

Peerless 1541

[Chapter 1541: Die!](#)

"You are far worse than me, so learn it slowly!"

He said something in the same tone of reprimand, and turned away with a sense of superiority.

Chen Feng's outreach made him also a little jealous and ridiculed.

Chen Feng glanced at him and did not speak.

Shangguan Yunxiang and the others, each with a strong advantage, quickly ended their opponents.

What surprised Chen Feng was that Shangguan Liu was actually a bye in this round.

Originally, with his strength at most, it was just entering the second round. He was unable to enter the third round, but he didn't expect that he would enter the third round bye.

This discovery also made Chen Feng quite happy, because he was looking forward to the third round of Shangguan Liu!

After an hour, all those who entered the third round were decided.

There were 33 people in the first round, 17 people in the second round, and only nine people left in the third round!

These nine people, without exception, are all young talents of Daqin, top talents!

Dong Haoming looked at the crowd, smiled and said, "I see that these young talents of us have very obvious advantages, and they solved the opponent in twos and threes."

"You are like Chen Feng, don't you just punch and throw a knife? Right? What damage does it do to your own strength?"

Chen Feng liked him quite a bit, feeling that this person was very fair, at least not biased towards anyone, and said with a smile: "Yes, there is really no major consumption."

"Then let's continue to the third round!"

"I see, in the stands, those of us nobles just enjoyed watching it. If we stop like this, wouldn't it make everyone ruined?"

No one has objections.

So, the third round officially started and it was so decided.

In the third round of the draw, Shangguan Liushou kept trembling, and he barely made a calm look, but his trembling lips still betrayed him.

His face was pale, his face was full of fear, and he kept muttering: "Don't get Chen Feng, don't get Chen Feng!"

But when he took out the jade lottery and saw the name written on it, he was shocked and stiff.

The next moment, his body shivered violently like a chaff.

He trembled all over, his face was full of despair, and suddenly he sat on the ground, and the jade lottery was also thrown out by him.

Dong Haoming, who was next to him, took it, took a look, and then faced everyone, smiling and saying: "In the first game of the third round, Chen Feng aimed at Shangguan Liu!"

He didn't have the slightest pity for Shangguan Liu, so he just read it out.

Upon hearing this confrontation, a burst of laughter broke out among the crowd.

"Haha, this is interesting."

"Yes, Chen Feng's luck is hard to say whether it is good or bad, and it turns out that he has been against him several times in a row."

"This time, the official flow is over. He offended Chen Feng so much before, and Chen Feng will definitely not spare him this time."

"Yes, there is no doubt that Shangguan Liu will die this time. Chen Feng's strength completely crushes other families, and he has no chance of winning at all."

Tongtianhou was sitting there, motionless like a mountain, as if he hadn't heard the match.

Next to him, Shangguan Yunxiang leaned into his ear and said softly: "Father, although he is a bastard, he is also a member of our Shangguan Palace after all..."

Tongtianhou slowly shook his head, and said lightly: "It's just a concubine who knows nothing about life or death, he will die when he is dead, don't worry about him!"

Shangguan Yunxiang nodded without speaking.

Next, the other groups of matches were also announced one after another, Dong Haoming said loudly: "The third round of the Big Five Hou Mansions, the first group of matches, Chen Feng against the official stream!"

Chen Feng's figure flashed, came to the top of the ring, and then looked at the shivering Shangguan Liu below the ring, with a slight smile on his mouth:

"Shangguanliu, I remember clearly. You just said that you are looking forward to the match against me, and you said that you can easily kill me."

"Now, you got what you wanted, come on! Fight with me!"

Shangguanliu looked at Chen Feng in horror, and his eyes were filled with despair. At this time, after he saw Chen Feng's strength, he naturally knew how ridiculous and ignorant what he had said before.

He is now very clear that he is definitely not Chen Feng's opponent.

He gritted his teeth suddenly, as if he had made some determination, he said loudly to Dong Haoming: "I give up!"

Dong Haoming said coldly: "My son of the Great Qin Mansion, there is no such kind of scum, and we must fight!"

"On the ring, if you lose, you can surrender!"

As soon as Shangguan Liu heard this, it was as if he had received a talisman, and he nodded confidently and stepped onto the ring.

Chen Feng pointed to the ground under the feet of the two and said coldly: "Shangguanliu, today, here is where you die without being buried!"

He no longer had any nonsense with Shang Guan Liu. After saying this, his figure flashed directly before he came to Shang Guan Liu and cut it out.

Seeing the power of this knife, even Feng Rulie's tyrannical trick was smashed with a single knife, and Shangguanliu knew that he would never be able to catch it.

He roared desperately, exhausted all his strength, punched a dozen punches, trying to block the knife.

But everything is in vain.

In front of Dragon Saber, all his offensives were easily smashed!

Then, Dragon Sword slashed at him fiercely, directly cutting out a three-foot-long wound on the front of his chest and abdomen, and the internal organs and bones were clearly visible!

Shangguanliu fell heavily to the ground, but with a single stab, he was seriously injured, and he had no fighting power.

There was a gasp in the crowd, but there was no surprise.

Chen Feng's battle will always be like this, simply and neatly, easily solve the opponent!

Chen Feng slowly walked towards Shangguanliu with a cold expression: "Shangguanliu, I have no grievances with you, but today you have repeatedly humiliated and provoked you!"

"If that's the case, that's fine, then we have revenge, and we have revenge!"

"Today, just now, I will pay back all these humiliations!

"I don't want anything else from you, one life is enough!"

For such a provocation, only blood can be repaid, and Chen Feng's eyes are full of murder.

Shangguanliu was still arrogant at this time, shouting loudly: "Chen Feng, you can't kill me, I can give up!"

"If I give up, you will definitely not be able to kill me! Hahaha, Chen Feng, wait for me, there will be no end between the two of us!"

He still dared to be so arrogant until this time because he had given up the trump card.

As long as he admits defeat, Chen Feng will be helpless to him. As he speaks, he looks at Dong Haoming and shouts: "I..."

[Chapter 1542: Get revenge!](#)

As soon as he said the word "I", suddenly, Chen Feng smiled coldly, flashed directly in front of him, and then stretched out his hand to seal his meridians.

Shangguanliu couldn't say a word, while Da Dong Haoming was beside him, laughing and saying, "What did you say? You only said one word, I don't know what you want to say next!"

"Oh, I see, you are saying that you will not admit defeat and the battle will continue, right?"

A smile appeared at the corner of Chen Feng's mouth. This Dong Haoming is really cute!

He smiled and looked at Shangguanliu, and said: "Shangguanliu, what did you say your trump card is? I didn't hear clearly, you say it again!"

Where can Shangguanliu speak at this time?

He suddenly realized his fate, and looked at Chen Feng in horror, begging for mercy in his eyes, as if begging Chen Feng not to kill him.

Chen Feng smiled slightly and said softly: "Shangguanliu, die!"

When the last two words were spoken, Chen Feng shot it out with a palm, and Shangguan Liu was directly beaten and flew out dozens of meters, flying in the air, and then exploded in the air, and countless pieces of meat and bones were flying everywhere!

Chen Feng's fierce methods also shocked everyone.

This Chen Feng started with no mercy, as long as he dared to offend him, he would be killed!

Chen Feng looked at the crowd and smiled and said, "This is the third time to slap her face!"

The volume is not high, but it is very clear, everyone can hear clearly, as if it is ringing in the ear.

After Chen Feng finished this game, several other games started one after another.

People who can reach the third round cannot be underestimated, and the gap with the top people is very small.

Shui Jianfeng, still snapped his fingers.

His opponent was obviously more prepared this time, and almost as soon as he snapped his fingers, there was a lot of light on his opponent.

Obviously, these treasures are used to resist mind control.

But unfortunately, it is still useless.

Shui Jianfeng's mental assault was too tyrannical, these treasures could not be resisted at all, and at the same time they were blown to pieces, this person was simply controlled.

Then everything re-staged.

After a quarter of an hour, win.

Shangguan Yunxiang and the others took a lot of effort to defeat their opponents!

In the end, five people advanced to the fourth round: Chen Feng, Shangguan Yunxiang, Shi Xiaohouye, and Shui Jianfeng.

The other one was beyond everyone's expectation. This man was a young man of about thirty years old. He was very ordinary in appearance and not tall. He wore an ordinary brocade robe without any surprises.

He belongs to the kind that can't be seen in the crowd.

And his strength is actually not so powerful, it seems that every time, he only wins a little bit more than his opponent, which doesn't make people feel so powerful.

It can only be regarded as ordinary among everyone, but he just got promoted!

"Who is this person?" Everyone asked, feeling very strange.

"I don't know, I haven't seen it before!" Many people looked at each other and didn't even know who this person was.

This is a very rare situation. You must know that everyone who is able to participate in the big competition is all the best, and this happened at this time, which shows that the person's sense of existence is indeed very low.

At this moment, someone suddenly wrinkled his brows and thought for a moment, and said, "I remember, this person is a member of Shangguan's family and his name is Shangguanchang."

"However, I have never heard of how powerful he is. It is said that he is a concubine in Shangguan's family. His mother died very early. Before that, he was not showing up or leaking, but he did not expect to be able to advance to fourth this time. wheel."

"That's why the dog that bites doesn't bark!" Some people sighed!

"So what?" Someone snorted and said: "His good luck is up to now!"

"Look at his next few opponents, all of them are extremely powerful. He has won a few games before either with good luck or by luck, but next, he is absolutely impossible to win. !"

"I guess he will lose in the fourth round!"

"I think so too!" Many people echoed his statement.

They just can't see that others are better than them, stronger than them, and now they are very jealous!

The face of Tongtianhou Shangguan's Patriarch also showed surprise.

His son had nothing special before. His mother was loved by Tongtianhou before, but she has been dead for many years.

After that, he was squeezed out of the mansion, and even the cultivation resources were very few. He never complained, and he did not resist.

This time, Tongtianhou Mansion was not on the list of participating in the Grand Competition, but he was kneeling before Tongtianhou's study room for ten days and ten nights, and he lost all the love between his mother and Tongtianhou before he changed. Come this opportunity.

But I didn't expect that just one chance would be a blockbuster!

Many people disdain Shang Guanchang, and some even humiliate him loudly.

And Shangguan Chang, standing there, said nothing, even his face was a little dull.

However, Chen Feng saw a ray of light on his face, a light that was as firm and unshakable as a rock.

However, this ray of light was not right at all, but was full of evil intentions. His eyes flashed by accident, and they were also full of hate.

Chen Feng's heart immediately moved, this person's mind is absolutely extremely strong and firm! However, it looks wrong.

Tong Tianhou's gaze only stayed on Shangguan Chang for a moment, and then he turned to Shangguan Yunxiang, his gaze showing deep concern.

He was obviously more partial to Shangguan Yunxiang, and he didn't really care about Shangguanchang. Shangguan Yunxiang was what he cared about most.

Dong Haoming announced: "This is the end of today, and the competition will continue tomorrow."

Then everyone dispersed.

The Dragon God Hou patted Chen Feng's shoulder heavily, haha smiled and said, "Chen Feng, your kid gives me a face!"

Today he is very pleased. Because of the low number of people in the Dragon God Hou Mansion every year, there are very few people participating in the competition.

This time, Chen Feng was already the best ranking in these years.

Moreover, he has a feeling that this is definitely not Chen Feng's limit. Chen Feng will definitely bring him even greater surprises tomorrow!

Zhou Yang also said, "Junior, you must not live up to Master's expectations!"

Chen Feng nodded his head: "Master, brother, don't worry!"

That night, Tongtianhou Mansion was in a secret room.

Tongtianhou and Shangguan Yunxiang sat face to face with a touch of worry on their faces.

[Chapter 1543: Magic weapon devours spirit!](#)

Tongtianhou asked: "Yunxiang, among the few remaining people, do you dare to say that you can win with a steady chance, who?"

Shangguan Yunxiang was silent, gave a wry smile, and said, "It may be Shangguan Chang."

"You don't need to think about Shangguanchang." Tongtianhou said flatly: "If you meet him, I will tell him to admit defeat with a word."

Shangguan Yunxiang also nodded. Both of them took this as a matter of course. It was only natural to sacrifice Shangguanchang for Shangguan Yunxiang.

"But, apart from him, I have no confidence to deal with anyone else." Shangguan Yunxiang took a deep breath, with a touch of unwillingness on his face: "Especially that Chen Feng, three or four months ago, my first Once I saw him at the gate of Longshen Hou's Mansion, he was like an ant."

"I wanted to kill him at the time, it was so easy, but I didn't expect to see him in a few months, he would have grown to this point!"

"Even if I am against him, I am not sure of winning."

Although he didn't want to admit it, he had to face up to this fact!

Tongtianhou pondered for a long time, and suddenly, as if he had made a decision, he stood up and walked out.

Shangguan Yunxiang said in amazement: "Father, what are you?"

Tongtianhou turned his head and said softly: "Come as my father!"

Shangguan Yunxiang's heart moved, and suddenly a heart pounded wildly, as if thinking of something, his body trembled, obviously very excited.

He quickly agreed and followed quickly.

Soon, Tongtianhou came to the depths of the mansion, in a tall and wide hall.

The deepest part of this hall was dark, and there was no trace of light. It was either dark or pure black.

In fact, it is not that there are no candles in this hall. On both sides of the hall, there is a row of red candles with the thickness of a person's wrist, but the light from the candles does not shine in the deepest place.

In other words, when the light shines there, it is eaten away by the spirit.

There seems to be a restricted zone for all light!

Seeing this scene, Shangguan Yunxiang no longer doubted and confirmed what he was thinking.

He suddenly felt a little dry and dry, and felt his heart beating wildly, as if he was about to jump out of his chest, and he couldn't help swallowing.

Tongtianhou took Shangguan Yunxiang to the deepest part of the hall, and then he stretched his hand into the darkness!

Then he lifted his hands outward.

His mention was like bringing up a cloud of darkness alive from there.

Both his hands seemed to disappear. At the end of his forearm, Shangguan Yunxiang only saw the darkness.

In fact, it was not that Tong Tianhou's hands disappeared, but his hands were immersed in the scope of the thing, and the light was completely submerged.

I saw that the front of his forearm was like a black hole, which seemed to be able to eat everything.

Shangguan Yunxiang looked there, feeling that his gaze seemed to have been devoured by the spirit, he suddenly felt a panic and palpitations, he was extremely shocked: "I have heard about this weapon for a long time, but I didn't expect it to be so. It's weird!"

He suddenly felt a throb in his heart, and then an extremely greedy desire surged from the bottom of his heart.

Suddenly, Shangguan Yunxiang's eyes turned red, and then he trembling his hands, grabbed the darkness.

Shangguan Yunxiang faintly felt that something was wrong in his heart, but his reason had been completely expelled, or was blinded, he could not control his body, his hands were where the incense sticks!

At this moment, his eyes were blood red, his breathing was heavy, and even saliva flowed down, his face was extremely hideous!

Suddenly, Tongtianhou's cold and old voice came: "Niezha, wake up!"

Hearing this voice, Shangguan Yunxiang shivered heavily, already dripping with cold sweat.

The red light in his eyes suddenly receded, the hideousness on his face disappeared, and his mind suddenly became clear, and then he felt like he was prostration, his legs softened, and his **** sat on the ground, panting heavily.

After a long time, he raised his head, looked at Tongtianhou, and said in horror: "Father, this, what is going on?"

Tongtianhou lightly sighed, looked at him and said: "This weapon is doing evil, this is actually a magic weapon!"

"What? Magic weapon?" Shangguan Yunxiang heard this term for the first time, chanting twice, and raised his head in a daze.

"It's normal if you don't know it. After all, magic weapons are not common in our Great Qin Kingdom, and even in these countries around our Dragon Slaying Mountains. Many people have never heard of it."

"Only people with extremely high identities and strong capabilities can have a rough contact with them."

"Magic weapon is said to be a weapon from another world. This weapon is also forged, but the materials used are very weird and terrifying, and the forging method is also very evil."

"These magic weapons have all kinds of magical abilities, but they also have a strong backlash. Almost all magic weapons have the effect of deceiving people's hearts and affecting the mind."

Tongtianhou said slowly: "Its owner, if he is not careful, he will be fascinated by the magic weapon and lose his mind, become a slave of the magic weapon, and become a walking corpse by this magic weapon. To die!"

Shangguan Yun Xiangxiao said in amazement, "Then I was just now?"

Tongtianhou slowly said: "Yes, you were almost bewitched by this magic weapon just now and lost your mind."

"After all, with your current cultivation base, it is still very difficult to control this magic weapon!"

Shangguan Yunxiang shivered violently, with some fear!

"And," Tongtianhou continued, "If you just stretched out your hand so rashly, you won't want your hand."

"What?" Shangguan Yunxiang exclaimed: "It's still like this?"

"Of course!" Tongtianhou said: "Otherwise, why do you think something like a black hole will form around him, and even light can't get in?"

"Because of this weapon, the name is Spirit Devourer!"

"Cheating Spirit?" Shangguan Yunxiang chanted these two words softly several times.

"Yes! Spirit Devourer!" Tongtianhou said: "The reason why this weapon is powerful is that it can swallow everything with souls! It was suppressed by him, and the level was not as good as his weapons and magic weapons, and some were even stronger than him. His magic weapon will still be suppressed and swallowed by him!"

"As for humans, I don't even know how much was swallowed!"

Tong Tianhou glanced at Shangguan Yunxiang, then suddenly took a deep breath, muttered a few words softly in his mouth, a light blue power burst out from his body, and then all gathered on his hands.

[Chapter 1544: The princess is here!](#)

He wiped his hands several times in succession, so Shangguan Yunxiang saw the true face of this weapon called Spirit Devourer.

This turned out to be a white and miserable leg bone, about one meter long, with black magic energy lingering on it.

Shangguan Yunxiang took a look, and he felt like he was struck by lightning, like two fists slamming into his eyes. There seemed to be a ghost crying in his ear, and the sound of devil laughter kept ringing!

The evil spirit is extremely strong, and he can see clearly, his father Tongtianhou is wearing a pair of light blue gloves.

The material is non-metallic and non-leather, and I don't know what it is made of. It is very special!

Tongtianhou said: "If you want to control this spirit devourer, you need a special martial skill, but don't worry, this martial skill is very easy to practice, and one night is enough."

"At the same time, you need to wear this glove on your hand. Otherwise, you will be swallowed before you hit someone else."

Shangguan Yunxiang nodded, and he suddenly said, "Father, how powerful is this Devourer? Can I ensure that I defeat others?"

Tongtianhou slightly stood up and said proudly: "This weapon is enough to make you have no opponents under the realm of King Wu!"

Shangguan Yunxiang let out a foul breath: "Then I can rest assured."

After that, Tongtianhou taught him the martial arts formula and passed the light blue gloves to him, saying: "This spirit devourer cannot be controlled by your current strength and cannot be used multiple times."

"Using it once is enough to reduce your life span by ten years!"

He solemnly said: "Yun Xiang, I will ask you again, would you like it?"

Shangguan Yunxiang's eyes were firm, he clenched his fists fiercely, and said, "Don't say ten years, even thirty years I am willing!"

"Especially Chen Feng, if I lose to anyone, I can't lose to that untouchable! When I think that untouchable will defeat me, I would rather die!"

"So, I must use this Devourer!"

On the second day, the fourth round of the Big Five Houfu Competition, which arrived as scheduled,

The sun was shining, the sky was clear, everyone was there, and even more people came than yesterday.

Many people's eyes were focused on Chen Feng. Chen Feng had some reputation in Wuyang City, but he was not that big.

Moreover, many people didn't take him very seriously, thinking that he was a nouveau riche and a fortunate generation, but he was just an ordinary disciple of Dragon God Hou, no big deal.

But yesterday, Chen Feng killed two sons of Rye Yanhou with two swords, and defeated the other. Among them, the famous Feng Ru Lie was even more famous, which made the rich and powerful families in Wuyang City have to pay attention to it.

Chen Feng has faintly become one of the strongest among the younger generation, has surpassed Shangguan Yunxiang's level, and is even considered to be the strongest among the five great Hou's mansions except Shui Jianfeng.

Today, many people are here specifically for Chen Feng, and many of them are even members of the hermit family.

Standing in front of the ring, Chen Feng was like an old monk entering concentration, silent, his eyes narrowed slightly.

In the stands, many people are looking at him, paying attention to his every move.

Seeing this scene, Shangguan Yunxiang narrowed his eyes, and his eyes showed jealousy. He felt that Chen Feng had robbed him of the limelight.

He stretched his right hand into his arms and held a jade box, then he smiled triumphantly at the corner of his mouth and whispered to himself: "Chen Feng, you'd better pray not to touch me today, otherwise, I will make you miserable." of!"

"I will make you lose your face, in front of everyone, you will be miserably defeated and killed by me!"

Several other people had different expressions when they saw Chen Feng receiving such attention. Shui Jianfeng was still proud of his face. He didn't put Chen Feng in his eyes at all, with a disdainful smile on his mouth.

Shi Xiaohouye was a little unnatural, but Shangguanchang alone didn't respond at all. He still looked like yesterday, watching his nose and nose.

Seeing him like that, it is somewhat similar to Chen Feng, but when he occasionally opens his eyes, the bitter resentment and anticipation revealed in him makes people feel chilly.

The big match is about to start,

Dong Haoming leaped onto the ring, facing everyone, and said loudly, "Everyone, today is the second day of the Big Five Houfu Grand Competition. Today we are going to hold the fourth round."

"A total of those entering the fourth round..."

He was about to continue talking down, and suddenly, there was a burst of hoofs in the distance, which was extremely dense, hitting the ground like raindrops.

Moreover, the promotion approached here at an extremely fast speed, and everyone immediately looked at the direction from which the hoof sound came from, and Dong Haoming also turned his head and looked over there.

Everyone quickly saw that a huge profound beast was coming here at an extremely fast speed. This profound beast was a huge fire-red lizard.

And the surface of the fiery red lizard was covered with heavy scales. From the gap, the scales were at least ten meters thick, which was extremely heavy and strong.

This huge lizard, which is more than 500 meters long, has two heads. It is terrifying and has a big mouth. The saliva dripping from it falls on the ground to corrode a large area of land, more than magma. Be terror.

And on this lizard's body, there was actually a layer of golden heavy armor, and on it stood a knight wearing the same golden heavy armor.

Beside him, there was also a big flag, and on top of the black flag, a black giant eagle was hunting and fluttering in the wind.

When everyone saw this scene, their eyes were shocked.

Black is not available to everyone in Daqin.

In Daqin, the five elements belong to water virtue, and water is black.

Black, only His Majesty can use it.

And the black eagle is also a symbol of the royal family, this person turned out to be a royal guard!

After this person came to the side of the ring, he faced everyone with indifferent eyes, glanced around, and then proudly shouted: "I am the deputy commander of the royal guards, Yan Yu punishment!"

"His Royal Highness Three Princesses! Everyone, kneel down to greet you!"

Hearing this sentence, everyone exclaimed, staring at each other, no one knew what was going on.

"Why did your Royal Highness the Third Princess come here suddenly? Did he come to see the excitement because he heard about the Big Five Hou Mansion Competition?"

"It shouldn't be, the royal people, why haven't you seen the excitement before, how can you suddenly be so interested in these five Houfu Palaces? In the previous competitions, although there were royal people who came to observe the ceremony, there has never been a princess. come."

Someone said with a smirk: "Is the princess's little lover among these? She is here to cheer for his little lover!"

[Chapter 1545: Don't kneel!](#)

Before he finished his words, suddenly, the big golden-clad man standing on the huge red two-headed lizard turned his head and looked at him.

The two were hundreds of meters away, but the golden armored man's gaze seemed to penetrate hundreds of meters, and it pierced him fiercely.

Then, the golden-clad man, Yan Yu, snorted coldly: "Slander the royal family, kill!"

As he said, with a wave of his right hand, a golden light burst out of the air, and everyone saw that the person who joked just now had already screamed and fell heavily to the ground.

His chest was pierced by a golden arrow, which directly exploded half of his chest, and he could not die anymore!

Everyone uttered an exclamation, and their eyes showed fear.

This person who was killed was also a martial arts master of nine levels, but he did not expect that he would have no power to fight back in front of this golden armored man!

At this moment, no one dared to say such jokes anymore, and everyone felt awe-inspiring.

Royal majesty, sure enough, no offense!

Then, I heard the sound of a more dense and popping hoof, and then everyone saw that a dozen knights who were also riding a fiery red double-headed monitor came towards this side, all of them wearing golden heavy armor. , One by one is very mighty.

The difference is that the huge flaming red two-headed lizard they are riding is not covered in golden armor!

Zhou Yang next to Chen Feng took a breath: "It turned out to be a blazing double-headed monitor lizard!"

When Chen Feng heard this, his heart trembled.

"The flame double-headed monitor lizard, the third rank profound beast, is equivalent to the sixth-level powerhouse of the human martial monarch realm, and the strength of the fire dragon he killed before can be said to be comparable!"

And the third rank profound beast turned out to be just an ordinary profound beast ridden by the royal guards.

You know, the pro-army of Marquis of Flame, riding only the first-rank profound beast, is already one of the elite cavalry in the Great Qin Kingdom.

And these royal guards, even if any one were taken out, they would be able to wipe out hundreds of soldiers of the Flame Marquis!

Since Chen Feng broke into the sixth level of Martial Sovereign Realm, he has been unable to see the strength of others, but Chen Feng speculates that the strength of each of these people is at least above the eighth level of Martial Sovereign Realm.

This is the strength of the royal guards, extremely tyrannical, and the strength of the golden armored man who came first, Chen Feng, is beyond guessing.

Surrounded by these two dozen royal guards was a jade wing.

The whole body of the jade is made of sapphire, with extremely fine silk hung around it, and when a gust of wind comes, it blows with the wind, floating like an immortal.

Carrying the jade nun were four young girls wearing gauze scarves. All four of them were obviously extremely powerful enough to fly in the air.

The four of them carried this jade wing and flew directly to the stands.

The golden armored man who came first shouted loudly: "His Royal Highness the Three Princesses are here, everyone kneel down to welcome you!"

Above the stands, he knelt down for a large area, and even the Five Great Masters stood up and bent over slightly.

This is the royal majesty!

Chen Feng also knelt down next to him. Chen Feng was stunned at that moment. He didn't know whether he should kneel or not.

Finally, Chen Feng took a deep breath and straightened his waist.

He, don't kneel!

Yan Yuxun immediately noticed Chen Fengfeng. He immediately became cold and flew up into the sky with a bang before falling directly in front of Chen Feng.

Staring at him, coldly shouted: "You, why don't you kneel?"

Chen Feng said lightly: "I kneel to my parents, my mentor, and my respected elder, but why should I kneel to her?"

Yan Yuxun stared at him, with a bit of murderous intent in his eyes: "She is the king!"

"Is it you?" Chen Fengfeng's mouth showed a sarcasm.

She has never put herself on the status of a courtier, and he has never had any respect for the monarch.

Seeing Chen Feng's expression, Yan Yu punishment was even more awe-inspiring to kill: "I ask you one last time, are you kneeling?"

Chen Feng's voice was very firm: "Don't kneel!"

"You don't kneel, right? I have to make you kneel today!"

Yan Yu punished with a cold snort, his body burst out suddenly, and his aura rose up. That aura was absolutely not lost to the Martial King Realm, and Chen Feng's figure was directly pressed, and he dipped down inch by inch.

Chen Feng tried his best, and the power of Little King Kong broke out, and he couldn't even compete with it, and his figure went down little by little.

Seeing, he was about to be crushed to his knees.

He gritted his teeth, a look of humiliation and anger on his face.

And at this moment, a soft voice suddenly came: "Leader Yan, let him go!"

"If you don't kneel, don't kneel. Today is a great day, don't hurt your peace with this little thing."

Yan Yu didn't have a word of nonsense, stepped back, bowed and said, "Yes, Your Royal Highness!"

Then he pushed away and gave Chen Feng a fierce look.

As soon as his momentum receded, Chen Feng suddenly felt his body loose, panting heavily, and his whole body became weak.

The strength of Yan Yu Punishment is really too strong, more than he does not know.

Everyone looked at Chen Feng in a strange way, and many people's faces showed appreciation.

"This young man, really brave, really brave, dare to say those two words in front of the princess, in front of Yan Yu, who is far more powerful than him: don't kneel!"

And some other people were disapproving, and one of them sarcastically said: "What are you pretending? What if you kneel? Don't you kneel? Must be strong! Must behave differently from others! This kind of person is dead. All deserve it!"

Many people nodded, they didn't dare, Chen Feng did what they didn't dare to do, so they hated and slandered.

But no one noticed it, just on the top of the jade, through the veil that was flying in the wind, a pair of eyes fell on Chen Feng, slightly surprised.

This is a beautiful woman. She stared at Chen Feng with some curiosity in her eyes.

In her life, she has seen more people who are respectful and obedient in front of her, so Chen Feng's speciality aroused his curiosity.

Another voice came from Yuyan: "Everyone, don't have to delay because of me, Dabi continues to start, I just came over to watch it for a while!"

Dong Haoming smiled and said: "His Royal Highness has spoken, then let's start!"

At this time, in addition to Chen Feng, the faces of several other people who entered the fourth round were full of joy and excitement, even Shui Jianfeng.

Your Royal Highness, this is the Princess of the Great Qin Kingdom. How can he not pay attention to it when he comes to watch the battle in person?

Moreover, if it can be favored by the princess, it will have further development and become the royal son-in-law, even for them, the children of the Hou Mansion, it will be a strong temptation!

[Chapter 1546: Powerful magic weapon!](#)

Shui Jianfeng whispered to himself: "According to rumors, His Royal Highness the Three Princesses is not only the noble status, but also the birthplace of the current queen, but also the temperament, elegant and beautiful appearance, deeply loved by the emperor and the queen!"

Shangguan Yunxiang's gaze was even more scorching, and he lightly clenched his fists: "I must behave well today to try to attract the attention of the princess."

At this time, a maid of the princess walked to Yu Wenzhen and said with a smile: "Girl Yuwen, your Royal Highness, please come over."

Yu Wenzhen nodded, and walked into the jade yard with him. Many people showed envy on their faces.

"I heard that Yu Wenzhen and His Royal Highness are close friends?"

"Yes, the two are very close!" Many people even made up their minds, and they seemed to have a lot of friendship with Yu Wenzhen, so that they could get close to the princess.

After this episode, Dabi continued.

Dong Haoming announced that a lottery would be conducted first, with five people competing in pairs, one of whom was bye.

Five people go up and draw lots.

Soon, Dong Haoming announced the result of the bye, and the person in the bye was Shangguan Chang.

The two groups faced off, Shangguan Yunxiang against Chen Feng, and Shi Xiaohouye against Shui Jianfeng!

Everyone exclaimed: "This Shangguanchang, luck is really good, it's a bye."

"Oh, such a person can make it to the fifth round, so lucky!"

"He is also a little lucky. For the other four people, whoever he faces, he will definitely lose!"

As if he hadn't heard these ridicules, Shangguanchang silently stepped aside without speaking.

Shangguan Yunxiang stared at Chen Feng and laughed. He seemed very satisfied with the current result, and said: "Chen Feng, I didn't expect it to be the two of us fighting. I am very happy!"

Chen Feng said lightly: "What's so happy?"

Shangguan Yunxiang said proudly: "I just look forward to fighting with you!"

Chen Feng said: "You are so sure that you can beat me? I am no longer the same Chen Feng!"

"Haha, so what?"

"Whether you are the same Chen Feng or not! No matter how strong you are! You can't be my opponent!" Shangguan Yunxiang said proudly.

He whispered in Chen Feng's ear: "Chen Feng, tell you, later, I will let you die miserably, and I will humiliate you as much as you want!"

Chen Feng glanced at him lightly, without speaking.

The first set of duels was Chen Feng against Shangguan Yunxiang. The two stood on the ring, ten feet apart!

In Chen Feng's eyes, there was a gleam of light, as if flames were burning.

More than three months ago, outside of the Dragon God Mansion, Shangguan Yunxiang brought him unprecedented humiliation. Chen Feng will never forget that humiliation.

Since then, he has made up his mind to kill Shangguan Yunxiang.

And now, this opportunity is here!

For some reason, Shangguan Yunxiang panicked inexplicably when he came into contact with Chen Feng's eyes, which were burning like flames.

But he immediately said to himself: "What am I afraid of? What am I afraid of?"

"How could Chen Feng be my opponent? I have a Devourer, and he can't beat me!"

He seemed to settle down in his heart, then beckoned to Chen Feng, and said provocatively, "Chen Feng, come on!"

"I know, you definitely want to kill me, to wash away your shame at the beginning, but unfortunately, no matter how you struggle today, you will still not be my opponent!"

"Today, you will not only be unable to wash away your past grievances, but will be severely humiliated by me again!"

Chen Feng's face was calm, without a word, he just took out the Dragon Slaying Knife, then raised the Dragon Slaying Knife high, and stepped out.

With this step, it seemed to break a world.

Everyone felt as if there was a giant beating the drum.

Their hearts all thumped and beat violently, and Chen Feng took another step forward.

He held the Dragon Slaying Sword high, and stepped forward slowly, very slowly, but very calmly, as if every step could crush the earth.

His face is extremely resolute!

Chen Feng didn't use any martial arts techniques. He was so down-to-earth and walked step by step. The distance between him and Shangguan Yunxiang was 30 meters.

Chen Feng stepped out to be one meter long, which meant that he had to walk 30 steps to get to Shangguan Yunxiang!

Every time Chen Feng took a step, the hearts of the tens of thousands of onlookers would miss a beat. They felt extremely uncomfortable, dizzy and tinnitus, and their efforts seemed to be burning.

Everyone looked at this scene in horror, with amazement on their faces.

Even more, many people were infected by the strong emotions brought into by Chen Feng, full of anger, unyielding, and fighting spirit!

Those onlookers who were able to remain unaffected were just a few people including the Four Great Masters.

Of course, there are also the three princesses in Yu Nian.

She looked at Chen Feng with brilliant eyes, a look of curiosity flashed in her eyes, and she whispered, "This boy is very interesting."

Yu Wenzhen was beside him, with complicated eyes, and said, "Yes, he is a very interesting person!"

The third princess realized that she was wrong and said, "Sister Zhen, what's the matter? Tell me, is there any history between you and him?"

Yu Wenzheng said: "The matter between the two of us, that's a long story..."

At this time, Shangguan Yunxiang also clearly felt Chen Feng's extremely powerful aura.

As his aura rose to the ground, Chen Feng's aura had already controlled the entire arena, and he was shocked to discover that he was also constantly fluctuating with Chen Feng's aura.

He exclaimed kindly: "If this continues, when Chen Feng arrives in front of me, I will not be able to make a single move!"

He immediately furiously made several powerful moves one after another. Three months ago, every move of this kind could kill Chen Feng.

But at this time, these moves were played at the same time, but Chen Feng was just one step forward.

Then the next moment, these tricks were broken, without any impact on Chen Feng!

Shangguan Yunxiang couldn't believe it, yelling in anger, using all his most powerful tricks.

However, it has no effect!

As soon as all his moves were released, Chen Feng could easily break it as long as he stepped further.

Because Chen Feng has already connected his aura to hundreds of meters around the ring.

At this moment, Chen Feng suddenly felt something in his heart, faintly feeling that he seemed to be integrated into the surrounding world.

Chen Feng knew very well that he had already touched the edge of the unity of nature and man!

Finally, between Chen Feng and Shangguan Yunxiang, there were still ten steps away.

Shangguan Yunxiang gritted his teeth and a touch of determination appeared in his eyes. He knew that he could not wait any longer.

If you wait any longer, you will die.

[Chapter 1547: The power of Little King Kong! Ten times tyrannical!](#)

He originally thought of using the Devourer Demon as the final killer move, but now it seems that he must use it.

He put on his gloves, chanted reciting formulas in his heart, ran the exercises, and then let out a violent roar, and suddenly a group of things resembling a black hole appeared between his hands.

Then, he violently got up, directly holding this black hole-like thing in both hands, and fiercely bombarded Chen Feng.

Above his hands, blue rays of light kept surging, and this black hole also showed its body, which was a piece of pale like a human leg bone.

At this time, in his hand, an infinite demon aura was exuding, and bursts of horrible ghost cries came, and the demon aura continued to linger around, becoming more and more vigorous.

Shangguan Yunxiang was pale and bloodless.

He felt that his vitality was losing, and the Devourer was exerting its power at the cost of his flesh and blood.

As soon as this devouring magic weapon appeared, Chen Feng felt his heart beating wildly, his footwork was immediately disrupted, and his whole body trembled fiercely, as if he was in the ice and snow.

The whole body was cold, and even the blood seemed to be frozen.

Chen Feng was shocked to find that he could no longer move!

He stood in place, unable to move at all, he could only watch the Devourer Magic Tool want him to kill.

When the Devourer was more than a dozen meters away from Chen Feng, the surface of Chen Feng's body was already looted and absorbed by the blood!

The surface of his body cracked **** mouths, and his vitality was losing crazily outwards. Chen Feng was almost at a speed visible to the naked eye, and his skin became old and wrinkled. The whole person instantly became old for several years, and his hair became a little bit. Withered!

Although Shangguan Yunxiang had already absorbed a lot of vitality, he saw Chen Feng's appearance at this time, and he was very happy, and laughed arrogantly, "Chen Feng, what I said, you will definitely die here today. , You can never be my opponent!"

At this moment, in the stands, many well-informed people suddenly got up, looked at this scene in disbelief and exclaimed: "This, is this a magic weapon?"

Long Shenhui squeezed his fist, feeling a little nervous in his heart.

Dong Haoming pondered for a moment, facing everyone, and said loudly: "The conference did not stipulate that certain weapons are not allowed, so Shangguan Yunxiang is not against the rules!"

Many people shouted in horror: "This weapon is very evil. Although it is a few hundred meters away, I feel like I am in the ice and snow, and the blood is frozen!"

"Yes, my actions have become very sluggish, and I feel the vitality is fading. We are like this for thousands of meters away, let alone Chen Feng."

"I'm afraid, now he is almost sucked into a corpse!"

"It's over, Chen Feng will definitely be over this time. I think Shangguan Yunxiang is not his opponent, but who would have thought that Shangguan Yunxiang should have such a powerful weapon? Chen Feng will definitely die this time!"

Chen Feng was also very shocked: "What the **** is this?"

But he did not panic, instead he was extremely calm.

He was not in a hurry at all. He seemed to have no power to fight back under this situation, but that was because others did not understand him.

In fact, he even has two ways to crack the crisis.

The first is to use transparent divine light.

And the second is...

Chen Feng roared, inside his body, the martial arts gods surged, and the power of the little King Kong rushed wildly.

Chen Feng's strength has increased tenfold!

This is the first time he really uses the power of King Kong in battle!

However, the duration is very short, and the power of Little King Kong will bring huge consumption.

But enough!

All the power of this little King Kong poured into the Dragon Slaying Knife. This was Chen Feng's first hole card that Chen Feng was about to open. If this hole card was useless, Chen Feng still had a second and third card!

You know, so far, his martial soul and his mental power have not been used yet!

This time, the trump card that Chen Feng wanted to use was the secret of Dragon Sword!

When the power of Chen Feng's Little King Kong rushed out frantically, the iron chain entwined with the Dragon Slaying Sword suddenly began to emit light.

The light became more and more prosperous, and finally the bright golden light finally began to shine.

Then the next moment, on top of Chen Feng's stagnant Dragon Slaying Sword, the iron chain suddenly catapulted, like a long dragon, Yao Jiao smart.

Above the iron chain, golden light flickered, and a golden dragon phantom appeared suddenly, and then let out a roar out of thin air.

Only the power of the little King Kong with ten times the power can drive this chain and activate the remnant soul of the Golden Dragon!

Because of the nature of the two, there is one source!

Then, this huge iron chain, which was more than 100 meters long and more than five meters in diameter, thought about Shangguan Yunxiang slamming away.

At the same time, the golden dragon phantom also roared and rammed towards Shangguan Yunxiang.

Shangguan Yunxiang was laughing arrogantly at this time: "Chen Feng, die!"

But the next moment, his arrogant expression solidified on his face, and his smile stopped abruptly.

Because the iron chain has banged heavily on his body.

With an ah, Shangguan Yunxiang let out a scream and fell to the ground hard.

This blow, but the hidden ability of the Dragon Slaying Sword, is the power of the Golden Dragon's remnant soul, combined with the ancient mysterious iron chain, and it is extremely powerful.

At this time, all the bones of Shangguan Yunxiang's body were shredded, and there were many places on the surface of his body, which were directly smashed into rotten flesh.

He collapsed to the ground, no longer able to fight back, he was already seriously injured and dying.

And that devouring magic weapon also fell aside, returning to the appearance of a black hole.

The people around all exclaimed: "This Chen Feng, it turns out that he also has a hole card!"

"His hole cards are very powerful, even stronger than Shangguan Yunxiang's. When the hole cards are revealed, Shangguan Yunxiang is directly crushed!"

"Yes, this Chen Feng is really hidden, who knows how many hole cards he still has?"

"I guess, he should just have this one, what else? He has a shallow background after all!"

They are really ignorant, and they don't know that Chen Feng actually has a lot of cards, this is just one of them.

Chen Feng sighed slightly, feeling the warmth returning to his body.

But the vitality that passed has not come back. Chen Feng is now five years older than before.

The vitality of five years has been sucked away.

He was very angry: "This time, he has suffered such a big injury!"

Chen Feng took a deep breath and walked slowly towards Shangguan Yunxiang.

Chen Feng's expression was indifferent, but the flame in his eyes burned even hotter, and his whole body was trembling slightly because of his excitement!

Finally, we can finally get revenge!

"Do you know that in the past few months, I have been practicing desperately just for today!"

"Shangguan Yunxiang, what else do you have to say?"

Shangguan Yunxiang's eyes showed extreme fear, and he muttered: "Don't kill me, don't kill me!"

He has seen the murderous in Chen Feng's eyes.

Chen Feng smiled and said, "Change to a realistic requirement."

[Chapter 1548: Me, why should I give you face?](#)

Shangguan Yunxiang said in horror: "You can't kill me, my father is Master Tongtian..."

Tongtianhou's voice suddenly sounded: "Chen Feng, let my son go, I will spare you not to die!"

Shangguan Yunxiang heard his father's words, his eyes burst out, and he became arrogant again, and said wildly: "Chen Feng, have you heard it? Quickly let me go!"

"Otherwise, my father will never let you go, you will definitely die!"

Chen Feng stood up slowly, turned his head, looked at Tong Tianhou, a ridiculous smile appeared at the corner of his mouth, and smiled: "What did you say?"

Tongtianhou looked as he should, and said proudly: "Let go of my son!"

His tone was like an order.

Shangguan Yunxiang still cursed impatiently: "Chen Feng, hurry up and send me to the stage. If I delay the treatment, I will definitely kill you."

Before he could say anything, Chen Feng slapped his face with a scream.

With this slap, Shangguan Yunxiang let out a scream, his head crooked, and blood flew out.

Then Chen Feng, with more than a dozen ear scrapers, slapped Shangguan Yunxiang's face fiercely, and beat Shangguan Yunxiang into a pig's head.

With a slap in the face, Chen Feng looked at Tongtianhou and smiled and asked: "What did you say?"

Tongtianhou's face was blue, and fire seemed to burst into his eyes.

But he is helpless!

Chen Feng straightened up, and suddenly, stepped on Shangguan Yunxiang's face with one foot, and rubbed his face vigorously, so that his face was pressed against the ring.

The ring was cold, but Shangguan Yunxiang's face was hot, and the strong sense of humiliation made him almost faint, because of the extreme shame, he let out a stern roar.

Chen Feng smiled and said: "Do you remember, Shangguan Yunxiang, three months ago, before the Dragon God Hou Mansion, you treated me like this."

"At the time, I, who had no grudges or hatreds with you, were stepped on your face and stepped on the dust."

"Now it is your turn."

Chen Feng looked up to the sky and laughed, extremely happy. For months, the grievances, anger, and anger that had accumulated in his heart, at this moment, all disappeared.

The thoughts are instantly accessible, and the mood is extremely comfortable.

Shangguan Yunxiang shouted and cursed: "Chen Feng, you wait for me, I will not let you go, I will definitely kill you, I will use the most vicious means to torture you..."

Chen Feng's icy voice suddenly sounded: "Shangguan Yunxiang, if I were you, I would be honest now, because now, once I get down, I can smash your head."

The voice was sharp, and Shangguan Yunxiang's voice immediately disappeared. He could hear that Chen Feng really dared to kill him!

Upon seeing this scene, Tongtianhou softened his tone and said, "Chen Feng, give me face!"

The voice stopped abruptly, because Chen Feng was already smiling at this time, and his feet directly shattered Shangguan Yunxiang's heart!

Shangguan Yunxiang's eyes were still waiting for Chen Feng, showing a color full of disbelief, but the vitality was already cut off!

Chen Feng turned around and looked at Tongtianhou, with a brilliant smile at the corner of his mouth, spread his hands and smiled and said, "Tongtianhou, why should I give you face?"

"I just want to kill him, what can you do with me?"

Tongtianhou let out a loud roar: "Chen Feng, you bastard, you are looking for death!"

With that said, his figure is about to flash above the ring.

Obviously, he had already lost his mind stimulated by his son's death.

Shangguan Yunxiang is his most important son!

At this time, Long Shenhou flashed his figure and stood in front of him. He smiled and said, "Tongtianhou, what are you going to do?"

"Above the ring, life and death are in peace, don't you want to violate the rules?"

Tongtianhou roared in fright: "Dragon Shenhou, get out of me!"

With a punch, Long Shen Hou smiled coldly: "It's you who want to get out!"

The same punch was punched, the two punches intersected, making a loud noise.

Long Shenhou stood still, not moving.

But Tongtianhou was shocked and flew upside down for hundreds of meters. The person was in the air, and blood spurted out.

His eyes were cracked, his face flushed, like a madman: "Dragon God Hou, I'm fighting with you!"

At this time, the golden armored man, Yan Yu, suddenly said coldly: "Tong Tianhou, how dare you roar in front of the princess?"

"Besides, Taibi has its own rules, everything is done according to the rules, you are really out of dignity if you do this! Why don't you step down?"

The curse, like a basin of cold water, poured his head down.

Tong Tianhou regained his sanity, he fell on the ground, was silent for a while, then panted heavily, staring at Chen Feng with bitter eyes, nodded fiercely, turned around suddenly, and walked away.

At this point, among the five great princes, two great princes have forged a deep-seated hatred with Chen Feng, they want to kill Chen Feng and then quickly!

The battle between Chen Feng and Shangguan Yunxiang was short and intense. Before everyone was ready, it started and ended quickly.

At this moment, the magic weapon was still on the ring, seeming to swallow everything.

Chen Feng frowned, thought for a moment, then thoughtfully, took off the pair of light blue gloves from Shangguan Yunxiang's hand, and then stretched out his hands.

As soon as he came into contact with the black hole, Chen Feng felt that a fierce and wicked idea that was extremely cruel, he rushed over directly from above and hit Chen Feng's heart fiercely.

Fortunately, Chen Feng was almost controlled by the Asura Faxiang once before, so he was prepared.

He caught the black hole directly, and was not affected.

And at this time, the big Asura spirit at the end of the Tianhe Martial Arts Road, Chen Feng, seemed to feel this somewhat similar idea and power of the same nature, and roared.

He wanted to control Chen Feng's body. Chen Feng quickly threw the black hole into a jade box for preservation, and then put it in the golden dragon ring.

This separated the Great Asura Martial Spirit and the Devourer, the Great Asura Martial Spirit quickly calmed down.

Chen Feng sighed for a long time. He had absorbed five full years of vitality in the blow just now, and he must find these vitality again.

This will fall on this evil weapon!

Above Yu Nian, watching Chen Feng safe and sound, the third princess sighed quietly, seeming to be relieved, and the small fist that had been clenched also loosened.

For some reason, when Chen Feng was extremely dangerous just now, he was a little worried.

When Yu Wenzhen saw this scene in her eyes, she suddenly joked: "Oh, our third princess, is it possible that you really touched everyone?"

The third princess's face flushed suddenly, and she punched her fist on her shoulder twice, and said, "What nonsense are you talking about?"

[Chapter 1549: The ultimate battle!](#)

Then, with a small face, she was a little worried, and said: "You Yuwen's family and Chen Feng have a deep hatred. Is it possible that you will never die in the future?"

"But, his strength is so strong, your Yuwen family are not opponents either!"

"Yes!" Yu Wenzhen nodded and smiled bitterly, and said: "The most powerful people in Yuwen's family have been killed by Chen Feng. Where else is his opponent?"

"To blame, I can only blame my Yuwen's family for making enmity with him by mistake!"

She suddenly looked at the third princess and said, "You know, in fact, even though he is like this, I really can't hate Chen Feng."

"Every time I think of him, there is always a strange feeling."

In the second game of the fourth round, Shui Jianfeng played against Shi Xiaohouye.

Lord Shi Xiaohou is very powerful, he is a master of the nine levels of Martial Sovereign Realm, and he also possesses the Blue Demon Pagoda Fire. Although he can't compare with Chen Feng's Red Lotus Earth Fire, his power is also very powerful.

Unfortunately, his opponent is Shui Jianfeng.

Shui Jianfeng still uses that trick.

He snapped his fingers, and then trapped Lord Shi Xiaohou in it. In the end, he was directly exhausted.

And he watched a whole good show next to him!

There was also an uproar in the crowd.

"This Shui Jianfeng is very mysterious, and it hasn't shown true strength until now!"

"Yes, he has played several games so far, all with only one move, and then trapped his opponent alive. No one knows how strong he is?"

This time the three who entered the fifth round appeared, namely Chen Feng, Shui Jianfeng, and Shangguan Chang!

Standing on the ring, Dong Haoming smiled and said, "It's a coincidence. In this fourth round, it seems that you played very easily, and all of your strengths are well preserved."

"In this case, let's just start the fifth round. I think you all agree."

"The high-ranking officials and nobles here are all very expensive. It is really reluctant to delay time here. Let's just finish it all today."

As he said, he smiled and said: "In the fifth round, the three of you fight in pairs, and those who win two games in a row will naturally win!"

"It's that simple. In the end, whoever is still standing here will win!"

The words are simple, but the cruelty inside is rushing to the face.

Three people, whoever stands last wins!

Chen Feng stood opposite Shui Jianfeng, this was the ultimate decisive battle!

Chen Feng and Shui Jianfeng, the first battle.

The people in the stands looked at them two, holding their breath, expecting them extremely.

The two of them, in the past few battles, solved their opponents easily without any effort, and Chen Feng kept slapping his face, making everyone very surprised.

They all want to know who, Chen Feng and Shui Jianfeng, is the ultimate master.

"In this battle, whoever wins the two will be the ultimate winner of this competition! Who is the best man of the five marquises!"

"I am more optimistic about Shuijianfeng. After all, Shuijianfeng has a deeper foundation. He has been fighting in southern Xinjiang for more than ten years and has more experience."

"Yes! Moreover, Shui Jianfeng only used one move, and he has come to the present. Everyone knows that he still has a lot of tricks that he hasn't used, and there are many cards he hasn't opened!"

"Yes, Chen Feng is far inferior to him in this point. I feel that Chen Feng has no hole cards."

"I think so too. Chen Feng is already at the limit now! He is from a pariah after all. How long has he just been here? The background is very shallow, and the number of cards is far from being able to compete with Shui Jianfeng. On par!"

There was a lot of discussion, and most of them were more optimistic about Shui Jianfeng, thinking that he had a deeper foundation and more cards!

Shangguanchang had been automatically ignored by them.

In their opinion, whoever of the two can win is the right one among the five Houfu. Shangguanchang has no threat to them at all!

Standing on the ring, Chen Feng heard these words and shook his head slowly, very disapproving, feeling ridiculous.

"Hole cards? To discuss the hole cards, who has more of me?"

"As for the hole cards that have not been revealed, who can compare to me? I have so many hole cards, so far, only one has been used!"

Only the secret of the secret of Dragon Slaying Knife was used, and even the power of Little King Kong was not detected by anyone.

Shui Jianfeng looked at Chen Feng and smiled: "Chen Feng, did you hear that? Everyone thinks that I can win but you will only lose!"

Chen Feng looked at him, smiled and said, "Then we don't have to compare, just let them say, and they say whoever wins will win."

"If you want to say that, those who died before me should actually win!"

Shui Jianfeng's expression stagnated, and he couldn't say a word. He cursed fiercely: "The kid with sharp teeth and sharp mouth will only be a good tongue!"

He looked coldly and said: "I know, you are very proud now, because you have won several battles!"

"But unfortunately, by now, this is all over!"

"With me, you will fail miserably, and you will find that all your so-called powerfulness is not worth mentioning!"

"In front of me, you will be completely beaten into the original shape, you are still that pariah, or that pariah without any background, not worth mentioning!"

He was jealous and proud, and very contemptuous and disdainful of Chen Feng.

Chen Feng discovered that he seemed to take the distinction between aristocrats and civilians very seriously, and he always said that he was untouchable!

He was full of arrogance, pointed at Chen Feng, and said disdainfully: "I know, you are very confident of your combat effectiveness, but now what I want to tell you is that you are a **** in front of a nobleman like me. It's vulnerable."

"You will find that I am not only noble and elegant than you, but also my combat effectiveness is stronger than you! Do you understand?"

His words and posture were full of a strong sense of superiority.

Chen Feng looked at him with a cold murderous intent in his eyes.

He took a deep breath, hooked his finger towards Shui Jianfeng, and said, "Come on!"

Shui Jianfeng looked arrogantly and said: "Are you sure you have the strength to deal with me? I am a strong man who is already strong enough to build a spiritual world, and I am already a seventh-level spirit master!"

"In my spiritual world, I am God, I am the omnipotent king!"

Chen Feng smiled and said: "Fangzheng, I know, you are in your mouth, it's pretty powerful."

Shui Jianfeng looked at Chen Feng with a cold smile on his face, stretched out his right hand, snapped his fingers, and snapped his fingers.

And everyone in the stands seemed to have missed a beat in his heartbeat following his snapping fingers.

"This is the ultimate move that Shui Jianfeng must use every time. Up to now, I have never lost. Can Chen Feng be able to stop it?"

[Chapter 1550: In the enchantment](#)

Only Long Shenhou was full of self-confidence and his expression was not moving at all. In his opinion at this time, there was nothing Chen Feng could not do.

Chen Feng didn't prepare any treasures to deal with this trick, because Chen Feng was confident and because he was also a soul master.

And it is a soul master with extremely powerful mental power.

At the same time, with this snapping finger, Shui Jianfeng's cold and proud voice: "Chen Feng, I heard my brother say that you are also a soul master!"

"Okay, since you are also a soul master, then I will be above the soul master and completely conquer you!"

"I want you to know that I am better than you in any aspect!"

"I am already a Seventh-Rank Soul Master, you absolutely cannot be my opponent!"

In fact, he was very shameless when he said such words at this time, because the most powerful force of Shui Jianfeng originated from the soul master, while Chen Feng did not.

The soul master is just an identity of Chen Feng, and it is far from his most powerful force.

Hearing this, Chen Feng smiled coldly, looked at Shui Jianfeng, and said softly: "If this is the case, then I am as you wish!"

The arrogance in his heart sprang up: "Then I will defeat you by the means of a soul master!"

Spiritual invasion, rushing towards Chen Feng, Chen Feng did not resist at all, but opened up the spiritual world.

So at the next moment, Chen Feng felt the sky spinning, and then he found that he was no longer on the ring.

He was now in a big swamp, with black water everywhere, a strong pungent rotten smell lingering at the tip of his nose, tall trees everywhere beside him, as well as rain pouring down.

In the black water on the ground, countless venomous insects and snakes lurked, and the roar of beasts and insects continued to sound.

Chen Feng smiled slightly, without the slightest panic.

He knew that this should be the spiritual world created by Shuijianfeng.

Or more correctly, it is a spiritual barrier!

Obviously, Shui Jianfeng has also mastered the spiritual barrier.

He obviously wanted to let himself be trapped alive inside!

Suddenly, there was a soft noise behind him, very subtle, but Chen Feng caught it.

He immediately turned his head, and then saw that a tall barbarian jumped up from the tree and rushed towards him.

He held a two-meter-long, jet-black spear in his hand, which seemed to be a normal spear made of wood, but this spear felt extremely dangerous by Chen Feng.

The barbarian was completely dark and painted with oil paint, he was extremely hideous, and he made a vicious call.

Chen Feng sneered, his figure flashed, and he shot out with a palm, which happened to be on the side of the barbarian's body.

With a crisp sound, the barbarian's body exploded directly, and the spear in his hand pierced the next big tree.

As a result, the whole green tree immediately withered, and then immediately burned.

Chen Feng raised his brows, this toxin is so powerful!

This barbarian has about the four strengths of Martial Sovereign Realm, but in front of Chen Feng, it is not worth mentioning.

Chen Feng slowly shook his head. He knew that Shui Jianfeng's strength could never be limited to this, and there must be more powerful killer moves behind.

Sure enough, not beyond Chen Feng's expectations, there was a call sign.

I saw hundreds of barbarians in the dense forest rushing towards this side! To besiege Chen Feng, although they are not high in strength, they are extremely large in number and surround Chen Feng in the middle.

Chen Feng smiled coldly, his body shape kept dodge, and his palms were shot one after another.

These savages, probably the strongest, are only the fifth level of the Martial Sovereign Realm. Chen Feng can kill a dozen or so with a single shot.

After a while, all the barbarians were killed.

Then Chen Feng walked out and soon came to a clearing in the dense forest. This was a small hill. Chen Feng climbed the hill and looked far away, and then his pupils shrank.

Because he was amazed to see that a dark tide in the distance was pouring towards here, like a wave composed of countless ants.

Then he found out, where are the ants making up the wave? Obviously composed of barbarians!

Countless barbarians, I'm afraid there are tens of thousands of them, rushing towards this side, instantly encircling Chen Feng in them, and killing them fiercely!

When Chen Feng saw this scene, a sneer appeared at the corner of his mouth: "I want to play a crowded strategy? Sorry, I have no patience to play with you anymore!"

Thus, the transparent divine light in Chen Feng's spiritual world broke through the sky.

The world at this time is a world constructed by spiritual power, so Chen Feng's transparent divine light is in it, and it is extremely powerful.

This two-foot-long transparent divine light, Yao just like a dragon, walked through it, let out a cheer, and then killed the barbarians.

I saw the transparent divine light spinning around among the tens of thousands of barbarians, and circled all the barbarians inside, using only a tenth of an instant.

And the next moment, the movements of these barbarians stopped.

With a bang, tens of thousands of barbarians exploded into countless small pieces at the same time.

Chen Feng was very pleasantly surprised. He didn't expect the transparent divine light to be so powerful in the spiritual barrier!

The transparent divine light suddenly snapped, like a whip, shook it a few times, making a strong shock.

With his shock, the entire spiritual power world was shaking, almost collapsed.

In the air, visible ripples appeared, and Chen Feng immediately stopped: "Don't be so powerful, don't be so powerful, if this world of spiritual power is broken, then there is no fun, but it is not my original intention. Up!"

The transparent divine light is honest!

Seeing all these tens of thousands of barbarians die, Chen Feng smiled slightly, he felt a little bit, and suddenly felt that the mental fluctuations coming from a certain direction were extremely powerful.

Chen Feng immediately knew that there should be closer to the core position of this spiritual power structure.

Therefore, Chen Feng immediately hurried to that location!

At this time, on the ring, Shui Jianfeng shook heavily, as if struck by lightning, his face was pale, and two lines of nosebleeds remained.

His mind was cramped, and he felt that his spiritual barrier was hit hard. He was shocked: "How is it possible?"

"How could this untouchable mental power be so powerful? He just used his mental power a little bit, and it caused such a violent fluctuation in my spiritual barrier!"

"Moreover, after the fluctuation of my mental barrier, it almost collapsed!" He was shocked!

Everyone in the stands, after seeing Shui Jianfeng snapped his fingers, Chen Feng stood there, but Chen Feng didn't make any movements in the same place, his expression was calm and indifferent, without any panic!

This was obviously different from those people before, and then they suddenly saw that, a moment later, Shui Jianfeng groaned and his nose and mouth were bleeding.
