

Peerless 1471

[Chapter 1471: Fight!](#)

Chen Feng slowly shook his head: "It shouldn't be a formation, I didn't feel the slightest trace of formation at all."

He suddenly closed his eyes and realized it carefully, but when he closed his eyes, Chen Feng suddenly discovered that the sound of the wind seemed to have increased tenfold in a moment.

The illusory sound of the wind turned into a stream of air, passing through his ears.

Chen Feng experienced it carefully, and suddenly felt his head clouded. He was actually a little dizzy and couldn't distinguish the north, south, east and west.

Chen Feng immediately understood: "I know, it's the wind, this weird wind is interfering with your and my audiovisual!"

At this time, a giggle came from the bamboo forest: "I didn't expect that the famous Chen Feng, the disciple of Long Shen Hou's gate, would break into someone else's house in the middle of the night and become a little thief!"

"Since it's here, don't go back!" The voice suddenly became sharp.

And as her voice became sharp, the wind suddenly stopped, but although the wind was still, it did not disappear, but was spinning in the air.

In an instant, this ubiquitous wind turned into countless wind blades.

Each wind blade is as small as a willow leaf and as thin as a cicada's wings, shaking rapidly in the air.

Chen Feng was shocked at once, because above every wind blade, there was a powerful force that made him feel threatened.

"This wind blade is definitely not easy!"

These wind blades trembled rapidly, and suddenly there was a violent roar, rushing towards Chen Feng frantically!

Chen Feng yelled and stepped forward, blocking Zhong Yuxiu.

Pieces of willow-like wind blades slashed towards Chen Feng fiercely. Each wind blade trembled rapidly, and at the same time it produced an extremely powerful cutting force.

Chen Feng's palms blasted forward, and the incomparable martial arts gods rushed out and slapped the wind blades fiercely.

With a loud noise, Chen Feng's martial arts gods and dozens of wind blades slammed together, smashing these wind blades to pieces, turning them into spiritual energy, and directly extinguished.

And Chen Feng's martial arts gods trembled violently. The next moment, the thousands of wind blades behind him rushed over.

They trembled quickly, and quickly cut Chen Feng's martial arts gods into sporadic fragments, and then slammed into Chen Feng.

Chen Feng looked solemn and concentrated all his attention. Suddenly, he felt that all the interference was gone, his concentration was extremely concentrated, and the speed of those wind blades seemed to slow down in his eyes.

Originally, just now it was so fast that the naked eye could not catch it at all, so I could only take a very thick palm and use the face to meet the points. If it was point-to-point, it would not be able to hit it at all, because the speed was too fast.

But at this time, Feng Blade became slow in Chen Feng's eyes. After Chen Feng entered this wonderful state, he felt very comfortable in his heart, only feeling that he could see all the secrets.

Then, a smile appeared at the corner of his mouth, and his hands tapped out one after another.

Chi Chi Chi Chi, Chen Feng clicked dozens of thunder and broken star fingers one after another. Chen Feng didn't want to disturb other people, so he used this kind of relatively small martial arts.

Dozens of Thunder Broken Stars pointed out, a total of seven or seventy-nine, which is Chen Feng's current limit, he can only point out 49 Thunder Broken Stars at most.

With the martial arts **** Gang as the foundation, the power of the Thunder Smashing Star Fingers has become more powerful. The Thunder Smashing Star Fingers are extremely accurate. I can see dozens of gray rays bursting out of the air in the air, and then the points are extremely precise on those Wind Blade on.

After each Thunder Broken Star pointed on a wind blade, it quietly extinguished the wind blade.

This Thunder Broken Star Finger actually hasn't disappeared yet, but based on it, with a sneer, it continues to refract, hit on another wind blade, and continue to extinguish this wind blade.

Each thunder broken star finger refracted eight times, extinguishing the nine wind blades before finally disappearing!

Forty-nine thunder broken star fingers annihilated hundreds of wind blades, and even the gray light curtain that quietly dispersed when the thunder broken star fingers finally disappeared and disappeared covered the wind blades. Broken directly.

However, the number of wind blades is too much, there are a few thousand, even if so many are destroyed by Chen Feng, it is still overwhelming, and it is close.

Chen Feng took a deep breath, suddenly turned his back, facing Chong Yuxiu, and then embraced her in his arms.

Chong Yuxiu exclaimed, his face flushed instantly, his heart beat wildly, and a voice in his heart shouted: "What is Chen Feng doing? What is he doing?"

But then she reacted, and her heart was instantly moved.

She knew that Chen Feng was using his own body to protect herself.

Countless wind blades cut on Chen Feng's body and exploded directly.

Chen Feng's physical strength is already very high. However, since he broke through and entered the Divine Gate Realm, he has not practiced a special body-building exercise. Therefore, the physical strength is only better than those of the same level. Those who practice body-building exercises every day!

After the wind blade exploded on the surface of his body, at first it only scorched his skin black, and one or two small wounds appeared. Then, the wind blade was overwhelming and constantly blasted on it.

Eventually, the small wound grew bigger and bigger.

boom! As the last dozen wind blades exploded on the surface of Chen Feng's body, in the end, Chen Feng's body was covered in blood and blood, and countless huge wounds were blown out, and the bones and internal organs could even be seen inside!

If Chen Feng had specially practiced body-building exercises and martial arts, then he would definitely not be so embarrassed now!

The voice in the depths of the bamboo forest giggled: "Haha, Chen Feng, it seems I overestimated you! Although your offense is very sharp and fierce, your defense is a mess."

"I haven't practiced a special body-building exercise. The physical strength is only twice as strong as that of a martial artist of the same level. For those who have practiced a special-type exercise method, as long as the level of the exercise is above the third rank of the earth-level, the physical strength At least ten times that of warriors of the same level!"

"In that case, my wind blade is useless! But it's a pity..."

As she said, she gave out a giggle!

Chen Feng's eyes were cold, and he slowly uttered three words: "Yu Wenzhen!"

"Oh! It seems that Young Master Chen Feng has a really good memory. After so long, he can remember my name."

Chen Feng did not speak, and Yu Wenzhen then said coldly: "Chen Feng, I won't forget you!"

Her voice suddenly became extremely resentful: "Chen Feng, do you know how much you have caused my Yuwen family to suffer?"

"Black and white Shuangsha is the worship of my Yuwen family for many years, and it is as great as a mountain to my Yuwen family. To me, it is not only a subordinate, but also a family member."

[Chapter 1472: Chen Feng's trump card!](#)

"Their death is equivalent to the high-end combat power of my Yuwen family. A small half has been removed, and it has cost me two elders who are like relatives!"

She yelled coldly: "You dared to bring it to the door by yourself. It's just looking for death. It just so happens that I will abolish you today! To vent my hatred!"

Chen Feng said lightly, "Oh? Really? But it's a pity that you can't kill me today!"

Yu Wenzhen's voice came over, filled with disdain: "Chen Feng, I didn't expect you to be such a person. I originally thought that although you are hostile to me, you are at least an upright gentleman."

"Unexpectedly, you turned out to be an arrogant person who can only speak loudly at this time. Do you think you have any hope of defeating me today?"

"Don't forget, you are already seriously injured!"

"Oh? Really? I'm already seriously injured? That's why you have so much confidence to defeat me, right?"

A weird smile appeared at the corner of Chen Feng's mouth and said: "It seems, Yu Wenzhen, your own strength should be nothing more than that, otherwise you should have appeared long ago!"

"You fart!" Yu Wenzhen's voice suddenly became fierce, annoyed into anger, with a little vain: "Chen Feng, believe it or not, I can kill you now!"

Chen Feng suddenly laughed: "I really don't believe it!"

As he said, he suddenly turned around and said to Zhong Yuxiu, "You follow me, don't stop even one step, I will block you with my body."

If you change to another woman, most of them are already crying and crying at this time, but at this time, Zhongyu Xiu still has a calm face and nodded heavily, without the slightest panic.

After experiencing the disaster of extinction, she is now like a rock!

Chen Feng suddenly accelerated, strode forward, and rushed away frantically.

Yu Wenzhen really let out a sharp laugh: "Chen Feng, you really do not live or die!" *nOvelusb.cOM*

As he said, the sound of the wind rose again, forming abruptly among the bamboo forests.

Then the next moment, the sound of the wind stopped and turned into countless wind blades swept towards Chen Feng, like a storm of sword blades.

Chen Feng Lei Ting Broken Star pointed out that, like just now, hundreds of wind blades were destroyed, and then the remaining wind blades swept directly toward Chen Feng, exactly the same as before, without the slightest difference.

Once again, countless wounds were cut from Chen Feng's body. This time, he did not have an inch of good meat on his body. Large swaths of white bones and internal organs were exposed. It looked scary and terrifying.

Chong Yuxiu bit his lip and looked at Chen Feng with worry.

Yu Wenzhen was extremely proud: "Hahaha, I didn't expect Chen Feng, you are such a stupid idiot, so you rush forward so straight! It's so easy to deal with people like you!"

Chen Feng smiled coldly: "Really?"

At this time, most of his life was gone, but he still gritted his teeth and rushed forward without fear.

As a result, the wind rose again, and the wind rose again, and the sword blade storm swept in madly.

After this time, Chen Feng was already seriously injured and dying, and only breathed out.

He couldn't hold it anymore, and fell to the ground with a bang.

At this moment, Chen Feng felt that he was about to die in pain.

Yu Wenzhen laughed and said, "Chen Feng, you are almost dying, do you know? I think you have any abilities!"

Chong Yuxiu's eyes flashed with regret, but she was full of confidence in Chen Feng and did not say any discouraging words. She firmly believed that Chen Feng must be able to do it!

At this moment, Chen Feng suddenly raised his head and looked into the depths of the bamboo forest. There was a smile on his face without any panic. On the contrary, he was full of self-confidence, as if he was holding a winning ticket.

Seeing this smile, Yu Wenzhen's heart jumped suddenly, and a very bad feeling suddenly surged!

Chen Feng said slowly: "You have said so much, and your position has been exposed. What do you think I told you just now for?"

"Hahahaha, I just want to see through your position! Just now, you have used the wind blade three times, and I can clearly feel that these three wind blades are weaker than once!"

"I tried it myself with my body. If these three times were as strong as the first time, now I am dead!"

"Your own strength is limited, even if you use the ability of certain formations in this bamboo forest, how many more times can you use the wind blade? It will be at most once!"

Chen Feng's voice was deep and powerful, and Yu Wenzhen's voice was filled with unbearable panic: "What if it can only be used once? You can still kill people! You are dying now!"

Chen Feng smiled and said, "Yes, it is logically speaking, but it is a pity that there are always so many variables!"

With that said, a green pill suddenly appeared in Chen Feng's hand, and he took it directly into his mouth!

At the entrance of the medicine pill, in an instant, the extremely surging aura burst into Chen Feng's body. This aura was extremely turbulent and pure, and the speed of transformation was also extremely fast.

With a single brush, almost instantly, it transformed into Chen Feng's martial arts god.

The long river of martial arts in Chen Feng's dantian was already almost dry. After he was seriously injured, it has not been filled up. At most, it was only 50%.

But at this time, this martial art Tianhe suddenly became extremely full.

Countless martial arts gods rushed crazily inside, and the turbulent waves hit the shore, making a crashing sound!

Chen Feng was horrified. The magical power contained in this pill was second. The most important thing was that the effect was too good. The speed of transformation was too fast, and it took effect immediately after brushing it.

Chen Feng's strength instantly recovered to ten percent, or even stronger, to the realm of twelve percent!

Then, the surging martial arts gods rushed in his body, healing Chen Feng's injuries.

Suddenly, on Chen Feng's body, white bones grew muscles, blood surging, countless injuries recovered instantly, all congestion was discharged from the body, and all dark diseases were cured in an instant.

A pill! It was just this pill that not only restored Chen Feng's strength to its peak, and all his injuries were cured, but it also gave him a vague feeling of breaking through.

Chen Feng felt that he might even break through to the sixth level of Martial Sovereign Realm at any time!

Chen Feng was extremely surprised, and even more grateful and awed to Gu Xifeng. The big names of the Alchemist Association are too strong, and the refined medicines are simply unimaginable!

This is Chen Feng's first hole card.

Seeing Chen Feng recovering from all his injuries, Yu Wenzhen in the depths of the bamboo forest exclaimed: "How is it possible? How can you have such a miraculous pill?"

[Chapter 1473: Unity of man and nature?](#)

Chen Feng laughed: "That's because you are so insightful!"

As he said, he let out two long howls, rushing wildly towards the depths of the bamboo forest at an extremely fast speed, like a flash of lightning, which greatly exceeded Yu Wenzhen's expectations.

Yu Wenzhen never expected that his strength would recover so strong, which caught her off guard!

In a blink of an eye, Chen Feng had already approached the depths of the bamboo forest.

Yu Wenzhen gritted his teeth and said with a sharp smile: "Chen Feng, do you think I can't deal with you this way?"

The wind sounded again, the wind blade regenerated, and then countless wind blades slammed toward Chen Feng.

Yu Wenzhen laughed and said, "What if you recover your strength? It's nothing more than let me kill again!"

Chen Feng sneered: "Really?"

Suddenly, there was a wave in his spiritual world, and the transparent divine light suddenly released, and then with a bang, eight huge air barriers suddenly appeared around Chen Feng's body.

After Chen Feng's strength has greatly improved, the killing cage has been able to be used to the highest level, and the eight barriers directly went out, blocking all the wind blades outside, and it was strong, and no wind blade could hit Chen Feng.

Yu Wenzhen let out an unbelievable exclamation: "What? What is this method? You obviously didn't use any weapons!"

"I didn't feel your martial arts gods at all. You didn't need to use martial arts gods to use such a powerful move? What kind of martial arts is this?"

Chen Feng did not answer. He had tolerated and did not use the killing cage before, just to paralyze Yu Wenzhen, just for this moment.

At this time, his speed was not affected in the slightest, and with a swish, he came directly to the edge of the bamboo forest.*novElusb.com*

Yuwenzhen was very surprised. This was her second miscalculation. She thought that the wind blade could at least block Chen Feng for a while, but she didn't expect that Chen Feng had paralyzed her before, and only used such a killer move at the last moment.

And Chen Feng did this to fight for the loss of her consciousness, in an unexpected moment!

There is a moment of time, and sometimes it is a powerful factor that can determine life and death!

Chen Feng's eyes flashed, all he wanted was this moment of time!

Thanks to Yu Wenzhen's loss of mind, Chen Feng had already been killed out of the bamboo forest. Besides the bamboo forest, it turned out to be the bamboo forest.

It turned out that what appeared in front of Chen Feng was a wooden house in the forest.

There is a stream surrounded by water in front of the house, white rocks are rugged, and the stream is ding-dong, very quiet.

Behind the stream, a young girl, dressed in mysterious clothes, was blowing in the wind and her hair fluttering.

Her face was extremely white, her clothes were extremely black, and her hair was extremely black, and her whole body was in the wind and under the night, revealing an indescribable style.

But Chen Feng knew that her style was full of viciousness.

On her knees, there is a jiaoweiqin. At this time, her hands are on the jiaoweiqin, and her hands are constantly fluctuating on the strings, but there is no sound at all, but the air is constantly surging.

As the air swelled, a gust of wind quietly rose.

This person is Yu Wenzhen, and Chen Feng also understands when he sees it here, it turns out that this wind blade was made by Yu Wenzhen playing the piano!

Chen Feng looked at Yu Wenzhen, and said lightly: "Yu Wenzhen, now, what are you capable of, take them out!"

The panic on Yu Wenzhen's face disappeared at this time, she suddenly giggled, looked at Chen Feng and said: "Chen Feng, you don't really think that I only have that ability!"

Chen Feng smiled and said, "Then you, take out all your skills, I'm really looking forward to it!"

"Miss Yuwen's family, what is the powerful strength of such a mysterious existence!"

Yu Wenzhen smiled and looked at Chen Feng: "Chen Feng, are you sure? But if you watch it, you won't be able to leave anymore! I will never allow others to know my true strength!"

Chen Feng smiled coldly: "I didn't plan to leave like this today, either you die or I die!"

"In this case, you die and I live!"

Yu Wenzhen made a long roar, which was a bit more rigid. Her hands played on the Jiaowei piano one after another, and the piano sound suddenly became louder.

At this moment, the extremely high-pitched syllables galloped through the air, like the sound of a bronze bell and drum, like a golden iron horse on the battlefield!

For a moment, Chen Feng felt that he was a little lost, but he shook his head and struggled out of this state, smiled and looked at Yu Wenzhen, and said, "What? Do you think business affairs of this intensity can interfere." me?"

A slightly surprised look appeared in Yu Wenzhen's eyes, and said, "Chen Feng, you are indeed a genius. In this case, it seems that I am going to use 70% of my strength!"

As he said, he pressed his hands on the Jiaowei Qin and jumped up into the air, his black hair fluttering, black clothes floating, floating like an immortal.

A bright color suddenly appeared in her hand. It was a five-foot-long sword. The sword was as mournful as water under the moonlight. The momentum from above was extremely feminine, but extremely powerful, full of destructive power.

What shocked Chen Feng was that although she left Jiaoweiqin, the strings of Jiaoweiqin trembled by herself, and the syllables continued to be heard.

The Jin Ge and Iron Horse's spirit became stronger, Yu Wenzhen let out a scream, and the long sword in his hand pierced towards Chen Feng at an extremely fast speed.

At this moment, it was the union of man and sword!

Man and sword are integrated, man is sword, sword is man!

Chen Feng exclaimed: "Human sword is one? Your swordsmanship has reached such a level! This requires a strong understanding of kendo to do it!"

Yu Wenzhen laughed: "It's more than that!"

At this time, all the aura of Jin Ge Iron Horse poured into her body, and she saw her body suddenly exuding a very strong atmosphere of conquest on the battlefield, just like a veteran for the rest of his life, and this world is also filled with one. The extremely tragic breath!

So in an instant, Yu Wenzhen merged with this world.

This time, Chen Feng's face was even more shocked. It turned out to be: "Heaven and man are one! Integrate with heaven and earth!"

It is not the unity of man and sword, but the unity of heaven and man!

This time, Chen Feng was really shocked. With his current strength, he can achieve the unity of man and knife, but it is far from the integration of heaven and earth, and the unity of heaven and man, and Yu Wenzhen is actually can do!

You know, after the unity of heaven and man, it almost represents that man is the sky, and the sky is the man. It is enough to use the power of this small heaven and earth to crush the opponent fiercely!

No matter how strong a person is, how can he contend with a small world?

Chen Feng felt that with Yu Wenzhen's sword piercing, the world in front of him seemed to collapse, and the whole world seemed to be pressed towards him.

[Chapter 1474: Arrogant!](#)

Chen Feng was horrified: "This trick is definitely not something I can resist. The power of this trick has even reached the eighth level of Martial Sovereign Realm!"

Yu Wenzhen coughed twice. She was obviously vomiting blood. Obviously, this trick was extremely difficult for her, and she could only use this sword.

But it was enough. She looked at Chen Feng and whispered, "Chen Feng, with this sword, you will definitely die!"

There was a triumphant smile on her face, and she even began to hum a weird little tune, like a mountain ghost singing at night, beautiful and weird at the same time!

Chen Feng didn't feel any panic. He just used all his strength to sense. Suddenly, Chen Feng felt a flaw.

The world in that place was faintly unstable and a little weak.

Chen Feng immediately understood, and he shouted loudly: "Yu Wenzhen, I know, you haven't reached the realm of the unity of heaven and man, you just used the sound of the piano to disturb my audiovisual!"

"At the same time, the sound of the piano can elevate your realm and increase the power of your sword!"

"You use the sound of the piano to blend this small celestial body that is no more than a few hundred meters away. It is not at all integrated with the whole world!"

Yu Wenzhen was yelled by Chen Feng to break the futility of this sword, her face changed drastically, but she gritted her teeth and said, "So what? You can still kill you!"

Chen Feng smiled coldly: "Really? Are you sure?"

He laughed loudly and said: "If you are truly one with this world, I have nothing to do with you, but since this is the case, as long as you are both inside and outside at the same time, you can naturally break you!"

As he said, Chen Feng's left hand suddenly appeared with a transparent divine light, and with his right hand, he held the big arrow that had just been condensed, and opened the bow to shoot!

Shooting the sun arrow, burst out, and a round of small sun blasted towards Yu Wenzhen's sword.

Then the next moment, he raised the Dragon Slaying Knife high and shouted loudly: "Thunder storms into the sky and breaks the stars!"

Three thunderclouds suddenly formed, nine thunder pillars crashed down, white light flashed, and dozens of miles nearby were shone brightly, and the night sky was directly illuminated.

I don't know how many powerful people in the big family are nearby. They are suddenly awakened, and they rise in their clothes, paying attention to the battle here!

Chen Feng's brain at this time. With extremely accurate calculations, the transparent divine light had already returned to Chen Feng's spiritual world.

At this time, the power of the transparent divine light radiated sharply, centered on Chen Feng, and then stretched out countless tentacles like spider silk, which constantly sensed the position of the nine thunder pillars and the sun shooting arrow.

Because Chen Feng had to ensure that the two bombarded it at the same time, so that he could break this sword, a sword that he relied on!

As long as the two are slightly staggered in time and cannot attack both inside and outside at the same time, then they cannot be broken.

After all, Chen Feng's power is very different from the power of this sword!

Yu Wenzhen laughed disdainfully: "Your two tricks are really powerful, but it is extremely difficult to break my sword, unless you attack them at the same time, but do you think it is possible?"

"If you want to achieve such precise control, unless you are a soul master and your mental power is very strong, but do you know how rare a soul master is?"

But the next moment, her triumphant smile solidified on her face, and she shouted in surprise: "How is it possible?"

Because at this moment, the shooting arrow and thunder rushing into the sky smashed the stars at the same time on his sword, extremely accurate, without the slightest time interval.

With a loud bang, Chen Feng only felt that the world in front of him was shaking, and the scenery seemed to be broken!

Then with a bang, like jade shattered, the whole world turned into countless fragments and collapsed.

The small world he constructed was crushed by Chen Feng at the same time.

The immense power of shooting sun arrows and thunderbolt rushing into the sky and breaking stars also blasted Yu Wenzhen.

With a loud bang, Yu Wenzhen screamed, and was blasted out, hundreds of meters away, blood was spilled in the sky, and multiple wounds appeared on her body.

Sun-shooting arrows and thunder rushing into the sky and broken stars are also vanished at the same time!

Chen Feng could see clearly, how could there be any creek in the foreground at this moment? Where is the wooden house? It's still a bamboo forest!

Yu Wenzhen fell on a bamboo leaf, lightly touching the bamboo leaf with her toes, her figure undulated, but she didn't fall down at all, showing an extremely subtle light work.

Holding Jiaoweiqin in her hands, she looked at Chen Feng and said in shock: "You? How could you possibly?"

Chen Feng smiled slightly and said: "It's really a coincidence, it's just a little bit, it just happens to be a soul master!"

"So you turned out to be a soul master, no wonder, no wonder!"

She murmured: "No wonder the trick you used before is a bit familiar to me, it should be a barrier to mental power!"

Chen Feng nodded: "That's right!"

He looked at Yu Wenzhen and said lightly: "Yu Wenzhen, what do you have now, just use it!"

Just as Yu Wenzhen was about to speak, she suddenly groaned and couldn't help it anymore, and a mouthful of blood spurted out.

It turned out that she was already seriously injured, and she was just holding on!

Chen Feng smiled and said, "You are injured."

"Yes, I was injured, but unfortunately, even so, I can keep you!"

As she said, she giggled: "Brother Xu, come out!"

When the voice fell, a man in a blue shirt walked out slowly while the bamboo forest was separated.

He looked at Yu Wenzhen and smiled: "Miss Yuwen, you finally figured it out."

Yu Wenzhen took a deep breath, as if he had made a decision: "I figured it out. I promised you that I can marry you, but..."

"But what?" the blue shirt man said eagerly.

He didn't look at Chen Feng from beginning to end, just as if Chen Feng didn't exist, he was extremely contemptuous.

"But you want to kill him!" Yu Wenzhen pointed to Chen Feng.

At this moment, the man in the blue shirt looked at Chen Feng, his mouth curled, and he smiled disdainfully: "On this condition?"

He was extremely disdainful and laughed loudly; "Miss Yuwen, haha, it's too simple, wouldn't it be easy to kill him? Just move your fingers and it's enough!"

Chen Feng frowned: "Who is this person? So arrogant?"

It seemed that he said that by killing Chen Feng, he would be able to kill Chen Feng. He was so loud that he didn't put Chen Feng in his eyes.

The man in the blue shirt smiled and said: "Introduce yourself, I am Shui Changxu!"

"Our Shui Family, for generations, have been from the Great Qin Family. Although we can't compare to the Four Great Hou Mansions, we are only a little worse, and even the strength is not worse than a few Hou Mansions!"

Yu Wenzhen chuckled, and echoed: "Big Brother Xu said all right, the Shui Family, but it is known as the first one under the Four Hou Mansions! And I heard..."

She looked at Shui Changxu and Jiao Didi said: "This time the Shui Family has made great contributions in the battle to conquer the swamp of death and opened up 50,000 li of territory for the Qin Dynasty. The Sage intends to make the Shui Family Patriarch Hou Ye!"

Shui Changxu was very happy. He laughed and said, "Miss Yuwen, what you said is correct. My Shui family will soon be named Master Hou!"

He looked at Chen Feng arrogantly, and said: "Untouchables, I am not grateful to kneel down and kowtow when I see my future young master?"

[Chapter 1475: Sixth Grade Soul Master!](#)

He took it for granted, as if Chen Feng should kneel for him.

Chen Feng smiled and said, "What if I don't kneel down?"

"Untouchable, you are really brave, but if you dare not kneel down, then you have to teach you a lesson you will never forget." Shui Changxu said coldly.

Chen Feng said lightly: "Yu Wenzhen, is this the rescuer you hired?"

Yu Wenzhen chuckled and said, "Brother Xu happened to be a guest at my house, which coincided with the meeting, but I did not invite it!"

Chen Feng didn't believe this nonsense.

He looked at Chen Feng with a ferocious chill in his eyes: "Speaking of which, you and our Shui Family can't be regarded as having no grievances and no grudges!"

"Our Shui family has a branch. In Qingzhou, the most proud disciple of the clan died in your hands!"

"Oh? Shui Family? Qingzhou?" Chen Feng immediately remembered, and said, "Shui Wuhen, right?"

"Yes, it's just that there is no trace of water."

Shui Changxu said lightly: "It's just a small branch of people, even if they are called geniuses in their branch, in my eyes, he is not worth mentioning, but after all, he is a member of our Shui family, I naturally want to He took revenge."

He lifted his chin, and said proudly: "Anyway, it's easy to kill you, but it's enough to kill you with just one touch."

Chen Feng said lightly: "Are you so confident?"

"Of course!" Shui Changxu showed an arrogant smile with everything under control, and said: "You are in front of me, it's not worth mentioning, I want to kill you, so easy!"

As soon as he moved, Chen Feng did not feel any fluctuations in the martial arts gods, but Shui Changxu actually floated like this, hanging in the air.

He looked down at Chen Feng and sneered: "What you rely on is nothing but the power of a soul master, and I happen to be a soul master too!"

"Moreover, stronger than you!"

"I, have reached the realm of a sixth-grade spirit master!"

He opened his arms, his face was arrogant, and he looked like he was sure of winning.

Chen Feng's complexion did not change, but his eyes were cold.

The other party was also a soul master, and it really exceeded his expectations. Moreover, the sixth rank spirit master far surpassed Chen Feng's current spirit master level.

Shui Changxu stretched out his arms, and another momentum burst into the sky.

Chen Feng immediately distinguished, this momentum is exactly the power he is very familiar with, the power of the soul-man!

Shui Changxu suddenly smiled: "Sister Zhen, please play the piano for me!"

Yuwenzhen nodded with a smile, and the Qiqiqin in her hand suddenly dropped out and threw it towards the depths of the bamboo forest.

The strings of the Jiaoweiqin kept slashing across the bamboo leaves and branches, making a babble and babble sound, fierce and generous.

The momentum of this golden horse and iron horse was even more than ten times higher than just now, and Chen Feng found that the scenery in front of him immediately changed.

Just now it was a small bamboo forest, elegant and calm, but now it is on an island.

Egrets flew around, and the blue ocean was everywhere.

At the foot, there is a white sand beach, endless.

Only at this time, the white sandy beach has been dyed red by blood!

Chen Feng found that there were corpses everywhere around his body, human corpses, and monster corpses.

There was a cloud of blood floating in the sky, and the extremely strong smell of blood gathered in the air, and the sea in the distance, in an instant, turned from blue and clear to a blood-red, it turned into a sea of blood!

In the sea of blood, there are countless corpses floating, there are as many as tens of thousands at a glance!

Chen Feng was horrified: "This, this is the illusion that you used to condense with your mental power! You use the sound of the piano as a medium to condense the illusion with your spiritual power, almost reaching the ability to create the space of the soul!"

He was indeed shocked. He didn't expect this Shui Changxu to be so powerful!

A huge voice came from above Chen Feng: "You actually also know the space of the soul?"

Chen Feng said coldly: "Of course I know!"

He looked up and saw Shui Changxu slowly standing up from the sea.

His figure is indomitable.

Deep water, but just over his ankle!

The blood-colored setting sun above the sky only reached his waist!

His whole person is tens of thousands of feet high. In front of him, Chen Feng is as small as an ant.

A triumphant smile appeared on Shui Changxu's face: "Chen Feng, since you know the space of the soul, then you must have obtained the relevant cheats."

He immediately showed greed on his face and said, "Hahahaha, I have been searching for this kind of secret book all the time. Do you know how rare it is to be able to create a secret book that mixes space?"

"But I didn't expect it to be obtained by you, a trash boy!"

"This time, if I kill you, I can get the cheat! Hahaha..."

He was extremely proud, and greedily squeezed directly towards Chen Feng: "Boy, take it to death!"

His aura was overwhelming, and his giant palm seemed to be slow, but in fact it pressed down extremely quickly.

Chen Feng was shocked, feeling that he could be directly crushed to death by this force.

He was very surprised: "This Shui Changxu is really a genius. He has no secrets to create the space of the soul, but he used the sound of Yu Wenzhen's piano as the framework to create such a space of the soul!"

The powerful existence of the Soul Person Space was definitely not a realm that Shui Changxu could touch, but he completed it in a different way.

He is extremely powerful here, of course, it is definitely not up to the level of the soul-man space, the master is a **** inside, but it is also very powerful.

This can be regarded as a false soul space.

Chen Feng was extremely fast and rushed outwards, but he found that he could not run away at all.

Shui Changxu chased forward with a stride, took a step, took a palm shot, and shot Chen Feng away dozens of miles away, from here to the other side of the island.

Chen Feng spurted blood, his bones were broken, and he was already injured.

But in his eyes, there was a touch of ecstasy: "Sure enough, the soul-man space constructed by Shui Changxu using this method is not as powerful as the real soul-man space, and he is definitely not doing what he wants inside!"

"If it's a real soul-seer space, he can even kill me directly with a thought, but he still has to do it here! This is my opportunity!"

"At this time, he is certainly powerful and incompetent, but I am not without chance!"

Chen Feng gritted his teeth, and suddenly there was a flash in his hand, and the black pill appeared as if it contained a starry sky, and he swallowed it directly.

The little demon disintegrates the **** pill!

As a result, Chen Feng's momentum suddenly rose, and Chen Feng felt a huge shock all over his body. In his brain, there was first chaos and then extremely refreshing.

That martial arts Tianhe, directly from more than two thousand meters long to five thousand meters long, the number of martial arts gods inside has tripled!

[Chapter 1476: Break, continue to break!](#)

Chen Feng actually broke through to the five peaks of Martial Sovereign Realm, and finally broke through!

And Chen Feng's momentum is still rising, constantly improving.

His martial arts Tianhe continued to grow, and with a boom, it reached a length of six kilometers, and then that chaotic and refreshing feeling suddenly spread, and Chen Feng actually broke through to the sixth level of the Martial Sovereign Realm.

He squeezed his fist, feeling very powerful.

"This pill actually directly allowed me to break through two realms in a row!"

Of course, Chen Feng knew that this was temporary. He doubled his strength in a short time, but after the effect of the medicine, his strength would fall again.

But, enough!

Chen Feng's current strength of the sixth level of the Martial Sovereign Realm is already comparable to an ordinary eighth level of the Martial Sovereign Realm, or even a master of the 9th level of the Martial Sovereign Realm!

Chen Feng's aura spread over the sky, facing the huge Shui Changxu, slammed into it, and there was no wind.

Shui Changxu exclaimed, "What kind of pill are you swallowing? How can it be so powerful?"

Chen Feng laughed, his dragon-slaying knife in his hand was like a toothpick, and he pointed directly at the sky with ease, then the blood cloud in the sky dissipated, and nine thunderclouds formed directly.

The number of thunderclouds has increased to nine!

Under each thundercloud, there is only one thunder pillar, but this thunder pillar is extremely thick, with a diameter of ten meters, ten times the original thickness, and a length of hundreds of meters!

A thundercloud, a thunder pillar, each thunder pillar is dozens of times more powerful than before!

Then, these nine thunder pillars slammed down fiercely, and Chen Feng's thunder rushed into the sky to break the stars, and he had reached the highest level!

Nine thunder pillars hit Shui Changxu's body fiercely. Shui Changxu was so huge that he couldn't avoid it. All the nine thunder pillars fell on his head.

He let out a muffled snort and took a step back. There was blood overflowing in his nose and in the corners of his mouth.

This time, it turned out that he was slightly injured.

Then Chen Feng, the transparent divine light reappeared, and the sun-shooting arrow shot out. The little sun also bombarded him fiercely, making him muffled again.

This time, he vomited a mouthful of blood!

Shui Changxu panicked and shouted: "You, how could you hurt me?"

Chen Feng curled his lips in disdain, and said, "It's just a false space condensed by the sound of the piano. I really think it is a clever method. You are not omnipotent here, why can't I hurt you? ?"

"you wanna die!"

Shui Changxu was crazy, attacking Chen Feng frantically.

He was really crazy, his strength soared, and Chen Feng was beaten into a panic.

At this time, Chen Feng's strength was still inferior to him after all, and Yu Wenzhen's strength was far beyond his expectations.

Soon, Chen Feng fell to the wind and was hit one after another, spurting blood, and his injuries became more and more serious.

A trace of anxiety flashed in his heart, knowing that if this continues, it must be himself who will die in the end.

At this moment, Chen Feng suddenly felt that there was something in his mind.

Chen Feng immediately observed carefully, and then discovered that this turned out to be the essence of the Little King Kong Art.

He immediately moved in his heart and began to comprehend the Little King Kong decision.

Previously, Chen Feng had enlightened him no less than ten times, but none of them yielded results because his strength was too low.

And now, Chen Feng has reached the sixth level of Martial Sovereign Realm, more than enough to comprehend it.

The speed of Chen Feng's enlightenment suddenly became extremely fast, and in a blink of an eye, he knew the profound meaning of the Little King Kong Art.

Chen Feng sighed softly: "It turns out that the Little King Kong Art is like this!"

"The secret of Xiaojingang Jue turned out to be the transformation of the martial arts gods into the power of Xiaojingang, and the power of Xiaojingang is extremely pure and extremely powerful, and the power of each Xiaojingang power is equivalent to ten times the number of martial arts. !"

"If you train the Little King Kong Art to the realm of Dacheng, and convert all the martial arts gods into the power of Little King Kong, your strength will suddenly increase tenfold. Of course, it is still a long way to reach that state!"

A wry smile appeared at the corner of Chen Feng's mouth: "What's the use of enlightening it now? Before I can convert how many martial arts gods into the power of King Kong, I will be killed by him, it is too late. ."

"If there is an inner alchemy, it would be faster, but unfortunately, even my inner alchemy is already broken."

But at this moment, suddenly, a long-lost thing appeared.

This thing that appeared turned out to be Chen Feng's great asura image.

At this time, above this great asura, the golden light shone, and it was full of strong Buddha nature. It was not hideous at all, but seemed compassionate and forgiving.

The Great Asura Faxiang directly appeared in Chen Feng's dantian, descended on the martial arts Tianhe, drifting slowly.

And Chen Feng was shocked to discover that where the Great Asura's Faxiang went, to be correct, it was the place where the golden light and Buddha nature shined, and the martial arts gods turned directly into a powerful golden power.

These powers are strands, each strand is extremely powerful, exuding a tyrannical aura, at least ten times more than Chen Feng's martial arts god!

Chen Feng immediately realized that this is the power of Little King Kong!

The Great Asura's Dharma image keeps wandering, and the golden light and Buddha nature keeps spilling on Chen Feng's martial arts gods, constantly transforming into the power of Little King Kong!

Chen Feng was so shocked that he discovered that as the Great Asura's dharma image continued to move forward, as the Great Asura's dharma image continued to cast down the golden light and Buddha nature, this golden light and Buddha nature became weaker and weaker.

In the end, when the wandering reaches one-third, the golden Buddha nature finally disappears.

However, this is enough!

A full one-third of Chen Feng's martial arts gods had been transformed into the power of Xiaojingang, which meant that Chen Feng's strength had tripled.

Chen Feng roared up to the sky, his whole body was full of tyrannical power. In his dantian, the great Ashura Faxiang quietly flashed to the end of the martial arts Tianhe, and fell silent.

On the surface of Chen Feng's body, a faint golden light shone, which was the power of Little King Kong.

Shui Changxu immediately felt an incomparably powerful force and extremely powerful threat from above the golden light. He exclaimed, "What is this again?"

He feels that his emotions are about to collapse. This Chen Feng is really a magic weapon. Whenever he thinks he is going to die, his strength will be greatly improved!

Chen Feng smiled and looked at Shui Changxu, and suddenly said softly: "It's over!"

Above the sky, nine thunderclouds appeared again, but this time the nine thunderclouds were not the black before, but the black was inlaid with gold edges.

Above the nine thunder pillars, a strong golden light exudes, the spirit of compassion is strong, and the Buddha nature flickers.

It seemed that all the demons couldn't escape here, and the nine thunder pillars slashed fiercely, and the whole world was shaken violently.

[Chapter 1477: found it!](#)

After Shui Changxu was smashed, he let out an extremely screaming scream, and his body broke apart.

In the next moment, this pseudo-soul space created by him also collapsed directly.

A smile appeared at the corner of Chen Feng's mouth, looking at his fist, there seemed to be a golden thunder in his palm, constantly rising and falling.

One move, just one move, he directly smashed this pseudo-soul space.

Chen Feng sighed slightly, the power of Little King Kong was so powerful.

Reappearing in the bamboo forest, Shui Changxu never had any strength to fight back. He was covered in blood and was already seriously injured.

He glanced at Chen Feng with a bitter face and screamed: "Chen Feng, wait for me, I won't let it go!"

With that said, and Yu Wenzhen escaped.

Chen Feng didn't catch up. His purpose of coming to Yuwen's house this time was not to kill, but to seize the heart of Honglian.

The two of them fled, just as he wished, otherwise they would be distracted to deal with them.

After leaving the bamboo forest, the two walked forward about several tens of meters, and a rockery appeared in front of them.

Above the rockery, there is a small entrance, and the entrance is extremely deep, and I don't know what the consequences are.

Chong Yuxiu said to Chen Feng with some concern: "In this rockery, it may be more dangerous."

Chen Feng looked up and down the rockery, which was about a hundred meters high, and he knew that it was built by man.

A smile appeared at the corner of Chen Feng's mouth, and said, "Isn't it afraid of the dangers of walking this way? Then let's not go this way!"

As he said, he suddenly punched out.*novELu\$b.cOm*

With a bang, it hit the rockery heavily, and with a bang, the light waves flickered on the rockery, but the mountain was unharmed.

A smile appeared at the corner of Chen Feng's mouth: "Oh? It seems that there is a magic circle carved on the rockery. The rockery is protected. Since one punch is not enough, then another punch!"

As he said, it was another punch.

At this time, the light wave flickered more intensely, but then it dimmed, and then Chen Feng gave another punch.

After the third punch, Jianshan was directly shattered and turned into countless huge boulders, flying around.

The entire rockery disappeared in an instant, and a large pit with a radius of several hundred meters appeared where the rockery was located.

Chen Feng jumped down, and in the middle of the big pit, there was a huge metal iron gate with a radius of several tens of meters. Chong Yuxiu asked, "How should we get in?"

But then, she knew the answer, and Chen Feng smiled coldly, without hesitation, hitting it again with a punch!

The huge metal gate was directly twisted by Chen Feng's punch and flew out.

Below was a deep tunnel, a hundred meters ahead, and another huge metal iron gate, Chen Feng fisted again.

In this way, after walking down for thousands of meters, Chen Feng flew ten doors, and then there was a very deep tunnel in front of him.

After passing through this deep tunnel, which was thousands of meters long, the red light in front of them flickered violently. After turning the corner in front of them, the two came to a huge underground space.

In the middle of this underground space is a mysterious magic circle, and above the magic circle is a flame the size of a human head suspended.

After Chen Feng saw this flame, he couldn't help but feel shocked, and an inexplicable sense of familiarity surged.

This flame keeps changing its shape, but its shape, in the final analysis, is like a blooming red lotus, shining brightly, extremely magnificent, like a ruby carving.

It is the purest and most original red, the purest fire power!

And it seemed that the red lotus-shaped flame had the same idea as Chen Feng. After seeing Chen Feng, he actually wanted to rush towards Chen Feng directly.

However, he seemed to be trapped in a crystal cover and hit the crystal wall hard. Chen Feng seemed to be able to hear a cry from his soul.

Chen Feng didn't know what was going on, but he seemed to be able to perceive the thoughts in the heart of this red lotus flame.

He could feel that this red lotus flame seemed to be looking at him.

Chen Feng immediately understood that this is the heart of Honglian!

At this time, beside the law formation, there were two old men standing there, both of whom were white-haired and white-bearded, and they were very powerful.

When they saw Chen Feng, they immediately let out an angry roar: "Boy, get out of here!"

Chen Feng smiled coldly: "Since I have come here and can't get out, that's my business, you don't count it!"

With that, Chen Feng rushed forward quickly.

Chen Feng could see very clearly. At this moment, the two old men were sitting face to face, with their palms pressed on the magic circle, and the martial arts gods in the body were constantly instilling outwards.

Obviously, the two of them were using their own martial arts gods to enter the magic circle, and then trapped the heart of the red lotus.

And now, it is obviously a critical juncture.

They even couldn't move when they yelled at Chen Feng.

When the two saw Chen Feng rushing over, a white-robed old man showed a disdainful smile on his face: "It's just a little boy with the sixth level of Martial Sovereign. The level is two levels lower than me, how dare you be so offensive?"

"Even if I put most of my power into the magic circle now, I can definitely kill you easily!"

Chen Feng smiled and said, "Really?"

He surged out in a frenzied manner, and the Dragon Slaying Blade slashed out fiercely.

The white-haired and white-robed old man suddenly changed his complexion and said in amazement, "How can you have such a powerful cultivation base? Your cultivation level definitely exceeds your realm!"

Chen Feng is now the sixth level of Martial King Realm, but his strength has reached the eighth level of Martial King Realm, and even the ninth level of Martial King Realm.

This knife was slashed out wildly, and the old man, although he had the eightfold cultivation base of the Martial Sovereign Realm, he could only use 30% of the power, and the remaining 70% was poured into the magic circle.

He madly resisted with triple strength, but it had no effect at all and was directly broken by Chen Feng.

Then with a stab, slashed fiercely on his body, splitting his body into two directly!

At the same time, his power was out of control in the law formation. With a bang, the martial arts gods reversed and lost control, directly turning his body into a **** mist, with no bones left!

This eight-fold powerhouse of Martial Sovereign Realm was killed by Chen Feng without even having time to shout.

At this time, Chen Feng is still the strength of the sixth level of Martial Sovereign Realm, it has not faded!

The old man in the green robe opposite saw this scene, his face changed drastically, he hurriedly backed away, and couldn't care about the affairs in the circle.

The strength of the green-robed old man was stronger than that of the white-robed old man. He had already reached the ninth level of Martial Sovereign Realm, and he immediately slew towards Chen Feng.

[Chapter 1478: succeed!](#)

For a moment, Chen Feng had nothing to do with him. Chen Feng's strength at this time was even weaker than him.

Soon, Chen Feng fell into the wind and was hit by the green-robed old man, vomiting blood.

The old man in Qingpao showed extreme hatred on his face: "Boy, do you know that you ruined the big plan of Yuwen's family! You have killed me for decades!"

"Today, I must make your death so horrible and avenge them!"

After speaking, five punches in succession blasted on Chen Feng's heart.

Bang Bang Bang... Chen Feng was beaten and vomited blood, and he flew out heavily.

Chen Feng spit out blood and smiled fiercely on his face: "Not enough energy, come again!"

"Okay, good boy, it's kind of interesting! In that case, then I will fulfill you!"

The grim look on the green-robed old man's face was full, and he attacked Chen Feng frantically!

Chen Feng was hit a dozen times again, and the old man in Qingpao seemed to have seen the scene where he killed Chen Feng.

But at this time, he didn't notice that behind him, the light of the magic circle disappeared, the red lotus heart was quietly floating in the air, and the body was actually emitting a strong and fierce killing intent.

Then, in an instant, the heart of Honglian's heart rushed crazily, just hitting the back of the old man's heart.

There was a loud bang, and the old man let out a scream, the clothes on his back were directly burned into pieces of fly ash, and a wound the size of a bowl was knocked out on his back.

The wound was charred, and even the flesh had been burned to rot, exposing the bones and internal organs inside.

He kept vomiting blood and was seriously injured.

After the red lotus earth's heart fire hit, it seemed to run out of strength and became extremely sluggish and wilting.

Next to Chen Feng, he was focused on this opportunity. In the depths of the earth, he could not use the thunder to break the stars, so this time Chen Feng used the arrow to shoot the sun!

The sun shooting arrow suddenly appeared. This time the little sun was no longer incandescent, but pure gold. Its power was three times stronger than before. The pure golden sun hit the old man fiercely. With a bang, he directly smashed his upper body!

Then Chen Feng came to the front, slaying the dragon knife frantically, and after a while, it cut him into a piece of meat!

The screams of the old man in Qingpao were still echoing, and Chen Feng had already chopped him into pieces!

Seeing this scene, Honglian's Heart Fire seemed to be very excited, turning around Chen Feng, Chen Feng smiled slightly and stroked him lightly.

But then, feeling that his skin and flesh seemed to be melted directly, he quickly retracted his hand.

The temperature of the fire in the heart of the red lotus earth was so high that it exceeded his imagination.

Chen Feng estimated that at least there were hundreds of thousands of degrees, otherwise, with his current strength, he wouldn't be burned like this.

Chong Yuxiu smiled and said: "What's the matter, you got burned, right?"

"Haha, tell you, these things have to be left to me!"

As she said, she took out something like a copper-colored stove, which was known to be at least several thousand years old by looking at it. It was extremely old, with a mysterious atmosphere shining on it.

Seeing this stove, the fire in the heart of Honglian Earth seemed very disgusted and fearful, and it turned out a violent mental fluctuation, and then retreated.

Chen Feng hurriedly persuaded in a spirit wave, "Don't be afraid, don't be afraid, now I want to take you away, not to imprison you here."

After Chen Feng persuaded for a while, the fire in the heart of Honglian's heart calmed down, and then flew into the furnace with a sneer.

Chen Feng suddenly felt a shock, and Xiang Zhongyu Xiu said: "Let's leave here quickly. There is still time for a cup of tea. The time for the pill I swallowed is approaching."

Chong Yuxiu nodded, and the two quickly left here!

After less than a cup of tea, the two returned to their place of residence.

As soon as he entered the door, Chen Feng felt a tyrannical pain spreading over his body instantly.

The pain was so severe that it seemed to tear her body into countless pieces.

Chen Feng couldn't even control himself, banged. He fell heavily to the ground, his body trembling violently, his face instantly pale and cold sweat dripped down.

On the surface of Chen Feng's body, countless wounds appeared, and blood rolled out.

In an instant, he became a blood man.

At this moment, Luo Zilan had just walked out of it. Seeing this scene, Hua Rong suddenly turned pale, rushed to hold Chen Feng in her arms, and repeatedly said: "Chen Feng, are you all right? Are you all right? Don't be scared. I!"

Chen Feng tried his best and shook his head. He took a deep breath and said in a low voice, "Help me in, I'm fine!"

After a full hour of rest, Chen Feng just came over. At this time, his strength was only less than 30%, and there were countless hidden dangers in his body.

Moreover, his injury was extremely serious, and unless he swallowed a very powerful pill in a short time, he would not have a jade box at all.

A wry smile appeared at the corner of Chen Feng's mouth: "Sure enough, you have to pay such a huge price if you want to get strong power!"

He looked at Luo Zilan with a worried look beside him, smiled and said, "Sister Luo, don't worry, I'm fine."

Luo Zilan barely squeezed out a smile, and just wanted to persuade Chen Feng a few words, but she resisted it.

She knew that it was useless no matter how to persuade, there were many things that Chen Feng didn't want, but there were the same, these things, Chen Feng would insist on!

Chen Feng smiled at him, then looked at the fuchsia stove on the table, and his heart throbbed.

In any case, the heart of the heart of the red lotus finally got the fire.

The heart of Hong Lian is fierce, and Chen Feng has been lingering in his dreams for two years. When he was still in Ziyang Sword Field, he had made the idea of the heart of Hong Lian. Now thinking about it, it was really ridiculous at that time.

With his strength at that time, he might be directly burned to a mass of ashes when he was within ten meters of the fire in the heart of the Red Lotus.

But now it is not the case. Chen Feng already has the strength to subdue the red lotus heart fire and absorb it for his own use.noVelusb.com

All that is needed now is a specific method.

So Chen Feng looked at Zhong Yuxiu, smiled and said, "Chong Yuxiu, please!"

"This time the pharmacist competition, whether I can win the first place, and whether I can get the Mahayana Soul Casting Pill is all up to you."

But at this time, Zhong Yuxiu's face showed an extremely unnatural look.

There was a bad feeling in Chen Feng's heart. He only heard Zhongyu Xiu's reply: "Chen Feng, in fact, what I said before is that I know how to put the red lotus heart in a container. Transfer away, but..."

"However, I don't know how to make you absorb the fire of the heart of the red lotus and turn it into a flame for you. After all, no one has ever thought about it."

[Chapter 1479: Turn around](#)

"Our ancestors and ancestors did not dare to incorporate Profound Fire into his own body."

Having said this, she also felt very embarrassed. Looking at Chen Feng, she said timidly: "I'm sorry Chen Feng, I was wrong. I deceived you back then..."

"Wrong is wrong. I won't argue here anymore. I will suffer if you beat or scold me!"

Seeing her pitiful appearance, how could Chen Feng be able to fight again? How could it be possible to speak out?

He smiled bitterly and said, "Zhong Yu Xiu, it's not to blame you, it may be that I understood the meaning incorrectly at the time."

Chen Feng's mood became extremely depressed. He didn't expect that he had paid so much toll, and even the heart of the Red Lotus that was so miserable that he could not absorb it at all.

Being unable to absorb it means that he does not have a profound fire that he can control.

At the same time, it means that his hope of reaching the top in this pharmacist competition is almost zero.

This also means that he will not get the Mahayana Soul-forging Pill, the Mahayana Soul-forging Pill cannot be obtained, and his inner pill cannot be recovered.

The inner alchemy cannot be recovered, so in the not-too-distant future, in the Big Four Houfu Contest, it is conceivable that Chen Feng will definitely not be the opponent of those people, and it will bring a series of chain reactions.

This will make everything that Chen Feng has worked so hard to manage to collapse!

Chen Feng didn't show it in front of Zhong Yuxiu and Luo Zilan. He smiled and told them to go out first, saying that he was going to rest.

After the two went out, Chen Feng suddenly collapsed on the bed, covering his face with both hands, feeling extremely depressed.

But after a while, Chen Feng's heart was burning, his face reappeared with fighting spirit, his eyes opened, and the light was bright.

He whispered softly: "Chen Feng, what is this?"

"You have faced more dangerous situations than this, and you don't know how much despair you have faced. You have never given up. Are you going to be appointed this time?"

"Chen Feng, if you do this, I look down on you. You are really hopeless. What is this difficulty?"

"If you can't absorb it, you can't absorb it. I don't believe it and you can't find a way!" Chen Feng said to himself confidently!

At this time, Ziyue quietly appeared, looked at Chen Feng, and said with a smile: "Oh, Chen Feng, it seems that you are mentally well regulated now. You were so depressed just now, and you are better now."*novE lusB.COM*

"In this case, I don't want to tell you the good news."

"What good news?" Chen Feng's heart moved, he faintly guessed something, and immediately asked urgently.

Ziyue giggled and said: "Please beg me! If you ask, I will tell you!"

Chen Feng laughed and said awe-inspiringly: "Want me to beg you for a movie? Dreaming!"

Ziyue said angrily: "I hate it!"

But then, suddenly Chen Feng's voice became sweet and greasy, and said in a coquettish tone: "Good Ziyue, good Ziyue, please, tell me quickly!"

Ziyue let out a long tone, looked at him with disgust, and said: "Chen Feng, listen to your voice, do you know that I have goose bumps?"

Chen Feng was also suffering from a chill, and said angrily: "You let me beg you!"

"Okay, Ziyue, tell me, what good news?"

Ziyue laughed and said, "Actually, I know how to let you absorb the heart of the Red Lotus!"

"What? You know?" Chen Feng was surprised.

"Of course, this is what An Lao told me!" Ziyue said triumphantly: "How foresight we are. At that time, An Lao had already expected that you will absorb the profound fire sooner or later, and the most it is this red lotus heart fire that may be absorbed."

"After all, you have no clues about the other profound fires, so An has already taught me how to absorb the red lotus heart fire and what steps are needed!"

When Chen Feng heard this, he was extremely excited, and laughed: "Zi Yue, you really are my lucky star!"

With that said, he was actually taking Ziyue over. He gave her a hard kiss on her little cheek.

Ziyue's face flushed instantly, swollen like blood, and her whole body was stunned.

She stared at Chen Feng blankly. After a while, she stomped her feet reluctantly, and stared at Chen Feng with shame and annoyance and said, "Chen Feng, you bad guy!"

"Is it approved by others? Just relatives!"

Although she said so, her face was full of smiles, and she was extremely happy.

And at this time, in Qingzhou City, a tens of thousands of miles away from the imperial capital Wuyang City, in a luxurious mansion, a gentle young man with a robes, but a very noble temperament, suddenly opened his eyes.

His eyes were bright and scary, his face was extremely excited, and he muttered to himself: "This, this is the breath of Ziyue!"

"I feel the breath of Ziyue again. A few months ago, I felt the breath of Ziyue in Wuyang City. At that time. This breath was in Qingzhou, so I came to Qingzhou."

"However, after searching for a few months in Qingzhou, I found nothing. I was almost giving up hope, but at this time, I actually got the breath of Ziyue again."

"This time the direction of the purple moon's breath turned out to be..."

He distinguished it carefully, with a dumbfounded look on his face: "It turned out to be from Wuyang City!"

He fell into deep thought: "Is someone deliberately stalking it? Or who is playing tricks on me? Or is it a trap?"

He thought about it for a moment, and suddenly a smile appeared on his face. Haha said to himself: "Win the morning sun, win the morning sun, you really are getting less and less courageous."

"What kind of master is there in this little country of Qin, in a small place? The so-called master is nothing to worry about!"

"Who can threaten you here? What if it's a trap? You can smash the trap by stepping in!"

He stood up and laughed loudly: "Ziyue, I am looking for you, this time, you are waiting for me in Wuyang City, don't run around!"

Chen Feng and Ziyue sat cross-legged. Ziyue broke her little finger. She looked very cute, and she told Chen Feng what medicinal materials he needed to prepare.

"Chen Feng, you now need to prepare three hundred and seventy-three flavor medicinal materials, twenty-one thousand years of purple ganoderma lucidum festival, thirty-seven drops of Zhilan blood dew, born in 999 years. of....."

Chen Feng smiled bitterly: "The requirements are so demanding?"

Ziyue said: "Then what do you think? This is about whether you can absorb the important matter of selecting goods, and it is always correct to do more safely!"

Chen Feng nodded, looked at Ziyue with some surprise, and said, "Little guy, I didn't expect it, a few years have passed, and you are much more stable than then."

[Chapter 1480: Young Master of Yaoxiang Pavilion](#)

Ziyue raised her small chin triumphantly and said, "Of course!"

She has a cute expression on her face, "praise me, come and praise me".

Chen Feng looked at it and couldn't help but stretched out his hand and squeezed her face.

Suddenly, Ziyue jumped up as if thinking of something, and pointed at Chen Feng with her hips akimbo and shouted: "What do you mean? You mean I was very unstable and jumpy before, right?"

Chen Feng smiled: "You just heard it?"

The two laughed a lot, then went on to talk about business.

Ziyue said all the medicinal materials he needed, and Chen Feng wrote it down and made a special list.

He did not plan to divide this list into several parts and buy them in different stores, because the medicinal materials on this list are only used to absorb the red lotus core fire, and can only be used to absorb the red lotus core. Fire, this kind of profound fire, has no effect on other profound fires, so Chen Feng is not afraid of others stealing it.

Early the next morning, Chen Feng left where he lived and hurried to Yaoxiang Pavilion.

Today is the time to rest. After entering the third round and screening out most of the people, the Alchemist Competition will be suspended for three days. This is also an important reason why Chen Feng dared to go to Yuwen's house to grab the heart of the Red Lotus.

When he arrived at the Yaoxiang Pavilion, that Xiaoer already knew him, and took Chen Feng directly to the seventh floor, and found Lu Dongshan.

"Yo, Chen Feng, Master Chen?" After seeing Chen Feng, Lu Dongshan immediately got up to greet him, smiled and looked at what he said: "Master Chen Feng, the terrible thing you did yesterday is very shocking. what!"

"Oh?" Chen Feng raised his brows: "What do you mean?"

"Haha, Young Master Chen, you don't have to hide anything from me. Besides, the story of your visit to Yuwen's house last night has spread throughout Wuyang City. Who knows who does not know in Wuyang City?"

Chen Feng smiled and said, "It turns out that Wuyang City has spread it all over? How did Yuwen's family say it to the outside world?"

Lu Dongshan spoke to Chen Feng in detail.

Chen Feng nodded slowly. A faint smile appeared at the corner of his mouth: "It seems that Yuwen's family said to the outside world that I broke into their mansion to seek revenge, but they didn't say a word about the heart of the red lotus."

"Obviously, they don't want others to know about the fire of the heart of the red lotus, and they should feel that they have the strength to **** the fire of the heart of the red lot from me!"

Chen Feng smiled and said, "Those are not worth mentioning."

Lu Dongshan also changed the subject very intriguingly, and said, "I wonder if Young Master Chen is here this time?"

Chen Feng directly took out the list and put it in front of him, smiled and said, "I want these drugs on the list, and I will prepare three copies for each item!"

Chen Feng asked for three servings directly, just in case of emergency. If it fails, he can try two more times.

Lu Dongshan took the list and checked it carefully.

At the beginning, his expression was good and relaxed, but later, his expression became serious.

In the end, his brows were twisted into a pimple, and he looked at Chen Feng and said, "Master Chen Feng, there are many drugs on your list that are extremely rare, and it is really difficult to find them in a short time."

Chen Feng looked at him, and slowly said word by word: "I want it within an hour."

Lu Dongshan's face was embarrassed. He just wanted to say that Chen Feng interrupted him and said: "Lu Dongshan, you introduce me to Master Li Yu and do me a great favor. I am very grateful to you in my heart. ."

"So, the first thing that comes to my mind in this big business is Yaoxiangge. Even you, I want to make you, but these medicinal materials are extremely important to me, and I have to collect them this morning."

"If you don't get everything together here, then I can only apologize and look for his house."

Chen Feng spoke very clearly, and Lu Dongshan also understood very well.

He wrinkled his brows, thought for a moment, looked at Chen Feng, and said, "Master Chen, wait a moment, I'll be there!"

Soon, Lu Dongshan left here and entered a secret room on the ninth floor of Yaoxiang Pavilion.

This ninth floor is already the highest floor of the Yaoxiang Pavilion. There is only this secret room on the entire floor. It is extremely vast, and it seems that countless arrays have been carved by mysterious means, creating a rather mysterious space. .

At this moment, in the huge space, only a woman slowly floating in the middle.

That's right, it's floating.

She seemed to be sitting in meditation with her eyes closed. Lu Dongshan didn't dare to disturb her, but just bent over and stood there respectfully.

After a while, the veiled woman slowly opened her eyes. The moment she opened her eyes, lightning seemed to rise and die in her eyes, which was extremely terrifying.

It was as if there was a lightning world in her eyes.

Then, she let out a long breath, looked back at Lu Dongshan, and said faintly: "What's the matter?"

Lu Dongshan whispered the matter again.

"Oh, so many medicinal materials, such a large amount, such a rare and rare treasure, what does this little guy want to do, so much at once?"

Lu Dongshan shook his head and said, "I don't know, you know, I have at least tens of thousands of prescriptions in my brain."

"However, as soon as he took out this prescription, I carefully selected it and found that there is no prescription that can match this."

The masked woman smiled and said: "You don't have to worry about it. The purpose of our store is to do business, not to inquire into the privacy of our customers."

Lu Dongshan said: "Young Master, what should we do? Sell or not?"

The masked woman who he called the young master said without hesitation: "Sell, of course, I have to sell. I know that Qin is not able to collect so much here. If this is the case, I will immediately issue a warrant to Chu Guoyan. From the other side of the country, pass things through the air and send medicinal materials here!"

"Ah? What? Passing things through the air?" Lu Dongshan said in shock.

Passing objects through the air is an extremely powerful method. You can transport objects even if they are tens of millions of miles apart. Of course, the weight and volume of objects cannot be too large. Generally, only small objects can be transported.

And the price to pay for passing things through the air is extremely heavy.

He pondered for a moment and said: "If we pass things through the air, then buying these medicines for Chen Feng will not even make up for the loss of the things in the air."

"It's not a deficiency, but it will definitely lose a lot."

The young master said: "We may lose 50 million yuan in this business!"

She categorically said: "However, we won Chen Feng's friendship!"

Lu Dongshan nodded silently: "Subordinates understand what to do."
