

Peerless 1351

[Chapter 1351: Just do it!](#)

This Shi Wei was obviously a very hard-hearted and indifferent person. The fire dragon asked him to stare, and he just stared.

At this time, Chen Feng's physical injury did not get any better, but worsened.

Because he has to constantly separate the true essence, there is very little true essence left to resist the hot lava.

The temperature of the magma has exceeded 20,000 degrees, which has almost reached the limit that Chen Feng can resist!

Chen Feng thought in his heart: "If this continues, my injury will never recover. I just gave birth to a little true essence, and it will be used to resist the magma!"

He frowned, thinking of a strategy in his mind.

Suddenly, Chen Feng gritted his teeth and directly removed the true essence from his body.

Suddenly, his body was in complete contact with the hot lava.

Chen Feng suddenly felt an extremely scorching pain.

This pain pierced the heart, and even directly touched the level of his soul.

Without deliberately disguising, Chen Feng let out a screaming scream, undulating in the lava, his face distorted and extremely painful.

Shi Wei obviously also observed Chen Feng's look. He lowered his head and muffled and said, "Despicable human beings, what's wrong with you?"

Chen Feng cursed in an angry voice: "Did you not see my current situation?"

"I was already seriously injured. I resisted the erosion of magma these days. The true essence has been exhausted. Now, I am being swallowed by lava!"

Shi Wei scratched his head, as if he didn't understand what Chen Feng was saying.

Chen Feng shouted: "What are you doing in a daze? Tell me to get it out! I tell you, if I was scalded to death by this lava, after your master came back and saw my corpse, he would definitely kill me. You smashed your soul with one palm!"

"What it wants to devour is the living me, not my corpse!"

Chen Feng's words obviously worked.

Shi Wei thought about it carefully, it was indeed the case.

Thinking about being killed by the master again, suddenly frightened, he quickly stretched out his hand and picked up Chen Feng and placed it on a rock beside the lava.

However, his eyes turned skeletal, and he thought in his heart: "The master ordered me to guard him. Now I will pick it up and put it here. What if he runs away?"

As soon as he rolled his eyes, he quickly thought of a way he thought was excellent. He stretched out his hand and drew a huge iron chain directly from the lava lake.

Then he tied Chen Feng firmly to a boulder by the lake.

Chen Feng suddenly smiled wryly: "This guy is not stupid!"

Shi Wei said triumphantly: "Don't think I'm a fool, now. You still can't escape."

Chen Feng shook his head and said, "Do you think I can run away like this? I didn't want to run away."

Chen Feng was locked by chains and couldn't move at all.

Shi Wei said triumphantly: "This iron chain was left by a martial monarch realm who came to challenge my master a long time ago. It is said to be a seventh-grade spiritual material casting. It is very rare. You can't get rid of it."

Chen Feng glanced at him lazily and said: "I didn't want to break away, I told you just now."

With that, Chen Feng closed his eyes and ignored him.

In fact, Chen Feng was secretly thinking of a way.

However, he found that although he has now escaped from the lava lake, his situation has not improved much.

This monster has already reached the first level of Martial Sovereign Realm. Even Chen Feng at his peak is not an opponent, let alone now.

Chen Feng couldn't think of any way for a while, so he could only close his eyes and rest his mind.

At this time, in Chen Feng's dantian, that touch of golden spring, after losing the suppression of lava, began to gush out.

The height of Jinquan is very low, spouting out little by little, but it is effective after all.

The true essence came into being, and soon, Chen Feng's true essence grew, and the height of Jin Quan became higher and higher.

Five days later, Chen Feng's true essence had returned to normal.

However, his injury has only recovered about 10%, and his strength is only 30% of his peak period.

Moreover, at this time, Chen Feng couldn't move his body at all, and his martial arts had no effect.

And what caused him the most headache was the huge stone monster in front of him with flames.

This stone monster is neither a human being nor a monster. It seems to have evolved from a stone. He doesn't know how tired he is, and he never relaxes his guard. Without blinking his eyes, he stared at Chen Feng.

Chen Feng was very helpless.

However, Chen Feng can practice refined mysterious skills, and at this time he is immersed in his spiritual world.

The gleam of divine light in the spiritual world was constantly waking up at this time.

The transparent divine light has reached more than one foot and eight feet long, majestic and majestic.

Chen Feng thought carefully in the spiritual world: "The only thing I can do now is to enhance the power of the mysterious skills, but in a short time, how easy is it to improve?"

"My killing cage is not powerful enough to deal with this monster. There is only one way..."

Chen Feng's eyes showed an awe-inspiring look: "That is, build the hall of soul-calling and summon my first soul servant!"

"If luck is good and the soul servant is very powerful, I can directly improve my strength and get out of trouble!"

"But if it can't be summoned..." Chen Feng shook his head, no longer thinking about this possibility, a smile appeared on the corner of his mouth, and the smile was full of determination:

"Red Dragon has been out for many days, I guess it's not far from his return. I don't have much time. Don't think about those useful and useless, just one word: Do!"

As soon as he thought of it, Chen Feng immediately mobilized his spiritual power and began to construct a hall of soul-calling in the spiritual world.

The method of constructing the Hall of Souls was thoroughly detailed by Chen Feng a long time ago, and now there is no need to think about it at all.

The huge spiritual power was pulled out by him from the transparent divine light.

Transparent Shenguang seemed very reluctant, but Chen Feng was his master. He soon began to cooperate, huge spiritual power gushing out of the transparent divine light, and then began to slowly flow around in the most central position of the spiritual world.

This spiritual power began to gradually turn into an entity in the spiritual world.

Finally, a wall appeared.

This wall is about two meters high, which is very insignificant, but after all, it lays a solid foundation for the construction of the Hall of Souls.

A smile appeared at the corner of Chen Feng's mouth, and his mind was relieved.

But as his mind relaxed, his mental strength turned from real to virtual again, and with a snap, the wall that had just formed disappeared.

Chen Feng shook his head without being discouraged.

carry on!

This time, his spirit did not fluctuate.

[Chapter 1352: Silence](#)

Finally, he used his mental power to build four complete walls, three meters high. Although they were still extremely crude, they were already the prototype of a house.

But at this moment, it broke directly with a snap.

Chen Feng frowned and whispered to himself: "I'm sure, I didn't fluctuate in my spirit just now, why did it suddenly break?"

Moreover, the mental power in the transparent divine light is very powerful, and there is no backlash at all.

"Why is this?" Chen Feng was puzzled.

Chen Feng had no time to explore this issue and could only continue to build.

Soon, he constructed another one.

But this time, when the four walls were formed, they broke directly again.

In this way, Chen Feng tried seven or eight times in a row, and they were all exactly the same!

Chen Feng wrinkled his brows, he knew that at this time, if this problem was not solved, his own hall of souls would never be built!

But at this moment, Chen Feng did not notice that the golden dragon ring in his hand exudes bursts of light.

At this time, in the space of the Golden Dragon ring, the crystal ball that sealed a fifth-level soul master was beating very violently.

In the crystal ball, there were bursts of thrilling and shrill shouts: "Let me out, let me out!"

It turned out that the fluctuation of Chen Feng's mental power to construct the Soul Recruiting Hall was sensed by the fifth-level spirit master sealed in the crystal ball, which greatly stimulated him.

The crystal ball crazily hit the space barrier of the Golden Dragon ring, and the power of the fifth-level spirit master was indeed powerful.

With a bang, suddenly, a hole was directly knocked open by him above the space barrier.

The crystal ball flew directly beyond the golden dragon ring and fell to the ground.

The soul of the fifth-level spirit master roared proudly in the crystal ball: "Hahahaha, I am out!"

"Chen Feng, you kid, wait for me to die!"

Above the crystal ball, a cloud of black mist appeared, and the black mist condensed into a human shape.

Seeing this scene, Shi Wei was shocked and roared, "Who are you?"

Hei Wu glanced back at him, ignoring him, and immediately plunged into Chen Feng's body.

He screamed: "Chen Feng, you are seriously injured, and your soul has definitely been severely injured. It is very easy to swallow you at this time!"

In the next moment, the black mist appeared directly in Chen Feng's spiritual world.

Chen Feng was thinking hard in the spiritual world, and suddenly he saw a figure made of black mist appear in front of him.

Chen Feng was shocked: "What are you?"

The black mist figure screamed: "Hahahaha, Chen Feng, have you forgotten me? I am the great being sealed in the crystal ball!"

Chen Feng suddenly remembered that when he saw the crystal ball for the first time, this **** thing wanted to swallow his soul.

He sneered coldly: "It's just a dog that doesn't even have a body, yet dares to claim to be a great existence? It's ridiculous!"

Although he was facing the soul of a fifth-level spirit master, Chen Feng was not afraid at all.

He has absolute confidence in the transparent divine light and his soul-man talent!

The black mist transforms into a human form, this person is tall and thin, with high cheekbones and a cold color on his face.

He looked at Chen Feng and said with a cold voice: "Remember my name, I am the soul of the soul race without speaking!"

"Even in the soul race, I can be considered a genius. Before I was thirty, I had already reached the level of a fifth-level soul master! You ordinary people, you can't reach this level in 300 years!"

Chen Feng looked at him and smiled slightly: "Then, became a bereaved dog with no body?"

His words hit the sore spot of silence.

The soul silently looked at him and smiled coldly: "Boy. At this time, you can show your tongue as much as you can. Later, after I break your mental strength, I will tie up your soul and torture you every day."

"Having tortured you for dozens of years, let you pay the eternal price for your words!"

He looked at Chen Feng's vast spiritual world, his face full of greed, and exclaimed: "Unexpectedly, you little bastard, you still have such a vast spiritual world!"

"Haha, your body is truly superb!"

"I crushed your soul and took possession of your body. In a few years, the strength will be restored to the peak period, even stronger than the peak period!"

Chen Feng looked at him, smiled and said, "My body is not a doghouse."

The soul was furious, and with a stern roar, he killed Chen Feng fiercely.

Chen Feng smiled coldly, with a transparent divine light, and with a sigh, directly hit the soul without a word.

Soul Buyu let out a scream, was knocked out several tens of meters, and his body shook for a while. Almost shattered alive!

He looked at Chen Feng in shock, and shouted, "How is it possible?"

"I can see that your spirit person strength is even only a first-level spirit master, how could your mental strength be so huge? So fierce? It almost shattered me!"

Chen Feng smiled slightly: "Why don't I know? Maybe you are too trash!"

And the transparent divine light, without stopping, it kills directly in front of Soulless with extremely fast speed.

This time, directly smashed his legs.

The soul silently retreated hundreds of meters, looking at the transparent divine light with a shocked face, the disdain on his face had completely disappeared and turned into shock.

He suddenly said coldly: "Chen Feng, I admit, I underestimated your strength! But do you think this is enough to defeat me?"

"Tell you, it's just a dream!"

He looked up to the sky and roared: "Now, let you see my true strength!"

As he said, a wave of mental energy burst out from him, condensing and condensing in the air.

His voice filled Chen Feng's spiritual world, vast and boundless: "The technique of enchantment!"

The mental energy rushed out frantically, forming a huge bubble, and this bubble continued to spread outwards at a very fast speed.

After brushing it, Chen Feng felt that the air around him seemed to have changed, and he seemed to have crashed into this bubble, as if being trapped in a huge cage.

This makes him feel very uncomfortable.

He felt that every move in his cage was very uncomfortable, and it seemed to have received invisible resistance.

And the speed of the transparent divine light swaying in the air was also several times slower than before.

Chen Feng looked up again, and his expression suddenly changed in amazement.

It turned out that at this time, not far in front of him, the figure that was silent, suddenly became ten million times bigger.

Stepping on this planet, with the top of the sky above his head, standing on top of the sky, it is tens of thousands of meters high!

[Chapter 1353: The technique of enchantment! tyrannical!](#)

Chen Feng was shocked and shouted in surprise: "What is this?"

Unusually looked down at him, his face was full of complacency, and he laughed and said: "Chen Feng, this is the powerful and mysterious technique I have, the technique of enchantment!"

"The technique of enchantment? What is this?"

I seem to feel that I have a chance to win, and my soul is in a very good mood. Looking at Chen Feng, he laughed and said: "Let you ignorant boy understand that the technique of enchantment is a powerful and mysterious technique."

"After practicing the technique of enchantment, an enchantment can be formed around the body, and everything in this enchantment is up to me."

"I'm like a **** in this enchantment!"

As he said, he looked at Chen Feng and snarled frantically: "Now let you see the power of my enchantment!"

As he said, he stretched out the palm of his right hand, spread it flat, and then slowly tightened it.

Chen Feng feels. There was infinite pressure around him squeezing it, tightening it tighter.

And when his fist finally clenched, Chen Feng felt that the pain around his body was so severe that he was almost squeezed into a ball of meatloaf!

Seeing this scene, the transparent divine light rushed madly towards the silent soul.

Without a word, he laughed, fingered, and the transparent light banged. Hit directly on a wall of invisible air, and the collision was dizzy.

The transparent divine light flashed quickly, swaying like a spirit snake, and then rushed in another direction.

Soul Buyu slowly shook his head, his palm was gently pressed down, and with a bang, an invisible giant mountain seemed to be pressed down in the sky, directly pressing the transparent divine light below.

Chen Feng was shocked: "This enchantment technique is really powerful!"

"The transparent divine light has been unprofitable. At this time, there is no way to fight back?"

He remembered that the Martial King Realm powerhouse mentioned in his last words that this soul master possesses an extremely powerful subtle and mysterious skill. It seems that it is the technique of enchantment!

Then, he flicked the tip of his finger lightly, the transparent divine light, as if he had been hit hard, he was directly ejected thousands of meters away.

Chen Feng clearly sensed from his soul that this transparent divine light sent out a mournful scream, which seemed to be painful to the extreme.

Chen Feng felt a pain in his heart. This was the first time that the transparent divine light had such a situation!

Then he looked at Chen Feng and said with a smile: "I just said that I will torture you for a hundred years. Now, let you taste this first!"

As he said, his fingers gently downwards, and then Chen Feng immediately felt that an invisible huge pillar of air appeared above his body, pressing down towards him.

He was in terrible pain, feeling that he was being squashed, and in the end, he was almost like a piece of paper.

This pain goes deep into the soul!

Looking at him without a word, he laughed wildly: "Please forgive me, please forgive me!"

But Chen Feng clenched his teeth, said nothing, and did not beg for mercy. Instead, a vicious meaning flashed in his eyes, just like a wounded lone wolf!

The soul was furious: "Okay, you are stiff!"

"But do you know that your stiff ending is even more fierce torture!"

With that said, continue to increase strength.

Chen Feng felt that he was about to lose consciousness.

The transparent divine light made a sharp cry, and the voice was full of anxiety, and wanted to rush to rescue Chen Feng.

Kunbuyu stretched out the **** of his right hand, gently moved it down, and pressed him again.

Two fingers, just two fingers, completely crush Chen Feng and the transparent light!

The transparent divine light has always been unprofitable, but today it has been beaten so badly, this is the first time.

The strength of Soul Silence was really beyond Chen Feng's imagination. I didn't expect the other party to be so powerful!

Even if the mind is as firm as Chen Feng, there is a sense of despair at this time!

In the spiritual world, all he can count on is himself and the transparent divine light, and no one else can help.

And now, both are in crisis!

Suddenly, Kunbuyu stretched out his left hand and held the transparent divine light in his hand. As if he had played enough with him, he sneered and said, "Now, it's time to end!"

"After turning you into the purest mental power, I can absorb it calmly!"

With that, he kept tightening, the transparent Shengguang's body was twisted by him, gradually changing from refinement to looseness.

Seeing the next moment, this transparent light will completely disappear and become invisible.

Chen Feng screamed distressedly, but it had no effect at all.

However, at this moment, suddenly, an extremely huge coercion fell on here, and it pressed against the soul without a word!

Unbelievable in the eyes of the soul without words: "What kind of existence can give out such a huge pressure?"

He touched, his body leaned heavily, the indifferent expression on his face and that kind of hegemony under his control, disappeared without a trace.

He became panicked, because at this time, in the distance of the barrier, an equally large figure appeared.

And this huge figure seemed to be bigger than Soul Silence, and Soul Silence panicked and shouted: "You, who are you? How can you enter my barrier?"

An old voice sounded: "It's just a fifth-level spirit master. A little guy like you can only show off in front of Chen Feng."

"In front of the old man, what are you?"

Hearing this old voice, Chen Feng's eyes widened first, with an expression of disbelief in his eyes. The next moment, it turned into a burst of ecstasy.

Because of this voice, he was very familiar.

Chen Feng suddenly turned around, looked at the huge figure, and exclaimed in surprise: "An Lao? It's you, An Lao!"

An Lao glanced at him, and said angrily: "You little guy, you have a top-notch ability to cause trouble. If I don't save you this time, you will really be dispelled and completely wiped out!"

Chen Feng hurriedly laughed and said, "An old man, I didn't expect that you still have such a hand! That's great, I really thought I was going to die!"

Chen Feng never needed hypocrisy in front of An Lao.

An Lao pointed at him, just said: "You little fellow, quickly step aside!"

Chen Feng nodded and stepped aside with the transparent divine light.

At this moment, the battle between An Lao and Soulless Speech, he couldn't get in at all.

The soul silently stared at An Lao and said, "Old fellow, I advise you, don't interfere in this matter indiscriminately!"

An old man smiled slightly: "I just want to intervene, what can you do with me?"

The sound is domineering!

The soul said with a cold smile: "Old guy, you are looking for death!"

As he said, his palms slowly squeezed away in the middle, and suddenly, a huge and extremely pressure gathered around An Lao's body.

[Chapter 1354: Devour the soul without a word!](#)

Hun Buyu sneered and said with a cold voice: "My palms, as long as you pinch it in the middle and snap it, you can directly crush your soul body!"

An old man smiled slightly: "You might as well try."

The soul did not speak with his palms pinched in the middle, but he soon discovered that no matter how much he urged, no matter how hard he was, his palms could not be put together.

There will be a distance in between.

He said in amazement: "How is it possible?"

"This is in my enchantment, how can you be so powerful in it?"

An old man smiled without saying a word, suddenly, a flash of disdain flashed in his eyes, and said lightly: "I'm already impatient and consume you again."

As he said, his arms shook hard.

With a bang, his silent arms were torn off.

Even his body was torn into two parts.

He roared in amazement: "How is it possible?"

Before the words fell, An Lao had already swooped over, hitting his body with two palms one after another.

Bang, bang, bang, a series of sounds sounded, and the silent body was directly torn into countless soul fragments.

His spirit was directly extinguished, and his body became the purest spiritual power.

At this moment, An Lao also sighed and disappeared directly.

Chen Feng quickly shouted: "An old man, An old man, what's wrong with you?"

But he didn't get any response, Chen Feng suddenly panicked: "An old man, what's the matter with you?"

After a while, the dark old hoarse voice came, and his voice was full of exhaustion: "I'm tired, I want to fall asleep."

"Chen Feng, don't worry, hurry up and devour these soul fragments, and don't let my efforts go to waste."

Chen Feng was a little dazed, just nodding instinctively.

An old voice curled away, and Chen Feng seemed to be able to hear it, and a faint sigh came from the deepest part of his heart!

In Chen Feng's heart, an inexplicable sadness surged.

He knew very well that although An Lao had said lightly just now, in fact, in order to save himself, he was afraid that he had exhausted the power of his soul, so he had to fall into dormancy.

Chen Feng knew that he would not be able to see An Lao for a while.

And he is already used to the existence of An Lao!

Chen Feng's grief didn't last long. He muttered to himself: "An old man, I know, you traded your own safety for my survival."

"You used your efforts to help me break Silence, so that I have the opportunity to absorb his mental power. I will definitely not let down your expectations!"

As he said, Chen Feng showed resoluteness on his face, concentrated on his spirit, and began to frantically absorb the scattered spiritual power in the spiritual world.

The silent soul was shattered into at least several thousand pieces.

These spiritual powers were scattered everywhere in Chen Feng's spiritual world.

The transparent divine light became proud again, and he wandered wildly in the spiritual world, extremely fast.

With a single stroke, he directly caught a piece of mental power, and then directly swallowed it, making his body a little bigger.

A moment later, another piece of mental power was seized.

With a cup of tea, the transparent divine light swallowed all the spiritual power!

At this time, the transparent divine light skyrocketed wildly, directly from one foot and eight feet long to more than five feet long, and his body size increased nearly three times.

The above momentum has also become stronger.

The coercion of mental power is overwhelming!

Chen Feng stood there, closed his eyes, and let out a long breath.

In his soul, the incomparable joy is because his mental power is becoming extremely powerful.

The sense of pleasure comes out from the soul all the way, so refreshing!

Chen Feng sat cross-legged in the spiritual world, and the transparent divine light continuously coiled around his body, like a snake, very spiritual.

The enormous spiritual power began to diffuse.

At this time, Chen Feng was comprehending the mysterious technique: killing the cage.

Chen Feng's killing cage has been cultivated for a long time, but there has not been much progress before.

Because the ability to kill the cage depends on whether Chen Feng's mental power is strong or not.

After being swallowed by Chen Feng's mental power of Silent Soul, Chen Feng's mental power directly increased three times!

The profound meaning of killing the cage was flowing through Chen Feng's heart bit by bit, all of which were fully understood.

Finally, Chen Feng slowly opened his eyes and stood still, motionless.

Then, the mental power suddenly exploded, and for a moment, a huge air barrier suddenly appeared dozens of meters in front of him.

This air barrier is 100 meters high and fifty meters wide, and it exudes a huge momentum.

This is only the first side to kill the cage.

And at the next moment, behind Chen Feng, another equally huge killing cage appeared.

Then, the third piece appeared, the fourth piece appeared...Finally, a whole eight huge air barriers appeared around Chen Feng's body.

These eight huge air barriers formed an octagon, enclosing Chen Feng.

Just like a huge prison, he was surrounded by water.

If it were before, Chen Feng could not maintain such a killing cage, but now, these eight huge air barriers appeared at the same time, and a complete killing cage took shape, but Chen Feng was still at ease!

Then, under Chen Feng's control, the air barrier slammed into Chen Feng and fiercely.

Seeing the next moment, he would hit Chen Feng and smash Chen Feng into a meatloaf!

But after a short while, the air barrier disappeared without a trace.

Chen Feng let out a sigh of relief, and a calm smile appeared at the corner of his mouth: "With the tremendous increase in mental power, my killing cage has reached its peak!"

"Around my body, eight huge air barriers can appear, forming a complete killing cage."

"This killing cage can not only be used for defense, but also for offense, and it will appear at the moment of a thought. It is invisible and extremely concealed. Sneak attack is also very good!"

If this blow is issued, if nothing happens, it should have the power of a powerful person in the Martial King realm!

Even Zhao Songyan, who taught Chen Feng to kill the cage, did not reach this level!

Then Chen Feng began to sit cross-legged again.

This time, he did not continue to use his mental power, but entered into the transparent divine light.

As soon as Chen Feng entered the transparent divine light, he immediately felt that the stars were dotted in front of him, as if the transparent divine light was a heavenly river, and he was roaming in this heavenly river at this time.

In the transparent divine light, there are countless bright planets, among which some floating ribbons.

Chen Feng suddenly grabbed one of the colorful glittering ribbons.

This ribbon, surprisingly, sealed the memory of silence.

At this time, Chen Feng wanted to extract the secrets of the enchantment technique from his memory.

[Chapter 1355: Kill!](#)

The enchantment technique was really too powerful and left a deep impression on Chen Feng.

He desperately wants the technique of enchantment now!

Chen Feng grabbed this colorful ribbon with both hands and began to read the memory in it.

The last remnant soul of the soul did not speak, making a screaming scream.

Then, this last consciousness was completely extinguished and disappeared without a trace.

And part of the memory was taken into his mind by Chen Feng.

Chen Feng sat cross-legged, carefully comprehending.

After not knowing how long he opened his eyes, the corners of his mouth showed a touch of clarity.

"It turns out that the technique of enchantment is so!"

"The technique of enchantment is extremely powerful, but to put it bluntly, it is to build an independent space with spiritual power, and in this space, the person who constructs the enchantment is enough to control everything, it is like a god!"

"The stronger the mental power, the higher the level of the soul master, the larger the barriers constructed, and the stronger the control in it!"

Chen Feng learned from Soul Silence's memory that there were some soul masters who had reached the pinnacle, and the barriers they constructed even had a kingdom, a continent, and even a world as big as a world.

There are countless people living in it, there are countries, sects, and populations, and they are the gods among them!

Chen Feng was astonished. At this level, he almost became a god!

Too strong!

The technique of enchantment will be very powerful after being practiced.

But now Chen Feng is still at a stage of enlightenment. If he wants to comprehend, he can't reach that realm at all. At least he has to reach the third-level and fourth-level spirit master before he can formally practice the enchantment art!

Chen Feng suddenly opened his eyes.

At this time, his body was still seriously injured, but his mental power was extremely powerful.

Chen Feng lowered his head, looking seriously injured and dying.

Shi Wei was still walking back and forth, staring at Chen Feng unblinkingly.

Suddenly, Chen Feng raised his head, his eyes flashed brightly.

When Shi Wei met Chen Feng's gaze, his whole body trembled violently, only an inexplicable fear surged into his heart.

At this moment, Chen Feng's mental strength pressed down, pressing him almost out of breath, feeling dizzy.

And the next moment, Chen Feng let out a violent roar: "Destroy the cage!"

Spiritual power rose up all over the sky, brushing brushing, and eight huge air barriers appeared around Shi Wei's body.

Following Chen Feng's stern shout, the eight-sided huge air barrier slapped Shi Wei fiercely together.

Shi Wei's face was extremely shocked, and he didn't have any defense at all.

The air barrier appeared too fast, without warning, almost instantly, he found himself under siege.

But at this time, he only had time to let out a roar, and punched forward with both fists.

He has already planned to use his body to hold these air barriers hard!

Unfortunately, although he had a good plan, the ending was far beyond his imagination.

Eight air barriers hit him at the same time, bang bang bang, a huge sound rang, and the whole volcano seemed to be shaking.

Shi Wei was hit by these eight air barriers at the same time, and with a bang, his body shattered into countless stones.

Shi Wei let out a scream, his body shattered directly.

Shi Wei, a master of Wujun realm, was killed by Chen Feng!

And from his body, a ball of red light flew out.

At this time, Ziyue appeared next to Chen Feng and shouted: "Chen Feng, hurry, hurry!"

"This ball of red light is the core of Shi Wei's energy. All his energy is in it. After you swallow it, you can make great progress!"

Chen Feng nodded, his eyes flashed, and another move was issued to kill the cage.

This time, kill the eight air barriers of the cage, enclosing the red core.

The red energy core protruded from the left to the right, banging constantly on the air barrier.

But unfortunately, he lost his body, there is no way to overcome these air barriers, he can't break through!

Shi Wei's dull and low roar came out: "You despicable human being, unexpectedly attacked me!"

Chen Feng shook his head and said nothing.

He shook his arms, and the huge stone behind him shattered directly, and then Chen Feng escaped.

He picked up the huge black iron chain in his hand with a little golden light, and felt that its weight was more than 100,000 jin, no less than the weight of the Dragon Sword.

Chen Feng smiled slightly and put it in his pocket directly. This should be a good weapon. Just this high-grade spiritual material is very precious.

At this time, the eight air barriers already took the red energy core and flew towards Chen Feng and came to Chen Feng.

Chen Feng controlled the air barrier to shrink and squeezed toward the middle.

Finally, the air barrier shrank and became smaller, and finally began to squeeze the red energy core.

The red energy core was squeezed to make screams and screams, terribly harsh.

And he was also arrogant from the beginning, with sufficient energy to become a dying breath later, very depressed.

Chen Feng knew that the time had come.

He suddenly removed the air barrier, and then in his dantian, the nine-yin and nine-yang magic arts suddenly started, and a huge cyclone suddenly formed.

Then his hands pressed directly on the red energy core, absorbing the red energy frantically.

Seeing the barrier withdraw, the red energy core was ecstatic, and was about to fly out, but was caught by Chen Feng with both hands.

Feeling a huge suction coming, he was flustered and struggling frantically, but it had no effect.

Chen Feng's hands held him tightly, and only a burst of huge red energy entered Chen Feng's body from it, faster and faster.

These huge red energies poured into Chen Feng's dantian, were absorbed by the cyclone formed by the Nine Yin and Nine Yang Divine Art, and then began to transform crazily.

Pouring rain began to fall in Chen Feng's dantian.

The rain poured down, one after another, forming a raindrop.

Chen Feng's ocean of true essence skyrocketed wildly.

The thunder and lightning dragon, which had been silent for a long time, also became extremely happy at this time. It rose from the bottom of the ocean and followed the pouring rain to the heights of the public area, cruising continuously in the rain, giving out bursts of comfort. Tweets!

The ocean of true essence skyrocketed, and Chen Feng's dantian expanded again.

At this time, the red energy still enters the body endlessly.

Chen Feng absorbed a full hour, and this red energy core was only one-third absorbed by him.

He was astonished that the energy of Shi Wei was so huge?

After so long, it has only absorbed one third!

But then, this astonishment turned into ecstasy.

[Chapter 1356: New martial arts supernatural powers!](#)

Chen Feng didn't know how much benefit he could bring to himself, but it was definitely huge.

Suddenly, at this moment, a glance at Jinquan in Chen Feng's dantian suddenly exploded and directly became more than ten feet high.

The golden spring has changed from the previous drying up to the current surge. With continuous spraying, the golden spring water is scattered into the sea of dantian.

At this time, the golden concentration of the Ocean of True Essence was already quite high, almost equivalent to one-third the concentration of the golden spring water!

The golden spring surged wildly, and Chen Feng also directly broke through to the Seventh Condensing Soul!

His injury has been directly recovered in half, and the true essence in his body has become extremely abundant.

However, the input of red energy has not stopped.

There are still two-thirds of the red energy. After Chen Feng's realm improves, the nine-yin and nine-yang magic arts are stronger and the suction power is greater.

It took another full hour and a half to absorb all the remaining red energy.

At this moment, Jinquan gushed crazily again, directly becoming more than twenty feet tall, and its thickness increased three times compared to before.

And what shocked Chen Feng even more was that corresponding to the location of this golden spring, there was a spot on the top of the dantian that seemed to be quietly lit.

A golden light spot appeared there, corresponding to Jinquan distantly.

It's just that Chen Feng didn't know what the golden light spot was for.

He just has a sense of understanding in his heart, once the golden light spot is truly activated, his strength will definitely increase!

In the ocean of Chen Feng's true essence, the concentration of gold has reached two-thirds of the golden spring.

And his strength directly broke through to the eighth layer of Ninghun.

Chen Feng's body was extremely refreshed, and he couldn't help but let out a soft moan, feeling that every cell in his body was screaming joyfully, and his physical condition was extremely good!

Chen Feng opened his eyes, the air barrier had disappeared, and the red energy core was completely absorbed by Chen Feng.

A smile appeared at the corner of his mouth: "I didn't expect that Shi Wei's energy is so huge, it directly promoted me to the eighth layer of Soul Condensation!"

Chen Feng was holding the Dragon Slaying Knife, and suddenly jumped up into the air, slashing forward fiercely.

After the knife was cut out, a fierce sword aura was sent out, which directly broke a huge crack tens of meters deep in the lava lake in front of him.

After a while, the lava filled the crack again.

Chen Feng turned around again and slashed horizontally, standing out from the ground with a huge gully several hundred meters long and seventy to eighty meters deep.

Chen Feng stood up with the knife, and whispered to himself: "I have the power of a powerful person in the Martial Sovereign Realm, and can smash a mountain below 500 meters!"

"And now, the Dragon Slaying Knife is very light and fluttering in my hands, and it's not very effective at all. It seems that it is time to recast the Dragon Slaying Knife and make it the ultimate body!"

Chen Feng's strength increased rapidly. The Dragon Slaying Sword seemed to him to be extremely heavy and difficult to control before, but now it is as light as a matchstick.

But then, Chen Feng felt the hunger in his soul.

He immediately showed a bitter smile at the corner of his mouth, and lightly patted his forehead: "It's a good thing to improve in strength, but Qinglong is going out to eat again."

Without waiting for his order, the Azure Dragon Martial Spirit appeared directly, a pair of thief eyes glanced around, and shouted in a loud voice:

"Chen Feng, Chen Feng, where's the yuan stone? Bring me the yuan stone!"

Chen Feng said angrily: "Don't worry, you are indispensable!"

With a thought, all the hill-like primordial stones in the golden dragon ring appeared in Chen Feng's hands.

There were about ten million yuan stone left, and Qinglong directly pounced on it, and after a while, he swallowed all of the yuan stone.

Then, he was very dissatisfied and shouted at Chen Feng, "Is there any more?"

"These primordial stones can't even get me into the seventh stage of the mysterious! Let alone enter the eighth stage of the mysterious, too few!"

Chen Feng smiled helplessly: "Brother Qinglong, can you give me some time, let me find a way to find it for you."

Qinglong looked at him sideways and said, "Of course I can wait, but will you regret it if my evolution is delayed?"

Chen Feng smiled bitterly, this guy has learned to threaten people.

Suddenly, Qinglong's huge nose twitched, and then a pair of thieves' eyes instantly lit up, slamming into the lava lake.

The lava stepped away, and after the lava lake separated, the situation below was revealed.

After Chen Feng saw it, he took a breath.

It turned out that there was a hill at the bottom of the lava lake.

This hill is entirely made up of the original stones, and the original stones that make up this hill, each piece is the size of a human head, six or seven times larger than the original stones you get.

The light is bright, and the quality is extremely high at first glance!

Qinglong laughed loudly: "There are three or four million yuan stones here, and the quality of each one is ten times that of your previous one, and its volume is five times that of your previous one!"

"One yuan stone, on top of your original fifty yuan stone!"

"Hahahaha, this time I can finally get a full stomach!"

He occupies directly on the hill of Yuanshi, as if he was afraid that others would steal it, and then began to swallow it with big mouthfuls, and after one bite, the hill went so big.

Soon, the body of the Azure Dragon Martial Spirit swelled up, and after devouring a full half an hour, the body of the Azure Dragon Martial Spirit swelled directly to more than 800 meters in length.

And above his body, 80% of the positions have become entities.

Especially the dragon scales on the body surface are extremely condensed, shining with sapphire-like light!

The hill has disappeared about two-fifths.

Eight black rays of light flashed across the surface of the Azure Dragon Martial Spirit, which meant that the Azure Dragon Martial Spirit had been directly promoted to the eighth rank of the Profound Rank!

The Azure Dragon Martial Spirit flew up, Chen Feng hurriedly controlled the Golden Dragon Ring and incorporated all the remaining primordial stones into the ring. When he absorbed these primordial stones, he saw that there were still something shining brightly, and he was also Suck it in.

But Chen Feng didn't know what it was and didn't have time to take a closer look.

Chen Feng asked excitedly: "Qinglong, what kind of ability have you awakened this time?"

He knew that after the Azure Dragon Martial Spirit broke through to the eighth stage of the Xuan rank, he could awaken a very powerful Martial Spirit supernatural power.

Qinglong Wuhun looked at Chen Feng with a strange look in his eyes: "You really want to know?"

Chen Feng said: "Of course!"

Qinglong Wuhun looked at Chen Feng, and said lightly: "After I entered the eighth stage of the Xuan rank, this new martial arts supernatural power was called: Ten times power!"

"Ten times the power?" Chen Feng raised his eyebrows and said, "What about it?"

[Chapter 1357: Heaven-defying martial arts supernatural power!](#)

The Azure Dragon Martial Spirit said: "I can attach myself to your body and inject all my power into your body."

"Our strength, converging, exerts an extremely powerful force, far surpasses the sum of our strengths!"

"Then, you can make a move. This move is more than ten times more powerful than your usual moves!"

When Chen Feng heard this, his face suddenly showed surprise, and he was overjoyed: "This martial soul supernatural power is extremely powerful! It can be called against the sky!"

"In this way. I am equivalent to possessing a trick to press the bottom of the box, which is ten times more powerful than my usual attacks!"

Qinglong Wuhun nodded and said, "Yes, but the price is very huge!"

Chen Feng frowned: "What is the price?"

Azure Dragon Martial Spirit said slowly: "This Martial Spirit supernatural power can only be used once, and after using it once, I will fall into deep sleep, and you may never be able to wake me up again."

After Chen Feng listened to it, without hesitation, he immediately said flatly: "Then we will never use this martial arts supernatural power again!"

He looked at Azure Dragon Martial Spirit, smiled and said, "In my opinion, you are more precious than any martial arts supernatural power!"

When Qinglong Wuhun heard it, he immediately took a long breath, looked at Chen Feng, curled his lips and said: "You said it earlier, so that I have been strained in my heart and face, pretending to be deep, and want to give Put some pressure on you!"

Chen Feng patted his forehead with a helpless expression, and said, "How come you martial soul are so scheming?"

"Still thinking of putting pressure on me? You don't have to put pressure on, I would never do that!"

Qinglong Wuhun grinned and said, "I'm a little worried!"

At this moment, suddenly, Chen Feng looked far away with an awe-inspiring color in his eyes, only to see a black spot in the distance facing this side, approaching at a very fast speed.

The momentum was overwhelmingly suppressed!

Although it is still far away from here, but this momentum. Almost crushed Chen Feng and suffocated him!

When he was shocked, he roared loudly: "Fire Dragon, the Fire Dragon is back, let's go quickly!"

With that said, Chen Feng swept outwards at an extremely fast speed, and the Azure Dragon Martial Spirit also brushed it, directly into Chen Feng's body, and disappeared.

The fire dragon saw this scene from a distance, his face was extremely frightened, and his voice rolled, like a thunder in the sky: "Chen Feng, you despicable human, still want to run? Leave me here!"

However, at this time Chen Feng's strength has greatly improved, and Tianlong's pace is also extremely fast! A flash, it is a kilometer away!

And this is already the fastest speed Tianlongbu can reach.

After all, this kind of exercise is not a high level.

In fact, at this time, if Chen Feng uses other footwork martial arts, the speed can be faster!

Seeing, the fire dragon would be unable to catch up with Chen Feng.

He uttered a muffled roar in his throat, and then suddenly opened countless wounds on his body. It seemed that he had used some secret trick, and the speed was increased by five times!

Chen Feng originally ran all the way, and already stretched some distances, but after the fire dragon's speed increased, he brushed it and blocked him in front of Chen Feng, blocking his way!

Even when he was chasing Yue Yuanshan and others before, Fire Dragon didn't use this trick. Obviously, he was determined to win Chen Feng, and he must catch up with Chen Feng!

Fire Dragon looked at Chen Feng triumphantly, and smiled slightly: "I didn't expect that you kid had some ability to kill Shi Wei and want to escape!"

"Fortunately, I came back in time!" He looked at Chen Feng with a joking expression on his face: "Little bunny, you run? You run again!"

"I'll let you run out for 10,000 meters first, and then chase you! How about we have a fun?"

Chen Feng took a deep breath, with an awe-inspiring expression on his face. Looking at him, he said with a cold voice, "Skills can be killed and not insulted!"

"I know that your strength is far better than me, and your speed is far better than me now, but what? Are you delusional to play me?"

"Tell you, that's a dream!"

"Don't talk nonsense, the big deal is a battle! If you can't win, the big deal is death!"

"A big man was born between heaven and earth, even if I die, I will stand upright and die!"

Chen Feng, so proud!

The fire dragon laughed and said: "Okay, ambitious!"

Suddenly, his face became ferocious and ferocious: "But it's a pity that generally aspiring people don't live long!"

As he said, his figure swept forward quickly.

Chen Feng only felt a flash of red shadow in front of him. He didn't even have time to see the shape of the fire dragon. He just instinctively slashed forward to the left.

With a bang, Chen Feng's dragon-slaying knife and the fire dragon's claws collided with each other, and he was shaken back ten steps, with blood overflowing from the corner of his mouth.

Fire Dragon looked at him with a look of astonishment on his face: "Unexpectedly, I haven't seen you in a few days, your kid's strength has improved!"

"Now with a single move, it has the power of the first layer of the Martial Sovereign Realm, which is beyond my expectation!"

"It seems that I want to improve my 30% strength to 70%!"

As he said, there was another boom, and a paw shot out.

This time, Chen Feng felt an incomparably powerful force rushing in, and directly shot him over a hundred meters, spurting blood, and breaking many points on his body.

This was just a blow of the fire dragon's 70% power, and only physical power was used, without the slightest move.

But Chen Feng didn't have the slightest fear, instead, his eyes were awe-inspiring.

When the fire dragon attacked again, Chen Feng's gaze flashed, and he roared: "Fire Dragon Nine Heavens and Thunder!"

In the dantian, the golden flame of the blazing sun brushed once, and it spread out directly, turning into countless tiny sparks.

Nine golden fire dragons that were two or three times larger than before, whizzed out and bombarded the fire dragon.

The fire dragon did not expect Chen Feng to launch such a powerful offensive. He let out a scream, and was knocked out of his body with forty or fifty huge wounds. The scales were flying and blood spurted.

There was a screaming scream in his mouth!

After reaching the eighth level of Ning Hun, Chen Feng's move of the Fire Dragon Nine Heavens thundered, and its power was comparable to a blow from a triple powerhouse in the Martial King realm!

But this trick also consumed all of Chen Feng's blazing sun and golden flames.

At this point, his blazing sun and golden flames have completely disappeared, and Chen Feng feels lost in his heart!

The fire dragon looked at Chen Feng in surprise and anger, and roared furiously in his throat: "You despicable human being, how dare you hurt me? I will definitely make you pay!"

As he said, his figure flashed, and he came directly in front of Chen Feng, and two huge claws captured Chen Feng!

Chen Feng couldn't move a bit with tremendous force.

[Chapter 1358: sacrifice!](#)

Then, the two paws began to diverge slowly.

There was a vicious look in the fire dragon's eyes: "Boy, feel it carefully, I will tear you into two pieces bit by bit!"

"However, it makes you immortal, and then tears the flesh off your body inch by inch, making you suffer!"

"Oh, yes, I also forgot a process. Every time I tear off a piece of your meat, I will intrude your wound into the lava lake, causing you to suffer!"

Chen Feng struggled, but unfortunately, he couldn't get rid of it.

His body was pulled little by little, and a huge wound appeared on the surface of his body, and even the bones and internal organs below could be seen clearly.

But at this moment, suddenly, a fierce dragon roar from the sky, loudly!

Azure Dragon Wuhun suddenly appeared.

As soon as he appeared, he hit the fire dragon fiercely.

The fire dragon screamed, his paws loosened, and Chen Feng fell directly to the ground.

The fire dragon looked at the blue dragon in front of him, who was only one-tenth the size of himself, with a look of astonishment. At first, his face was shocked, and then this shock turned into ecstasy, he laughed:

"Despicable human, this should be your martial soul, right?"

"Sure enough, it is a dragon! Hahahaha, not only will I devour your Dragon God bloodline, I will also devour your martial soul. Today, neither of you can run away!"

With that said, he killed the Azure Dragon Wuhun!

With the aura from his body, the Azure Dragon Martial Soul was almost crushed, and the difference in strength between the two was too great.

Qinglong Wuhun suddenly turned his head and looked at Chen Feng.

Chen Feng was shocked, and an inexplicable sadness came from his heart.

How many emotions are contained in Qinglong's eye? There is reluctance, nostalgia, and that touch, decisive!

Suddenly his figure flashed and he ran into Chen Feng directly. Chen Feng seemed to think of what he was going to do, and shouted in surprise, "No!"

However, Qinglong Wuhun didn't listen to him this time, he broke into Chen Feng's body directly.

In the next moment, Chen Feng felt that an extremely powerful force exploded in his body.

At this moment, all the wounds on his body were restored, and enormous power circulated in his body.

Chen Feng feels that he seems to be omnipotent, and he can do whatever he wants. This is what he wants from a powerful force!

Chen Feng was extremely sad. He knew that Azure Dragon Wuhun had already used the magical power of Wuhun: ten times the power!

Chen Feng knew that what he should do at this time was to turn sorrow into strength. This is the opportunity Qinglong Wuhun uses his life to bring to himself!

Suddenly he stretched out his arms and roared up to the sky, coldly bursting out four words: "Destroy the cage!"

The air fluctuated violently, and eight huge air barriers appeared quietly around!

However, this time, the eight air barriers are ten times larger than before.

The height of each air barrier is more than two thousand meters, and the width is more than one thousand meters!

As majestic as a mountain!

All eight air barriers appeared around the fire dragon's body.

The fire dragon felt the huge momentum above, and shouted in horror: "What the **** is this?"

Chen Feng's voice was as cold as ice: "Things that kill you!"

As he said, the air barrier slammed into the fire dragon together.

The air barrier, before ten times the strength, was enough to kill the first-level powerhouse of the Martial King realm.

At this time, the strength has increased tenfold, and there are eight sides, the attack power of each air barrier is equivalent to a full blow of a four-layer powerhouse in the Martial Sovereign Realm!

The fire dragon also felt the powerful attack and destruction power above the air barrier, and let out a stern roar, the surface of the body was filled with red light.

The huge mouth opened, and a golden fireball spit out from the mouth, suddenly bursting open.

Before he wanted to, this fireball was enough to extinguish the eight air barriers.

But unfortunately, the reality is too far from what he thought.

This golden-yellow fireball blasted heavily on an air barrier. With a loud bang, I saw that one air barrier was almost half mutilated. The remaining seven and a half air barriers were unscathed and all bombarded him. Body!

A fluttering sound sounded, and every sound sounded, an air barrier hit him.

It's like the sound of meat being smashed alive!

After the first air barrier hit him, it directly smashed his muscles and fractures, and even the small half of his body was photographed into meat sauce!

Amidst the sound of puffing puffs, there was also a series of screams from the fire dragon.

The screams were loud at first, and then became smaller and smaller.

When the last air barrier hit it fiercely, there was a bang, and the fire dragon did not even scream.

Chen Feng was pale and sweating profusely.

After this move was issued, it seemed that he had exhausted everything.

But Chen Feng stood proudly and looked in the direction of the fire dragon.

With a bang, a large group of black objects in the air slammed heavily on the ground. It was the fire dragon.

At this time, the fire dragon had already turned into a large pool of rotten meat and fell to the ground.

Chen Feng slowly walked towards that way.

The fire dragon opened his eyes with great difficulty, with a deep unwilling color in his eyes, and a weak roar from his throat: "Despicable human beings, I am unwilling!"

"How could you use such a powerful move to kill me in a single blow? I'm not reconciled!"

Chen Feng looked at him with cold eyes: "This is my martial soul, which he bought with his life!"

"And you forced us to do this, then I have no choice but to take your life as a memorial service!"

As he said, he strode forward, and the Dragon Slaying Blade severely cut out.

A fierce sword aura was swayed out by him, directly beheading the huge head of the fire dragon.

The dragon's blood spurted wildly, and the huge head fell heavily to the ground. So far, the fire dragon was beheaded by Chen Feng!

Chen Feng didn't stop at the slightest, he immediately came to the fire dragon, pressing his hands on it, and then inside his body, in the dantian, the nine-yin and nine-yang magical powers operated, absorbing everything about the fire dragon madly.

The power of the Third Stage Profound Beast was extremely powerful, and Chen Feng immediately felt that an extremely powerful energy poured into his body.

This energy exploded in Chen Feng's dantian almost in a blink of an eye.

As soon as this energy entered, it rushed from left to right in Chen Feng's dantian, extremely rebellious.

There was even more powerful and extremely hot power from above. Chen Feng felt that his dantian was scalded with a sharp pain, and even this energy whistled out, forming a large red fire directly above Chen Feng's dantian. cloud.

The freight squeezed towards Chen Feng's dantian, but Chen Feng did not panic at all, but a smile appeared on the corner of his mouth.

[Chapter 1359: breakthrough! Nine souls!](#)

He forcibly resisted the scorching pain on his body, increased his absorption strength, and continued to absorb the violent energy from the dead fire dragon.

The fire cloud inside Chen Feng's body grew bigger and bigger.

After half an hour, it had almost occupied the entire top of Chen Feng's Dantian.

It looked like it was pressing on the ocean of true essence.

It seems that I feel that I have become stronger and stronger, and this cargo suddenly became restless, and even surrounded the nine-yin and nine-yang magic arts in the air.

Chen Feng smiled slightly, and the Nine Yin and Nine Yang magic arts suddenly began to rotate, and extremely huge suction power came from above.

As soon as this suction appeared, it directly stirred Huo Yun to pieces.

Huo Yun, who was still very arrogant just now, was completely messy in an instant, and was absorbed by the Nine Yin and Nine Yang Divine Art.

Nine Yin and Nine Yangs, open to all rivers, regardless of whether it is scorching hot as fire or forest as cold as ice, it is correct.

The Nine Yin and Nine Yang Divine Art transforms this fire cloud into the purest true essence and splashes it into Chen Feng's ocean of true essence.

Chen Feng's ocean of true essence began to grow wildly, and once again expanded outward.

This time, Chen Feng absorbed three hours!

With a 'boom', the Jinquan at the center of the Zhenyuan Ocean exploded from a height of more than 20 feet to a height of more than 100 feet.

This time, almost sprayed to the top of the dantian.

However, it contracted again and became more than fifty feet tall and stabilized at this height.

Chen Feng has already reached the Ninth Level of Ning Hun!

His Ocean of True Essence, at this time, was very abnormal, from the stormy waves just now to calm waves.

Even the Thunder Dragon became quiet, swaying slowly in it.

Although Jinquan was surging, it was also very quiet.

It's just that this silence is not the kind of dead silence, but a calm full of tension.

It seems that under this calm, there is a volcano about to erupt, and it contains incomparable power.

The peace at this time is just to save, to save a final bloom.

On the contrary, the top of Chen Feng's dantian is golden light.

When Chen Feng broke through to the Eighth Layer of Ning Soul, a little golden light appeared on the top of his dantian. Now, this golden light has been magnified countless times and turned into a huge golden lotus.

However, at this time, this golden lotus was just a flower bone, and it did not bloom.

Chen Feng didn't know what was in it.

A glance at the golden spring corresponds to the golden lotus in the sky.

Chen Feng opened his eyes, a slight smile appeared at the corner of his mouth, and whispered to himself: "At this time, my strength has already reached the Ninth Level of Condensing Soul."

"Any hit, there is an extremely powerful force!"

But then, the smile on his face disappeared without a trace, but a deep sadness appeared in his eyes.

Because, if it had been the case before, the Azure Dragon Martial Soul would appear in a hurry, and then forced Chen Feng to find him the original stone.

Chen Feng was once deeply troubled to find him the original stone, but now, he feels how happy it was to be forced by Qinglong to find the original stone for him to swallow.

Now, the Azure Dragon Martial Soul did not appear.

Chen Feng whispered to himself: "Qinglong, Qinglong, you will show up soon, no matter how you force me to find the primordial stone for you, I am willing to do so, but I only ask you to show up soon."

But unfortunately, Chen Feng's hope was useless, and Qinglong remained silent after all.

Chen Feng shook his head and turned his attention to the huge fire dragon in front of him.

At this time, about one percent of the huge fire dragon corpse had already dried up.

Obviously, 1% of the fire dragon's power was taken away by Chen Feng.

Chen Feng was shocked!

This fire dragon is worthy of a fourth-rank profound beast. It is truly extremely powerful. With only one percent of its power, it has allowed itself to break through from the eighth level of soul condensing to the ninth level of soul condensing!

Chen Feng continued to swallow.

The incomparable power continuously poured into his body, and the rain of true essence in his dantian became more intense.

Chen Feng's dantian true essence ocean is constantly rising and expanding, and at the glance of Jinquan, it is also crazy.

This absorption is exactly ten hours!

After ten hours had passed, in the end, Jinquan had reached a height of a hundred feet, just a little bit before he could touch the golden lotus bone.

The diameter of the water column has reached twenty feet, which is incomparable!

And the Ocean of True Essence has expanded ten times more than when it had just entered the Ninth Level of Soul Condensation!

At this time, Chen Feng couldn't absorb it anymore.

He felt that his body was so swollen that he couldn't absorb any more energy, his dantian was like iron, no trace of true essence could enter again!

Chen Feng whispered to himself: "Now, I have reached the peak of the Ninth Layer of Condensed Soul, and this peak is definitely far more than the same Ninth Layer of Condensed Soul, and I can't even improve it by a bit!"

Chen Feng is completely saturated.

"It stands to reason that when I reach my current state, I should be able to directly break into the Martial King Realm!"

"But unfortunately, if you enter the Martial King Realm, you must also have a Martial King Golden Core! And I obviously don't have one here!"

"Furthermore, the disappearance of the Azure Dragon Martial Spirit may also be a huge obstacle that caused me to stay at the peak of the Ninth Level of the Ninth Soul, but I cannot go further!"

"Now, I can no longer absorb it, I can only stop!"

Chen Feng looked at the fire dragon corpse in front of him. At this time, only about one-fifth of the area above the fire dragon corpse was completely absorbed by Chen Feng, and four-fifths of the energy remained!

With Chen Feng's thoughts, the golden dragon ring swept across and absorbed the fire dragon corpse.

He secretly rejoiced in his heart: "I got the golden dragon ring before I lost it. If it is a normal ring, it will definitely not hold the fire dragon corpse!"

Chen Feng held the Dragon Sword, closed his eyes and concentrated for a moment, and suddenly cut it out with a sharp knife.

After he cut out with this knife, countless wind and thunder were rolled up, and the sound of howling was loud in the air.

Even above the sky, there is a black cloud.

With this knife, Chen Feng smashed down, directly cutting the crater into a huge wound with a width of 100 meters and a height of more than 1,000 meters.

It was almost equivalent to a mountain over a thousand meters high, which was directly smashed by Chen Feng.

The lava burst seven to eight kilometers high, and the volcano seemed to erupt again.

Then, this huge lava poured out from the wound split by Chen Feng, forming a new lava river.

There is a valley of flames in a radius of tens of miles below.

Chen Feng's knife was just an ordinary one, without any tricks, but the power was far better than the previous fire dragon nine times the wind and thunder ten times!

[Chapter 1360: Master arrives](#)

"Ordinary soul-condensing nine-layer powerhouses, even at the peak of the nine-layer soul, can't stop my blow."

"The power of my sword is even more powerful than that of the average Martial Sovereign Realm. This is my Chen Feng's power!"

Chen Feng took a deep breath. He stood proudly on the top of this volcano, his whole person was extremely majestic, like a black cloud above his head, stepping on the volcano, making a powerful roar!

A cold murderous intent appeared in his eyes: "Yong Ziyuan, now is the time to pay for your blood!"

Chen Feng turned around and left here quickly.

Here is a dense forest, and Yong Ziyuan is fleeing frantically.

At this time, he was in ragged clothes, covered in blood, and there were many wounds on his body. The whole person looked extremely embarrassed.

With a bang, he fell under a big tree, shook his body twice, almost unable to stand firm.

He took a few rough breaths, took a few pieces of wild fruit from the side, and stuffed it into his mouth to chew, and the sweet juice fell into his throat, as if to relieve the anxiety and pain in his throat.

He just took a breath, and suddenly at this moment, there was another footstep behind him.

Yong Ziyuan showed a hideous and vicious look on his face, and yelled in a low voice: "Damn, Yue Yuanshan, you just want to let Laozi go? You just want to chase Laozi to death, right?"

His mouth was ruthless, but his face was panic.

Looking back, there was already a figure flashing not far away. Yong Ziyuan gritted his teeth, and when he reached out, a green pill appeared in the palm of his hand.

He looked at this green pill, and hesitated in his eyes: "This is my last Five-Rank Qi Replenishing Pill. After eating this one, I will never have it again."

"At that time, if I was overtaken by Yue Yuanshan, and my true essence was exhausted and unable to be replenished, I would definitely not be able to escape again. Would you like to eat?"

But in the end, he gritted his teeth fiercely and swallowed this pill directly: "Damn it, it's a moment to escape."

At the entrance of the medicine pill, the cool and majestic true essence bloomed in his body, and his spirits immediately rose.

The true essence surged, the speed rose again, and he ran wildly outward.

After a while, Yue Yuanshan and others came here.

Beside Yueyuan Mountain, Kuangren Xue took a breath and said softly, "Brother Yue, or just spare him!"

"If you really kill this Yong Ziyuan, it will really be a big trouble."

Yue Yuanshan glared at Madman Xue, and said in a deep voice: "He killed my brother Chen Feng. I must kill him and avenge Brother Chen!"

Madman Xue wanted to say something, Yue Yuanshan had already said coldly: "If you say it again, we brother, you won't be able to do it!"

Kuangren Xue had to silence when he heard it!

Without stopping, Yue Yuanshan said loudly: "Chasing! Yong Ziyuan flees desperately these days, even if there are some pills for replenishing the true essence, it is definitely almost consumed."

"He should not be able to run anymore. If there is no accident today, he will be able to catch up with him!"

Sure enough, just as Yue Yuanshan had expected, they chased forward for almost an hour, and finally saw the figure of Yong Ziyuan ahead.

But this time, after Yong Ziyuan was overtaken, there was no pill for him to supplement.

Soon, Yue Yuanshan chased to the front, screamed, his figure flashed, he came directly behind Yong Ziyuan, and slapped it out.

With a loud 'bang', Yong Ziyuan let out a scream, was hit and flew out, fell heavily to the ground, spurting blood.

He collapsed to the ground, unable to get up at all for a while.

Yue Yuanshan, Xue Kuangren and Xiao Yuqing surrounded him!

Yong Ziyuan raised his head and coughed twice with difficulty. He looked at Yue Yuanshan desperately and screamed, "Yue Yuanshan, you can't kill me!"

"I am the son of the prefect of Yongzhou. If you kill me, my father will never let you go!"

"Your father won't forgive me, will you?" Yue Yuanshan's face showed a rare look of hideousness: "Then I can't forgive you today!"

"You dare to touch my brother Chen Feng, and he was killed by the fire dragon and caught blind. I must kill you. As for what your father has, I will follow Yue Yuanshan!"

"I, Yue Yuanshan, step by step from an ordinary disciple of a small sect to the present, I have never been afraid of anyone!" Yue Yuanshan roared with pride!

As he said, he pushed towards Yong Ziyuan, with a murderous look on his face.

Yong Ziyuan was on the ground in a panic, with his legs bent and dragging backward little by little. He suddenly looked at Xue Kuangren and shouted: "Xue Kuangren, save me, you can't let him kill me!"

Kuangren Xue seemed to have made a decision at this time, and said lightly: "Senior brother is right, what is your father's means, but just then, why be afraid?"

He looked at Yue Yuanshan and said ashamed: "Brother, I did something wrong before. I was so scared by his father that I was always afraid of his father's revenge, so that everything is the first end of the mouse! !"

"Hahahaha!" He strode forward and said, "Brother, let me take his life today! These days, I am fed up with him!"

Speaking, he came to Yong Ziyuan and shot out with a palm down.

Yong Ziyuan let out a desperate scream.

At this moment, a gloomy and cold voice came out of the dense forest: "Who dares to move my young master?"

This force was so huge that Madman Xue felt that he was almost out of breath, he quickly shot out his palms and blasted there.

With a loud bang, Madman Xue was directly hit by a palm for several tens of meters, hitting heavily on the trees, knocking down a string of towering trees directly!

Yue Yuanshan exclaimed: "Who?"

As soon as the voice fell, two people walked out of the dense forest.

These two people are all wearing red robes, and on their robes, there is a character Yong.

Two people, their clothes are very gorgeous, and their aura is extremely large.

After Yue Yuanshan watched it, his brows frowned.

It turned out that the strength of these two individuals has reached the first level of the Martial Sovereign Realm!

These two people were both over fifty years old, one fat and thin, with a murderous look between their eyebrows, staring at Yue Yuanshan and the others fiercely.

After seeing them coming, Yong Ziyuan suddenly developed a mouthful of air, and suddenly slapped the ground fiercely, and yelled: "Why are you **** here so late? Do you know that I almost let these untouchables give it to me? killed!"

When the two of them faced Yong Ziyuan, they were flattering. They walked up to him, knelt to the ground with a bang, kowtowed and said:
