

Peerless 1401

[Chapter 1401: Horror](#)

As soon as he pointed it out, Thunder Broken Star fingers quietly broke through the air, and a red-clothed disciple hurriedly threw his fist to resist, but his resistance seemed to not exist at all.

The Thunder Broken Star finger easily melted his arms, and then hit his body, with a light sneer, his upper body directly turned into countless fine fragments, then shattered and disappeared.

The other two disciples in red were all shocked and shouted in shock: "How can your strength be so powerful? You are just the peak of the nine-fold soul condensing!"

Chen Feng smiled slightly, and did not answer, but the Dragon Sword slashed out, directly blasting the elderly red disciple to pieces.

Then, he looked at the last disciple in red.

At this time, the red-clothed disciple was already trembling with fright. He looked at Chen Feng as if he was looking at a devil, with unconcealed fear in his eyes.

Chen Feng's figure flashed, and he cut it out several times, but he didn't want to kill. This red-clothed disciple was cut off by Chen Feng a moment later, sealed his meridians, and fell heavily to the ground.

He looked at Chen Feng in horror, and said with a trembling, "You, what are you going to do?"

Chen Feng smiled: "I'm not doing anything, just ask you a few questions."

"First, where are the Ying you just mentioned?"

The red-clothed disciple looked at Chen Feng with a sorrowful smile on his face, and a hint of determination. Chen Feng immediately secretly said that he was not good, and quickly reached out, but it was too late.

He snorted, black blood spilled from the corner of his mouth, then his head tilted and he died.

Chen Feng cursed in a low voice, and Yue Yuanshan walked out next to him, with a solemn expression on his face: "These disciples should have put something in their mouths. Once captured, they will immediately commit suicide."

"It can be seen from this that they are absolutely described as sneaky and shameless. It is definitely a big conspiracy here."

"Because if it is an ordinary force, there is absolutely no such arrangement."

Chen Feng said lightly: "No matter what they are, as long as we continue to work, we will always find someone who is afraid of death."

Yue Yuanshan nodded: "That's right."

Next, Chen Feng and others continued their activities here.

In the evening of the same day, Chen Feng led a team of red disciples and beheaded them.

This time, Chen Feng stayed alive, but he didn't expect that when the two heard of Chen Feng's culture, they immediately showed fear in their eyes.

Chen Feng had carefully checked their mouths in advance and found no problems, but the two of them were still under Chen Feng's eyelids, taking poison and committing suicide.

Chen Feng was extremely upset.

The next morning, Chen Feng continued to look for opportunities, and this time, it was obvious that this force had already had some defenses.

The disciples they sent were no longer a team of four, but two teams together, but Chen Feng was not afraid, this time he attracted eight people over.

The eight people were full of confidence, and they obviously thought that they could easily kill Chen Feng.

But unfortunately, the final outcome makes them unacceptable at all, but this is the fact.

Of the eight of them, six were killed and two injured by Chen Feng.

For the remaining two people, Chen Feng planned to seal them up so that no part of them could move.

However, before Chen Feng did that, the two men saw that they were going to be captured, and before they were caught by Chen Feng, they desperately launched a suicidal attack.

Chen Feng had to do his best to kill the two of them.

And Chen Feng even suffered multiple injuries on his body!

Looking at the corpse all over the floor, Chen Feng showed a look of anger on his face: "This sect has a very fast reaction speed, and the counterattack methods are also very harsh."

"They knew that they seemed to know that I was going to press the captives, so they just came here today, and they didn't let me have a chance to get alive!"

In the evening of the same day, Chen Feng was planning to bring out a few people.

Soon, he saw the eight-person patrol team, and Chen Feng had just appeared, and the reaction of that group shocked Chen Feng.

These eight people surrounded Chen Feng in the middle, and at the same time, even more desperately, launched their strongest attack on Chen Feng.

They spurted blood one after another, stimulated their potential, and launched the most powerful attack on Chen Feng. Even when they attacked, their bodies exploded directly, exerting their strength more than three times the usual.

This is equivalent to Chen Feng being attacked by eight martial masters with three times the strength.

At this moment, even Chen Feng could not resist, and countless huge wounds were exploded on his body.

Even a disciple's long sword directly pierced Chen Feng's chest, leaving a huge piercing wound the size of a bowl on his body.

Just a little bit, it can affect Chen Feng's heart.

These eight disciples died in an instant and caused Chen Feng to be seriously injured. At this moment, Chen Feng felt a huge aura, surged from the depths of this mountain, and rushed towards Chen Feng. Come.

Chen Feng was immediately shocked. From this momentum alone, he could judge that the opponent was definitely an existence he could not match.

Chen Feng immediately turned around and ran away frantically.

Tianlongbu started one after another, and his figure continued to flicker, but unfortunately, for his current strength, Tianlongbu was already a bit slow, and he couldn't get rid of the people behind him.

This chase and escape took more than an hour.

It wasn't until Chen Feng ran thousands of miles away that he felt the huge aura behind him slowly disappearing.

Chen Feng sat down on the ground. Panting heavily, his face pale, and his heart lingering, he whispered to himself: "This force is really powerful. It reacts extremely fast and the methods are very harsh."

"Moreover, I can't afford to provoke their strong men at the moment. That aura is too terrifying, I'm afraid I can't do a few tricks under his hands."

So next, Chen Feng did not attack again, but hid in a hidden place, healed his injuries while observing.

Chen Feng and the others advanced the fastest and came the earliest, and other people came here one after another during this period.

They also discovered the existence of this sect, and then attacked.

On a high cliff, Chen Feng stood high, looking at the distance intently.

In the distance, three teams lurked quietly. The strength of these three teams is not weak, each with a top ten master.

They approached an eight-person patrol team, and then suddenly dispatched, surrounded the eight-person team, and started strangling.

Chen Feng didn't want to mix things up, because the strength of these three teams was enough to deal with the eight red-clothed disciples. He didn't want to be thought that he wanted to **** killing points, so he just watched indifferently.

But what was unexpected by Chen Feng was that soon a red team joined in, and suddenly the valley of life and death fell into a disadvantage.

[Chapter 1402: Let you down](#)

At this time, on the valley of life and death, several more teams joined in, and for a while they began to level off again.

As a result, the two sides continue to join, and the stalemate continues, and then one party has the upper hand, then someone on the other side joins, and then the stalemate continues.

Soon, it evolved into a battle of dozens of people, and almost half of the disciples in the Valley of Life and Death were involved.

Among them, there are a full four of the top ten disciples, including Lin Cheng and Leita.

Originally, the two sides were still in a stalemate, but at this time, suddenly the situation suddenly changed, and four or five blue-clothed disciples were killed.

These blue-clothed disciples were far more powerful than the red-clothed disciples. They had reached the fourth level of Martial Sovereign Realm. As soon as they entered, they immediately changed the power balance between the two sides and killed several disciples in the Valley of Life and Death.

The disciples in the Valley of Life and Death were suppressed so much that they couldn't raise their heads, and there were continuous casualties.

In a moment, the disciples in the Valley of Life and Death were already half dead and injured, and the blue-clothed disciples laughed loudly:

"You despicable villains, who slaughtered us like this these days, why don't you have any abilities now? A group of people will only bully the weak."

As he said, they issued fierce moves one after another, beheading several people in the valley of life and death.

Yue Yuanshan looked at Chen Feng and asked softly, "Can you save it?"

Chen Feng said firmly: "Of course we must save!"

No matter what these people think of Chen Feng, no matter how bad they are, Chen Feng will save them, because they are a group, performing the same task!

Shen Yanbing smiled next to him and said: "Chen Feng, you still know that Chen Feng, no matter how strong you are, you still haven't lost your heart!"

With a long roar, Chen Feng leaped into the air like a big bird.

As soon as he fell into the battle group, the Dragon Slaying Sword slashed out three swords in a frantic sequence, slashing towards a blue-clothed disciple.

The disciple in blue felt his horrible aura like a tide like a sea, and his face suddenly showed a panic, and he swung his sword to resist.

But it was useless. Chen Feng slashed his long sword with a single blow, and the other two slashed all over his body. With two bangs, his body was directly smashed!

Seeing this scene, everyone in the Valley of Life and Death exclaimed.

"Chen Feng, Chen Feng turned out to be here."

"I haven't seen him for a while, I feel that his strength is stronger than before, and he has killed two blue-clothed masters one after another!"

Seeing Chen Feng, Lin Cheng and Leita were very unnatural, with a trace of embarrassment on their faces, obviously remembering the scene of kneeling and begging for mercy before Chen Feng.

However, Chen Feng ignored them at all. In his opinion, these two people did not even have the qualifications to let him take a look.

Chen Feng let out a sharp roar and blasted at another blue-clothed disciple, and after three or five moves, he was resolved.

And at this time, suddenly in a dense forest next to him, seven or eight disciples in blue rushed out, brushing around, and surrounded Chen Feng in the center.

One of the disciples in blue clothes with a cold face in their 30s giggled, and there was some softness in the smile:

"Sure enough to lead you out, hahahaha, a huge black blade with a powerful ability to kill in one blow, you should be the mysterious person who has been killing in our school during this time?"

"Today, I finally brought you out!"

He pointed to the ground and said, "This is where you died."

It turned out to be a trap!

However, Chen Feng was caught in the trap without any panic. Instead, he still looked at them calmly, with a playful smile on his mouth.

This blue-clothed disciple looked at the other people in the Valley of Life and Death with awe-inspiring eyes, and shouted loudly: "If you don't want to die, get out."

Many people in the Valley of Life and Death retreat one after another. They looked at Chen Feng, and some of them even showed schadenfreude, and laughed: "Whoever makes Chen Feng show the limelight will kill as soon as he comes up."

"Is this over? I was directly surrounded by others!"

"Yes, each of these blue-clothed masters has the worst strength in the Martial King Realm Quadruple, and even the Martial King Quadruple Peak, with seven or eight people besieging Chen Feng, Chen Feng can't be an opponent at all."

"This time Chen Feng is over. It deserves it. This is the end of his performance!" Many of them said maliciously.

And some people in the Valley of Life and Death, seeing their performance at this time, were very angry and shouted: "Chen Feng came here to save us. You guys are talking like that? Are you human?"

About 20 or 30 disciples from the Valley of Life and Death, led by a burly man, killed Chen Feng with the intention of rescuing Chen Feng.

Chen Feng looked at them, with a slight smile on the corner of his mouth, and said, "I've been kind enough, but these few chicken dogs are not in my eyes."

"Haha, this waste without a future, death is approaching, so I dare to be so stiff!"

"Yes, he is just stiff mouth now. In fact, he will definitely die next. He can't be the opponent of these people?"

Before the blue-clothed disciples could speak, those who hated Chen Feng had already started to curse.

They wished Chen Feng died quickly!

Chen Feng looked at them with murderous intent in his eyes, and said in a cold voice: "Sorry, I will disappoint you!"

"Do you want to disappoint us? What do you mean?" The faces of everyone were puzzled.

And the blue-clothed young man in the lead had a look of winning streak on his face, but his expression changed after hearing this.

He looked at Chen Feng with a cold look and said, "Trash, what do you mean? Is it possible, do you think you can still escape the siege of a few of us today?"

"Tell you, that's wishful thinking!"

Chen Feng looked at him with a smile, and said, "Who said I was going to run for my life?"

The blue-clothed disciple sneered: "Are you crazy? Don't you have another choice if you don't run for your life?"

Chen Feng smiled coldly, his smile full of murderous intent: "In addition to escape, there is another way, that is..."

He spoke word by word, cold breath, as if popping out of his teeth: "Kill you!"

"What? Kill us?" The blue-clothed disciple was taken aback for a moment, and then all of them burst into laughter. The laughter was full of disdain: "Is this little **** crazy? He thought he could Are they our opponents?"

"Haha, this bastard, he is so arrogant. Let's join hands with the seven and kill him is easy."

Chen Feng was no longer patient to talk nonsense with them, and suddenly raised the Dragon Slaying Sword with a sharp roar.

Above the sky, a thundercloud suddenly formed. Seeing this scene, both Lin Cheng and Leita trembled violently.

[Chapter 1403: The strongest is here!](#)

They immediately remembered the scene that day. They knew how terrifying Chen Feng's move was.

Feeling this enormous aura, the blue-clothed disciples and others were all discolored. Before they had time to speak, there was a burst of raps in the sky, nine huge electric lightning pillars, He hacked at them fiercely.

Nine waves of thunder and lightning fell crazily, with extremely fast speed, and then the next moment, everyone felt a big earthquake in front of them, and the thunder snake danced wildly.

For a while, they couldn't open their shiny eyes.

I saw the violent thunder and lightning raging crazily, nine thunder and lightning slammed on these seven people fiercely, they fought madly, but it had no effect at all.

Boom, boom, boom, a series of violent explosions, seven people were directly chopped into countless fragments by nine lightning bolts, leaving no bones.

Even their flesh and blood was directly evaporated by the intense high temperature.

With one move, Chen Feng only used one move to directly behead the seven masters, with no bones left.

Chen Feng laughed up to the sky, looked at the crowd, smiled and said, "Why, I just said that I disappointed you, are you still not believing it? Do you believe it now?"

No one in the surrounding dared to speak, and everyone looked at Chen Feng with awe.

The next moment, a low whisper broke out.

"It turns out that Chen Feng is so powerful. We underestimated him before."

"Is he really a waste in the future? This is really doubtful. We said that just now. Will Chen Feng retaliate against us?" Many people thought very scared.

This knife also completely let all the people in the Valley of Life and Death see Chen Feng's strength.

"Chen Feng's strength can definitely be ranked among the top three in the valley of life and death. I feel it is only weaker than Yun Fuyu."

"Yes, he has always concealed his strength before, and we thought that his strength was just that much. It's ridiculous to think about it now."

Someone looked at Lin Cheng, with a joking look at the corner of his mouth, and smiled: "Lin Cheng has provoke him repeatedly before, haha, now it seems that if Chen Feng wants to really make a move, he can kill Lin Cheng with one move."

At this time, several figures hurriedly approached here. When they came over, they happened to see Chen Feng using this trick.

The faces of all three were shocked.

The third-ranked master had a wry smile on his face: "It seems that my third position can't be kept."

And the second-ranked master has an extremely solemn expression: "If I try my best, I can make such a powerful move, but after using this move, I will have no more power. An ordinary warrior will also Can easily kill me."

"And now it seems that Chen Feng still has enough power. He should be able to make at least two more powerful moves like this."

And at the peak of the cloud, there was a hint of playfulness on his face: "Chen Feng, you are indeed very strong, but unfortunately, you are far from my opponent."

The three leaped in the air and joined the battle group.

Those blue-clothed disciples and red-clothed disciples were so scared by Chen Feng's move that thunder and stars broke the stars, and they had no fighting spirit.

At this time, the joining of these three masters immediately restored the decline.

Soon, they were killed to the point that there was not much left. Everyone in the Valley of Life and Death was very excited, shouting loudly and loudly: "We have won, we have won!"

At this moment, all of a sudden, everyone felt that they had missed a section of the beat of their heartbeat, as if they were being held down by something.

They feel that there is endless pressure coming from their bodies, and they can't even breathe and have difficulty breathing.

Some people even knelt on the ground with a thump, and a huge and extremely coercive force pressed them down.

This kind of coercion is so powerful that people don't even have the power to resist.

Yun Buyu waited for the master, a look of shock immediately appeared on his face, and he shouted out: "A peerless master came and suppressed us with his aura."

Even Yun said nothing, with a panic on his face.

Some people wanted to escape, but they found that under the pressure of this momentum, they had to work hard every step they took and couldn't run at all.

Chen Feng also felt this huge pressure, and this pressure made him very familiar. It was just a few days ago that he who chased him escaped the huge pressure for hundreds of miles.

Chen Feng didn't panic, he was still calm, and he shouted loudly: "This coercion is huge, and you can't escape at all. Only by working hard, working together and fighting with it, can we get a chance."

Chen Feng's words made many people calm down, gritted their teeth, and contended with this momentum.

Above the sky, there was a loud laughter: "You kid, I didn't expect to have some ability."

"At this time, I was still able to calm down, which really surprised me."

The laughter was like thunder, rolling in and deafening.

Then, a figure slowly descended and came in front of everyone.

This figure, about two meters high, is burly and majestic, wearing a golden robe, his eyebrows, beard and hair are all golden, and it looks majestic.

As for the momentum radiating from him, Chen Feng and the others felt a little, and immediately took a breath.

Because of this imposing manner, Chen Feng couldn't feel it at all.

Chen Feng was shocked: "This means that this person is at least a six-fold powerhouse of Martial Sovereign Realm, six realms higher than the current me!"

"I can leapfrog and challenge people who are three levels higher than me. With ordinary moves, I can match the three-tier powers of the Martial King realm. But even if the thunder and thunder bursts into the sky and the stars are broken, the strongest person I can deal with is just Martial King. It's just the pinnacle of the four layers of realm! Right now, I definitely don't have the strength to contend with this golden-robed man."

And seeing the appearance of the golden-robed man, the blue and red disciples who were retreating after being killed all knelt down and said respectfully: "I have seen the master of the door."

Chen Feng's inference is indeed correct, this is the location of a small sect.

The master of the sect looked at Chen Feng and the others, and suddenly a cold expression appeared at the corner of his mouth. He said with a cold voice: "I don't care where you come from, who ordered you, and what your purpose is. Since you dare to come here, If you dare to make our idea, I will make you pay the price."

"Boys, die!"

As he said, his aura suddenly swelled, rising infinitely, and pressing down on Chen Feng and others fiercely.

Puff puff, there was a soft noise.

With the pressure of this huge pressure, there were a dozen people in the valley of life and death immediately, unable to withstand this huge pressure directly, their bodies were crushed to burst and died.

[Chapter 1404: Four sword formation](#)

Moreover, this pressure is still increasing, and even those with slightly stronger strengths are slowly beginning to be unable to bear it.

Yun Buyu yelled: "Now if we continue like this, we will just sit and wait to die. Your strength is too weak, and it's a drag!"

He looked at the crowd, showing impatience, and loudly commanded: "Now, everyone listens to my orders. People below the first level of the Martial King realm will all retreat, and the top ten masters will follow me."

He took it for granted, arrogantly.

Chen Feng frowned, but he considered the overall situation and proceeded according to what he said.

As he said, he shouted sharply, the long sword in his hand was unsheathed, and a sword was pierced out in a misty manner.

The figure is extremely beautiful, like a sword fairy in white clothes, and at the same time the speed is extremely fast, like a white lightning, it stabs the golden robe man fiercely.

At this time, everyone in the Valley of Life and Death worked together.

The top ten masters all responded loudly, and then followed Yunbuyu, thinking of killing the man in the golden robe.

Chen Feng is no exception!

Yun Buyu screamed: "Four Sword Formations!"

I saw his long sword draw dozens of times, mysterious arc, in the air, the spiritual energy was extremely hot.

The surrounding spiritual energy fluctuated suddenly and became very violent, and then under the stroke of his long sword, a long sword-like portal was formed in the air.

And in that portal, there are constantly five-foot-long and half-foot-wide long swords formed by spiritual energy, flying out from the inside, extremely fast and endless.

After a while, four huge sword formations were formed next to his body, one in each of the southeast, northwest and northwest.

Eastern blue, southern red, western white, northern black.

Each sword array is one hundred meters long, one hundred meters wide, and one hundred meters high, and it is made up of ten thousand spiritual swords.

Above the four sword formations, exudes immense majesty and murderous aura. The four sword formations are constantly floating, surrounding the cloud without a word, and constantly circling up and down.

The sword qi leaped into the air, and within a few hundred meters of the piercing, everyone felt their skin hurt and seemed to be pierced by this extremely sharp sword qi.

Chen Feng was horrified, and Yunbuyu's move had already achieved the strength of the five peaks of the Martial Sovereign Realm.

I'm afraid of his strength. It can only issue this trick.

These four sword formations are divided into east, west, south and north, and east and west, each of which has an attribute. If they are singled out, they are extremely powerful.

And if these four sword formations are together, the power is more than just multiplying by four, it will definitely double one after another!

This move is terrible. His trick is very, very powerful. Any sword flying out of it will be able to kill a powerful person in the Martial Sovereign realm in seconds, and there are 40,000 swords here!

This four-sword formation that rose from the sky has shocked everyone.

The second and third-ranked masters looked at each other with a bit of bitterness in their eyes: "We thought that the gap between ourselves and Yunbuyu was only a thin line, but now we know that it is really a huge gap."

"Before, he just concealed his strength. It's ridiculous that we still want to challenge him."

All disciples in the Valley of Life and Death exclaimed, "Yunbuyu is too powerful!"

And even the big man in the golden robe showed a look of jealousy in his eyes, and said in his heart: "This kid is so strong, he can even pose a threat to me."

However, it seemed very difficult for Yun Buyu to maintain this four sword formation. He was sweating profusely, but her face was still calm and proud.

After the formation of the four sword formations, he suddenly roared, shaking his arms and pushing forward.

Forty thousand huge spiritual energy swords all slew towards the golden-robed man, densely packed, sealing him up and down.

All his escape routes were blocked, so he couldn't escape at all and had to block it.

The golden robe man laughed loudly: "Force me to block it, right? Okay, then block one, and see if your four sword formation can pose any threat to me!"

With that, he used powerful moves and prepared to resist.

The Four Sword Array kept moving forward, and he was about to attack him, and the big man was already fully prepared.

But at this moment, suddenly, the Four Sword Formation stopped strangely, from extreme movement to extreme silence, and suddenly stopped from high speed. This feeling was extremely uncomfortable.

The golden robe man was so shaken that he almost vomited a mouthful of blood, and in this way, his moves had already been used.

The Four Sword Formation stopped in the air for a moment, then suddenly accelerated, and slammed into the body of the golden robe man at a speed ten times faster than before.

At the same time, the four sword formations collided with each other.

Suddenly, a violent impact occurred in the air.

And if the power of a sword formation is one, and the total power of the four sword formations is four, then at this time, due to the fact that the attributes of the four sword formations are mutually restrained, after they collide with each other, the power even reaches sixteen. !

A forceful force, far exceeding the pressure just now, came to fruition.

The center of the impact was the big man in Jinpao.

At this moment, Jinpao Khan didn't even have time to resist, there was a loud bang, and a mushroom cloud with a radius of several hundred meters exploded in the air.

At the center of the explosion, there were golden flames everywhere.

The extremely powerful and fierce sword aura swept wildly, the earth was instantly torn apart, and even magma gushed out of the surrounding area, and the surrounding seven or eight hills were directly destroyed.

Above the sky, the wind and rain splashed down suddenly, this move turned out to be a powerful move of the sky!

The golden-robed man directly received the strongest impact and let out a painful cry. His body was instantly shaken by the impact of countless spiritual energy, and he retreated one after another.

On his body, as if he had been plucked by Ling Chi, thousands of wounds were cut. Some of the wounds were even deeply visible, exposing the internal organs, which looked extremely terrible.

He was covered in blood, like a **** man.

But he finally stabilized his body and let out a loud roar, his palms shot out one after another, a full shot of nine hundred and ninety-nine palms.

Every palm is extremely tyrannical, and then all the fierce offensives disappeared in the next moment, and his body also stood firmly there.

Seeing this scene, Yun Buyu exclaimed: "How is it possible? How can you possibly survive? With my move, every sword formation is taken out separately, and it has the power of the five peaks of the Martial Sovereign Realm."

"Four sword formations combined, colliding and bursting, it is enough to reach the power of the sixth level of Martial Monarch Realm. How can you survive such a powerful offensive?"

The big man in the golden robe showed a smug look on his face, and said grimly: "How can you imagine my strength?"

Before the words fell, suddenly a thundercloud flashed above the sky.

[Chapter 1405: So affectionate](#)

Then, the nine huge thunders, which engulfed the power of the stars, smashed down one after another.

Nine lightning pillars smashed on his body instantly.

The big man in Jinpao was complacent, and he didn't expect Chen Feng to suddenly get into trouble.

His body was like a fish that had been pumped into the air, landing heavily, scorched, and numerous wounds appeared on his body.

The previous wounds were even more scorched.

On his chest, a huge penetrating injury the size of a bowl appeared, and there was no blood even flowing out, and all the blood was directly evaporated.

The big man in the golden robe uttered a wow, and he was seriously injured.

Chen Feng's trick was extremely tricky, and it happened to attack when he was defenseless.

Moreover, he had just been injured, so at this time Chen Feng's move caused him even greater damage than the four sword formation just now.

But his strength is really tyrannical, so that two big kills in succession can't kill him. He screamed and glared at Chen Feng, with a bitterly resentful look in his eyes, and screamed: "Little boy, you dare to do this. Hurt me? No matter what price I have to pay today, I will kill you!"

With that, he was like a big bird, leaping over in the air, with extremely fast speed.

Chen Feng immediately launched an offensive, and several other masters all issued their own powerful moves and blasted towards the golden robe man.

The big man in the golden robe yelled, and a huge golden mask appeared on the surface of his body, covering him.

These powerful offensives were all blocked by this huge golden mask.

Bang bang a huge burst of sound, the golden mask, light waves overflowing, but no damage, those powerful offensive against him without any effect.

In the golden robe man laughing wildly, he has come to Chen Feng.

In Chen Feng's eyes, he was awe-inspiring, without any withdrawal at all, and he laughed loudly: "No matter how strong you are? I have never been afraid of Chen Feng!"

He connected his hands, and the Thunder Broken Star pointed directly out, hitting on the golden mask.

Chi Chi Chi Chi, there was a slight noise, this golden mask was actually punched out a small hole.

Then, a thunder and broken star banged on the golden robe man, poking a small blood hole in him.

The golden robe man was furious: "You little bastard, you are looking for death!"

He has become more and more determined to kill Chen Feng today. Soon, he has been killed close, and he shot out with a vicious palm.

With this palm, he even used ten percent of his strength. Chen Feng felt like a giant mountain patted him, and a huge seal in the sky suddenly formed.

Yinfa was two hundred meters high and three hundred meters long and three hundred meters wide. They smashed down at Chen Feng.

Above the seal, the golden light flickered, and on this large seal, only one word was engraved: death!

The big man in the golden robe screamed: "Look at my deadly wheel seal!"

This deadly death wheel seal was his powerful trick, and one move could condense a big seal the size of a hill.

Above the dead word, a red light flashed suddenly, completely covering Chen Feng.

Chen Feng found that he couldn't escape even if he wanted to escape, as if he had been frozen in place by the red light.

Moreover, the red light was extremely vicious, and it began to swallow the true essence all over the surface of Chen Feng's body, and in an instant, it swallowed the defensive essence on the surface of his body completely.

Chen Feng was shocked. It turned out that this deadly move was not only powerful, but also corroding people's defenses.

In this way, it is equivalent to doubling the power.

But Chen Feng didn't have the slightest fear. He laughed loudly. In his body, the nine-yin and nine-yang magic power was activated, which produced a huge attraction.

This corrosive destructive force stayed in Chen Feng's body for a while, and then was directly absorbed by the powerful aura of Nine Yin and Nine Yang Divine Art, and instead was turned into his own true essence by Chen Feng.

In this way, it is equivalent to halving the power of the Death Wheel Seal.

Seeing the red light on the surface of Chen Feng's body disappeared, the big man in the golden robe yelled in disbelief, "How is it possible? Can you resolve it?"

But then, his face became stubborn: "Even if you resolve the red light, you still can't stop my move."

The big seal like a small hill was already pressed down fiercely, and it hit Chen Feng with a boom.

Although Chen Feng had reduced his power by half, the powerful Death Wheel Seal was far beyond the limit he could resist.

This move has reached the power of the sixth peak of the Martial Sovereign Realm!

The death wheel seal smashed the place into a big hole. When the death wheel mark disappeared, everyone saw that Chen Feng was lying there in the big hole, his body could only twitch lightly, even breathing. It becomes extremely difficult.

Blood continued to gush out, and his body was broken in many places, almost smashed into a pool of meat sauce.

Chen Feng was seriously injured and dying!

The big man in the golden robe laughed triumphantly, feeling a breath of bad breath.

Then, he walked slowly towards Chen Feng, he walked slowly on purpose. In order to make Chen Feng feel the pain and despair as long as possible, he wanted Chen Feng to die little by little, not so happy.

All the people in the valley of life and death watched this scene blankly, no one went up to stop it, because they all knew that going up to stop was just to die.

At this moment, let alone a golden robe man, even an ordinary warrior can kill Chen Feng.

He coughed violently on the spot, and he had no strength to fight back.

Just when the golden robe man was about to reach Chen Feng, suddenly, with two stern shouts, Yue Yuanshan and Shen Yanbing rushed over from the side and stood in front of him.

They saw it with all their faces, and used their powerful moves to kill him.

However, it was of no use at all. The big man in the golden robe just flicked his fingers lightly, and flew the two of them out, falling to the ground, vomiting blood, and was seriously injured.

He sneered disdainfully, and said: "With the strength of the two of you, do you want to shake the tree?"

At this time, Shen Yanbing's white clothes were stained with blood and her body was seriously injured, but she did not shrink back, instead, holding the giant sword resolutely, severely cut out at the golden robe man.

A look of impatience appeared in the golden robe man's eyes, and he said in a cold voice, "I really don't know how to live or die!"

Shen Yanbing's mouth was smiling, and her face was full of indomitable determination. She clearly knew that she was definitely not the opponent of the golden robe, but she still rushed forward.

Without any suspense, the big man in the golden robe slapped Shen Yanbing directly with blood.

Shen Yanbing was so badly injured this time that she couldn't even stand up. She wilted on the ground, looked at Chen Feng, the corner of her mouth suddenly smiled, and then crawled towards Chen Feng with difficulty.

Her speed is very slow, there seems to be tears in her eyes, but there is a smile on her mouth.

Finally, she climbed onto Chen Feng's body and covered her underneath with her body.

Then, she sighed contentedly, her heart filled with joy and peace.

She hugged Chen Feng and said softly: "Chen Feng, I have never been as happy and peaceful as I am now. You and I were not born in the same year, the same month and the same day, but today, you and I die in the same year, the same month and the same day. I have no regrets in this life."

Everyone was moved by it, this woman was so deeply affectionate!

The big man in the golden robe showed a hideous look on his face: "You want to die with him, right? Okay, I will fulfill you!"

[Chapter 1406: How can I give up?](#)

"Then I will kill you two together today and go to **** to be a mandarin duck!"

Speaking of him, he took a picture of the evening, and the pressure appeared to crush the two into powder.

At this moment, Chen Feng was confused and his soul seemed to dissipate.

He feels very tired, and sinking slowly like this, sinking, very comfortable, all the pressure is gone, people just want to fall asleep.

He gave up.

Shen Yanbing smiled and shed tears, tears falling, and with a snap, quietly blooming on Chen Feng's face.

At this moment, Chen Feng's soul trembled suddenly.

A voice roared violently in his heart: "Chen Feng, how can you die? How can you be worthy of Shen Yanbing? Why do you give up!"

Chen Fengru was struck by lightning and shocked all over his body. He opened his eyes suddenly.

There seemed to be flames burning in his eyes, and there was a roar.

The big man in the golden robe immediately felt that his palm strength was seriously resisted.

Then, a huge force seemed to bounce suddenly, and with a bang, his palm power was directly bounced out.

Not only that, but his whole person was shocked to fly out, and a mouthful of blood spurted out.

With a horrified face, he shouted loudly, "What's going on?"

The next moment, a long and huge dragon roar sounded in the air.

Above Chen Feng's body, a phantom suddenly rose into the air, forming a huge blue dragon phantom with a length of more than a thousand meters in the air.

However, at this time Chen Feng was very clear that the Azure Dragon Martial Spirit was very vain, not almost condensed into an entity like others, it was just a phantom.

The Qinglong soul was awakened at this time, although it was only a small part of the power of awakening, it was enough.

Because Chen Feng's dantian has already accumulated enough strength.

At this moment, a little stimulation can arouse the restlessness in his dantian.

Chen Feng suddenly opened his eyes. At this moment, his eyes were full of expression. He gently hugged Shen Yanbing and whispered in her ear: "Yan Bing, what's not going to die? Our good days are yet to come."

With that, he gently put Shen Yanbing aside.

Shen Yanbing covered her mouth in surprise and joy, with a red tide on her face, very shy.

Chen Feng got up, he felt the power surging in his body at this moment, stimulated by the Azure Dragon Martial Spirit, at this time, the huge red ball in Chen Feng's Dantian finally changed.

The red ball began to shrink inward at a very fast speed, and then the huge ball began to jump violently.

Then everyone saw that on the surface of Chen Feng's body, the light fluttered and shrank, and his whole person was like the heart of an ancient behemoth, constantly beating and contracting.

Seeing this scene, the golden-robed man screamed in surprise: "What? This kid is breaking through? He is breaking through to the Martial King realm?"

The big man in the golden robe was shocked that Chen Feng was so powerful, he was the nine-level soul condensing master?

"How terrifying would it be to let him break through to Martial Sovereign Realm?"

Chen Feng immediately realized that he could not let Chen Feng break through, he must stop it!

The big man in the golden robe slammed several punches at Chen Feng fiercely, every punch was heavy and extremely tyrannical.

He looked at Chen Feng cruelly. In his opinion, this kid who was breaking through would be directly beaten to pieces by his own punches.

He sternly said: "Do you still want to break through? Tell you, this is a dream!"

However, a scene that shocked him appeared. Just as his fist was about to hit Chen Feng, there was a sudden loud bang, and Chen Feng's body seemed to burst.

Then, an extremely strong red light diffused from Chen Feng's body. On the surface of his body, the red light was very weak, as ethereal as a cloud, but extremely strong.

That powerful fist bombarded it, and with a touch, it was like hitting a huge piece of solid metal, directly breaking apart.

Then, this red light became more and more prosperous, and finally formed a red mask, covering Chen Feng in it.

The big man in the golden robe yelled, and the wheel of life and death was activated, and another huge seal like a mountain was pressed down.

Just now he used this technique to severely wound Chen Feng to death.

With a hideous look on his face, he roared: "I don't believe this trick can't kill you!"

He watched expectantly, but the smile on his face quickly solidified, because after the huge seal was crushed down, the red mask shrank violently, but then there was another boom. Pop out.

The huge seal was directly destroyed by bombing, shattered into countless spiritual energy, and disappeared directly.

But the red mask remained the same, slowly, and restored to its original appearance. He dared to exclaim in disbelief, "How is it possible? My life and death seal is so powerful, how could it be impossible to call you red? The mask broke?"

At this time, Chen Feng stood in the red beam of light, silent and extremely quiet.

A strange and incomparable change occurred in his body. The huge red ball bounced outwards like a heart, and then shrank fiercely inwards.

Then, he flicked outwards again and again, and it stretched very powerfully, becoming stronger and stronger.

This time, it took much less time than last time. It only took about half an hour to shrink to the size of a human head.

At this time, this human head-sized ball has changed from red to emerald green.

It is crystal clear and noble, just like the most original power in the world, which exudes strong vitality, and it is full of vitality.

Chen Feng even felt that he could turn the desert into an oasis with a single breath.

He felt that he was as powerful and mysterious as the creator.

And as the ball continues to shrink, red light is constantly being squeezed out of it. The red light that has been squeezed out is unbearable. Compared with his emerald green ball, it is very inferior.

The red light that was squeezed out diffused out of Chen Feng's body, constantly strengthening the mask.

Outside the mask, the big man in Jinpao had an extremely gloomy face, constantly bombarding the red ball with powerful moves.

He roared, his fists pressed down, and a seal that was larger than the mark of Zhulun's life and death slammed on the red ball.

With a loud bang, the red ball shrank to its extreme, and it seemed to be overwhelmed. There were several huge gaps in it, and it seemed that it was about to break in the next moment.

The golden-robed man was full of joy and roared loudly: "I did it, and soon I will be able to completely smash this ball!"

He was extremely jealous of Chen Feng, Mingming Yunbuyu's strength was stronger, but he felt that there was no threat to Yunbuyu.

[Chapter 1407: Finally broke! Wujun Realm!](#)

On the contrary, it was this Chen Feng who was breaking through the Martial King Realm. He felt that if he broke through, it would cause fatal harm to him.

Therefore, he would break the red ball to pieces and kill Chen Feng at all costs.

And just when he was smiling and extremely excited, he suddenly seemed to be slapped severely and his face was ugly.

Because, just when he thought that the red mask was about to break, a thick red light suddenly gushed out of Chen Feng's body. These thick red lights entered the red mask, suddenly the red light that had been broken. The cover was immediately made up.

There is no gap, and it looks stronger than before.

The big man in the golden robe uttered an incredulous roar, blasting three punches in a frantically, but it was useless against the red mask.

On the contrary, the red light became thicker and thicker, and the red mask became thicker.

He was so embarrassed that he let out a series of extremely angry roars!

Chen Feng didn't know what was happening outside, and didn't care at all. At this time, the ball in his dantian had become only the size of a fist.

And the fist-sized ball is still shrinking and becoming extremely condensed, finally becoming only the size of an egg.

Very mellow, with a smooth surface, without the slightest gap, it already looks like an inner alchemy.

The inner alchemy is about to be formed, and Chen Feng is extremely nervous at this time. He is afraid that his success will fail like the last time.

But this time it didn't. Instead, it continued to shrink downward, eventually becoming the size of a finger belly.

The radiance is extremely bright, and the greenery seems to be able to overflow from it.

At this time, everyone saw it. An extremely strong green light came out from Chen Feng.

This green light, green is extremely pure, intertwined with red light, very bright.

Chen Feng. There was even a faint vigor, and they couldn't help holding their breath. They all felt like a powerful beast inside Chen Feng's body was about to wake up.

And this momentum is a precursor.

At this time, Chen Feng's dantian ocean was already extremely dry, but at this instant, it was suddenly filled with true essence, and it became turbulent and extremely surging.

And that golden spring suddenly surged, doubled its full length, and spewed crazily upward, directly connected to the golden lotus above the top of the dantian.

That golden lotus was originally in bud, but at this time, during the gushing period of the golden spring, only golden lotus was seen, which was actually blooming quietly.

A golden light came out from the inside and connected to the golden spring.

Jinquan poured in frantically, and the golden lotus bloomed tremblingly, petals peeling away little by little.

I don't know how long it took. In the end, this golden lotus was fully unfolded, and the huge golden lotus with a diameter of ten feet was in full bloom, with golden light shining.

And as this golden lotus bloomed completely, the golden spring water directly became three or four times thicker, and it was extremely stable. From the bottom of the pubic field to the top of the pubic field, it was like a golden pillar running through the entire pubic field.

The source is endless, endless.

And this vigorous vitality was thrown into the verdant inner alchemy, with a loud bang, the inner alchemy whirled around in the dantian, and the last flaw was made up perfectly.

The entire surface is extremely smooth and magnificent.

Chen Feng's inner alchemy has already taken shape.

And at the moment when the golden lotus bloomed, outside of Chen Feng's body, tens of feet away, suddenly there were hundreds of golden springs, gurgling.

Immediately afterwards, these golden spring water turned into blossoming golden lotus, centered on Chen Feng's body, layered out one after another. In a flash, within a hundred feet of a radius, there were golden lotus flowers.

This golden lotus is very noble and extremely radiant. It exudes a thick golden light. It is surrounded by a golden light for dozens of miles, and it looks magnificent.

When everyone saw this scene, their faces were full of shock that could not be concealed.

The people in the Valley of Life and Death saw this scene, they were completely dumbfounded, shocked, and could not even speak!

The golden-robed man let out an exclamation: "The earth is surging with the golden spring, the golden lotus is surging, when you broke through the Martial King realm and condensed the inner pill, did you have such a vision for the first time?"

"How is this possible? How is this possible?"

He was so panicked that he even stuttered and his hands trembled.

On the high cliff in the distance, Long Yuhui and Long Wu were standing there, they both watched this scene. There was also an undisguised horror on his face.

Long Yuhui exclaimed: "When he condensed the inner alchemy, he had a vision? It is said that one person who broke through into the Martial Sovereign Realm would only have a vision!"

"Furthermore, it is the golden spring from the earth, and the golden lotus condenses this powerful vision!"

He said in amazement: "Old Snake's speculation may be wrong. Chen Feng really has an unlimited future, rather than exhaustion of his potential. I must truthfully report this matter to Master Hou."

Long Wu shook his head and said, "Yuhui, don't act rashly. You see, he has successfully breached the Martial Sovereign Realm at this time, but his martial spirit has not appeared at all. What does this mean?"

"It means that his broken spirit still hasn't recovered."

Long Yuhui slowly shook his head, his eyes full of determination: "Even so, I have to report this matter. I am confident that Chen Feng can definitely accomplish his future achievements!"

It wasn't until this time that the people in the Valley of Life and Death reacted, and the next moment they erupted with a huge unbelievable exclamation.

There were countless voices, and they yelled frantically, expressing their excitement at this time.

"How is it possible? How is it possible? There is such a vision?"

"This Chen Feng, isn't it said that he is a waste in the future? Why is he so shocked when he breaks into the Martial Sovereign Realm?"

"It is very likely that the rumor is wrong. Chen Feng cannot be a waste in the future. When he condensed the inner alchemy, a vision appeared, indicating that he has a boundless future in the future. How could it be a waste!"

"That's right, people who have a vision when condensing the inner alchemy, after breaking through and entering the Martial Sovereign Realm, are all powerful people!"

"Look at Chen Feng as we did before. He won't retaliate, right?" Someone was very scared.

Lin Cheng and Leita were extremely frightened, their faces were earthy, staring at Chen Feng blankly, their bodies could not help shaking.

Lin Cheng looked at Leita and said softly: "We have offended Chen Feng so cruelly before. It's over, this time it's over. Chen Feng successfully broke through to the Martial Sovereign Realm. It is simply beyond our reach. If it is, it is absolutely easy, no one can stop him!"

[Chapter 1408: Like Thor!](#)

Leita trembled and was so scared that he couldn't even speak.

The other top ten masters looked at Chen Feng with horror on their faces. Only the cloud was silent, but there was a smile on the corners of their mouths. They whispered softly, "Chen Feng, you really surprised me. Okay, finally There is an opponent who gives me some motivation to improve myself!"

At this moment, Chen Feng opened his arms and slowly opened his eyes.

In front of him, a verdant inner alchemy suddenly appeared, and then, above the sky, the phantom of the Azure Dragon Martial Spirit flew directly in.

Entering into this cyan inner alchemy, a small dragon-shaped pattern suddenly appeared on the cyan inner alchemy.

But Chen Feng knew that the Azure Dragon Wuhun had not awakened!

Chen Feng already felt that his strength was extremely powerful.

Chen Feng broke through and entered the Martial King Realm.

He clenched his fist, feeling that the inner alchemy had been beating continuously, the true essence was surging wildly, and his body was full of surging power.

Chen Feng looked at the golden-robed man in front of him, suddenly a slight smile appeared at the corner of his mouth, pointed to the ground, and whispered, "Here is where you died."

The golden-robed man was taken aback, then looked at Chen Feng, and said grimly: "Little boy, do you think you have broken through the Martial King Realm, and you are my opponent?"

"Tell you, you are no more than the first-tier ants of Martial Sovereign Realm. I can still easily kill you now!"

Chen Feng looked at him, smiled and said, "Oh, I'm the first ant of Martial Sovereign Realm, am I? Then look at it now!"

With that, a ray of light suddenly flashed across the surface of Chen Feng's body, and then the true essence inside his body surged crazily. The inner alchemy suddenly increased in a circle, from the size of the little finger to the size of the thumb!

His strength was actually directly raised from the first level of the Martial Sovereign Realm to the second level of the Martial Sovereign Realm!

Everyone was dumbfounded and their eyes widened: "What's the matter?"

Chen Feng smiled and said, "You will continue to take a look."

Then, another light flashed on the surface of his body, and his strength was actually upgraded to the third level of the Martial Sovereign Realm, and the inner alchemy became the size of an egg!

It turned out that when Chen Feng was at the peak of the Ninth Level of Condensing Soul, his accumulation was so strong that after breaking through and entering the Martial Sovereign Realm, he successively broke through the double realm and reached the Martial Sovereign Realm triple.

At this time, Chen Feng had the third level of Martial King Realm, but his strength was comparable to the sixth level of Martial King Realm!

At this time, everyone around them looked at Chen Feng, and they were even numb. They were so shocked that they could not speak at all.

There were so many miracles that happened to Chen Feng, that they all felt that everything that happened to Chen Feng should be done.

Originally, Yun Buyu's expression was very relaxed, he just regarded Chen Feng as a chaser, and didn't think Chen Feng could cause him any danger.

But at this time, Yun Buyu's face became very solemn, and he felt that Chen Feng was a great threat to him!

Chen Feng smiled and looked at the big man in the golden robe, and said loudly, "Now, am I qualified to challenge you?"

His voice suddenly became cold, and he said in a cold voice: "Just now, it's not enough. Now, try another one!"

As he said, the Dragon Slaying Knife in his hand cut out frantically.

This time, three black thunderclouds suddenly appeared above the sky.

The electro-optical thunder pillars connected under each thundercloud have changed from nine before to three, but each of the electro-optical thunder pillars is extremely large.

This time, each of the nine lightning bolts that were split from the sky was as thick as a small house, more than three times the previous one.

Three huge thunderclouds covered the sky above everyone. It was a scorching sun and clear, but at this time it suddenly became densely covered with clouds, and it was as dark as night.

Nine thick thunder pillars pierced the night sky, and the electric light was shining. Within a hundred miles, they were all shining incomparably clear by white light.

Then, nine huge thunder pillars smashed down fiercely, and on each thunder pillar, there was a trace of star power.

The power of this trick to rush into the sky and break stars is at least five times as powerful as before!

The golden-robed man showed a rare look of horror on his face, and shouted loudly: "How can there be such a powerful power?"

Chen Feng laughed loudly: "However, this is the fact, you are ready to tremble in this thunder hell!"

The big man in the golden robe held up a huge wheel of life and death with both hands, and flew out into the sky, trying to resist the thunder pillar.

Boom, a thunder pillar smashed down fiercely, hit the revolver valley of life and death heavily, and directly smashed it. This thunder pillar also shattered directly, but there were still eight thunder pillars.

The big man in the golden robe made another two rounds of life and death, but this was his limit, his face was pale and panting.

The two marks of life and death of the runner were directly broken by two thunderbolts, and then the remaining six thick thunder pillars blasted on the golden robe man in succession.

The fourth thunderbolt fell, and the golden robe man shot a red mask, the mask shattered, and the lightning pillar disappeared.

The fifth thunder pillar smashed down, the big man in the golden robe roared, bit his tongue, spit out a mouthful of blood, tried his best, raised his fists, and formed a white pillar of light in front of him, covering the thunder pillar. The two stood in a stalemate for a moment, and then they all exploded.

The sixth thunder and lightning fell, the big man in the golden robe took out a palm-sized jade medal from his arms and slapped it directly, so a green light floated gently on his face like a spring breeze, and the thunder pillar was directly extinguished.

The big man in Jinpao couldn't afford it one after another, but by now, he has run out of oil and light, and all his methods have been exhausted.

The last three thunder and lightning can only be resisted by the body.

The seventh thunder and lightning struck him, and he insisted on making a grunt, with blood overflowing from the corner of his mouth.

The eighth thunder pillar fell, and he stepped back seven or eight steps in succession, squirting a big mouthful of blood with a wow, there were visceral fragments inside, and his face was pale.

The eighth thunder pillar smashed down, and he was directly smashed and trembling all over, flew out hundreds of meters, and slammed into a rocky mountain, actually knocking down the rocky mountain.

His body fell heavily and trembled twice on the ground.

However, the golden robe man was really extremely powerful. At this moment, he turned his head and glared at Chen Feng, and said coldly, "Boy, you wait for me!"

Then the figure rushed outwards, actually trying to escape.

Chen Feng smiled coldly: "Where to escape?"

With that said, his figure leaped into the air, and the Dragon Sword slashed out again, and there was another star of thunder rushing into the sky!

Everyone around them took their breaths and let out a huge exclamation: "This Chen Feng can even make a move?"

Chen Feng's cut just now was extremely powerful. They all thought that Chen Feng would be able to make one cut at most, but they didn't expect that he would make another cut.

The whole world seemed to tremble under this tremendous power.

Thunder forest covers everything!

Chen Feng hung in the air, laughing loudly, holding a dragon-slaying knife, behind him, nine thunderbolts were like the most loyal guards.

He is in the thunder, shining brightly!

At this moment, everyone involuntarily thought of two words in their hearts: "God's grace is like the sea! God's might is like hell!"

Chen Feng at this moment is really like a powerful Thor!

The big man in the golden robe showed extreme despair on his face, and suddenly shouted sharply: "This is what you forced me!"

As he said, he took out a small flag from his arms, the size of a palm, and then threw it into the air with a sigh.

[Chapter 1409: Kill!](#)

This flag grows as soon as it sees the wind. From the size of a palm, it grows wildly, and it rises to a full one or two hundred meters in an instant.

The immensely huge flag doesn't know what material it is, like animal skin, cloth, and a bit like metal, waving in the air.

And on this huge banner, there are countless evil ghost skeletons embroidered with patterns, eerie and terrifying.

As soon as the banner appeared, the air was roaring with the wind and ghosts, and it seemed that everyone was in a sea of blood and hell.

The howls of ghosts were everywhere, and many people on the ground had illusions, feeling blood and bones everywhere on the ground.

Chen Feng felt a trance in front of him, as if he was in a sea of blood, but he was extremely determined, and he just trembled for a while before he broke free.

He looked around and was shocked to find that most of the people around had been controlled by the phantom. At this time, his face was dull, drooling, and pale, but he didn't notice anything!

Both Long Wu and Long Yuhui's faces showed horror. Long Yuhui said: "Here, this is the Sakura ghost banner! It is a powerful magic weapon refined by the Yingui Sect. This is the powerful sect of Chu. Ah, how come to our Qin country?"

The two of them immediately realized that this is not ordinary!

At the next moment, Chen Feng discovered that the scene he saw just now was not an illusion.

On the ground, there were indeed mountain-like white bones, and blood flowed.

And from that banner, countless ghosts flew out. Each ghost was dozens of feet high and extremely powerful. They howled and pounced on nine thunder pillars, and the thunder pillars fell, smashing countless skeletons. broken.

However, in this sakura ghost banner, ghosts and skeletons are like infinite, and they don't know how many they fly out. They directly talk about the thunder pillars surrounding and entangle them inside, consuming the thunder pillars desperately.

The thunder pillar was unable to break down, trembling constantly, until the end with a bang, nine thunder pillars directly exploded.

These skeletal ghosts were also wiped out by the power of thunder and lightning. There seemed to be a sharp scream from within which banner, and then all the illusions disappeared.

This banner shrank rapidly and fell heavily into the hands of the golden robe man, but there was already a crack on the banner!

The big man in the golden robe took advantage of this opportunity and fled madly.

In an instant, he escaped two kilometers and exceeded the attack range of the prefecture-level martial arts.

He saw that Chen Feng was too late to chase him. He was very proud. He turned around and waited for Chen Feng fiercely. He shouted ferociously, "Your name is Chen Feng, right? I remember your name!"

"Don't worry, I will come back for revenge!"

Chen Feng smiled slightly: "Unfortunately, you have no chance!"

As he said, his finger was tapped out, and there was a soft snort, the figure of the big man suddenly solidified.

His smile was condensed on his face, his mouth opened wide, and then the next moment, his body fell heavily from the air, slammed to the ground.

At this moment, on his brow, a wound just bloomed, the wound was so smooth, brain and blood burst out from it!

The incomparable strength came out from the inside, and it fell lightly on a stone, completely extinguishing the stone.

This is the thunder broken star finger!

Chen Feng struck a thunderous broken star, directly separated by more than two thousand meters, and killed the golden robe man.

A smile appeared at the corner of Chen Feng's mouth, and he whispered to himself: "It seems that Thunder Broken Star Finger is definitely not an ordinary earth-level martial skill. , It can shoot out a kilometer away directly. Ordinary earth-level martial arts definitely can't reach this distance!"

At this time, Long Yuhui and Long Wu were just about to take action, and then they were shocked to see that Chen Feng directly killed the golden robe man.

Everyone was silent, looking at Chen Feng's eyes full of awe.

The golden-robed man, who seemed to them extremely powerful and had no hope of defeating the enemy, died in Chen Feng's hands.

Killed by Chen Feng, defeated!

"We and Chen Feng are no longer at the same level."

"Yes, although Chen Feng is only the third level of Martial Sovereign realm at this time, he can kill the five-level peak powerhouse of Martial Sovereign realm. His strength is terrifying!"

"There will be no offending Chen Feng in the future, otherwise it will be death."

Suddenly, two people walked out of the crowd and came to Chen Feng. They knelt on the ground with a plop, and begged: "Chen Feng, we didn't know Taishan before, and we have offended you in words. Don't tell us. General knowledge, please spare us!"

Speaking, bang bang bang, keep kowtow.

With them in front, many people realized this and hurriedly came to Chen Feng and knelt down to apologize. For a while, Chen Feng kneeled down in front of a large group of people.

Chen Feng glanced at them lightly, without saying a word, just walked to the big man in Jinpao, cut off his head with a knife, and then held it high.

He didn't have any words, just pursed his mouth, his face was extremely firm.

He doesn't need to say anything, his strength can already win everyone's respect for him.

Papa, a round of applause came, and Long Wu and Long Yuhui walked over. Everyone was stunned, and then they realized that they had been watching.

Long Wu walked in front of Chen Feng, Long Yuhui looked at Chen Feng with complicated eyes, and said softly: "Chen Feng, I didn't expect your strength to break through so quickly and become so powerful."

Chen Feng smiled slightly, looked at him, and said softly: "Anything that can't destroy me will only make me stronger!"

"The Valley of Life and Death is cruel, but to me, it's nothing."

Long Yuhui nodded deeply.

Long Wu walked to the corpse of the big man in Jinpao, touched him a bit, and found a sheepskin roll. After taking a close look at the sheepskin roll, his face changed drastically, and he quickly said, "Yuhui, come and take a look. look at this."

Long Yuhui walked over, and after reading it, his expression changed drastically, and he became a little flustered.

Chen Feng never thought that he would have such an expression.

Then Long Wu shouted: "Everyone stays here temporarily, no one is allowed to leave."

He said to Chen Feng and Yun without a word: "You two come with me."

Chen Feng nodded and followed them.

Long Yuhui took a few of them and swept forward quickly, and quickly bypassed the mountain peak where the small sect was located. Behind the mountain peak, there was turbulent rocks.

When Long Yuhui came to a place, he didn't know what mechanism was moved, and then a cliff suddenly moved away.

[Chapter 1410: First person!](#)

After the cliff was moved away, a black hole appeared inside.

The passage was extremely deep and long, and I didn't know where it led, Long Yuhui entered first, and Chen Feng and others followed in.

The cliff slowly moved up behind him. As soon as he entered the passage, Chen Feng discovered that it was different from the ordinary passage. There were red lines on the four walls, forming a huge and extremely inexplicable array. .

Inside the red lines, it is like blood vessels, and what flows inside is not blood, but a kind of red energy.

With this red energy, Chen Feng immediately felt that his body was locked, and the true essence in his body was unable to break out.

Chen Feng was shocked, but Yun Buyu also exclaimed: "What is going on? How can the true essence in my body be locked?"

Long Yuhui didn't say a word, but his face was even more ugly.

He walked forward fast all the way, Chen Feng and Long Buyu hurriedly followed. The passage was very long. I don't know how long it took. Chen Feng estimated that at least four or five hundred miles should have been gone.

After walking to more than five hundred miles, he was suddenly in front of him, and Long Yuhui stopped there. The front had reached its end, but it was a thick rock wall.

Long Yuhui looked a little strange and shocked at this time. He suddenly turned around, looked at Chen Feng, and said lightly: "Do you know what is directly above it?"

Chen Feng shook his head.

Long Yuhui whispered softly: "The above is the dividing line between Qin and Chu."

When Chen Feng heard that he was struck by lightning, his whole body trembled violently, and he cried out, "What do you mean?"

"Yes," Long Yuhui said: "I found two things in the Jinpao man just now. One is a letter written to him by a powerful figure in Chu Kingdom. And the other, this is this. Authentic road map."

"If there is no accident, they should be spies from the Chu country. They came to the Qin country and secretly digging tunnels here."

"A large number of powerful warriors enter a certain place, and their deeds cannot be hidden at all because their aura is too large, but this red magic circle can lock the true essence in their bodies and prevent their aura from leaking."

"In this way, we can enter our Da Qin territory without knowing it! As for the purpose, it goes without saying!"

He didn't go on, but both Chen Feng and Yun Buyu understood that both of them were a little bit horrified, and they did not expect to be involved in such a powerful national dispute inadvertently.

Long Yuhui quickly took him and them away, and then entered the small sects, and he found more clues in them.

They immediately returned to the crowd, and then announced loudly: "This mission is over, now everyone is back in the valley of life and death."

Everyone came to the place where they had just landed here, took the dragon head flying boat to leave here, and returned to the Valley of Life and Death. Long Yuhui hurried back to the Dragon God Mansion, presumably to report the news to the Dragon God Hou.

Long Wu followed everyone back to the valley of life and death.

Everyone looked at Long Wu standing in the crowd with some expectation. Long Wu looked at them, with a slight smile on his mouth, and said, "Don't worry, the things promised to you will definitely be honored."

"Now I declare that this time the experience ranks among the top ten people!"

He looked at the list, and then said loudly, "No. 1, Chen Feng!"

When these two words slowly spit out from his mouth, Chen Feng sighed lightly, feeling as if something exploded in his chest and lungs, a heart pounding.

Everyone cheered. In fact, this was not unexpected. Everyone knew that Chen Feng had a very large number of killing points, and the final killing of the golden-robed man brought him countless killing points.

Long Wu explained: "Chen Feng killed the golden-robed man. The golden-robed man was too strong, so Chen Feng was counted as 10,000 killing points."

"Chen Feng's total number of killing points is 15,700, and the second-ranked Yunbuyu has a total of 3,400 killing points."

Everyone exclaimed: "The killing point of the cloud is not even the leader of Chen Feng!"

Yun Buyu's face was a bit ugly, he took a deep look at Chen Feng, did not speak, but his expression was cold.

Then he said loudly: "The third place, the killing point..."

The third place got the killing points, which was less than one-third of Yunbuyu's. Yunbuyu's eyes flickered, and a voice in his heart whispered: "This should have been the case, I should be at the top. The second place is far from me, less than one-third of me."

"However, because of Chen Feng's presence, everything has changed."

The voice in his heart grew louder and louder, and there was a sane voice in his heart saying, "Well, how can you blame Chen Feng for this kind of thing? You can only blame yourself for your poor strength, no one else."

"At this time, what you should do is not to be jealous, but to try to catch up."

"Catch up", these two words seemed to give Yunbuyu a great stimulus. The expression on Yunbuyu's face became extremely proud, and some angrily shouted loudly in his heart: "What? Catch up? Fart!"

"I don't need to catch up at all. I have always been a genius. I have always been the strongest among my peers. I should be chased by others, not me!"

After being yelled by him, the sensible voice seemed to weaken all at once, while the previous arrogant voice like a demon completely took the upper hand.

The voice laughed loudly: "Yes, you are a genius. No one can surpass you. You must be the first."

"Then, let it go, do whatever you want, Chen Feng grabs your limelight, if it wasn't for Chen Feng, all this glory should be yours."

"So, deal with him! Get rid of him!"

"Yes!" Yun Buyu nodded, red light flashing in his eyes, he lowered his head and muttered softly: "Get rid of him!"

Long Wu looked at everyone, his eyes fixed on Chen Feng's face first, and then fell on Yunbuyu's face. He smiled and said, "This time, Chen Feng performed the most prominently, and his killing points were far better than others, so Chen Feng got the chance to enter the Dragon Pavilion to draw a reward, and at the same time, he could be interviewed by Lord Long Shen Hou!"

This was what everyone expected, so it didn't cause much surprise.

Long Wu also said: "Yunbuyu's performance is also very good, so although he can't draw rewards, he can meet Dragon God together."

After Chen Feng heard this, his heart was furious!

This is not fair!

Chen Feng immediately guessed the reason, obviously because someone in the Dragon God Mansion placed great value on Yunbuyu. This opportunity was originally tailored for Yunbuyu.
