed and said: "From then on, in Dayue City, it is our Zhou family that dominates and the Mu family is about to become history."

The other people were all laughing, only Zhou Muxing stood there, frowned and worried, with a hint of irritability!

Zhou Mulong glanced at him and said, "Brother, what are you worried about?"

Zhou Muxing twisted your hand on your forehead, and said with some distress: "I'm thinking about Feng Chen, we failed to kill him this time and let him run away, I'm afraid there will be endless troubles!"

"Hundreds of troubles? He deserves it too?" With a cold snort of disdain, Sun Gongfeng curled his mouth and said with disdain:

"Zhou Muxing, you think too much, right? It's just a junior of the Sky Sea Realm. I haven't even reached the Soul Condensation Realm, so there are endless troubles?"

"Furthermore, even if he reaches the Soul Condensation Realm, he is not our opponent? Not to mention that he is only the Sky Sea Realm now!"

"What do you know?" Zhou Muxing suddenly roared, staring at Sun Zhuan, and roared sharply: "You don't know how great his potential is! You don't even know how strong he is!"

"Do you know that this eighteen-year-old boy, three days ago, when I saw him, he was only one star in the sky!"

"And just today, when I saw him, he had already reached three stars in the Sky Sea. In three days, he had crossed three full small realms. What kind of upgrade speed is this? How terrifying!"

He seemed to vent his general roar: "And do you know that he is only eighteen years old this year, and he has reached the four stars of the sky at the age of eighteen! What kind of genius is this?"

"What were we doing when we were eighteen? One by one, we still stay in the Divine Gate Realm!"

"Moreover, you still know that he is a fourth-rank alchemist and has mastered True Flame!"

"What?" After he finished these words, everyone was shocked, with shocked expressions on their faces.

Even if they were all soul-condensing masters, they were shocked by what Zhou Muxing said.

"This Chen Feng is so amazing?"

The elder Zhou family said: "Why didn't you say these things before?"

Zhou Muxing smiled bitterly: "You just told me to kill him before he came this morning. How can I have time to say these things to you?"

Sun Gongfeng shook his head, still a little disapproving and said, "What about these? His current strength is actually only four stars in the sky."

"If he finds it, he will be looking for a dead end. Even if he is a Tier 4 pharmacist, his strength is still not as good as ours. This is a fact! So I don't need to worry!"

Several other people looked at him and sighed.

Sun Zhuanfeng has been brave and fierce since he was a child. Although he is a master of Soul Condensation, he has no brains at all.

After a long time, the Zhou family elder sighed slightly and said: "Okay, don't say this, I have already done it, and regret is useless."

"Beware of this. Feng Chen shouldn't dare to provoke our Zhou family. He might have left now."

A few people nodded, so it can only be so.

However, Zhou Muxing had an ominous premonition in his heart.

Deep mountains, cliffs, caves.

Chen Feng sat cross-legged, three days have passed since he maintained this position.

It was early in the morning when the sun was rising, shining into the cave, and sprinkling on Chen Feng's face.

At this moment, Chen Feng suddenly opened his eyes and exhaled. He exhaled an extremely long breath, which was mixed with endless blood.

This is congestion in his body.

These blood qi spilled into the river in front and were swallowed by dozens of ordinary fishes. After these fishes were swallowed, an individual was suddenly more than ten times larger.

There was a big herring that was more than two meters long. It suddenly became more than 20 meters long. With a bang, it smashed a huge boulder and then shook its head and left!

Chen Feng looked at the scene before him with a slight smile on his lips.

This mutated big herring, a year ago, was afraid that he was not yet its opponent, but now, it is easy to create such a powerful existence.

"This is power!" Chen Feng slowly clenched his fists, feeling the surging power in his body.

At this time, Chen Feng's condition was better than ever, his dantian was completely cured, and all his injuries were healed.

When the true essence was surging and energetic, a sneer appeared at the corner of his mouth. He stood up, looked in the direction of Big Moon City, and whispered softly: "Vengeance, it's time to begin!"

#### [Chapter 1148: Waiting for an opportunity](#)

Chen Feng quietly sneaked back into Big Moon City.

However, Chen Feng didn't know that in just three days, Dayuecheng had been spread, and everyone was talking about what happened to the family and the Mu family this week.

But they didn't know that the reason for this was entirely because of this young man named Chen Feng.

It was the situation that he spurred!

In a teahouse, a tall figure wearing a cloak slowly walked in.

The cloak covered him tightly, and he couldn't see his appearance clearly, but from the aura of his body, he could tell that this person was a first-time cultivator of the gods.

Martial artists with this level of cultivation are everywhere in Big Moon City, without arousing anyone's suspicion.

Xiaoer Le Dianer walked up and said, "Guest, do you want to stay in the store or eat?"

A hoarse middle-aged man's voice sounded: "A table of good wine and good food."

Xiao Er quickly nodded, and led the man in the cloak to sit down by the bed, and soon a table of wine and food came up.

The man in the cloak was Chen Feng.

He lowered his head to drink and eat while listening to the people around him.

The best place to inquire about the news in Big Moon City, where else besides the restaurant?

"Hey, haven't I heard, Zhou's family and Mu's family, but something big happened!" A short and fat middle-aged man in a brocade robe said to his companion across the table.

The companion lifted his eyelids and said helplessly, "You just know? This has happened for several days!"

"I heard about it that night, and it's spread all over the entire Big Moon City!"

The short and fat middle-aged man heard it, his face was a little uncontrollable, and said: "Then tell me, what is the situation?"

The opposing companion snorted disdainfully: "You still have to follow me, okay, then I will tell you."

"Isn't it just three days ago that the five soul-condensing masters of the Zhou family killed the Patriarch of the Mu family and the great elder in the east of the big moon city?"

"Now the Mu's family is in chaos. Only one Taishang elder is in the middle to preside, and all the other capable staff are gone. They are in a mess and are about to collapse!"

The pudgy middle-aged nodded and said, "Yes, yes, is there any more?"

"More? What else?" his companion asked in surprise.

"Haha, I know this." The short, fat middle-aged man showed a look like it really is, and he ostentatiously said: "You only know one thing and don't know the other."

"Then I ask you, why only Mu Ziyuan and the Great Elder died in the Mu Family, but except for the Supreme Elder, no one else came forward?"

"The Mu Family has five elders! What about the other four?"

"This," his companion couldn't answer. "

"Haha, let me tell you, the other four are already dead!"

"It's just that they did not die in the hands of the five soul-condensing masters of the Zhou family, but it is said..." He deliberately looked around, quietly lowered his voice, and said, covering his mouth:

"Dead in the hands of a young alchemist from outside!"

After hearing this, Chen Feng's heart suddenly stunned. He did not expect that news about himself would have leaked out.

But he pretended to be nonchalant, took a sip of wine, and continued to listen.

The companion, obviously unbelieving, looked sideways at the pudgy middle-aged and said:

"Isn't it possible, a young man from outside, even if he is a pharmacist? Can such a storm be caused?"

"You know, the elders of the Mu family are very powerful, they are experts in the Heavenly Sea Realm!"

When the short and fat middle-aged man heard his partner's disbelief, he flushed, patted the table heavily, and said, "Why would I lie to you?"

"You can go and find out. Now that young man has caused a lot of sensation. It is said that even the people from Tokaichi Hall are looking for him!"

"What? Everyone in Tokaido is looking for him?" After his companion heard this, there was a trace of uncontrollable fear in his eyes.

Chen Feng frowned, "What is Shiritang?"

Of course he couldn't ask, but at this time someone was already asking for him.

The pudgy middle-aged and his companion glanced at the man together, with a hint of contempt in their eyes, and said: "At the first sight, you are from a foreign country, and you don't even know Shiritang."

"This is the most prestigious killer organization in our Suiyang County. It is said that none of the people targeted by them can survive ten days, so they are called Shiritang!"

"Oh? Shiritang?" A smile appeared on the corner of Chen Feng's mouth, "It's getting more and more interesting."

"It's just that I don't know who is looking for me through Shiritang? Is it the Mu Family? Or the Zhou Family? Or who else?"

At this time, the Mu's family was in a mess.

All the subordinates are no longer working, they are all together, whispering about something.

The entire Mu family was almost paralyzed.

They all know that most of the rumors are true now. The Patriarch is dead, the Great Elder is dead, and the pillar of the Mu Family is no longer there.

Coupled with the fact that Zhou's Xiaohuandan was selling so hot, the Mu family couldn't resist it, and it was a matter of time before it was finished.

The tree fell and scattered, and the Mu family was about to finish, and they should all think about their own way out!

The whole Mu family was panicked.

It was late at night, in the family main hall, Mu Guinan sat there with a calm expression on his face, without the slightest panic.

Suddenly, an iron guard of the Mujia strode in, and said, "Taiwan, we have caught three people, they intend to leave the Mujia in the dark!"

"Oh? Leaving the Mujia in the dark? What a courage!"

"These dog things, do you really think the Mu's family is going to be finished?" He patted the table lightly, and said in a cold voice, "Call all the Mu's family together and take the three of them to the main hall!"

"Yes!" Mu Jia Tiewei nodded.

After a while, there was a commotion in the whole Mu Family, and all the members of the Mu Family were taken to the square in front of the main hall of the family.

Above the square, the lights were bright, shining like daylight.

Three people who wanted to escape were taken to the square. Everyone looked at them with complicated eyes.

In fact, there were more than three of them who wanted to escape, and most of the people present wanted to leave the Mu's family.

It's just that no one has the guts.

Mu Guinan strode out. He looked down at the people and said in a deep voice, "I know, in the eyes of many people, the Mu family is over."

"Leave the Mu's house early, get out early!"

"But, the old man tells you, as long as the old man stays in the Mu's house for one day, no one will ever want to leave the Mu's house alive! You can leave if you want, keep your life!"

Then, he waved his hand fiercely: "Kill!"

"Yes!" Several Mujia Iron Guards responded in unison, with their hands up and down, they beheaded the three people who wanted to escape!

#### [Chapter 1149: The Zhou Family](#)

Above the square, the others were silent, and their eyes were full of horror.

Mu Guinan snorted coldly, turned around, and returned to the family main hall.

He sat down at the top, his eyes were extremely calm, and he didn't see any panic.

Obviously, his composure was not pretended, but that he thought in his heart.

A slight smile appeared at the corner of his mouth, and he said softly: "You guys of the Zhou family, just jump, you just arrogant!"

"After that existence leaves the barrier, your Zhou family will be crushed instantly! What are the so-called soul-condensing masters of your Zhou family, in front of him?"

"Three days, I will let you arrogant for three more days!"

"As long as there is that person, how can the Mu Family die more than a few Patriarchs, and help anyone up there, the Mu Family will still be strong!"

At this time, Chen Feng had already come to an inn by night.

This inn is the inn where Mu Chunxue and others stayed.

Chen Feng turned into the yard and quietly came to their window, just in time to hear the voice of a few people.

After listening for a while, Chen Feng opened the window and jumped directly into it.

A few people were gathering together, talking with a frown, when they suddenly saw Chen Feng coming in, they were all surprised, and then there was joy on their faces!

Mu Chunxue looked at Chen Feng and said in surprise: "Chen Feng, you are back. You have been away for more than ten days, and we have not heard from you. We are worried to death."

Chen Feng laughed and said with a smile: "What am I worried about?"

He rubbed Mu Chunxue's head and said, "Remember, your brother Chen Feng is omnipotent!"

Inside the room, the other two people's faces also showed joy.

Chen Feng didn't say much to them, but said softly: "Let's leave Big Moon City now."

The three of them were a little surprised, but they didn't say much and nodded one after another.

Chen Feng said: "I'll leave first. Let's meet at the north gate of the city."

The three nodded together!

Two hours later, Chen Feng saw three people at the north gate of Dayue City. Chen Feng took them northward to a small town more than a hundred miles away.

I lived in that small town for one night, and then said to Mu Chunxue the next morning:

"Chunxue, now the Mu family can't take care of themselves, and will never think about the firewood body in your body anymore. Even with the death of Mu Ziyuan, no one will know this secret."

"Now, go back to the family with peace of mind. I can guarantee that you will be safe and sound from now on."

Mu Chunxue was stunned, unexpectedly Chen Feng would let them leave.

Chen Feng urged: "Leave quickly, lest there will be many nights and dreams."

Mu Chunxue looked at him, reluctantly: "What about you?"

Chen Feng smiled slightly and said, "I still have some things left to deal with, and I have to stay in Big Moon City for a while."

Mu Chunxue nodded, seemingly understanding!

Soon, the three of them packed up, hired carts and horses, and left the town.

Walking far away, Mu Chunxue still turned back and waved to Chen Feng frequently, a touch of sadness in her eyes.

She felt that she and Chen Feng would never see each other again in this life!

Looking at the backs of the three people leaving, Chen Feng felt a little grateful: "It's a shame that I didn't dig my heart with the Zhou family, otherwise, I'm afraid that Mu Chunxue and the three of them have already suffered a disaster at this time."

After sending them away, Chen Feng returned to Big Moon City soon after the three of Mu Chunxue.

This time he was very courageous and found an inn to live in, and the inn was located opposite the Yaowang Palace.

At this moment, Chen Feng was standing by the window, looking down, a slight smile appeared at the corner of his mouth.

He is watching the excitement, this excitement is naturally the excitement of the Zhou family, the excitement of the Palace of Medicine King!

At this time, tens of thousands of people gathered in front of the Palace of Medicine Kings, and there were constant shouts of curses in the crowd.

"Damn, Zhou family, what did you say before? Didn't you say that there will be a third batch of Xiao Huan Dan arriving today? Why do you say no now?"

"Yes! Zhou family, if you don't have this ability, don't be the big tail wolf!"

"Why did you make a promise three days ago, but now you are not fulfilling it!"

"Zhou's family, you can give us a quasi-word, do you have no small repayment, or do you want to take the opportunity to raise the price?"

"Let me tell me, Zhou family just didn't know where they got a batch of Xiaohuandan, so they wanted to fight with Mujia, but now that the Xiaohuandan has run out, there is no way."

"If you want me to say, it's better than the Mu's pill. No jerk, you can still go to the Mu's to buy the lower-priced healing pill!"

"Yes, yes, go, let's go to the Mu's house!"

Many people left here and walked towards Mu's shop.

And more people still stay here, loudly condemning Zhou's family, the crowd is raging.

Suddenly, a voice rang out among the crowd: "According to me, there must be a small huandan in the house this week, but I just won't buy it for us!"

"If you want to stock up for odd things, then every pill will be sold at a sky-high price."

"Let's simply break into the Medicine King Palace and find out those little pill!"

Many people immediately responded to his proposal, so the crowd immediately rushed towards the Medicine King Palace, slapped on it like a huge wave.

A smile appeared at the corner of Chen Feng's mouth, because these words were exactly what he said to this person.

Of course, this person does not know the origin of Chen Feng.*noVelusb.cOM*

Seeing that they were about to rush into the Medicine King Palace, they encountered a solid reef.

Before the Palace of Medicine King, several figures suddenly appeared, and the leader was Zhou Muxing.

He stopped in front of the crowd, slapped his hands, and formed a gas barrier with a radius of tens of meters, just blocking the crowd.

Those who wanted to rush into the Palace of Medicine King, all hit this air barrier, banging bang bang bang bang bang bang bang bang very far.

Although he did not die, all of them suffered minor injuries, with blood covering their heads and faces.

Zhou Muxing looked at the crowd and said in a cold voice: "Everyone, Xiaohuandan is my Zhou family. If my Zhou family wants to sell it, I will sell it. If I don't want to sell it, I won't sell it!"

"You want to rush into the Medicine King Palace, what do you mean? Is it possible that you want to declare war with our Zhou family?"

The voice fell, and the crowd was quiet for a moment. In fact, they all knew that they were making trouble unreasonably, but at this time they were too crowded and crowded and they couldn't care about the consequences.

Someone shouted: "The Zhou family killed, the Zhou family killed."

The people behind didn't know the truth but thought it was so, and the crowd was excited, and many people came forward.

Chen Feng smiled, this person was also placed by him.

Zhou Muxing played another gas barrier, blocking them.

#### [Chapter 1150: The mantis catches the cicada, the oriole is behind](#)

Zhou Muxing looked cold, and said in a cold voice: "Everyone, I didn't kill anyone, but if you insist on breaking in, I can only kill one by one."

His voice became extremely powerful: "Today, as long as I, Zhou Muxing, stand here, no one can enter the Medicine King Palace!"

His words also suppressed these people.

Everyone, you look at me, I look at you, they all go back.

Zhou Muxing is a well-known soul-condensing master in Big Moon City, none of them is an opponent!

The two sides confronted each other, and time passed quickly. Suddenly someone shouted, "The Zhou family is really powerful, don't treat us as human beings!"

"Let's not spend time with Zhou's family here, let's go to the Mu's family to buy it!"

He pointed to Zhou Muxing, spitting stars splashing: "Zhou Muxing, you don't let us enter the Medicine King Palace now, then in my life, I will never step into the Medicine King Palace again."

"I won't buy a pill of your Zhou family's pill again!"

Speaking of turning and leaving, a large number of people also agreed with him and turned and left.

The crowd was lost by more than half in an instant, Zhou Muxing pursed his mouth, his expression was cold, and he said nothing.

Soon, in the evening, the crowd gradually dispersed, and Zhou Muxing finally returned to Zhou's house.

As soon as he entered the family main hall, he sat down on his seat, his face full of exhaustion.

Several masters of the Zhou family's soul condensing state were all there. Seeing this scene, they quickly asked: "What happened?"

Zhou Muxing said softly: "Today has passed. I guess there must be an agent of the Mu family in the crowd today, but what if you find it out?"

"Today is over, and tomorrow? We can't get a small pill now."

He sighed lightly and said, "It would be fine if you didn't turn your face with Feng Chen."

Zhou Hongcheng, the elder of the Zhou family, snorted coldly: "Say this kind of \*\*\*\* again."

Sun Zhufeng said grievingly: "These people are scared by you today, and they probably won't come to look for trouble tomorrow."

Zhou Muxing said: "Yes, they won't come tomorrow, or even in the future. It's possible that they won't come to my Medicine King Palace to buy pill in this life."

"Today, our Zhou family did things like this and pushed them to the Mu family's side abruptly!"

"Originally, our situation was very good, but now I discovered that this is all based on the small return pill. Without the small return pill, we are nothing."

He sighed and said, "If this continues, the Mujia will not be completely eradicated by us!"

An icy color flashed in Zhou Family's eyes: "How simple, just kill the last old immortal of the Mu Family, don't you have it?"

Zhou Muxing said distressedly: "But if he is a tortoise with a shrunken head, we will have nothing to do with him if he doesn't leave the Mu's family."

"We can do it outside the city, but if we do it in the city, even if we can kill him, we will die under the joint suppression of the Chengtian Sect and the Alchemist Association!"

Zhou Hongcheng nodded, and suddenly gave a slight hey, and said: "Speaking of which, the Zhou family is left with the old man, why is he so quiet these two days?"

Zhou Muxing was also a little surprised, and asked, "Will we be scared of us? I heard that he hasn't even taken a step from the Mu Family!"

Zhou Hongcheng wrinkled his brows, his expression was a little suspicious, and said, "I know the temper of the old immortal man. Since he was young, he has been very irritable and does not care about the consequences."

"After getting old, this is even more so, he can't bear it."

Suddenly he was a little shocked and said, "You said, does he rely on it?"

When everyone heard it, their hearts were shocked.

Zhou Muxing immediately got up and said, "I will send more staff to investigate the Mu's house thoroughly."

Zhou Hongcheng said: "It's not enough to thoroughly investigate the Mu's family. You have to thoroughly investigate the place where the Mu's family has the closest connection over the years, and thoroughly dig out their roots."

"Good!" Zhou Muxing nodded, yes!

Chen Feng did not immediately set out to retaliate against the Zhou family. He was waiting for an opportunity, waiting for the best opportunity.

If Chen Feng retaliated against Zhou's family now, he could only kill some small shrimps that were not painful or itchy, but it would make Zhou's family on guard.

He wants to make his first hit even more deadly.

Therefore, Chen Feng was waiting patiently, and he was always observing the whereabouts of the masters of the Zhou family.

In his free time, he refining the Great Return Pill in the inn, but it is strange to say that since the last time, Chen Feng has made the Great Return Pill more than 20 times, all of which have failed.

Chen Feng did not worry about entering that mysterious state again, he knew he needed to accumulate experience now!

At this time, Chen Feng was standing on a street corner.

A few tens of meters away is the back door of the Zhou Mansion.

Chen Feng saw that at least dozens of people hurried in and out of the back door.

Chen Feng twisted his brows slightly, and then walked away quickly. He knew that if he stayed here a little longer, he would definitely arouse others' suspicion.

After returning to the inn, Chen Feng leaned back on the chair, narrowed his eyes slightly, and his mind moved quickly.

"For these three days, I would sneak at least a dozen laps near Zhou's house every day. Of course, every time I change my dress and even my appearance, the people of Zhou's family definitely didn't recognize it."

"In these three days, the Zhou family sent at least a thousand people to investigate the news, and their target of investigating the news is the Mu Family."

"In that case, the Zhou family is suspecting that the Mu family might take any major action,"

Chen Feng raised his brows slightly, and showed a smile on his chest: "Then I will follow Zhou's family."

"Anyway, if I go to check the Mu's house by myself, I can't find out why."

At this time, Zhou's main hall was in the center, and Zhou Muxing was waiting here anxiously.

Suddenly, Zhou Muhu strode in. He looked at Zhou Muxing with an expression of excitement that could not be concealed on his face: "Brother, it's found out!"

Zhou Muxing said excitedly: "Say quickly!"

Zhou Muhu said: "We have checked the family powers, sects, etc. with which the Mu's family has contacted most over the past fifty years."

"In the end, all other clues were eliminated, and only one of them remained."

He took a deep breath and said, "For the entire fifty years of the Mu family, every other month, people will send a hundred carts to a famous place one hundred and seventy miles north of Dayue City. The town of Guhebao."

"Transported to a small family in that town named Gujia."

Zhou Muxing immediately asked, "What is being transported on the cart?"

"Essential stones, all are original stones!"

"What?" Zhou Muxing took a deep breath: "The original stone of a hundred carts?"

"One hundred carts of primordial stone every month, and one thousand and two hundred carts of primordial stone every year, such a multitude of stones, even for a big family like the Zhou family, is an extremely heavy sum. burden!"

Zhou Muxing said in an awe-inspiring tone: "So many primordial stones?"

"Yes," Zhou Muhu said: "I was also shocked when I heard the news, but afterwards, I verified by all parties that the news was indeed true."

"These primordial stones alone account for 40% of the Mu Family's support each year, but they haven't stopped for a month, they have persisted for 50 years!"

"This small town, we have to go!" Zhou Muxing said.

Zhou Muhu nodded and was about to speak. At this moment, a man in black rushed in and said with excitement and excitement: "Patriarch, Patriarch, there is movement over the Mu family."

"The Mu's Supreme Elder Mu returned to the south and has left the Mu's family!"

"What? Leaving the Mu's house? Where did you go?"

"North of the city!" The man in black said in a deep voice.

Zhou Muxing said excitedly: "The third brother is still recovering from his wounds. Don't call him yet. Call the elder Taishang and Sun Jifeng. The four of us will immediately follow Mu and return to the south!"

The night was deep, and the elder of the Mu family's Supreme Elder Mu returned to the south and quietly left Big Moon City.

He didn't take it alone, it was extremely secretive, and he even dressed up as an ordinary old warrior.

He thought that his whereabouts would never be discovered by anyone, but he didn't know that, dozens of miles behind him, the four masters of the Zhou family had quietly followed!

However, in order to prevent the Zhou family from attacking the snakes, there were only four of them and no one else.

They didn't notice at all. Also dozens of miles behind them, a young man in a large black cloak quietly followed.

There was a gleam in his eyes and a sneer at the corner of his mouth. It was Chen Feng.

The mantis catches the cicada, and the oriole is behind!
