

Peerless 1441

[Chapter 1441: fury](#)

With that said, he strode towards the pavilion in front of him and shouted sharply: "Shen Yanbing, get out!"

Having said that, before coming to the pavilion, he wanted to destroy the pavilion directly.

Seeing this scene, Yue Yuanshan gritted his teeth, but he suddenly jumped up from the ground with a sharp roar, flew directly, punched in the air, tried his best, and blasted towards Yunbuyu.

Yun Buyu sneered: "It's really reckless!"

The corners of his mouth curled, seeming to be very disgusted, and he struck out a tyrannical scorpion, Yue Yuanshan's fist could not touch his body at all, he was directly shaken out hundreds of meters, and hit a small hill heavily.

His bones were broken, and he fell to the ground and couldn't get up.

Yun Buyu stepped forward, looked at him jokingly, and said, "You are working hard? You want to work hard, but unfortunately, you don't even have this capital!"

"I want to beat you, but as light as crushing an ant!"

With that, he walked toward the pavilion again.

Suddenly, at this time, there seemed to be an extremely loud voice in the pavilion.

With a buzzing, everyone felt that the air was extremely turbulent, and the entire valley of life and death seemed to be buzzing.

The gravel in the valley of life and death flew up at the same time, hovering in the air.

"This means that someone has broken through a powerful realm, and it is definitely not an ordinary breakthrough. It is definitely the kind whose strength has been increased several times, otherwise there can be such a big movement! It is like a powerful hurricane!"

Everyone suddenly exclaimed, their faces showing disbelief: "Shen Yanbing, is this another breakthrough?"

"This is her fourth breakthrough in a month, right? After breaking through this time, he is already a martial arts four-level master!"

"Yeah, this Shen Yanbing is simply terrifying. I have never seen a person with such a fast cultivation speed. In a month's time, he reached the fourth level of the Martial Sovereign realm directly from the peak of the Ninth Level of the Soul Condensation Realm!"

The person next to him also exclaimed in disbelief: "This is something that only exists in legends!"

"Nonsense!" the other person said with a disdainful mouth: "Otherwise, do you think Yun Buyu would deal with him in such an impatient way?"

"If Yunbuyu doesn't deal with Shen Yanbing again, I'm afraid Shen Yanbing will be able to pass him over for a while!"

"Chen Feng pressed Yunbuyu under him, and Yunbuyu has already hated it to the extreme. He will never allow anyone to destroy his status!"

"Yes, so Yun Buyu must kill Shen Yanbing this time."

Yun Buyu's face was also extremely gloomy, looking at the pavilion door, murderous intent flashed, and suddenly with a bang, the pavilion door opened directly.

A woman walked out slowly, it was Shen Yanbing.

His expression was cold and his aura was extremely tyrannical. He looked at Yue Yuanshan on the ground and then at Yunbuyu. His eyes were full of bitter murderous intent: "Yueyuanshan and I have no grievances and no grudges against you, you Why have to deal with us again and again? Want to kill us?"

Yun Buyu said coldly: "It's because you have a good relationship with Chen Feng! If you have a good relationship with Chen Feng, I will kill you! Let Chen Feng want to die!"

"Oh?" Shen Yanbing showed disdain at the corner of his mouth: "If you don't say anything, aren't you still a man? Are you doing things that men do?"

"Chen Feng is strong, you dare not face him, you are going to kill us?"

Yun Buyu was so embarrassed by her that she shouted, "Shen Yanbing, stop talking nonsense, now I will kill you!"

As he said, he shouted sharply, the long sword in his hand was unsheathed, and dozens of swords were stabbed one after another. Each sword was extremely tyrannical, covering Shen Yanbing!

Shen Yanbing sneered: "Good job!"

His figure flashed, but he didn't evade, but instead rushed into these dozens of swords.

Ting Ting Ting Ting Ting Ting, Shen Yanbing stabbed dozens of swords one after another, each of which was extremely accurate to hit the weakness of Yunbuyu's sword, directly and easily resolved its sword moves.

Shen Yanbing didn't have any moves or skills at all. Every sword she stabbed was directly incomparable, thanks to his powerful fighting instinct and his keen fighting consciousness!

The crowd around the audience exclaimed: "What has Shen Yanbing experienced? How powerful is the fighting instinct?"

"That's right! He didn't use any tricks, just ordinary stabs, take it back, and dissolve Yunbuyu's unique trick!"

Yun Buyu saw that his trick was ineffective, and his face was even more gloomy. He stared at Shen Yanbing and said with a cold voice, "It seems that you are going to force me to use the trick!"

Shen Yanbing was not afraid, and said: "Then come!"

Yun Buyu screamed: "Four Sword Array!"

Around his body, four huge sword formations suddenly appeared, and then pressed down against Shen Yanbing.

Everyone exclaimed: "Yunbuyu actually used the Four Sword Formation!"

Someone said: "It's over, this time Shen Yanbing must be over. The four sword formations that are silent are over, how powerful? Unless it is a powerful person of the fifth level or above in the Martial King realm, it can't be resisted at all. Shen Yanbing's strength is definitely not a four sword formation. Opponent!"

"Yes, it seems that Yun Buyu this time is to make up his mind to destroy Shen Yanbing! Under this move, Shen Yanbing will undoubtedly die."

Shen Yanbing was not afraid, with awe-inspiring expression on his face. He had never been afraid.

He brandished his huge sword and slayed fiercely towards the Four Sword Formation.

The giant sword in her hand is extremely fast, and every move is extremely labor-saving, just handing out three inches or two inches, tossing and moving within a very small and extremely small range, but it can accurately fly those flying swords .

Use the least strength to achieve the best results without relying on any moves, it is still extremely powerful.

Such fighting skills, even Chen Feng, are far inferior.

But these flying swords are too many, and the most important thing is that Shen Yanbing's giant sword can no longer cope with such an intensity of battle. With a loud bang, his giant sword directly shattered.

In the next moment, Wan Jian is about to penetrate the heart!

Yun Buyu laughed loudly: "Shen Yanbing, you can taste the taste of Wan Jian Chuan Xin!"

When Chen Feng arrived, he saw this scene.

Chen Feng's eyes were about to split, and he shouted sharply: "Stop!"

After speaking, Chen Feng jumped up directly, thunder rushed into the sky to break the stars, and suddenly launched, nine thunders fell, and slammed on the four sword formations, directly smashing the four sword formations without a trace.

When everyone saw the thundercloud, heard the sound of the thunderstorm, and saw the nine thunder pillars, they immediately knew that it was Chen Feng.

"Haha, Chen Feng is here, this time there is a good show!"

[Chapter 1442: Chen Feng, I will kill you!](#)

"Yes, Yun Buyu thought that Chen Feng would not come back, so he dealt with Shen Yanbing and Yue Yuanshan unscrupulously here, but he didn't expect Chen Feng to come back."

Everyone turned their heads, and they saw a tall figure walking towards this side, his face sinking like water, and there seemed to be steaming anger in his eyes.

"Chen Feng, Chen Feng is here."

Everyone whispered one after another, and Chen Feng slowly walked towards this side, his eyes fixed on the cloud without a word, full of undisguised murderous intent.

Yun Buyu looked at Chen Feng, a look of horror flashed across his face, and he stammered: "Chen Feng, why are you here?"

He is already extremely jealous of Chen Feng.

Chen Feng said coldly: "If I didn't come, I wouldn't know you would do such a thing!"

Shen Yanbing exclaimed in surprise, "Chen Feng, are you here?"

Yue Yuanshan had been struggling to watch the battle. At this time, seeing Chen Feng coming, he felt calm and relaxed. He fell directly to the ground with a smile at the corner of his mouth and passed out.

Chen Feng nodded slightly to Shen Yanbing, then looked at Yunbuyu, with a touch of disdain at the corner of his mouth, and said: "Yunbuyu, I didn't expect you to be so shameless!"

"You even bullied Yue Yuanshan and Shen Yanbing while I was away, are you still a human? Are you still a man?"

Yunbuyu made him extremely embarrassed. He was furious and vicious: "Chen Feng, you have taken everything from me. I can't kill you, and I will destroy everything you have!"

He said triumphantly: "Look at it. You can protect them for a while, but you can't protect them for the rest of your life. I will always find a chance to kill all the people close to you!"

Chen Feng looked at the cloud without saying a word, his face was murderous, and he shouted sharply, "Then I will abolish you now!"

Yun Buyu smiled coldly and said triumphantly: "Hahahaha, Chen Feng, you dare not, you don't have the guts!"

"I am a registered disciple of Master, do you know who is my backstage? Tell you, it is the second senior brother Sun Xiao!"

"You dare to kill me, Sun Xiao will never spare you!"

"Oh? Really?" Chen Feng smiled coldly, then let's try.

As he said, his figure flashed, and another move thunderously rushed into the sky to smash the stars, and slashed.

Nine thunder pillars smashed down. At this time, Chen Feng's attack was already ten times more powerful than before.

He couldn't catch it before Yunbuyu, and at this time he couldn't resist this move at all.

He tried his best to use all the magic weapons on his body and all the tyrannical moves to resist, but in the end, the nine thunderbolts still smashed him.

With a bang, he was directly scorched and scorched, with countless wounds on his body, all his bones were shattered alive, and even his internal organs were exposed.

He fell heavily to the ground, vomiting blood, no longer able to fight back.

He glared at Chen Feng and yelled in disbelief: "You, you, how can you become so powerful again?"

Chen Feng said lightly: "Not everyone is as wasteful as you."

As he said, he stepped forward and said: "Let's talk, what else do you have last words?"

Yun Buyu shook his head quickly, and said: "Impossible, impossible, you dare not kill me! My backer is..."

Before he finished his words, his expression was frozen and his mouth opened wide.

Because his heart was already crushed by Chen Feng's palm.

Chen Feng stared at him with a smile at the corner of his mouth, and said softly: "Sorry, I just slapped Sun Xiao in the face half a month ago. To be honest, you, your patron, I am not afraid at all."

Yun Buyu looked at Chen Feng in disbelief, his head tilted and he died.

And at the moment when Yun Buyu's body was bombarded and shattered, Chen Feng's figure quickly flashed past and came to the place where he died.

Here, a remnant soul suddenly appeared. This remnant soul was actually a huge white dragon martial soul.

The White Dragon Martial Spirit was dimming at an extremely fast speed, and it was about to dissipate. When its owner disappeared, he would naturally disappear.

Chen Feng used the Nine Yin and Nine Yang Divine Art, and with a single stroke, he directly absorbed the White Dragon Martial Spirit into his body.

Not many people noticed this scene, and even if they noticed it, they would only think that Chen Feng smashed the White Dragon Martial Soul, but did not expect that he had directly absorbed the White Dragon Martial Soul.

The Bailong Wuhun sank into that mysterious position in Chen Feng's body.

At this moment, in this mysterious place, the Remnant Soul of the Azure Dragon was sleeping in the deepest part, and in addition to the Remnant Soul of the Azure Dragon, there were two spirits sleeping here, a fire dragon and a thunder dragon.

At this time, there was another white dragon spirit.

A smile appeared at the corner of Chen Feng's mouth. The white dragon was metallic, and the spirit of the white dragon was extremely sharp.

No wonder Yunbuyu can use such a powerful tactic as the Four Sword Array!

And at this moment, Sun Xiao was sitting cross-legged in a secret room in a luxurious pavilion in Dragon God Mansion.

Suddenly, he heard a crackling sound coming from the hall downstairs.

Sun Xiao's face changed drastically, and he walked down quickly, only to see a jade medallion on the table in the hall downstairs already shattered.

And the three words written on the jade plate are exactly what they say.

Sun Xiao's expression was stagnant for an instant, and then the next moment, his face showed extreme sadness.

Suddenly, he fell to his knees heavily, and with a bang, the floor was broken by his knees.

Deep in his hands, he wanted to pick up the jade tiles, but the jade tiles had been scattered into countless fragments. He held the jade crumbs in his hands with trembling hands, suddenly howled and loudly shouted, "The third brother, Third brother!"

It turned out that Yun Buyu was just a pseudonym, and he was actually Sun Xiao's younger brother.

Sun Xiao cried into darkness and was extremely sad. After a long time, he stood up, the sad color on his face disappeared without a trace, leaving only boundless murderous intent.

"Chen Feng, you killed the third brother, the third brother, don't worry, I will avenge you!"

"Chen Feng must die, and he will die horribly.

Shen Yanbing walked over to Chen Feng, with a smile on the corner of his mouth, and said, "Chen Feng, you really came too in time."

Chen Feng said with some self-blame: "I was negligent. I should have thought about it a long time ago. He doesn't say anything about this person. He is narrow-minded. He has nothing to do with me. He will definitely anger you. I should come back soon. ."

Shen Yanbing shook his head and said, "It's okay, didn't you come back in time?"

Chen Feng patted him on the shoulder, then walked to the side of Yue Yuan Mountain.

At this time, Yue Yuanshan was still in a coma.

Chen Feng modeled the golden dragon ring, but suddenly remembered that in his golden dragon ring, there was only the Sanqing Qi Enhancing Pill, but there was no healing medicine.

[Chapter 1443: Invitation card](#)

Everyone looked at each other, and then rushed to say: "I have it here, I have it here!"

This is the Sanqing Qi-enhancing Pill, it is an extremely powerful sixth-grade pill, and something they can't even see. For them, this deal is extremely cost-effective.

In the end, Chen Feng used a Sanqing Qi-enhancing Pill in exchange for three healing pills from a disciple of the Martial Sovereign Realm, and then stuffed it into the Yueyuan Mountain Pass.

The pill erupted instantly at the entrance, and the effect of the medicine took effect. Soon, Yue Yuanshan let out a sigh of black snow in succession.

Then he opened his eyes.

He vomited blood, but Chen Feng was happy. All he vomited were black congestion, which was very helpful for recovery from the injury.

Yue Yuanshan looked at Chen Feng with a slight smile at the corner of his mouth. He didn't say anything, just stretched out his right hand.

Chen Feng didn't say anything, just laughed, grabbed his hand, and pulled him up.

Yue Yuanshan patted Chen Feng's shoulder heavily: "Chen Feng, you are my pride."

Chen Feng looked at him and suddenly smiled and said, "Brother Yue, it is also my honor to have friends like you and seniors like you."

When Yue Yuanshan heard this, he was taken aback and looked at Chen Feng. He thought Chen Feng was joking.

But he found that Chen Feng's eyes were very serious, and Yue Yuanshan's heartstrings trembled, and he was extremely moved.

He nodded heavily without speaking.

After talking to Yue Yuanshan, Chen Feng looked at Shen Yanbing again and said: "Yanbing, haven't seen you in a few days, your strength has improved so fast?"

Shen Yanbing chuckled, raised his chin, and said, "Is that right, I'm very good?"

She smiled brilliantly at this moment, making all the people onlookers feel their eyes brightened, and she only felt that she was absolutely beautiful.

Shen Yanbing has always been extremely cold and glamorous, and has never shown such a childish attitude.

Chen Feng suddenly moved in his heart and said to Shen Yanbing: "Yan Bing, I decided to bring you into the Longshan suit. You are making such a rapid progress. Lord Long Shen Hou will definitely be surprised."

"Maybe you will get his favor too."

Two hours later, Long Shenhong looked at Shen Yanbing in front of him, with a look of wonder on his face, he was surprised.

He looked at Chen Feng and said, "Chen Feng, your eyes are really good. There is a very powerful bloodline in Shen Yanbing. I can't even see what this bloodline is."

"But I can judge that this bloodline is extremely noble and superior."

Chen Feng asked, "How noble is it?"

Long Shen Hou smiled and said: "A person with this kind of bloodline, after reaching a certain age, does not even need to practice, the bloodline can be unlocked by himself, and the strength will become very powerful."

"With a little practice, his cultivation speed will be extremely fast, just like the current Shen Yanbing."

Chen Feng listened and took a breath, Shen Yanbing's bloodline was simply too bad.

As long as you reach a young age, you can have extremely powerful strength, and you don't need to work hard at all!

Shen Yanbing next to him was also extremely pleasantly surprised. She had previously vaguely guessed that she had a strong bloodline, but at this time, she was completely relieved from the words of Long Shenhou.

Long Shenhou looked at Chen Feng and smiled and said, "Chen Feng, the old man said before that he will accept you as a disciple of the closed door, but now, I am going to break my promise."

He shook his head, looked at Shen Yanbing, and said with a wry smile: "It is true that love is eager. If such a talent is not admitted to the school, I am afraid I will regret it for life!"

Chen Feng laughed loudly, his face was full of joy, and said, "Master, if you don't accept her as a disciple, I would regret it!" *NoVelusB.coM*

An hour later, Chen Feng and Shen Yanbing left the hall.

The two walked side by side, here is a small garden, flowers are blooming brightly, it is very quiet, there is no one else except the two of them.

Shen Yanbing looked at Chen Feng next to him, suddenly sighed slightly, smiled and said, "Chen Feng, do you remember? When we were in Qian Yuanzong, we went to Nei Zong for the first time, and when we left the hall, we two This is how this is walking on the mountain road."

Chen Feng looked at him, his eyes softened: "Remember, I will never forget that scene."

Shen Yanbing smiled slightly and said: "After a few years, we two are learning arts under the same school. The reincarnation of heaven is really amazing!"

Chen Feng didn't say much, just looked into her eyes.

After a long time, Shen Yanbing sighed lightly, suddenly plunged into Chen Feng's arms, firmly hugged her, pressed her face to his chest, felt his powerful heartbeat, and a smile appeared on the corner of his mouth.

She slowly closed her eyes, only feeling extremely peaceful and peaceful!

After returning to his yard, Chen Feng was about to practice, when suddenly Long Wu's voice came over.

Chen Feng quickly opened the door and went out. Long Wu stood in the courtyard with a letter in his hand. He handed the letter to Chen Feng. Chen Feng raised his brows: "What is this?"

"From Yuwen's house, as for the purpose, I don't know." Long Wu said.

"Sent from Yuwen's family?" Chen Feng raised his eyebrows: "Why did Yuwen's family send me the letter?"

Chen Feng didn't know what medicine was sold in Yuwen's gourd. He opened the letter and read it carefully, then a look of surprise appeared on his face.

It turned out that Yuwen's family sent an invitation letter, which read: "I heard that a young talent recently appeared in the Dragon God Mansion. It is Chen Feng, a new disciple of Lord Long Shen Hou, who is young. His strength is already extremely high. tyrannical."

"The Yuwen family is very admired, so we hereby send this invitation letter to invite Chen Feng to participate in this time the five great families will compete with each other."

Chen Feng asked Longwu in surprise, "What are these five great families?"

Long Wu said: "The most powerful force in the entire Great Qin Empire is of course the royal family. Under the royal family, apart from a few very special sects and hermit families, the four great marquises are the highest. "

"These four great marquis can be called first-class families, and the five great families are five big families that stretch for thousands of years. They are also very powerful and talented, but they are worse than the four great marquises. A little bit."

"Therefore, these five great families can be called the second-rate families in Wuyang City. Every once in a while, they will have young talents of various races to learn martial arts, compete with each other, get together, and increase their love.

"But in spite of this, this competition is extremely formal. The strongest person in the competition will be regarded as the first person in the young generation of the five great families!"

"Then why did you invite me?" Chen Feng was puzzled.

Long Wu smiled and said: "Every time they compete, they occasionally invite people from the Four Great Hou's Mansion to participate."

Chen Feng nodded: "I see."

[Chapter 1444: Snob](#)

He pondered for a moment, and said, "Also, we have also seen and experienced these young talents in Wuyang City, how strong are they!"

There is still half a month before the five great families to learn martial arts, Chen Feng said to himself: "If I go this time, it will represent the Dragon God Mansion, and I can't shame the Dragon God Mansion."

"Although the five great families are a bit worse than the four great mansions, they are also Crouching Tigers, Hidden Dragons, and talented people come forth in large numbers, so I must make a breakthrough before that, and it is best to reach the four peaks of the Martial King Realm."

Chen Feng continued to practice and worked extremely hard. He sacrificed the inner alchemy and transformed his true essence into a martial arts god.

Another half a month passed. Suddenly, one morning half a month later, with a bang, there was a loud bang in Chen Feng's small courtyard.

The entire courtyard collapsed in an instant, and a large pit with a diameter of several hundred meters appeared in the area. A violent air current centered on the secret room where Chen Feng was located, and exploded and spread out.

However, when this violent air current hits the outer bamboo forest, it was instantly absorbed and vanished invisible, and did not affect the buildings in other places.

In the dirt pit, there was smoke and dust, and Chen Feng sat cross-legged in the middle, but there was no smoke or dust on his body, dressed in white, as smooth as snow, just like a man in the middle of an immortal.

He slowly got up, with a smile at the corner of his mouth, and gently exhaled a suffocating breath. When he moved his body, there was a burst of bones all over his body, and his muscles were flowing, and he felt his strength surging.

At this time, the martial arts Tianhe in Chen Feng's body had reached a full length of 2,000 meters, and Chen Feng's body had no trace of true essence, all transformed into a pure and incomparable martial arts god!

At this moment, in his martial arts sky river that is more than two thousand meters long, those semi-liquid and semi-solid starlights have turned into pure solid starlights, looking pure and incomparable.

Chen Feng could feel the tyrannical power in it. Chen Feng carefully observed it and suddenly whispered: "No, something is wrong."

"Theoretically speaking, all my true essences have now been transformed into martial arts gods. It should be smooth and smooth to break through to the fifth level of the Martial King Realm, but only to reach the fourth peak of the Martial King Realm, and there is no breakthrough. "

He immediately realized that it should still be Wuhun's problem.

The first level of the Martial King Realm and the fifth level of the Martial King Realm are the two big hurdles of the Martial King Realm. Without the Martial Spirit, it would be very difficult to break through these two hurdles.

A wry smile appeared at the corner of Chen Feng's mouth: "Oh, without a martial soul, it is really difficult to cultivate in my Martial Sovereign realm!"

Chen Feng whispered to himself: "Within two months, within two months, my martial soul must have a breakthrough, at least I must make up for the Azure Dragon martial soul completely, so that I can break through to the sixth martial kingdom. weight."

"Otherwise, I will definitely not be able to gain the upper hand in the Big Four Houfu Grand Competition. If others don't say, I'm definitely not an opponent just Shangguan Yunxiang!"

"Although Shangguan Yunxiang is the seventh level of the Martial King Realm, he has the strength to surpass the eighth level of the Martial King Realm. If I want to defeat him, I must at least have the sixth level of the Martial King Realm."

Half a month has passed, and today is the day for the five great families to learn from each other. Chen Feng checked the time, then left the Dragon God Mansion and rushed to Yuwen's house.

The place where the five great families learned from each other is located in the back garden of Yuwen's house.

Yuwen's House is located in the north of Wuyang City. It covers a very large area, with a radius of several thousand meters. The pavilions are continuous and extremely luxurious.

Chen Feng came to the door of Yuwen's house. A dozen guards wearing silver armor stood at the door. When several guards wearing silver armor saw Chen Feng, their eyes immediately showed a touch of disgust.

Because Chen Feng was wearing an ordinary green robe at this time, with upright clothes and handsome and handsome.

But in their eyes, this is a sign of poor and poor, very desolate.

One of the silver armor guards immediately stepped forward and was full of hostility at Chen Feng, and shouted very impatiently: "Untouchables, hurry up, this is not where you can come."

He pointed to the plaque on the door, and said, "I see, this is the Yuwen family, one of the five great families in the capital!"

"You kind of a **** came here, it is simply dirty the door of Yuwen's house."

Chen Feng frowned, squinted his eyes, looked at them coldly, and whispered: "Dogs look at low things!"

"What? Do you dare to scold me for looking down on people?" The silver armored guard immediately showed a hideous color on his face, walked towards Chen Feng, rubbed his fists together, and made a burst of noise.

He looked down at Chen Feng and shouted ferociously: "Untouchable, I think you are impatient with your life. You dare to insult me? I'll teach you a lesson!"

The guards next to him all smiled and laughed, and one of them said: "Old Qi, do it lightly."

"Looking at the untouchables looking weak and involuntary, he is not a strong one. Don't break him directly with this punch."

"Yes," said another guard jokingly: "It doesn't matter if you kill him. Under our hands, dozens of people die every year, but it makes the entrance of the mansion bloody, but it is not good. Maybe it will Be blamed by the manager!"

The old seven laughed and said: "Okay, then I will abolish him, then throw him into the prison, and then tortured him to death."

"Don't worry, I have learned several methods recently, enough to make him suffer, but it won't bleed any blood on the surface!" *nOvElsB.cOM*

With that, he walked up to Chen Feng and said coldly, "Untouchable, how are you going to die?"

Chen Feng looked at him, smiled and said, "That's how you think you can easily kill me, right?"

The silver armor guard laughed: "Of course, what strength can you untouchable have? I am a master of the Ninth Peak of Soul, and of course I can teach you to kill easily!"

Chen Feng slowly shook his head, feeling extremely ridiculous in his heart.

This person is nothing more than the strength of Nine Soul Nine Layers. Compared with his own, they can be said to be a huge difference. Their strength is so low that they can't see their strength at all, but feel that they can deal with themselves.

Chen Feng's eyes were cold, he had never had a good impression of Yuwen's family, and now, the actions of the Yuwen's guards made Chen Feng clear about their virtues. "

He has decided that if this guard dared to attack him, he would directly kill people so that they could see how powerful they were.

And when the guard was about to act on Chen Feng, suddenly, a cold shout came from behind him: "Don't act here, just drive him away, forget what big day is today?"

The person who was speaking was a 40-year-old golden armor guard, who was clearly their leader.

[Chapter 1445: Fed up](#)

The golden guard pointed to the distance and said:

"A few more young talents who participated in this competition are here. They are the distinguished guests of our Yuwen's house. Don't clashed in front of the mansion and let the distinguished guests read the jokes!"

"Yes!" The silver armored guard who wanted to deal with Chen Feng quickly responded respectfully, and then he whispered at Chen Feng:

"Untouchable, you are lucky this time, you can escape, don't you hurry to get out?"

Chen Feng stared at him coldly and said lightly: "Apologize!"

"What? You asked me to apologize?" The silver armor guard showed a strange look on his face, thinking that Chen Feng's words were really funny.

The leader of the golden armored guard wrinkled his brows, his face showed a touch of impatientness, his face was arrogant and cold, and he shouted at Chen Feng: "Didn't you hear it? Get out of here! Are you shameless?"

While talking, the three young people had already arrived at the gate of the mansion.

These three young people are all dressed in luxurious clothes, with very powerful magical instruments on many parts of their bodies. Their aura fluctuates, and each of them has noble temperament. Obviously, their identities are quite unusual.

The golden armored guard leader ignored Chen Feng and hurriedly greeted him.

The silver armored guards also greeted them one after another. At this time, they had disappeared from the arrogance they had just faced Chen Feng at that time, but turned into flattery with all their faces.

The commander of the golden armor guards said respectfully: "Zhou, Prince, and Zheng, are you three here? Please, please, please inside!"

"My eldest lady has been waiting in there for a long time, and when the three of them come together, they will definitely be brilliant, and this time martial arts exchanges have added a lot of luster."

His words were very pleasing, and the corners of the three princes' lips were smiling.

One of them was 27 or 18 years old, a handsome and thin-looking young man. He stretched out his folding fan and made a look that he thought was very chic and romantic.

He laughed and said: "I heard that Miss Yuwen's family hosted today. When Miss Yuwen's family was fourteen years old, she appeared in front of many rich and powerful figures in Wuyang City, she was a stunning Quartet and was known as one of the four great beauties of Daqin. ."

"But it's a pity that I have been in retreat afterwards. We only left the customs today. We can see such a peerless face the first time. It is really lucky."

He smiled slightly and said, "This time. You have to ask Miss Yuwen for more advice."

The commander of the golden armor guards laughed and said, "Master Zheng is the dragon among the people. He is handsome and unrestrained. I think our eldest lady will definitely look at you with special eyes."

The other two princes and Zhou princes were also very flattering to Zheng, and they were saying things to please.

Zhou Wu and Zheng Wang plus Yuwen, these are the five great families of the Great Qin Kingdom.

Among the five great families, the Yuwen family and the Zheng family are of the same level, while the Zhou family and the Wu family and the Wang family are closer.

Therefore, they are all very fond of Young Master Zheng. Young Master Zheng is full of complacency, shaking his folding fan, and looks arrogant.

They were about to go in, when suddenly the skinny prince frowned and glanced at Chen Feng, then let out a laugh of disdain, and said to the leader of the golden armor:

"What's the matter? Your Yuwen family is also one of the five great families, why are so unruly? This is a pariah, and even let him stay at the gate of the mansion. This is simply a humiliation to the Yuwen family."

The leader of the Golden Armor guard felt that he was greatly ashamed, and immediately screamed at Chen Feng: "Untouchables, don't you hurry up? I really want to kill people if I stay here again!"

Chen Feng looked at them and said lightly: "I was invited to participate in this martial arts competition."

"What?" After Chen Feng said these words, there was a moment of silence outside the gate.

Then the next moment, everyone laughed, and the laughter was full of disdain, and they all laughed forward and backward, as if what Chen Feng said was extremely ridiculous.

"Hahahaha, what did I hear? He actually said that he was here for this competition, haha!"

"This pariah is crazy, right? He can say such things?"

"The Yuwen family will only invite powerful young talents to discuss martial arts, and such a low-powered pariah is worthy of being invited to participate?"

"Hey, what can I say to such an untouchable lunatic? Just scrap him and finish."

The prince came to Chen Feng, looked at him up and down, and said jokingly: "Untouchables, you said you were invited to participate in this competition, do you have an invitation letter?"

Chen Feng nodded and said, "Of course there is."

"Oh, pretending to look like it!" The prince didn't believe it at all, he smiled, turned around, and said to everyone: "Have you heard? He actually said he has an invitation letter?"

He pointed at Chen Feng and said jokingly: "Then you take out the invitation letter for us to have a look."

Chen Feng said lightly: "What if I have an invitation letter?"

"If you have an invitation letter, then I will eat it!" Prince Wang smiled disdainfully.

A smile appeared at the corner of Chen Feng's mouth, and suddenly something appeared in his hand.

Then, the smile on Prince Wang's face immediately stagnated, and it turned out that it was the invitation letter that appeared in Chen Feng's hand.

The prince uttered an exclamation and said kindly: "It's impossible, why would you have an invitation letter?"

Chen Feng smiled and said, "In fact, I do."

The king's face flushed, and he felt that he had no face.

He became angry and screamed: "Your invitation letter is absolutely forged, untouchable. What is your intention? Where did you stole this invitation letter?"

Chen Feng stared at him with cold eyes: "How can you be sure that I stole this invitation letter?"

"Of course I am sure, how can a pariah like you with low strength be able to get an invitation letter? How is it possible to get an invitation from Yuwen's family?"

He said impatiently: "Quickly explain to the truth, or I will just abolish you!"

Chen Feng's eyes were full of anger, he took a deep breath, feeling that his patience had reached its limit.

Since just now, he has been patient today, but these people are really deceiving people so much that Chen Feng can't bear it anymore.

"Oh? Don't you?" Prince Wang sneered: "Then I will abolish your two legs first, and then abolish your cultivation base!"

Chen Feng laughed loudly, his vigor rose up, and said coldly: "Do you want to abolish me? Okay, let's try it!"

"I want to see, who of us has abolished who!"

Seeing that the two of them were about to do something, the faces of the guards around were joking:

"This pariah really doesn't know the heights of the sky, even we can't beat us, and still want to rival the Prince?"

The other princes also watched this scene indifferently. They all knew that the next moment Chen Feng would be annulled by the prince.

And at this moment, suddenly, a person walked over quickly at the gate. This person was a woman with a pretty face.

After seeing her come out, the guards immediately thumped and fell to the ground, saying: "Miss San."

Chen Feng also looked forward. He turned out to be an acquaintance. It was Yu Wenyan who wanted to humiliate him on the street every day, but was instead humiliated by him!

With a smile on her face, Yue Wenyan said to Master Zheng, "I'm really sorry for the arrival of some distinguished guests, and the younger sister is late."

The prince laughed and said, "Ms. Yuwen III, you are here at the right time. There is a good show to watch. There is a pariah making trouble at the door of your Yuwen's house. I just happened to teach him a lesson for you."

Yu Wenyan followed the voice and saw Chen Feng. At this moment, the expression on her face became extremely exciting.

She was ashamed and hated, and of course, there was the most extreme fear that could not be concealed.

She cried out, "Chen Feng?"

Chen Feng looked at her and smiled slightly: "Miss Yuwen San, don't come close to the moon, don't come here unharmed."

Yu Wenyan gritted her teeth and said coldly: "Thanks to you, I'm having a good time!"

The prince blinked, looked at Yu Wenyan in confusion, and said, "You said he is Chen Feng? Which Chen Feng?"

Yu Wenyan said: "Which Chen Feng could it be? Of course it is the Chen Feng from the Dragon God Hou Mansion who has recently risen to fame!"

"What? He turned out to be Chen Feng? That young handsome Chen Feng from the Dragon God Hou Mansion?" Wang Gongzi's face changed drastically when he heard it.

Looking at Chen Feng's gaze, he was full of extreme jealousy in an instant, stepping back a few steps, far away from Chen Feng, all the arrogance on his face just disappeared.

Chen Feng looked at him, smiled and said, "Yes, Chen Feng is just a small one."

He was smiling, but his eyes were cold.

After hearing the two words Chen Feng, everyone around them suddenly changed their expressions. Now in Wuyang City, how many people have not heard the two words Chen Feng?

Chen Feng, who rises like a comet, is known as the strongest young man in the Dragon God Mansion this year. On the Long Street, he became famous in World War I. Everyone knows that he is extremely powerful.

Those guards were all shocked, and then their faces showed extreme fear.

"It's over, this person turned out to be Chen Feng, that extremely powerful Chen Feng, we were really blind just now, we thought he was an ordinary pariah, and so insulted him!"

"It's over, Chen Feng will definitely not let us go this time, we are all going to die!"

Some people have even shivered with fright, their faces pale.

Chen Feng looked at Yu Wenyan and said lightly: "Yu Wenyan, I participated in this five martial arts competition, and it was your Yuwen family's initiative to invite, but now it seems that you Yuwen family don't welcome me very much!"

Yu Wenyan said in surprise: "How is it possible, what do you mean?"

Chen Feng smiled coldly and said, "Ask what good things these people under your hand have done!"

Yu Wenyan's expression changed immediately, and she asked the guards in a cold voice, "What's wrong? What happened just now?"

The guards looked ugly and scared, and couldn't say a word.

Yu Wenyan screamed: "What's the matter? You guys are talking!"

Chen Feng smiled and said, "I will speak for them!"

"I came here just now, they insulted me as a pariah, and they wanted to abolish me, and they wanted to kill me!"

Yu Wenyan's face became extremely ugly. Believing Chen Feng's words, she obviously knew the virtues of Yuwen's guards.

She forced a smile on her face and said to Chen Feng: "Chen Feng, I will definitely deal with them strictly afterwards."

Chen Feng smiled and said: "You don't need to do it, I can do it myself. I am a person to take revenge, and I never like to fake hands."

As he said, he walked to the few people and said lightly: "Don't you want to abolish it? Don't you want to kill me? Okay, I will treat others in the same way as others."

"Now, you immediately abolish your cultivation base, and I will spare your life, otherwise..."

A bloodthirsty smile appeared at the corner of his mouth: "I have to do it myself and kill you all."

The faces of these guards were desperate, trembling with fear, and their teeth trembled.

Some people even wailed, knelt to the ground, howling and crying, their crotches were already wet, and they were scared to urinate.

The leader of the golden armor guard looked at Yu Wenyan and pleaded, "Miss San, save us!"

Yu Wenyan looked at Chen Feng and said, "Chen Feng, is it okay to give us Yuwen's face?"

"I have already given it, otherwise, I won't come at all today! I'll give you a face, but you Yuwen family don't want it!" Chen Feng's voice was cold.

Then he looked at the guards and said coldly: "I don't want to do it myself, do you? I count down three times. If you still don't do it, I have to do it!"

"Three..." Chen Feng began to count down.

Yu Wenyan shouted sharply: "Chen Feng, don't deceive others too much!"

"two....."

Chen Feng seemed to have not heard Yu Wenyan's words at all.

Yu Wenyan's face was extremely ugly, and Chen Feng finally spit out the last word: "One!"

At this time, several guards gritted their teeth and slapped their dantian with a vicious palm, abolishing their cultivation base, while others did not.

Chen Feng said coldly: "Okay, don't you want to do it yourself? Then I will do it for you!"

As he said, his figure flashed.

Yu Wenyan screamed: "Chen Feng, dare you!"

She flashed in shape and wanted to stop it, but it was too late.

Chen Feng bounced him out with a light palm, and then rushed into the guards.

Pop, pop, pop, everyone only heard a series of explosions and screams.

Then I saw a blood mist among the guards.

Those guards who hadn't abolished their self-cultivation just now were bombarded with blood mist by Chen Feng.

The guards who had been abolished their cultivation base saw this scene and felt extremely grateful. Fortunately, they were acquainted. Otherwise, they would be among the dead now.

Yu Wenyan looked at Chen Feng and nodded: "Okay! Chen Feng, you are ruthless!"

At this time, she calmed down instead, but everyone knew that this matter would not be forgotten.

Chen Feng smiled slightly and said, "If it is not ruthless enough, I can only be humiliated by them today."

Then, Chen Feng suddenly looked at the Prince Wang with a pair of eyes, murderous.

[Chapter 1447: Ate it!](#)

The prince was actually frightened by him and backed away several steps, and he stammered: "Chen, Chen Feng, what are you doing?"

Chen Feng smiled and raised the invitation letter in his hand, and said, "If I remember correctly, someone said just now, if I can show the invitation letter, he will eat it."

"Is it right? Prince Wang!"

"Huh?" The prince was sweating on his forehead, and forced a smile on his face, and said: "Chen Feng, haha, I was joking just now, I was kidding! Yes, I was kidding!"

"Oh? Just kidding?" Chen Feng's face was extremely cold and stern: "I don't think so!"

"Besides, you just said that you want to abolish my cultivation base, I didn't think you were joking!"

With that, he handed the invitation letter in his hand to Prince Wang, and said lightly: "Eat it!"

The Prince's face changed drastically, and he said angrily: "Chen Feng, are you really letting me eat it?"

Chen Feng smiled and said: "It's not true, can it be fake?"

Prince Wang pointed to Chen Feng, and said in his heart: "Chen Feng, I warn you, don't go too far, I am not comparable to those ordinary guards, I am a direct son of the five great families!"

Chen Feng smiled and said, "So what? In my eyes, you don't make any difference, you are all chickens!"

He said coldly: "I still count three times. If you don't eat by yourself, then I will let you eat."

At this time, Young Master Zheng stood up, shook his fan, smiled and said, "Chen Feng, give me a face, let's forget about it!"

Chen Feng looked at him and said coldly: "When he was about to abolish me just now, why didn't you say that I was saving face?"

He suddenly chuckled and jokingly said, "I want to give you this face, but I'm sorry, you are here with me and you don't have any face!"

He suddenly raised his pitch and roared: "What are you!"

Zheng Gongzi was so humiliated by him, his face flushed immediately.

Chen Feng looked at Prince Wang and slowly said, "Three, two..."

Wang Gongzi's face flushed red. Finally, Chen Feng counted out one, and then his figure flashed and went directly to Wang Gongzi. Wang Gongzi tried hard to resist, but under Chen Feng, he was no different from those guards. .

The meridians on his body were directly sealed by Chen Feng, and then Chen Feng directly pinched his cheek, pressing hard, his mouth opened involuntarily.

Chen Feng smiled slightly and stuffed the invitation letter directly into his mouth.

The prince's face was extremely shameful, and there was a cry in his throat, but there was no resistance at all.

Chen Feng stuffed all the invitation letters into his mouth, then smiled coldly, clicked, closed his mouth, stretched out his hand, and unlocked his meridians.

The prince yelled, bending over to vomit.

Chen Feng said coldly at this time: "If you dare to vomit, I will let you eat it again."

The prince's figure stopped immediately, paused there, his face was uncertain, and he said nothing.

But in the end, he still didn't dare to spit it out.

Chen Feng patted his face, smiled and said, "It's so good, that's right!"

Then he turned and laughed and walked into Yuwen's house.

Said to Yu Wenyan: "Let's go, lead the way!"

Yu Wenyan cursed in her heart: "What do you think of me? Is the maid leading the way?"

But she didn't dare to defy Chen Feng's will, obediently leading the way, she was also frightened by Chen Feng.

Behind Chen Feng, the princes looked at his back, their faces were extremely resentful.

Soon, Chen Feng came to the back garden of Yuwen's house.

The back garden of Yuwen's house is very large, with mountains and water. At this time, there are many tables and chairs on a cliff near the lake, and several people are already there.

Chen Feng slowly walked over, only to see seven or eight small tables placed face to face on the cliff.

Behind the small table is the details of kneeling sitting, and above the main seat, there is a guqin.

A woman was sitting there, gently stroking the piano, the sound of the piano was melodious, quite pleasing to the ears. The woman was wearing a white dress and a veil, and she couldn't see her looks clearly.

But she is so beautiful, she should be a very good beauty.

The sound of the piano is pleasing and melodious, quite ancient, but after hearing it himself, Chen Feng felt that the martial arts gods in his body seemed to be flowing quietly.

The inner pill also automatically moved with the sound of the piano, slowly rotating in the dantian.

Chen Feng was suddenly shocked. This woman seemed to have the sound of the piano as her weapon. Her martial arts were half of the sound of the piano. It was the sound of the piano alone that could make her martial arts gods respond.

This woman is absolutely outstanding!

The woman's position is facing north and south, and there are five seats on each side of her.

At this time, among the ten seats, there were already five people sitting down. All five of them were extremely luxurious in their clothes, and they were also quite powerful. They were obviously from the top five families.

They knelt and sat behind the small table, shaking their heads one by one, listening to the sound of the piano, they were obviously very intoxicated and immersed in it.

In Chen Feng's eyes, they found it ridiculous. These five people were obviously pretending. They didn't know anything about the sound of the piano, and couldn't even hear the essence of it.

They are like this, just to prove that they can understand, or to please the woman in white.

Suddenly, the white-clothed woman's hand lightly hooked, and with a loud noise, an extremely high-pitched syllable burst out.

All five of them were suddenly startled, their faces flushed, and a few low-powered guards next to them even gave a wow, and a mouthful of blood came out.

Chen Feng also felt his heart beat violently, as if being held by someone's hand!

Chen Feng was horrified: "The sound of the piano is indeed her weapon. This syllable is the end of the lyrics and music, and it is also a powerful move!"

The woman in white slowly retracted her hands, looked at everyone, smiled and said, "Everyone, how about this song?"

"Excellent, wonderful!" A purple-robed young man shook his head and said: "There is a saying that can be used to describe this song, how to say..."

He held back for a long time, and finally did not hold back anything. He hurriedly clapped like a cover, haha smiled and said, "It's always a word, wonderful!"

Behind Chen Feng, Yu Wenyan showed a disdainful smile at the corner of her mouth, and whispered to herself: "What a silly bag."

As soon as the purple-robed young man's voice fell, there was a roar of laughter at the scene. A green-robed youth laughed and said: "Okay, Wang Chiyuan, if you can't think of it, you can't think of it. Don't pretend here. Do you know your details?"

"Hahahaha..." Everyone burst into laughter.

A young man wearing a black robe with a stern face shook his head slightly and said, "Wang Chiyuan, read more books when I go back, otherwise, it would be a shame to our five great families."

[Chapter 1448: Take the veil for you](#)

Obviously Wang Chiyuan was extremely convinced by the black-robed youth, and he nodded respectfully and said: "Brother Zheng, I understand, I will study behind closed doors when I return."

Then Big Brother Zheng nodded slightly. He looked at the woman in white and smiled and said: "The lyrics are elegant, but high-pitched, beautiful, with a battlefield atmosphere."

"Presumably, this is ancient lyrics and music, Dongting San!"

"Girl Yuwen, you can integrate it into martial arts. Between the lines and between the lines, each syllable can form a deep murderous intent. If it wasn't for us just now, I'm afraid that now, everyone in the room can be the only one standing here. , And only me."

He applauded and nodded and said, "Girl Yuwen is a great talent!"

The white-clothed woman looked at him with a look of surprise on her face, and said with a smile: "The young man Zheng is like a candle, and he can see through the little girl at a glance. That is the real cleverness."

"Yes, this song is Dongting San. Speaking of it, Dongting San is also related to you. Doesn't your name contain the word Dongting?"

Master Zheng was taken aback for a moment, then he laughed.

It turned out that this person was Zheng Dongting, the eldest son of the first-in-law of the five great families. At the same time, he was also known as the top master of the young generation of the five great families.

At this time, a clear voice suddenly came from the side: "This song should only be found in the sky. How many times can the world hear it!"

Everyone was shocked when he said this.

Zheng Dongting was taken aback for a moment, then he clapped and said loudly: "Okay, okay! A good word with a good song, this word is wonderful, such an excellent word and sentence can not shame the Yuwen girl's Dongting San! "

"Who has such a talent?"

He turned his head and saw Chen Feng, his face was suddenly surprised. He didn't expect that it was a young man wearing such an ordinary green robe who said this.

The girl Yuwen saw Chen Feng with a complex look in her eyes, but she smiled slightly and said, "This one, it must be Chen Feng, Master Chen!"

"What? He is Chen Feng?" Everyone was surprised when they heard these two words.

Immediately, everyone's gaze fell on Chen Feng's face.

Chen Feng smiled and nodded.

The gazes that everyone looked at him were extremely complicated, with disdain, contempt, and jealousy.

Among the five princes of the five great families, except for Zheng Dongting, the other four people looked at him with disdain and contempt.

Wang Chiyuan gave a weird cry, pointed at Chen Feng and said, "You untouchable, you really don't know the etiquette. It's shameful to attend such a banquet to wear such rags!"

The young man next to him smiled and said: "Wang Chiyuan, you are too demanding of this untouchable. For a poor man like him, I am afraid this is his most valuable piece of clothing!"

"Could it be possible that you still want him to wear such gorgeous and expensive clothes like us?"

Wang Chiyuan patted his head, pretending to be annoyed, and said with a smile: "Yes, Zhou Chuang, what you reminded is, haha, I punished three cups and three cups!"

With that, he picked up the wine glass and drank three glasses in a row.

In addition, both of them looked at Chen Feng with joking expressions and ridicules.

And Chen Feng didn't even bother to look at them at all.

Girl Yuwen frowned, took a look at them, then looked at Chen Feng, smiled and said, "Young Master Chen Feng said it is really good."

"This song should only be found in the heavens. It's hard to hear a few times in the world. It is indeed a false praise to the little girl."

She hurried forward, and actually took off the silk scarf from her face.

The moment she took off her veil, everyone present took a breath of breath, and looked at her with an amazing look on her eyes. They looked obsessed with her.

There is no other reason, this girl Yuwen looks really beautiful.

It was indescribable, I only felt that she had taken off her veil and her face appeared, and even the beauty of the lake and mountains had lost her brilliance out of thin air.

He has taken up the most dazzling things in the world.

Chen Feng shook his head and exclaimed in his heart. He deserves to be recognized as one of the four beauties of Da Qin.

The number of beautiful women that Chen Feng has seen is already very large. Han Yu'er, Shen Yanbing, Luo Zilan and others before the disfigurement are all stunning.

But in terms of looks, they are far inferior to the Yuwen girl in front of them!

Girl Yuwen walked up to Chen Feng, then smiled at Chen Feng and said, "My name is Yuwenzhen, and the son can call me Zhener."

"The little girl made an oath four years ago that if no one can describe the subtlety of my Dongting San in a good sentence, she will not take this veil off for life."

"Now, Master Chen Feng, you did it."

She looked at Chen Feng with a smile, her eyes shining.

And hearing these words from her, only the expression on Zheng Dongting's face did not change, and the faces of the other four were full of furious expressions.

Especially Wang Chiyuan, patted the table, and shouted: "Wu Wenzhen, what do you mean?"

"Chen Feng, a pariah, is far from our status. The average nobleman can't match it, let alone our five great families. You didn't take off the veil for us, but you did it for him. You are humiliating us!"

Yu Wenzhen looked at them and said lightly: "Prince Prince, Chen Feng is the distinguished guest I invited. Please don't call him like a pariah."

Then, she smiled slightly and said, "Master Chen Feng, please sit in."

Chen Feng nodded slightly, and had a good impression of her, feeling that she was different from the rest of Yuwen's family.

The prince rolled his eyes, and suddenly he smiled, winking.

Suddenly, the five guards under his staff understood, and went directly to the five seats and sat down, occupying all the empty seats.

Then Wang Chiyuan laughed and said, "Chen Feng, unfortunately, there seems to be no seats now. I don't know where you are sitting?"

"Otherwise, you can just stand by the side, after all, in front of us nobles, you, a pariah, have a place to stand, you should feel very honored!"

His voice was full of contempt and disdain for Chen Feng.

They sat and let Chen Feng stand, making it clear that they were humiliating Chen Feng.

Chen Feng smiled and looked at him, and said softly: "Prince Wang, right? Very unfortunate, I have a problem with this person."

Wang Chiyuan was taken aback: "What's wrong?"

Chen Feng smiled coldly: "That is, whoever dares to take my position, I will let him use his life to exchange it!"

After speaking, Chen Feng smiled coldly and took five palms one after another.

Boom boom boom, shoot at the five guards, and the five guards quickly resisted, but are they Chen Feng's opponents?

Bang Bang Bang, they were directly hit by Chen Feng, and the five of them exploded immediately, leaving no flesh.

Then Chen Feng flicked his sleeves, and a headwind blew directly away the blood mist.

[Chapter 1449: You can no longer speak!](#)

He smiled and said to Yu Wenzhen: "Girl Yuwen, I won't let it stain the blood of these filthy things in this elegant place."

Everyone was stunned, and no one thought that Chen Feng would disagree and directly killed someone.

Such a thunderous method, so violent.

After a moment, the prince froze, and shouted sharply: "You untouchable, you are so brave, how dare you kill my men?"

Chen Feng suddenly looked cold, stared at him, and sternly shouted: "The surname is Wang, you dare to say something untouchable, believe it or not, I will make you unable to speak for the rest of your life!"

Wang Chiyuan didn't believe it at all, and laughed arrogantly, "You dare to threaten me, you untouchable trash?"

"Do you think that killing a few guards is great? Tell you, you can't be my opponent at all, I want to abolish you, easily! Do you dare to provoke me?"

Chen Feng sneered: "Really?"

Suddenly, his figure flashed, and he directly attacked the prince, and the Dragon Sword slashed fiercely.

Feeling the majestic momentum, Prince Wang quickly resisted.

Chen Feng fell with a knife, he was beaten and vomited blood, and he retreated several steps.

Chen Feng was unreasonable, forward again and again with a slash, he was shaken back ten steps again.

Chen Feng hacked out nine knives one after another, and he was shocked almost to the edge of the cliff, spurting blood, his body was severely injured, his face was pale, and his body was already broken in many places.

Chen Feng punched his throat directly, not killing him, but shattering his throat.

Wang Chiyuan fell to the ground, clutching his throat, and uttered a scream, but he couldn't say a word!

Chen Feng looked at him with a smile, and said lightly: "I said, I want you to be unable to say a word for the rest of your life!"

Wang Chiyuan was rolling on the ground in pain, and everyone around him looked ugly, but no one dared to attack Chen Feng.

The other sons who provoked Chen Feng just now showed fear and fear on their faces, and they didn't even dare to collide with Chen Feng.

They said to themselves: "It turns out that Chen Feng's strength is so powerful. We thought it was a rumor before!"

"Chen Feng, a pariah, at such a young age, how can he have such a strong strength? Wang Chiyuan is also considered a strong among us, and he was so easily seriously injured by him!"

"It seems that we were very unwise to provoke him before!"

And Yu Wenzhen took a deep look at Chen Feng, and said softly in his heart: "Chen Feng really is as fierce and fierce as the rumors, it seems that you can never use strong means against him."

She waved her hand and said: "The Prince is already injured, and he will automatically withdraw from this martial arts competition among the five great families. You will bring him down for healing."

"Yes." Several guards came over and carried Wang Chiyuan down.

At this time, the princes of the five great families who met Chen Feng at the gate of the mansion just rushed over.

Seeing a pool of blood on the ground, they asked in amazement, "What's the matter?"

Someone recounted what had just happened, and these princes said to their family members one after another: "This Chen Feng is not easy to mess with. We have already seen it at the gate of the mansion just now."

The young princes who came early cursed in a low voice: "Damn, you guys are here so late, what the **** do you still say these things now?"

All of them looked at Chen Feng with a deep look of fear.

Only Zheng Dongting looked at Chen Feng, his eyes still calm, just a bit more speculation and scrutiny.

Everyone has arrived, Yu Wenzhen looked at them, smiled and said, "Everyone, since everyone is here, let's start now!"

"This time, the young generations of the five major families will learn about martial arts, and it has officially begun. Thank you for not dismissing it. The younger sister is the host of this competition."

She smiled and said: "We have a long history of competitions between the five great families, and it lasts for thousands of years. The most outstanding young talents from the five great families will participate to verify the progress of martial arts and encourage each other."

"During the competition, you can freely challenge, and the person being challenged cannot refuse, but when fighting, you should stop at your fingertips and never intentionally kill your opponent!"

"Okay, don't gossip, now it is officially started. If you want to challenge, you can now name it."

Everyone looked at each other, but no one stood up.

Suddenly everyone felt a little disheartened. Originally, they all came here with excitement and prepared to show off their skills, but now no one wants to move.

Because Chen Feng's performance just now was so amazing, their strength is far inferior to Chen Feng, and they are both older than Chen Feng.

If you challenge now, the demonstrated strength must be inferior to Chen Feng. With Chen Feng Fengzhuyu in front, they can only take their own humiliation.

Therefore, no one wants to do it.

There was a stalemate for a whole cup of tea, and no one spoke.

In this dead silence, suddenly, Zheng Dongting stood up, looked at Chen Feng, smiled and said, "Chen Feng, are you interested in fighting with me?"

As soon as I saw this scene, the dead silence atmosphere immediately became active.

The children of the five great families became very excited, looking at them with anticipation one by one.

Chen Feng stood up, only spit out one word: "Okay!"

When Chen Feng agreed to this competition, the children of the five great families immediately became excited, their eyes lit up.

"Oh, Chen Feng actually agreed to Zheng Dongting's challenge. Guess who Chen Feng and Zheng Dongting will win?"

"I guess it should be Zheng Dongting. Although Chen Feng has risen to fame and strength, Zheng Dongting, who is known as the strongest of the young generation among our five great families, has the strength of the sixth peak of the Martial Sovereign Realm. Can easily defeat Chen Feng."

"Yes, I am more optimistic about Zheng Dongting."

These aristocratic children talked a lot, and they all looked down upon Chen Feng.

And the prince who was humiliated by Chen Feng at the gate of the mansion before, shouted excitedly: "Brother Zheng, abolish this untouchable!"

He just learned that Wang Chiyuan had been smashed by Chen Feng, and he should have been unable to speak for the rest of his life. He and Wang Chiyuan were brothers, so he hated Chen Feng to the extreme at this time.

Chen Feng suddenly turned around, looked at him, and said coldly, "Do you want to end up with your brother?"

Suddenly, the prince was frightened and dared not say a word.

Seeing his embarrassment, Chen Feng smiled disdainfully: "Trash one."

Only Yu Wenzhen shook her head slowly and whispered in her heart: "Zheng Dongting shouldn't be Chen Feng's opponent."

Chen Feng and Zheng Dongting stood opposite each other, and Chen Feng stretched out his hand: "Please!"

[Chapter 1450: Let's go together, I'm in a hurry](#)

Zheng Dongting nodded and did not decline, and suddenly roared, behind him, a huge lion dance spirit suddenly appeared.

This mad lion spirit is hundreds of meters high, standing proudly beside the peak, almost the same size as the peak.

Everyone was shocked, Zheng Dongting used Wuhun in the first place.

Obviously, he highly valued Chen Feng's opponent, and tried his best as soon as he came up.

His martial soul roared, and Zheng Dongting also let out a roar like a lion's roar. The true essence was mixed with the martial arts gods and gushed out.

Obviously, although his realm is higher, his true essence has not yet fully transformed into martial arts gods.

In front of his body, a huge angry lion hundreds of meters high formed, biting at Chen Feng fiercely.

The breath in his mouth whirled, sending out a strong suction force, as if he was about to **** Chen Feng in and break it alive.

There was a huge suction force, and some people even couldn't stand still, and said in amazement: "This trick is so powerful!"

Chen Feng smiled slightly, tapped out his hands one after another, swiftly, and pointed out a dozen fingers.

Suddenly, dozens of silent thunder broken star fingers fell on this huge mad lion.

The thunder broken star hit it silently, like a clay cow into the water, without the slightest waves.

The prince laughed loudly and disdainfully: "Untouchables, what kind of offensive did you strike out? It's soft! Are you a bitch?"

He was very proud, thinking that Chen Feng could not deal with Zheng Dongting at all, and now he was not afraid of Chen Feng, so he dared to laugh at him loudly.

But the next moment, the smile on his face solidified, and his mouth was dumbfounded, with a look of disbelief.

Because, after the dozens of seemingly insignificant offensives hit it, I saw a sneer, and countless currents burst out on the huge lion in a flash, and there seemed to be countless tiny thunders on it. Wander above.

Then the next moment, this mad lion was directly broken, extinguished, and disappeared without a trace.

This was almost a move that Zheng Dongting made with all his strength, and Chen Feng's cracking was so easy, he was immediately backlashed, and a big mouthful of blood spurted out.

The mad lion spirit behind him also screamed and disappeared directly.

Zheng Dongting stepped back one after another, looking at Chen Feng, with a shocked expression on his face: "You have such a powerful strength?"

Chen Feng smiled and said, "Accept."

Zheng Dongting gave a wry smile: "Chen Feng, you are very powerful, I am ashamed."

With that, he took two steps backwards, returned to his seat and sat down.

The children of the aristocracy looked at Chen Feng as if they were looking at a monster.

Among the five great families, the first person in the younger generation was easily defeated by Chen Feng with just one move. Chen Feng's strength was too terrifying!

They didn't know that at this time, Chen Feng, the fourth peak of the Martial King realm, already had a strength comparable to the seventh of the Martial King realm.

Chen Feng smiled and looked at the crowd, and said lightly: "Do you still want to challenge? Hurry up together, I'm in a hurry!"

The faces of several aristocratic children showed humiliation. Chen Feng was insulting them greatly, but they had nothing to do.

Seeing the blue and white on their faces, Chen Feng laughed and said: "Just now, aren't you still very arrogant and mad? Why don't you talk now?"

"Come on, I'll let the eight of you go together, dare you?"

These people looked at each other, and their eyes were filled with emotions. The prince yelled, "Chen Feng, are you serious about this?"

When I asked this question, the guards and maids around them all showed disdain.

These children from the noble family, but they acted so shamelessly that they really wanted to fight in groups.

Chen Feng said lightly: "Of course it is true!"

"Okay! Then don't regret it!" Prince Wang suddenly got up, and several other people also stood up. In addition to Zheng Dongting, the other eight people surrounded Chen Feng in a group.

There were grinning smiles on their faces, and the prince chuckled and said: "Chen Feng, you are just looking for death."

"I admit that you are very strong. No one will be your opponent if you fight alone, but unfortunately, that's just a fight alone. Now that the eight of us deal with you alone, you have absolutely no chance of winning!"

"You will definitely die today!"

He roared ferociously: "Do it!"

With that, the eight people rushed toward Chen Feng together, using their strongest moves.

The eyes of all eight of them were extremely excited, as if they had seen the scene where Chen Feng was killed.

They all hated Chen Feng so much that they could not wait to kill him right now. This untouchable person really gave them too much humiliation.

Chen Feng laughed loudly: "It's just a group of chickens and dogs, even if there are hundreds more, how can I be afraid?"

As he said, his palms shot out one after another, booming, and there was a violent explosion, and seven or eight screams sounded one after another.

Chen Feng stood still on the spot, and the eight people who besieged him were all shaken out by several tens of meters, fell heavily to the ground, vomiting blood, and seriously injured.

one move! With just one move, Chen Feng actually severely injured all eight masters!

All the onlookers were stunned, and the faces of Wang Gongzi and others also showed disbelief.

At this time, they looked at Chen Feng, and they were even full of despair: "This person is really too strong! None of them are opponents together, and there is no hope of victory."

And at this time, a sneer suddenly came: "What broke the five great families, was so easily defeated by a pariah from outside, you guys, you really lost the face of the five great families."

This rough voice came, and the children of the five great families were shocked and angry, looking in the direction of the sound.

I saw a thick and sturdy man flying over here quickly, and then slammed on the cliff.

The whole mountain trembled violently!

The strength of this big man is obviously extremely tyrannical. This is a sturdy man who is two and a half meters tall, with a bald head, a hideous look, a scar, extending from his chin to the back of his head, like a centipede entrenched in his. On the face, he added a bit fiercely.

Originally received such ridicule, the faces of the aristocratic children all showed anger, but at this time, after seeing the appearance of this big man, all of them shuddered.

Not only did he dare not get angry, but he showed extreme fear.

The Prince trembling said: "Feng, Feng Erye, why are you here?"

This Second Master Feng touched his huge bald head and grinned: "I heard that you have fun here to watch, of course I have to come and see!"

Yuwenzhen smiled slightly and said: "It turns out to be the second son of the Huohou family, the wind is like the fire and the second master, and the guests come here, and Pengxun is brilliant."
