

Peerless 1451

[Chapter 1451: Fierce battle](#)

Feng Ruhuo looked at Yu Wenzhen, with an extremely greedy color in his eyes. With that kind of feeling, I wanted to take Yu Wenzhen off.

Yu Wenzhen frowned slightly, revealing a hint of unhappy, but then, the unpleasant color disappeared.

The wind is like a fire and laughed: "Girl Yuwen is really beautiful and well-deserved."

Suddenly, the prince had an idea, and he hurriedly flattered and said to the second master Feng: "Second master Feng, you are here, you have to call the shots for us!"

He pointed to Chen Feng and said: "This pariah relies on his own strength, so he doesn't put our nobles in his eyes at all. Just now he was talking about it, Feng Erye, you must teach him a lesson!"

Feng Ruhuo did not answer, but looked at Chen Feng. His eyes were full of arrogance and condescending, like a human being looking down at an ant, as if he could decide Chen Feng's fate at any time.

Chen Feng hated this look very much.

Suddenly, the wind burst into flames and laughed, and said, "You rubbish, it's true that you haven't made much progress. They were labeled as such."

"But after all, you and I are also nobles. I will never allow the nobles to be humiliated by such a pariah. Don't worry, I will vent your anger for you."

When the children of the aristocratic family heard it, they all showed ecstasy!

"Haha, as long as Second Master Feng is willing to vent our anger, Chen Feng, this kid, will be over!"

"Yes, Feng Erye is a seven-tier master of the Martial Sovereign Realm. He is extremely powerful. He has commanded his troops from an early age and fought against foreign races in the desert. He has extremely rich combat experience. The strong men killed in the sea of blood are even more powerful. In his realm, Chen Feng absolutely cannot be his opponent!"

"Yes, in terms of experience and strength, they are all a few big levels away!"

Each of them was extremely excited, watching the wind like fire with extreme excitement, feeling that he would directly kill Chen Feng in the next moment.

Feng Ruhuo looked at Chen Feng and said grimly: "Little boy, you choose a way of death."

"Oh?" Chen Feng asked with interest: "What's your way to die here?"

"Several ways to die!"

"You can choose to let me screw your head off, or you can choose to let me dig out your heart alive, of course you can also be torn into countless pieces by me!"

Feng Ruhuo licked his lips, a bloodthirsty look appeared on his face: "My favorite is the third way of killing. I don't know how many foreign dog **** are killed by me in the desert!"

"Oh? Really?" Chen Feng said with a sneer: "Since you like this way of killing people so much, then I will abolish you like this later!"

"What?" Feng Ruhuo didn't turn around for a while, and was stunned.

In the next moment, he understood what Chen Feng meant, and his face immediately became extremely cold, and he let out a big laugh with disdain:

"Haha, boy, you are so arrogant that you thought you could defeat me?"

Chen Feng nodded: "Of course!"

"Hahaha," Feng Ruhuo turned around, looked at the Prince and the others, and said, "Do you hear clearly what this untouchable said?"

The faces of Wang Gongzi and others all showed mockery: "Chen Feng, you are too arrogant, you dare to say that you can defeat the second master Feng? Do you know how strong the second master is?"

"You sit on the well and watch the sky, an unseen pariah!"

"Haha, he can't be blamed. After all, he is from such a bad background. He has never seen a master. He always thinks that he is number one in the world. In fact, he has never seen anything."

"Have you heard?" Feng Ruhuo stared at Chen Feng and said with a sneer: "Who do you think will take what you just said seriously?"

Chen Feng smiled and said: "A bunch of dogs are messing around here, I don't understand what they are saying."

Feng Ruhuo stared at him coldly: "Okay, Chen Feng! Since you want to die so much, then I will fulfill you!"

As he said, he roared and rushed forward.

The entire popularity rose to the sky, extremely powerful, looking like a mountain rushing towards Chen Feng at a high speed.

He dashed forward while waving his weapon. It was a huge copper hammer, even more than twice the size of Chen Feng's Dragon Slaying Knife, even if it weighed hundreds of thousands of catties.

With each hammer swing, a blazing lightning formed in the air, extremely huge, and struck Chen Feng.

He slammed a dozen hammers one after another, and slammed dozens of blazing lightning.

These two dozen lightning chains, surrounded by raging flames, smashed towards Chen Feng fiercely.

Chen Feng laughed: "It turns out that you also play lightning, right? Okay, let's see who plays better!"

With that, Chen Feng let out a violent roar, and the thunder rushed into the sky to break the stars, and directly activated.

Three thunderclouds formed, and nine thunder pillars smashed down, fiercely blasting on the dozens of blazing lightning.

It's all lightning, except that Chen Feng's mixed with thunder pillars, and the mixed with wind like fire is raging fire.

The two collided fiercely, Caracalla, a burst of electric lights flashed, and the white light in the sky shone like the sun, so bright that everyone couldn't open their eyes.

In the next moment, dozens of lightning chains that were like fire were extinguished and disappeared without a trace.

However, Chen Feng's nine thunder pillars were still extremely strong, blasting toward the wind fiercely.

With a bang, the wind was like a fire that was smashed for hundreds of meters, his body was scorched, his hair exploded, and his clothes were turned into pieces and fell into pieces.

He landed heavily on the ground, backed more than a dozen steps, and only suffered a slight injury, with bleeding from the corners of his mouth!

Chen Feng's heart was stunned. This person is also the seventh-tier of Martial Sovereign Realm. Although his aura is far from Shangguan Yunxiang, he should not be underestimated.

The thunder rushed into the sky and broke the stars, only slightly hurting him.

Feng Ruhuo wiped the blood from the corner of his mouth, looked at Chen Feng, and said grimly: "Very well, kid, I didn't expect you to be so strong, you can still hurt me."

"But the more this happens, the more it will arouse my fighting blood. I didn't use my full strength just now, and now, I have to do my best!"

With that, the Martial Soul suddenly appeared behind him, and Chen Feng suddenly saw that the Martial Soul behind him was very familiar.

It turned out that his martial soul turned out to be a great Asura, and it was a misunderstanding with Yongxi, the prefect of Yongzhou.

However, his Great Asura Martial Spirit was obviously much larger than Yong Xi's, which was more than 500 meters tall.

Compared with Yongxi's Great Asura, his Great Asura spirit is full of blood and killing, without the slightest Buddha nature, but full of demonic nature.

This great Asura martial arts spirit suddenly opened his eyes, roaring violently at Chen Feng, his eyes full of bloodthirsty and murderous intent.

And with the appearance of the Great Asura Martial Spirit, two extremely hot silver rays flashed between the heaven and the earth.

[Chapter 1452: Do you need Wuhun to deal with you?](#)

"Silver rays of light! Two rays of silver rays! This turned out to be a second-rank martial soul!"

"It's too rare, it's simply too rare. After a martial spirit reaches the ground level, it is extremely difficult to improve. Usually, most of the martial arts powerhouses will stay at the first rank of the ground level, or even the mysterious realm, and then they will not advance. ."

"Yes, and this will greatly affect the speed of their breakthroughs, but most of the martial artists will be like this. After reaching the Martial King realm, the martial soul is very difficult to improve, unless there is a great opportunity, or it is extremely devoured. Only a rare and powerful elixir can improve so little."

"It is said that this may be the limitation of the heavens on human warriors!"

"The wind-like fire martial soul turned out to be the second-ranking rank, it's incredible!"

All the onlookers exclaimed!

"At this moment, Feng Ruhuo used his Martial Spirit, and Chen Feng is absolutely impossible to be an opponent!"

"Yes, this time Chen Feng is doomed to escape!"

Feng Ruhuo looked at Chen Feng, very proud, he laughed and said, "Have you seen? My martial arts is a second-tier, do you have one? Do you have such a powerful martial arts?"

Chen Feng smiled slightly and said proudly, "Does Wuhun need to deal with you?"

This sentence almost suffocated the wind to death!

He pointed to Chen Feng and said, "Okay, good boy, you are great, you have a kind!"

"Now, you go to die!"

With that said, he actually rushed towards Chen Feng madly, and his Great Asura Martial Soul was directly brushed and attached to his body.

Then I saw that Feng Ruhuo's body was constantly growing crazily, turning into a giant hundreds of meters high in an instant.

His whole body muscles turned into a dark color, like steel casting, piece by piece, extremely exaggerated, shining with a very powerful luster.

The face of the whole person became extremely hideous, just like that big Asura.

A steel fork appeared out of thin air in his hand and stabbed at Chen Feng fiercely!

At this time, I'm afraid that even a mountain can be crushed. At this time, his body height has far exceeded the peak of the cliff.

As a result, he stepped directly into the lake water. The lake water tens of meters deep could only pass his ankle, and his steel fork pierced towards Chen Feng fiercely.

In front of him, Chen Feng was as small as an ant!

Even the entire cliff, the entire mountain, collapsed directly with his blow, and everyone else quickly flew out.

Only Chen Feng stood proudly on a boulder, hung in the air, facing this steel fork, not dodge or avoid, proudly.

He laughed loudly: "Do you want me to die? It's a pity you can't do it! Shooting arrows from the sun!"

With that said, Chen Feng's left hand, the transparent divine light condensed, and the right hand Zhenyuan Dajian was replaced by the martial arts elder sister.

From True Yuan to Martial God Gang, the power of Chen Feng's arrow has increased by at least five times!

The big arrow appeared suddenly, and then he opened his bow to shoot, the big arrow madly wanted to shoot out.

When I first went out, there was no sound, but when it was in the middle of the sky, it was directly like a small sun shining incomparably.

The sun's light became more and more brilliant, and then slammed on the steel fork.

With a loud bang, the shooting arrow method directly disappeared, and the huge steel fork was directly shattered.

After the transformation, the wind was like fire, and the huge body several hundred meters high was actually shocked to take two or three steps back, and then trampled out a lake on the ground!

From the big arrow of the true element to the big arrow of the martial arts god, the power of the sun shooting arrow method has been increased by at least five times. Otherwise, it is impossible to repel the wind like fire!

He roared loudly: "You kid, I didn't expect you to have this trick, then pick me up!"

As he said, another punch came to Chen Feng.

Chen Feng used another arrow to shoot from the sun, and shot out, and another round of small sun appeared violently, and he slammed into it again.

This time, the immense wind was like fire, and it retreated several hundred meters, almost unable to stand firm.

While Chen Feng laughed loudly, another arrow shot out, shooting the third arrow from the sun, violently hitting Feng Ruhuo's body.

This is an arrow from Chen Feng's all-out effort, a bang, a scream like the wind, blood spurted wildly, and his huge body flew straight out, directly wiping out the dozens of courtyards of Yuwen's house on the ground. .

Then, his figure shrank sharply and fell heavily to the ground.

He vomited blood crazily, looked at Chen Feng, and exclaimed in surprise: "How is it possible? Chen Feng! After I transformed, how could it not be your opponent?"

He was furious, and with a wow, another gulp of blood mixed with internal organs spurted out, and he fainted directly.

At this time, Chen Feng was also pale, and he shot three arrows, exhausting all his strength, no more power.

However, Chen Feng should!

A smile appeared at the corner of his mouth: "You have won, I have won! I have defeated this powerful opponent of the Seventh Layer of Martial Sovereign Realm!"

At this time, those aristocratic children were completely scared.

They felt that what they did just now was really ridiculous. They even dared to challenge Chen Feng. They didn't know that when Chen Feng defeated them, he didn't use any real power.

And this is Chen Feng's true strength!

If Chen Feng had just shot like this, they would definitely die!

Several people looked at each other, all seeing a trace of frustration on each other's face.

Chen Feng is obviously much younger than them, but so much stronger than them.

Yu Wenzhen took a deep breath, smiled at Chen Feng and said, "Chen Feng, congratulations."

Then she looked at the crowd and said loudly: "Chen Feng is the number one in this martial arts competition. Anyone of you refuses?"

Of course no one was dissatisfied, and everyone said nothing.

Yu Wenzhen smiled and said, "Well, this year's five great families of martial arts competitions, this is the end, everyone, please come back!"

Everyone left one after another, looking at Chen Feng with scrutiny before leaving.

They had to admit at this time that Chen Feng, the untouchable in their eyes, had already grown into a huge force, and they had to arouse their attention.

When Chen Feng was planning to leave, Yu Wenzhen suddenly smiled and said, "Master Chen Feng, don't worry, as the winner of this martial arts competition, our Yuwen family has specially prepared a generous prize for you!"

"Oh? There are prizes, right?" Chen Feng raised his brows and said with a smile: "Okay, then it would be disrespectful."

Yu Wenzhen smiled and said, "My son, please follow me."

With that, leave here with Chen Feng. All the way to the deepest part of Yuwen's house.

Here is an extremely exquisite garden, with pavilions hidden in the garden, Yu Wenzhen took Chen Feng to a pavilion and walked in.

[Chapter 1453: prize](#)

The three-story pavilion is small in scale, but it is extremely beautiful and elegant.

Yu Wenzhen turned her head and smiled and said, "Master Chen Feng, this is my residence."

Chen Feng's heart was shaken, and Yu Wenzhen brought herself to her residence. What does this mean?

Yu Wenzhen smiled and said, "Master Chen Feng, please wait in the lobby for a while, and I will take out the prize."

Chen Feng nodded and stood in the hall without squinting.

Yu Wenzhen has been in for a long time, and has not yet come out for half an hour.

Chen Feng was a little impatient: "Does it take so long to take a prize?"

Suddenly, Chen Feng heard the sound of small footsteps, coming from the depths of the pavilion, Lianbu moved lightly, and then suddenly, with a sigh, the screen in front of Chen Feng was removed.

The next moment, Chen Feng was stunned.

It turned out that it was Yu Wenzhen who stood in front of Chen Feng at this time.

But at this time, Yu Wenzhen didn't wear any clothes... No, she was wearing a light gauze, but the light gauze is transparent, and there is no difference between wearing it and not wearing it. On the contrary, it adds a bit of temptation. .

Chen Feng couldn't help but his eyes straightened, and he swallowed with a grunt.

I have to admit that Yu Wenzhen is definitely a stunner, this woman not only looks beautiful, but also her figure is perfect to the extreme, and her body is flawless.

"How about, Master Chen, am I pretty?"

At this time, the haughty and clear color on Yu Wenzhen's face disappeared without a trace, but instead brought a strong seduction and seduction.

She looked at Chen Feng, her eyes seemed to have a hook, and she chuckled with a wink.

As she said, she moved forward with a lot of steps, and she stretched out her hand and threw directly into Chen Feng's arms.

She wrapped her arms around Chen Feng's neck, raised her head, looked at Chen Feng, exhaled like blue.

Chen Feng's voice was difficult: "Girl Yuwen, what do you mean?"

"I want to give you a prize!" Yu Wenzhen giggled: "This prize is me!"

"How about, Master Chen Feng, are you satisfied with this prize?"

At this time, Chen Feng's mind suddenly became clear, and he immediately knew that this was wrong.

So Chen Feng suddenly reached out and pushed Yu Wenzhen away.

Chen Feng took two steps back, looked at Yu Wenzhen, and said with awe-inspiring eyes: "Girl Yuwen, what is going on? It's better to make it clear, otherwise, Chen will leave now!"

A look of surprise flashed in Yu Wenzhen's eyes. She did not expect that Chen Feng could be so calm facing her body.

She couldn't help but feel a sense of frustration: "Am I really unattractive to him?"

There was a look of sadness on her face, and she said coquettishly: "Master Chen Feng, what are you doing..."

Chen Feng stretched out his hand and said coldly: "Just stand there, don't move! Tell the matter clearly!"

His face is full of coldness.

Yu Wenzhen knew at a glance that she couldn't seduce him anymore, she giggled, the lustful color on her face disappeared without a trace, and the coldness was restored again.

Looking at Chen Feng, she was generous, as if she was wearing gorgeous and heavy robes at this time, not unnatural at all.

She looked at Chen Feng, smiled, and said word by word: "Chen Feng, my purpose is very simple."

"I know that in the past you had some conflicts with Yuwen's family, but those conflicts were small things, and there was nothing that couldn't be resolved in the face of family interests."

"We are the younger generation of the Yuwen family, and the most outstanding woman is me. None of my brothers and elders are successful. The Yuwen family can't count on them at all. The family is very anxious about this."

Chen Feng nodded and motioned for her to continue.

Yu Wenzhen went on to say: "So I made a decision for the family. This time, the five great families' martial arts competition is actually a test."

"The most outstanding person, I will choose him as my husband-in-law."

"What?" Chen Feng was stunned. He didn't expect him to say such a thing.

"Yes, I just chose a husband-in-law, and I chose you."

She looked at Chen Feng, smiled and said: "Think about it, Chen Feng, as long as you can agree to my terms, you can get my peerless stunner, and you can get everything from the Yuwen family in the future."

"All of the Yuwen family can be inherited by you. In the future, you will be the head of the Yuwen family. Don't worry, I will never rob you. I am a woman and I know very well. There has never been a family in the Great Qin Dynasty. There was a woman who was the head of the house!"

Her voice was soft, with a hint of hoarseness in her ears, full of endless charm, as if the devil seduce: "Think about Chen Feng, as long as you nod now, you can get everything!"

"Power! Status! Training resources! Countless martial arts secrets, and, I..."

When she said the last word, she suddenly jumped up, hugged Chen Feng, and gently kissed Chen Feng's neck, her breath was blue.

At this moment, Chen Feng was as cold as ice in his heart and body.

Only then did she discover that her analysis of Yu Wenzhen just now was completely wrong.

"This woman is so terrible, she can do such a thing?"

Chen Feng knew that if he nodded his head, he would not be able to get rid of her control for the rest of his life, and he would definitely not end well.

He was very clear in his heart, and said lightly: "Girl Yuwen, please respect yourself!"

With that said, he pushed Yu Wenzhen away, turned and strode out.

Yu Wenzhen yelled in disbelief: "Chen Feng, what are you doing?"

Without looking back, Chen Feng smiled and said, "Of course I am leaving here."

"What? Are you leaving here?" Yu Wenzhen's face was so surprised that he couldn't believe what he said: "Chen Feng, do you know what you are talking about?"

"You gave up the boundless power, you gave up on me, I am one of the four beauties of the entire Great Qin Kingdom. Am I not attractive to you?"

Chen Feng said: "You are very attractive to me, but unfortunately, I dare not touch someone like you!"

In fact, the most important reason is that Chen Feng has hated Yuwen's family.

He deeply knows what kind of family Yuwen's family is, and he also promised to revenge Yuwen's family for him!

In a blink of an eye, he has already left here and disappeared.

Yu Wenzhen looked at his back, feeling lost.

After a while, she slowed down, biting her silver teeth, and a fierce killing intent appeared on her face.

"Chen Feng, how dare you humiliate me like this, with my dedication like this, why did you abandon me like this? I want you to know the cost!"

"In addition, since you don't want to make peace with my Yuwen's family, then don't blame me, Mr. Li! Mr. Zhang!"

[Chapter 1454: Hunt down!](#)

After she finished speaking, beside her, the light wave flickered, and two figures appeared, but two old men with white hair, respectfully said: "Miss!"

Yu Wenzhen's voice was as cold as ice: "Chen Feng rejected my offer. It seems that he and our Yuwen family are going to die forever. If this is the case, we must cut the grass and get rid of the roots and start early!"

"You two, follow him right away, do your hands and kill him before he returns to the Dragon God Mansion!"

"Yes!" Lao Li and Lao Zhang nodded as they should, their figures flashed and disappeared.

Chen Feng left Wuyang City and swiftly rushed towards the Dragon God Mansion.

I don't know why, Chen Feng has a very alert feeling in his heart, always feeling that there is a great danger in his own way.

Therefore, Chen Feng speeds up more and more.

"As long as you return to the Dragon God Mansion, no one can do anything to him."

Wuyang City is thousands of miles away from Dragon God Mansion, and Chen Feng is extremely fast, and soon he has walked more than 800 miles.

From a distance, he had already seen the Wangting Pavilion on a high mountain in front, and seeing this Wangting Pavilion, Chen Feng's mouth showed a smile.

Seeing this, it means that he is about to approach the Dragon God Mansion.

His mood suddenly relaxed, and at this moment, it was the moment when Chen Feng was relaxed.

Suddenly, behind the Wangting Pavilion, two human shadows swiftly flitted out, like electricity, and came to Chen Feng in a flash.

A look of awe-inspiring color appeared in Chen Feng's eyes. One of the two men was dressed in white, tall and thin, and the other in black, short and fat.

Both of them showed fierce eyes and looked at Chen Feng with murderous intent.

The most important thing is that the aura that these two people show on their bodies is extremely huge.

"What are you two?"

Chen Feng looked at their expressions unchanged, and asked lightly.

He couldn't show any panic. The aura displayed on each of these two people even made Chen Feng unable to see through.

This shows that their realm is much higher than Chen Feng, the more so, the more calm they must be.

The black-clothed old man smiled slightly: "Chen Feng, right?"

"I don't know if you have heard of the name of the Yuwen Family Black and White Shuangsha?"

"Black and white double evil?" Chen Feng frowned, he had heard of it seriously.

It is said that the black and white double evil is that the Yuwen family has used various blessings decades ago to invite two powerful warriors to guard the family.

These two warriors, when they first entered the Yuwen family decades ago, had already reached the sixth level of the Martial Sovereign Realm, and they were known as the two most powerful consecrations of the five great families.

Decades have passed, to what extent must the strength of these two worships be strong?

He looked at the two of them, frowned and asked: "Wu Wenzhen sent you?"

"You kid, you are quite clever."

The old man in black laughed and said, "Yes, the eldest lady sent us here."

The white-clothed old man said, "We are here this time to kill you."

Chen Feng's eyes showed awe-inspiring murderous intent. This Yu Wenzhen looks beautiful and looks innocent, but in fact she is such a feminine woman.

First, solicit, first use the temptation of beauty to solicit themselves, after the solicitation fails, they actually send someone to kill him.

Chen Feng looked at them and said coldly: "Is the feud with you Yuwen's family already at this level?"

The old man in white said coldly: "The original words of the eldest lady are, if you don't kill you today, my Yuwen family in the past will be destroyed in your hands, you and I will never die!"

Chen Feng sneered and stopped talking nonsense. He just screamed and rushed towards the old man in the dark.

The Dragon Slaying Knife in his hand, madly cut out.

As soon as Chen Feng came up, he used the powerful trick of thundering into the sky and breaking the stars. Three thunderclouds suddenly appeared, and nine lightning bolts crashed down.

When the two elders saw it, their expressions were a little shocked, and they said, "I don't think that you are very strong, but now it seems that you really deserve it."

"Your strength is definitely the best among the younger generation. Although it is not as good as the little masters of the Four Hou Mansions, it is already very strong."

The white-clothed old man grinned and said, "But, what a pity, today, you, a genius, will be destroyed in our hands!"

As they said, the two stood back to back, punching forward together.

The white-clothed old man played two white powers, and the black-clothed old man played two black powers. The four powerful powers merged together in a flash, forming a black and white vortex.

This black-and-white vortex actually possesses the power of extinguishing and destroying, and there is tremendous suction in it.

The nine thunder pillars formed by the thunder rushing into the sky and broken stars smashed the way, and after blasting on the black and white vortex, they were directly annihilated.

The two elders blushed and snorted. They had already suffered a little internal injury, but Chen Feng's move was blocked by them! *noVelusB.com*

When Chen Feng saw it, he was suddenly shocked, but he didn't stop in the slightest, and another thunder struck the stars into the sky.

The two did the same, still resisting like this.

At this time, Chen Feng roared: "Shooting the sun with arrows!"

The sun shooting arrow method suddenly formed, and the little sun blasted and hit them heavily.

The two roared violently, and black light and white light flourished above their bodies, and in a flash, five or six black qi and white qi were shot.

These black qi and white qi swirled around each other, and four black and white vortexes were formed around their bodies, and they turned crazily around their bodies.

The black and white vortex produced a huge suction force, and a high mountain next to it was directly sucked by this suction force and collapsed.

Countless broken stones flew towards this side, and Chen Feng's arrow shooting method was directly annihilated by the black and white vortex!

The combined strength of these two people is far greater than one plus one. It turns out that although the two of them are very different in size, they are actually twin brothers, and they are connected with each other.

One person made an action, and the other immediately knew what he was going to do next, so the connection came up flawlessly.

In this way, the two people cooperated extremely tacitly, and Chen Feng was beaten into misery!

After Chen Feng made this move, he didn't even look at it. He immediately turned around and rushed out.

He knew that he was not the opponent of these two people. It seemed that he had the upper hand when he came up, but in fact, it was because he did his best when he came up.

And if the fight continues for a long time, the person who loses last must be himself, so he immediately ran away.

In an instant, Chen Feng had already escaped hundreds of miles away, and the black and white double evil spirits were chasing after him.

Their cultivation surpassed the spring breeze, and their speed was much faster than Chen Feng. After a while, they had already chased behind Chen Feng.

[Chapter 1455: Desperately!](#)

The black-clothed old man grinned and said, "Boy, you played so cool just now? It's time for us to attack!"

With that said, the black-clothed old man shot two black qi, and his attack was extremely powerful.

Two black forces blasted towards Chen Feng fiercely, and Chen Feng was about to resist. At this moment, the white-clothed old man flashed and came directly behind Chen Feng, sending out two white qi, and the powerful suction was passed over.

Chen Feng's body tilted, and was suddenly sucked by the huge suction, and his body slammed into the white energy.

Then at this time, black light hit him.

Chen Feng was hit back and forth with a wow, a big mouthful of blood, mixed with visceral fragments, spurted out, broke multiple places on his body, and was already seriously injured.

But at this moment, the white light in the hands of the white-robed old man suddenly turned black, and a strong thrust came, and the black light in the black-clothed old man's hands turned white, and the powerful suction force was difficult to resist.

As a result, Chen Feng flew towards the black-clothed old man again, and was severely hit by it again.

Chen Feng's body was directly squeezed and thinned by half, and there were even internal organs directly squeezed out of it.

Then there was another round of attacks.

At this point, the black light and white light just melted, and with a splash, Chen Feng fell to the ground like a torn sack.

Three strokes, just three strokes, he was severely injured and dying.

However, Chen Feng's consciousness was still very clear, and the black and white old man walked up to him with cold eyes, looking at him triumphantly:

"How about it, boy, do you know our brother is great?"

"Hahahaha, how can you stop?"

At this moment, Chen Feng took a deep breath and looked at them with awe-inspiring eyes.

Although he was seriously injured, the desire to fight in his eyes became extremely strong, without the slightest flinching.

With a violent shout, Chen Feng stood up, and in front of him, the green wood inner pill suddenly appeared.

At this time, after the Aoki Inner Pill appeared, an extremely strong life force radiated from above and spread to Chen Feng.

Chen Feng's injuries healed at a speed visible to the naked eye.

And the light of the green wood inner alchemy also dimmed immediately. Chen Feng looked at them and smiled slightly: "If I lose, I can still expose the inner alchemy and die with you. Who can stop it?"

The ultimate ultimate move of a Martial King Realm powerhouse is to expose his inner alchemy and break with the enemy, unless he is directly killed before he can blow himself up.

But obviously, the difference in strength between Chen Feng and the two of them has not been so big.

This black-and-white old man suddenly showed a touch of horror on his face, and took two steps back.

So Chen Feng took this opportunity, and another thunderbolt smashed the stars out, and nine thunder pillars smashed down, and Chen Feng immediately ran out without looking at them.

This time, Chen Feng ran out a full fifty miles away, and he was only fifty miles away from the Dragon God Hou Mansion.

At this time, the black-and-white old man chased up again, and roared savagely, "Boy, if you can escape this time, I won't have to mess!"

After speaking, the two attacked Chen Feng frantically, and once again severely wounded Chen Feng near death.

With Chen Feng's wow, the green wood inner alchemy directly sacrificed and bombarded the two fiercely.

Above the Greenwood Inner Pill, an incomparably powerful force burst out, several times stronger than Chen Feng's strongest offensive, and bombarded the two men heavily.

Both of them were seriously injured, vomiting blood frantically, and flew out.

And Aoki Nei Dan clicked, and there were several cracks on it. Although they hadn't broken yet, they were almost there.

Chen Feng's green wood inner alchemy was almost abolished.

And this behavior gave him some breathing space, and Chen Feng ran towards the Dragon God Mansion frantically.

Soon, he had reached a place ten miles away from the Dragon God Mansion, and only ten miles away from the Dragon God Mansion.

Here, even the tall palace of the Dragon God Mansion can be seen from afar!

Chen Feng took a deep breath, and at this moment, suddenly a figure flew out of the corner ahead.

He brushed it, and stopped in front of Chen Feng, smiling and saying: "Chen Feng, do you think that this is about to go to the Dragon God Mansion, so that you can survive?"

"Hahahaha..."

There was an extremely joking expression in his eyes: "It's a pity that you will be killed one step away from the Dragon God Mansion!"

"Haha, it feels so good to shatter your hopes all at once."

Chen Feng looked up in amazement, only to see a person standing in front of him. This person was the second senior brother Sun Xiao.

Sun Xiao stared at Chen Feng with a vicious light in his eyes, and his face was full of triumph: "Chen Feng, you never thought, let the fire of hope go out, and the one who blocked your last vitality, it turned out to be me. !"

"Hahahaha..."

Chen Feng looked at him with a cold expression, and said in a cold voice: "Sun Xiao, you actually colluded with the Yuwen family to betray our Dragon God Palace?"

"What is betrayal to the Dragon God Mansion? What are you? Are you worthy of being compared with the Dragon God Mansion?"

This sentence seemed to hit Sun Xiao's sore spot. He jumped into a rage, pointed at Chen Feng, and shouted: "Dragon God's Mansion, Dragon God's Mansion, you are you, what I want to destroy is only you and Dragon God The government has nothing to do!"

"Oh? Really?" Chen Feng looked at him and said in a cold voice: "I am Master's closed disciple, Master respects me extremely, you kill me, it is tantamount to betraying Master!"

Chen Feng said this. It seemed that a fuse ignited Sun Xiao directly, and he suddenly burst out and shouted loudly:

"What about betraying that old thing? That old thing, I have served him sincerely these years, have been loyal to him, and have done so many things for him!"

"The result? What did he do to me?"

"You **** untouchable, just came into his door for more than a month, and he values you far more than me!"

"For example, your sun-shooting arrow, that martial skill, I have coveted for a long time, I begged him a dozen times, he didn't reward me, but I didn't expect to give it directly to you."

"Do you know that the hatred in my heart at this time is overwhelming!"

His face was flushed, and suddenly he threw a punch, smashing the ground into a big hole, and roared angrily: "I hate him, I hate him for being unfair, and being so partial to you!"

"I hate, I hate you for being so young, yet so powerful!"

"I hate, I hate you for insulting me like that, and making me lose face!"

Therefore, he roared ferociously: "Chen Feng, I must kill you today!"

Chen Feng stared at her and said coldly: "You are crazy!"

"Yes, I'm crazy, I'm crazy!"

Sun Xiao shouted: "Do you know why I did this suddenly today?"

[Chapter 1456: Live from the dead!](#)

Chen Feng shook his head: "I don't know! It's because you are so stupid that you are silent!"

Sun Xiao snarled frantically: "Although Yunbuyu is not the same name as me, in fact, the two of us are brothers!"

"You killed him, I must avenge him!"

After hearing this, Chen Feng knew why Sun Xiao would do this today.

Chen Feng said coldly: "If the master knew about this, he would never spare you, he would abolish you by himself!"

"Hahaha, he won't know, he definitely won't know!" Sun Xiao said loudly, "This old thing has been closed!"

"Otherwise, do you think I would dare to do this? He is very careful when he retreats. Every time he retreats, he will gather all the guards outside the Dragon God Mansion Hall, protecting him at all times."

"So, at this time, he will never know what happened outside. When I say that you kill, people will only keep accounts on the black and white Shuangsha, and on Yuwen's house. It has nothing to do with me! "

There was a smug look in his eyes: "Do you think I haven't calculated until now?"

Chen Feng took a deep breath, his eyes revealed a touch of determination.

He knew that today's things could never be good, and if he couldn't overcome Sun Xiao's level, he would be killed today.

Chen Feng turned his head and saw that the black and white double evil spirits had chased him frantically, not far from him.

"Now, there is no time to delay!"

He screamed, thinking Sun Xiao rushed over.

There was a look of disdain on Sun Xiao's face, and he laughed and said, "Little boy, are you going to work hard?"

"Haha, do you still want to fight me hard? What are you? Do you think you can be my opponent?"

"You in your heyday will be easily killed by me, let alone you are seriously injured at this time!"

He roared ferociously: "Die!"

With that, he slapped Chen Feng with a palm.

In Chen Feng's eyes, there was a look of decisiveness, he gritted his teeth fiercely, suddenly shouted, and the inner alchemy shot out.

At this time, there were already several cracks in Chen Feng's inner alchemy, and the blue color inside was already very dim, looming.

Then Chen Feng's inner alchemy brushed it, and slammed into Sun Xiao.

At this time, even if the inner alchemy had broken and cracked, the power was still several times stronger than Chen Feng's most powerful move.

But if it hits, the price Chen Feng will pay is that his inner alchemy will be broken.

Sun Xiao roared in surprise: "You lunatic, are you crazy?"

"If you do, the inner alchemy will be broken!"

Chen Feng laughed: "People are dying, so what do you care about Nai Dan?"

With a coax, Neidan slammed into Sun Xiao, even though Sun Xiao was several levels higher than Chen Feng's strength, after being hit, he sprayed blood and flew out heavily.

He fell to the ground and was seriously injured.

And Chen Feng's inner alchemy was directly broken into countless pieces.

Chen Fengru was struck by lightning, spurting blood violently, and staggering.

He rushed forward, collected the fragments in his hands, and fled madly.

Sun Xiao spouted a mouthful of blood, followed behind, and pursued desperately.

He knew that if Chen Feng escaped and entered the Dragon God Hou Mansion, he would be the one who finished.

Finally, two miles away from the Dragon God Mansion, he caught up with Chen Feng.

Chen Feng used the inner alchemy to break it and bought himself time for a cup of tea.

Sun Xiao brushed it and blocked Chen Feng again. He looked at Chen Feng grimly, and said, "Little rabbit, you don't have any means this time?"

After speaking, he punched Chen Feng.

This punch left Chen Feng with only one breath, and he would die at any time.

At this moment, Chen Feng suddenly showed a very reassuring smile, and said softly: "You are finally here!"

He pointed his finger behind Sun Xiao, with a bright smile on his face, and said, "Look behind you."

Sun Xiao laughed and said disdainfully: "Chen Feng, your tricks are almost the same to deceive a three-year-old child. You want to deceive me?"

"Behind me, there must be nothing."

At this moment, the voice just fell, behind him, a violent shout came: "You rebel!"

When Sun Xiao heard this voice, he shivered suddenly, his face showed disbelief, and he suddenly looked back.

Then, the disbelief on his face turned into extreme fear.

Behind him, above the sky, three people were floating impressively.

The one on the left is big brother Zhou Yang, whose face is full of disbelief and regret at this time.

The person on the right is Shen Yanbing dressed as snow in white.

The one in the middle is indeed the Dragon God Hou.

At this time, Long Shenhou stared at Sun Xiao stubbornly, with extreme anger on his face, his eyes seemed to burst into flames.

Sun Xiao trembled, his face turned pale, and his face was full of despair. He stammered and said, "Master, Master, Brother, you guys, why are you here?"

"If I don't come, I don't know that you, a villain, dare to do such a thing behind my back!"

Long Shen Hou shook his head with a sad face, and said slowly: "Chen Feng is your junior brother! You dare to do this to him, are you still not a human being?"

Chen Feng shook heavily and fell to the ground without the strength to stand up.

Shen Yanbing brushed it and flashed over, holding Chen Feng in his arms, tears streaming down his eyes.

She looked at Chen Feng and said, "Chen Feng, do you want it? Do you want it?"

Chen Feng opened his mouth to talk, but as soon as he opened his mouth, blood and internal organ fragments poured out frantically, and couldn't stop it.

With tears like rain, Shen Yanbing hurriedly took out various wound medicines from his body, stuffed them into Chen Feng's mouth, and applied them to Chen Feng's wound.

Chen Feng looked at him, although he was vomiting blood, there was a smile in his eyes.

Shen Yanbing and others finally arrived in time.

After swallowing dozens of healing medicines, his blood stopped temporarily. He gently stroked Shen Yanbing's face with his hand and smiled:

"Yan Bing, I gave you a communication talisman at the beginning. I originally thought that you would be in danger. Ask me for help. I can get there in time."

"Unexpectedly, it became me asking you for help. You came to save my life!"

Shen Yanbing was crying, with a smile on his face: "Yes, it has been several years, I have kept that thing on my body and never lost it."

"That was what you gave me during Qian Yuanzong. I didn't expect it to be used at that time, but it is used today."

As the two of them said, they all suddenly gave birth to a sense of timelessness, and in a blink of an eye, several years have passed.

Then, the two looked at each other and smiled.

[Chapter 1457: Good for oneself](#)

It turned out that this time Chen Feng thought he could run away from Black Wind Shuangsha, so he didn't even think about asking for help.

But when he saw Sun Xiao, he knew that it was absolutely impossible for him to escape today.

Chen Feng had even forgotten the existence of the communication jade talisman, but he thought of Shen Yanbing instantly, so he also immediately thought of the communication jade talisman sent to Shen Yanbing.

Therefore, Chen Feng immediately crushed the communication jade symbol.

After Shen Yanbing knew that Chen Feng was in danger, she did not rush to rescue him.

She is a very smart girl, knowing that Chen Feng = an enemy that cannot be dealt with, she must not be able to deal with it, so he immediately went to the Dragon God who was in retreat.

When Long Shen Hou heard that his proud disciple was in danger, he immediately broke through the barrier. As soon as he sensed it, he sensed that the aura here was extremely abnormal, so he rushed immediately.

When Chen Feng and Shen Yanbing were talking, there was a sudden bang, and Sun Xiao knelt heavily on the ground, kowtow desperately towards the Dragon God Hou.

He kowtowed his head and pleaded, "Master, Master, please forgive me this time!"

"This time the disciple is confused for a while, I will never dare to do it again!"

"In the future, I will get along well with Junior Brother Chen, and never dare to do this again."

While talking, she cried bitterly and looked extremely sincere.

Long Shenhou looked at him and said in a faint voice: "Do you think I might still believe you?"

He looked at Sun Xiao and said coldly: "Evil disciple, for the sake of mentoring and apprenticeship, I won't do it anymore, you can stop it yourself!"

Sun Xiao's eyes were dim, his eyes widened, and he looked at Dragon God Hou pitifully and pleaded: "Master. Just forgive me this time, I promise I will never dare again!"

When Long Shenhou saw it, he couldn't help but feel soft.

But at this moment, Sun Xiao suddenly yelled, suddenly his figure violent, and slammed his fist towards Dragon God Hou.

The Dragon God Hou was not guarded, he was hit directly by him. With the strength of the Dragon God Hou, his figure was slightly shaken and his face was blue.

Then, Sun Xiao ran out, escaping extremely fast, and ran out several kilometers in a blink of an eye.

At this time, Long Shenhou was not angry, but shook his head, sighed softly, and slowly spit out two words: "Niezha!"

Then he threw a punch, an extremely understatement.

But this punch actually broke through several kilometers of space. Almost at the same time he raised his hand, Chen Feng saw that Sun Xiao's body blasted into a single piece with a bang thousands of meters away. Blood mist, no bones!

At this time, the black and white Shuangsha also happened to arrive. They watched this scene from a distance, their faces were extremely horrified, and they looked at Dragon Shenhou in horror.

Seeing that Sun Xiao was easily bombarded and killed, they didn't hesitate to turn around and wanted to escape.

Dragon God Hou smiled slightly and waved two palms lightly. The two of them shook violently, then staggered, but still stood up straight, ran forward, and disappeared in a blink of an eye.

Chen Feng looked at Dragon God Hou in amazement. He thought that Dragon God Hou would keep these two people here. But he didn't expect that Dragon God Hou didn't kill them. I don't know if Dragon God Hou deliberately, or he didn't have this strength.

Long Shenhou looked at Chen Feng, smiled slightly, and said, "After a while, you will know what is going on."

Chen Feng nodded, and suddenly he felt a heart-piercing pain, and he couldn't help but cough violently.

Mouthful blood gushed out, and the wound on his body was directly shaken open, and countless blood poured out from it.

It turned out that Chen Feng's injury just now didn't stop at all.

He was injured this time, his body was almost broken, and his death was only a step away.

Chen Feng just felt black before his eyes and fainted.

Long Shen Hou walked up and looked at Chen Feng. After a while, a heavy color appeared in his eyes.

He said softly: "Chen Feng was injured very badly this time, even the inner alchemy was broken, it is difficult to save it, and even if it is saved, it is estimated to be... alas!"

He sighed and said, "But he is my disciple. I won't just sit back and take him back to the mansion. I will treat him personally."

Hearing this sentence, Shen Yanbing, who had been in awe-inspiring, breathed a sigh of relief, suddenly fell to his knees, and said gratefully: "Thank you, Master!"

Long Shenhou shook his head and smiled slightly, "Maybe in the eyes of many people, I am ruthless, but Chen Feng is my disciple, and I accept him as a disciple, no matter what he is, even if he becomes a Waste, I will protect him for life!"

With that, he took Chen Feng back to Longshen Hou Mansion.

But the black and white Shuangsha ran all the way, returning to Yuwen's house in a hurry.

In the back garden of Yuwen's house, Yu Wenzhen was playing the piano and singing long songs. Her voice was clear, full of awe-inspiring air, so elegant and holy, it was impossible to think of her as a cruel witch.

Seeing the black and white Shuangsha's face covered with blood and coming back out of breath, she raised her brows and felt a little uneasy. She asked in surprise, "What happened to you two?"

The black and white Shuangsha two immediately said: "Dragon God Hou, Long Shen Hou suddenly appeared..."

Just when they just mentioned the three words Dragon God Hou, they suddenly banged their bodies and exploded, forming a **** mist in the sky.

This scene suddenly appeared in front of Yu Wenzhen, shocked her to shout, staggering, backing a few steps, Hua Rong paled.

At this moment, she saw that the two groups of blood fog condensed in the air, and they were directly gathered into a human form. The Eguan Bo belt was extraordinary in style, and it was the Dragon God.

Long Shenhou looked at him with indifferent eyes, and said lightly: "Little Nizi of Yuwen's family, there are some things you can do, and some things you can't do."

"You do it for yourself!"

As he said, with a snap, the blood mist dissipated directly, splashing Yu Wenzhen's face, dressed in white and turned into blood.

Yu Wenzhen's face was extremely shocked, and she sat on the ground with a bang, desperate and regretful.

She whispered to herself: "I shouldn't provoke Chen Feng. I really shouldn't provoke Chen Feng. I even brought Dragon God Hou out. How can this be good?"

That night, at the deepest and highest point of the Dragon God Mansion, in that main hall, Dragon God Hou gently placed Chen Feng on his cold jade bed.

Chen Feng's wound was still bleeding, and blood was constantly overflowing from the corner of his mouth, but when he was placed on the cold jade bed, suddenly, an extremely strong cold gas welled up and wrapped Chen Feng inside.

Chen Feng's wounds were instantly sealed, and he no longer vomited blood, as the cold air permeated Chen Feng's body.

Chen Feng felt that all parts of his body that had been ignited by the fire, and the pain was suddenly surrounded by a cool and cold air, making him extremely comfortable.

[Chapter 1458: Mahayana Soul Casting Pill](#)

Even in a coma, he couldn't help but groan.

Then he felt that this cool and cold air was constantly repairing the injuries throughout his body.

After a long time, Chen Feng wowed and opened his mouth, spitting out countless bruises, and many wounds opened on the surface of his body. Large chunks of black bruise fell out of it.

Then the wound began to heal, and soon became as smooth as jade.

He was still in a coma. Seeing this scene, Long Shenhou and Zhou Yang and Shen Yanbing beside him were relieved.

Shen Yanbing exclaimed: "Master, the effect of your cold jade bed is really amazing, but in just one hour, it has cured Chen Feng's injury so much."

But at this time, Long Shenhou's face was still heavy. He slowly shook his head and said, "Things are not as easy as you think. Chen Feng is only healed from trauma and superficial injuries. As for his real internal injuries, The injuries that made him almost abolished have not healed."

"Moreover," he sighed and said, "The most important thing is that Chen Feng's inner alchemy is completely broken, so what will happen next, even I don't know."

When he said this, both Shen Yanbing and Zhou Yang's expressions became a little heavy.

Long Shenhou took out an elixir, the color of the elixir was pale gold, the fragrance of the medicine on it was tangy and the brilliance flowed.

He gently put the pill into Chen Feng's mouth, and the entrance of the pill immediately turned into a warm current poured into Chen Feng's body, and began to penetrate into those deep wounds, and healed these deep wounds.

Very slowly, but it is constantly going on.

Chen Feng also felt quite comfortable in his sleep, and couldn't help humming twice, naively.

Shen Yanbing gave a chuckle, bent down, pecked twice on Chen Feng's face, and laughed in a low voice: "Chen Feng, if you were not injured this time, you really wouldn't have seen such a lovely side of you. ?"

She held Chen Feng with a very affectionate attitude. Zhou Yang looked at her, her face a little dim, and she turned her head.

Although it was only a short time to get along, he loved Shen Yanbing, a little junior girl, very much, and he had an inexplicable affection.

It was only then that she realized that her heart had been completely placed on Chen Feng, which made Zhou Yang sad.

But he quickly cleared up his mood and smiled and said with comfort: "Sister Shen, don't worry, Junior Brother Chen will definitely get better soon."

Long Shenhou said next to him: "The pill that I fed him just now is an early seven-stage pill. The effect of the pill is very good. Within half a month, his internal injuries should be repaired."

"As for what happens in the future, it depends on his own good fortune. Ammunition cannot restore his strength, let alone make him advance by leaps and bounds. Everything depends on him."

Five days later, Chen Feng finally woke up for the first time. After waking up, he felt a strong **** air in his breath, and his body was weak.

Chen Feng tried to use the martial arts gods in his body, and found that the martial arts gods in his body were empty, and the dantian was barren, and even the golden springs were surging one after another.

The bridge between heaven and earth disappeared directly, and the golden lotus at the top of the dantian was also extremely dim.

Chen Feng smiled bitterly and whispered to himself: "This time, it's really the heaviest injury in history. It's only one step away from death. Basically, everything that can be discarded is abolished, and everything must be done from scratch."

But Chen Feng did not hesitate or feel any sadness. Instead, he took a deep breath and started practicing again.

Soon, Jin Quan felt Chen Feng's will at the glance in his dantian, and he began to gush out vigorously.

Three days later, that glimpse of the golden spring had re-sprayed hundreds of feet high, connected to the golden lotus at the top of the dantian, and the bridge between heaven and earth was connected again.

Immediately, Chen Feng felt that his whole body was full of endless power, and his whole body was refreshed and comfortable.

He clasped his fists with both hands, felt the surging force, and smiled slightly at the corner of his mouth.

The bridge of heaven and earth runs through, and the martial arts gods are endless. They are born and die in the dantian. The martial arts gods in Chen Feng's dantian are instantly filled, and the martial arts rivers continue to flow.

After three days, Chen Feng was finally able to get out of bed and walk around, and his injuries had recovered 70%!

Chen Feng sat cross-legged on the cold jade bed, feeling the extremely cool cold air pouring into his body, and his eyes were full of surprises.

This extremely cool cold air is not only cold enough, but also contains extremely large and pure power. These large and pure powers don't even need the transformation of nine yin and nine yang divine powers, they can be easily transformed into Martial God Gang.

"The cold jade bed actually has such a magical effect. This is definitely a divine tool. If I can sit on it for a long time, I will practice for a month, and I will practice for a year."

"Master is really generous. For me, he was willing to let the white jade bed out. I really didn't say anything to me." Chen Feng was grateful for Long Shenhou's experience.

Half a month after Chen Feng was injured, Long Shenhou was on a martial arts field.

Chen Feng slammed out with a fist, and tried his best, the martial arts gods flowed, there was still a pain in his body, but Chen Feng forced his teeth to hold back.

After the punch was blasted, it directly smashed a stone mountain that was several hundred meters high and over 30 meters high.

Chen Feng let out a foul breath and said to himself: "I have recovered about 30% of my strength now. The speed of my strength recovery is not too slow. I will be able to return to the peak in about a month. But this is far from enough."

Chen Feng looked inside himself, his gaze turned to the deepest part of the dantian. At this moment, a piece of debris was lying there in the deepest part of the dantian, without any anger.

These are Chen Feng's inner alchemy fragments.

After Chen Feng recovered, he tried to want you to reconsolidate the inner alchemy, but he found that this was a dream at all.

These inner alchemy fragments lay here, as if they had lost their life.

Dragon God Hou slowly walked around, looked at Chen Feng, and said lightly: "Your current realm has been restored to the second peak of the Martial Sovereign Realm, and your current strength is equivalent to that of the ordinary Martial Sovereign Realm 5. The heavy peak powerhouse can't even reach the sixth level of Martial Sovereign Realm."

Chen Feng nodded slowly: "That's right."

The Dragon God Hou continued, "In the four major Hou Mansions in a month's time, the opponents you have to face are the lowest in the Martial Sovereign Realm Eightfold, like Shangguan Yunxiang. , But the strength far exceeds the ordinary martial arts eight-fold powerhouse, and there are not a few."

"Not to mention, Shangguan Yunxiang definitely has made breakthroughs during this period, and there are even more terrifying people than Shangguan Yunxiang!"

"After a month, you will face these strong men. Think about it, how strong is your strength to match them?"

Chen Feng said: "At least, I have to improve to the sixth level of Martial Sovereign Realm!"

Long Shen Hou said: "Moreover, you must re-consolidate the inner alchemy and restore the vitality of the martial soul. Without the inner alchemy, your fighting power will not be enough."

Chen Feng nodded, one month's time was so short, and he wanted to reconsolidate his inner alchemy, and he had to break through continuously.

But Chen Feng didn't feel any panic. Instead, he felt extremely excited. There seemed to be blood surging in his chest, and the flames in his eyes rose, full of fighting spirit.

He said loudly: "Master, rest assured, I will be able to do it!"

Long Shenhou looked at him with satisfaction, smiled and said, "Chen Feng, this unconvincing spirit in you is amazing, very good, this is very good!"

"I came here this time to tell you that now that your inner alchemy is broken and you want to reconsolidate your inner alchemy, then you must rely on your Azure Dragon spirit. If your Azure Dragon spirit can't wake up, your inner alchemy will no matter what. They can't be reunited."

Chen Feng said: "I think like this too, but after my Azure Dragon Martial Spirit has dissipated, I can't wake it up again with various methods."

"Master, what should I do?"

The Dragon God Hou slowly said five words: "Mahayana Casting Soul Pill!"

"Mahayana Soul Casting Pill?" Chen Feng heard this, his heart jumped, and asked, "Is this a kind of pill that can help Wuhun recovery?"

"That's right." Long Shen Hou nodded slowly, and said: "With your current realm and current strength, ordinary soul condensing pills have no effect on your martial soul. Only Mahayana Soul Casting Pill can help you recast it. Azure Dragon Wuhun."

"But, it's difficult! This kind of pill is an early stage eighth product. It hasn't appeared in Wuyang City for decades. How difficult is it to get one?"

[Chapter 1459: Sister, meet again!](#)

Chen Feng smiled slightly and said, "Master, what I fear most is that I can't see any hope. Now that I know how to do it, I will work hard for it."

"You can rest assured that I will never disappoint your expectations!"

Long Shenhou nodded, and suddenly he had strong confidence in Chen Feng. He felt that such a closed disciple would definitely bring him a great surprise in a month.

Chen Feng immediately rushed to the Pharmacist Association. He believed that no matter how hard it was to find the Mahayana Soul Casting Pill, he would definitely be able to find some clues in the Pharmacist Association.

Chen Feng put on his black robe, covering his head and face.

From now on, he is Feng Chen, Feng Chen, the third-class alchemist, instead of Chen Feng.

Chen Feng soon reached a place more than a thousand meters away from the Alchemist Association. He walked slowly on the side of the road. Suddenly, he raised his head and looked forward.

Then, where Chen Feng's body was stagnant, his whole body froze completely as if struck by lightning.

He raised his head swiftly, his face pale, but not because of fear, but because of excitement.

In an instant, in the paleness, there was flushing, Chen Feng's lips trembled, and even his body trembled slightly.

He whispered softly, "Senior Sister, is that you? Senior Sister!"

The reason why Chen Feng was so gaffe was because he saw a figure in front of him, and that figure was very familiar.

When Chen Feng saw it, he knew immediately that this was definitely Han Yu'er.

He was very familiar with this figure, and how many times he dreamed back at midnight, dreaming of the smiling face of the senior sister, all caused him to find himself in tears after he got up the next day.

Sister! Definitely senior sister!

At this time, the figure, wearing a gorgeous green dress, stood on a car seat, which was as tall as a five-story pavilion, and there was an observation deck built outside. Standing on the observation deck to the exterior view, breathable.

This is more than a car wheel? It is simply a mobile palace!

There are luxurious decorations inlaid everywhere, and beside the car wheel, there are hundreds of powerful guards of monsters riding on them.

At this time, the pale green figure was leaning on a railing and looking at each other, suddenly, she turned around.

Chen Feng immediately saw her face, and immediately trembled violently. It was the senior sister!

Chen Feng out of control generally let out an exclamation: "Senior Sister, is that you? Senior Sister!"

At the same time, he lunged forward.

Hearing this voice, the pale green figure immediately froze, and then looked at Chen Feng.

When she saw Chen Feng's face clearly, she immediately showed a look of disbelief in shock, and then the next moment. This disbelief turned into an extreme surprise.

With ecstasy on her face, she rushed towards Chen Feng, swept down from under the chariot, and landed on the ground.

Then, she threw herself heavily into Chen Feng's arms, desperately kissing Chen Feng's face, tears were already on her face.

As she burst into tears, she shouted: "Chen Feng, it's you! It's you!"

Chen Feng also burst into tears: "Senior Sister, it's me, you're right, it's me, I'm Chen Feng!"

The two embraced each other and cried.

Chen Feng only felt that the joy in her heart seemed to explode, and Han Yu'er was the same. The noble demeanor she had just kept disappeared. She just wanted to hold the person in her arms for a long time, and continue like this.

After a while, the two separated, their eyes facing each other, full of tenderness and affection!

Chen Feng said softly: "Sister, it's been two years, and we two have been apart for two full years. I miss you all the time and dream back at midnight. I don't know how many times I dreamed about your face."

Han Yuer nodded desperately, and said with sobbing: "Me too, Junior Brother, so am I! I don't miss you when I don't miss you!"

Having not seen each other for two years, Chen Feng felt like he had been in a dream.

"Sister, I am strong enough now, I can protect you, and from now on, the two of us will never be separated!" Han Yuer nodded vigorously!

At this time, there were already a thousand people around, and seeing this scene, many people around were shocked.

"Well, this is the eldest lady of the Lie family, with a very noble status. He actually has an affair with this ordinary, untouchable fellow?"

"This eldest lady of the Lie family is too courageous. By doing this, she completely lost the face of the Lie family. She doesn't put the rest of the Lie family in her eyes, right?"

Many people also showed envy on their faces.

The second lady of the Lie's family has an excellent appearance and a distinguished status, and it seems that she is so infatuated with this man and got a wife like this. How can she really want her husband?

At this moment, a middle-aged woman on the car wheel walked out slowly. She looked at Chen Feng with an extremely gloomy expression on her face.

This middle-aged woman is actually quite beautiful, but her lips are very thin, and her eyes hang up, revealing a mean look.

She pursed her lips and looked at the two of Chen Feng who were embracing and crying. There was a flash of coldness in her eyes, and she suddenly spoke slowly: "Miss, we should go back now. You have been away for a while. Concerned."

This voice was extremely sharp. Upon hearing this voice, Han Yuer's body trembled suddenly and violently, with a deep sense of fear in his eyes.

She almost instinctively wanted to let go, but suddenly, she seemed to think of something, with a touch of decisiveness on her face, she stretched out her hand and grabbed Chen Feng again.

Chen Feng was keenly aware of what was happening. He raised his eyebrows, looked at Han Yuer, and asked, "Senior Sister, who is the woman behind?"

Han Yuer shivered slightly, without speaking.

Seeing Han Yue'er doing this, the middle-aged woman's face was even more displeased. She raised her tone slightly, and her voice became a little colder:

"Say, Miss, if you do this, I will be very unhappy, and if the news goes back, the old lady will be very unhappy too!"

Han Yuer suddenly turned around, looked at him, and shouted: "Mother Wang, don't talk about it anymore. When did you care about me being happy or not?"

"When you brought me back from Qian Yuanzong, did you ask me whether I was happy or not? When you separated me from the younger brother, did you ask me whether I was happy or not? You imprisoned me in the mansion for a month. When I came out only once, did you ask me if I was happy or not?"

His voice is getting louder and louder and his emotions are getting more and more excited.

And the woman who she called Mother Wang had a twitch at the corner of her mouth, but her face was still very calm.

She said lightly: "Miss, you talked too much today, please don't make mistakes!"

[Chapter 1460: Although there are thousands of people, I am going!](#)

Han Yuer stood up suddenly, held her head up, looked straight at her fearlessly, and shouted: "I will definitely not bear it anymore today, and I will not follow your wishes again today and return to Lie with you. The prison at home!"

"From today onwards, I will not be separated from my younger brother for a moment. You never want to separate us again!"

She exploded with the strongest courage in her life, and yelled with the loudest voice in the past two years.

She felt Chen Feng standing behind her, as if giving her infinite strength.

After Han Yuer shouted these words, he felt very comfortable in his heart, and the emotion that had been suppressed for the past two years suddenly broke out.

In fact, Han Yuer was originally a very fierce woman, she had just been suppressed before.

And now, she completely bid farewell to herself in the past two years.

Chen Feng looked at her with a slight smile on the corner of his mouth. No matter how powerful an enemy was, he would face Han Yuer together.

Chen Feng took a step forward, blocking Han Yu'er behind him, his body suddenly overwhelming.

Suddenly, in the eyes of the people around, Chen Feng's figure seemed to stand upright, very tall, standing proudly between the world!

The people onlookers around suddenly made a sound of discussion.

"It turns out that this person is also a hero!"

"Yes, just now I thought he was not worthy of the second lady of the Lie family, but I didn't expect that he was such a hero, and looked very powerful, and this momentum alone was enough to make people breathless."

There was a lot of discussion, and those who had a little contempt for Chen Feng and despised him had changed their views.

At this time, Chen Feng was in the burqa and his face was masked. Although he could not see his face clearly, his figure was tall and straight, and he stood upright, which made people afraid to underestimate.

At this moment, Grandma Wang slowly shook her head, her face completely cold.

She looked at Han Yu'er and said softly, "Miss, you disappointed me too much. In this case, the old man can only take you away."

As she said, she waved her hand, her face sinking like water, and sternly shouted: "Take them down!"

"Yes!"

Hundreds of knights shouted in unison, instigating the monster beast, enclosing Chen Feng in the middle, forming a big circle.

When Chen Feng faced them, the corner of his mouth twitched slightly, revealing a calm smile without fear!

He looked at Madam Wang and said lightly, "Mother Wang, right? Thank you for taking care of the senior sister from your Lie family over the past two years. But today, I must take the senior sister away!"

The corner of the mother Wang's mouth twitched a disdainful smile: "Only you? Are you worthy?"

Grandma Wang looked at Chen Feng and said lightly: "Young man, you have a lot of courage, but unfortunately, courage is not the same as strength. There is only one end for you to do this, and that is death!"

Chen Feng looked at the crowd, suddenly stretched out his hand and lifted the robe off his body. He stood up straight, looked at the crowd, and said boldly, "Come on!"

His face is filled with the toughness and determination that thousands of people are going for!

At this moment, someone in the crowd suddenly exclaimed: "Chen Feng, he is Chen Feng!"

"What, he is Chen Feng who has recently gained fame in the imperial capital? Is he a closed disciple of Long Shenhou?"

"Yes, it is him. I have seen him show off his power and punish Yu Wenyan with my own eyes. I will never admit my mistake!"

There was a sound of discussion all around.

Han Yu'er looked at Chen Feng with a look of surprise on her face, and said, "Junior Brother, you are actually the closed disciple of Long Shenhou? You are amazing!"

"When I heard these two words, I couldn't believe it was you!"

Chen Feng smiled and nodded, and said, "Sister, I said that I won't let you down, and I also said that one day, I will come to Daqin Empire Lie's house and rescue you!"

Han Yuer nodded heavily, her face was full of pride: "I have never doubted it, I have never doubted that you said something!"

After listening to the discussion of the people around, Mother Wang frowned slightly: "Are you the closed disciple of Long Shenhou? It's a bit troublesome!"

However, then she glanced at the corner of her mouth, revealing a disdainful grin: "What about the Dragon God Hou? Although my Lie family is not among the five great families of the Four Hou Mansions, it is one of the very few hidden families in the Great Qin Dynasty. It is extremely powerful. , By no means weaker than Dragon God!"

"Even the Dragon God, if you want to do something to us, you have to weigh it!"

Thinking of this, she no longer had any fear, waved and shouted loudly: "Take this kid down!"

"Yes!"

The guards of the Lie family riding the monster beasts responded in unison, and then strode forward.

They formed an encircling circle, enclosing Chen Feng and the other two in the middle. At this moment, they kept moving forward, and the encircling circle was getting smaller.

A look of fear appeared in Han Yuer's eyes, but then disappeared, and then looked at Chen Feng with confidence.

Chen Feng's expression was still indifferent, looking at them, but slowly holding the Dragon Slaying Blade in his hand.

These guards screamed, speeded up, and rushed towards Chen Feng.

Their strength is generally around the Second Layer of Martial Sovereign Realm, and the leader of the guards rides on a huge profound beast that is 100 meters high.

His strength has reached the fifth level of Martial Sovereign Realm.

He looked at Chen Feng and let out a disdainful sneer: "Untouchables, let go of the eldest lady! What a noble body of the eldest lady, can you touch it?"

"Now that you touch the eldest lady with your left hand, I will abolish your left hand, and when your right hand touches, I will abolish your right hand!"

Chen Feng smiled slightly, and suddenly stretched out his hand, but directly took Han Yu'er into his arms.

The commander of this handsome guard in his twenties, his face immediately showed anger, his eyes almost burst out with anger, and his jealousy was almost mad.

It turned out that this person had been secretly in love with Han Yu'er. At this time, seeing Han Yu'er being held in Chen Feng's arms, he was so jealous that he was going crazy.

He yelled frantically: "Untouchables, you are looking for death!"

With that said, he drove the profound beast under the crotch to rush towards Chen Feng, and in a flash, he was already close.

There was a hideous look in his eyes, and the huge hoofs of the profound beast were raised high and trampled towards Chen Feng. Seeing this, he was actually going to step on Chen Feng directly into a pool of fleshy mud.

All the onlookers screamed, even Han Yu'er was sweating for Chen Feng.

At the same time, the guard leader also launched a powerful offensive to Chen Feng. He laughed proudly: "Untouchables, you can't take these two extremely powerful offensives! You can't take a single move! Die!"

Chen Feng suddenly smiled, and then jumped up into the air, cutting out the Dragon Sword in his hand frantically.

Suddenly, an extremely tyrannical aura rose to the ground and rushed towards the guard leader.
