

Peerless 1561

[Chapter 1561: Earl of Dragon!](#)

After speaking, the five princes let out a burst of triumphant laughter, and then turned around and left triumphantly.

Chen Feng looked at his back, his eyes were indifferent, he didn't say anything, just quietly clenched his fists.

And if you look closely at his eyes, you will find that at this time, Chen Feng, in the depths of the waves of the ancient well, like a pool of water, is burning with raging flames, and it seems to be able to burn everything!

Chen Feng was already awe-inspiring to kill the five princes!

However, at this time, he was very clear that in terms of strength and influence, he was far from the opponent of the five princes.

If the other party really wants to, he can definitely crush him to death easily.

Therefore, Chen Feng had no impulse. He endured it, just as he did when Shangguan Yunxiang's foot was on his face when Shangguan Yunxiang's foot was on his face when he was outside of the Dragon God Hou Mansion three months ago.

That time, he endured it, but this time, he still endured it!

On the head of Shinobi, a knife!

Now Shangguan Yunxiang has turned into a corpse.

Soon Chen Feng stepped on the steps and came to the palace.

At the entrance of the main hall, he looked back at the prime minister and saw clouds, as if he had stepped on them.

And further afield, the entire Wuyang City is in a panoramic view, Wuyang City, which is thousands of miles in radius, is now in front of Chen Feng.

In the distance, the magnificent mountains and rivers made Chen Feng suddenly feel a sense of heroism!

After a while, he took a deep breath, tidied his clothes, and followed Yan Yu into the hall.

After all, the person to be met is Daqin's supreme, supreme ruler on this land, and Chen Feng must also act carefully.

Soon, Chen Feng saw Emperor Qin, Emperor Tianqi on the hall!

The Emperor Tianqi seemed to be ignorant of what happened under the steps just now, and he was still quite affectionate to Chen Feng, even he did not let Chen Feng kneel.

This also happened to avoid Chen Feng's embarrassment. He didn't want to kneel to anyone, including Emperor Tianqi!

After really meeting Emperor Tianqi, Chen Feng could feel his domineering and unparalleled, very powerful.

However, no strange thoughts were born, unlike most people who saw the emperor and knelt down in a hurry, trembling, not even daring to lift his head.

To put it bluntly, in Chen Feng's heart, there is no fear of them.

Because Chen Feng has seen a higher-end and more powerful force!

Emperor Tianqi looked at Chen Feng with a smile on his mouth. Before Chen Feng could move, he walked down quickly, looking like a corporal ritual.

He smiled and said, "This is Chen Feng, right?"

"Okay, very good, it is indeed a talented person, worthy of being the number one outstanding person of the Great Qin Kingdom today, and worthy of being the first person of the Great Qin Dynasty thirty years later!"

"The first person in Daqin thirty years later?" Chen Feng was a little puzzled when he heard this name.

This is already the second time he heard it today.

Looks like this, it seems to be referring to myself.

Emperor Tianqi smiled and looked at Chen Feng, and said, "This is the evaluation given to you by the widow!"

He looked at Chen Feng and said boldly: "Widow is determined, thirty years later, you will definitely be the first person in Da Qin, no one can be qualified to fight with you!"

Chen Feng was a little flattered, but did not expect that Emperor Tianqi would give him such a high evaluation.

As a result, Chen Feng was a little excited, but when he thought about it, he thought clearly.

This is just a phantom name, it can't take anything from Emperor Tianqi, and this learning may bring a series of troubles to oneself.

For example, the Five Highnesses just now came to ask for trouble, obviously because he was very upset that Emperor Tianqi gave him this false name.

But at this moment, Chen Feng's heart surged with pride: "What about this name causing me trouble? How can I, Chen Feng, be afraid?"

"From today, this name belongs to me. As for those troubles, if you want to find it, then come!"

"I, Chen Feng, what is there to be afraid of?"

Next, Emperor Tianqi waved his hand, and a huge map appeared on a wall of the main hall.

This map. It is the whole picture of Daqin.

Then, Emperor Tianqi pointed to the far east of the map and said to Chen Feng: "Chen Feng, you are both Chen Feng and Feng Chen."

"And as the first name of the Alchemist Association, you can get a fief. This is my promise to the Alchemist Association."

"Now, I will grant you this fief!"

With that, as his hand tapped lightly, a small spot on the easternmost side of the map instantly lit up and became much larger.

Chen Feng immediately looked towards the little spot, and saw that the spot where the little spot was located was the easternmost border of Daqin.

And beside it, there are densely packed small trees-like things, which seem to represent this location on the edge of a large forest.

Doctor Gongsun on the side looked at Chen Feng, smiled and said, "The place where you are sealed is called Zhanlongcheng."

"Beside the Battle Dragon City, there is the Battle Dragon Great Forest stretching for tens of thousands of miles!"

The Emperor Tianqi suddenly said loudly: "Chen Feng, listen to the announcement!"

Chen Feng took a deep breath, bent over slightly, clasped his fists, and said in a deep voice, "Chen Feng obeyed!"

Seeing that Chen Feng did not kneel down, a faint flash of displeasure flashed in Emperor Tianqi's eyes, but now he drew in Chen Feng, so he did not accuse him, just said loudly:

"Chen Feng, today I named you the Earl of Battle Dragon and the City Lord of Battle Dragon City! Your fief is Battle Dragon City!"

"War Dragon City, the terrain is dangerous, close to the barbarian land, there have always been wars and chaos, you must defend there, and don't live up to my expectations of you!"

Chen Feng nodded heavily and said loudly: "Yes, the minister obeyed his orders, and he decided to guard the eastern border for your majesty!"

Emperor Tianqi nodded slightly, Doctor Gongsun stepped forward and handed a jade box to Chen Feng.

When the jade box was opened, it contained two things, one of which was a large purple gold seal with a square and a foot.

The other one is a scroll, golden silk, white jade axis, extremely delicate.

Chen Feng carried this jade box, only feeling that it weighed more than a thousand catties.

At this time, his mood could not help but be a little excited so quickly, he stepped into the ranks of the Daqin nobles and had his own fief.

And his knighthood even directly reached the earl, only one level worse than Master Long Shenhou.

It can be said to be a step up to the sky!

Seeing Chen Feng's excited look, Emperor Tianqi nodded slightly, satisfied.

What he wanted was this effect. In his opinion, Chen Feng was only a civilian, and he had such power and position in a blink of an eye, and all this was given to him by himself. He must be grateful.

So in the future, I will naturally do my best to work for myself!

To say a few more words, Emperor Tianqi made Chen Feng retreat.

[Chapter 1562: Tears](#)

Chen Feng also felt uncomfortable staying here, so he hurriedly left and left the palace.

Back in the courtyard of the Dragon God Hou Mansion, Luo Zilan and Zhong Yuxiu were already waiting there anxiously.

When Chen Feng came back, there was a smile on his face.

Especially Luo Zilan, looking at the big seal in Chen Feng's hand and the golden scroll, there was a smile on her face, even more excited than Chen Feng.

She is a native of Da Qin, and she is full of awe of the Da Qin imperial family.

At this time, Chen Feng was able to get the recognition of the royal family, and even to be able to step into the ranks of the Daqin nobles, and take charge of one place, which made her very happy.

After she finished reading it, she carefully placed the purple gold seal and golden scroll in the jade box, smiled and said, "Chen Feng, you must put this thing in place. This is the foundation of the future."

"With these two things, you can create a big family, and this family can at least reach the level of Lord Hou. From then on, it will stand in Daqin and will not decline for thousands of years."

She looked at Chen Feng with a smile, with a look of longing in her eyes, as if she was thinking of the future, and the scene where she and Chen Feng would stay together in the future.

Even her face turned red.

Zhong Yuxiu jokingly said next to him: "Oh, sister Luo, what are you thinking about? Why are you blushing? Is it something shameful? Hurry up, tell me!"

Luo Zilan was very shy and reluctant to say: "You little hoof, talk nonsense again, I tore your mouth!"

Chen Feng saw Luo Zilan's face with shame and joy, and he was extremely happy, but his mood was so heavy that he couldn't even smile.

Because he has made up his mind, he will pick up his senior sister Han Yu'er today.

And he didn't know how to speak to Luo Zilan. He knew that Luo Zilan had a deep affection for herself, and Chen Feng couldn't judge whether Luo Zilan would accept the news if she knew about it.

Or even crash directly?

Chen Feng felt very embarrassed. On the one hand, he could not give up Senior Sister Han Yu'er, and on the other hand, he did not know how to explain to Luo Zilan.

Luo Zilan is actually a very smart woman. She soon discovered Chen Feng's scene and immediately asked: "Chen Feng, what's the matter with you? Is there any problem?"

Chen Feng took a deep breath and thought it was best to tell her about this, so that at least it would be fair to her anyway.

So he glanced at Zhong Yuxiu, who also nodded very obediently, and said, "I have something else, you two have to say it clearly."

Then turned and left.

Chen Feng took Luo Zilan's hand and returned to the room. Luo Zilan was a little nervous, looked at Chen Feng, suddenly pulled the corner of his clothes, and asked very anxiously: "Chen Feng, would you not want me? Are you leaving me?"

Her tone was very rapid, her face was full of anxiety, and even a hint of panic appeared in her eyes.

Obviously, she was very worried about Chen Feng saying the word 'yes'.

Seeing this scene, Chen Feng only felt that one of his heart was hit hard by a sledgehammer. It was so painful that he could hardly breathe.

He suddenly felt that he was really not human. Luo Zilan put everything on herself now, but she still wants her to bear it.

However, Chen Feng had no choice.

Chen Feng quickly said softly: "Sister Luo, Sister Luo, don't think too much about it, why would I not want you?"

Luo Zilan took a long sigh of relief, and her whole body relaxed.

Looking at Luo Zilan, Chen Feng finally made up his mind and said softly, "Sister Luo, do you remember the first time we met, when we were healing in the cave, did I ever tell you about my past?"

There was a soft color on Luo Zilan's face, as if he was lost in memory, and said softly: "Remember, I remember it very clearly!"

"I remember you telling me about your affairs in Qianyuanzong, and later about your affairs in Ziyang Sword Field, about the people you know, your friends, your one..."

Suddenly, her voice froze, as if she had guessed something, she looked at Chen Feng in horror: "You also said that your..."

Sure enough, women in love are the most sensitive.

She had guessed it.

Chen Feng looked at him and said with difficulty: "Yes, my senior sister in Qianyuanzong and my childhood sweetheart, I found her here, and she is now in the imperial capital."

"It's at Lie's house, and I have made up my mind to find him today and get her back!"

To Chen Feng's surprise, Luo Zilan didn't react fiercely after hearing the news.

She was silent for a long time, then looked at Chen Feng and asked softly: "You made up your mind, haven't you?"

Chen Feng nodded his head: "Yes, I have made up my mind, and I will go today."

A smile suddenly appeared on the corner of Luo Zilan's mouth and said, "Chen Feng, then let go and do it. I will never stop you from what you are determined to do. I support you very much."

"What?" Chen Feng was completely surprised. Looking at him, he said in disbelief: "Do you support me doing this?"

Luo Zilan smiled and said, "I support you. After I heard about you and Han Yu'er, I was very moved."

"You two are childhood sweethearts, and you shouldn't have been separated."

She laughed at herself and said: "Compared to you, I am like an outsider, late."

Chen Feng said quickly: "Sister Luo, don't say that."

Luo Zilan took a breath, looked at Chen Feng, with a smile on the corner of her mouth, and said, "Chen Feng, go!"

"I will be very happy to bring Han Yu'er back."

Chen Feng didn't expect it to be such an ending. For him, it was a perfect ending.

Chen Feng let out a cheer, and suddenly kissed Luo Zilan's cheek, then smiled and said, "Sister Luo, you are so kind!"

Luo Zilan pushed him angrily and said: "Okay, go ahead, don't bully me here anymore."

Chen Feng nodded: "Okay, then I will go."

As he said, he turned and left, but he didn't see it. At the moment he turned, although Luo Zilan was still smiling, there were tears in the corner of his eyes!

Soon, Chen Feng came to Lie's house.

He came under the steps and walked straight up slowly.

There was a guard standing outside the door, who looked up and down Chen Feng, with a look of contempt in his eyes.

Chen Feng is still wearing a blue robe at this time, bright and upright, and this blue robe, in their eyes, is truly shabby.

One of the guards stepped forward and cursed impatiently: "Where did the untouchables come from? Get out of the way!"

[Chapter 1563: You dictate yourself!](#)

Chen Feng looked at them and said lightly: "I have something to do this time!"

"Oh? Something?" The guard showed a sneer on his face, pointed to the plaque above his head and said: "Do you know where this is?"

"This is the Lie family, the hidden family of the Great Qin, and a place even stronger and stronger than the Hou Mansion. What's the matter for a pariah like you here? What kind of intersection will my Lie family have with a pariah like you?"

Chen Feng said lightly: "Am I here to propose a marriage?"

"What? Come to propose marriage?"

There was a look of disbelief on this guard's face, and the whole person stayed there. After a while, he was relieved, turned around to look at the other guards, and laughed loudly:

"Have you heard that you didn't hear what he said just now? He said he came to propose marriage?"

He deliberately emphasized the two words to propose marriage.

When the guards heard this, their faces were also showing disdain, and there was a burst of laughter!

Pointing at Chen Feng, they laughed extremely presumptuously one by one, disdain to the extreme:

"This untouchable, is he insane? He actually said he wants to propose marriage?"

"Who gave him the confidence?"

"Yes, our Lie's house is so noble, and there is a most inferior maid who comes out of it. Even if she cooks in the kitchen and cleans the courtyard, this untouchable can't be worthy of it!"

A person who looked like the head of the guard came over and said jokingly: "Okay, okay, get out of here, don't make trouble here."

Judging from his appearance, he completely regarded Chen Feng as a lunatic.

And the guard who joked about Chen Feng at first stepped forward impatiently and pushed towards Chen Feng!

Chen Feng showed a chill on his face and said softly: "If you don't want your hand, you can continue to push."

Hearing these words, the guard's face changed, and then, a sulky character appeared on his face, and he smiled disdainfully: "Boy, are you sure? You are threatening me!"

Chen Feng smiled and said: "Yes, I am threatening you."

There was a chill on the guard's face: "Little boy, do you know what you are doing? How dare you threaten a guard from Lie's house?"

"I can easily deal with a hundred people like you, and I don't have to take any responsibility for killing you! If you dare to say one more thing, I will kill you now!"

Chen Feng looked at him with cold eyes. If this guard dared to do something, Chen Feng would immediately kill him with a palm.

Others burst into laughter.

"Lao Jiu, you do something with this untouchable, isn't that bullying?"

"Haha, that's right, the matter of the two of us, which one is not a powerhouse of Martial Sovereign Realm? You have to deal with him, can't you just shoot it to death with a single palm?"

After hearing what these people said, Old Jiu looked even more smug. He looked at Chen Feng and said, "Have you heard? I said that if I really want to kill you, it's easy, even without a trick!"

These guards surrounded Chen Feng, mocking and mocking him all over, treating him as a joke.

And at this time, suddenly, a voice came from the side: "What's the decent way of being noisy at the door of Lie's house?"
nOveLusB.coM

Everyone followed the sound and saw a twenty-six or seven-year-old white robe youth walking slowly towards this side.

His clothes are extremely luxurious, the clothes on his body are even more expensive, and his aura is quite large, obviously he is a certain noble son.

After seeing this person clearly, the faces of the guards of the Lie family immediately changed. The disdainful mockery that had just looked at Chen Feng just now disappeared, turning into flattery and flattery.

The guard leader of the Lie family hurried forward, hunched over, and said with a smile: "Master Zhou, why are you here?"

The son of the week smiled and said: "I heard that the fifth sister is not very healthy recently, I came to visit on the order of my father, and give me some gifts!"

The leader of the Lie family has a brighter smile on his face, his waist is lowered, and he smiled: "Master Zhou, you are so polite. The Zhou family and the Lie family are good friends. Why is such a courteous family needed? "

Young Master Zhou snorted disdainfully, "How can you talk about things between our Zhou family and the two families?"

The head of the guard of the Lie family showed an embarrassment on his face, but then he quickly disappeared, slapped his face gently with his hand, and flattered: "It is indeed the villain who talks too much, the villain **** it, the villain **** it. !"

He didn't dare to offend the son of Zhou, this son of Zhou is the eldest son of the Zhou family, another hidden family in the Great Qin Kingdom, and he will inherit the Zhou family in the future.

Moreover, his mother is still the sister of the Lie Family Patriarch. The two families are good together, and their status is very noble, and they can only look up to the existence.

It is a great honor to say a word to him!

The guards all stepped forward to fawn, but at this time, Young Master Zhou looked around, but saw Chen Feng.

Then, his face immediately showed movement, even a little excited, and walked quickly to Chen Feng.

Then, those Zhou family guards looked at them with disbelief. They looked noble as a **** and could only look up to the ordinary Young Master Zhou. At this time, in front of the untouchables they spoke of, their attitude was very respectful.

His expression was even a bit agitated, and he cautiously said: "You, are you Chen Feng Chen Gongzi?"

Chen Feng looked at him, frowned, and said, "I am Chen Feng, are you?"

That week's son laughed at himself, and said: "Master Chen Feng, you may not remember me, after all, I am not strong enough, and I am not qualified to compete on the same stage with the geniuses of your great mansions."

"However, I have watched the Big Five Hou Mansion Competition from beginning to end."

He even said admiringly: "Young Master Chen, you are too strong and too powerful. One by one you have created miracles. Every time you open a hole card, you can easily defeat your opponent."

"You are now an existence I admire very much. I regard you as a role model and keep working hard!"

Where does he have half the arrogance just now? Full of respect.

And this time. . The guards were completely stupid seeing this scene.

They exclaimed in disbelief, looking at Chen Feng, their faces were full of fear and inconceivability: "What? He, he turned out to be Chen Feng?"

"It's that Chen Feng, who is famous all over the world, won the top five Houfu, and is known as the first young talent?"

"It seems to be right, it should be him, otherwise Young Master Zhou could not be so respectful!"

"God!" A guard let out a sigh, with a look of despair on his face: "God, did we treat him like that just now? But Chen Feng!"

"I even ridiculed him just now, very disdainful of him. In fact, he killed me as simple as crushing an ant."

The other guards showed fear on their faces. Many of them made a mockery just now, and at this time they all knew Chen Feng's true identity, all of them were terrified.

With a plop, everyone suddenly heard a sound and quickly looked back.

Then I saw that the guard who wanted to push Chen Feng just now, his legs softened and he fell to his knees with a plop.

His face was pale and he looked at Chen Feng with trembling lips, his eyes showed extreme fear and even despair.

Young Master Zhou is very clever. Seeing this, if he still can't guess what happened, it will be useless.

He patted his forehead, and now he has guessed it, it must be these people who thought Chen Feng was an ordinary warrior, so they were rude to him, very disdainful, and offended Chen Feng.

He felt very ridiculous. Now that Chen Feng's identity, all major marquis and major families have to regard it as a guest, those families dare not neglect Chen Feng, and these guards dare to do this.

"It's really fearless for the ignorant!" He sighed softly, then suddenly looked at these guards, and said lightly: "You dictate yourself!"

"What?" The faces of these guards showed disbelief: "What do you let us?"

Young Master Zhou looked at them with cold eyes, and said word by word: "Do I still need to say it again? I said, let you decide on your own!"

[Chapter 1564: Marry!](#)

"This is for your good, so at least it won't hurt your family!"

"This Lord, I can still do it for Uncle."

With extreme fear on their faces, these guards knelt to the ground, begging Zhou Gongzi: "Zhou Gongzi, please, forgive us!"

"Young Master Zhou, we don't want to die! We know we did something wrong just now!"

Young Master Zhou said coldly: "It's no use begging me, but Young Master Chen will do it. He said that if you avoid death, you can avoid death!"

When these people heard that, there was a light of hope on their faces, and then they knelt on the ground, walked forward, came to Chen Feng, banged their heads, begged: "Master Chen, just now we saw people low, unexpectedly If we dare to say that to you, we have no eyes. Please spare us!"

"Master Chen, please, I have the old and the young..." *noVelusb.cOm*

"Master Chen, we have confessed to you, please let us live!"

Some people even said, slapped and slapped, the big ear scraper slammed into his face with great effort, and in a moment, a face was swollen, and there was blood overflowing from the corner of his mouth!

And the guard who wanted to push Chen Feng before, even leaned under Chen Feng's feet, hugged his legs, howled bitterly, and kept begging.

Chen Feng looked at him and said coldly: "Where did you go for your arrogance just now?"

"Why aren't you crazy? Why aren't you stubborn? Why don't you want to clean up me?"

This person kowtows like garlic, and begged painfully: "Master Chen, I was wrong. I really know that I was wrong. Please forgive me!"

Chen Feng smiled coldly: "Unfortunately, if something is said, I can't take it back again!"

There was a fierce light in this person's eyes, and suddenly his figure violent, he slapped Chen Feng, and screamed: "You want my life, you don't want to live!"

Chen Feng shook his head, a smirk appeared at the corner of his mouth, and said with disdain: "Do you think you have a chance if you work hard?"

It turned out that this person had a sinister heart, deliberately begging for mercy, and had actually made plans. If Chen Feng refused to forgive him, he would violently kill.

There was a hint of hope in his eyes, and he felt that your own strength still has some chances of winning a sneak attack.

But Chen Feng smiled coldly and slapped a palm directly on his fist. The guard flew backwards with a scream and fell dozens of meters away, his whole bones broken. .

His head crooked, his breath was gone, and he was completely dead.

Before Chen Feng spoke, Young Master Zhou sneered next to him and said: "It's really irresponsible. Young Master Chen is the number one in the Five Hou Mansions, and the first person in Daqin's next 30 years. How dare you even dare to succeed in a sneak attack?"

"It's just a wishful thinking, it deserves it if you die!"

The guards looked at Chen Feng with a look of despair in their eyes, thinking that they were already in danger today.

Chen Feng said coldly: "This person is extremely disrespectful to me, it is only natural to kill him!"

"And you, the death penalty is unavoidable, and the living sin is hard to forgive, so please abolish the cultivation base yourself!"

These guards looked at each other, none of them acted.

Young Master Zhou shouted loudly: "What? Are you still not doing it? Do you have to let Young Master Chen kill you so that you are willing?"

Only then did these guards know that Chen Feng was already on the net, and they gritted their teeth and slammed their dantian with a palm.

Many people screamed and rushed to the ground. The pubic area was broken and the cultivation base was abolished.

The same goes for the guard commander.

Chen Feng just smiled coldly. He didn't even look at them. He just strode to the front of the mansion, and then his voice rolled out: "The first man in the 30th year of Da Qin, the five great Hou Mans are the first, the Da Qin Di A handsome pharmacist, Earl of Battle Dragon, and Lord of Battle Dragon City Chen Feng, come to Lie's house to marry the second lady of Lie's family!"

The Lie's family was originally quiet, but at this time, he was completely awakened by Chen Feng's shout.

At this moment, the Lie family didn't know how many people suddenly got up and looked at the doorway in shock and anger.

Of course they know who Chen Feng is. In fact, in Wuyang City, they don't know who Chen Feng belongs to. I'm afraid there are not many of them!

In Lie's house, in the central hall, a majestic middle-aged man is sitting high on the throne.

He wore a bright red robe, with three long beards, and his attitude was quite calm.

Only at this time, there was a hint of anxiety in his eyes. He frowned for a moment, then looked at an old man next to him, and whispered: "Here, it really is!"

The old man looked at him with a calm gaze, and said softly: "It is here. In fact, from the day before yesterday, from the news that Chen Feng won the first place in the Five Hou Mansions, we knew he would come sooner or later. ."

"Unexpectedly, he came so quickly and in such a hurry, it seemed that he didn't want to wait for a quarter of an hour!"

"It seems that that little **** is really important in his heart!" The middle-aged man in the red robe gave a wry smile and said: "At the beginning, after the mother Wang came back with that little bitch, I talked about it. Just treat it as a joke."

"Unexpectedly, it turned out to be true now. This Chen Feng was easily defeated by Mother Wang at the beginning and was beaten horribly, but now he is standing here and has become such an identity, which makes my Lie family have to fear!"

He sighed lightly and said, "It's really a hero who was born in a young age. This man is too powerful! Old Li, what should we do?"

Old Li smiled slightly and said, "It's better to call everyone together and see what everyone says."

The middle-aged man in Hongpao is the head of the Lie family, Lie Bowen.

He nodded slightly and said, "Okay!"

But after a while, dozens of people came to the hall.

These people are all high-ranking members of the Lie family. Lie Bowen looked at everyone and said softly: "Everyone, calling everyone here today is about Chen Feng."

"You guys should have heard the voice just now. If that's the case, let's talk about it!"

Everyone looked at each other, and no one spoke. After a while, an old man slowly stood up, as if he had made some determination, and said:

"Patriarch, since Chen Feng wants to marry the second lady, and his current strength and status are enough to match the second lady, then it is better to let the second lady marry him."

Everyone looked at him with a strange color in their eyes.

This old man, they all know, this is the biological father of Han Cong, who has stolen the treasure of the mansion, kept his name incognito, and then betrayed the family for twenty years, and is the biological grandfather of Han Yuer.

No, it's not Han Yu'er. At Lie's house, her name is Lie Mulan, and this is her name!

[Chapter 1565: Lie's Abacus](#)

Although Han Yuer was honored as the second lady in Lie's house, she was not actually the daughter of the Patriarch, but the daughter of the Patriarch's cousin Han Cong, and the relationship was not very close.

After listening to him, Liebo said noncommittally, and then asked others: "What do you say?"

Many people nodded, echoing the old man's statement just now.

And the more they talked, the more ugly Lie Bowen's face became.

Old Li sighed softly in his heart, and said to himself: "You people, you don't know anything about the inside, so dare to talk nonsense here!"

Lie Bowen suddenly slapped the armrest of the chair with an ugly face, and said with a cold voice: "Well, let Chen Feng marry Lie Ruyan, let no one say it, this is impossible!"

The old man looked at the crowd and said lightly: "Everyone, don't you all remember Chen Feng's strength and forget one thing?"

"This Chen Feng, since he is here to propose marriage, he must have a bride price!"

When everyone heard it, they suddenly realized.

The Lie Family Patriarch laughed and said, "Oh, Mr. Li, Mr. Li, you are really the brains of my Lie Family! You can still be so calm at this time!"

Everyone also slapped their heads and smiled bitterly: "I panicked just now, and even forgot this. That's right, he is here to propose a marriage, so of course he has to be a bridegroom."

"Just the dowry gift can stump him!"

"Yes," a person said coldly, "He is a pariah, with a humble background and a shallow family. What kind of bride price can he have?"

"Haha, that's right, if we can't come up with a significant gift, we can naturally let him go! After all, if you want to marry the second lady of the Lie family, if you can't even get the gift, wouldn't it be laughable?"

Soon, a senior member of the Lie family appeared at the gate of the mansion, looked at Chen Feng with a haughty face, and looked down at him and said, "Since it is a proposal, then, Chen Feng, do you have a betrothal gift?"

Chen Feng smiled slightly, and suddenly a jade box appeared in his hand.

He opened the jade box, placed it on the table, and said loudly, "How about I take this as a betrothal gift?"

His voice rolled out like thunder.

"Everyone from the Lie family, a city and an earl, take this as a betrothal gift to marry my senior sister Han Yu'er, is it worth it?"

This voice, the whole Lie family, heard it truly!

"What?" Hearing this sentence, everyone was shocked.

The old man looked at Chen Feng and felt a little lost for a moment, his expression on his face was instantly dull, his mouth was dumbfounded, and he didn't know what to say.

After a while, he pointed at Chen Feng and said in disbelief: "You, you, what did you say?"

"Your Majesty just named you the Earl of Battle Dragon and gave you the Battle of Dragon City. You actually used it as a bride price?"

Chen Feng smiled and said: "What's wrong with this? In my eyes, my senior sister is better than everything, let alone a city, an earl, even if it is a county, a state, a marquis, or a prince as the dowry. Chen Feng, I think it's worth it!"

The reason why Chen Feng did this was because he still regarded Lie's family very seriously.

In any case, the Lie's family is regarded as Senior Sister's natal family. For the sake of Senior Sister's face, Chen Feng did not want to turn her face with them.

He thought that doing so would make the senior sister very embarrassed. Chen Feng didn't want her senior to sacrifice for herself. He didn't want her senior to choose between himself and Lie's home.

He just wanted to make everyone happy, so that the senior sister would be really happy.

In a rather rudimentary pavilion, Han Yuer sat by the window with a sad expression on his face.

Suddenly, when she heard this voice, she stood up and burst into tears with excitement. She whispered in her mouth: "Junior Brother, Junior Brother, I know that you won't leave me alone!"

At the same moment, in the deepest part of this mansion, in a quiet garden and above the elegant attic, there was a girl sitting by the window, lazy.

Her clothes are extremely luxurious, and her aura is also quite powerful.

However, there is always a trace of weakness in this huge momentum. Logically speaking, this situation should never appear in a warrior, but it happened to her.

Her face is seven points similar to Han Yu'er, and she looks beautiful, but her temperament is completely different. Han Yu'er has a strong temper and a righteous body.

And she, in that weak body, always carries a yin and evil aura, and a vicious and vicious color flashes between her eyebrows, which makes people look very uncomfortable.

She also heard the sound of rolling thunder outside, and she was taken aback for a while, and then she was sluggish for a while, and then suddenly there was a wave of blue energy on her face, and she uttered a mouthful of blood with a wow.

The weak breath on his body is heavier.

"Yiqiu is priceless, it is rare to have a lover!" She whispered softly, a flash of jealousy flashed in her eyes.

Suddenly, she whispered to herself: "Han Yu'er, my second sister, your appearance is not as good as me, your strength is not as good as me, and your background is not as good as me. Why do you have such a good man?"

"Why do you own all this? Why am I not so proud to do such a thing for me?"

"Since I don't have one, don't even think about it, I will destroy it all!"

At this moment, the Lie Family Patriarch who was discussing in the lobby, as well as the high-level members of the Lie Family, heard this sentence, with an expression of disbelief and shock on their faces: "How is it possible?"

In the main hall, the few people who had just spoken to ridicule Chen Feng were all pale, very ugly and extremely embarrassed.

They just said that Chen Feng couldn't bring out anything, but they didn't expect Chen Feng to bring out such a heavy betrothal gift. It can be said to be extremely precious.

This is a title for every city!

"This Chen Feng, he actually wants to use an earl and a city as the bride price?"

"Is he crazy? Hey, it can be seen that this Chen Feng is really a passionate seed, and he has a deep affection for Lie Mulan!"

"Yes, he even took out such a valuable thing for this reason. This is the title and fiefdom just awarded by His Majesty!"

Someone whispered: "To be honest, Chen Feng has such a deep affection for Lie Mulan, and even this betrothal gift can't be taken out. Let's just push the boat along the water and betroth Lie Mulan to him. We can get Chen Feng. Friendship!"

Many people nodded and agreed.

"Yes, Chen Feng is the first person in Da Qin thirty years later, and getting his friendship will definitely help my Lie family in the future!"

"And if you offend him, then our Lie family might have difficulties. After all, Chen Feng's upgrade speed is so fast that people can't believe it!"

Even Lie's blog post was a little shaken for a while.

At this moment, suddenly a lady with luxurious clothes and arrogant grandeur walked in.

As soon as she came in, her gaze swept across everyone's faces, and she said coldly: "Who dares to suggest that that little **** marry Chen Feng?"

Being swept away by her cold gaze, these people were a little afraid, and couldn't help lowering their heads, not daring to look at her.

This person is the mother of the Lie family, the Yang family.

The Yang family was born very prominent, but a royal family in a neighboring country, and has always been strong.

Everyone knows that in Lie's house, it is not Patriarch Lie Bowen at all, but the Yang family!

Then Yang looked at Lie Bowen and said in a sharp voice: "Patriarch, don't forget, we are searching all over the world, what is the real purpose of finally finding that little **** back!"

"Could it be that you want to watch our daughter die?"

"She is our biological daughter, not comparable to that little **** Lie Mulan!"

[Chapter 1566: Destroy him!](#)

After listening to Yang's words, Lie Bowen's expression was uncertain, but soon, he seemed to make up his mind.

He took a deep breath and said to the crowd: "Madam's words are reasonable. That little **** must never leave Lie's house. Even if he leaves Lie's house, it will be three months later."

As he said, he and Yang looked at each other, and there was a sneer in their eyes.

"Three months later, that little **** will tell you if he is there!"

Old Li said lightly: "If this is the case, it's easy to say, after all, you can't let the second lady leave Lie's house! In this case, the only way left is to refuse Chen Feng!"

A rather stable middle-aged man, with a look of worry on his face, said: "Chen Feng is now less than twenty, and he is already the number one pharmacist. The five great mansions are the number one, and the soul is also extremely accomplished. Tyrannical, even more highly recommended by His Majesty to be the first person in Da Qin thirty years later!

"He is already so powerful now. If we reject him and forge a grudge against him, then..."

"Yes," an old man next to him said in an interface, "I don't have to worry about him now, he has not even reached the Martial King Realm, and there is no possibility of threatening my Lie's family!"

"However, thirty years, even ten years later, three years later, he may even reach the strength to be able to kill all my Lie's family. Doesn't this plant a great disaster for himself and establish an extremely strong The enemy?"

"Yes! It's reasonable!" The others were also very worried and agreed.

They are not worried about Chen Feng now, but they are worried about Chen Feng in the future!

A young man in his twenties who also wears a red robe, snorted coldly, and said disdainfully, "What **** is the top five Houfu? What **** is the number one alchemist?"

"It's just that our Lie family didn't participate. The background of our hidden family. How can the few Hou Mansions that emerged later compare?"

He proudly said: "Don't say anything else, now I go out and I can easily clean up Chen Feng!"

He abruptly stood up, bowed his hand to Lie Bowen, and said, "Patriarch, please allow me to go out. Chen Feng killed our Lie's house like this and humiliated our Lie's house. Wouldn't it be that he was not cleaned up? Let him deceive our Lie family?"

Another younger boy next to him, who was about 20 years old, laughed and said, "Big brother, do you still need to do it? My younger brother can do it!"

He smiled and folded his hands and said: "Patriarch, please allow me to go, I will definitely get rid of Chen Feng within a stick of incense!"

Several other young family leaders rushed to seize and want to go out to fight Chen Feng.

They were more mad than the others, and none of them paid attention to Chen Feng.

In their opinion, what **** the five great families is nothing compared to the Lie family. If it weren't for them to have no qualifications to participate, they would have long been in the bag!

Moreover, Chen Feng is about the same age as them, even younger than them, yet enjoying such a reputation makes them extremely jealous!

An old man glared fiercely at the young man who spoke first, and yelled, "Flame Peak, shut up!"

The Flame Peak was very dissatisfied, but did not dare to openly contradict him, so he closed his mouth angrily with a look of resentment.

In his opinion, he can easily deal with Chen Feng, why is it so troublesome?

The current hall is basically divided into two factions. One faction thinks that Chen Feng can't be offended, and the younger ones all think Chen Feng can be easily defeated by them, so they don't have to worry about it!

Everyone was worrying. Suddenly, the lady Yang, smiled sullenly, and said venomously: "Since he may become such a big threat in the future, since our Lie family is destined to become enemies with him in the future, then, it is better to be now I will destroy him!"

"What? Destroy him?" Everyone was in an uproar upon hearing this, looking at her with shocked eyes.

They had known that their mistress was so domineering, but they didn't expect that she was so cruel and bold.

After a long while, an old man trembled and said: "He, he is the Earl of War Dragon, who is pro-appointed by His Majesty, a hot and popular celebrity. If we abolish him now, wouldn't it be equivalent to an enemy of the royal family?"

"This, how can your majesty spare us?"

"Yes, don't act rashly!"

Everyone said one after another.

The Yang glanced at them, with a disdainful expression on his face, coldly snorted, and said: "A bunch of trash, if I count on you, nothing can be done!"

She said coldly: "You don't have to worry about this. I have a Taishang who came from her natal family to worship Real Meng!"

"This Meng Zhenren is a powerful man in the Martial King realm. He has tyrannical methods enough to make Chen Feng's death unconscious, so you don't need to worry too much!"

She was obviously also a person who acted unscrupulously, and said loudly: "I'll go and invite Zhenren Meng!"

"Hey, ma'am, do it slowly!" Old Li said with a smile.

The Yang family was also quite convinced by Lao Li, and stopped walking when he heard this.

"This matter, there is no need to act so intensely."

Old Li said indifferently: "You don't need to use such hurtful methods, I have my own method here."

The Patriarch of the Lie Family looked at him hopefully. This Li family is the Zhiduo Star of their Lie Family. Every strategy can easily save their Lie Family!

Old Li said lightly: "Since he is here to marry the second young lady of my Lie family, he didn't come up and beat and killed him, indicating that he didn't want to do it. He wanted to get along well with our Lie family, and wanted to marry our Lie family peacefully. Go second lady."

"If this is the case, that matter is easy to say. Our Lie family is always a powerful hermit family, and its status is not worse than that of the Hou Mansion. Then, the daughter of our Lie family can't be married away if others want to marry, right? wrong?"

"We have a time to think about it, and that's right, right?"

"That's right!" Patriarch Lie seemed to have thought of something, his eyes lit up and he slapped his face.

And Yang suddenly said, "Lao Li, what do you mean?"

Old Li smiled and said: "I will go out and tell Chen Feng, that my Lie family will not stop him and Lie Mulan from meeting, but if my Lie family daughter wants to go out of the cabinet, it will take at least a few months to do it. Get ready!"

"It will take at least a few months for the process of this big marriage to go down, and what will happen after a few months?"

There was a smirk at the corner of his mouth, and he said, "At that time, Madam, your plan with the Patriarch had already been implemented."

"At that time, can Chen Feng win our Lie family again?"

[Chapter 1567: deceive](#)

Lie Bowen slapped him, haha laughed and said, "Sure enough, well, let's do it!"

Old Li arched his hand to Lie Bowen, turned and left the hall, and went outside the palace gate.

Chen Feng was waiting outside the mansion gate at this time, his face was elegant, his smile was not impatient, he didn't want to leave a bad impression on the Lie family.

This time, Chen Feng really wanted to marry Lie's daughter.

Old Li walked out slowly and looked at Chen Feng. Chen Feng felt an extremely large aura from the old man, and he immediately guessed that the old man should be a high-level man in the Lie family.

Lao Li looked at Chen Feng and smiled and said, "Chen Feng, you said you want to marry the second lady of my Lie family. Then, I wonder if you want to marry as the Earl of Battle Dragon or as the future Dragon God?"

Chen Feng was taken aback? He didn't expect that he would ask this question, but he didn't hesitate at all, and immediately said loudly, "Of course I will marry him as Earl Zhanlong!"

Chen Feng is confident that he will definitely not be just an earl in the future, he will even be a marquis, a county prince, and a prince. He disdains to live on the shadow of others!

The old man looked at Chen Feng and smiled and said, "Earl Chen Feng, you can call me Lao Li. This time I will contact you about the Lie family."

He smiled and said: "You are an earl, and our Lie family is a hermit family. It is also a very powerful and distinguished family. Marriage between the two giants is not that simple."

"Chen Feng, you have already lost some dignity when you come directly this time."

He is extremely vicious, he is obviously making a vicious calculation in his heart, deliberately delaying time, but when he comes up, he accuses Chen Feng.

Chen Feng didn't know his thoughts. He said with some shame: "Indeed, I was a little reckless this time."

Old Li said: "It's good to know. The marriage of the two giants is not so simple. There is always a set of procedures to go. You have to marry the second lady of my Lie family, no problem!"

When he said the three words "No problem", Chen Feng was overjoyed and asked in surprise: "You mean, your Lie family agreed?"

"Of course!" Li Lao said: "How can our Lie family do such a thing as beating a mandarin duck? We did not agree before, because we think you are not worthy of our second lady, but you are now fighting. Earl Long, with such a noble status, there is naturally no problem."

Chen Feng said gratefully, "Thank you, thank you Lie Jia for perfecting me and my senior sister."

Old Li smiled and said: "Don't be too polite, this is what we should do, but your status and status are different now, and you can't be as casual as you used to be. If you can't come here and shout, we will give you the second lady. ."

"In this way, my Lie's family has no face, and it is not fair to the second lady. If you want to marry her, you must marry her in a fair manner, and marry her upright in the door!"

Chen Feng nodded and said, "That's natural!"

Lao Li said, "In this case, we must follow Daqin's rules. You are now a proposal. From proposal to marriage, there are still many things to prepare. It will take at least a few months to go down this trip of."

"Chen Feng, I wonder if you can't wait?"

Chen Feng didn't have the slightest doubt, and smiled: "Of course I can wait."

He was excited and joyful, as long as he could marry Han Yu'er back in a fair manner, let alone a few months, what would happen after a few years?

Old Li nodded and said: "I don't think you understand this. Let's go back to the Dragon God's Mansion or where it is. Ask a respected elder to let him talk to me. These things in the middle, we old men. Just come to discuss it. You juniors, don't worry about it!"

Chen Feng had a very good impression of the old man, and said gratefully, "Thank you; Mr. Li!"

Old Li laughed: "Young man, I would also like to see you mandarin ducks in pairs."

Chen Feng arched his hands and said, "If this is the case, then I will leave first and invite a respected senior to come again."

He left. Old Li looked at his back, the smile on his face gradually disappeared, revealing a sneer, and snorted in disdain, and said: "Ignorant junior, isn't it being played by the old man between applause?"

Lao Li returned to the main hall, facing everyone, smiling and saying: "It's solved, it's absolutely impossible to finish it without three months, and after three months...haha!"

Lie Bowen laughed: "Old Li, you really belong to you!"

There was also a smile on Yang's face, and then Lie Bowen waved his hand and said, "Everyone, let's go away. No one is allowed to leak out today's affairs!"

Everyone in the Lie family responded with a sudden, and left one after another.

An old man walked back to a luxurious courtyard and closed the door.

His face, which was indistinguishable from the usual, suddenly collapsed, leaning against the door, sliding down softly and sitting on the ground.

For a moment, he seemed to be dozens of years old, his face turned pale, and a touch of sadness appeared in his eyes.

Suddenly, covering his face with his hands, he was crying softly.

While crying, he muttered to himself: "My dear granddaughter, I'm sorry for you! Grandpa has nothing to do. He wants to watch you die, but there is no way!"

His body twitched and he looked very pitiful.

After a while, he slowly stood up and staggered into the main hall.

There is an incense case in the main hall, and there is a tablet on the case with a few words written on it.

This tablet belongs to his son, Han Cong, Chen Feng's uncle.

He sat down on the bluestone slab, leaned on the table, and muttered: "Son, your father, I have been mediocre since I was a child. I am the worst among my brothers of the same generation. I have not won any resources for you. old."

"I'm old now, and still mediocre. Your only bone and blood, my only granddaughter, will be pushed into the fire pit by them, but your father and I don't even have the courage to be fair to him!"

"Damn me! Damn me!"

As he said, he slapped his face fiercely, tears running wild.

Light footsteps suddenly sounded behind him, and the old man knew who was coming without turning his head. A pair of powerful hands gently supported him up.

A young man said with a strong voice: "Third Uncle, don't blame yourself too much, this is nothing you can do."

"The Patriarch and Wife are the masters, no one can change!"

This old man, whom she called the ancestor of the third uncle, looked at her son's tablet with a dull expression, for a long time, then suddenly turned around.

Behind him, stood a young man. If Chen Feng was here at this time, he would definitely be able to recognize that this young man was the Lie Gaozhao who took Han Yuer away from Qian Yuanzong.

[Chapter 1568: fury](#)

The third uncle suddenly looked at Lie Gaozhao, as if he had made some determination, and said in a low voice: "Lie Gaozhao, the third uncle has something to order. I wonder if you have the courage to do it?"

Lie Gaozhao said boldly: "Third Uncle, although I am humble and weak, you know my temperament."

"You promoted me in the midst of the cold, so that I could occupy a place in this Wuyang City Lie's house. I am extremely grateful to you. But I have instructions, go through water and fire, and you will not hesitate!"

The third uncle nodded with satisfaction, and gave a low order.

The night was deep, and the Dragon God Hou Mansion was heavily guarded.

A dark shadow quietly touched under the courtyard wall, and then climbed up.

After all, his strength was quite weak, and he was discovered by the guards of the Dragon God Hou Mansion extremely quickly.

A dozen guards immediately outflanked him, but the man in black pulled off the cloth towel on his face, looked at them, raised his hands, smiled and said:

"I didn't mean anything. I just came to Dragon God Mansion this time to see someone, but it is really inconvenient to come during the day!"

After a cup of tea, Chen Feng looked at the man in black standing in front of him and let out an exclamation.

"You? It turned out to be you?"

"Yes, it's me!"

The man in black looked at Chen Feng and said with a smile: "Chen Feng, Qian Yuanzong has not seen you for a long time after a long time!"

"Yes!" Chen Feng also had some emotion.

This person is Lie Gaozhao.

When he was in Qian Yuanzong, Chen Feng hated him for his bones, but now he can't even hold up his hatred, he can only sigh with emotion.

In the blink of an eye, several years have passed, and things are different!

The guards of the Dragon God Hou's Mansion, seeing that the man in black was indeed familiar with Chen Feng, they resigned wisely, leaving only two of them in the house.

Chen Feng looked at Lie Gaozhao and said, "What are you looking for over me this time?"

Lie Gaozhao took a deep breath and looked at Chen Feng. The first sentence he said made Chen Feng's hair stand up, and a huge sense of terror appeared in his eyes.

What Lie Gaozhao said is: "The Lie family agreed to marry you. It is a slow-down plan. Their purpose is to drag it for three months!"

Chen Feng immediately asked quickly: "What are they going to do for these three months? What are they going to do to my senior sister?"

Lie Gaozhao said softly: "Han Yu'er, nominally the second young lady of the Lie family, but in fact, it is just a young lady from the branch."

"And the most noble woman in the Lie family is the prostitute born to the owner Lie Bowen and the Yang family. Lie gives birth to smoke."

Chen Feng didn't interrupt, but motioned for him to continue.

"However, the Yang family was once ambushed when Huai Lie was smoking, experienced a tragic battle, and was seriously injured."

"So, when Lieshengyan hit her mother's womb, the root of the disease was left, and her physique was extremely poor since she was young. Although Lie Bowen and Yang gave her a panacea, they abruptly made her a master, but she was born with deficiencies. One point, the more you grow up, the more obvious!"

"This is especially reflected in his martial spirit and inner alchemy. Her martial arts spirit has a great defect, and her inner alchemy also has a great defect, and if this defect cannot be made up for, it will last three years. Inside, she is bound to die, no one can be cured!"

At this moment, Chen Feng vaguely guessed something, and exclaimed: "Does the Lie family want to?"

"Yes, your senior sister Han Yu'er, his martial arts soul is extremely special, it's a seed, and at this time this seed has taken root and sprouted, quite successful, and flourishing."

"It contains an extremely strong breath of life. It is also a very powerful martial soul. Even when it comes to the power and potential of a martial soul, it is far better than Lieshengyan. It is the first in the Lie family!"

"But, Lie Shengyan is a prostitute!" His face showed an angry look: "Not only did the Lie family not give Han Yuer any training resources, Lie Bowen and the Yang family even planned to break Han Yu'er's martial spirit. Let her return to her original state and become a seed!"

"Then, using the supreme magic method, plant the seed into the spirit of Lieshengyan, use the seed to absorb the spirit of Lieshengyan, and then replace it."

"From then on, the seed martial soul will become a violent martial soul, and your senior sister..."

He did not say that Chen Feng also knew what would end.

Wuhun was deprived, and the inner alchemy was broken!

Chen Feng was furious, his eyes flushed, and a few blue veins appeared on his forehead.

The muscles on his cheeks trembled suddenly, and he was obviously extremely angry. Suddenly, he slapped the table fiercely with his hand, suddenly stood up, gritted his teeth, and roared ferociously:

"I'm going to kill you guys from this bunch of Lie's dogs!"

His voice is not so high-pitched, but deliberately suppressed, but it feels like a volcano about to erupt, about to burst out.

Chen Feng was really angry and hated to the extreme.

This time, I went to the Lie's family to get married, and didn't even plan to use any drastic means, because he felt that now that Senior Sister is the daughter of the Lie's family, she wanted to give the Lie's family a decent, and give the Senior Sister a dignity.

But he did not expect that he values the Lie family so much, and even asks the Lie family for everything for the sake of Senior Sister, and the Lie Family treats Senior Sister that way!

They turned out to treat Sister Sister as a medicine, a furnace, a victim!

Lie Gaozhao went on to say: "It's not just that, the spirit of martial arts is dug, the inner alchemy is broken, but people may not die, and they are abolished, but they can still live like an ordinary person."

"And they are more than that. Since Han Yuer's blood is extremely pure, very close to Lieshengyan's, and even purer than Lieshengyan's, they plan to let Lieshengyan absorb all Han Yu'er's blood!"

"In this way, Lieshengyan's strength can be even better. All preparations will be completed in three months. At that time, Han Yuer will die, completely dead!"

Chen Feng gritted his teeth and said in a gloomy voice: "You are going to kill the senior sister and become the so-called **** prostitute, and use the senior sister's life in exchange for his life. In your opinion, the senior sister's life is so worthless? ?"

His face was extremely murderous, hehe with a weird smile, and softly said: "Chen Feng, Chen Feng, you are really stupid. Others calculate you so stupidly, but you can't see anything stupid. You were so grateful to them just now. You are such an incomparable idiot!"

Lie Gaozhao took a deep breath and looked at Chen Feng's eyes with a complex color.

This boy, a few years ago, was not his opponent at all, he was easily knocked to the ground by himself, and he had no power to fight back.

And now, he can make himself tremble only with his breath, and he doesn't even have the courage to fight the battle. He is making progress too fast!

[Chapter 1569: Kill Lie's family!](#)

After a long time, Chen Feng returned to normal. He looked at Lie Gaozhao and said softly: "Lie Gaozhao, thank you very much today!"

Lie Gaozhao smiled bitterly and said, "To put it bluntly, the cause of yesterday and the fruit of today, if it were not for me, your senior sister would not have come here."

Chen Feng said: "Each has its own way of fate, this is inevitable, one size goes to one size, you can come and tell me these things, I am extremely grateful."

Lie Gaozhao said: "This is what Han Yu'er's grandfather ordered me to come. He said he can't do anything about it, but he can tell you the truth!"

Chen Feng nodded slowly, a grinning smile appeared at the corner of his mouth.

"Bonglets of the Lie family, I won't let you go!"

Early the next morning, the morning light was faint.

The guards at the door of Lie's house were either abandoned or died yesterday, and today they have been replaced.

When they just took office, they were warned to keep their eyes bright and not to provoke people who shouldn't be offended.

And they even looked at the portrait of a certain person, keeping the person's appearance in mind.

This person is naturally Chen Feng.

So when they saw the tall figure walking slowly from the fog, and finally stopped in front of Lie's house, they all took a breath and held their breath.

Moreover, they also saw Chen Feng's murderous intent, and obviously it wouldn't be a good thing to come here.

The guard commander was quite clever, and immediately whispered to his subordinates to let them go to inform them!

But he greeted him cautiously, and said flatly, "Master Chen Feng, why are you here? I won't say anything in advance this morning."

Chen Feng looked at him, and didn't cast his anger on this kind of little girl. The Lie family's affairs had nothing to do with this kind of little girl.

He said slowly: "Lie's family, Chen Feng, you are limited to one cup of tea and hand over my senior sister Han Yu'er. If not, I will bloodbath your Lie's family today!"

His voice was calm, but it was so vast that he spread it out, awakening all the important figures in the Lie family at this moment.

After Chen Feng said these words, he didn't even look at the guard commander who had been scared to death by him. He just stood there, closing his eyes and paying attention!

The Lie's family was in a mess.

All the important people met in the hall, Lie Bowen looked cold and said to everyone: "It seems that Chen Feng already knows the truth, we can't hide it!"

Old Li was so embarrassed that he said viciously, "Then I will give up this kid!"

He was very proud yesterday, but today the facts slapped him in the face, making him extremely annoyed by Chen Feng.

But the Flame Peak who spoke yesterday stood up again and said boldly: "Patriarch, this kind of brat doesn't need you to take action at all. That would be too sluggish, let me go!"

"I can guarantee that I will bring the news of victory after a cup of tea time!"

His face was confident, as if Chen Feng was just a dish, let him knead it.

Several other young Lie's children echoed one after another, "Patriarch, let's go, let's go, we will definitely bring Chen Feng's head back!"

"Yes, this kid dares to provoke our Lie family so much, we want him to know how powerful Lie family is!"

"What bullshit, the top five Hou Mansions, if we were to take action, he would have nothing to do!"

Finally, Lie Bowen slowly nodded and said: "Okay, then the three of you will try his jinliang."

The three young children of the practice family are all extremely excited, feeling that they can easily defeat Chen Feng as long as they go.

The three of them clasped their fists, and then left the hall happily.

Soon, the three of them came to the gate of the mansion, and the Flame Peak pointed at Chen Feng with an arrogant expression and disdainful expression: "Chen Feng, you are from a pariah. Untouchables!"

"I don't even have a bit of etiquette, so I just yelled directly outside my Lie's house, what a decent way!"

"That's right!" Another person said in an interface: "All the people in the Five Hou Mansions are all rubbish. It is an insult to us nobles to let you, a pariah, reach the top!"

In the end the young man laughed and said, "However, you defeated those wastes, at best it is a relatively strong waste!"

Chen Feng looked at them and slowly said, "Does the Lie family send you three waste money to deal with me?"

Lieyanfeng was furious and pointed at Chen Feng and shouted, "Who do you say is waste?"

Chen Feng suddenly looked up, and then they saw Chen Feng's eyes.

Chen Feng's eyes were like flames burning, full of murderous intent, and then they felt that there was a flower in front of them, and Chen Feng's figure flashed.

Then, the three of them screamed at the same time, flew out and slammed into the palace.

With a bang, this tall gate building was directly knocked down by the three of them.

In the middle of a broken wall, the three of them clutched their chests and screamed bitterly. The chests of the three of them had collapsed, revealing a big hole, and blood rushed out of it!

At this time, Chen Feng's body had returned to the original place. He slowly retracted his fist, with a slight sneer at the corner of his mouth, and said:

"Three people, even I can't catch a punch. What is it if it is not a waste?"

The three of Lieyanfeng lay on the ground and looked at Chen Feng in disbelief. The expressions on their faces changed from the arrogant and imposing expression on their faces to the shock, even fear!

Lieyanfeng murmured: "Chen Feng is so powerful? The three of us are already the best disciples in the younger generation of the Lie family, but there is no way to fight back in front of him?"

"When he moved, we couldn't even catch his figure and we were seriously injured by him. This Chen Feng is too terrifying!" Another Lie's child also yelled in horror.

"We are really ridiculous. We thought we could beat him easily, but we didn't expect that we couldn't even stop him with a punch!"

Chen Feng slowly forced them to come here, and the faces of the three of them showed hopelessness, thinking that Chen Feng was going to kill them.

The guard leader hesitated beside him, wondering whether he should step forward to stop Chen Feng.

He knows that he only has to dare to step forward and stop, and there is only one word for his end, and that is death.

He finally swallowed and stepped aside honestly.

Chen Feng took a step forward, and the Flame Peak and others on the ground took a step back.

They couldn't walk at this time, so they could only move back with their elbows, and they were very embarrassed by the dust all over their bodies.

Chen Feng smiled and looked at them, and said lightly: "Aren't you very arrogant just now? Didn't you think that Laozi is number one in the world? Don't you think that if you participate in the competition, the top name of the competition must be yours?"

[Chapter 1570: Three swords!](#)

"What about now? Why are you not mad now, why are you not going sideways?"

The corner of Chen Fengfeng's mouth carried a cold murderous intent! Ryeyanfeng and others, this poem is full of fear, begging to say don't kill me, don't kill me, Chen Fengfeng smiled and didn't want me to delete it. On the ground, knocking his head like garlic, begging Chen Feng for mercy, Chen Fengfeng sneered and said, "Who is the waste?"

"We are trash, we are trash!" the three said repeatedly.

"What kind of **** Lie, I'm ashamed of you!"

With that said, Chen Feng kicked out, kicking the three of them violently and flying out.

A cold shout came from behind: "Go back and tell you those gangsters of the Lie family, let them send a better person to fight with me!"

Above the hall, everyone in the Lie family looked a little ugly at the embarrassed look of these three young children.

This is tantamount to a big ear scraper hitting their faces fiercely, leaving them faceless.

Lie Bowen took a deep breath and said slowly: "I'll kill Chen Feng!"

When everyone heard it, smiles appeared on their faces: "Patriarch makes a move, then Chen Feng will definitely die!"

"Yes, that Chen Feng is so arrogant, but only defeated the three young disciples of our Lie family, it is absolutely impossible to be the opponent of the Patriarch."

"The Patriarch has entered the half-step Martial King Realm, it is easy to kill Chen Feng!"

After listening to Lie Bowen, a smug smile appeared on the corner of his mouth, and he felt a little fluttering.

Soon, he came outside the mansion gate.

Feeling the huge momentum coming, Chen Feng also suddenly raised his head, staring sharply at the middle-aged red robe who came by.

Lie Bowen walked to the front steps, looked down at him condescendingly, and said lightly: "Are you Chen Feng?"

Chen Feng did not answer his question, but said in a slow and cold voice: "Hand over my senior sister!"

"Hand over that little bitch?" Lie Bowen showed a sneer on his face: "Do you think this is possible?"

"Tell you, the fate of that little **** is already doomed!"

A murderous intent flashed in Chen Feng's eyes and said with a hint of mockery: "Oh? My senior sister's destiny is to provide your little **** with blood, spirit, and inner alchemy, isn't it?"

"It is to sacrifice yourself to complete your little bitch, right?"

"That's right!" Lie Bowen said proudly: "Who calls my daughter the most noble woman in the Lie family, and that little **** is just a humble branch!"

Chen Feng smiled coldly: "Then if I kill you and your wife, two old dogs, by the way, all of your veins will be wiped out, then, your branch, will it not even be able to do it?"

Lie Bowen was furious and screamed: "Untouchable, how dare you offend me so?"

Chen Feng sneered: "Why don't I dare to offend you so?"

"I'm already a half-step Martial King realm master!" Lie Bowen said proudly: "Don't think that you have defeated the young children of the Lie family, and you can do whatever you want in my Lie family! Tell you, if I want to kill you, it's easy!"

Chen Feng screamed: "Then a fight!"

With that said, the Dragon Slaying Sword in his hand suddenly came out of the sheath, and the Dragon Slaying Sword was held high in both hands, striding towards Lie Bowen and killing it.

Lie Bowen sneered: "You dare to take the initiative? It's just a matter of life and death!"

"If you are focused on defense, you might be able to support a few more moves under my hands. If you dare to do it, then I will destroy you within three moves!"

The answer to him was Chen Feng's slaying dragon knife!

Chen Feng leaped up in the air, and the Dragon Slaying Sword in his hand slashed down fiercely. At the same time, golden light flickered above his body.

In the martial sky, the power of Little King Kong surges wildly!

At this moment, the golden light on the surface of Chen Feng's body was diffused, and the Dragon Slaying Knife was also coated with a layer of bright gold.

The Chen Feng woman used the power of Xiaojingang and her strength soared tenfold.

This time, as soon as he shot, Chen Feng tried his best.

The knife was severely slashed down, and Liebowen didn't take it seriously, but just punched it randomly.

When he wanted to come, his random punch was equivalent to Chen Feng doing his best, and this punch could directly kill Chen Feng.

But he did not expect that after the two intersected, he felt a terrifying force from Chen Feng's knife.

His offensive was easily destroyed, Lie Bowen's hand was suddenly horrified, both palms came out, and he slammed into the Dragon Sword.

The Dragon Sword hummed and trembled violently. Chen Feng stood proudly on the spot without taking a half step back, while Lie Bowen screamed and fell back heavily.

He spurted blood, his arms were already hanging down unnaturally. Obviously, his arms had been fractured by the shock, and he was seriously injured!

Seeing this scene, the guards onlookers were stupid, and couldn't believe what they saw.

"How is it possible? Patriarch! That's the patriarch! That's a strong half-step Martial King realm. He was stabbed by Chen Feng and seriously injured?"

"How can Chen Feng be so scary? The Patriarch of the Hidden Family is not his opponent!"

After Chen Feng landed, without stopping, he jumped in the air again, and slashed with the second knife!

The power of Little King Kong surged again, ten times the power surged, and Lie Bowen frantically resisted. This time he was already doing his best.

But Chen Feng's tenfold strength exploded, it was simply too terrifying, even if he tried his best, he couldn't compete with Chen Feng, he was hacked and flew out hundreds of meters again! Spit blood again!

And his chest collapsed and a big hole appeared!

He screamed loudly: "Boy, how many do I think you can chop?"

Chen Feng smiled coldly: "It's enough to kill you!"

As he said, he jumped up a hundred meters in the sky again and continued to slash out!

This knife slammed into Lie Bowen again.

Lie Bowen this time. Before he even had time to scream, he was cut from his left shoulder to the right waist, a huge wound, bloody, almost cut him in half.

This time, he was directly cut thousands of meters away by Chen Feng, and fell heavily on a hall!

This hall is the hall where they discussed matters.

The people of the Lie family were waiting in the main hall. Suddenly they heard the sound of killing outside, and then the next moment, they felt the main hall shake violently.

Everyone hurriedly avoided, and then they saw that the hall collapsed, and Lie Bowen was buried in it, life and death unknown.

He was already dizzy if he didn't hum!

"Hahaha!" Chen Feng said with a long laugh: "Lie Bowen, who has abolished whom in the three tricks?"

At this time, Chen Feng stood proudly on the sky, majestic and majestic, holding a dragon-slaying knife, and the golden light on the surface of his body shone like a **** of war!
