

Peerless 1411

[Chapter 1411: Tongtian Xiaohouye](#)

Because I'm afraid that from their point of view, it is no accident that Yunbuyu won the first place this time. These two opportunities belong to him.

But he didn't expect that he rushed out to get this number one and disrupted their plan.

But they were obviously very influential in the Dragon God Mansion, so they actually gave Yun Buyu another chance to meet the Dragon God Hou.

A slight sneer appeared at the corner of Chen Feng's mouth, and he whispered softly: "Do you want Long Shenhou to see the two of us together, and then choose a disciple from us?"

"You think that Yunbuyu can definitely overwhelm me and win the favor of Dragon God Hou?"

"Well, since you are so exhausting, then I will play with you, let's see who is the winner!"

Chen Feng laughed and said, "Long Wu-sama, I have no opinion."

Long Wu was shocked, unexpectedly Chen Feng would agree so simply and neatly.

He glanced at Chen Feng deeply, and saw only strong confidence in Chen Feng's eyes.

His heart trembled fiercely, such a huge confidence reminded him of a person, he had only seen such a momentum in Long Shenhou.

He settled down and said, "Well, in three days, I will pick you two."

Talking, turned and left.

After he left, Yun Buyu glanced at Chen Feng deeply, then smiled slightly, and said: "Chen Feng, the prefecture martial arts, I reward you, you can take this away!"

"But, if you want to be a disciple of Dragon God Hou, do you think you are worthy? I will never let you succeed. The position of the disciple of Dragon God Hou can only be mine. I won't give it to you, and you can't steal it. !"

Chen Feng sneered, feeling very ridiculous. Looking at him, he said lightly: "I earned the prefecture martial arts by myself, because I took the first place."

"This number one is the result of my destiny, not your reward. If you were strong enough, why didn't you kill the golden-robed man?"

Yun Buyu was immediately rebutted and speechless. For a moment, Chen Feng smiled and pointed at him and said, "Also, I tell you, the position of Long Shenhou disciple can only be mine!"

The two of them were at war, and they were about to do it.

Suddenly, both of them sneered and turned and left.

The teammates who were fighting side by side not long ago are now like enemies.

This is the way of martial arts practice. An opportunity, something that seems extremely small, may affect the life-long development of two martial artists with almost the same strength.

Therefore, the road of martial arts is extremely wide, but sometimes extremely narrow, allowing only one person to pass.

It is necessary to slam other people underfoot!

The people below suddenly burst into comments: "Haha, this is interesting. Chen Feng and Yun Buyu are tit-for-tat."

"Yes, but I'm still more optimistic about Yunbuyu. After all, his strength is better than Chen Feng, and when Chen Feng broke through the Martial King Realm, even the martial soul did not appear, indicating that the news that his martial soul was broken is true. "

"Yes, he's very strong, but he can't compete for words."

"Yes, I think so too."

Most people look down on Chen Feng!

Three days later, Long Wu arrived again and picked up Chen Feng, but Chen Feng was the only one. Yun Buyu had entered the Dragon God Mansion in advance the day before.

This seems to prove even more, he has deep roots in Dragon God Mansion, and some people are very optimistic about him.

But Chen Feng was not afraid.

Soon, Long Wu took him out of the Valley of Life and Death to the Dragon God Mansion. When the two arrived at the entrance of the Dragon God Mansion, they just saw the middle door of the Dragon God Mansion wide open, and a group of gorgeous chariots came out of it.

In the middle of the gorgeous carriage is a huge carriage with a radius of several hundred feet. There are dozens of floors of pavilions built on the carriage, which is simply a mobile palace.

Pulling the carriage was a huge red beast with a length of six to seven hundred feet. This red beast was covered in scales, and there were deep ravines everywhere on it, and there seemed to be lava churning in the ravines.

Every step it took, large swaths of fiery magma rolled out of it, and it dropped to the ground as a **** pit.

The huge red fierce beast has a dragon head, but has an extremely thick body and four thick thighs like mountain peaks. Every step it takes, the earth trembles.

Chen Feng glanced at this fierce beast.

It turned out that this fierce beast was actually a fifth-rank Xuan rank.

"God, this is a fifth-grade profound beast. Such a powerful existence is almost equivalent to the seventh-tier pinnacle powerhouse of the Martial Sovereign realm. At this time, it is used to pull carts, as lowly as a beast!"

"How powerful is this to drive the fifth-rank profound beast to pull the cart?"

Chen Feng quickly saw that on the huge chariot, there was a big flag with a radius of one hundred feet hunting and hunting in the wind.

Above the banner, two big characters were written impressively, Tongtian!

Next to this huge and gorgeous car wheel, there are thousands of powerful monsters riding on them. The monsters under their hips have basically reached the level of profound beasts, and they are generally first-grade profound beasts.

Chen Feng looked at it, and even took a breath, guessing how powerful this is!

Beside, Long Wu said softly: "Tongtian, have you seen those two characters?"

"This is one of the four great masters of the Great Qin Kingdom, a person in Tongtianhou's mansion."

The Four Great Masters, Tongtianhou, Chen Feng heard these two names for the first time.

Long Wu took Chen Feng to evade, and the middle door opened wide, indicating that it was an extremely distinguished guest from Tongtianhou's Mansion, otherwise there would be no such courtesy.

Long Wu whispered: "Either Tongtianhou himself, or Xiaohouye from Tongtianhoufu, the status is honorable, we can't afford to offend."

Chen Feng slowly nodded, preparing to wait for them to leave before entering the Dragon God Mansion. At this moment, the huge and gorgeous chariot suddenly stopped in front of Chen Feng. He stared at Chen Feng.

Being stared at by that gaze, Chen Feng felt a violent tremor all over, and a fear came out of his heart.

That is the instinctive fear of being powerful.

Then, the door of the uppermost pavilion was suddenly pushed open, and a handsome young man walked out slowly from the inside, came to the balcony outside the pavilion, and looked down at Chen Feng.

The handsome young man wore a purple robe, which was extremely luxurious, and five sitting pythons were embroidered on his purple robe, and he knew his identity was extremely unusual.

He is compelling, and his aura is extremely noble. Compared with Chen Feng, he is like a sky and an underground.

Next to him, Long Wu whispered in Chen Feng's ear: "This person is Xiaohouye, Shangguan Yunxiang, of the Tongtianhouhoufu."

"Shangguan Yunxiang?" Chen Feng whispered twice, remembering the name in his heart.

[Chapter 1412: Extreme humiliation](#)

Shangguan Yunxiang looked down at Chen Feng in a condescending posture, and then stared at Long Wu again. A smile suddenly appeared at the corner of his mouth, and the laughter was full of disdain.

He said with a manly voice: "Long Wu, who is this person you brought back to Dragon God Mansion?"

Long Wu said neither overbearing nor overbearing: "If you go back to Master Hou, this is the winner of this year's Valley of Life and Death. I will bring him to see Master Hou and go to the Dragon Pavilion to choose a martial skill."

"Oh? He is the winner of this year's valley of life and death?" Shangguan Yunxiang was taken aback after listening, and then burst into a burst of disdainful laughter.

He leaned forward and closed with a laugh, and tears were about to come out.

Chen Feng looked at him with anger rising in his heart, and said lightly: "Master Xiaohou, is this incident so ridiculous?"

"Of course it's ridiculous!" Shangguan Yunxiang said intermittently: "A piece of trash that is not in the Martial Sovereign realm, can it become a winner in the valley of life and death? It is also known as the opportunity of a disciple of Dragon God Hou."

"Are you all young people in Dragon God Mansion dead? You sent such a trash out?"

Chen Feng looked at him with cold eyes and said nothing.

Long Wu said lightly: "Master Xiaohou, this is a private matter of our Dragon God Hou Mansion. It seems that you are not qualified to interfere yet?"

"You're a real slave, so courageous! You dare to talk to me like this?" Shangguan Yunxiang was already laughing. At this time, the smile on his face suddenly disappeared without a trace. He stared at Longwu and said in a cold voice:

"You have to recognize your identity, you are just a humble slave, what kind of thing? I am the young master of the dignified mansion, and my identity is ten thousand times more noble than you!"

"You!" Long Wu trembled, his face flushed, and anger rose in his eyes!

"And you," Shangguan Yunxiang looked at Chen Feng, pointed at him, condescendingly, and said in a very arrogant attitude: "You untouchable, when I think about three months later I will compete with you, I will Feel ashamed."

"Who am I? I am a dignified little Hou Ye. I am one of the four great lords of the Great Qin Kingdom in the future, the prince of Tongtian Hou, and you are in heaven and underground.

"Are you like someone worthy to compete with me? What a joke!"

Then he said again: "You are only the third level of Martial King Realm, and I have reached the seventh level of Martial King Realm, and your strength is far from mine!"

In the end, he laughed and said disdainfully: "You only have one Martial Spirit, and it is very broken. This is the third huge gap between you and me!"

"So, what are you?" He pointed to Chen Feng and said arrogantly!

Chen Feng looked at him with cold eyes.

That's right, this Shangguan Yunxiang was born in Tongtianhoufu, and his status is honorable.

His strength is very powerful, he has reached the seventh level of Martial Sovereign Realm, that's right!

However, this is not the reason why he can look down on Chen Feng.

In Chen Feng's heart, a voice snarled frantically: "Shangguan Yunxiang, right? You will definitely pay for what you say, no one can look down on me!"

"Since you dare to speak out, you have to pay your blood for it!"

At this time, Shangguan Yunxiang laughed triumphantly.

Suddenly, he said loudly towards the Dragon God Hou's mansion, "Dragon God Hou, are you planning to send such a martial arts soul with only one martial spirit in three months, and this martial soul is still broken to fight us?"

"Then I will be too disappointed. When the time comes, you Dragon God Hou Mansion, but there is no chance at all!"

His voice was extremely mad, he looked down on Chen Feng at all, and completely regarded Chen Feng as nothing.

At this time, from the depths of the Dragon God Hou Mansion, a huge voice suddenly came out, his voice cold: "Boy is rude!"

Then I saw the clouds in the sky suddenly condensed, and then condensed into a huge palm print, slamming towards Shangguan Yunxiang.

Shangguan Yunxiang's face changed drastically, and he played several powerful moves one after another, each of which was a tertiary third-rank or above martial skill, very tyrannical.

But it was useless. These offensives were easily smashed by the huge palm prints, and then the huge palm prints slammed his face fiercely.

Shangguan Yunxiang let out a muffled snort. The whole person was slapped in the air a dozen times and fell heavily on the ground. A mouthful of blood mixed with broken teeth spurted out, his face was swollen into a pig's head, his neck almost All to be interrupted!

The magnificent voice came again: "It's rude, you should slap your mouth!"

Shangguan Yunxiang showed an extremely resentful look on his face and glared at the depths of the Dragon God Mansion.

He thought that no one could see his eyes, but the magnificent voice in the Dragon God Mansion came with a hint of joking: "I dare to look like this, do you still want to be slapped?"

Shangguan Yunxiang trembled, with a look of fear on his face. He dared to be arrogant in front of Chen Feng, but at this time, the person speaking, the Dragon God Hou, was an existence he could not provoke at all!

So, he quickly turned around and shouted: "Go, let's go!"

The huge chariot slowly started. Before he left, he glanced at Chen Feng, pointed at Chen Feng, and said extremely arrogantly and provocatively: "Untouchables, I am waiting for you in the Big Four Houfu Competition in three months!"

"At that time, I will definitely make you lose miserably, and let your Dragon God Hou Mansion lose face!"

With that, his coercion was overwhelmingly suppressed. At this time, he was the seventh peak of the Martial King realm, while Chen Feng was only the third high of the Martial King realm. He was four realms higher than Chen Feng.

What's more, he is also extremely powerful among the warriors of the same level.

This momentum was drastically depressed, making Chen Feng almost unable to breathe. Chen Feng felt as if a mountain was pressed on his shoulders, and he could hardly help kneel to the ground.

Chen Feng gritted his teeth and shouted angrily: "Want me to kneel? You are dreaming!"

Shangguan Yunxiang laughed loudly: "Really? I want to see how hard your bones are!"

With that said, the power has increased again!

Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang Bang, the bones on Chen Feng's body burst, hundreds of bones were directly crushed and fell to the ground heavily.

Then, this momentum suddenly became even greater, and there was a howling sound in the air, like a thunderstorm.

Shangguan Yunxiang suddenly jumped from the pavilion and slammed his foot on Chen Feng's back.

With a loud explosion, Chen Feng exploded a big pit under him, and his entire body was stepped into the mud and dust.

Then, Shangguan Yunxiang's feet moved to Chen Feng's face, and he smashed Chen Feng's face severely, stepping Chen Feng into the dust.

He smiled grimly: "Have you seen it? Untouchables, this is your fate!"

"You are in front of me in this life, you can only lie on the ground, like a dog, I stepped your face into the mud!"

"And you don't have any ability to resist at all!"

"Are you very angry now? Do you want to kill me now? But unfortunately, you can't do it at all because your strength is too humble! Hahahaha..."

He laughed loudly and proudly.

Chen Feng was extremely humiliated!

In Chen Feng's heart, it seemed that something exploded, his eyes became blood red, and anger rose from him.

He wanted to shout crazy and resist, but he couldn't do it.

At this time, Chen Feng once again deeply realized that strength is everything. Without strength, he can only be humiliated at will!

[Chapter 1413: Fuze Compass](#)

Long Wu said angrily: "Shangguan Yunxiang. You are too much, let go of Chen Feng!"

Shangguan Yunxiang glanced at him disdainfully: "Dog minion, get out of the way!"

With that, Long Wu resisted with a punch, but his strength was also slightly weaker than Shangguan Yunxiang, and his fists intersected and stepped back ten steps before he stood firm.

The mighty Golden Dragon Guard is actually no match for Shangguan Yunxiang!

Shangguan Yunxiang laughed, as powerful as a **** of war.

For some reason, the voice of Dragon God Hou who had intervened before did not sound again this time, but let Shangguan Yunxiang humiliate him.

In Chen Feng's eyes, there was a strong look of resentment: "Long Shenhou is so unfair! Even sitting and watching me being humiliated by Shangguan Yunxiang!"

"It seems that no one can count on it. Only when one's own strength becomes strong enough can he not be insulted."

Shangguan Yunxiang stepped on Chen Feng's face for a full cup of tea, and then he seemed to be happy, happy, and then smiled slightly and kicked Chen Feng fiercely, directly kicking Chen Feng crazy. Sprayed blood, flew out hundreds of meters.

Chen Feng felt that his entire body's bones were broken into countless powder, and his internal organs were shaken and shifted, falling heavily to the ground, and did not get up for a long time.

Shangguan Yunxiang laughed and turned to leave. Chen Feng struggled to raise his head and saw a murderous intent in his eyes: "Shangguan Yunxiang, I will kill you!"

Long Wu walked over and said softly, "Master Hou did not say to help you just now. Don't resent your heart. Master Hou must have his consideration."

Chen Feng slowly shook his head and said, "Nothing."

He had already taken this matter lightly at this time, everything still depends on himself, or he has his own strength, others can't count on it.

Long Wu ejected a pill. After swallowing it, although Chen Feng's internal injuries were not healed, this sixth-grade pill also emitted bursts of warmth, healing part of Chen Feng's injuries, at least so that he could walk around, instead of being hard to move because of serious injuries.

Long Wu took Chen Feng into the Longshenhou's mansion, went all the way, crossed countless palaces, and finally stopped in front of a large hall that was several hundred feet high.

This hall was shining brightly under the setting sun. After Chen Feng looked at it, he was shocked. It turned out that the hall was made of metal.

This is a kind of weird brass-colored metal that looks extremely strong. The entire pavilion was cast into the shape of an angry dragon roaring upward, and it was divided into three floors.

Long Wu smiled and said: "This pavilion is the Battle Dragon Pavilion. The whole body is made of bronze and profound gold. It is extremely strong, and even the offensive of the Martial King realm cannot cause any damage to it."

"In the Battle Dragon Pavilion, we collected the most powerful martial arts in the Dragon God Mansion. Even in the entire Great Qin Kingdom, no one would dare to say that they were second when the Battle Dragon Pavilion said third. There is only one richer place."

Chen Feng raised his brows and asked, "But the Great Qin Palace?"

"That's right, it is the Star Picking Tower in the Great Qin Palace. Apart from the Star Picking Tower, Zhanlong Pavilion is the number one!"

The front of the Zhanlong Pavilion was unguarded, but as soon as Chen Feng and Long Wu entered here, Chen Feng felt an extremely harsh murderous intent coming out from the side of the Zhanlong Pavilion.

Chen Feng immediately shivered all over his body. He saw that beside the Zhanlong Pavilion, there were twelve huge metal statues erected impressively, each of which was hundreds of meters high and looked down on Chen Feng.

At this time, Chen Feng saw that in the eyes of two of the statues, bursts of human-like brilliance were revealed, and the two rays of light were like substance, piercing hundreds of meters of sky.

This biting light came through directly and glanced at Chen Feng, making Chen Feng feel that he had nowhere to hide and was easily seen through.

Chen Feng was shocked. The strength of each of these twelve statues was extremely powerful. Chen Feng felt that even if he was not injured, if the statue was hit with a punch, he would not be able to bear it. Smashed to pieces.

Long Wu smiled slightly next to him, and said, "Don't panic, these twelve statues were placed in front of the Dragon Pavilion by the ancestors of the Dragon God Mansion."

"Each statue has the strength of the peak of Martial Sovereign Realm, and it is normal for you to be afraid."

He took out a card from his arms and said to Chen Feng: "This kind of card, as long as the twelve-headed statue's eyes are scanned, you can enter the Dragon Pavilion, but each card can only be used once."

"Do you know that this card is invaluable! As long as you hold this card, you can enter the Battle Dragon Pavilion once, and even a county city outside can't get such a card!"

He was about to show the card to the statue. Suddenly, the statue's gaze at Chen Feng suddenly softened.

Then, with a glance, he disappeared directly, and the door of the Zhanlong Pavilion opened directly.

Long Wu looked at this scene with a stunned expression on his face, and said, "Why? Why did the gate of Zhanlong Pavilion opened by itself before I showed my card?"

Chen Feng smiled and said, "It seems that they seem to welcome me."

Long Wu shook his head, and muttered in his heart: "This kid's blood is indeed extraordinary."

After entering the Zhanlong Pavilion, it was a large hall with a height of over a hundred meters and densely packed bookshelves on both sides, and on the bookshelves were books full of various secret books.

Chen Feng took out a cheat book casually and held it in his hand. This cheat book was unexpectedly a fifth-rank mysterious level, extremely old, and it looked like it was some years old.

Chen Feng turned it over and found that the power of the cheat book is very powerful, even if it is placed in a place like Ziyang Sword Field, it is enough to be treasured as a treasure.

But at this time, it was placed on the bottom layer like throwing garbage, and it was even covered with dust, which shows that no one has taken care of it for many years.

He glanced roughly, and there were four huge bookshelves on the first floor alone, and there were hundreds of thousands of books of various martial arts and techniques, and it was like a sea of smoke.

Chen Feng took a deep breath, and the foundation of the Dragon God Mansion was too profound.

Long Wu smiled and said, "Not here, behind."

With that said, he took Chen Feng through the hall, went straight to the second floor, and came to a hidden secret room.

In the middle of the chamber, there is a huge metal compass. In the middle of the compass, there is a pointer. At this moment, the pointer faces the sky and does not point to any side of the compass.

Walking to the compass, Long Wu looked at Chen Feng's face with curiosity, smiled and said, "This compass is the famous Fuze compass in the Dragon God Mansion."

"Fuze Compass?" Chen Feng whispered these four words.

[Chapter 1414: The proud cloud](#)

"Yes, it is said that everyone is born with their own Fuze. People with long and deep Fuze are often able to turn danger into bargain. Even if they experience various hardships and dangers, they will not die. On the contrary, they can often escape from the dead and eventually achieve great achievements. "

"Even if you can't accomplish your deeds, you can die safely, with stability in one life, and endless succession for future generations."

"And some Fukuzawa shallow people, even eating fish, can get stuck by a fishbone, knocking directly to their heads when they go out and fall, causing their heads to bleed and die."

Chen Feng was surprised. The first time he heard it, it turned out that people still have Fuze, and that Fuze has deep and shallow points.

And it seems that this is quantifiable in Dragon God Mansion. Long Wu went on to say: "The Fuzawa Compass is an ancient curious thing. The Fukuze Compass is based on nothing else. There is only one point, that is, Fukuze is profound. Or not."

"People with deep Fukuzawa can get extremely generous things when they transfer Fukuzawa Compass, while people with shallow Fukuzawa can only get the worst."

He pointed to the huge Fuze compass and said: "This Fuze compass has the twelve palaces on it. It has already been put into the twelve martial arts secrets by Lord Long Shen Hou himself, if your Fuze is deep enough. I should be able to get the top one among them."

"If you are too lucky, then you can only get the worst copy."

Chen Feng nodded, and Long Wujiang snapped off the pointer, and said to Chen Feng: "Just press on this compass with your hand."

Chen Feng nodded, walked forward, and pressed his hand on the compass, and saw that the grids on the compass began to light up one by one, and then the whole body was bright, brushed, and began to spin rapidly.

Chen Feng let go, the compass turned faster and faster, and after reaching a peak, it began to slow down gradually.

Long Wu smiled and looked at him. He felt that Chen Feng Fuze should be neither deep nor superficial, and he should be able to win a local-level third-rank martial arts. This is already very rare.

Even in Wuyang City, prefecture-level third-grade martial arts are very rare.

The compass began to decelerate, very quickly, and the speed was already slow to the extreme. The pointer began to pass one grid after another, and finally stopped on a very dim grid.

When Long Wu saw that grid, his face suddenly became cold, and a voice in his heart shouted: "How is it possible? Chen Feng Fuze is so thin?"

"He turned out to be Fukuze's thinnest kind, and the one he picked was the worst! This shows that his Fukuze is extremely shallow, and it is no different from none. It is absolutely unlucky."

"This kind of person is usually absolutely impossible to live beyond ten years old. He will always encounter some evil things. He can be choked to death by drinking cold water. How can he live so big and have such tyrannical strength? This absolutely doesn't make sense!"

At this time, Chen Feng felt a sense in his heart, and suddenly he felt very desolate and very uncomfortable. The feeling of being rejected by the whole world.

At this moment, the huge pressure hit him and almost broke him, and he vaguely felt that he had drawn the worst one.

At this time, he was extremely uncomfortable, feeling that he was repelled by the world, as if the whole world could not tolerate him.

But at this moment, suddenly, deep in a hidden corner of Chen Feng's body, a ray of light suddenly lit up, like a fire.

Then, the inside of Chen Feng's body lit up.

Above Chen Feng's head, an inexplicable force suddenly appeared.

This force is extremely large, and feeling this force, it seems that it is extremely far away, millions of miles away, in a very deep and dark place, and a powerful existence sighs leisurely.

Then, he flicked his finger lightly, and at this moment, Chen Feng felt that most of the repulsive force on his body had disappeared.

The whole person became very comfortable in an instant, and the Fukuzawa compass, which had stopped spinning, suddenly clicked again, turning a square grid to the left.

Suddenly, the place the pointer pointed to changed from the worst to the best.

Seeing this scene, Long Wu shouted in surprise: "How is it possible?"

At this time, in the deepest hall of the Dragon God Mansion, Long Shen Hou suddenly opened his eyes, and he let out a roar: "What power? How dare I forcibly invade my Dragon God Mansion?"

So, he did his best, blasted out his palms, and blasted towards that force.

And that power didn't pay attention to him at all, and seemed to disdain him at all.

His power slammed into that subtle power, and with a wow, Dragon God Hou Ru was struck by lightning, shaking all over, flew out heavily, hit the main hall, and a big mouthful of blood spurted out.

His face was pale and his face was full of shock!

He shouted in surprise and anger: "How is it possible? How is it possible, such a powerful force!"

At this time, Long Wu faintly perceives something, but he can't say clearly.

At this moment, a huge voice suddenly sounded, saying: "Long Wu, don't say anything, take out what Chen Feng got, and then bring him to me."

Long Wu knelt on the ground and kowtowed heavily, and shouted: "Yes!"

At this time, Chen Feng was still immersed in the feeling just now.

That kind of feeling is extremely profound. He can feel that his destiny seems to have been quietly moved by someone, and then a great turn has taken place.

Long Wu said: "Let's go."

He tapped lightly at the position pointed by the pointer, and then on a nearby wall, the light flickered, the wall moved away, and a jade box was revealed behind it.

He handed the jade box to Chen Feng and said, "Let's go, Master Hou let me take you there."

Chen Feng nodded and was silent all the way, he was still feeling the feeling just now.

What made him most memorable was the scene where he seemed to be repelled by the whole world and was extremely lonely. It seemed that all people, all creatures, all existences were all pointing at him and screaming and reprimanding.

That made him feel as if he was abandoned by the whole world.

He whispered to himself: "Why, why does this happen? Why can't you tolerate me?"

Soon, Long Wujiang Chen Feng took to the outside of the hall, Chen Feng cleared up his mood, and put the things behind him, raised his head, and took a deep breath.

Above the tens of thousands of steps in front of him is the hall, and the dragon **** in the hall is an existence that can change his own destiny.

He stepped forward slowly, and just arrived at the door of the hall, when suddenly, the door of the hall opened from the inside out with a bang.

I saw Yunbuyu strode out from inside. At this moment, his face was flushed. After seeing Chen Feng, Yunbuyu showed a haughty smile on his face and said with disdain: "Chen Feng, why did you come? It seems a bit late now!"

Chen Feng looked at him without speaking.

Yun Buyu laughed, the smug look on his face couldn't hide: "Do you know that Lord Long Shen Hou has accepted me as a closed disciple!"

He looked at Chen Feng with an arrogant face, looked down at him, and flaunted and said: "You are destined to be my foil. You will never compare to mine. Give up struggling!"

"I am the disciple of Lord Long Shen Hou, and you are nothing. You are far from me now, and you will only be farther from me in the future!"

Chen Feng glanced at him lightly: "Do you know? You talk a lot of nonsense!"

Yun Buyu glared at Chen Feng fiercely, and said bitterly: "You wait, I will kill you."

[Chapter 1415: Within three months, I will kill him!](#)

After speaking, he laughed and turned to leave.

Chen Feng finally saw Long Shenhou.

This was a tall and mighty middle-aged man in a purple robe. At this moment, he closed his eyes slightly.

Long Wu respectfully said: "Master Hou, Chen Feng has been brought here."

Long Shenhou didn't open his eyes either, he just raised his hand gently, and Long Wu respectfully left, just closing the door slammed.

Chen Feng felt that everything outside was isolated, and it seemed that there were only two people left between the world.

Dragon God Hou opened his eyes and looked at Chen Feng, and then he immediately said in his heart: "What happened just now is absolutely wrong, this person is obviously a very blessed person!"

When he looked at Chen Feng, there was already a look of horror: "In the fate of Chen Feng, Fukuzawa is extremely thin. I don't know what caused him to look like this."

"Furthermore, I just gave me the feeling that he seems to be rejected, and he is rejected by this world, by this world, so Fukuzawa is thin to the extreme, but there is a very powerful force in the world to give him back. Heaven changed his fate, and abruptly changed him from extremely thin to extremely heavy!"

"Just now, I sensed that power, but compared to that power, I was too far behind, but I was shocked to vomit blood after a tentative contact."

"What kind of existence is that? Is that existence changing his fate for him?"

At this time, Dragon God Hou was already horrified, he realized that Chen Feng was not simple.

Chen Feng respectfully said: "The disciple has seen Lord Hou Ye."

Dragon God Hou nodded faintly, and then suddenly asked: "Chen Feng, have you encountered any unusual changes in the past? Have you had any adventures?"

Chen Feng's heart jumped: "What does this mean? The adventures I have had are countless."

Before Long Shenhou waited for him to speak, he suddenly laughed, patted his head, and chuckled softly: "It's me who thinks a lot. I want to find out what happened to you before, but it seems unnecessary to think about it. You experienced it before. It has nothing to do with me."

"Well, you don't need to say."

Chen Feng was stunned, and he heard what the dragon **** was doing.

He hasn't reached such a powerful level yet, and he doesn't know that he has been changed his fate without realizing it.

Long Shen Hou smiled and said, "Chen Feng, before coming to see me, Long Wu must have told you a lot. This time, if I can fancy you, I can accept you as a closed disciple."

Chen Feng nodded, with a touch of excitement on his face, and said loudly, "The disciple begged Master Hou to accept me as a disciple."

Long Shenhou didn't speak, but carefully examined Chen Feng. Chen Feng felt that he was about to be seen through.

Long Shen Hou said: "If I am not mistaken, your martial soul has not yet responded, it is still a waste martial soul." *novelusb.com*

Chen Feng looked a little sad, but still nodded.

Dragon God Hou sighed: "Do you know that martial artists are bravely climbing high peaks, and their strength is constantly increasing. In fact, they are fighting against the world and the world, so they are bound to be rejected by the heavens!"

Chen Feng nodded: "I know this."

Long Shen Hou continued: "To break through the insulting martial emperor realm, a martial soul is necessary, because only with the protection of martial soul can we more or less reduce the rejection of heaven and earth."

"Your five souls are broken, but you can still break through to the Martial Sovereign Realm. This shows that your blood is so powerful that even the will of heaven cannot hold you down."

When Chen Feng heard this, he was grateful to Yan Qingyu in his heart.

"How powerful is the drop of dragon blood left by the master? After transforming my body, it can make my blood so strong?"

Long Shenhau continued: "Chen Feng, let me see your dantian."

Chen Feng took a deep breath, opened his defenses, and let Long Shenhau's consciousness invade his dantian.

After Long Shenhau entered Chen Feng's Dantian, he was immediately shocked. He saw the golden spring that pierced through the world and the blooming golden lotus.

After quitting, he immediately looked at Chen Feng in horror and said, "It turns out that the bridge between heaven and earth runs through? A martial artist like you will surely have limitless achievements in the future."

"The bridge between heaven and earth? What is the bridge between heaven and earth?" Chen Feng asked.

"So you don't know yet," Long Shenhau shook his head and said, "In your case, the golden spring surging through the top and bottom of the dantian, this is called the bridge between heaven and earth."

"With the bridge of heaven and earth. There will be a channel for spiritual flow, and your true essence will continue to flow from then on."

"Suppose, originally your strength, a powerful martial skill, you can only make one move, but now you can make three moves with a powerful martial skill."

"Even if your realm is not improved at all, but after the bridge of heaven and earth penetrates, your lasting combat effectiveness can be increased by three times."

He looked at Chen Feng, he was amazed, and said: "Your bridge between heaven and earth, among the warriors of the same realm, there may not be one out of 100,000."

"Chen Feng, you really surprised me."

Chen Feng smiled and said, "Then Lord Hou can accept me as a closed disciple now?"

Long Shenhou said: "I don't want to accept you as a disciple now."

Chen Feng dumbly: "Why?"

Long Shenhou said: "When you were at the gate of the mansion just now, you also heard Shangguan Yunxiang say that three months later, it will be the time when the four great mansions are compared."

"Comparison of the four great mansions?" Chen Feng raised his brows and said, "I just heard him mention it, but I don't know the details."

The Dragon God Hou patiently explained: "The four great masters of the Great Qin State are Tongtian Hou, Dragon God Hou, Liyan Hou, and Zhenxi Hou!"

"At this season of each year, the Four Hou Mansions will have a big competition. Among the four Hou Mansions, the best young talents of the year will participate. You have also seen that Tongtian Hou Mansion will participate this year Master Xiaohou, Shangguan Yunxiang."

"How terrifying is his strength, you can feel it, he can even easily kill you with his aura."

"If you are to be my closed disciple, it means that you will grow to a level comparable to him in three months, otherwise," Long Shenhou looked at Chen Feng and said in a deep voice:

"You only have one ending, and that is death!"

"I give you a choice. You can choose not to be my closed disciple, and you don't have to participate in the competition."

Without any hesitation, Chen Feng said loudly, "Master Hou, don't think about it. I choose to be your closed disciple. I choose to participate in this competition."

Long Shenhou looked at Chen Feng in amazement and said, "Aren't you afraid?"

"There is nothing to be afraid of? I am confident that in three months, I can definitely grow into a strong like Shangguan Yunxiang, no, better than him!"

There was a cold murderous intent in his eyes, and he said, "Shangguan Yunxiang, so humiliated me, I must personally kill him to vent my hatred."

"If I can't do it, I just commit suicide, because if I am humiliated by him, I will become a demon, and my strength cannot be improved!"

The Dragon God Hou laughed loudly, his eyes showed relief, and said: "Okay, Chen Feng, I am very pleased that you have such a heart, then I will accept you as my last disciple!"

Chen Feng bowed deeply and said, "Thank you Lord Hou."

Dragon God Hou smiled and said, "Chen Feng, why don't you kneel?"

[Chapter 1416: Shooting arrows!](#)

Chen Feng said: "The students have already sworn an oath before, except for my first master, Yan Qingyu, I will not kneel."

Dragon God Hou laughed: "Well, you can be considered filial, I won't force you."

Chen Feng thanked him.

Long Shenhou said, "Isn't the earth-level martial art you got taken apart yet?"

Chen Feng nodded.

Dragon God Hou smiled: "This is a great gift. Even if it is the meeting gift I gave you, it stands to reason that you have already been apprentices, and I should give you some more good things, but this martial art will be enough for you to practice for a while. After you figure him out thoroughly, I will teach you other things."

Chen Feng nodded, said a few more words, and left.

After Chen Feng left the hall, Long Wu said to Chen Feng: "You can stay in the Dragon God Mansion for one night, and I will send you back to the Valley of Life and Death tomorrow."

Chen Feng nodded: "Okay."

In fact, he didn't want to leave the valley of life and death, because the extinct power in the valley of life and death had a great effect on his cultivation, and he had now broken through the Martial Sovereign realm and could be upgraded continuously, unlike before.

Therefore, Chen Feng wanted to return to the Valley of Life and Death as soon as possible to practice as soon as possible, but it was quite a good thing to be able to stay in the Dragon God Mansion for one night.

Chen Feng also wanted to see what kind of martial arts he had drawn! According to Long Shenhou, this martial skill should be very good.

Long Wu general Chen Feng led to a quiet small courtyard, and then retired.

Chen Feng closed the door and couldn't wait to open the jade box, which turned out to be a jade slip.

After Chen Feng saw it, he was stunned. It was the first time he saw a secret book using jade slips to record martial arts, and he secretly said: "I think, the higher the level of the secret book, the higher the grade of the things used to record."

"In the beginning it was bamboo slips, books, then sheepskin scrolls, and now it is jade slips."

Chen Feng looked forward to picking up the two-foot-long jade slip, and then looking up, the four big characters came into his eyes: shooting the sun and arrow!

"Arrow shooting from the sun? This turned out to be an arrow method?" Chen Feng was shocked, and then the next moment, the shock turned into ecstasy.

The arrow technique is the rarest among all martial arts. Because the arrow technique can be extremely far away, it is much more powerful than the general martial arts used with other weapons of the same level.

Therefore it is much more precious.

People with arrow spirits are also quite rare. Up to now, Chen Feng seems to have only seen no more than three people possess arrow spirits!

Chen Feng raised his eyebrows and said, "Shooting the sun is an arrow technique. The tone of this arrow is really big enough. It's actually called shooting the sun!"

Chen Feng then looked down. The jade slips were densely written with no traces of numbers, and every handwriting was flashing with weird light.

After Chen Feng glanced there, he found that he couldn't read the writing on it at all, but it was blurred, and his eyes hurt.

Chen Feng was not surprised and rejoiced. The ability to have such a powerful effect shows that this sun-shooting arrow method is really extraordinary. He quickly picked up the real yuan and looked again. Only then did he see clearly.

On the jade slip, thousands of words were eloquent, Chen Feng took a deep breath after reading it, and there was an unstoppable ecstasy in his eyes.

"This shooting arrow is so powerful!"

It turns out that the arrow shooting method is an earth-level fourth-grade martial art, but in fact, its power is not even weaker than other weapons' earth-level fifth-grade!

Because the attack range of the shooting arrow method is really terrifying, generally speaking. The attack range of the prefecture-level martial arts is between 800 and 1,000 meters. As the martial artist's strength gets higher and higher, the attack range of the martial arts becomes larger.

Because the higher the martial artist's strength, the faster the speed, if the attack range is too small, before there is time to make a move, the opponent has already flashed to the front, and it will be extremely passive.

Therefore, the attack range of the prefecture-level martial arts is relatively large, but its limit is only about one kilometer. The shooting method of the sun is not the case.

As long as the arrow shooting method is slightly successful, and a single arrow shoots out, it is enough to shoot three kilometers away, directly three kilometers away, and kill the enemy.

And if you practice shooting the sun to the extreme, you can shoot an arrow so sharply, you can even kill the enemy from 10,000 meters away.

What a terrifying distance is this?

A smile appeared at the corner of Chen Feng's mouth, and he said softly: "My Tianlong Step, compared to my strength, is already very backward and has no effect. Now that I have the archery method of shooting the sun, it can make up for my long-range attack method. insufficient."

"From then on, the long-range attack has the sun shooting arrow, the mid-to-long range has the thunder broken star finger, and the thunder strikes the sky broken star at close range. In this way, my strength will be greatly improved!"

"This method of shooting the sun is really suitable for me."

"It's just, how should we practice?"

Chen Feng frowned and looked at it carefully, and his brows became deeper: "The sun-shooting arrow technique says that although the sun-shooting arrow technique is powerful, there is also a limitation. Used by people with arrow spirits."

"Because a person with an arrow spirit can directly condense into a sword of true essence and shoot outwards, while a person without an arrow spirit cannot do this at all."

"Could it be that I can't practice?"

However, Chen Feng was not depressed, but said boldly: "I, Chen Feng, still don't believe me, there is something I can't do in this world."

"No matter how many restrictions and no matter how difficult this shooting method is, I will definitely be able to practice it!"

With that said, Chen Feng began to close his eyes and concentrate, and according to the secret technique in the arrow method of shooting the sun, he began to control the true essence to wander.

The huge true essence in his body turned a few times along the hidden meridians, and then Chen Feng suddenly felt a heat in the palm of his right arm, and then a rush of true essence formed directly in his palm.

This strand of true essence, about five feet long, extremely condensed, formed in the palm of his palm, and already became the appearance of a long arrow.

After the formation of this long arrow, Chen Feng suddenly felt that his true essence was like the collapse of a dyke, and it was actually pouring out crazily.

Chen Feng was startled and wanted to stop it, but then he thought that this technique could not harm himself, so he allowed the true essence to flow outward.

Soon, a full one-third of the true essence in Chen Feng actually leaked out, and at this time, the arrow of true essence in Chen Feng's right palm had become extremely condensed, exuding a huge momentum. There is constant destructive power inside and out.

Chen Feng felt that this sword of true essence was extremely powerful, but at this moment he didn't know how to shoot it out.

Chen Feng tried to throw it out with a loud bang, and when it was thrown out, it was also very powerful, but it was only thrown out for a few hundred meters and could no longer move forward.

Chen Feng frowned: "This distance is too close."

[Chapter 1417: Who gave you the courage?](#)

He whispered to himself: "Now it's time to condense the longbow."

Chen Feng also spit out his true essence, trying to condense a huge longbow in his left hand, but he found it very difficult.

After his true essence was spit out from his palm, it could not be condensed and formed at all. It took Chen Feng two hours to polish it roughly into a long bow.

But when Chen Feng tried to bend the longbow and create a bowstring, the longbow dissipated with a bang.

Chen Feng tried a dozen times this night, but there was no effect at all. The bowstring could not be condensed, and the longbow could not be bent at all.

Until the next morning, when the sun was shining in the early morning, Chen Feng couldn't help showing a touch of depression, and said softly: "Is it really impossible to make a long bow? Is it really impossible for me to practice this sun-shooting arrow? Fa?"

"Impossible!" He stood up suddenly, dispelled the frustration in his heart, and said proudly: "There is nothing I can't do, Chen Feng, absolutely no problem!"

He began to think hard, trying to find out what shape he had here was closer to the longbow.

Chen Feng thought for a long time, but he didn't have any clues at all. He knocked on his head and felt his brain numb. After thinking about it all night, his head was dizzy and he couldn't help falling asleep.

Chen Feng smiled bitterly and said to himself: "The energy is really bad... Hey! By the way! Energy, mental power!"

Chen Feng suddenly slapped his head, and shouted with joy on his face: "My true essence cannot condense successfully, but it doesn't mean that everything else is not good. Besides true essence, I have another kind of power, which is spirit. Powerful!"

"My spiritual power! I am a dignified soul master, my spiritual power is very strong, and my spiritual power can definitely condense the growth bow!"

Chen Feng immediately thought: "My spiritual power is now displayed in the form of transparent divine light. Isn't this transparent divine light just a long bar? Can the transparent divine light be made into a long bow?"

Chen Feng did what he thought of, and immediately sank his mind into the spiritual world.

At this time, the transparent divine light in Chen Feng's spiritual world was already very large, reaching five feet long.

Chen Feng smiled and walked over with a sinister face and said, "You have to help me this time!"

As if knowing that it is not a good thing, the transparent divine light brushed it, and even wanted to escape, Chen Feng shouted: "Where do you want to go? Come back to me!"

Transparent Shengguang didn't dare to do for you Chen Feng's meaning, grieved aggrieved and twisted back, and came to Chen Feng.

Chen Feng wanted to laugh when he looked at him and said, "You fellow, you are not wronged, just let you try to see if you can turn into a longbow. What is wrong?"

With that, Chen Feng brought the transparent divine light out of the spiritual world.

In front of him, the transparent divine light kept voicing, but no one could see it except Chen Feng.

Then, Chen Feng controlled the transparent divine light and wanted to turn it into a longbow.

He thought it would be slower, but he didn't expect that, with a thought, the transparent divine light turned into a longbow directly.

This longbow is extremely simple, but it is grand, vigorous, and full of tyrannical power.*novelusb.com*

After Chen Feng watched it, he was immediately ecstatic and laughed, "I knew that you can do it!"

The transparent divine light glanced at Chen Feng dissatisfied, and gave out a groaning mental fluctuation. Chen Feng laughed and said: "Okay, okay, don't be awkward, you have strengthened my strength, I am safer, you Can you improve more steadily?"

"If I have three long and two short, aren't you over?"

The longbow was finally condensed, and Chen Feng couldn't wait to try the power of the sun-shooting method.

But here is the Dragon God Hou Mansion, and the space is limited. It would be bad for Chen Feng to make too much noise, so he had to push down his thoughts and plan to return to the Valley of Life and Death to try again.

After a while, Long Wu came over, took Chen Feng away, and sent him back to the Valley of Life and Death.

After returning, Chen Feng saw that after seeing him, many people had strange looks on their faces and backed away, as if they were afraid of any relationship with him.

And they looked at them with a little pity in their eyes.

After many people stepped back and pointed to themselves, Chen Feng frowned, but he didn't care and strode towards his tenth pavilion.

When he walked outside the pavilion, his brows wrinkled immediately, and a cold light flashed in his eyes.

Because he heard bursts of laughter and laughter from the pavilion, and this sound was definitely not from Shen Yanbing and Yue Yuanshan.

Chen Feng immediately flashed a thought: "Someone has entered my pavilion!"

This is regarded as the biggest provocation in the valley of life and death.

Before Chen Feng strode to the pavilion, he kicked out fiercely, and with a bang, two doors flew out.

He saw in the pavilion, Lin Cheng and Leita were sitting there, in front of them there were wine and delicacies, and the two were eating and drinking.

Obviously, they ate Chen Feng's meal today.

After seeing Chen Feng, the two of them showed no signs of fear. Lin Cheng glanced at Chen Feng lazily, curled his lips disdainfully, and said, "Oh, trash, are you back?"

Chen Feng squinted at him, and said coldly: "I want to know, where do you get the courage? How dare to say that to me? How dare to call me a trash!"

"Where do I get the courage? Hahahaha..." Lin Cheng pointed at Chen Feng and laughed disdainfully: "Chen Feng, don't think we don't know your details!"

"This time, even though you went to the Dragon God Hou Mansion, you didn't become a closed disciple of the Dragon God Hou at all. What are you so proud of?"

"That's right!" Leita laughed next to him and said, "After the boss of Yunbuyu came back, he has already told us everything."

"Now in the valley of life and death, everyone knows that the boss of Yunbuyu is a closed disciple of Dragon God Hou, and you have nothing."

"You poor beast, you are destined to have no future. Master Hou will never look at you. You will be surpassed by us in the future! Even if you are strong now, you will not be our opponent in the future!"

"Oh? Did Yunbuyu tell you this?" There was a hint of irony at the corner of Chen Feng's mouth, which felt ridiculous.

These people are really arrogant and ignorant.

"That's right!" Lin Cheng laughed and said, "We have already returned to Boss Yun!"

Chen Feng looked cold: "So you dare to break into my pavilion, don't you? Don't you know that this is a taboo in the valley of life and death?"

[Chapter 1418: Absorb again!](#)

"Anyone who dares to break into the pavilion has only one end, and that is death!"

"What? Death? Do you mean you are going to kill me?" Lin Cheng listened and laughed, his laughter was full of disdain and contempt.

He pointed to Chen Feng and said, "You are really brave enough. We are boss Yun's people. If you dare to touch us, boss Yun will definitely kill you directly!"

"You dare to talk to me like this? Boy, be respectful to us in the future!" He pointed to himself and said, "Kill me? You come to kill me! I'm here waiting for you! Do you dare to move me," Boss Yun will never let you go."

Beside, Leita also laughed and looked at Chen Feng provocatively.

Both of them thought Chen Feng would never dare to do anything against them!

Chen Feng grinned, his smile was full of hideousness: "You want me to kill you, don't you? Okay, then I will fulfill you!"

With that, Chen Feng's figure flashed sharply, and the Dragon Sword slashed forward frantically, sinking vigorously.

Lin Chen and Leita both showed disbelief on their faces, shouting loudly, "What? How dare you actually do it?"

Chen Feng said coldly: "I told you that there is only one ending for you, and that is death!"

A knife cut directly to the front, extremely tyrannical.

Lin Cheng screamed frantically and resisted frantically, but how could they be Chen Feng's opponent?

The two of them had no strength to fight back, and were directly split into four sections by Chen Feng with a knife. Their heads were different, and their bodies exploded. Then Chen Feng's tyrannical power exploded and shook them into a **** mist.

Lin Cheng and Lei Ming died directly.

And under the impact of this huge force, Chen Feng's pavilion also collapsed directly, amidst the sky full of rubble, two martial souls suddenly appeared.

These two martial arts came from Lin Cheng and Leita.

Lin Cheng's martial spirit is a fire dragon, while Leita's martial spirit is a thunder dragon, both of which are quite powerful and powerful.

The masters of these two spirits had already died, and the two spirits faded instantly and were about to disappear.

At this time, Chen Feng smiled slightly, and the Nine Yin and Nine Yang magic arts suddenly activated.

An extremely huge suction power came from his palms. With a bang, his palms pressed against the two spirits. Then, the two huge spirits were directly sucked into the body by Chen Feng and sank into To an unknown depth.

In this corner deep in Chen Feng's body, there was already a huge purple figure, exactly the purple dragon martial soul.

The fire dragon martial soul and the purple dragon martial soul are originally from the same origin, and both are fire elements. After the fire dragon martial soul approaches the purple dragon martial soul, if

you brush it, the purple dragon martial soul is directly absorbed, and the fire dragon martial soul instantly grows stronger. Circle, and then go silent at the bottom.

Thunder Dragon Wuhun fell silent beside him.

At this time, there were flying masonry debris everywhere, and no one noticed what Chen Feng did.

They only saw Chen Feng killing Lin Cheng and Leita, and suddenly there was a burst of fierce discussion among the crowd. Everyone looked at Chen Feng like a lunatic.

"Is Chen Feng crazy? He even dared to act on Lin Cheng and Leita?"

"Yes, I think he is crazy. Who doesn't know that Lin Cheng and Leita are the bosses of the cloud now. He dares to move Lin Cheng and Leita, and boss Yun will never let him go!"

"He is challenging the majesty of being silent!"

"Boss Yun is now different from the past. He is a closed disciple of Dragon God Hou. He is distinguished and powerful. Even Jin Longwei must be polite to him! He can directly order Jin Longwei to kill Chen Feng! "

"Haha, there is no need for Boss Yun to take action to kill Chen Feng."

Everyone looked at Chen Feng's eyes, filled with pity, and felt that in the next moment, he would be killed by Yun Duo.

At this time, in the palace on the top floor, Yun Buyu also flew out directly. He glanced down and his face was suddenly filled with cold anger.

He looked at Chen Feng and said coldly: "You killed Chen Feng, Lin Cheng and Leiming?"

"Yes!" Chen Feng raised his head and said: "The two of them broke into my pavilion privately, then **** it!"

"Okay, you are very good, you are very courageous!" Yun Buyu looked at Chen Feng and smiled coldly: "If this is the case, then you go to die!"

His voice was loud and full of determination, as if a sentence was pronounced.

Chen Feng smiled slightly, and said, "It's just a battle, and it's not known who will die."

Yun Buyu let out a chuckle, full of ridicule: "Do you think you will be my opponent?"

Chen Feng said lightly: "I haven't played, who knows?"

Yunbuyu laughed and said, "Okay, then I will let you see my true strength today, Four Swords Formation!"

As he said, he roared, and four huge sword formations appeared directly.

Only this time, the four huge sword formations were much more terrifying than before.

Before, each sword formation consisted of only 10,000 true essence swords, but now, each sword formation is composed of 50,000 true essence swords.

Each of the four sword formations was five times larger than before, covering the sky and the sun, and surrounded Chen Feng fiercely.

Chen Feng couldn't even see the sky, nor could he see anyone. Everything he could see was long swords!

Yun Buyu's momentum was erect, and it was even more terrifying than before. Everyone immediately exclaimed: "Yun Buyu's strength has been improved again. He is now a sixth-tier powerhouse in the Martial Sovereign Realm?"

Everyone looked at him with gazes like gods, Yunbu said very proudly, and laughed, "Chen Feng, don't you know?"

"This time, the master gave me a great benefit. I swallowed a seven-tier pill and directly broke through to the sixth level of the Martial King realm! What about you? You are still the third level of my Martial King realm, right?"

"Haha, now I, killing you is as easy as pinching an ant, you are not my opponent at all!"

As he said, he screamed, and the Four Sword Formation slayed fiercely towards Chen Feng.

A smile appeared at the corner of Chen Feng's mouth, and he said, "Just as I have just finished shooting the Sun God Arrow, you will send it to the door to let me practice."

With that, in Chen Feng's left hand, a transparent divine light suddenly appeared, and then following Chen Feng's will, a huge longbow was formed.

But at this time, in the eyes of others, Chen Feng was just a piece of air with nothing.

Yun Buyu sneered and said, "Chen Feng, what the **** are you doing? Do you want to rely on the air to defeat me?"

Chen Feng smiled slightly: "You will know soon."

As he said, his figure suddenly slackened, and he suddenly became as if standing on top of the earth. His aura was so powerful that everyone was trembling when he saw it.

[Chapter 1419: One arrow](#)

Then, in Chen Feng's right hand, a big arrow of real yuan appeared.

Then, Chen Feng's left leg was in front and his right foot was behind. He stretched his bow and set an arrow, desperately pulling the bowstring of the long bow, and then put the sword of true essence on it.

Everyone felt that Chen Feng was extremely radiant at this time, just like holding a huge sun in his arms, exuding infinite power and seemingly capable of destroying everything.

This momentum shocked everyone.

Finally, Chen Feng pulled the bowstring to its limit, then let go, and shouted loudly: "Shoot the arrow!"

It was as if a sun was pushed out by Chen Feng, the speed reached the extreme, and with a bang, it slammed into the four huge sword formations.

With a loud bang, everyone felt that they were full of radiance in front of them, a huge sun seemed to explode, and they couldn't open their eyes at all when they were shining.

And their ears were filled with huge explosions that shook their ears to bleed.

I can't hear anything for a while, I can't see anything.

The entire valley of life and death even trembled!

The four sword formations died out, and the 200,000 long swords all disappeared, shattered into sporadic auras.

With just one arrow, Chen Feng directly broke Yunbuyu's extremely domineering Four Sword Formation!

"Do not!"

Yun Buyu let out a huge exclamation: "How is it possible? How could you easily break my Four Sword Formation? I am a master of the Sixth Layer of Martial Sovereign Realm!"

"This question, go to **** and ask!"

At this moment, his sun-shooting arrow did not stop at all. After breaking the four sword formations, he slammed away at Yunbuyu, banging heavily on Yunbuyu's body.

Yun Buyu let out a scream, and was blasted out for thousands of meters. He suffered multiple fractures and spurted blood.

However, under the attack of this arrow shooting method, the huge 700-meter-high mountain was directly shattered into countless pieces and shattered.

This mountain that had been erected for a thousand years disappeared, and everyone in the Valley of Life and Death opened their eyes to see this scene, which was extremely shocking, and even lost their voices.

In the next moment, they burst into huge discussions, looking at Chen Feng, full of incredible color.

"This Chen Feng is so powerful, the sixth-tier martial arts master, the disciple of Long Shenhou, is not his opponent?"

"What is the name of this move he made? How could it be so tyrannical? He severely injured Yun Buyu's body and crushed the mountain!"

"I only know that we all thought wrong before!"

Yun Buyu also looked at Chen Feng with horror on his face, and then the horror on his face turned into anger.

He just boasted about going to Haikou, but then he was slapped in the face by Chen Feng, which made him very angry, red and white.

He screamed: "Chen Feng, I am the closed disciple of Dragon God Hou. You and I are far apart. I can definitely kill you in the future!"

Chen Feng sneered and said: "There is no future, I will kill you today."

With that said, striding forward, we must kill Yun Buyu.

At this moment, a dragon head flying boat fell heavily in the valley of life and death, and two golden dragon guards walked out of it.

Seeing these two Golden Dragon Guards, he immediately said without saying a word, Daxi shouted at them: "You two, quickly kill Chen Feng for me!"

He was like an order, but the two Golden Dragon Guards stood motionless, just looking at him with playful eyes.

Yun Buyu was furious, and yelled: "Are you stupid? What are you doing in a daze? Kill him quickly. Didn't you hear my instructions?"

"I'm a closed disciple of Dragon God Hou, you will all listen to me from now on!"

The two Golden Dragon Guards suddenly smiled and strode over. Yun Buyu nodded in satisfaction and said, "It's pretty much the same."

He looked at Chen Feng and smiled and said, "Chen Feng, you are dead this time. You will definitely not be the opponent of the two Golden Dragon Guards."

But then, his smile solidified on his face.

Because two Golden Dragon Guards strode over, they came directly to Chen Feng, knelt on one knee, and said, "Master Chen, Master Hou has sent us to give you something."

"He said that you are his closed disciple, there are some good things, of course you can't leave you!"

"What?" Hearing this, everyone in the valley of life and death was all stupid.

"What do you mean? Chen Feng is the closed disciple of Long Shenhou? Isn't it just a cloud?"

"Is it silent, or did he lie to us?"

Yun Buyu was also full of stunned expression. He strode to the two Golden Dragon Guards and said angrily: "You are mistaken, I am Dragon Shenhou's closed disciple. What is this kid? Are you worthy to be a disciple of Dragon God Hou?"

The two Golden Dragon Guards smiled and said without a smile: "Yunbuyu, did you remember it wrong? You are just a named disciple of Lord Hou, not a closed disciple at all!"

"Chen Feng is the true closed disciple of Master Hou, and he is a direct disciple. Master Hou will pass on to Chen Feng what he has learned all his life!"

"What?" Everyone in the Valley of Life and Death was shocked when they heard it, and looked at Chen Feng with extremely envious eyes. *novelusb.com*

"Personal disciple! Closed disciple! Long Shenhou trained Chen Feng as his heir."

"Chen Feng is really amazing. He is the latest to enter here, but the result is the best we have ever encountered. How can Long Shenhou value him so much? Chen Feng's achievements will be limitless in the future!"

Then they all looked at Yunbuyu with contemptuous eyes.

"It turns out that Yun Buyu is just a named disciple. This person is really shameless. He actually came back and boasted to us that he was a closed disciple of Dragon God Hou. It turns out that he is just a fake!"

"It's so shameless, shameful!"

Yun Buyu's face was red and white, and he was extremely embarrassed. Long Shen Hou did say that he was accepted as a named disciple, but he took it for granted that he would only accept him as a closed disciple, so he came back and spread the word. .

At this time, he was slapped severely. This is the second time he has been slapped today.

A Jinlongwei glanced at Yunbuyu and said lightly: "Master Hou also asked me to tell you that you are just a humble named disciple. From now on, you are not allowed to bluff and deceive under the name of Master Hou."

"Otherwise, if Master Hou knows about it, he will definitely be abandoned!"

Yun Buyu was like crazy, suddenly his fists hammered the ground frantically, and shouted: "I don't believe it, I don't believe it!"

"I am Hou's closed disciple, I am! What is Chen Feng?"

Then Jin Longwei said coldly: "I don't say anything, I warn you, if you dare to offend Chen Feng so, we can't be polite to you!"

"Do you dare? You two..." Before Yun couldn't finish speaking, the two Golden Dragon Guards stepped forward, slapped their palms fiercely, and directly shook him severely wounded and collapsed to the ground.

[Chapter 1420: I just deceived people too much!](#)

Chen Feng walked up to Yunbuyu, looked down at him, smiled slightly, and said: "Yunbuyu, now it seems that I am the true pride of heaven? It seems that I am the one who has unlimited future achievements!"

"The gap between you and me will only get bigger and bigger. In the future, you can only look to me."

These words were said by Yun Buyu to Chen Feng in front of the hall yesterday, and at this time, Chen Feng returned all these words.

After speaking, Chen Feng laughed, his heart was very refreshing, and he let out a bad breath.

Yun Buyu showed extreme shame on his face, ashamed that he almost wanted to commit suicide.

He lowered his head and didn't dare to look at Chen Feng, but the resentment in his eyes seemed to be condensed.

Without even looking at him, Chen Feng turned to the two Golden Dragon Guards and said, "Two big brothers, I don't know what the Master has sent you to give me?"

His attitude was very kind. The two Golden Dragon Guards smiled slightly, and one of them handed Chen Feng a huge jade box, and said: "There are twenty six-grade pill, Sanqing Qi Pill."

"What? Twenty Sanqing Qi-enhancing Pills?" Everyone was even more envious after listening.

This kind of pill is extremely precious, even if he is the top ten master, he can only get one one a month, but Chen Feng unexpectedly got twenty.

The Jinlongwei smiled and said: "Hou Ye said, your realm is still a bit low now, just take some Sanqing Qiqi Pills to help you improve your strength as soon as possible, in order to prepare for the future four major Houfu competition."

A warm current surged in Chen Feng's heart, and said, "Thank you two, and please tell Master Hou, the disciples will remember."

The two Golden Dragon Guards nodded.

"By the way, there is one more thing, the Lord Long Shen Hou ordered us to pass it to you."

One of the Golden Dragon Guards took out a kit from his arms and held it to Chen Feng with both hands very respectfully, as if the contents of the kit were extremely precious.

Chen Feng opened it and saw that there was a token in the kit.

This token is made of a very rare metal. The whole body is black and almost translucent. In the token, a five-clawed golden dragon undulates like a living thing, constantly wandering inside.

The Golden Dragon Guard said: "This is the Five Claw Golden Dragon Order of the Dragon God Mansion."

"The Five-Claw Golden Dragon Order is the symbol of the Dragon God Hou Mansion. Seeing this token, if you see Lord Hou, you will have this token in the future. It will be very convenient to deal with people."

One of the Golden Dragon Guards lowered his voice and said, "There are only five Five-Claw Golden Dragon Orders in the entire Great Qin Kingdom. You are one of them, cherish it, and don't let Master Hou live up to your expectations."

Chen Feng was moved in his heart and whispered: "Chen Feng must live up to expectations."

Two lives Jinlongwei bid farewell.

Looking at Yunbuyu, Chen Feng suddenly stepped on him, and said with a cold voice: "Yunbuyu, I warn you, you will be honest with me in the future, otherwise I will dispose of you."

As he said, he turned and left, only Yun Buyu was trembling, but he dared not say a word of resistance.

Not long after the two Golden Dragon Guards left, another dragon head flying boat came here, and then hundreds of craftsmen walked down from above, led by a Golden Dragon Guard.

With the order of the Golden Dragon Guard, hundreds of craftsmen quickly built ten more pavilions in the center of the Valley of Life and Death.

Chen Feng strode directly into the tallest and most luxurious palace. This palace was the first pavilion, representing the residence of the strongest man in the valley of life and death.

Only the number one master here can enter the master. Chen Feng slowly climbed up the steps, pushed the door and entered, then turned around, smiled and looked at everyone, and said softly, "Do you have any opinions?"

Everyone was silent, looking at Chen Feng in awe, no one dared to say a word, they dare not have any opinions!

Chen Feng smiled slightly, then turned around and walked in, closing the door with a bang.

Yun Buyu glanced at Chen Feng with bitterness and deep resentment, his eyes showed unwillingness, but he did not dare to resist in any way, he did not dare to say a word of unnecessary nonsense.

Because he knew that if he said one more thing, Chen Feng would really dare to kill him.

He struggled to stand up, came to the second pavilion, opened the door and went in, taking it for granted.

In his opinion, even if he is not better than Chen Feng, he is also the second master in the valley of life and death. There is no problem in occupying the second pavilion, as everyone else thinks.

But at this moment, suddenly the door of the first pavilion was pushed open with a bang. Chen Feng walked out of it, he looked at Yunbuyu, and said lightly: "Yunbuyu, get out!"

"What do you mean?" After Yunbuyu heard it, he was shocked, looked at Chen Feng and roared angrily.

"This is my pavilion, why do you let me get out?"

Chen Feng said coldly: "I don't want to repeat it a second time, I'll say one more thing to get out, will you get out?"

His volume suddenly rose, and with a violent roar, Yun Buyu trembled with fright, and quickly retreated from the second pavilion.

Chen Feng smiled and said, "I have also taken the second pavilion."

Yun Buyu glanced at him angrily, gritted his teeth and swallowed the bad breath, and then walked to the third pavilion. He had just opened the door of the third building when suddenly Chen Feng's voice came again: "This pavilion is not yours either!"

Yun Buyu was furious, and turned around and shouted: "Chen Feng, what do you want? You are deceiving too much!"

Chen Feng smiled slightly: "I just deceived people too much, so what can you do?"

With that, he slashed out in a volley, and the Dragon Sword slashed over.

Yun Buyu was cut and flew several tens of meters away, and fell heavily to the ground, spurting blood.

Chen Feng smiled and looked at him and said, "I said, I don't want to listen to any nonsense from you anymore. Since you don't want to quit, then I will let you get out!"

"You!" Yun Buyu pointed at Chen Feng, shaking all over, so angry that he couldn't say a word.

Chen Feng smiled slightly and said to Yue Yuanshan and Shen Yanbing: "These two pavilions belong to you two."

Then, he looked at the crowd and said proudly: "Whoever is not convinced can challenge them. I know that according to the rules, you can challenge them both, but I will leave Chen Feng's words here. Who dares to challenge them? I will definitely make you regret it!"

Everyone was awe-inspiring, and no one thought Chen Feng was joking, and he would do it if he said it.

Chen Feng turned around and entered the pavilion, but did not even look at the clouds without saying a word. Yue Yuanshan and Shen Yanbing also entered their pavilion and began to practice.

Chen Feng sat cross-legged in the pavilion, looking inwardly at his dantian, and soon entered a state of tranquility.
