

## Peerless 1151

### [Chapter 1151: The strong get out!](#)

Guhe Town, this is a very small town north of Dayue City.

Above the town, there are only thousands of households with a population of five or six thousand.

Just like the small towns that can be seen everywhere in the Great Qin Kingdom, there are several small families above the town, and the largest family is called the ancient family.

However, the Gu Family Patriarch who is the strongest among them is nothing more than the Nine Layers of the acquired, with a very low level of strength.

It was late at night and there was silence outside.

The others fell asleep, but the ancient hall was filled with brilliant lights.

The Patriarch of the ancient family, as well as the senior members of several families, walked around here anxiously, as if waiting for something.

Suddenly, they heard a sharp sound of breaking through the air, and then saw a figure rushing towards here.

With a flash, the figure came directly into the hall.

After seeing this person's appearance clearly, the Gu family Patriarch all knelt down in unison, with a respectful look, with unstoppable excitement in them: "Too elder, are you here?"

Mu Guinan looked at them, pressed the throbbing in his expression, and said, "Are you all ready?"

"All are ready, just waiting for you to come!" Gu Patriarch said in a deep voice.

"Okay!" Mu Guinan nodded, looked at them, and said softly: "This time your ancient family has guarded this big secret for fifty years, hard work!"

The Patriarch of the Gu family was moved to tears, and said repeatedly: "We are the servants of the Mu family. If the master orders things, we will do our best and never dare to speak hard!"

Mu Guinan nodded and said, "Lead the way!"

"Yes."

The Patriarch of the Gu family hurriedly led the way, and soon a group of people passed through the house where the Gu family was located and came to the front of a mountain range behind.

Although the town of Guhe Town is small, it is backed by the Tulong Mountain Range, behind which is extremely large, and you can't see the Marginal Tulong Mountain Range at a glance.

In the night, like a sleeping behemoth.

Before they reached a mountain peak, the peak was about a thousand meters high, and everyone in the ancient family was surprised when they saw this mountain peak.

The Patriarch of the Ancient Family said in amazement: "How did this mountain become like this?"

It turned out that at this time, the mountain actually began to tremble, shaking violently.

The mountain keeps bouncing outwards and then shrinking inwards.

One flick and one shrink, like a heart jumping.

They could even hear the thumping sound coming from inside.

And as the mountain bounced, large swaths of boulders fell down. When all these boulders fell down, the entire mountain peak turned into a huge red object.

Everyone in the ancient family was shocked, because this huge red object was like a huge heart magnified thousands of times.

It's like a metal casting, but also like a cargo.

There are also many holes similar to blood vessels, from which a terrifying breath erupts.

The huge heart flicked, and every time it hits the ground, the earth trembles.

Mu Guinan took a breath and said in a little exclamation: "It turns out that the legend in the family is true."

"In the family, there is an ancient treasure, this ancient treasure is an ancient treasure obtained by the family ancestors inadvertently!"

"Once the cultivation base enters the bottleneck, you can enter this ancient strange treasure to retreat. Fifty years is a time limit!"

"When we break through the barrier fifty years later, not only will we be able to easily break through the bottleneck, but our strength will also make great progress!"

His eyes were a little envious, and he murmured: "After that existence leaves the customs, I must also enter this strange treasure to practice!"

At this moment, dozens of miles away, the four soul-condensing masters of the Zhou family saw this scene, and their faces were also shocked.

Suddenly a brilliant light flashed in Zhou Hongcheng's eyes. He looked back at Zhou Muxing and said softly: "Mu Xing, if our Zhou family gets this treasure."

"Our family can even grow into the third largest power in Suiyang County besides the Alchemists Association and Chengtian Gate in the future!"

Zhou Muxing nodded solemnly, and said softly: "The four of us will make a move later, and we will definitely be able to \*\*\*\* this strange treasure!"

Abnormal Treasure suddenly jumped violently, the frequency was more than ten times that of just now, and from every exit, there was a crazy surge of true essence.

In the end, it spun crazily, after a full tea time.

Suddenly, the front of the strange treasure burst open with a loud noise.

A ray of light surged, and when the light dissipated, Mu Guinan and the others saw a white-haired old man slowly walking out of it.

This white-haired old man has no wrinkles on his face, and his complexion is extremely ruddy, which makes people look weird.

He has a pair of triangular eyes, and his eyes are gloomy, like a poisonous snake trying to choose people and eat them.

When he walked over, his momentum suddenly radiated, and Mu Guinan felt trembling all over, and he was directly crushed to his knees by the momentum.

He was shocked: "I haven't seen him in fifty years, he has at least reached the sixth level of soul condensing, two small realms higher than mine!"

"Fifty years ago, he was a master of the famous Great Moon City. You know, he is the head of the Shepherd Family!"

It turned out that this white-haired old man was unexpectedly the head of the Mu family a hundred years ago, Mu Chengxiong!

Mu Guinan quickly knocked his head and said respectfully: "Mu Guinan has seen Master Uncle."

Mu Chengxiong's icy gaze glanced at him. It seemed that after thinking for a while, he let out a weird smile: "So it's you!"

"I saw you once before I retreat. At that time, you should have just taken over as Patriarch."

"Yes," Mu Guinan said respectfully.

Mu Chengxiong shook his head slowly: "At the beginning you were a very young, middle-aged, but now you are not so old. Of course, I am older."

Talking, smiled like self-deprecating.

Mu Guinan hurriedly complimented and said, "Look at what you said, you don't look old at all now, you are full of energy!"

Mu Chengxiong was noncommittal, glanced around, suddenly looked cold, and said indifferently: "What about the others? Why are you alone to meet?"

As soon as he said this, Mu Guinan's face immediately showed extreme anger. Just as he was about to speak, Mu Chengxiong glanced at him suddenly and said faintly: "Don't say it yet."

Then, he walked to the people of the ancient family.

As early as when he came out, the few people from the ancient family were already kneeling on the ground in awe, shaking under his huge momentum, and couldn't even lift their heads.

Mu Chengxiong suddenly recovered his momentum and looked at them with a smile, and said: "You have guarded the outside for me for fifty years. Nothing went wrong and you did a good job."

Several people from the ancient family were flattered by his praise.

#### [Chapter 1152: Six masters fighting in chaos!](#)

Mu Chengxiong smiled and said, "So, I decided to reward you."

Several people from the ancient family hurriedly thanked him, Mu Chengxiong shook his head slightly, his eyes showed a strong sarcasm.

With a wave of his hand, several bangs, bangs and bangs, all of the Gu family members turned into blood mist.

They didn't even have time to say a word.

Seeing this scene, Mu Guinan's expression also changed greatly, and he shouted in surprise, "Uncle, what are you?"

"They know too many secrets," Mu Chengxiong looked faintly, as if he had just killed a few chickens casually.

Mu Guinan took a deep breath, a flash of fear flashed in his eyes.

This uncle, when he was the head of the Patriarch, was moody and murderous at every turn. I never thought that after so many years, his temper would still be like this!

"Well, you can talk now." Mu Chengxiong said.

Mu Guinan whispered: "Because all the masters of the Mu family now have no one else except me."

"What?" Mu Chengxiong rolled his strange eyes, blazing fiercely, and said coldly, "Speak clearly!"

Mu Guinan talked about the whole process.

After Mu Chengxiong listened, his expression became extremely cold: "Okay, okay, what a Zhou family, he did such a thing!"

He looked at Mu Guinan and said, "You did the right thing, you didn't fight with them without authorization."

"Now that I am out of the customs, it is easy to crush the Zhou family, just like crushing a few ants?"

At this moment, suddenly there was a long laugh from the side: "Haha, isn't it? Don't be afraid of flashing your tongue when you speak big words!"

As he said, swiftly, four figures next to him, four masters of the Zhou family's soul condensing state appeared.

Beside them, occupying four corners, they surrounded Mu Guinan and Mu Chengxiong.

Seeing this scene, Mu Guinan was shocked and shouted: "You guys, how do you know this place?"

Zhou Muxing smiled slightly: "Why don't we know this place?"

Mu Guinan's expression changed, and he quickly explained to Mu Chengxiong: "Uncle, I really didn't attract them."

Mu Chengxiong smiled slightly and said, "I didn't doubt you, just rest assured."

He looked at Zhou Hongcheng and the other four, with a sneer at the corner of his mouth: "You four should be the strongest four in the Zhou family right now?"

"You come here now, just in time, it saves me the effort to kill you separately, just here, I will solve the four of you at once!"

"Haha, solve the four of us at once?" Zhou Hongcheng laughed. He looked at Mu Chengxiong and said:

"Old thing, your whereabouts were unknown a hundred years ago, and there are rumors that you are dead."

"Unexpectedly, you secretly hide here, practicing in retreat. But what about?"

"I still remember the words taught by the Master Chengtian a hundred years ago. You are narrow-minded and not strong. The strongest in this life is the sixth level of the soul condensing state!"

"You can kill me too?" He said with a sneer of disdain.

Mu Chengxiong's expression turned gloomy and cold, and Zhou Hongcheng's words hit his sore spot.

Zhou Hongcheng continued: "I am already a master of the five-level peak of soul condensing, and Sun Zhuanfeng is the top of the four-level soul condensing."

"The two of us together will be enough to kill you. As long as Mu Long and Mu Xing hold Mu Guinan, we can come back and help them both in a moment!"

He laughed wildly and said: "How about Mu Chengxiong, who will be killed just after the retreat, do you feel very aggrieved!"

Mu Chengxiong smiled coldly: "You are the one who is going to die here today!"

As he said, he shouted sharply and directly started to kill Zhou Hongcheng.

Zhou Hongcheng did not show weakness, and killed him frantically.

In an instant, the six soul-condensing masters fought together.

Zhou Hongcheng and Sun Gongfeng joined forces to fight against Mu Chengxiong, while Zhou Muxing and Zhou Muxing joined forces with Mu Guinan.

But after a while, the battle group actually became clear.

Mu Guinan used his own strength to suppress Zhou Muxing and Zhou Mulong's breath, but it was very difficult to solve them both at once.

On the other side, Sun Gongfeng and Zhou Hongcheng joined forces to gradually fight Mu Chengxiong to parry, not to fight back!

Zhou Hongcheng was extremely proud and laughed: "Mu Chengxiong, today is your death date!"

A look of despair flashed in Mu Guinan's eyes. He knew very well that after Mu Chengxiong's death, he would soon be affected by the four of them.

It seems that if you want to die here today, there is no escape!

However, Mu Chengxiong didn't panic, smiled coldly, his aura suddenly soared and he broke through frantically.

From the sixth layer of the soul, directly to the seventh layer of the soul, and then to the eighth layer of the soul!

Seeing this scene, everyone was shocked.

Zhou Hongcheng's triumphant smile condensed on his face, his face was earthy, and his eyes showed extreme horror.

He shouted sharply: "You, how could you? You actually broke through to the eighth layer of Ninghun!"

Mu Chengxiong laughed, "Does the immortal man at Chengtian Gate really think what he says is the truth?"

"He said that I couldn't break through the sixth layer of Ning Soul, everyone thought I could not break through, but in fact, relying on this ancient treasure, I made a forcible breakthrough to the eighth layer of Ning Soul!"

"Haha, I can easily kill you now, and your Zhou family will be destroyed today!"

As he said, he patted out Zhou Hongcheng directly, vomiting blood, and was seriously injured.

Then, he beat Sun Jixiang back and forth again and again, without the strength to fight back.

The situation in the field reversed in an instant, Mu Guinan was extremely excited and laughed!

At this time, Chen Feng had already lurked to the side.

He was shocked when he saw this scene.

The Zhou family and the Mu family really have a profound foundation.

Seeing that Mu Jia was already in desperation, he didn't expect that Mu Chengxiong would directly become a master of Soul Condensation Eightfold.

"It turns out that he had concealed his strength before." Chen Feng's face became excited: "Here is a good show!"

At this time, the six soul-condensing masters were upset, no one had time to take care of the surroundings. Chen Feng touched them a kilometer away, and no one noticed it!

In just a moment, the situation in the field was suddenly changed by Mu Chengxiong.

Seeing that there are a few more breaths, the Zhou family will be killed by him.

At this time, Zhou Hongcheng and Sun Zhufeng looked at each other, both showing a sorrowful smile and a hint of determination.

Zhou Hongcheng laughed and said, "Old man, do your best, don't hesitate!"

"Good!" Sun Gongfeng promised boldly.

Then, the two took out a pill together and swallowed it.

After swallowing the mouth, the skin of the two of them instantly turned blood red.

On their bodies, there were countless huge wounds, and it felt like their bodies were about to split into pieces.

#### [Chapter 1153: Golden three-headed python martial arts!](#)

However, no blood came out of the wound.

On the two of them, the momentum is soaring!

Zhou Hongcheng's strength actually directly increased two realms, reaching the peak of the Seventh Level of Soul Condensation!

And Sun Zhufeng also reached the sixth peak of Soul Condensation!

This time, it was the turn of Mu Chengxiong and Mu Guinan to lose their horror. Mu Chengxiong shouted, "Are you crazy? This is the disintegration divine pill you swallowed!"

"Even if I don't do it, after a cup of tea, you yourself will collapse and die. There is no cure at all!"

Zhou Hongcheng laughed wildly: "Anyway, if you don't eat this disintegration pill, we will be easily killed by you. If you eat the pill, you will die!"

As he said, he roared crazy and rushed towards Mu Chengxiong.

At this time, Mu Chengxiong was the eighth level of soul condensing, and he was the pinnacle of the seventh level of condensing soul, and he was a desperate style of play. For a time, he hit Mu Chengxiong's left and right dwarf. He suffered a lot of minor injuries and was unable to fight back.

Taking advantage of this opportunity, Sun Zhufeng flashed directly in front of Mu Guinan.

Take it out with a palm!

At this time, his strength was several times higher than that of Mu Guinan, and his aura surged wildly, and Mu Guinan could hardly move.

Mu Guinan's eyes were desperate and he let out a frantic roar, and the almost condensed martial spirit suddenly appeared, blocking him.

However, he was only the fourth level of the Soul Condensation Realm, and at this time, Sun Zhufeng's strength was already two levels of laughter level higher than him.

His condensed spirit was directly hit and killed by Sun Zhufeng.

Then, Sun Zhuanfeng punched his body with another punch, directly hitting Mu Guinan into a cloud of blood.

However, Mu Guinan's frantic counterattack before his death also left a huge scary wound on Sun Jifeng's chest.

Sun Zhuanfeng was seriously injured!

But he didn't notice it, anyway, even if he wasn't hurt, after a cup of tea time. The body will collapse directly, and the death will be terrible!

In that case, what is he afraid of?

He screamed: "The three of us, go and besiege him!"

"Yes!" Zhou Muxing and Zhou Mulong looked extremely complicated.

They looked at Sun Gongfeng and Zhou Hongcheng, with a sad look in their eyes.

Because they know very well that these two people will die after a cup of tea.

However, the most important thing now is to kill Mu Chengxiong before they die.

Chen Feng asked An Lao in a low voice: "An Lao, what is the disintegration of the pill?"

An old man said softly: "The disintegration of the \*\*\*\* pill is a fifth-grade pill, which is extremely rare."

"Disintegration of the Shen Dan can only be taken by the masters of the Soul Condensation Realm. After taking it, the strength can be increased by two small realms for a cup of tea time."

"After a cup of tea, the body will collapse directly, and there will be no place to die!"

Chen Feng looked weird, and suddenly, a touch of thought surged in his heart, ethereal, but then it turned into a throbbing straight to the bottom of his heart!

What Chen Feng realized made his whole body become fiery.

He whispered softly: "This time, I can definitely get a share of the pie, and I can definitely get a huge benefit from it!"

At this time, the four masters of the Zhou Family's Soul Condensation Realm had already begun to encircle and kill Mu Chengxiong, and Mu Chengxiong was beaten into embarrassment by them.

A Zhou Hong achievement is enough to tie him, let alone there are three people next to him.

With a bang, Sun Zhuanfeng banged his dantian with a punch, punching him crazy and vomiting blood, and flew out more than ten meters.

Then Zhou Hongcheng slapped his face directly with a palm, slapped his head severely, his neck almost broke, and several broken teeth were directly shot out.

This palm not only caused him serious injuries, but also brought him a great sense of humiliation.

He yelled up to the sky, and snarled: "Do you think this is my full strength?"

Following his roar, behind him, an extremely huge Martial Soul suddenly appeared.

Four black rays of light flashed suddenly, and everyone was shocked: "It turned out to be a Profound Grade 4 martial soul!"

You know, among the four people in the Zhou family who besieged him, the one with the highest martial spirit rank was only Zhou Hongcheng's second-rank Xuan rank!

Chen Feng looked at it, but also took a breath.

Because at this time, he could already see clearly what Mu Chengxiong's martial spirit looked like.

That is a golden python!

This golden python is six to seven hundred meters long, as thick as a hill.

Moreover, this golden python has three heads, each of which is as big as a ten-story pavilion!

Profound Grade 4 martial soul, golden three-headed python!

The golden three-headed giant python martial arts instantly changed from imaginary to real, and it was extremely condensed. It looked like a real spirit beast born naturally from heaven and earth.

Obviously, Mu Chengxiong's realm is extremely high, and it is completely possible to condense Wuhun into substance.

The golden three-headed python, three heads, three big mouths, opened all together, making a sizzling sound.

As soon as he condensed into substance, he was wrapped around a huge mountain nearby.

With a bang, the mountain was directly squeezed into pieces.

Countless rubble fell down, and then, the golden three-headed giant python rushed down, opened the three giant mouths, and killed them directly.

The other huge tail was heavily swung on Zhou Mulong's body.

With a loud bang, Zhou Mulong was directly smashed and flew out, with tremendous force coming, he was smashed into a mass of flesh, and he died without a word!

After the appearance of the golden three-headed python, the situation in the field was immediately reversed.

In an instant, the battle turned out to be a tie, and no one can do anything about it.

Seeing this scene, Zhou Hongcheng was very anxious, and immediately roared: "Old man, our martial arts are also fighting!"

Sun Gongfeng laughed three times. Both he and Zhou Hongcheng released their martial souls.

The spirits of the two of them are far inferior to the golden three-headed giant python.

However, together, they are also comparable to the golden three-headed python.

Numerous huge wounds were caught on the gold three-headed python, and countless gold blood dripped on the ground.

And when the golden blood was dripping, Chen Feng suddenly felt a tremor in his body, which was an extremely agitated feeling.

In his heart, there was a wave of extreme desire.

Chen Feng immediately realized that this consciousness originated from his Xiangliu Wuhun, who was extremely longing for this golden three-headed giant python Wuhun, and was full of desire to devour it!

Chen Feng was shocked, he hadn't felt such an impulse for a long time.

In the blink of an eye, the situation in the field has changed dramatically.

Zhou Hongcheng and Sun Zongfeng were desperate and attacked Mu Chengxiong frantically.

Because they know that they still have time for a stick of incense, they are about to fall apart, so they are all desperate now.

#### [Chapter 1154: Xiang Liu Wuhun, devour it!](#)

Of course Mu Chengxiong knew that as long as he survived this period of time, he would win.

He wanted to escape, but how could Zhou Hongcheng and Sun Zhufeng give him such a chance?

The two chased wildly, not defending themselves at all, just a desperate attack.

The offensive fell on him frantically.

'Boom boom boom boom' Mu Chengxiong was constantly hit on his body, vomiting blood crazily, he was not the opponent of the two people teaming up at all, he was severely wounded and dying in an instant!

Mu Chengxiong was also fierce and roared: "Since you are going to work hard, then I will fight with you too. The big deal will die!"

He also let go, using his most powerful moves to keep attacking.

The time for a stick of incense quickly passed, and all three of them were seriously injured and dying.

And Zhou Muxing, at this time, stepped aside to watch the battle. He knew that he was mixed in, and it would be death to be touched!

Finally, the medicinal effect of the disintegration of the \*\*\*\* pill was about to arrive. Zhou Hongcheng and Sun Zhufeng looked at each other, and both raised all the true essence in their bodies and launched the strongest blow towards Mu Chengxiong.

Mu Chengxiong also roared frantically and took the final blow!

With a loud 'bang', Mu Chengxiong, Zhou Hongcheng, and Sun Zhufeng crashed together!

Mu Chengxiong was hit and flew for thousands of meters, fell heavily to the ground, was seriously injured and looked unconscious, motionless.

He had only one breath left, and at this time an ordinary person could even kill him.

At this time, the time limit for the disintegration of the \*\*\*\* pill was also reached.

Zhou Hongcheng and Sun enshrined the two, at the same time their bodies were broken, separated into countless light spots, and dissipated in the air!

The master disappeared, and the two martial souls also disappeared directly.

But at this time, the golden three-headed giant python was beaten terribly and faltered.

Zhou Muxing looked at the opportunity at this time, and shot out from the diagonal stabbing, with a boom, he used his strongest trick to bombard the golden three-headed python.

The golden three-headed python, not to be outdone, all three huge heads slammed heavily on him.

Zhou Muxing was smashed and flew hundreds of meters away, vomiting blood, and was also seriously injured.

However, he still maintained his combat effectiveness, and his move just now directly blocked the golden three-headed python.

The golden three-headed python, unable to maintain the entity for an instant, became incorporeal again.

His figure shrank so much that he turned into a little Wuhun less than half a meter long, looking very cute!

At this moment, Chen Feng's eyes flashed: "It's now, this is the best opportunity!"

He leaped up in the air and directly copied Mu Chengxiong, who had been seriously injured and unconscious, and then the Tianlong Step launched, instantly crossing several hundred meters, coming to the golden three-headed giant python martial arts, and grabbing it!

The golden three-headed giant python martial arts had no resistance at this time, and was easily grasped by Chen Feng.

Then, Chen Feng grabbed the two of them, once again launched the Tianlong Step, and ran out quickly.

At this moment, Zhou Muxing even just reacted. After he recovered, he was frustrated and shouted:

"Feng Chen, it's you again!"

Chen Feng had time to turn his head back and grinned, with a cold smile: "The surname Zhou, this is just the beginning!"

His figure quickly dissipated outwards, and Zhou Muxing chased him frantically.

But he was already seriously injured, and Chen Fengtian was extremely powerful, and he chased him for a long time, and he chased him further and further.

Chen Feng has been rushing towards the depths of the Tulong Mountain Range, and has reached the third level of the Tulong Mountain Range.

At this time, with Chen Feng's current strength, it was already enough to survive on the third level of the Tulong Mountain Range!

When he arrived in a hidden cave, Chen Feng sighed softly, calming down the rapid breathing and the shock of the true essence.

Then, he began to look carefully at the two trophies in his hand, with a smile on his mouth.

He held the golden three-headed giant python Martial Spirit with his left hand, and Mu Chengxiong, who was still in a coma, with his right.

A sneer appeared at the corner of Chen Feng's mouth, and he threw Mu Chengxiong to the ground with a cold expression and said, "Don't pretend, I know you are awake!"

Mu Chengxiong trembled heavily, opened his eyes, looked at Chen Feng, forced a smile, and said:

"This little brother, I don't know the name of Gao?"

Chen Feng said lightly: "Feng Chen!"

Mu Chengxiong smiled and said, "Little brother, you saved my life. I must thank you very much."

There was even a bit of flattery in his expression, obviously knowing that people had to bow their heads under the eaves.

Chen Feng asked with interest: "Oh? What can you give me a lot of thanks?"

A cruel color flashed in Mu Chengxiong's eyes, and he said coldly in his heart: "If I regain my strength, I will kill you first and count it as a reward for you!"

But he concealed this cruel color, and smiled: "Our Mu's good things, everything we have!"

"At that time, little brother, you can give you whatever you want!"

Chen Feng smiled and said, "Then I want your life, can I?"

"What?" Mu Chengxiong's expression changed drastically, his body shot up, and he wanted to run outside the cave.

Chen Feng smiled coldly: "Want to run?"

A palm hit his back. At this time, Mu Chengxiong's strength was less than one percent of his peak strength and had already fallen to the Heavenly Lake. Where is Chen Feng's opponent?

Chen Feng grabbed Mu Chengxiong, lifted it back, and sat cross-legged, pressing his hand on the back of his heart, and began to absorb his true essence.

Feeling his true essence pouring out wildly, Mu Chengxiong shouted in a panic: "You, what are you doing?"

Chen Feng smiled and said, "Can't you see it?"

Although Mu Chengxiong had been seriously injured, the true essence in his body was still extremely strong and huge, constantly pouring into Chen Feng's body.

Behind Chen Feng, a sea of sky suddenly appeared. There were originally four big stars bright, but at this time, the fifth big star also appeared.

And, from dim to bright, it is finally very bright.

Then, the sixth big star gradually began to form.

Chen Feng let out Mu Chengxiong with a long breath, shaking his hands.

At this time, Mu Chengxiong was already miserable, like a corpse, but he still took a breath.

A smile appeared at the corner of Chen Feng's mouth.

After being seriously injured, Mu Chengxiong brought Chen Feng to the five-star peak of Tianhai.

Only one step away, you can step into the six stars of Tianhai!

At this time, he stopped breathing, because Chen Feng needed Mu Chengxiong to keep a breath.

If Mu Chengxiong died, his martial spirit would dissipate!

Chen Feng certainly would not allow this to happen.

Chen Feng brought the golden three-headed giant python martial arts over. The golden three-headed giant python martial soul struggled hard, but couldn't get away.

And behind Chen Feng, Wuhun Xiang Liu suddenly appeared, with nine heads and eighteen eyes open!

Looking at the golden three-headed python with an extremely greedy attitude.

The golden three-headed python was cold and shivering, as if it had encountered a natural enemy, looking at Xiang Liu Wuhun with extremely panic.

Chen Feng laughed: "Old man, enjoy!"

After hearing this, Xiang Liu Wuhun screamed in unison among the nine huge mouths.

It was a joy at the soul level that Chen Feng could feel.

At the next moment, Xiang Liu Wuhun rushed forward and directly tore the golden three-headed giant python Wuhun into countless pieces, and then swallowed it!

Chen Feng looked at Xiangliu Wuhun extremely expectantly.

Xiang Liu Wuhun evolved into a nine-headed Xiang Liu, which was already the ninth-rank yellow rank.

Moreover, with the nine heads and the limit, Chen Feng is very much looking forward to what kind of martial soul he will possess next!

After the Wuhun Xiangliu swallowed the gold three-headed giant python, a thick golden light appeared on the surface of his body.

This golden light became stronger and stronger, and finally formed a huge golden silkworm cocoon.

There was a steady and long pounding heartbeat.

Chen Feng smiled slightly, knowing that Xiang Liu Wuhun was evolving, he didn't worry, and took the huge golden silkworm cocoon back.

Then, looking at Mu Chengxiong next to him, he smiled and said, "The spirit has been absorbed, and it's time for you to die!"

The Nine Yin and Nine Yang Divine Art was activated to absorb the last point of true essence in his body!

Watching Chen Feng disappear into the mountains in an instant, Zhou Muxing hit the ground with a fist.

#### [Chapter 1155: Famous Big Moon City!](#)

He let out an angry roar: "Damn it, let this little bunny pick up the bargain again!"

He took a few heavy breaths, but in the end he was the head of a big family, quickly adjusted his mentality, and whispered to himself:

"This time, the second brother is dead, too much to die, too much to worship too."

"However, the Mu's family is also completely finished, and there is no gleam of hope anymore."

"And the ancient treasure of the Mu family has also fallen into my hands! Zhou Muxing, Zhou Muxing, how can you be immersed in hatred? How can you let their deaths go to waste?"

"Now, the most important thing is to return to Big Moon City with the magic weapon!"

He immediately turned around in the direction of the strange treasure and ran away!

This is a caravan with dozens of carts and hundreds of guards.

There was a huge banner in the caravan with a week written on it.

Seeing this team, seeing this big banner of the word of the week, the faces of other people on the official roads showed awe, and one after another gave them their way.

These people are also extremely arrogant, with their chins held high, and they are not looking at others at all!

A burst of medicinal aroma escaped, and it was obvious that the medicinal materials were transported in their team.

Suddenly, the leader in front found a person standing in the middle of the official road, just blocking their way.

The man roared impatiently: "Dog thing that doesn't have eyes, roll aside, didn't you see that this is the Zhou family's motorcade?"

"Oh? Is the Zhou family's team? That means I haven't found the wrong one!" The man in the black cloak suddenly raised his eyes.

The person leading the Zhou family caravan suddenly felt like he was stabbed.

This is a tall and upright young man with a pair of eyes that are as bright as stars!

But he felt this was his own illusion. The next moment he became angry and screamed: "Little bunny, hurry up, or I will kill you directly!"

"Oh, killed me?" Chen Feng smiled coldly: "I didn't want to kill people, but since you said that, then go to death!"

"Haha, really an ignorant and arrogant kid, dare to talk to our leader like this!"

"Yeah, this kid is really looking for death. We are a master of the Heavenly Sea Realm under our command. Among all the guards of the Zhou family, we can be regarded as a first-class master!"

"Yes, if it were not for this transportation mission is very important, our captain would not leave the Zhou family's ancestral home!"

"This little \*\*\*\* actually said that he would kill Captain Chen Feng, haha, it's really ridiculous!"

In the caravan, many guards watched Chen Feng pointing and sneered.

The captain of the caravan's guard, the sturdy man looked at Chen Feng and grinned coldly: "Have you heard? Do you still think you are my opponent?"

Chen Feng shook his head: "A group of frogs at the bottom of the well!"

The stout man was furious: "Boy, I will show you who is the frog at the bottom of the well!"

He shook his huge fist and said: "With my punch, you can be blasted into flesh!"

With that, he punched out with a grand imposing force.

Chen Feng shook his head, and waved his hand casually.

Then, everyone felt a huge aura and rushed over extremely tyrannically, directly hitting the thick and strong man.

With a bang, directly crush it into a pile of meat.

The remaining power was still there, and he slammed into the guards who had provoked Chen Feng just now.

These guards furiously resisted, but they were completely useless. They were all shaken into blood mist, spraying the faces of the guards behind them.

On the broad road, it instantly became quiet.

Everyone looked at this scene in disbelief. Just now they unanimously looked at Chen Feng, and they all thought that this young man dared to provoke Zhou's family and found his own way.

Unexpectedly, the strength of this young man was so powerful.

With an understatement wave of his palm, these masters were killed.

The people in the caravan looked at him with horror on their faces, and their hearts were terrified.

Some people were already shaking with fright, for fear that Chen Feng would kill them!

Chen Feng smiled slightly: "I don't want to kill innocent people indiscriminately. Now all of you, dismount all of your horses and immediately burn the herbs."

"Then you, go back to Big Moon City!"

When these Zhou family members heard this, they were stunned.

Chen Feng's expression turned cold: "What? Didn't you hear it?"

These people from the Zhou family shuddered in fright, and they hurriedly followed suit, burned all the medicinal materials, and then left here quickly, like a bereaved dog.

Chen Feng laughed loudly: "Go back and tell Zhou Muxing, I am Feng Chen!"

"Feng Chen, Feng Chen!"

This name spread throughout Da Yue City almost overnight.

Ten days ago, on an official road one hundred miles south of Dayue City, the caravan carrying medicinal materials from the Zhou family was stopped, and he understated and killed six or seven people with one palm.

Then, let them burn all the medicinal materials and roll back to Big Moon City dingy.

Before the eighth day, apart from Dayuecheng, Zhou's other most important shops were taken down one day after another.

All the rebels were killed, and all medicinal pills were burned!

Five days ago, Zhou's family was on the edge of Tulong Mountain in the north of Dayue City.

Those people in the medicine field saw the opportunity quickly, no one resisted, so no one was killed!

Four days ago...

"Hey, have you heard? Feng Chen, that's amazing recently!"

"Of course I heard. Who of us in Big Moon City has never heard of the word Feng Chen?"

"Yeah, this kid is amazing! I heard that he is already very strong even if he is not even twenty, and the Zhou family is tossed out by himself!"

"Yes, no, I just brought a medicine field from the Zhou family two days ago!"

"Haha, you are all overwhelmed news. Just this morning, someone heard news that there are three families that are extremely close to the Zhou family and have provided various medicinal materials for the Zhou family for a long time. They were all given by Chen Feng. Up!"

"So powerful, those three families are not weak!"

"Yeah, the three Patriarchs have already arrived at Tianhaijing, but what about? They were still defeated by Feng Chen! I heard that Feng Chen didn't use the second knife at all. This Feng Chen is really amazing!"

At this time, in a luxurious restaurant in Big Moon City, two people flew all over, saying these words very excitedly.

The two of them had loud voices, and they deliberately let people next to them hear them.

At this time, someone nearby came over and said with a smile: "Then what happened to these three families?"

The person who spoke gave him a white look, laughed, and said, "What can I do? Of course it's an honest admission!"

"Feng Chen is also benevolent and righteous, as long as you honestly admit defeat, he won't kill too much."

#### [Chapter 1156: Waiting for a long time!](#)

"That's right, so I said, this Feng Chen, although strong and young and ambitious, but his grievances and grievances are clear, hey, he is not like the Zhou family, who does things too badly!"

"That's right!" The person on the next table slapped the wine table fiercely, and said with a cold snort: "These things the Zhou family did are really not done by people!"

"People Feng Chen provided them with Xiaohuandan, so that they could restore their decline in the struggle with the Mu's family. When they turned around, they wanted to kill them! Bah!"

"Haha, now stealing chickens can't eclipse rice, and being tossed into such a ghost by Feng Chen, it really deserves it."

"Yes, deserve it!"

Everyone laughed and was very excited, obviously gloating at the completion of the Zhou family.

At this time, in Big Moon City, the two words most mentioned by people were: Feng Chen!

No one has seen Feng Chen, and no one knows what he is like, only that he is very young and strong!

He is now almost a legend in Big Moon City, and is almost regarded as the number one master of the younger generation!

The grievances between Feng Chen and Zhou's family did not know why they were also spread out. After listening, everyone unanimously accused Zhou's family.

After all, the Zhou family is indeed very unauthentic, and the Zhou family's Xiaohuandan matter also made everyone very unhappy.

In the Alchemist Association, the residence of Dongfang Yan, a luxurious hall on the top of the tower.

In the main hall, Dongfang Yan was above the top, and dozens of exposed and beautiful women underneath were singing and dancing.

But his attention seems to be completely off the singing and dancing, his eyes are so out of focus, instinctively drinking glass of wine.

Suddenly, with a bang, the door was roughly kicked open, and a tall and stout young man walked in.

The young man was dressed in tight black clothes, was tall and strong, and he was handsome, but between his eyebrows, he shouted a bit of violence.

The singers were all taken aback. Dongfang Yan's attention seemed to be attracted. He frowned and waved his hand: "Get out!"

Those singers, if they are amnesty, leave quickly.

Dongfang Yan glanced at the boy and smiled gently: "Anger, what's the matter? Such a big anger?"

"I'm going to kill Feng Chen!" The boy let out a low growl.

"What?" Dongfang Yan frowned, squinted and asked: "Why do you suddenly have such a thought?"

"He took my glory away!" The young man roared angrily, "Before he came, I was recognized as the number one master of the young generation in Big Moon City! But at the age of nineteen, I was already a star in Tianhai. !"

"All the children of other families treat me respectfully! But today, they said, I am not Feng Chen's opponent!"

There was an extreme jealousy in his eyes.

When he heard this, Dongfang Yan was relieved, he thought someone had leaked the wind.

Dongfang looked at Dongfang Yan angrily, and said hopefully, "Uncle, you have a very good relationship with Shiritang. You must know where Feng Chen is? I'm going to kill him!"

Looking at this nephew, Dongfang Yan had a headache.

My nephew's martial arts talent is extremely high. Under his deliberate cultivation, he is already a master of the Heavenly Sea Realm at a young age, but it is a pity that he has no brains. His brain is full of muscles, and he never thinks much about it. When he is provoked, he will fight to the death.

He said lightly: "Well, you don't have to worry about this."

Dongfang Yan was so angry that Dongfang Yan lowered his voice and said, "Nu'er, I have sent someone to kill Feng Chen. He definitely won't survive for half a month!"

Dongfang was angrily listened, still a little reluctant, but finally he didn't make any more noise.

"Brother, what should we do? If this continues, our Zhou family will be ruined!" Zhou Muhu shouted anxiously to Zhou Muxing!

Zhou Muxing sat high above the first place, frowning and saying nothing.

Zhou Muhu had healed from his injuries at this time, but one leg had been lost. He was walking around in the main hall with a limping leg, looking rather funny.

After waiting for a while, seeing that Zhou Muxing hadn't spoken yet, he roared violently, "Big brother, you are saying something! What should I do?"

"Otherwise, I will kill Feng Chen?"

"Did you kill Feng Chen?" Zhou Muxing glanced at her and said coldly, "Can you find it? That kid Feng Chen is out of control!"

"Furthermore, if you are like this, even if you find Feng Chen, it will probably not be his opponent but will be killed by him!"

"Don't forget, you are no longer a master of Soul Concentration!"

Zhou Muhu was not convinced, just about to refute, when he suddenly thought of Chen Feng's ghostly speed, he immediately became discouraged and sat beside him paralyzed!

He is currently disabled, and his speed is the biggest shortcoming. If he confronts Feng Chen, I am afraid that he will really be defeated by Feng Chen!

What's more, after being seriously injured, his strength has fallen from the first level of the soul condensing state to the eight stars of the sky!

Zhou Muxing stood up suddenly and said, "Okay, don't even think about revenge on Chen Feng. Anyway, the foundation of our Zhou family is in Big Moon City."

"As long as Big Moon City is not lost, everything is easy to say, and the shops outside will be reopened soon!"

"That little boy Feng Chen, he is not so brave enough to come to Dayue City to make trouble. You have also seen that he has only dared to move around Dayue City for the past ten days."

He smiled coldly and said, "Because he knows very well that if he dares to come to Big Moon City, he will definitely be killed by me. As for now,"

He stood up and said, "I'm going to the Mu's family. All those who can take charge of the Mu's family are dead, and there are still dragons without a leader. This time I went to the Mu's family and took over all the business of the Mu's family. ."

He showed a sure smile and said: "Feng Chen is just a little flea, don't worry about him."

"As long as we annex the Mu's family and lay the foundation of Big Moon City, I will naturally clean up him when I look back."

There was a bit of chill in his eyes: "Feng Chen, you must die! Otherwise, it will be difficult to wash away the shame of my Zhou family!"

With that, he turned and left, and took people to the Mu's house.

In the Mu's house, there was a panic at this time.

Mu Guinan was already dead, and there was no one in charge of the Mu's family anymore. The tree fell and the hunger scattered, and many people left directly.

Some people even wanted to annex the Mu's property, but after Zhou Muxing's arrival, he immediately changed the situation.

After Zhou Muxing left, Zhou Muhu flickered and returned to his courtyard.

He just pushed the door to enter, suddenly his pupils shrank, and his expression instantly became shocked.

In the shock, there was still a trace of panic that could not be concealed, because when he opened the door, he found that a teenager was sitting in the seat at this time.

The teenager looked at him with a smile while drinking tea.

After seeing Zhou Muhu, the boy got up, smiled and said, "Zhou Muhu, I have been waiting for a long time!"

#### [Chapter 1157: Killer!](#)

As he said, his figure violently rose, and his speed was extremely fast, and his palm hit Zhou Muhu fiercely!

Without the slightest nonsense, directly violently kill!

From Zhou Muhu opening the door to Chen Feng's hands, it only took half a breath!

Zhou Muhu was startled first, and then became extremely angry.

He roared sharply: "Feng Chen, do you really think you are my opponent? Kill me?"

"Tell you, if you come here today, you are looking for a dead end!"

With that said, he also slammed out with a punch.

After he was seriously injured, he still had the strength of the sky, sea and eight stars. After this punch was blasted, his momentum was greater than that of Chen Feng, and it looked very frightening.

Chen Feng smiled coldly, without fear, spreading his palm.

The two palms hit each other, and Chen Feng flew backwards in the sky, and after landing, he backed a few steps.

Zhou Muhu stood still, motionless.

Obviously, he has the upper hand, he is extremely proud, haha smiled and said: "Little boy, have you seen it clearly? This is the huge difference in strength between us!"

"I kill you, so easy!"

As soon as the voice fell, it suddenly turned into a scream.

He felt an extremely scorching pain coming, and then he looked down, and immediately found that his entire right arm had become a piece of coke.

The flame was burning, and it was burning towards the body at a very fast speed.

The temperature of tens of thousands of degrees brought extreme burning pain and made him extremely painful.

He uttered a terrible cry, and he was also a decisive person, and immediately slapped his arm with a severe palm, cutting off his right arm directly.

The blood surged wildly, but after all, the flames could not spread.

Then, Chen Feng sneered coldly and took another palm.

This time, Zhou Muhu didn't dare to face Chen Feng again, and quickly backed away.

But he had a crippled leg and was seriously injured. How could the speed compare to Chen Feng?

Chen Fengtian took a long step, and his figure flashed, and he came behind him, and then slapped out his palms, directly on his back.

This time, what was coming was not the burning pain, but the feeling of madness passing by.

Zhou Muhu panicked and struggled frantically, but how did he get away with it?

He turned around and slammed Chen Feng's chest and abdomen.

Chen Feng snorted, blood overflowing from the corner of his mouth, but did not let go of him.

And Zhou Muhu hit Chen Feng with several palms, but one palm was softer than another.

Finally, in the end, he was unable to struggle anymore and was directly sucked up all the true essence by Chen Feng, and fell softly to the ground.

It looks miserable.

Chen Feng ejected a blazing sun and golden flames, burning him to only one head.

Then, Chen Feng placed the head in the Zhou Family Hall, and on Zhou Muxing's chair, he floated away!

An hour later, Zhou Muxing opened the door and walked in excitedly.

In the next moment, he was stunned.

Seeing this scene before him, his eyes became red and bloodshot, and his eyes showed extreme hatred and resentment.

Suddenly he slammed his fists against the wall, and snarled frantically: "Feng Chen, I want your life! I want your life!"

He didn't expect that Chen Feng would not only do something in Big Moon City, but also directly kill Zhou Muhu.

This made him feel that his face was hot, and it hurts to be beaten!

At this time, Chen Feng had already left Big Moon City. He turned around and looked at this huge city with a slight smile on his mouth.

"The trip to Big Moon City is really rewarding! I have tamed the golden flames of the sun and refined the great return pill, and my strength has also been raised to the six stars of the sky!"

That's right, after Chen Feng had absorbed Zhou Muhu's true essence just now, his strength had already been upgraded to Tianhai Six Stars!

"As for the Zhou family," Chen Feng looked slightly cold, and said softly, "What you owe me is far from being repaid!"

"Zhou Muxing, when I come here next time, it will be when you give the head, and when your Zhou family is defeated!"

Chen Feng left Dayue City and hurried towards the direction of Spirit Medicine Town.

In the evening, he rested in a dense forest.

Suddenly, Chen Feng twisted his brows and said lightly in the direction of his right hand: "It's all here, don't hide your head and show your tail!"

Chen Feng felt two murderous auras approaching him.

"Oh, I didn't expect you to be a young kid and not very strong, but your perception is quite keen." A hoarse voice sounded.

Then, a man in black walked around from behind the tree.

He was wearing a tight black suit and looked at Chen Feng with a cold and venomous expression.

His eyes turned around on Chen Feng, as if the butcher was choosing where to lay the knife before slaughtering the animals.

Chen Feng was disgusted with this look, his expression became even colder, and said lightly: "Isn't there another one? Get out!"

The voice fell, and another man in black turned out from behind Chen Feng.

The two showed a tendency of flanking.

The man in black who came out from behind had a thin and sharp voice, like a child.

He looked at Chen Feng and said coldly, "Boy, if I heard you right, you seemed to let me get out just now."

He looked at Chen Feng and sneered twice: "You successfully angered me, how dare you talk to me like this."

"After a while, after I capture you, I will torture you well, and I will let you know how to anger me!"

His voice was cold, slippery like a snake.

Chen Feng felt very uncomfortable after hearing this.

The man in black opposite him laughed: "Black snake, don't grab business with me, this kid is mine!"

"It just happens that I just thought of a torture two days ago, and I haven't had time to experiment! I happened to try it on him."

The black snake said in a dark voice: "Poisonous sheep, I just said that this kid is mine."

The poisonous sheep's expression also changed. He stared at him coldly, and said word by word: "Black snake, I don't want to repeat it a second time, I'm going to make this kid!"

"I still have several poisons that I have just refined, and I want to test them one by one!"

The two of them talked like no one else here, as if Chen Feng did not exist at all, discussing Chen Feng's belongings wantonly.

Obviously, Chen Feng was not taken seriously at all!

Chen Feng looked at them and said lightly, "Should you ask me the master's opinion before you two say these things?"

"Huh? Ask your opinion? What are you? You deserve us to ask?"

Black Snake smiled coldly: "The two of us are one of the twelve strongest killers in the Ten Day Hall. Whoever wants to kill you is just one move. You can easily kill you!"

"You don't need the second trick to kill you, and it deserves us to ask your opinion?"

#### [Chapter 1158: Blame me?](#)

The Poison Sheep also said coldly, "Boy, you will definitely die today, but even if you die, you should feel honored to be able to work two of the second of the twelve killers in the Ten Day Hall to kill you!"

The black snake curled his lips: "What a fuss!"

He looked at Chen Feng and shouted impatiently: "Boy, what are you doing in a daze? Kneel down and abolish the cultivation base by yourself, don't labor and let us do it!"

Chen Feng looked at him, shook his head, and said faintly: "It turns out that the killers in the Ten Day Hall are all such arrogant and ignorant goods. Today I have a long experience!"

A vicious murderous intent flashed in the black snake's eyes: "Boy, you are looking for death! You will pay for your words!"

As he said, he was advancing rapidly, and a black dagger appeared in his hand, which looked extremely sharp.

The dagger trembled rapidly, as if to cut the space.

And his figure is extremely weird and unpredictable, making it impossible to tell from which direction he attacked.

He was extremely fast, and he was killing Chen Feng!

The poison sheep beside him laughed and said, "Boy, you are done. This is the black snake's trick. You can't tell where this trick came from! You will definitely get stabbed! You can't hide it at all!"

Chen Feng looked back at him, smiled and said, "Really?"

Then he turned around and took a palm lightly.

After this palm was shot, the vigorous palm power instantly enveloped the surrounding area of more than ten meters, the black snake's face changed drastically, and he felt that something was wrong in an instant and wanted to back down.

Chen Feng screamed: "Want to run? Can you run?"

His figure flashed, and he chased directly in front of the black snake, blasting out with a palm.

With a 'bang', the black snake exploded directly into a cloud of blood, with no bones left.

Seeing this scene, the poisonous sheep was stupid, staying there, his face was full of disbelief!

"How? How could it be? The Black Snake, one of the Twelve Great Assassins of the Ten Day Hall, was actually beheaded by this young and easy man!"

Chen Feng turned his head, looked at the poisonous sheep, smiled slightly, and said, "Hey, look, I don't have to hide at all, I just need to pat it with a single palm!"

"Then, he banged..." Chen Feng showed an exaggerated expression on his face, looked at him and smiled and said, "He's dead!"

"You? How could you?" The poisonous sheep looked at him with a trembling voice: "Black snake, black snake is a master of the three stars of the sky, you, don't you only have one star of the sky?"

"How could you easily kill him?"

Chen Feng smiled and said, "Tianhai is one star, that's a thing of the past, I am now a six-star Tianhai!"

As he said, Tianhai suddenly appeared behind Chen Feng, and the six big stars were extremely bright, and the huge momentum was suppressed.

With a 'bang', the poisonous sheep knelt on the ground directly.

The poisonous sheep shivered, and extreme fear surged in his heart. With a face full of disbelief, he hissed and yelled: "Impossible. This is information from a month ago. It cannot be out of date!"

Chen Feng shrugged, showing a helpless expression, and said: "Yes, I was indeed a star of Tianhai a month ago!"

Poison Sheep felt like he was going crazy. He felt as if he had become a fool, and his IQ was crushed by Chen Feng.

He felt confused in his mind.

"A month ago you were still on the front line of Tianhai? No..." He suddenly realized something and shouted in shock:

"You, in a month's time, you have raised five small realms one after another?"

Chen Feng smiled slightly and said, "That's right."

"Impossible, impossible!" The poisonous sheep roared angrily.

He felt like he was going crazy, how could there be such a thing in the world? How can there be such a rapid increase in speed?

He felt that all his common sense in the past had been subverted.

Chen Feng looked at him, spread his hands, and said, "Blame me?"

"Okay," he suddenly became cold, looking at the poisonous sheep, and said in a cold voice, "I've done enough tricks for you, and it's time to end now!"

With that, Chen Feng's momentum suddenly soared, and he was suppressed overwhelmingly.

The poisonous sheep screamed, blood flowed across the seven orifices.

His body was even more squashed. He no longer had the arrogance he had just now, and he begged in a shrill voice: "Don't kill me, don't kill me."

Chen Feng's momentum receded, his expression was cold, looked at him, and said lightly: "Who asked you to come?"

"I don't know either," the poison sheep said quickly: "We are the killers of Tokaido. As long as the patrons need it, we can take action."

"This time, the customer made a very generous move. We appointed the Twelve Killers to take the shot. Black snake and I grabbed the job, so we came."

Chen Feng smiled slightly: "Oh, it seems that in your eyes, I am still a piece of fat? I have to grab the task to kill me."

The poison sheep hurriedly laughed and said, "No, no, absolutely no such meaning."

Chen Feng said lightly: "Then tell me, what are your Twelve Killers in the Ten Day Hall?"

The Poison Sheep quickly said: "We are the Twelve Killers of the Ten Day Hall. According to the twelve zodiac signs, there is one person for each zodiac."

Chen Feng nodded and asked, "Then what is your strength of the Twelve Killers?"

The poisonous sheep said: "The tiger boss and the tyrannosaurus boss are the strongest, and the other four are about the same."

Chen Feng nodded, "So, how strong are these tigers and tyrannosaurus?"

"I don't know," Speaking of the two of them, there was a look of horror in the eyes of the poison sheep, and said: "We have never seen the two of them make a move. All the people who have seen them make a move are dead."

Chen Feng chuckled, not paying attention.

Poison Sheep looked at Chen Feng expectantly, flatteringly said: "My lord, I have already explained everything that I can explain, can you let me go?"

Chen Feng smiled and said, "It's time to explain, then of course you can die."

With that, the momentum was crazily suppressed.

With a bang, directly bet the poisonous sheep into a pool of meat!

After solving these two killers, Chen Feng fell into deep thought: "How come the people of Shiritang come to me? Who sent them?"

Chen Feng thought for a moment, and said softly: "The possibility of the Mu Family is unlikely. All of them who can take charge are dead. There shouldn't be any trouble to trouble me."

"Then it should be Zhou's family."

However, Chen Feng always feels uncertain.

He shook his head, dispelled this feeling, and chuckled coldly: "Zhou Muxing, you are really going back, the more you live, and you still want to ask the killer organization to kill me? It's just a dream!"

After this little episode, Chen Feng continued to rush forward.

#### [Chapter 1159: Siege!](#)

And about a day after Chen Feng left here, a dark shadow suddenly appeared in the quiet woods.

It was really just a shadow, as thin as a piece of paper, he slowly stood up from the shadow of the branches, extremely strange.

It seemed as if the shadow of the big tree had been shaved off a humanoid part.

Then the shadow gradually expanded and finally became a human being.

This is an ordinary middle-aged man in his forties. He looks very ordinary and belongs to the kind that can't be found in the crowd.

But in his eyes, there is a tinge of dark haze from time to time, which makes people unable to forget it at a glance!

He first came to a bush, and the bush was stained with countless blood spots. That was, the black snake was shaken to pieces.

He looked at it carefully for a while, before turning around, his expression on his face had become a bit solemn.

Then, he walked to the lump of fleshy meat again, knelt down and looked at it for a while.

When he stood up again, his expression had changed from solemn to awe-inspiring, and he whispered to himself: "I didn't expect Feng Chen, your strength is really not weak."

"Just relying on your aura, you can actually crush the poisonous sheep to death. This shows that your strength has at least reached the five stars in the sky!"

He grinned suddenly, with a certain expression on his face: "But even so, what can I do?"

"As long as I use my skills at the bottom of the box, I can still kill you!"

It took almost a day before Chen Feng came to a place that was fifty or sixty miles away from the elixir.

Suddenly there was a call to kill in front of him, and Chen Feng raised his brows and walked forward.

On the broad official road, a fierce battle is underway, and there are hundreds of people around and more than 20 people fighting.

The twenty-odd people surrounded by them were basically wounded, covered in blood, and looked terrible!

But among them, a burly man was extremely tall and strong, with strong muscles, like a majestic hill.

He stood in front of everyone, blocking more than 80% of the offensive!

A tall and thin man in a green robe yelled and jumped up into the air, severely slashing towards the burly man with a serrated knife in his hand.

This tall and thin man looked thin, but this cut was full of majestic and powerful force, and he was crazily suppressed.

With a roar, the burly man blasted out with both fists.

At the same time, the same short and thin young man in a green robe, like a monkey, came around extremely astutely, and stab the blood-stained companion behind the burly man with a sword.

The burly man yelled violently: "Rice, despicable and shameless!"

He was already unable to resist this sword of the thin monkey!

The tall and thin man laughed wildly: "Gao Yan, don't you love your companions? Don't you help them block the offensive? I see how you can block this time!"

He laughed triumphantly.

And those who wore green robes and besieged Gao Yan laughed.

A look of decisiveness flashed in Gao Yan's eyes, and his fists still slammed the tall thin man's serrated knife.

A deep blood mark was cut on his fists, but the serrated knife of the tall and thin man was also shaken out.

At the same time, Gao Yan turned his back and directly blocked the sword of the short and thin young man with his back.

With a soft sneer, the sword pierced his back directly, piercing his body.

The \*\*\*\* tip of the sword came out from the front, Gao Yan let out a roar, his body turned vigorously, and his muscles clamped the long sword.

With a snap, he even directly clamped the long sword.

Then, he turned around and punched hard and hit the short and thin young man on the chest.

With a bang, the short and thin young man broke his chest directly, spewing blood, fell to the ground, convulsed twice, and died directly.

Then, Gao Yan moved forward, striding forward a few steps, and struck out one after another with his fists, each of which was extremely powerful, attacking the tall and thin young man.

The tall thin young man was smashed by the first punch with the serrated broadsword, hit his chest by the second punch, and was directly beaten into flesh by the third punch!

Gao Yan was fierce and killed two people one after another, leaving other people wearing green robes with a look of fear on their faces, and couldn't help but step back.

Suddenly, one of the green-robed men shouted loudly, "Brothers, what are we afraid of him? We are ten times as many!"

"As long as Gao Yan is killed, they will be completely finished. The task assigned to us by the Patriarch is completed, and there will be a great reward!"

"Kill!" This person was going to kill Gao Yan first.

"Kill!" The other people in the green robes were also motivated to fight forward, and they screamed frantically.

After all, they are crowded and powerful, and they are not weak, dozens of people besieged Gao Yan alone.

Gao Yan killed five or six in a row, but was also hit by countless weapons. There were countless wounds on his body and blood flowed across his body.

And a short and strong man, taking advantage of the crowd besieging Gao Yan, sneaking around behind Gao Yan, suddenly his fists clenched together, and a fierce blow forward, forming an air column directly in front of him.

With a bang, he slammed directly behind Gao Yan, who was struck two steps forward, his body faltering.

With a wow, a mouthful of blood spurted out, and the internal organs were already damaged.

The short and stout man laughed loudly: "Gao Yan, today is your death date!"

"Really? I think today is your death date!" Suddenly, everyone heard a cold voice.

Then, I saw the short and strong man with a smile still condensed on his face, and in the next moment, his head burst directly with a bang.

And his entire body was also exploded into blood mist!

Everyone was stunned, and quickly looked back.

Then I saw that a tall and handsome young man, dressed like snow, strode towards this side.

His expression was calm, but there was a fierce color condensed between his eyebrows, full of bitter murderous intent!

One of the green-robed men stepped forward, looked at Chen Feng, frowned, and said, "This friend, I don't know where you are from?"

"This is a matter between our Liu family and Lingyao Town, please don't interfere!"

With a touch of arrogance on his face, he obviously thought that the Liu family's reputation could easily shock the opponent.

Chen Feng looked at him and said coldly: "What Liu family, I haven't heard of it."

The face of the man in the green robe changed.

Chen Feng sometimes said coldly: "If I have to intervene, so what?"

"Do you have to intervene?" The Liu family's expression turned gloomy, looking at Chen Feng, threateningly said:

"Boy, don't be shameless, our Liu family is one of the three big families in Lu'an City."

"You dare to offend our Liu family, and you will be chased to death by us if you escape to the end of the world, do you know how many masters our Liu family has?"

#### [Chapter 1160: Ancient Medicine Field](#)

Chen Feng smiled coldly: "I'm not interested in how many masters in your Liu family, I only know how many people from your Liu family come, and there is just one word in front of me: death!"

The Liu family's face changed and he shouted sharply, "Boy, you're looking for death!"

Chen Feng smiled coldly and struck out with a punch, directly smashing the bones, shattering internal organs, and landing to death.

Then, Chen Feng, like a tiger, smashed into the Liu family.

The members of the Liu family rushed upwards and killed Chen Feng.

But Chen Feng punched them one at a time, absolutely not making a second move, killing them all.

After a while, dozens of members of the Liu family were beheaded by him.

Those in the Liu family, with a look of horror in their eyes, stepped back one after another.

Chen Feng smiled coldly: "You go down and accompany him!"

As he said, he shot out with both palms, and a surging force surged out, directly smashing the dozens of Liu family members to death!

Seeing this scene, the remaining members of the Liu family were all frightened. They looked at Chen Feng blankly, trembling all over, with a look of fear and despair in their eyes, and quietly stepped back.

Gao Yan let out a cheer.

He wiped his blood-stained face and watched Chen Feng stay for a while before he shouted in surprise, "Feng Chen, is it you?"

Chen Feng laughed: "Yes, it's me!"

He said to Gao Yan, "I will kill all the gangsters of the Liu family, and then I will talk to you."

Then, Chen Feng's figure flashed, and everyone only felt that there was a sway in front of them, and when Chen Feng's figure appeared again, everyone saw that those Liu family members who wore green robes were lying dead.

All members of the Liu family were killed, and none of them survived.

And Chen Feng, still fluttering in white, with no blood stains on his body, looks very relaxed and comfortable, as if those who just killed were not warriors, but trampled to death a bunch of ants!

Gao Yan strode over, looked at Chen Feng with excitement on his face, and said, "Chen Feng, you are so timely. If you are here in the evening, I'm afraid all of us will die today!"

Chen Feng looked at him, frowned, and asked, "What the \*\*\*\* is going on? What is the origin of these Liu family members? Why would they besiege you?"

Just as Gao Yan was about to speak, Chen Feng suddenly took out a small pill, stuffed it directly to him, and said, "Take the pill first, and heal your injuries."

"Okay." Gao Yan was very convinced by him and nodded in response.

Then Chen Feng looked at the other people again, and he found that these people were quite familiar, many of them were members of the hunting group he had met in Ling Yao Town.

These hunting group members looked at Chen Feng. Everyone showed admiration and admiration in his eyes, and there was endless shock.

They all knew that Chen Feng was very strong, but they didn't expect to see Chen Feng for a while, and Chen Feng's strength would advance so much.

It is no longer on the same level as them!

Chen Feng looked at them and saw the severely injured one, and directly handed them a pill.

These people were shocked when they took the pill. The strong fragrance on top of the pill reminded them that the worst was a first-grade pill, and it was not an ordinary pill that could not even be regarded as a pill.

Many people were a little reluctant, did not eat it, but secretly hid the pill.

Chen Feng looked at it and smiled slightly: "Okay, it doesn't need to be this way, I will definitely give it again if you want to come back. Take the pill first, and the healing is the right thing."

These people listened, and then swallowed the pill.

The pill that Chen Feng refined had an amazing effect, and soon their injuries were basically healed, as if they had never been injured.

On Gao Yan's side, the healing was also completed. He ate Xiaohuandan, which not only made him recover from his injuries, but also had a faint feeling of breaking through!

Chen Feng took Gao Yan to the side and said, "What the \*\*\*\* is going on?"

Gao Yan whispered: "After you left, Chen Xiao and I, we two together, we formed a hunting group and recruited many members of the hunting group."

"It can be regarded as replacing the position of the Tiger Hunting Group. Among the Spirit Medicine Town, it is regarded as the strongest."

Chen Feng smiled and said, "This is a good thing, what's your name?"

There was a rare shy smile on Gao Yan's face, and he said with some embarrassment: "The name we took is a bit unspeakable. It's called Tulong Hunting Group."

When Chen Feng heard this, he was taken aback for a moment, and then he laughed and said, "Not bad, not bad, this name is very domineering."

Gao Yan said: "Don't make fun of me, I regretted it later."

Chen Feng said sternly: "I didn't laugh, this name is very domineering, and you can't slay dragons now, who says it won't work in the future?"

Gao Yan went on to say: "Later, your junior brothers and sisters settled on Spirit Medicine Town. They heard about this dragon hunting group and were very interested."

"Your Master Ran, told us that she wants her disciples to join the hunting group and enter the mountains to hunt spirit beasts. It is also a kind of exercise. It is better than practicing yourself every day."

"We thought about it, it was the same reason, and we agreed."

Chen Feng pondered for a moment, then nodded and said, "Indeed, this is right."

He did not think about it before, and did not think of this level.

Gao Yan continued: "Just ten days ago, we discovered an ancient medicine field in a hidden valley deep in the Tulong Mountain Range."

"What? Ancient medicine field?" Chen Feng raised his brows after hearing this, and asked in surprise.

"Yes." Gao Yan said: "It's an ancient medicine field. There are quite a few rare medicinal materials in this medicine field."

"Many of them are thousands of years old, and each one is sky-high."

After Chen Feng heard this, he suddenly remembered the precious medicinal materials in the remains of Swallowing Heaven Gate that he had discovered.

If he has realized something, he is afraid that this medicine field was cultivated by the people of Swallowing Heaven Gate, and a lot of natural treasures have been planted in it.

Only later, with the defeat of Tiantianmen, this medicine field was also abandoned!

Gao Yan said: "In the medicinal field, it is not only these precious medicinal materials. When we dig down, we dug a behemoth! But before we had time to dig it, we leaked the news and had to stop!"

"I don't know who has leaked the news. The Liu's, Chu, and Wang families in Lu'an City received the news, and the three families came together to ask for it."

In Gao Yan's expression, there was an expression of anger: "Of course we didn't give it, and then there was a conflict."

"Now the people of the three major families are jammed in the residence of our hunting group and have already surrounded there. The situation is extremely critical."
