

Peerless 1621

[Chapter 1621: Killed with three swords!](#)

As he said, there was a burst of triumphant laughter.

Chen Feng slowly shook his head and said two words faintly: "Arrogant!"

"What are you talking about? You said I'm arrogant?" Tian Song's expression became savage: "Now I will kill you and let you know how powerful I am!"

Chen Feng smiled slightly: "Is the One-Star King Martial Great?"

As he said, he suddenly yelled: "I want to see, how can you take my life!"

With that, Chen Feng leaped up into the air and slashed fiercely.

On him, golden light permeated.

And above the Dragon Sword, there is also a layer of golden light. Obviously, Chen Feng has already used the power of Xiaojingang.

After using the power of Xiaojingang, Chen Feng's strength skyrocketed, and he has reached the middle stage of the one-star Wuwang.

Feeling Chen Feng's soaring strength, Tian Song showed an expression of disbelief: "How is it possible? How can you have such a strong strength at such a young age?"

Chen Feng didn't say a word, just slashed out wildly.

Tian Song also let out a loud roar, and with all his strength, the spear pierced out and slammed into the Dragon Sword.

Chen Feng landed and stood firmly in place.

Tian Song, on the other hand, retreated more than ten steps one after another, shaking the ground out of a big hole with each step back. After a dozen steps back, he stood still, and a mouthful of blood spurted out.

Obviously, he was seriously injured.

He looked at Chen Feng in disbelief and shouted: "How is it possible?"

Chen Feng sneered: "Pick me again!"

It was cut out again!

He still used the power of Xiaojingang, but after Tian Song received the knife, he was directly smashed and flew out hundreds of meters.

Chen Feng didn't stop at all, and shouted: "Take another knife!"

His figure flashed, he came directly to Tian Song's side, and cut it out again.

There was a touch of despair in Tian Song's eyes, and he let out a crazy roar, his spear pierced out one after another, resisting the Dragon Sword.

However, there is no use at all.

The Dragon Slaying Sword smashed all his offensives to pieces like a ruin, and then slashed him fiercely!

A sneer appeared at the corner of Chen Feng's mouth: "Remember, whoever takes your life, Chen Feng!"

"Chen Feng? So he is Chen Feng?"

"Is that Chen Feng, who is known as Da Qin and is known as the number one outstanding man?"

This was the last thought in Tian Song's mind.

Then the next moment, his body was cut into pieces of flesh with a bang.

His method of death was exactly the same as the invincible soldiers who had just been beheaded by him.

Obviously, Chen Feng did it intentionally.

Seeing this scene, all the rebels were shocked.

In their eyes, Tian Song, who was in the realm of One Star Martial King, was easily killed by this young man with three swords?

Chen Feng screamed: "Kill!"

"Kill!" The morale of the invincible army was greatly boosted, and they killed the enemies in front of them one after another!

Half an hour later, Linchuan City was occupied by the Invincible Army, all the rebels were killed, and none survived.

This order was given by Chen Feng.

After seeing the tragic situation in Linchuan City, he was extremely angry and issued this order without leaving a rebel!

On the first day of the Eastern Expedition, Chen Feng captured Linchuan City.

Then, without stopping, he marched east again.

On the second day, Chen Feng's invincible army captured Mocheng.

On the third day, Chen Feng captured...

In ten days, Chen Feng captured ten cities one after another.

The guards guarding these ten cities were all beheaded by Chen Feng, and none of them was Chen Feng's single move to control the enemy!

Suddenly, the name of the Invincible Army resounded throughout Eastern Xinjiang, and the name of Chen Feng resounded throughout Eastern Xinjiang!

All the cities that fell into the hands of the rebels are looking forward to day and night, hoping that Chen Feng will quickly lead the invincible army to rescue him!

In a courtyard.

Here is the mansion of the city lord of the city that Chen Feng has just laid down.

The place was ravaged by the rebels and has become ruins. Although it has been cleaned, it still feels somewhat desolate.

However, this did not have any effect on Chen Feng's mood.

At this time, Chen Feng's mood was extremely high.*novelusb.com*

At the time of the siege today, the enemy commander was quite powerful, so Chen Feng used that trick to turn the river and level the world!

And when the sword was cut out, if Chen Feng suddenly realized something, his whole person entered a mysterious state.

When he came back to his senses again, that powerful commander had been completely strangled by this move!

Therefore, after Chen Feng entered the city, he immediately ordered no one to disturb, and he was thinking hard in the backyard of the city lord's mansion.

At this time, he was slowly pacing, and the Dragon Slaying Sword in his hand was constantly waving.

But his eyes were closed, his expression was soothing and relaxed, and his mind was completely empty.

Although Chen Feng had directly used Bailong's trick of turning the river to the highest level when he was fighting Xue Chen in the Great Camp of the Invincible Army, it was the first time he had used it and was not proficient.

After a few times, it gradually changed from unfamiliar to proficient.

Today, it is time for him to fully realize.

Suddenly, Chen Feng moved, and the next moment, his eyes opened!

Suddenly, in the void, like lightning flashed and died instantly!

The next moment, Chen Feng's figure flashed very quickly, and he disappeared directly.

His figure was so extreme that he couldn't catch up with his sight, and then the next moment, in the sky, a violent thunder exploded!

A white dragon surpassed the river and flattened the whole world, rushing down frantically, and the dragon chanted clear and resounded across the sky.

With a bang, Bailong turned the river and hit the city lord's mansion heavily, and the entire city lord's mansion was razed to the ground.

Above the sky, Chen Feng's happy laugh came.

He can already use the power of Bailong's trick of turning the river and leveling the world to the extreme and achieve great success.

On the border, on a wasteland, tens of thousands of tents were erected here.

Above the open space, hundreds of thousands of troops are training, and the killing spirit is rising to the sky.

When you look at these people, you know that they are elite soldiers.

This wasteland is the dividing line between Daqin and Qi.

And these tens of thousands of tents and these hundreds of thousands of troops are the foundation of the rebel army and the team of Tian Bugui. This is the nest of Tian Bugui's army!

In the largest and most luxurious place, a middle-aged man knelt on the first seat.

Sitting on the knees is the habit of Qi State, Qin State does not have this habit, but obviously, he has retained it.

This person is Tian Bugui, Tian Bugui, not as fierce and evil as the legend, the cannibal king.

On the contrary, when this person is more than 40 years old, he looks quite elegant and quiet, but his cold eyes, and the cold and murderous light in his eyes from time to time, symbolize that this person is definitely not As it seems.

Below, dozens of generals are standing.

One of the young people stood in the front, and the armor on him was different from the others.

Others wear Daqin's black standard armor, only his armor is ice blue

[Chapter 1622: Two Star King Wu!](#)

If there are people who are familiar with Qi, they will definitely exclaim again.

The color of ice blue is exactly the color advocated by Qi.

And the armor of their country is not black, but ice blue, and looking at the style of the armor, this casting material is extremely rare. This style is clearly a senior general of the Qi State, or at least the general guarding the side. Can be worn.

This person's rank in the Qi army absolutely surpassed the ten thousand chief!

His look is also different from others. Others have a look of awe for Tian Bugui. Only the look on his face is cynical, and some look straight.

Obviously, he did not regard Tian Bujuan as a figure worthy of fear.

Tian Bujiu faced everyone and slowly said, "Everyone, I think you all know, now, something about the Invincible Army and Chen Feng on top of our territory."

He didn't pause and was still talking. Obviously, he didn't want to solicit opinions from everyone, but just told the fact.

This shows that this person is arbitrary.

He continued: "The invincible army is nothing to worry about. It is just a defeated remnant without the backbone."

"But Chen Feng, really deserves to be very careful. I know this person, he is in Wuyang City, in the entire Daqin, he is a famous person, less than 20 years old, he is known as the first person after 30 years of Daqin, and the first young talent. , And the first alchemist."

"It can be said that he has risen to fame and is extremely powerful. This person should not be underestimated."

When he said this, the young general in ice blue armor gave a cold snort, with a touch of disdain on his face.

Obviously, he looked down on Chen Feng at all, and disagreed with what Tian Bujiao said.

Tian Bugui did not hear it, and then said: "However, according to my information, his strength should not reach the half-step Martial King Realm. He just has some powerful tricks, so he can burst out beyond the early stage of the First Star Martial King. Strength, this has killed several of our generals."

"So, it is not particularly difficult to deal with him."

He looked at the young man in the ice-blue armor and said, "Tian Cheng, you just led an army of 30,000 from Qi to rush here. Your army of 30,000 is very complete."

"Besides, you are powerful, you are already the Second Star Martial King, so let you deal with the invincible army!"

"Three days later, bring back Chen Feng's head to me!"

Tian Cheng, a young man in ice blue armor, did not hesitate, clasping his fists in both hands, and shouted: "Yes, his subordinates must do it!"

When everyone left, Tian Bujiao stood up, walked up to him, and stared at him.

After a long time, he breathed out softly, patted his shoulder, and said: "Be careful now, if you die here, I can't explain to my eldest brother and father!"

Tian Cheng smiled and said, "Don't worry, Sanshu, I will be careful this time!"

He said to be careful, but he didn't show any caution on his face. Instead, his face was full of arrogance, and he obviously didn't put Chen Feng in his eyes at all.

He confidently said: "Uncle San, just wait for me to bring Chen Feng's head back!"

Taking a look at Tian Bugui, he knew that he didn't take it to heart. He wanted to say something, but after all he didn't open his mouth, just sighed softly.

His nephew is also one of the geniuses of Qi Guo's generation. He is known as the first young handsome under the six great monarchs!*NovelUS&.COM*

There are dozens of countries around the Tulong Mountain Range, each of which is as powerful as Daqin and Daqi.

And among these dozens of countries, there are six young talents, each of whom is extremely powerful and dignified, comparable to the power of an emperor.

These six people do not grant kings or princes, but princes!

Known as the six masters!

Their strength, not to mention Chen Feng now, is not even qualified to look up.

Tian Cheng can be called the first young junjie under the Six Great Lords. It is already very valuable. Of course, this name must be suspected of bragging.

He thought to himself: "Tian Cheng is only twenty-seven years old, and he is already in the realm of the second-star martial king. He is extremely powerful. It can even be said to be more talented than Chen Feng. It shouldn't be a big problem to deal with Chen Feng. I don't want it. Re-exporting is boring."

He finally nodded and said, "You are the most outstanding disciple of our Qi family besides your elder brother, and you are also one of the most outstanding talents of Da Qi family besides him."

"I can believe your words, go, and bring me back Chen Feng's first class in three days!"

If the remarks they said just now spread out, it would surely cause an uproar.

Because Tian Bugui's argument to Qin State was that all his relatives in Qi State had been killed, and only a few nephews and nephews escaped. Hearing what he meant earlier, his elder brother and his father were all killed. Still alive.

And Tian Bugui's family is in the Qi country, and the influence is definitely not small, and the influence is huge!

The dust was flying, and the earthquake trembled.

After a while, Tian Cheng left this large camp with an army of 30,000 and ran towards the west.

"Chen Feng, there is no doubt that you will die, because I am the one who will kill you!"

"Because, I am the King of Two Stars! I don't know how strong it is for you!" Tian Cheng looked at the sunset in the distance, with a confident smile on the corner of his mouth, and said these words categorically.

If this sentence is said, it is the truth.

Chichuan City, this is the tenth city that Chen Feng has laid down.

The east of Chichuan City is a vast plain, endless.

From here, the huge mountain body of the Tulong Mountain Range seemed to disappear suddenly, and further east was an endless wilderness.

And this great wasteland has spread to the border between Qin State and Qi State, at which time Chen Feng has already advanced three thousand miles.

Three thousand li, and ten cities in a row, but Chen Feng only took ten days!

Chichuan Chengdong, a wide river.

To the east of the river, the invincible army lined up to meet the enemy.

After receiving the news of the rebels' aggressive attack, Chen Feng did not camp in the city because Chichuan City was already unusable.

When attacking Chichuan City, Chen Fengfeng smashed the walls of Chichuan City with a few strokes, and it was still in ruins!

Sixty thousand troops lined up outside the city.

One by one, their morale is extremely high, and their eyes are full of desire and killing intent, which is the desire to fight.

They have developed a strong self-confidence in Lien Chan and Lien. In their eyes, the rebels are nothing more than that, they can kill them, and their strength is not as strong as their own.

Of course, more importantly, it gave them more confidence because they knew that there was an invincible commander on their side and Chen Feng was there.

Where Chen Feng is there, there is victory.

[Chapter 1623: The next moment, I will kill you!](#)

As long as Chen Feng takes them, no one can shake the invincible army!

Looking at the back of Chen Feng in the front, their faces showed respect and admiration.

For ten days, Chen Feng had already existed in their hearts like an invincible God of War.

In contrast to them, the officers in the Invincible Army, especially those with higher ranks and commanders above thousands, because they know more and understand more inside information.

Therefore, many people have a worried look on their faces.

On the north side of the array, a commander lowered his voice to his colleagues, and said softly: "I heard that the last time, it was Tian Cheng who led the rebels to come!"

"That's right, it's him, Tian Cheng, I haven't heard of this person before. Later, I looked for those news dealers and found out how powerful this person is."

"He is only twenty-seven years old, he is already the second-star Wuwang, known as the second genius of the younger generation of Qi, extremely powerful!"

"Yes, I heard about it before." The commander who asked the question first, with a worried expression on his face, said softly: "The commander-in-chief is indeed powerful, but has he beaten the two-star Martial King?"

"I think it's choking. The commander-in-chief also killed a lot of enemies before, but the strongest is only in the middle stage of the first-star martial king. The second-star martial king is more powerful than the first-star martial king. I don't know how many times the commander is likely. Not an opponent."

"Yes, after all, he has only three months to reach twenty years old. How strong can he be?"

The two heads of thousands of households looked at each other, both revealing a touch of pessimism!

And this discussion was also going on among the previous ten thousand chiefs.

They all talked in low voices, wondering whether Chen Feng could defeat a powerful enemy this time.

Tian Cheng, these two words are like a big mountain, pressing **** their hearts, making them extremely worried.

They thought their voices were so small that Chen Feng would not hear them, but they didn't expect Chen Feng to hear these words clearly.

But he still stood on the giant tiger, motionless like a mountain, as if he hadn't heard.

Qing Rongyue, who was next to her, glanced at Chen Feng, with a slight worry in her eyes, but she did not speak.

For some reason, she has an inexplicable trust in Chen Feng. She feels that as long as it is what Chen Feng has to do, there is nothing unsuccessful!

Chen Feng suddenly looked at him, with a slight smile on the corner of his mouth, and slowly nodded to her.

Qing Rongyue was also stunned for a moment, and then the next moment, he felt hot in his heart, like a deer colliding.

For some reason, he felt a bit hot on his face, so he didn't dare to look at Chen Feng, and quickly turned his head.

After Chen Feng glanced at him, the last trace of worry in his heart disappeared without a trace.

A black line appeared in the distance, and the black line became thicker and thicker, getting closer and closer to this side.

Finally, showing the appearance of a large army.

This is a large army with tens of thousands of people, and it seems that they are much stricter than the Invincible Army.

They rode on a unified monster, wearing ice blue armor of the same color. Compared with them, the side of the Invincible Army could be called ragged.

Colorful, just like beggars.

However, Chen Feng could see that there was nothing murderous or aggressive in this army. Obviously they were good-looking or good-looking, but when it comes to killing the enemy, they are definitely inferior to his own invincible army!

They are like vases.

This army stopped a kilometer away.

In the distance, Tian Cheng squinted his eyes and looked at Chen Feng, his eyes flashed with disdain.

He suddenly laughed and said, "Chen Feng, look at the appearance of these untouchables under your hands, all in rags, dressed like beggars, and worthy of being called an army?"

"I think you are not here to fight, but to beg for food?"

He said, laughing wildly.

The sergeants Qi wearing ice-blue armor all laughed disdainfully, pointing here.

When they saw the costumes of the Invincible Army, they had a strong sense of superiority in their hearts, and they looked down upon these Invincible Army.

In fact, they didn't know that in terms of combat effectiveness, the invincible army, a powerful army forged from iron and blood, was definitely far better than the glorious ones.

Among the rebels, a commander of thousands pointed at Chen Feng and shouted presumptuously: "What kind of **** genius, so he is a beggar leader?"

"Haha, Chen Feng, get out of here, just give me a few knocks, and I will treat you to food."

With a joking smile on the face of a general manager next to him, he deliberately scolded him with a straight face and said: "Presumptuous, why do you talk to Master Chen like this?"

"How many bites can Chen Feng take? You should at least give him more than a few pennies!"

Speaking of later, I couldn't hold back and laughed loudly.

The rebels almost laughed and looked at Chen Feng and the Invincible Army jokingly.

At this time, Chen Feng turned a deaf ear to what they laughed at.

He didn't even bother to answer, and didn't bother to pay attention.

Chen Feng's eyes seemed to have passed through them and went thousands of miles away.

Behind them, thousands of miles away, is a huge city.

There, it is known as the largest city and the first fortress in Eastern Xinjiang.

Fight the Dragon City!

Tian Cheng laughed and said, "Chen Feng, why don't you answer, is it because what I said is the truth? You are just a group of beggars!"

His face suddenly became savage, and he roared: "And today, I don't even make you beggars, and I want you to be the souls of mine!"

Suddenly Chen Feng stood upright on the giant tiger, pointed the Dragon Sword in his hand straight forward, and let out a sharp roar: "Tian Cheng, remember my name, my name is Chen Feng!"

"Next moment, I will kill you!"

The sound was like a dragon's roar, like a tiger's roar, shaking the sky and the earth, all these 90,000 soldiers could hear clearly.

Within a hundred miles, all the monster beasts heard this roar, and they all lowered their bodies, trembling all over, showing the intention of surrender!

Ninety thousand soldiers were all surprised.

Tian Cheng also heard clearly, and then the next moment, his face showed extreme disdain.

He laughed wildly, pointed at Chen Feng, and asked: "Chen Feng, you said you want to kill me? You said you want to take my first rank? Why are you?"

"What do you use to get my first level, do you rely on the strength of your poor Martial Sovereign Realm? Hahaha..."

He was full of pride and shouted loudly: "Do you know my strength? I am a magnificent two-star martial king. My strength is ten times stronger than you. I want to kill you, just like an ant! "

He pointed at Chen Feng again and shouted, "Why are you killing me?"

"I know that you have a special way to temporarily increase your strength to the one-star Wuwang realm, but what about it? Are you my opponent like this? Tell you, it's impossible!"

[Chapter 1624: The power of a knife is as good as Si!](#)

"Even if you are promoted to the realm of a one-star martial king, you are definitely not my opponent, a two-star martial king!"

He pointed at Chen Feng for the third time and said arrogantly: "Why do you kill me?"

A sneer appeared at the corner of Chen Feng's mouth: "Then you can keep your dog eyes open and watch!"

Chen Feng now uses his martial soul, his strength is in the middle stage of the one-star martial king, and the duration is one cup of tea.

In the case of using Martial Spirit, using the trick of Bailong to turn the river and level the world, the persistence time becomes a hundred breaths, but it can kill the one-star Martial King pinnacle master.

And under the condition of using the power of Little King Kong, he can cut out eight knives, each of which is the middle stage of the one-star martial king.

Chen Feng hadn't used his martial soul for a long time, and it would take half a month to recover from the use of his martial soul, which caused great damage.

Before him, he even went to ten cities and even cut ten thousand captains, all of which were using the power of Little King Kong.

At this time, he was facing Tian Cheng, the two-star Wu Wang, and Tian Cheng!

When the voice fell, Chen Feng suddenly jumped into the air.

At the same time, behind him, the three-color real dragon martial arts suddenly appeared.

The martial soul of the three-color real dragon let out a crisp dragon chant, and then rushed directly into Chen Feng's body.

In an instant, Chen Feng's momentum skyrocketed, and the spirit possession started!

In an instant, it crossed a distance of hundreds of meters, and then slashed out with a fierce sword, and slashed towards the rebel army.

He fell madly with this knife, raging and tyrannical.

Those rebel soldiers and officers who were under the scope of his sword aura felt like a huge mountain was pressed down from the sky.

When Chen Feng's sword aura was still tens of meters away from them, many generals, officers, and soldiers had already felt difficulty in breathing, and the blood rushed outwards under pressure.

Numerous blood oozes from their pores, and the knife energy continues to press downward.

Many people screamed and clicked directly under pressure. They broke their knees and fell to their knees, spewing blood.

The soldiers and generals all exclaimed, and they launched a powerful offensive to resist Chen Feng's sword energy.

However, it has no effect at all.

Chen Feng's sword aura was extremely powerful, and directly smashed all of their offensives.

And the next moment, it was blasted on them.

There was a loud bang, hundreds of screams sounded at the same time, and then stopped abruptly at the same time.

The hundreds of people who were enveloped by the sword air died at the same time, their bodies shattered, and there was no bones left.

In the array of the rebels, a channel appeared neatly, one hundred meters long and ten meters wide.

This is a passage of flesh and blood, which was cut out by Chen Feng abruptly!

Seeing this scene, all the rebel soldiers were shocked, the contempt on their faces disappeared without a trace, and they shouted in panic: "This Chen Feng is so powerful?"

"The power of a knife is as good as Si!"

"This is a thousand brothers. He killed them with just one cut!"

Chen Feng steadily landed in this passage of flesh and blood.

At this time, the distance between him and Tian Cheng was five hundred meters!*NoVELusB.Com*

Tian Cheng was furious and roared: "Chen Feng, you **** want to die!"

He was in the middle of the big formation and had no time to rescue him.

In front of him, such thousands of sergeants under him were beheaded by Chen Feng.

It made him feel that he had lost face greatly and was extremely angry!

Chen Feng raised his head with a sneer at the corner of his mouth: "This is just the beginning!"

As he said, he cut out again with a fierce sword.

At this time, Chen Feng, who was already the one-star Wuwang mid-term cultivation base, had great power with a single cut. With this cut, the rebel soldiers shouted in horror and retreated to the side.

They didn't dare to take it hard, for fear that there was no bones left like just partners.

But even so, hundreds of people were still beheaded by Chen Feng.

Then, Chen Feng did not skim this time, but ran forward in big strides.

At this moment, there was no one between Chen Feng and Tian Cheng.

Chen Feng ran for a few steps, and then suddenly jumped up again. He jumped a full hundreds of meters high, almost the same height as Tian Cheng standing on the huge profound beast.

On Chen Feng's back, there seemed to be a clear and clear dragon roar, which was the roar of a three-color real dragon.

Chen Feng swept out again with a knife, and at the same time roared in his mouth.

After he slashed out with this knife, there was a golden light on his body.

And above the Dragon Sword, there was also a strong golden light.

When Chen Feng was possessed by Wuhun, he used the power of Xiaojingang at the same time!

So in an instant, Chen Feng's strength increased tenfold on the basis of the middle stage of the First Star Martial King!

He is now a hundred times the strength in his normal state!

At this moment, his strength even reached the middle stage of the two-star martial king, and he could completely suppress the field.

Tian Cheng suddenly felt that Chen Feng in front of him had changed.

The aura emanating from his body was increased countless times in an instant, so powerful that he could only look up!

With Chen Feng's mad slash, the world changed his face.

A fire dragon roared to the sky, and then suddenly disappeared.

In the next moment, countless thunders instantly rose and died, turning into thunder dragons in the air, roaring together.

In another instant, a huge white dragon overturned the river to the sea, circling around Chen Feng constantly, with a clear and clear cry in his mouth, and the metal gas was overflowing!

Chen Feng felt that his hands were extremely sore, and the martial arts gods and the power of Xiaojingang in his body continued to disappear at an extremely fast speed.

Almost half of it disappeared within two breaths.

And his mental power also began to be extremely exhausted.

Even Chen Feng was already a little dizzy, and the power of the martial soul was rapidly disappearing at the same time.

He was shocked in his heart: "I used the power of Xiaojingang while the spirit was possessed. The spirit that could support a cup of tea time can only support five breaths now!"

"I still have three breathing time!"

So Chen Feng went all out and cut down with a fierce sword.

With this knife cut out, Tian Cheng felt that he was not facing a person, a knife, or a move, but the whole world.

This whole world seemed to be pressed down towards me.

He screamed in horror, and yelled in disbelief: "How is it possible? How is it possible?"

"Chen Feng, you are only in the middle of the first-star martial arts, how can you reach the middle of the second-star martial arts in an instant? I don't believe it!"

A smile appeared at the corner of Chen Feng's mouth: "I said just now, I want you to be the first among the army, and I, Chen Feng, will never break my promise!"

This knife has been cut off the top of the head!

Tian Cheng's mouth let out a scream, launching his strongest moves, frantically counterattack.

[Chapter 1625: One knife! Destroy King Wu! Destroy the Three Armies!](#)

The spear pierced out of his hand, and countless spear flowers suddenly flashed out, and each spear flower was powerful, and it was the power of the pinnacle of the One-Star Martial King!

A total of ninety-nine spear flowers, Chen Feng couldn't even catch a spear spear in the words just now.

But at this moment, all the spears and all the defenses had no effect in front of Chen Feng.

He cut them down with a single knife, and directly chopped these spears into pieces.

Then, the knife fell fiercely on the top of Tian Cheng's head.

The whole world seemed to be quiet, and everyone seemed to freeze.

At this moment, countless people watched this decisive battle above the sky, and the 90,000 armies on both sides were waiting with great expectations for the result of the decisive battle, praying for their commander in chief.

Then I saw that their expressions changed.

The rebel soldiers who had come from full of faith suddenly turned into panic, then fear, and finally despair.

On the side of the Invincible Army, the soldiers' faces were full of joy and excitement.

Those generals who had some doubts in their minds also disappeared and turned into intense excitement and joy.

In the next moment, everyone returned to normal.

The stillness between the world and the earth disappeared in an instant.

Then, everyone heard a thunderous bang.

Everyone saw that Tian Cheng's body was like a crushed tomato, with a bang, directly exploded and disappeared without a trace.

His long spear made of precious metal was also directly shattered.

But after Chen Feng's knife killed him, it fell down fiercely and hit the ground.

The five thousand rebels engulfed by this knife disappeared without a trace, not even the broken flesh and blood mist.

The Dragon Sword slammed on the ground, sending out a powerful shock wave.

This shock wave enveloped all the 30,000 rebels.

So the next moment, in the horrified eyes of these rebels, their bodies quickly swelled, and their faces showed extreme horror. They opened their mouths as if they wanted to shout, but they couldn't shout anything.

In the next moment, their bodies exploded into pieces, shattering into blood mist!

When the wind disappeared, only one person stood proudly on the battlefield where the 30,000 army was.

He stood there, his back was as towering as a mountain, like a god!

Everyone in the Invincible Army had unbelievable expressions on their faces. Even if they knew that Chen Feng was very powerful and their commander was very powerful, no one would have thought that he was so powerful.

The opponent commander of the two-star Wuwang realm was directly killed by him!

The 30,000 army was also beheaded by him!

Kill the two-star Wuwang with one slash, and slaughter the 30,000 strong army with one slash!

"God!" I don't know how many people gave out unbelievable figures: "Is this still a human? This is as powerful as a god!"

These generals thought so in their hearts, but those invincible sergeants were much more simple.

They only know that they are happy for Chen Feng, they only know that their commander is extremely powerful.

All the invincible army sergeants raised their weapons high and screamed frantically.

If they don't yell, they feel that they will be blown by the excitement and excitement in their chests.

In the end, all the voices converged into two words: "Invincible!"

"Invincible!"

"Invincible!"

This time, their invincibility is shouting for Chen Feng!

Chen Feng, invincible!

A smile appeared at the corner of Chen Feng's mouth. He looked at the ground, where there was a pile of minced meat that was no longer human.

"Tian Cheng, what I said, I will kill you!"

He turned around, raised the Dragon Slaying Blade high, and shouted, "Invincible!"

"Invincible! Invincible!"

The sound of invincibility resounded across the sky.

On the eleventh day of Chen Feng's offensive, he was a thousand miles west of Zhanlongcheng, against Tian Cheng's 30,000 army.

In this campaign, Chen Feng smashed the two-star Wu Wang Tian Cheng with a single blow, and slaughtered his 30,000 army!

Then, Chen Feng led the army to move eastward and occupied the Lord of Battle Dragon City in the evening of the second day!

Zhanlongcheng, the former largest city in Eastern Xinjiang, has a population of tens of millions and millions of troops stationed there.

It's just that now this city is also broken. After being ravaged by the rebels, it can be said that there are ruins everywhere.

Here is the territory of Chen Feng.

In the backyard of the City Lord's Mansion, a small garden has been renovated.

And here, now is Chen Feng's residence, at this time, he is slowly pacing in the garden.

He is very slow, looks very weak, and even his aura is very low, which is very different from his invincible appearance in front of outsiders.

In fact, Chen Feng was very weak at this time.

Chen Feng inspected it carefully, and then a wry smile appeared at the corner of his mouth: "This time, I will possess the martial soul first, and then use the power of the little diamond."

"Indeed, it is powerful, but the price is really huge. Now, my martial soul is so weak that I can't raise it in half a month. I'm afraid it will take a month."

"The Dantian is completely empty, which is different from the original."

"Originally, the consumption of the pubic area was too great, and there is always a little room to recover relatively quickly. It can be recovered this time within a few days and a half. I am afraid it will take one or two months to use up the strength."

"Of course, if there is a large amount of primordial stone to supplement, it will be different. I can directly absorb the primordial stone to restore it. If there is no primordial stone, it will be miserable!"

Chen Feng suddenly felt a sharp pain in his mind, his body shook violently, and his body was also very soft, and he fell directly to the ground.

Chen Feng was not like a warrior at this time. The martial arts gods and the power of Xiaojingang in his body all disappeared without a shadow, and his dantian was empty.

And his martial soul couldn't be summoned at all.

"It seems that I need at least one month to two months to rest, otherwise I won't be able to fight at all." Chen Feng frowned slightly.

He whispered to himself: "I just don't know if Tian Bugui will give me this time. I don't know if my strategy will work."

Behind him was the sound of cat-like footsteps.

When Chen Feng turned around, Qing Rongyue walked over slowly.

She looked at Chen Feng with an unstoppable fear in her expression. She was afraid of Chen Feng, very scared.

Perhaps, since Chen Feng yelled at her, this kind of root has been planted in her heart.

Chen Feng looked at her, but a smile suddenly appeared at the corner of his mouth.

Qing Rongyue was stunned. This was the first time Chen Feng smiled at her. She didn't even know what happened.

For a while, I was very flattered, even a little appalled, not knowing if I did something wrong.

Chen Feng walked up to her, stared into her eyes, and said softly: "Qing Rongyue, in the past day, you did very well, very well, so I can take you seriously."

[Chapter 1626: frighten](#)

Qing Rongyue was stunned, ah, and then she quickly looked as usual and said, "Chen Feng, you are welcome, this is what I should do."

But in my heart, there was such a small whisper, a cheerful little voice jumped in my heart, jumping, and kept saying: "Oh, he praised me!"

"Chen Feng actually praised me, so happy, so happy!"

A smile appeared at the corner of Chen Feng's mouth.

What happened in the past day quietly circulated in her heart. It turned out that after Chen Feng slayed Tian Cheng with a single knife, and after slaying 30,000 troops, he already felt extremely weak.

There was severe pain in his brain, and his body was weak, and he couldn't even hold the Dragon Slaying Knife.

However, Chen Feng walked back to the front of the formation with strong support and returned to his mount. He did not show any weakness in front of the Invincible Army.

Because he knew that he was the commander-in-chief of this army and the spiritual support of this army.

If he fell, it would bring them great fear.

He must not show the slightest weakening, but after he returned, Qing Rongyue immediately noticed Chen Feng's weakness and came to ask immediately.

Chen Feng only had time to confess: "You will do the next thing."

Then he fainted directly.

In fact, Chen Feng had long expected this to happen.

He could fully explain it in advance, but he didn't. His thinking was that this was a chance he gave Qing Rongyue and a chance to redeem herself.

If Qing Rongyue can grasp this opportunity and do a good job, then Chen Feng will be relieved.

And if Qing Rongyue did not grasp this opportunity, Chen Feng would never have any trust or trust in her in the future.

In Chen Feng's guess, there is a 80% chance that Qing Rongyue will gather the army and stay there.

The 10% chance, and the last thing Chen Feng would like to see, is that she was very scared and didn't have the courage to move forward. She didn't even have the courage to camp on the spot, so she led the army back to the city where she started.

And the remaining 10% possibility was that she led the army forward, stood in Dragon City threateningly, and made an aggressive posture. In this way, it can best conceal the fact that Chen Feng has been extremely weakened.

The fact is that Qing Rongyue did better than Chen Feng thought the best.

Not only did she lead the army forward for thousands of miles, but also directly captured Zhanlongcheng. After capturing Zhanlongcheng, not counting, she sent out half of the invincible army and continued to advance eastward for thousands of miles.

At this time, the Invincible Army was already full of the border area where Qin State and Qi State bordered.

Therefore, Chen Feng will praise her for doing well.

At this moment, Zhao Guang strode in from outside, looked at Chen Feng, arched his hands and said, "Master commander, the frontline scout just came to report, saying that he was stationed three thousand miles east of Zhanlong City. The Tian Bugui army above the stone wasteland has already withdrawn eastward one after another at this time."

Chen Feng lifted his spirits and immediately asked, "How far east have you withdrawn?"

Zhao Guang said: "I have entered the territory of Qi!"

"Hahahaha, good! Good! Very good!" Chen Feng laughed loudly!

He is now sure that his strategy has succeeded.

It turned out that when Chen Feng learned that Tian Cheng was the second-star martial king, he made this plan.

It was desperate to use all his strength, even if he paid a high price afterwards, he would directly kill Tian Cheng with a tyrannical posture.

There are only two words at the core of this strategy, and that is: scare.

When Chen Feng did this, he showed such an extremely tyrannical attitude, one move that would kill the two-star Wuwang in a second would make Tian Bujiao unable to touch his true strength.

And Tian didn't blame this person, Chen Feng had done some research on it, and knew that this person was extremely careful and very deceitful.

This kind of person generally thinks more, and if there is no certainty of victory, he will not do it easily.

And he didn't know how strong Chen Feng really was, so naturally he didn't dare to act rashly.

After all, Chen Feng showed such a tyrannical and dominant posture, I am afraid that he would not be Chen Feng's opponent if he asked himself.

Sure enough, Chen Feng's strategy succeeded.

Chen Feng's heart fell to the boulder, a burst of ecstasy.

With this burst of ecstasy, Chen Feng's whole person became extremely excited.

And the next moment, a sense of enlightenment came to my heart.

This enlightenment is the understanding of the unity of man and nature.

In fact, Chen Feng had already had these comprehensions when he slashed Naha Jue Tianxia, but he had been suppressed before and did not burst out.

Now, all the pressure has disappeared, and Chen Feng's enlightenment immediately blooms quietly!

He was suddenly on the spot, walking slowly, gesturing constantly in his hands.

Qing Rongyue and Zhao Guang knew that Chen Feng must have made another breakthrough in martial arts, so they didn't disturb him and quietly retreated.

After a long time, Chen Feng stopped, his face showing a sudden meaning: "That's it, that's how it is."

He knew that his understanding of the unity of man and nature had gone deeper! *NovelLibrary.com*

In the evening of the same day, Zhao Guang brought hundreds of sergeants to the outside of a hall. He brought these people to receive the Yuan Shi.

This is not the first time. In fact, since Linchuan City was defeated, it has become a common practice to receive a Yuanshi as a supplement to the military for every next city.

When Chen Feng went to Haikou, he said that it was Yuanshi that he could solve by himself. At that time, Zhao Guang was still a little doubtful, but now he was completely convinced by Chen Feng.

When I came to the entrance of the main hall and opened the door, as expected, hundreds of thousands of yuan stones were neatly stacked inside, shining brightly.

Zhao Guang has become accustomed to this scene, and immediately ordered his people: "Move all away, and then distribute them to the next."

One of the confidants asked with a grin: "Master Zhao, Speaking of which, Lord Commander is really amazing. I don't know what magical treasure he has that can hold such a multitude of stones. We don't have to worry about this anymore, just come to him. You can find Yuanshi at the designated location."

"You are so knowledgeable, have you ever heard of such a treasure?"

As soon as Zhao Guang heard this, his expression suddenly became fierce, glared at him fiercely, and said in a cold voice: "You are really brave enough to criticize Lord Commander in private."

The confidant couldn't help but shudder, a little startled.

Zhao Guang had never spoken to him in this tone.

Zhao Guang said coldly: "This is the first time, and I hope it is the last time. Next time, if you dare to talk about the handsome man behind your back, I will slap your head with one palm, believe it or not?"

The confidant shuddered in terror, and quickly replied: "Yes, yes, the little one understands!"

[Chapter 1627: uninvited guest](#)

Zhao Guang faced everyone, shouting loudly: "And you, the same is true. You must not discuss the commander in private."

"Master Commander is able to reach the sky, everything that is unthinkable to us is ordinary in his opinion!"

When he said this, a touch of enthusiasm and admiration flashed across his face. Obviously Zhao Guang respected Chen Feng to the extreme at this time.

At the same moment, in the depths of the City Lord's Mansion, Chen Feng couldn't help but show a wry smile when he looked at the golden dragon ring in his hand.

He was originally rich in family resources, and there were tens of millions of yuan stones stored in the golden dragon ring.

But it has been exhausted long ago, and there are only a few hundred thousand yuan in his hands now, and none of them belong to him, but the invincible army.

Chen Feng will never move these stones. He has his own principles in doing things.

But by the way, now Chen Feng is in urgent need of Yuanshi.

At this time, the power of the martial arts gods and the little diamond was completely consumed. If he replenishes it by himself, he doesn't know how long it will take. He can only rely on absorbing the original stone.

"Yuanshi, Yuanshi, where can I get some Yuanshi?" Chen Feng murmured.

In the panic and dilapidated Battle Dragon City, a figure walked quietly in it.

He doesn't seem to be fast, and the frequency is not high, just very...in two words, it is natural.

Lift your foot, step, and then walk out slowly, just like strolling in your backyard after dinner, very leisurely.

It seems to be integrated with this land.

He walked around and looked around, sighing softly in his mouth: "This Battle Dragon City, I was there thirty years ago. At that time, there was still a lot of bustling people coming and going, but now it is in ruins."

"Don't blame it, it's **** it!"

Speaking of this, his face was already murderous.

In front of him, seven or eight soldiers appeared. These seven or eight soldiers were sergeants of the Invincible Army. They were responsible for patrolling this area.

They came from the opposite side. It stands to reason that they should meet the middle-aged man immediately. But what is strange is that the middle-aged man quietly changed his rhythm and walked two steps forward, and then these people felt that they were in front of him and then again. Look, there is nothing left.

One of the sergeants scratched his head and said, "Did you see a figure flashing past?"

Several people nearby shook their heads, and one of them smiled and said, "You guy, have you been so tired that your eyes have gone wrong during the day-to-day battle?"

"There is no ghost shadow here, so how come there are people?"

Several people nearby also canceled the young sergeant one after another. The young sergeant scratched his head and said embarrassingly: "It may indeed be my mistake."

Several people said and left here with a smile.

Seeing the back of them leaving, the middle-aged man appeared again, with a slight smile on his mouth.

He seemed satisfied with his performance, and walked forward again.

Along the way, he encountered at least a dozen patrolling sergeants. He was clearly in front of those people, but only changed a kind of footwork, so mysteriously and mysteriously avoiding their sight, making them invisible at all.

Soon, he walked to the gate of Zhanlongcheng City Lord's Mansion.

Looking up at this tall mansion, he tweeted: "Chen Feng, your performance really exceeded my expectations!"

"I thought it would be good for you to capture the third city within ten days, but I didn't expect you to have one city a day."

"In just ten days' time, he has reached the Battle Dragon City and killed a two-star Martial King powerhouse, which is simply incredible."

"It seems that your strength has greatly increased compared to when you were in Wuyang City. At the beginning, you could not even defeat the one-star Martial King, but now you can kill the two-star Martial King expert."

"Your upgrade speed can be said to be terrifying!"

There was a sigh on his face: "If this continues, you will soon be able to reach a terrifying height. I really don't know if this is a blessing or a curse for you."

With that, he stepped into the palace of the Zhanlongcheng City Lord.

At the gate of the city lord's mansion, dozens of sergeants who were in charge of guarding did not even find out!

In the quiet room, Chen Feng was thinking hard.

Suddenly, he turned around, looked at one of them, and shouted sternly: "Who? He's hiding there sneaky? Get out of here!"

Although Chen Feng's strength has weakened, his senses have not been lost.

Therefore, the man hiding in the dark was immediately found.

In the corner, a figure slowly emerged.

He looked at Chen Feng with a look of surprise on his face, and said, "Chen Feng, I didn't expect that your senses are so sharp that even I can detect it."

"When you were in Wuyang City, you couldn't do this."

After seeing this person, Chen Feng was stunned.

It turned out that this person was Yan Yu, one of the deputy commanders of the royal guards.

He didn't expect Yan Yuxun to come here.

A look of surprise flashed across Chen Feng's face, and then he regained his composure, smiled and said, "Don't look at me for three days, not to mention that we were separated for more than three days."

"I really want to look at it with admiration." Yan Yu sighed and said: "Chen Feng, you can kill the two-star martial king with a single blow. This kind of strength even I dare not underestimate."

"Your strength is almost comparable to those of the weaker princes in the royal family."

"Oh? Is it just comparable to those weaker princes?" Chen Feng asked in surprise.

Yan Yuxun saw Chen Feng's thoughts and smiled and said, "Chen Feng, don't be dissatisfied. What is the background of those princes, and what is your background?"

"These princes have accepted and cultivated since they were young, and they are all the strongest martial arts and martial arts, far surpassing you, and even some of them are beyond your reach."

"And the resources they have since childhood are tens of thousands of times and hundreds of thousands of times that of you. You can be qualified to compare with the weaker ones of them, and you are already very powerful."

Chen Feng nodded and said, "This makes sense."

He asked: "Leader Yan, are you here this time?"

Yan Yu Punishment said unabashedly: "I am here by your majesty's order."

Chen Feng was shocked, he probably guessed why.

Yan Yu looked at him with a smile but a smile, and said, "You're quite smart, have you guessed it?"

Chen Feng nodded.

Yan Yu said: "You, you are still young, and you can learn something in the future, and you don't have to say it."

"Look, if you have said it now, I have to explain it to you again if I have to force it."

[Chapter 1628: running dog](#)

Chen Feng laughed and said, "Commander Yan, this is my purpose."

Yan Yuxin nodded slightly and said, "Fortunately, I am in a good mood today, but I can tell you about it."

He looked at Chen Feng and said slowly: "Before your Majesty sent me here, he told me that if you have not led this remnant army to any merit when I arrive, then let me immediately kill you. ."

Chen Feng was shocked when he heard this.

He had previously guessed that his Majesty would be extremely dissatisfied with his behavior, and would even be furious, but he did not expect that he would dare to kill himself.*noVeIusb.cOM*

No, to be correct, I should be willing to kill myself.

You know, Chen Feng's identity at this time is unusual. He is not only the first young talent in the Great Qin Kingdom, but also the first person in the Great Qin Kingdom 30 years later by his Majesty, or the Earl of War Dragon, whom he pro-appointed. , Zhanlong City Lord.

He is equivalent to a benchmark erected by His Majesty the Emperor, a benchmark for the people of the world.

And if he ordered Chen Feng to be killed, there was no doubt that he was hitting him in the face.

Chen Feng had never thought that the consequences would be so serious before. He hadn't thought that His Majesty the Emperor would have such courage to kill him.

Chen Feng felt awe-inspiring in his heart: "It seems that I still underestimated the courage of these emperors. They can rule a country. If they don't even have this courage or such brutal methods, how can they be worthy of it?"

Chen Feng had seen the real cruelty of the emperor, and he couldn't help but feel fortunate. Fortunately, he saw the opportunity early and had quick thinking, and led the Invincible Army to defeat so many cities and made such a great contribution.

Now, I am afraid that His Majesty the Emperor has no reason to kill himself!

Yan Yu looked at Chen Feng with a smile but a smile: "One thing you also surprised me is that I didn't expect you to be able to see through this layer at such a young age."

"So, lead this army-oh, now it is named the Invincible Army-so I led this invincible army and made such a contribution. Even if I want to kill you now, I really can't start!"

Chen Feng laughed: "Then don't kill, isn't it straightforward, and it saves your effort."

Yanyu smiled and said: "Okay, then don't kill."

Hearing this sentence, Chen Feng's tight muscles suddenly relaxed, and he took a long breath of relief.

Although he had been talking and laughing about Yanyan, he was actually very nervous, because he was not sure whether Yan Yu would hurt the killer.

Because he knew that Yan Yuxun was loyal to His Majesty the Emperor.

Yan Yuxun seemed to know what he was thinking, looked at Chen Feng, and said a word with a smile.

After listening to these words, Chen Feng immediately relaxed more, and was finally convinced that Yan Yu would never kill himself.

Yan Yu punishment said: "His Royal Highness Third Princess, let me say hello to you!"

Chen Feng exclaimed and asked: "You, are you also the third princess?"

Yanyu smiled and nodded. He looked at Chen Feng and said, "Since you have also submitted to the third princess, then I can tell you something."

He sighed slightly, his eyes showed a reminiscence, and slowly said: "Ten years ago, I offended a powerful enemy, was hunted down, and fled all the way to the northern borders of Great Qin, wanting to escape to Chu State. ."

"But I didn't expect that it was there and was intercepted by someone. After a fight, I tried my best to use the strongest trick to barely defeat the man and let him escape. I was almost dead. ."

"At that time, Concubine Lan was returning from her natal province. At that time, there was a little girl in his motorcade who found me on the side of the road. He had someone rescue me, gave me the best medicine, and even sent someone to take care of me. I."

"Three months later, I went back to Wuyang City with the convoy. From the outside, from that day on, I and that little girl have no connection at all."

"Actually, before I returned to Wuyang City, I had already sworn an oath in front of the little girl that I would be loyal to her throughout my life and work for her. Even if I die, I will never blink my brows. ."

Chen Feng was shocked, even a little bit unbelievable.

"Ten years ago? Ten years ago, the third princess should be only seven or eight years old. At that time, she had this kind of scheming? Is this skill?"

"You know, a master like Yanyu Punishment, even ten years ago, can definitely be regarded as a hero."

"And he was able to be subdued by the third princess, who was a little girl at the time, which shows how powerful the three princesses are!"

"What? It's incredible, right?"

Yan Yu gave Chen Feng a look and laughed: "I also found it incredible, even I thought I was crazy at that time."

"She's just a little girl? What can she do if she is strong! But then I discovered that Her Royal Highness the Third Princess is really a talent."

"She is proficient in almost everything. She knows martial arts as soon as she learns. She can even understand most of the skills of a country by reading a few books, and her scheming skills are extremely strong."

"The people of the Daqin imperial family, including His Majesty the emperor above the throne, are all **** compared to him!"

"She is more than enough to govern Da Qin, and even I think if she can ascend to the throne, Da Qin will even be able to annex the surrounding countries of the Tulong Mountains and grow into a dynasty-level country!"

Having said this, his voice grew louder and his face showed extreme admiration.

Obviously, in his mind, His Royal Highness the Third Princess is like a god!

"I entered the Royal Guard. In ten years, I slowly climbed to the position of the guard leader, and I was trusted by your Majesty."

"In the past ten years, on the surface, I have no contact with His Royal Highness the Third Princess, and even for ten years, we haven't met when there are outsiders."

"But in fact, I am already the most faithful running dog of the three princesses!"

Chen Feng was startled when he punished such strength with Yanyu, and even directly said that he was a running dog. It can be seen that he really respected and admired the three princesses to the extreme!

"Well, let's not talk about these past things."

Yan Yu said: "The third princess ordered me to come here just to pass you a sentence: Whether it is alive or dead, there is still one month!"

Chen Feng listened and was silent for a moment, then slowly nodded, and solemnly said: "Don't worry, no matter what, I will not forget the entrustment of the Third Princess."

"Within a month, I will definitely give her an explanation!"

In these short words of His Royal Highness the Third Princess, Chen Feng heard a strong sense of killing in it.

"The meaning of the three princesses is already obvious. I don't care whether you live or die, and I don't care what you do, but you will do what you tell me."

[Chapter 1629: Treasure](#)

It's so cold-blooded.

Obviously, in her mind, Chen Feng is just a tool!

Yan Yuxun was obviously satisfied with Chen Feng's answer, and said with a smile: "His Royal Highness, the third princess, knowing that I'm coming this time, he asked me to bring you something."

"She said, this thing will definitely help you."

"Oh? What?" Chen Feng asked in surprise.

"It's this." Yan Yuxun said, and handed Chen Feng a roll of parchment.

After Chen Feng opened the parchment roll, he was shocked.

It turned out that there was a map inside this parchment scroll, and Chen Feng looked familiar with this map.

After thinking about it, I remembered that this was the map of Battle Dragon City.

On the map, there are dense handwritings and a route.

The end of the route pointed to a place in the southwest of Zhanlong City, and a complicated sign was made there.

"What is this?" Chen Feng raised his head, looking at Yanyu and asked.

Yan Yu said with a smile: "Three months ago, the rebels attacked Battle Dragon City, and the Lord of Battle Dragon City was greedy for life and fear of death, and led his army to escape, so that tens of millions of Qin people fell into the hands of the rebels."

"Your Majesty was furious, and ordered the arrest of City Lord Zhanlongcheng into Wuyang City and immediately beheaded."

"After being captured into Wuyang City, the city lord of Zhanlong City wanted to live, but he didn't know where to find out that the three princesses had eyes open to the sky, so he asked for the head of the three princesses."

"He dedicated this map as a gift to the three princesses."

A smile appeared at the corner of his mouth, looked at Chen Feng, and said, "Chen Feng, you have made a lot of money this time, and your Royal Highness the Third Princess has nothing to say to you."

"This map marks the location of the treasures of the City Lord's Family in Battle Dragon City."

"What? Where is the family treasure?" Chen Feng couldn't help but feel hot after hearing it.

"That's right!" Yan Yu nodded and said, "This treasure is definitely huge, because the city lord and his family of Battle Dragon City have inherited the position of the lord here for more than five thousand years, and it has been passed down for dozens of generations. ."

"As the largest city on the eastern frontier, Zhanlongcheng supports the supply of grain and grass to the eastern Xinjiang and its millions of troops. It is also located in a transportation fortress and has extremely developed commerce. They are here and don't know how much they can make every year."

"Accumulated over thousands of years, it is an extremely terrifying number, and now these wealth..."

He paused: "Unexpectedly, it's all yours."

Chen Feng took a deep breath, clasped a fist and said: "Please go back and report to your Royal Highness that Chen Feng will let her get the news she wants within 20 days."

Chen Feng knew very well why His Royal Highness the Third Princess would support him so much, so he also expressed his position very simply.

He understood that his greatest value to the three princesses was to find the mausoleum, so he had to advance the time.

Yan Yu laughed and pointed at Chen Feng: "Oh, Chen Feng, you are really good, knowing and interesting."

"Okay, then I will truthfully report back to the Third Princess."

After speaking, he turned and walked out.

Chen Feng suddenly asked, "Where is the Lord of Battle Dragon City?"

Yan Yu punishes himself for a while, then smiles and said, "Of course he was killed."

"The third princess laughed at the treasure map, but she didn't plan to save him. The first reason is that this person should be killed. The second reason..."

He looked at Chen Feng and said with a chuckle: "He has no use value anymore. The treasure map of the place where his family's thousands of years of savings and burial is buried is his last little value. If you run out of it, naturally you will die!"

As if intentionally or unintentionally, he emphasized the two words 'value'.

Leaving in a stride without hesitation, for a moment, you are a trivial matter, Chen Feng looked at his back with a hint of thought in his eyes.

After a long time, he sighed softly, and his eyes showed a cold color: "If I am worthless, I must end up like that one!"

"Three princesses, are you reminding me? Or, threatening?"

That night, on the square in front of the main mansion of Zhanlong City, a brightly lit area.

This square was originally a ruin, but now it has been cleaned up.

Only the ruins were cleaned up, and the ground was still pitted, with many brown blood stains.

It adds a bit of iron and blood to the merciless killings that have occurred here. The square is a kilometer in size, enough to accommodate tens of thousands of troops.

Around the square, countless huge torches were erected, illuminating the place as bright as day.

The night breeze blows gently, blows torches, the sound of the wind hunts, and the flames leap, adding a bit of heroism.

At this time, on the square, there are already tens of thousands of large tables.

Each big table is filled with all kinds of delicious food, and there is a big jar of wine on each table!

Chen Feng had already stood on the steps in front of the City Lord's Mansion early, and the square was still empty at this time.

After a while, intensive footsteps heard, the soldiers of the Invincible Army walked into the square under the leadership of their generals, and then they saw this scene.

Suddenly, one by one was stunned, and then burst into surprise cheers.

Today, Chen Feng will be here to entertain you all!

Those generals reprimanded loudly: "How do you feel so noisy in front of the commander-in-chief? Hurry up and sit down!"

After all, he took his men into the designated seats.

About a quarter of an hour later, tens of thousands of soldiers of the Invincible Army had all been seated, but no one moved a chopstick.

All of them looked at Chen Feng who was standing on a high place, their eyes full of reverence, waiting for him to speak excitedly.

Seeing that everyone was here, Chen Feng showed a slight smile, and said in a deep voice, "Everyone, I am Chen Feng."

"Since I took over the Invincible Army, you have performed extremely well. In the past ten days, we have swept across the eastern borders, Lien Chan Lianjie, and also beheaded Tian Cheng, and defeated Dragon City!"

"Now, as long as we are advancing a thousand miles eastward, we have reached the boundary between Daqin and Daqi three months ago!"

"These days, count on you all, you are all people of merit, so I am here today to entertain all the soldiers!"

He also sat down cross-legged, raised a glass of wine, and shouted: "The first cup, congratulations to the invincible army."

Logically speaking, it should be for Da Qin, but Chen Feng really has no sense of belonging to this Da Qin.

Presumably all of you soldiers have already been heartbroken by Da Qin, so there is no need for this step.

The soldiers raised their glasses and shouted: "Congratulations to the invincible army."

Chen Feng drank it and said with a smile: "Well, today is the time of carnival, you don't need to be cautious, eat meat and drink with a big bowl, not drunk or return!"

[Chapter 1630: Made this bowl of men's wine](#)

The soldiers laughed loudly: "If you don't get drunk, you won't return."

However, unexpectedly, they did not toast and drink immediately, but stood up one after another under the leadership of their generals.

Qing Rongyue was under Chen Feng, at the very front of her seat. She raised her glass high, turned her head to face the crowd, and then said loudly, "Everyone, you are all my father's old men, and you all call me Young Master."

"But here, I want to say, I can't help you, at the beginning, if it were not for my cowardice and incompetence, you would not have died so many people."

"It's because Chen Feng is here that I saved everyone and saved you and me. If not, we are all withered bones now."

"So, here, we have to congratulate Chen Feng and the commander-in-chief!"

Headed by four ten thousand chiefs including Zhao Guang, all of them raised their wine glasses and shouted: "Hey the commander-in-chief!"

Chen Feng took a deep breath, a heartstring beating inexplicably in his heart, picked up the wine glass, did not speak, just drank it!

After doing this bowl of wine, everyone just took their seats.

Chen Feng sat there and decided for himself. For Chen Feng, these soldiers, including Zhao Guang and Qing Rongyue, all had a trace of awe, and no one dared to bother them.

Chen Feng was also happy.

Suddenly, Chen Feng saw a sturdy man standing up on a certain seat.

Then, he said something loudly to those under him.

The people under him shouted yes, and stood up with him.

These people came to Chen Feng with their wine glasses, and Chen Feng raised his brows: "Oh, is this coming over to toast me?"

There were about hundreds of people who walked by, and they looked like half a thousand people paired up. The leader was a sturdy man with a rather rough appearance.

This sturdy man had his face as usual, his eyes were clear, and he obviously didn't drink much.

But when he walked in front of Chen Feng, his emotions were extremely agitated. He picked up his wine glass and just wanted to open his mouth. This mouth seemed to be out of control.

His lips moved, the muscles of his face trembled, and the circles under his eyes turned red in an instant.

Tears flowed down, and before he could speak, he was already in tears.

Not only him, but other people's faces also showed sadness. Chen Feng showed a solemn expression on his face. He slowly stood up without speaking, but changed from holding a wine glass with one hand to holding a wine glass with both hands. .

After a while, the big man calmed down.

He looked at Chen Feng and said, "Master in command, I am Liu Yunsong, the commander of thousands."

"Today's glass of wine, I must bring my subordinates to come to respect, anyway, I must respect it."

He took a deep breath, his eyes flushed, and said, "Because, if it weren't for you, all of us would be dead!"

"When the blood-clothed guards came, I didn't dare to resist, and let them insult me and insult my soldiers. Many soldiers were taken out and killed."

"There are also many soldiers who can't stand bullying and commit suicide directly, and those bastards..."

At this point, he flushed with anger, trembling all over, and tears rushed out again: "Those **** actually hang their bodies outside the camp, let the sun be exposed, and the crows peck at them."

"When I killed the blood-clothed guard and collected their bodies, I found that their bodies were broken."

Having said that, he wept and cried again, and suddenly fell to his knees, facing the direction of Daying.

He cried loudly: "Brothers, I can't help you, brother!"

"Big brother really wish he would die too, so he can be at ease by going to Jiuquan with you!"

"I can't help you, it's my incompetence!"

He screamed and banged his head. He used a lot of force, but after a few clicks, his forehead was already dripping with blood.

Chen Feng couldn't help being silent, a sense of hatred, killing, and anger burst out in his heart, filling his heart and lungs.

And at the lively scene just now, crying and killing sounded in an instant.

Their resentment towards the court reached the extreme!

After taking a bath, Liu Yunsong stopped crying.

He turned around with red eyes, looked at Chen Feng, and said, "So, I must respect this glass of wine!"

"My old Liu's life is the commander-in-chief. Even if you let me commit suicide, I won't frown!"

He glanced back and said proudly, "My thousand-man team, now there are only 457 people left."

"But I dare say that these four hundred and fifty-seven of us are all great men in the world. They are all loyal to the commander. We can die for you without frowning!"

With pride surging in his heart, Chen Feng walked to Liu Yunsong personally, and touched him with the glass in his hand.

Then, he walked behind Liu Yunsong, and each of the remaining thousand-man team touched a glass of wine with them, and shouted: "Did this bowl of men's wine!"

Tens of thousands of people in the court stood up, raised their glasses, and shouted: "Did this bowl of male wine!"

Even Qing Rongyueye was no exception. At this time, a thought surged in her heart: "Do you hate being a man in this life!"

Drink all night, sleep all night.

The next morning, Chen Feng led a specially selected team of thousands of people, looking for the treasure of the city lord of Battle Dragon City in the city.

The treasure of the city lord of the battle dragon city, the location shown on the map, is not in the city lord mansion of the dragon city at all.

Chen Feng admired this, because according to ordinary people's thinking, it would be more at ease to bury the treasure in his yard.

However, the Lord of Battle Dragon City was also an idea, he buried a lot of wealth in the southwest corner of Battle Dragon City.

That place is a slum, and nobles like the City Lord of Battle Dragon City can't beat them at all. Who would have thought that he would bury all the treasures there?

A smile appeared at the corner of Chen Feng's mouth: "That's right, if he were really buried under the city lord's mansion, I'm afraid he would have been taken by the rebels a long time ago. Where can I get it?"

Chen Feng led this thousand-member team all the way to the southwest corner of the city. This was originally a large slum area. There were no continuous houses or mansions at all. Instead, it was full of dilapidated low-rise houses everywhere.

The streets are narrow, sewage is flowing, and there is mud everywhere, even the rebels are not very interested here.

Therefore, although part of it has been destroyed, it is still far from the ruins.

Inside, there are still a large number of residents who originally lived in it. Hearing the noise of the army outside, they were afraid to go out of the door. They just glanced at the crack in the window and the crack in the door, and then quickly closed the crack in the door. Shaking behind the door and window.

They have already seen how terrifying the army is, and seeing this army appear here at this time, naturally they are worried and terrified in their hearts.
