

Peerless 1251

[Chapter 1251: Disdain](#)

"Just say one more thing, believe it or not, I will tear your mouth apart!"

As he said, he rushed to clean him up, Liu Mang hurriedly hugged his head and ran around, shouting loudly, "Tangtang, you idiot!"

The ordinary young man looked at them two with a helpless look!

In Qingzhou, Chen Feng finally came here after several days of trekking.

Looking at the huge city in front of him, Chen Feng was shocked.

When he first arrived in Danyang County, he sighed for the great majesty of Danyang County.

And Qingzhou, more than ten times larger than Danyang County, the city walls are as tall as mountains, and the streets are one after another.

People come and go, there are many warriors, and each of them is quite powerful.

Even Chen Feng saw that there were many people riding spirit beasts, which was almost invisible in Danyang County.

Even those spirit beasts are not low in rank, reaching the fourth and fifth rank spirit beasts.

What is this concept? This is equivalent to being a Heavenly Sea Realm master! Riding a Heavenly Sea Realm master under him!

From time to time, a huge convoy entered the city gate, and then quickly disappeared in this huge city... All this made Chen Feng a little dazzled.

Suddenly, Chen Feng felt sour.

He remembered how he looked when he first entered Danyang County City, and it was the same as now. I don't seem to have seen anything in the world,

At that time, Ziyue chuckled softly in his ear: "You have never seen the world before..."

But now, Ziyue has fallen into deep sleep!

Chen Feng took a breath: "It's been a long time since I saw Ziyue, Ziyue, what's wrong with you?"

"An old man said that you were asleep, but why, I found so many medicinal materials to restore the soul and used it for you, but it didn't improve?"

As if feeling Chen Feng's thoughts, Anlao quietly appeared next to him, looked at Chen Feng, frowned and said softly:

"The situation of this girl, Ziyue, is a bit special. Originally, I only thought it was due to excessive consumption of the power of the soul and damage to the soul. Just use some medicine to repair the soul."

"Unexpectedly, you found dozens of medicines for her to use before and after, but it didn't work. She was still in deep sleep."

Chen Feng asked anxiously, "What should I do then?"

An old man said softly: "It seems that there is only one way."

Chen Feng asked urgently: "What is the solution?"

"There is a kind of pill, called Soul Calling Pill, which can awaken the sleeping soul."

"This is a five-grade pill. It is very precious. At your current level, let alone refining, it is difficult to reach even if you touch it. You can only see if there is a chance to find this medicine."

Chen Feng nodded heavily and said with a firm expression: "I will definitely find this kind of pill, and it will definitely make Ziyue wake up!"

Chen Feng inquired the location of the Crazy Battle Academy, and then walked towards it.

Suddenly an enthusiastic shout came from behind: "This little brother, did you also go to the Crazy Battle Academy?"

Chen Feng turned around and said with a coincidence.

Behind him, four people are watching him enthusiastically.

And by coincidence, these four people were saved by Chen Feng in the barren mountains outside last night.

But obviously, they didn't recognize Chen Feng at all at this time!

The four of them looked at Chen Feng with the Dragon Sword on his back with a little surprise, and then the ordinary young man smiled and said:

"This little brother, I just heard you inquire about the Kuangzhan Academy, you went there too, that's right, we can go together!"

Chen Feng thought for a while and said, "Okay, let's go together!"

The five people are all about the same age. Chen Feng is a few years younger than them. After learning about Chen Feng's age, Tang Ziyang exaggeratedly exclaimed: "Chen Feng, you are only 18 years old this year. It has reached the first level of soul condensing, which is too powerful!"

Suddenly she flattened her mouth and looked at the other three with a grieved expression, and said:

"Initially, I thought that the four of our talents were good enough. I didn't expect that when we first came here, we were hit one after another."

"Chen Feng is four or five years younger than us, with the same cultivation base as us, and the existence of yesterday, who is not very old, but his strength is so terrifying!"

Along the way, Chen Feng quickly became acquainted with them.

This ordinary young man is very simple and enthusiastic, just like a big brother, with excellent temperament.

And Chen Feng also knew his name: Leng Xi!

The tall and thin young man's name is Ye Yun. He has a cold temper, but he is not bad.

The other round-faced youth was named Liu Mang, with a grin on his face. He was just as his name was, and he was livid and had a bit of rogue temperament.

She often laughed at Tang Ziyan, but every time she was beaten up by Tang Ziyan.

And Tang Ziyan is this tall and glamorous girl, who is carefree and very hearty!

Chen Feng also liked their temperament very much, and soon the five of them became familiar with them, and they were already like friends.

Qingzhou City is very, very big, and it took them three full hours before they arrived at the Crazy Battle Academy located in the north of the city.

Kuangzhan Academy has an extremely large area and an extremely tall wall separating it from the rest of Qingzhou City.

Outside the wall is a huge square.

At this time, on the square, people came and went, mostly young people.

Today is the opening day of Kuangzhan Academy, and they are all here to report.

Many of these young people are well-dressed and obviously have noble status, and their aura is also very large.

Some young people are riding spirit beasts under their hips!

Tang Ziyan suddenly pulled Chen Feng's sleeve and screamed: "Chen Feng, look and look!"

Chen Feng looked in the direction she was pointing, and saw a young man in a purple robe, more than 20 years old, riding on a huge golden crocodile, slowly passing by.

This golden crocodile is sixty to seventy meters long, and its body is very large. It turned out to be a seventh-grade spirit beast.

Chen Feng couldn't help but feel a little surprised after watching it!

Tang Ziyan exclaimed: "Seventh-rank spirit beast, dignified seventh-rank spirit beast!"

"Tsk tusk, I want to be able to ride a seventh-grade spirit beast once in my life, it's worth it if I die!"

"These children of the Qingzhou City family are really good! They are uniquely endowed with infinite resources since they were young, and they can even ride such high-grade spirit beasts!"

At this time, beside, a fiery red wolf rushed towards this side.

Above it was a tall and stout young man, who came directly to the golden crocodile.

Tang Ziyan screamed again: "Chen Feng look at it, this is an eighth rank beast!"

The two people seemed to have heard what Tang Ziyan said and glanced here.

The gaze of the purple-robed boy swept across the faces of Tang Ziyan, Chen Feng and others, and then a disdainful smile appeared at the corner of his mouth.

[Chapter 1252: The second provocation!](#)

"At a glance, I know that I just came to a big place like Qingzhou, and I haven't seen anything. It's really shameful. This kind of person is worthy of entering the Crazy Battle Academy?"

The brawny young man beside him laughed loudly: "Ye Tian, look at you, how do you speak!"

"These untouchables have poor backgrounds, low strength, and no knowledge yet. They should be pitiful and pitiful. How can you talk like this?"

"Furthermore, if you talk to them directly like this, what if they respond? Doesn't it become a conversation with them? Talking with such a pariah is a humiliation to us!"

Ye Tian smiled and said: "Yes, that's right, you are right, Brother Changsheng, I was rash!"

As they said, the two looked at each other and laughed loudly, full of joking and disdain.

Chen Feng glanced at them coldly, without speaking.

There was a look of anger on everyone's faces, but Leng Xi suppressed it forcibly.

He said softly: "Let's go, ignore them, we can't afford them, they are the nobles of Qingzhou!"

There are many nobles in Qingzhou, and the children of these noble families look down on Chen Feng and others at all, thinking that they are untouchables.

Even talking to them feels humiliated!

Chen Feng and others continued to move forward.

Behind them, the purple-robed Shao Yetian and the stout boy prospered, both of them laughed disdainfully!

In the center of the square, a huge statue with a height of six or seven hundred meters was erected.

This statue is a young man with a sturdy face and long black hair wearing golden armor.

He held a long sword and pointed directly at the sky, as if he wanted to pierce the sky!

Leng Xi raised his head, looked at the huge statue, and said in an astonishing tone: "This is the statue of Qing Zhantian!"

"Qing Zhantian?" Chen Feng raised his brows beside him and asked, "Who is this again?"

Leng Xi looked at him and said softly: "Qing Zhantian is one of the nine generals who followed the founding emperor of the Great Qin Empire and fought east and west."

"He was extremely powerful, and was later named the King of Qingjun, responsible for guarding Qingzhou!"

"This Qingzhou is even named after his surname, and his family also rules the entire Qingzhou!"

"Contemporary Qingjun Wang Qingwudi is his direct descendant! And this Kuangzhan Academy was founded by Qing Zhantian, so before Kuangzhan Academy, it will always enshrine the statue of Qing Zhantian!"

"Qing Zhan Tian is extremely powerful. It is said that in a battle that year, more than 300 strong souls in the condensed soul realm were killed with a single sword! It even killed many strong men who exceeded the level of the condensed soul realm! Said to have made great contributions!"

Everyone was fascinated by it, and killed more than 300 peak experts in the Soul Condensation Realm with one sword. What kind of powerful strength was this?

Leng Xi suddenly looked at everyone with an unusually serious expression, and said loudly: "One day, I will also become a great hero like Qing Zhantian, a great hero!"

Chen Feng smiled and said, "You can definitely do it!"

At this moment, a disdainful sneer suddenly came from the side: "Just you untouchables, dare you say such a thing?"

"Do you want to be like Qing Zhantian? Really dreaming! Wake up, the sky is still bright now!"

Chen Feng frowned, and when he turned around, he saw that it was Ye Tian and Changsheng again.

Chen Feng felt very tired and crooked: "These two people are still endless?"

He looked at the two of them and said coldly: "What do you two mean?"

The two of them didn't answer at all, and looked to the side with a proud face, as if talking to him was very embarrassing.

Changsheng looked up and down at Tang Ziyang, with a look of licentiousness on her face, and said as if she was giving alms, "You untouchable woman, don't you want to ride a seventh-grade spirit beast?"

"Okay, as long as you let me play for one night, I will let you ride my eighth rank spirit beast!"

As he said, he laughed, and the laughter was full of banter!

Nobles like them did not treat Chen Feng and others as adults, playing casually!

In Chen Feng's eyes, anger was steaming, he took a step forward, staring at prosperity, and said in a cold voice: "What are you talking about? If you have the courage, you can give me a try!"

Changsheng looked at him, feeling very ridiculous, and laughed loudly, "You dare to talk to me like this? Believe it or not, I just abolished you!"

Chen Feng looked at him with cold eyes: "Okay, I want to see, why did you abandon me!"

At this time, Chen Feng was already furious.

On the way, he and Tang Ziyang and others get along very well. Tang Ziyang is actually a very cute and hearty girl, not the kind of person who loves vanity.

She just said whatever she had in her heart.

At this moment, they actually insulted Tang Ziyang so much, Chen Feng couldn't bear it!

Changsheng looked at Chen Feng and said with a gloomy look: "Untouchables, think about the consequences!"

"My strength is far beyond what you can compare. For a person of noble origin like me, the strength is beyond your imagination!"

"Compared to me, you can't even compare a finger to me! I can kill you easily!"

Chen Feng was about to speak. At this moment, Leng Xi suddenly grabbed him, lowered his voice and said: "Brother Chen Feng, don't be impulsive, we are not their opponents."

"They are powerful and powerful. Even if you are killed by them, no one will care about it. You will die in vain!"

And Tang Ziyang, also pulling Chen Feng's sleeve, said aggrievedly: "Chen Feng, don't fight with them because of me, we can't afford them!"

Her eyes were flushed, tears were still rolling in her eyes, and her heart was extremely wronged!

Chen Feng took a deep breath, temporarily suppressed the fire, he could go to fight.

He was fearless, even he could see that these two were definitely not his opponents, and he could easily kill them.

However, he can't hurt Leng Xi and Tang Ziyang!

Seeing Chen Feng's expression, prosperously proud, he laughed, looked at Chen Feng, and said with disdain: "Untouchables are untouchables, there is no guts at all! Is this shrinking?"

Ye Tian also pointed at Chen Feng, disdainfully said: "If you don't have that strength, don't learn from other heroes to save beauty!"

"Don't take a **** and take a picture of yourself, to see what you are! The hero did not save the United States and was humiliated in vain!"

As they said, the two laughed and left.

Changsheng turned his head, looked at Tang Ziyang, with a wicked expression on his face, and said: "Untouchable girl, when do you want to ride the Eighth Stage Spirit Beast, don't forget to come to the uncle!"

"Being comfortable with the uncle, uncle will definitely let you get what you want!"

[Chapter 1253: Who abolished who!](#)

Chen Feng and the others had serious faces, and they didn't even want to say more, and they walked directly to the Crazy Battle Academy.

At the entrance of Crazy Battle Academy, there was a table, and behind the table sat an old man in a white robe, more than 60 years old.

The old man sat there calmly, and from time to time, a student from the Mad Fighting Academy came up to him and handed something, and then the old man confirmed on it that this talent could enter the Mad Fighting Academy!

Chen Feng and others walked to the white-haired old man.

Leng Xi was at the forefront, took out his invitation letter and handed it to the white-haired old man, and said respectfully: "Master Teacher, this is my invitation letter."

The white-haired old man didn't even lift his eyelids, didn't even glance at him, but said coldly, "Go away and stay!"

Leng Xi was stunned.

At this moment, two huge monsters stopped beside them, and Ye Tian and Changsheng jumped down from above.

Ye Tian took a demonstrative glance at Leng Xi and others, walked to the white-haired old man, and handed out his invitation letter.

His invitation letter is golden. The old man treats him with a completely different attitude from Chen Feng and others.

He just glanced at Ye Tian's invitation letter, and then smiled gently: "Ye Tian, the third son of the Ye Family in Qingzhou City, is powerful and extremely talented!"

"At only eighteen years old, he has already reached the peak of the Soul Condensation Stage. It's not bad, it can be regarded as a young genius!"

Then Changsheng also stepped forward and handed his invitation letter.

The smile on the old man's face grew thicker, even with a hint of flattery and flattery, watching prosperity, he laughed:

"The eldest master of the Chang family has reached the second level of Soul Condensation Realm! He is even no weaker than some second-year or third-year students in the Mad Fighting Academy!"

"I think you even hope to compete for the top player among the freshmen!"

Prosperity laughed, and said without humility: "I'm here for that!"

After the two of them handed in the invitation letter, they did not leave immediately, but stood by and watched.

At this time, Leng Xi went up again and handed his invitation letter to the white-haired old man.

The white-haired old man reluctantly took it, gave him a cold look, and said impatiently, "Go in!"

Then, it was Tang Ziyang and others. Soon, all four of them had already handed in the invitation letter.

When it was Chen Feng's turn, Chen Feng stepped forward, looked at the white-haired old man, and said lightly: "I don't have an invitation letter..."

He just wanted to say in the next sentence: "But I have a letter of recommendation here..."

And he hadn't said these words yet, behind him was the voice full of joking and arrogance.

"Haha, I didn't even have an invitation letter, so I dared to come to the Crazy Battle Academy. You daredevil really knows how high the world is!"

Another voice also sounded: "Untouchables are untouchables. They don't understand the rules at all. If you don't have an invitation letter, you dare to come. I think you should abolish your cultivation base and beat you directly!"

Chen Feng squinted his eyes, a murderous intent flashed in his eyes, and he turned his head back.

Sure enough, it was Ye Tianhe who prospered.

At this time, the two of them were looking at Chen Feng with disdain, with a very arrogant expression!

Chen Feng looked at the two of them coldly, stretched out three fingers, and said in a cold voice: "There are only three things, I have tolerated the two times just now, this time I will definitely not tolerate it again!"

"Ha, you can't bear it anymore? What if you can't bear it?" Ye Tian laughed.

And Changsheng looked at Chen Feng with a cold expression, and said arrogantly: "Untouchable, you dare to talk to me like this? Tell you, I will abolish your cultivation today!"

As he said, he looked at the white-haired old man and said, "Master teacher, it's okay for me to abolish his cultivation base here, right?"

The teacher teacher smiled slightly: "He doesn't even have an invitation letter. Even if he is not a member of the Crazy Battle Academy, I have no opinion on how you want to deal with him."

"That's good." Changsheng laughed.

Chen Feng looked at prosperity and nodded: "You want to abolish my cultivation base, right?"

"Okay, I didn't want to make a heavy hand next time, if that's the case, then I have to abolish your cultivation!"

"What? Abolish my cultivation base?" Changsheng laughed: "You untouchable, you really don't know how high the world is, you dare to say anything!"

At this time, a group of people walked by, all of them in luxurious clothes, obviously all of noble origin.

They looked at Chen Feng with disdain, extremely hostile.

One of the youths in Qingshan looked at Changsheng and smiled and said, "Changsheng, how did you abolish his cultivation?"

"He dared to speak like this. I think you should just kill him directly. Don't you dare? Or do you have no such ability?"

Changsheng obviously had a bad relationship with him, so he glared at him fiercely and said, "Shui Wuhen, you can't help but worry about it!"

He walked up to Chen Feng and forced him to look at him: "Are you asking me to abolish your cultivation base, or do you come by yourself?"

Chen Feng smiled and said, "I choose to abolish your cultivation base!"

"Untouchables, you are really looking for death!" Chang Sheng roared and blasted at Chen Feng with a punch.

Leng Xi and others looked at Chen Feng, with a worried look in their eyes.

They all thought that Chen Feng could not be a prosperous opponent.

Chang Sheng said in his mouth: "My punch, you can't resist it, you will be hit by the dantian, the dantian will be broken, and the cultivation base will be abolished!"

But his voice stopped abruptly, and the smug expression on his face was also frozen there.

Because he found that his fist was fixed in the air and could no longer advance forward.

He looked down in amazement, and then saw that Chen Feng was blocking it with one hand and holding his fist.

And his fist is absolutely impossible to advance!

Chen Feng smiled and looked at him: "It seems that I blocked your punch!"

Chang Sheng snarled loudly: "Impossible, how can you stop my punch?"

As he said, he urged the power of his whole body, let out a frantic growl, and approached forward.

But it has no effect at all!

He blushed and his neck was thick, and Chen Feng was standing there, his expression indifferent!

Chen Feng smiled and looked at him: "Have you been hitting enough? I'm going to fight back if I hit enough!"

"I, just punch you!"

When he said this, his voice suddenly became fierce, murderous intent flashed in his eyes, the true essence was flowing turbulently, his right palm was still, and he was shocked.

Everyone only heard a scream, and they saw that the blood spurted from Changsheng's mouth and flew out directly.

Then Chen Feng leaped up into the air and blasted his dantian with a punch.

Changsheng screamed again, and everyone clearly saw that his dantian had been directly penetrated.

Then, the thick true essence surged wildly, and the concentration of aura in the air instantly increased by several times.

[Chapter 1254: Dare to fight with me?](#)

Changsheng fell heavily to the ground, screamed sternly, clutching his dantian wound, and cried out loudly: "Ahhhh...my dantian is abolished, my cultivation base is abolished..."

"Ah, ah! Chen Feng, I will kill you!"

The scene was silent, everyone looked at this scene in disbelief!

"How is it possible? How is it possible? How could this untouchable teenager abolish the prosperous cultivation base so easily? Prosperous, but a master of dignified soul!"

These nobles simply look down on civilians like Chen Feng and don't want to believe this scene at all.

But Chen Feng slapped them in the face with actual behavior.

A punch, Chen Feng said that a punch is a punch!

One punch, abolish prosperity!

Chen Feng's strength is so powerful!

Chen Feng looked at them with a smile and said, "Sorry, Changsheng didn't abolish my cultivation base, but I abolished his cultivation base!"

Then he looked at Ye Tian, Ye Tian met his gaze, and he shuddered in fright, and quickly stepped back two steps.

But he immediately realized that it was too embarrassing for him to do so, and his face was very embarrassed. He stared at Chen Feng sternly, and shouted, "Untouchables, what do you think?"

Chen Feng stared at him and said coldly: "You call another untouchable. Believe it or not, I am like abolishing him. Abolish your cultivation base?"

Chen Feng came out of a sea of blood in the corpse mountain, how could he be like these pampered noble boys?

When he stared at him and spoke, the murderous aura seemed to be condensed into substance, flooding towards Ye Tian!

Ye Tian was so frightened that his heart was beating wildly, his face was pale, and he knelt directly on the ground with a plop, unable to say a word.

Chen Feng laughed loudly: "I really understand etiquette, and I know that I will be kowtow to apologize!"

Ye Tian knew he was ashamed, but he didn't even have the courage to say a harsh word.

The look that Chen Feng glared at him just now made him feel that there was already blood red in front of him, as if countless corpses and countless blood rushed towards him.

He was directly frightened by Chen Feng's eyes, and he no longer had any courage!

At this time, outside, there was already a large circle of people.

The students who entered the Crazy Battle Academy today basically gathered around, thousands of people gathered around here.

Most of these students are of civilian origin.

Chen Feng was so angry for the common people, they all shouted: "Chen Feng, great!" *novElusb.coM*

"Chen Feng, good job!"

"Haha, it's so cool!"

Chen Feng smiled slightly, waved his hand at the crowd, and then walked directly toward these noble children.

Seeing him coming, these noble children, with panic on their faces, turned back one after another.

Chen Feng laughed loudly: "Don't worry, I won't do it!"

"You are so powerful and your influence is so powerful, how dare I provoke you?"

His words were full of deep irony, and these noble children were flushed with anger!

Chen Feng is humiliating them.

Then Chen Feng walked to Shui Wuhen, looked at him with a smile, and said softly: "If I heard it right, it seems you just said, let Prosperity take my life, right?"

Shui Wuhen stared at Chen Feng, frowned and said, "You mean, you want to challenge me?"

Chen Feng looked at him and said loudly: "Yes, I just want to challenge you!"

He looked around in front of the crowd, smiled and said: "You nobles, aren't you great? Are you noble? Are you powerful?"

"So, strong you, do you have confidence? Accept my challenge?"

Shui Wuhen chuckled softly, and a disdainful smile appeared at the corner of his mouth: "Untouchables are untouchables. If you have a little bit of accomplishment, you can't live forever."

"Chen Feng, you are a bit too arrogant! You can easily abolish prosperity, but it is absolutely impossible to be my opponent. I am a four-fold dignified soul!"

"Do you think that when you face me, you will have the slightest chance?"

Chen Feng didn't speak, but walked into the court, then hooked his fingers at him, and said lightly:

"Come on, stop talking nonsense, let's see the truth under our hands!"

Shui Wuhen looked at Chen Feng, his eyes flickering.

Secretly estimated in his heart: "Prosperity is the second level master of the soul condensing state. Chen Feng's ability to abolish him indicates that his strength should have reached the third level of soul condensing."

"However, it is impossible to reach the fourth layer of soul condensing. I have such a high talent. I have swallowed my home and provided countless pills since I was a child, and my strength barely entered the fourth layer of soul condensing. How could he also step into the fourth layer of soul condensing? ?"

Thinking of this, he relaxed a little, looked at Chen Feng, and then walked two steps forward, standing opposite Chen Feng, looking at him.

Shui Wuhen took a deep breath, and his body rose vigorously.

Behind him, a martial soul suddenly appeared.

This Wuhun turned out to be an ice mountain peak.

This cold ice mountain peak is more than 20 meters high, and below, almost seven or eight meters high, you have completely condensed into cold ice, and has transformed from an incorporeal body to a physical body.

Obviously, his Frozen Martial Soul is already more than 40% of the part, condensed into an entity, reflecting the four-fold powerful cultivation of his Soul Condensation Realm!

The moment the peak of the cold ice mountain appeared, a black light flashed quietly in the sky, indicating that his martial soul was a first-rank Xuan-level martial soul!

"Mysterious first-rank martial spirit, the peak of the cold ice mountain! Shui Wuhen actually used the martial spirit as soon as he came up. It seems that he still values this kid quite seriously!"

"This pariah does have some strength, but since Shui Wuhen has used Wuhun, he will definitely not be an opponent!"

"Yes, there are already 40% of Shui Wuhen's martial arts, turning the fiction into reality, and can definitely suppress this untouchable!"

Those noble children all talked!

Shui Wuhen looked at Chen Feng and said proudly: "Chen Feng, I am a first-grade Xuan rank martial spirit, killing you like a chicken!"

"Release your martial soul, let's fight each other!"

Chen Feng smiled faintly: "Do you still need Wuhun to deal with you?"

Shui Wuhen's face turned extremely gloomy, and he said coldly, "You are looking for death!"

As he said, he leaped up into the air, stabbing a long sword in his hand.

After the long sword was pierced, everyone immediately felt that the temperature in the air dropped by dozens of degrees, just like winter.

In the air, water vapor condenses, and above the sky, the sound of waves is surging.

With the sound of the waves, countless huge long ice thorns were frozen in an instant, and they stabbed at Chen Feng fiercely. The momentum was fierce!

This is Shui Wuhen's strongest killer move, Wanbing Profound Sword!

These ice thorns are extremely sharp, and even one can kill a fourth-grade spirit beast and pierce steel!

With so many long thorns on the ice, Chen Feng absolutely cannot resist!

[Chapter 1255: Who else? !](#)

Behind him, those noble children shouted loudly: "Shui Wuhen, kill Chen Feng!"

"Killing this defiant pariah, he dared to humiliate us just now!"

"Let him know that a nobleman is a nobleman, and he is not a pariah who can offend!" *novelusb.Com*

Chen Feng laughed loudly: "It's a pity that I will disappoint you!"

With that said, he directly took the Dragon Slaying Sword from behind.

Then, his aura increased crazily, and the Dragon Slaying Sword swept across, ding ding ding, and a burst of soft sounds continued to sound.

Those ice thorns were all beaten into pieces by the Dragon Slaying Knife!

Then, Chen Feng leaped high, and the Dragon Sword slashed towards Shui Wuhen frantically.

The Dragon Swordsman's fierce aura directly enveloped Shui Wuhen.

Shui Wuhen was shocked!

Chen Feng's strength far exceeded his imagination.

With a thought on his mind, that Frost Mountain Peak Martial Spirit stood in front of Chen Feng!

Chen Feng's dragon-slaying knife smashed crazily on this ice mountain peak martial spirit.

With a bang, Hanbing Mountain Peak Martial Spirit was directly cut in half by Chen Feng's Dragon Slaying Sword!

The cold ice that has solidified into substance still cannot withstand the Dragon Slayer Sword!

The Martial Spirit of Hanbingshan Peak, the light flickered for a while, and it disappeared directly after brushing it. It was already severely injured!

Shui Wuhen's martial soul was hit hard!

Shui Wuhen was also vomiting blood crazily, suffering from severe pain, and fell to the ground heavily, clutching his head, and screamed harshly.

He felt that his head was about to explode with pain.

This was an obvious manifestation of Wuhun's heavy damage.

Standing in place, Chen Feng laughed loudly: "Who else? Who else is not convinced?"

The Dragon Sword in his hand pointed forward: "Those who refuse to accept, stand up! Fight with me!"

Those noble children looked at Chen Feng in silence, and no one dared to speak.

Among them, the strongest Shui Wuhen was easily defeated by Chen Feng and seriously injured. Who would dare to fight?

They have to admit that this untouchable is far stronger than them.

What's more, what shocked them even more was that this untouchable, obviously only has the soul-condensing level, but it can be defeated, reaching the water-free mark of the soul-condensing fourth level!

At this moment, the white-haired old man suddenly stood up and looked at Chen Feng, with a deep look of disgust in his eyes, and said lightly:

"You untouchable, you are making trouble in front of my mad war academy, are you looking for death?"

"The old man must take action today and teach you a lesson!"

Chen Feng looked at him, with a hint of irony in his eyes, and said: "The so-called noble children just now taught me, why didn't you come out and interfere?"

"Now, they are defeated by me, taught by me, but you are going to teach me? Are you plainly partial?"

The white-haired old man shook his head and said solemnly: "It's not the same, they are students from my Crazy Battle Academy, and you are not, naturally you can't enjoy the same treatment as them!"

Chen Feng smiled and said, "Who said I am not a student of the Crazy Battle Academy?"

The old man chuckled, and curled his lips in disdain: "You didn't even get the invitation letter, so you dare to call yourself a disciple of the Crazy Battle Academy!"

Chen Feng smiled and said: "Yes, I didn't get the invitation, but I didn't finish the sentence just now."

"I didn't get the invitation letter, but I did have a recommendation letter!"

As he said, he flicked his hand and flicked the recommendation letter to the white-haired old man.

The white-haired old man took it in his hand, but didn't even look at it, so he threw it aside, then stepped on his feet, and said with disdain:

"Just as a pariah like you, what big person can you know? This letter of recommendation is mostly forged."

"Do you think that anyone who writes a letter of recommendation can get you into the Mad Fighting Academy?"

Chen Feng squinted at him and said softly: "This teacher, I hope you don't regret what you just did."

A cold look flashed in the eyes of the white-haired old man: "You dare to threaten me?"

Chen Feng shook his head and said, "I didn't threaten you, I'm just telling Chen Feng a fact."

"Well, the old man will tell you now! I will never regret it!"

"Not only will I not regret it, but I still have to teach you severely, so that you never dare to speak wild words again!"

"I want you to know what is called superiority and order!"

Chen Feng sneered: "If you want to favor them, just say it!"

The students from civilians around were very angry and shouted:

"How can the teacher of the Mad Fighting Academy be so partial to the nobles?"

"Yes, when the noble children wanted to teach Chen Feng just now, you didn't care. Now that Chen Feng has taught them, you have to vent their anger for these nobles. Why?"

Everyone shouted angrily.

The white-haired old man frowned, looked at them with cold eyes, and said in a cold voice, "You try to say what you just said again?"

"Who dares to say one more thing, immediately expel from the Crazy Battle Academy!"

Suddenly, no one dared to speak anymore.

Everyone was very angry, but they were afraid that they would really be expelled from the Crazy Battle Academy and lose this opportunity.

For civilians like them, this may be the only hope for future achievements.

But at this time, someone stood up firmly, it was Leng Xi.

He stood behind Chen Feng and shouted: "I'm not convinced! I support Chen Feng!"

As he stepped forward, Tang Ziyang, Liu Mang, Ye Yun, and several of them also stood up and supported them!

Chen Feng looked at them with a touch of emotion in his eyes: "Why are you guys?"

Leng Xi smiled and said, "I cherish the opportunity to enter the Crazy Battle Academy, but I cherish our friendship even more!"

Tang Ziyang said loudly: "But if there are such goods in the Mad Fighting Academy, then it is better not to go in!"

Both Ye Yun nodded, "Say!"

"Okay!" The white-haired old man looked at the four of them and said with cold eyes:

"Since you don't want to enter the Crazy Battle Academy, well, today I will abolish the cultivation base of the four of you together with Chen Feng, and throw it out of Qingzhou City, so that you can fend for yourself!"

As he said, he slowly walked towards Chen Feng, his body steaming up.

Huh, he actually reached the fifth level of Soul Condensation!

Powerful and overwhelming, he pressed hard against Chen Feng.

Chen Feng also showed a solemn look in his eyes.

He hasn't encountered a five-layer opponent of Soul Concentration, surpassing his entire four realms, and it can even be said that he can't resist it now!

But Chen Feng will not be afraid, will not shrink!

Holding the Dragon Sword in his hand, he looked at the white-haired old man with firm eyes.

The surrounding aristocratic children cheered: "Master Cultivator is a five-level soul condensing master!"

[Chapter 1256: breakthrough! Hard to shake the soul five!](#)

"Haha, soul-condensing five-tier powerhouse! This time, Chen Feng will definitely die! I see how he struggles!"

"When his cultivation base is abolished, we can insult him at will, and he will definitely be better than dead at that time!"

The momentum of the white-haired old man pressed against Chen Feng fiercely.

In Chen Feng's dantian, being so stimulated, sudden changes occurred!

At this time, without the suppression of the Dragon Sword, the true essence in Chen Feng's body became extremely agile and lively, and it was running wildly in Chen Feng's body.

Nine Yin and Nine Yang magic arts, quietly operating.

The cyclone formed, and Chen Feng was surprised to find that there was a large cloud of gray mist in the cyclone.

This is a huge amount of true essence that has not been refined!

Chen Feng was shocked.

"How come? Where did the true essence come from?"

But soon, he came to understand: "I know, these true essences are those that I have absorbed in the past, which are more difficult to refine."

"Usually, the nine-yin and nine-yang divine art hides these true essences, but now, when I start to meditate, I start to take it out and absorb it!"

These true essences are extremely stubborn and difficult to absorb and transform.

However, the Nine Yin and Nine Yang Divine Skills are indeed extremely powerful, turning into layers of sharp blades, and countless blades swept past these true essences.

Soon, these true essences were used by Chen Feng.

In the pubic area, there was once again a rain of true essence.

An hour passed, these true essences were finally absorbed.

And at this time, suddenly, in the Ocean of True Essence, there was a wave of thousands of feet.

The clear spring at the bottom of the Ocean of True Essence suddenly gushed out frantically.

Originally, Jinquan was only over one foot high, but now, with a sigh, it has skyrocketed to over two feet high.

Chen Feng's Ocean of True Essence had been dyed with a very light and very pale gold before.

And now, the density of this golden color has doubled compared to before, and it can be roughly distinguished.

Chen Feng broke through directly and entered the second stage of Soul Condensation!

At this moment, everyone was shocked to see that behind Chen Feng, a giant martial arts soul with a height of more than 30 meters suddenly appeared.

When this giant Wuhun appeared, it was still a phantom.

But then, on his arms, he actually began to quickly condense from the virtual.

It was just a moment of effort, and the giant's two huge arms, as thick as a thousand-year-old tree, had completely condensed into entities.

Muscle tired, ferocious and vicious, looks full of power!

Everyone exclaimed.

"Chen Feng broke through, he broke through directly at this moment!"

"This person is definitely a genius, facing a powerful enemy, not only is he not afraid, but directly breaks through and is stronger!"

"Now, he is already the second level of Soul Condensation, look at his martial soul, first-grade Profound Rank, such a powerful giant!"

"This Martial Spirit is also extremely powerful, and the arms of the Martial Spirit have all turned into entities!"

"Haha, there is a good show here. Just now, Chen Feng, who has the first soul concentration, is enough to defeat the soul of the fourth layer Shui Wuhen, and now the soul soul second layer Chen Feng. Can he defeat the teachings of the soul soul fifth layer? grown ups?"

Chen Feng was also extremely pleasantly surprised, but he didn't expect to break through directly.

What made him even more pleasantly surprised was that at this moment, he was in the mysterious space of Chen Feng's martial soul.

The two real martial souls that hadn't been revealed: Azure Dragon and Golden Giant Pillar, also changed.

The four huge claws of Qinglong Wuhun directly condensed from the incorporeal body into the entity.

And the huge golden pillar, the top one-ninth of the pillar body, has also become an entity!

The most important thing is that two black rays of light flashed above these two spirits!

Not only did the two of them become bigger from the virtual reality, but they also directly increased their level, from the first stage of the profound level to the second stage of the profound level!

As for the magical effect, Chen Feng is too late to figure it out!

Chen Feng closed his eyes slightly, felt the surging power in his body, and felt that he was so powerful.

And even the Dragon Slaying Knife in his hand seemed to be lighter.

He smiled slightly at the corner of his mouth and said softly: "Now, I can use the Dragon Slaying Knife five times, and it won't cause harm to the body!"

The white-haired old man flashed his eyes: "We can't let Chen Feng become stronger anymore, we must kill him now! To avoid future troubles!"

As he said, he roared sharply, and slapped out his palms.

And as he clapped out with both hands, behind him, a huge green snake also appeared.

This green snake, obviously possessing very poisonous, spit out a long red tongue, making a hissing sound.

With the appearance of this green snake, the palm strength of the white-haired old man also became feminine and vicious. It seemed that no matter how Chen Feng resisted, it would be easily eroded.

The ground, which was as strong as iron, was blown by the palm wind, and it was directly eroded out of a large hole.

Everyone exclaimed: "Master Teacher, it's too shameless. When dealing with a younger generation, someone directly uses Martial Soul!"

"This time, even if Chen Feng makes a temporary breakthrough, it is probably not his opponent!"

"This is a five-tiered soul condensing master!"

Chen Feng could spit out two words: "Shameless!"

As he said, the Dragon Slaying Sword in his hand slashed forward frantically.

With a bang, the old man's palm was directly cut to pieces.

And Chen Feng, also thumping, stepped back three steps in succession.

But the Dragon Slaying Knife is really powerful, even if it is so, it still slashed the old man directly after smashing the palm wind, directly slashing the old man to the left half of his body, which looked extremely miserable.

The old man let out a scream!

"What?" There was an explosion in the crowd.

"Master teacher was injured! He was injured by Chen Feng!"

"Chen Feng's current strength is already comparable to a five-level soul condensing master!"

This shocked everyone.

The white-haired old man looked at Chen Feng, with a look of shock in his eyes: "This little boy, the strength is so powerful!"

He felt that he had lost face and was extremely angry. He stared at Chen Feng and said coldly:

"Chen Feng, you are waiting, whether you are a student of the Crazy Battle Academy or not, you will be killed today!"

"Because you dare to offend the instructors of the Kuangzhan Academy!":

With that said, he madly attacked Chen Feng!

After all, Chen Feng was three levels lower than him, and soon he was not his opponent, especially after he attacked with the Dragon Sword for five times, he was unable to use it anymore, and there was no threat to the white-haired old man.

boom! With a loud noise, Chen Feng was hit in the chest by the white-haired old man, and a vicious palm force poured into his body, making him feel like countless small snakes gnawing in his body.

It's painful!

At this moment, a sound of breaking through the air suddenly came from a distance.

[Chapter 1257: Luo Xiaoran](#)

A figure rushed towards here, and everyone saw that this person was flying in the sky.

They suddenly exclaimed: "Flying in the air! Only a condensed soul realm master has such strength! And this person is in the condensed soul realm, definitely not low! I am afraid that it has exceeded the sixth level of the condensed soul, and may even reach the condensed soul. peak!"

This person screamed and came directly in front of everyone.

Everyone saw that this was a handsome middle-aged man in a green shirt.

He frowned, looked at the teacher, and said, "Wang teacher!"

The handsome middle-aged asked: "What's the matter? Aren't you responsible for the admission of the new students this time? Why did it make such a mess?"

After the teacher Wang saw him, he seemed to be the mainstay, and he hurried forward, flattering and saying:

"Master Dean, someone is making trouble here!"

After that, he pointed at Chen Feng and said loudly: "This pariah has no invitation letter at all. I don't know where he got a recommendation letter, so he came to bluff and deceive, and also provoked the incident and wounded Ye Tianhe Changsheng! "

He directly confuses right and wrong, reverses black and white, and is extremely shameless!

He said loudly, "Master Dean, you must be the master for me!"

There was a voice from the crowd: "Is this the dean of the Mad Fighting Academy?"

"No, I heard that the dean chosen by Kuangzhan is an old man over two hundred years old, and he cannot be so young."

"Oh, I see! He should be the youngest among all the deputy deans, and is known as Luo Xiaoran, the fastest sword in Qingzhou!"

"Yes, this person is Luo Xiaoran!"

Many people's faces showed admiration and admiration.

In the eyes of the students of the Crazy Battle Academy, these deans and deputy deans were like myths, and at this moment they saw the deputy deans!

Luo Xiaoran frowned, looked at Chen Feng, and suddenly asked, "Are you Chen Feng?"

Chen Feng nodded: "Yes, it is."

Luo Xiaoran immediately showed a smile on her face, stepped forward, patted Chen Feng on the shoulder again, and laughed:

"Sure enough, when the hero is a teenager, I'll just say, Zhao can't lie to me."

"A while ago, he sent me a letter saying that he recommended me a young talent to come to our college. I was a little bit suspicious, but I didn't expect it to be you."

"Very good, very good! At only 18 years old, he is already comparable to a five-level soul condensing master, and he is definitely a young talent!"

The old Zhao in his mouth is naturally Zhao Songyan!

After hearing these words, Wang Jiaoxi's face immediately turned pale.

It turns out that Chen Feng really has a background. It turns out that the person who wrote the letter of introduction to Chen Feng has such a high status and is a good friend with the deputy dean!

His heart was terrified, and his body was already shaking.

At the corner of Chen Feng's mouth, a slight smile appeared: "It was a letter of introduction written by Senior Zhao!"

Luo Xiaoran smiled and said, "Welcome to the Crazy Battle Academy!"

Chen Feng shook his head and said, "I originally wanted to enter the Crazy Battle Academy, but now I don't want to enter."

Luo Xiaoran asked in amazement: "What is the reason for this?"

Chen Feng said indifferently: "Kuangzhan Academy is really too disgusting. With such training and boots, I don't want to enter this filthy place!"

With that said, he said what had just happened.

After Luo Xiaoran finished listening, his brows furrowed and his eyes became a little gloomy.

He looked at Teacher Wang and said, "Is what Chen Feng said just now is true?"

Teacher Wang was already trembling with fright at this time, and his voice trembled and said: "No, Master Dean, listen to me..."

"No need to explain!" Luo Xiaoran said flatly.

He suddenly said to Chen Feng: "Chen Feng, take out the letter of introduction,"

Chen Feng didn't know why, so he handed him the letter of introduction.

Then, Luo Xiaoran flicked it lightly, and the letter of introduction fell directly into the dust.

Then he said to Wang Jiaoxi: "Now, go and pick up that letter."

After Wang Jiaoxi listened, his face suddenly turned pale. This was a naked slap on his face, but he dared not disobey it.

He was just an ordinary teacher, and he was in his current position because of his old age. The actual cultivation level is not high, and compared with Luo Xiaoran, it is even farther away.

He had to gritted his teeth and walked forward, bending over to pick up the letter of introduction.

At this time, Luo Xiaoran suddenly coldly snorted: "Kneel on the ground! Did you hear that?"

Teacher Wang trembles violently, but he still knelt to the ground, picked up the letter of introduction, walked over, and handed it to Luo Xiaoran respectfully!

Luo Xiaoran looked at him and said coldly: "Don't think I don't know what you do! Be careful!"

Luo Xiaoran looked at Chen Feng and smiled and said, "Chen Feng, I'm venting my breath for you. Now, you can always agree to enter the Crazy Battle Academy!"

When everyone heard his words, their faces were shocked.

The deputy dean of the dignified violent war academy spoke to Chen Feng in such a polite, even pleading tone.

This Chen Feng really has a great background, and he is indeed a genius!

They were amazed, guessing Chen Feng's identity, especially those nobles, suspecting that Chen Feng was not an ordinary civilian at all!

In Wang Jiaoxi's eyes, he was extremely annoyed: "What am I doing to provoke him? This is an existence that simply can't provoke! His background may be so huge!"

However, Changsheng, Ye Tian, Shui Wuhen and others have even more jealous and maddening expressions on their faces.

Their own family power is extremely large, and they are not afraid of the power behind Chen Feng.

Chen Feng lost their face this time, and their resentment was extreme!

Chen Feng pondered for a moment, then finally nodded and agreed to Luo Xiaoran.

He knew that if he didn't agree anymore, he would be a little bit ignorant to praise!

Luo Xiaoran laughed, then waved his hand to everyone, and said: "Okay, don't watch the excitement here, let's all go away!"

The majesty of the deputy dean radiated, and no one dared not obey the orders, and quickly dispersed.

Soon, there are only a few people left here!

Then Luo Xiaoran smiled and said to Chen Feng: "Chen Feng, I personally lead you in. It just so happens that your treatment is a little different from others."

After hearing this, Leng Xi and others all showed envy on their faces, but they were sincerely happy for Chen Feng.

Chen Feng said goodbye to a few of them, and then followed Luo Xiaoran into the Crazy Battle Academy.

Kuangzhan Academy occupies an extremely large area. After entering, you can see all kinds of tall palaces, continuous and continuous, without seeing the end at a glance.

Moreover, the most present here is the martial arts field, which is almost everywhere.

[Chapter 1258: I love him!](#)

The martial arts field was surrounded by tall walls. When Chen Feng walked outside, he could hear the screams and the rumble of true yuan collision from time to time inside!

Soon, Luo Xiaoran led Chen Feng all the way inside, leading him to a separate small courtyard.

Pushing open the courtyard, inside is a two-story pavilion, very delicate.

Luo Xiaoran smiled and said, "According to the rules of the Crazy Battle Academy, all the first-year students who enter the Crazy Battle Academy live in a room with four people."

"But you are naturally different from others. You can have this separate yard."

Then he threw a jade plaque to Chen Feng and said, "Holding this jade plaque, you can enter the first floor of the Buddhist Scripture Pavilion and use various training facilities."

"Generally speaking, first-year students don't have such treatment at all. Only some rather powerful second-year and above students can use these measures."

Chen Feng knew that the reason why he was so attracted to him was because of his talent and demonstrated strength, and secondly, it was Zhao Songyan's face.

He smiled and greeted him and said, "Thank you, Master Dean."

Luo Xiaoran waved his hand and said, "You don't have to be so polite with me. I have a life-long friendship with Lao Zhao."

"When we were young, we wandered around the mainland for more than ten years. He saved me and I don't know how many times."

"Since he has entrusted you to me, I will naturally take good care of you during this period of time in the Crazy Battle Academy."

Chen Feng thanks again!

It was also at the same moment, south of Danyang County.

Here, is a stretch of mountains, the mountains are not high, not very big, but it gives people a very strange feeling.

It's like a poisonous snake lying on the ground, and these mountains, gray and green, look very uncomfortable.

There is more miasma in the mountains, just like the poisonous mist spit out by a poisonous snake.

Shenlong Sect is located in this mountain range!

At this time, in the hills leading to the Shenlong Sect in Danyang County, millions of people were digging through the mountains, preparing to build a broad road.

And at this time, the road that hasn't been completely repaired is already full of people and cars, which is extremely lively.

There are a large number of caravans traveling between Shenlongjiao and Danyang County!

Now, the Shenlong Cult is different from the original. The original Shenlong Cult hides in the ground, everyone shouts and beats, and they dare not show up.

Now, after the Shenlong Sect destroyed the Ziyang Sword Field, it has become the de facto guardian sect of Danyang County.

The prefecture of Danyang County has also acquiesced to this fact.

So now, those big families and sects in Danyang County immediately began to indulge in Shenlong Sect!

The Shenlong Sect is not as open and magnificent as Ziyang Sword Field, but only a few low palaces have been built on some peaks.

Most of their buildings are located underground, in caves.

At this time, the core position of Shenlong Sect was in the depths of a huge cave.

Here is an underground hall with a radius of one thousand meters and a height of more than two thousand meters, almost hollowing out a large mountain directly.

Relying on the mountain wall, layered palaces were built.

The largest of them is the residence of Dragon Sect leader Long Houshui!

Originally, Shenlong taught everyone in a good mood.

After destroying the Ziyang Sword Field, they got great benefits.

But today, everyone is trembling. When passing by the palace, they dare not even make a noise for fear of being implicated.

Because, since this morning, there have been angry roars from time to time in the palace.

They heard that it was the voice of the leader Long Houshui!

At this moment, in the hall, Long Houshui was sitting on the seat with a gloomy face, staring at Luo Zilan who was kneeling in front of him.

He just lost his temper, his breathing is still a bit heavy and his face flushed.

And Luo Zilan knelt there, silent, her expression calm and demure.

Just like a purple orchid blooming quietly in the dark night, full of elegant atmosphere!

Long Houshui stared at her, and said in a cold voice, "Luo Zilan, you said, what is the relationship between you and that kid?"

Luo Zilan didn't say a word, as if he hadn't heard.

His appearance made Long Houshui even more furious, and shouted: "I asked you something! Did you hear that? What is your relationship with that kid? Did you two have an affair?"

Luo Zilan is still very elegant, still not speaking! But her attitude is obviously already acquiescing to all this!

The dragon queen's eyes became extremely cold, and the eyes showed extreme jealousy and anger, almost bursting out flames.

He walked forward, slapped, slapped Luo Zilan's face with a big slap, and snarled loudly:

"You are my woman, you can only be my woman, how dare you have an affair with him?"

"I want to kill you bitch, I want to kill you adulterers and women!"

Beside, Su Na had a smile on her face, her smile was extremely bright and happy, staring at Luo Zilan, her face gloating.

Luo Zilan's beaten face tilted to the side, blood overflowing from the corner of her mouth.

But he was not surprised or angry, his eyes were still calm, but he finally raised his eyes and looked at Long Houshui, a touch of mockery flashed in his eyes.

She finally spoke: "Oh, really? I'm your woman, I'm just your woman?"

"So, for the sake of Xuan Huo, you asked me to sleep with that bad old man for a few years, what do you say?"

She looked at Long Long Houshui, with a look of disdain in her eyes, and suddenly giggled. The laughter was full of anger, hatred, and disdain:

"I'm your woman? Don't lie to me, don't lie to yourself! You just treat me as an object!"

"You dominate me, not because you like me so much, but because of your possessive desire, but because of your selfish desire!"

"And once for the benefit, you can sacrifice me mercilessly!"

"You! You!" Long Houshui pointed at him, shaking all over!

Luo Zilan's words hit his sore spot, because of the fact, that's it!

Luo Zilan looked at him with cold eyes: "What? Did I say something wrong?"

At this moment, when he met her gaze, Long Houshui suddenly panicked.

He saw Luo Zilan's gaze, and he immediately realized that Luo Zilan had completely awakened, and she never wanted to confuse herself with herself!

He suddenly realized that this elegant woman no longer belonged to him!

He suddenly panicked, grabbing Luo Zilan's arm and shouting: "Luo Zilan, do you have any affair with him?"

"As long as you never deal with him again, as long as you can change your mind, I can forgive you this time!"

"Haha, forgive me? You forgive me? Are you worthy?" Luo Zilan sneered with sarcasm.

Then, she raised her head high, revealing her long, white neck: "I love him!"

In an instant, Long Houshui was furious!

He stared at Luo Zilan and snarled coldly: "Bitch, I must make you regret it!"

"You wait for me, I must kill you adulterers and women!"

Luo Zilan smiled, extremely contemptuously.

She looked at Long Houshui and said softly: "A year ago, he had just stepped into the Divine Sect Realm. When I knew him, he was a master of the Heavenly Sea Realm."

[Chapter 1259: Almost crazy](#)

"And now, he is already in the soul condensing state!"

"He is the only person in the world, wait, there will be one who will die, but it is not him, but you!"

"You **** who eats inside and out, get out of here! Get out!" Long Houshui was so excited that he almost went crazy, and shouted sharply.

Several guards strode in and pressed Luo Zilan down.

Su Na falsely persuaded her next to her with a false voice: "Master leader, calm down your anger."

"Don't pay attention to what this little **** said. She is deliberately **** you off? Don't be **** off for him, it is not worth it!

Long Houshui smashed the table in front of him frantically with both fists, and shouted: "Check, give me a job!"

"Be sure to find out where the little bunny went! Even if he digs 3 feet, I will find him and kill him!"

That night, Chen Feng sat cross-legged in his residence, practicing nine-yin and nine-yang magic.

Originally, the Nine Yin and Nine Yang Divine Art worked very smoothly.

But suddenly, Chen Feng felt that the cyclone in the dantian seemed to have countless black spots in an instant.

Then, these black spots spread and expanded rapidly, occupying a full one-third of the nine-yin and nine-yang magical power.

Then, everywhere in Chen Feng's dantian and meridians, there were countless blockages, just like blood clots appearing in the blood, instantly blocking the flowing true essence.

The Zhen Yuan in Chen Feng's body was completely unable to function normally at this moment.

Chen Feng opened his eyes and let out a muffled snort, a mouthful of blood spurted out, feeling a sharp pain in his chest!

There was also a very stuffy feeling in his chest, as if he couldn't even breathe.

Chen Feng said to himself in amazement: "What is this situation?"

Since he practiced the Nine Yin and Nine Yang Divine Art, he had never encountered such a thing.

Anlao quietly appeared beside him, looking at Chen Feng, his brows clenched.

He thought about it for a long time before he said: "Chen Feng, your current situation may be caused by the Nine Yin and Nine Yang Divine Art!"

"What?" Chen Feng still said: "Due to the nine-yin and nine-yang magic?"

"Yes." An old man said: "You have absorbed too much foreign true essence."

"These true essences, some are pure, some are mixed, and their attributes are different."

"Although the nine-yin and nine-yang divine arts are so magical that you can turn them into your own true essence for your use, they also leave countless hidden dangers."

"At this time, all of these hidden dangers have erupted. These true essences that have not been completely ablated have all appeared and blocked your meridian dantian. That's why this happened!"

He said with some rejoicing: "Fortunately, it was discovered early. If it suddenly broke out later, you might go into trouble, break your meridians, and burst into death!"

Chen Feng listened in a cold sweat, and said in amazement, "Old An, how could this be?"

"Nine Yin and Nine Yang magic arts, logically speaking, there shouldn't be such hidden dangers!"

"It really shouldn't!" said An Lao!

He twisted his brows and thought for a while, and suddenly said: "I understand, the nine-yin and nine-yang divine art is too high, and yours is too low."

"With your current strength, you can forcibly cultivate the nine-yang and nine-yin divine art, that's why it becomes like this. In fact, if you didn't have the yin and yang body, you wouldn't be able to cultivate this divine art at all."

"Even with the body of yin and yang, it is even quite reluctant!"

Chen Feng nodded, then he quickly asked: "Old An, what should I do now?"

An old man said softly: "From now on, stop absorbing other people's true essence, find a place full of spiritual energy and pure, retreat, meditate, and practice with concentration!"

Chen Feng nodded heavily, leaving a trace of haze in his heart.

The next morning, Chen Feng was meditating, and suddenly, an arrogant and domineering voice came from outside:

"Boy, get out of it!"

Chen Feng raised his brows: "Is this talking about me?"

Shaking his sleeves, he stood up and pushed open the courtyard door.

Then I saw that there were a dozen people standing outside the courtyard.

These people looked at Chen Feng with fierce or indifferent faces.

Moreover, their gazes towards Chen Feng also revealed a trace of greed.

But Chen Feng soon discovered that their greed was not directed at him, but at the courtyard behind him!

At the forefront was a burly man, who was now looking at Chen Feng with his arms in his arms, with a proud look.

After seeing Chen Feng come out, he snorted coldly: "Boy, get out of this yard now, let me live in this yard, and I will spare your life!"

Chen Feng looked at him, raised his brows, and said, "You mean, you want to take my yard?"

"Yes!" said the big man proudly!

Chen Feng quickly understood what was going on.

There are very few people who can own an independent courtyard in the Mad Fighting Academy, and the others are only a few talented people living in one room, so the arrival of Chen Feng must have caused their greed.

Chen Feng swept his gaze, and when he met the gazes of a dozen other people, he immediately understood.

These more than a dozen people, it is estimated that they want to take their own yard, but they are not so reckless, let this big man take the lead. Try your own weight.

A smile appeared at the corner of Chen Feng's mouth: "This is very interesting!"

The big man watched Chen Feng not speaking, and roared impatiently: "Boy, don't you understand human words? Get out!"

Chen Feng looked at him and smiled with interest: "Why are you so sure that you can easily eat me?"

The big guy laughed loudly: "I've seen a lot of **** like you! The reason why I can live in my own yard after entering here is because my family has a good background!"

"But, in the Mad Fighting Academy, do these have a fart?"

"Crazy Battle Academy, just look at one point, it is strength! Here, my strength is enough to crush you, so we can take your yard!"

"Oh, it turned out to be like this!" Chen Feng nodded slowly.

The strong here are respected, and the background is not that important.

He grinned suddenly: "If this is the case, then I understand!"

As he said, Chen Feng's figure suddenly flashed, and he came directly to the big man.

The big man was startled, roared repeatedly, and blasted his fists towards Chen Feng.

Chen Feng slapped his right palm lightly, and slapped him fiercely on Dahan's left cheek.

The whole head of the big man shook violently to the side, and his neck made a sour clicking sound.

It gave people the feeling that it was about to be broken, and the person who was beaten sprayed blood, several teeth were lost, and a palm print appeared heavily on his face.

And his huge body was pumped out several tens of meters, and fell heavily to the ground.

[Chapter 1260: Silent Crypt](#)

The big man raised his head, looked at him in amazement, and exclaimed: "You, your strength is no longer weaker than Ningshun Triple!"

Chen Feng looked at him and said lazily: "It seems like this."

Then he looked at everyone, smiled and said, "You guys who want to buy cheap, should you see my strength clearly now?"

"Sorry, my strength seems to be enough to crush you, so you guys, get out now!"

When he said the word "Fun", he suddenly roared from his throat. He was murderous and murderous!

These people, as if feeling murderous intent on their faces, immediately trembled all over in fright, and hurriedly left.

Suddenly, there was a burst of laughter from behind everyone: "What am I talking about? Chen Feng must be able to teach them an unforgettable lesson!"

This is the voice of a woman.

And the other airy voice smiled and said: "It's enjoyable, it's really enjoyable! Watching a good show, it's not in vain that we waited for so long by the side!"

Chen Feng turned his head, shook his head, and said, "You guys? It's really bad!"

Sure enough, it was Leng Xi and the four of them.

The four of them were standing there at this time, looking at Chen Feng with a smile on their faces!

The big man glanced at Chen Feng and saw that Chen Feng hadn't noticed him, so he immediately got up and prepared to leave.

Without looking back, Chen Feng suddenly said, "Did I let you go?"

The big man shivered with fright, stopped quickly, stood there and didn't dare to move!

Chen Feng looked at Leng Xi and smiled and said, "Why did the four of you come here so early?"

Leng Xi smiled and said, "Come and find you to practice!"

Chen Feng raised his eyebrows: "Is it about to enter the cultivation state so soon?"

Leng Xi looked as if it were taken for granted, and said, "Of course, we entered the Crazy Battle Academy mainly to come here to practice!"

"Where to practice?" Chen Feng asked.

Leng Xi smiled mysteriously: "You will know when you go!"

Chen Feng nodded and said without looking back: "If you leave here before I come back, I will definitely find you, interrupt your limbs, abolish your cultivation skills, and then throw you out!"

The voice was cold and without emotion.

The big man trembled all over, with a look of fear on his face, and quickly said: "I dare not, I dare not."

Chen Feng nodded, and left with Leng Xi!

Soon, a group of five people came to the east of Crazy Battle Academy.

There is a valley in front of them. There is someone guarding the valley in front of them. When those people see them, their expressions are cold, without the slightest emotion: "Take it out!"

Chen Feng was still a little stunned, and the four Leng Xi hurriedly took out a colorless card and handed it over.

Chen Feng thought for a while, and suddenly realized that he quickly took out the card Luo Xiaoran left to him yesterday.

He only discovered at this time that this card was originally white.

Seeing this white card, Tang Yanran and others all exclaimed: "Chen Feng, your card is actually white!"

Looking at them, Chen Feng asked in a daze, "What's wrong with the white one?"

When Tang Ziyang heard this, she looked distressed and said: "Chen Feng, you really don't know the blessing in the blessing!"

Even the guards, after seeing the white card in Chen Feng's hand, showed a slight stunned and envy on their faces.

Then they waved their hands and said, "Go in!"

"You guys, the time limit inside is one month! And you, the time limit inside is three months, don't waste time!"

"If the time has not come out, you will be severely punished!"

The four Leng Xi nodded quickly.

Then, a group of five people walked in.

After entering the valley, Chen Feng keenly noticed that the vitality of the heaven and earth here is abnormally abundant.

It is not only abundant, but also violent and very chaotic.

Chen Feng took a deep breath and felt the miraculous power of the nine yin and nine yang in his body work, directly transforming this heaven and earth vitality into a drop of true essence, quietly dripping down!

Chen Feng was shocked: "The concentration of vitality here is extremely strong!"

At the beginning, Ziyang Sword Field also had a few places with strong auras, which were said to be particularly suitable for cultivation.

However, the richness of heaven and earth here is definitely far more than there.

You know, in those places, Chen Feng still has no sense in it, because his level is too high.

Those places have no effect on him. But here, it has a great effect on him!

Soon, everyone came to the valley. In the middle of the valley, there was a deep hole.

The bottom is dark, and I don't know where it leads to and how deep it is. On the edge of the deep hole, there are stairs spiraling downwards, dividing the pit into layers.

On each floor, there seems to be a channel leading into it.

Leng Xi smiled and looked at Chen Feng, and said, "This is called the Silent Crypt!"

"Quiet Crypt?" Chen Feng pondered these four words.

Leng Xi said: "Here, it is dedicated to cultivation. You can feel the concentration of vitality in this valley far beyond the outside."

Chen Feng nodded: "That's right."

Leng Xi continued: "However, in this silent crypt, the concentration of vitality is more abundant."

He pointed to the **** hole and said, "The Crypt of Silence is divided into eighteen layers from top to bottom!"

"Every time you go to the next layer, the concentration of aura will double, and when you reach the eighteenth layer, the concentration of aura will be eighteen times the current level!"

When Chen Feng heard this, he couldn't help being shocked, and even more faintly throbbing.

Eighteen times the aura concentration of the valley is hundreds of times higher than the outside world.

If you can cultivate at the last level, your speed will definitely not be worse than the nine-yin-nine-yang magical skill, and it will be safer, without those hidden dangers!

He has been there immediately, here is where he needs to practice!

Ye Yun said with some emotion: "We, even many people who have entered the Crazy War Academy, the reason why we want to come here is for this quiet crypt."

"You have also seen that the authority of a few of us can only stay here for a month, and this is what we traded for our entire net worth!"

Tang Ziyan said in an interface next to her: "Yes, we are all from a small sect and can be said to be geniuses."

"Later, our strength improved too fast, and that sect was no longer able to keep up with our speed, so we formed a company and started practicing and traveling."

"And after we fought to the invitation letter to the Mad Fighting Academy, we used all the wealth we accumulated to exchange for this colorless card that could be cultivated here for a month."

Leng Xi showed a look of longing in his eyes, and said: "This month, it is extremely important to the four of us!"
