

## Peerless 1701

### [Chapter 1701: Fight!](#)

Chen Feng also saw the situation in the distance, and suddenly took a breath.

At this time, around the camp where they were camping, there was already a full circle of encirclement, with hundreds of people appearing around, standing in the darkness, staring at them with cold eyes.

The aura of everyone is quite huge, and the lowest one has reached the Ninth Level of Martial Sovereign Realm!

Among them, there are even close to a dozen one-star Wuwang and two-star Wuwang!

Chen Feng was horrified: "What kind of powerful force is this?"

These people are all wearing black robes, almost blending with the darkness.

Duan Wanqing shouted loudly: "What are you? How dare to attack me? Do you know who I am?"

These people in black were silent, only an extraordinarily tall figure in the middle, and said in a low and hoarse voice: "You are the one who killed, the eldest lady of the nirvana knife gate!"

He didn't have the slightest nonsense, he didn't sloppy, waved his hand, and shouted, "Kill!"

"Kill!" Hundreds of people in black roared at the same time, madly killing here!

Murderous spirits rose from the sky, approaching crazily towards this side.

Kou Gaoyang's expression also changed. There were too many enemies, and there were not a few powerful people!

"Miss, you wait here first, I will fight them!" Kou Gaoyang said loudly.

Duan Wanqing nodded.

Standing on the spot, Kou Gaoyang roared, and he appeared directly hundreds of meters away.

In an instant, he had already handed over a dozen people in black.

Kou Gaoyang blasted out with a punch, and with a loud noise, he directly beat a one-star martial king powerhouse with blood spurting wildly, and his body fell heavily to the ground, already dead.

Then another volley kicked out, kicking another two-star Wuwang strongman to a broken bone. He flew hundreds of meters away and vomited blood. Although he was not dead, he was seriously injured.

His punches and kicks are extremely powerful, simple and unpretentious, nothing fancy, but they are extremely powerful, like a heavy sword.

The epee has no edge, and the skill is not working.

When Chen Feng saw this scene, his eyelids jumped wildly. It turned out that this Kou Gaoyang was so powerful. The strength he showed at this time has reached the realm of the three-star martial king!

This is a strong man who Chen Feng calls the law to match!

Duan Wanqing watched from behind, scratching her cheeks, very anxious.

She wanted to help, but found that she couldn't help much at all. She glanced at the Jiexing Zhaori Bow in Chen Feng's hand, and wanted to ask for it, but she was a little embarrassed.

What a clever man Chen Feng immediately took the initiative to throw the Nimie Zhaori bow to Duan Wanqing and said loudly, "Miss, use this!"

Duan Wanqing laughed, glanced at Chen Feng approvingly, and shot arrows one after another.

She is not strong, but she seems to have practiced a martial art that matches this bow and arrow. In addition, this bow and arrow is indeed very powerful. Every time he shoots a golden arrow, he can at least take the life of an enemy.

In a blink of an eye, more than ten enemies have died under her hands, including three one-star warriors.

But at this time, Kou Gaoyang who stood in the front could no longer support it.

The black-clothed leader shouted: "Kill the first one first, and the next ones will be resolved!"

"Yes!" All the people in black rushed towards Kou Gaoyang almost at the same time, and countless offensives fell on him.

The offensives of more than a dozen one-star and two-star martial kings could not be underestimated. He was unstoppable at all, because there were too many, covering all the areas of his body.

Boom boom boom, in a blink of an eye, he had been hit a dozen times in succession, spewing out seven or eight mouthfuls of blood, making a popping sound on his body, and being beaten up in many places.

His face was pale and he was already seriously injured!

At this time, it was only five breaths before he met the enemy!

"Kou Gaoyang will definitely not last long!" Chen Feng's eyes also showed a touch of anxiety. If Kou Gaoyang died here, he would definitely die today. The strength of these people is definitely not what he can resist.

And at this moment, suddenly, there was a violent roar in the dense forest far away: "Who is a gangster, dare to move me to kill the swordsman! It's just looking for death!"

As he said, dozens of silhouettes flashed out one after another, each of which was extremely powerful.

Originally, Duan Wanqing had already shown a trace of despair on her face, but at this time, her face was full of consternation, and she cried out: "Uncle Liu, are you?"

It turned out that these dozen people were Liu Wendong and others who had been driven away by Duan Wanqing.

The astonishment on Duan Wanqing's face then turned into joy. Tears fell from her eyes and wept with joy: "Uncle Liu, it turns out that you didn't leave. It's great, it's great!"

Liu Wendong smiled and said, "How can you neglect the safety of the eldest lady? We have been following."

As he said, he looked at the black-clothed leader and said in a cold voice: "Who is your excellency? This is a memorial to the sword gate. You dare to move us who killed the sword gate, have you ever thought about the consequences?"

The black man's hoarse voice sounded: "Since I have moved, I am not afraid of the consequences of shit!"

"Kill!" His voice was cold and harsh, and hundreds of people in black crazily wanted to kill everyone.

In a blink of an eye, Liu Wendong and others have also fallen into the siege.

Liu Wendong is the three-star martial king, and the weakest of the others next to him is also the one-star martial king pinnacle.

However, the opponent's strength is really too strong, there are too many people, although on average a little worse than them, but the number of people occupy an absolute advantage.

A dozen or even dozens of them besieged one of them. In a blink of an eye, Liu Wendong and the others were no longer opponents, and eight people were beheaded instantly.

There were only four people left on Liu Wendong's side, and they were all injured everywhere.

Liu Wendong yelled and blasted a punch, killing a one-star Wuwang peak powerhouse, and then shouted loudly: "Retreat, retreat, retreat to Missy, protect Missy!"

The four of them and Kou Gaoyang, quickly retreated to Duan Wanqing, forming a thick wall, separating the black-clothed people outside.

However, it was only temporarily enclosed outside.

The people in black are like huge waves, rushing fiercely on their reefs.

The reef can't last long!

The five of them were all injured at this time, and now they were just trying to support, and at that moment, the injuries on the five of them were getting worse.

Bang bang bang, three loud noises, the three two-star martial masters seemed to have seen the flaw, and concentrated all their power to attack a two-star martial master on Chen Feng's side.

Instantly blasted out three powerful tricks, all of which fell on this two-star Wuwang powerhouse.

This two-star Martial King screamed, his internal organs were shattered, his figure trembled violently, he fell heavily, convulsing constantly, and he was no longer able to fight.

[Chapter 1702: The planning of the four masters](#)

Of the five powerhouses here, only four remain.

Seeing this scene, the people in black were even more uplifted and shouted.

At this time, Kou Gaoyang shouted loudly: "Miss, please hurry up for help, or it's too late!"

"None of us have that thing, only you have it, come on!"

Duan Wanqing was full of reluctance, but she also knew that it was not the time to hold on.

She gritted her teeth and took out something similar to a white jade scroll from her arms, then slapped it to pieces.

So in an instant, a yellow light rushed straight into the sky.

This yellow brilliance rushed up to a height of thousands of meters, and it could be seen in a radius of tens of miles.

Not only that, but above the yellow brilliance, there are waves of light spreading out, quality and intangible, but they can spread far, and they can spread all the way to the gate of the nirvana.

This is the same magic weapon, specially prepared for the beloved daughter by the head of the nirvana knife.

As long as he is within tens of thousands of miles near the nirvana sword gate, as long as he smashes this white jade scroll, the nirvana sword gate will be able to get news immediately!

Almost at the moment when the yellow brilliance lighted up, in the depths of the Nirvana Knife Gate, in a small building in the back house, a middle-aged lady with luxurious clothes and graceful attitude suddenly woke up.

With a look of horror on her face, she rolled over and got out of bed, walked quickly to the window, and opened the window.

Then I saw the yellow brilliance standing between the sky and the earth.

In an instant, her face became pale and bloodless, and she screamed: "This, this is Qinger's distress signal, she is in danger!"

A 50-year-old, old and respectful mother next to me persuaded: "The eldest lady is out, and there have always been two three-star martial masters, Master Liu and Kou, with a group of two-star martial masters as guards, even if they encounter something. The danger can be solved smoothly."

"Madam, don't worry too much."

"No, no." The middle-aged lady shook her head and murmured: "Qing'er's temperament, I know, if it weren't for the desperate situation, she would definitely not be able to ask me for help. Now she is absolutely dangerous. "

She yelled: "Hurry up and order all the strong men above the second-level disciples in the sect to use half of the staff, leave the sect, and go to rescue Qinger!"

"No, two-thirds of the people are going to rescue Qinger!"

"Yes!" The mother turned around and left without any hesitation!

But after a while, several old men came to the small building and looked at the middle-aged lady. One of them frowned and said, "Mrs. Duan, you have made a big fuss by doing this?"

"What makes a fuss?" The middle-aged lady was already completely anxious at this time, almost losing her mind, and screamed: "My daughter is in danger, she is my daughter!"

"We know, we all know."

The old man said, "However, using two-thirds of the strong is too fussy, right?"

"Not a fuss at all!" Madam Duan's voice was sharp and harsh: "She is my daughter, a direct descendant of the first family of the Duan family, the only blood of the Duan family's generation, and the head of the future nirvana swordsman!"

"If she is dead, who of you can afford it?"

"The line of the head of the nirvana swordsman is cut off. Who of you can afford it?"

"I see!" She suddenly pointed at the old man, and chuckled, "Are you still looking forward to the severance of the Nirvana Knifegate?"

"In this way, after thousands of years of extinguishing the knife gate, my Duan family's monopoly can change. You old things have a chance, right?"

The expressions of these old men turned ugly, and the leading old man said coldly: "Madam, before speaking, I have asked my mind."

"Whatever you say, and the water you spill, you are responsible for it!"

"What responsibility do you bear? Just take advantage of the headmaster's retreat, right? Isn't it against the head wife's words? Do you want to betray the Duan family and betray the Silence Daomen?"

The deduction of this top crime made these old men unbearable.

The old man in the lead sneered and said: "Okay, then send two-thirds of the people, as you wish!"

After speaking, he gave a cold snort, turned and left, and several other people followed him one after another!

Madam Duan looked at their backs and sneered: "A few old things, don't think I don't know what you think!"

After these elders left here, they went to another hall of the Silence Daomen, sealed up all the doors and windows of the hall, and the four of them sat down.

One of the elders showed worry on his face and said softly: "It turns out that we always thought that our plan had no flaws, and we are sufficiently submissive to the head, they should not doubt anything."

"But today, Mrs. Duan said these words, does it mean that she has begun to doubt us? If she doubts, then what about the head? What does he think?"

The eyes of the other three people were cast on the old man with purple beard, eyebrows and hair, and this old man was their leader.

These four people are all the elders of the sect, and they are higher than a generation of disciples in their generations, but they are the generation of the uncle of the current master!

And the old man with purple hair is the person with the highest position and the strongest among them, named Qiu Nutao.

He smiled coldly and said: "At the beginning, it was the Silenced Daomen founded by Duan Tianya, but the ancestors of our four families, the Qiu family, the Yu family, the You family, and the Xiao family."

"The ancestors of our four families followed him, and they also made outstanding achievements. Although they are weaker than him, they are not much worse."

"Later, how many people died in order to maintain the nirvana sword gate and to grow the sword gate?"

"But, the line of the head of the nirvana swordsman has always been occupied by their Duan family. Their Duan family's identity is aloof and treats us as nothing!"

"A little girl who has not given any credit to the Duan family, and has not even reached the Martial King realm, can give pointers to us elders! Are you convinced?"

The faces of everyone were angry: "Of course not!"

"I have been dissatisfied since I was a child, and it has been more than a hundred years now, and I have never accepted it!" the other person shouted.

This person is short and stout, with white hair, and his name is Yu Tianzhong. He is the current Patriarch of the Yu Family and one of the Supreme Elders!

Everyone expressed their dissatisfaction. Seeing this scene, Qiu Nutao showed a smile at the corner of his mouth, and said softly: "Since our brothers are of the same mind, then this matter is easier to do."

"The words Mrs. Duan said today show that the surname Duan has already suspected us! In this case, we can't be polite with him!"

"For this kind of thing, if you start early, you will be better, and you will suffer later if you start late. Let's act like this..."

As he said, he gave a whisper, and several others nodded.

### [Chapter 1703: Reinforcements](#)

After the discussion, Yu Tianzhong hesitated and said: "Senior Brother Qiu, your plan is very thorough, and I admire it too, but his Duan family has deep roots. Based on the words of a few of us, isn't his strength still weak? "

"Hahaha..." Qiu Nutao laughed: "Junior Brother Yu, don't worry, I have already thought about this level."

He lowered his voice and said mysteriously: "This time, I brought a super master to participate in this matter. This person's cultivation is by no means weaker than us, even stronger than me!"

"Better than you?" Everyone was shocked.

Qiu Nutao is the most powerful person among them. His strength has reached the four-star Wuwang, unfathomable, that person is actually stronger than him?

This shocked them.

Qiu Nutao smiled mysteriously: "Just leave it alone, in short, remember one sentence, with me, everything is in order."

At this time, Chen Feng and others were already in extreme danger.

There are four outside masters, and there are at least two hundred men in black who besieged them. They are against fifty people alone, and they cannot be opponents at all.

The line of defense was compressed more and more, they retreated more and more, and the injuries on the four of them continued to increase.

With a scream, Kou Gaoyang was severely hit in the belly, this was the strongest attack of a two-star Wu Wang peak powerhouse.

After playing this trick, his face was pale and he was no longer able to attack, but immediately another two-star martial king peak powerhouse blocked his vacancy and continued to attack Kou Gaoyang.

Kou Gaoyang was spitting blood, and even there were visceral fragments in the blood. He was already seriously injured, and his strength was only 30%. He was beaten back by this two-star Wu Wang peak powerhouse one after another, embarrassed!

At this time, Duan Wanqing had exhausted all his strength.

He held the Silence Sunset Bow, but there was no way to help Kou Gaoyang and the others, so anxious that she stomped her feet again and again, teardrops rolling in her eyes.

Behind her, the faces of several maids showed fear. They were not weak in strength, but they were far from these people in black, and they were all very uneasy and fearful.

Qin Lan is naturally one of them.

He glanced at him suddenly and saw Chen Feng. At this time, Chen Feng looked calm, without the slightest tension.

She was shocked and stunned, feeling that Chen Feng at this time was completely different from what she had seen in normal times.

But at this time, seeing that they were about to be unable to hold on, the leader in black suddenly gave a few words.

As a result, more than half of the people in black withdrew back, rested and rectified, absorbed the primordial stone, and recovered their strength.

The remaining people in black fell sharply to less than fifty. Suddenly, Kou Gaoyang's pressure was greatly reduced, and they all had a chance to breathe.

Liu Wendong exclaimed: "With the intensity just now, we can only support one cup of tea, and now we can support at least a quarter of an hour!"

Everyone was very surprised. They didn't know why when the black clothed men was about to win, they suddenly withdrew their staff to give them a chance to breathe and delay.

But now I can't manage so much. Under the shadow of death just now, everyone is desperate, and it is too late to be happy.

Chen Feng frowned: "These people in black can obviously kill us here as long as they work harder. Isn't the purpose of their trip Duan Wanqing?"

"Seeing that you can kill Duan Wanqing, why do you procrastinate?"

Chen Feng suddenly shrank his pupils and thought of a terrible possibility!

After a while, there was a clear look at the corner of his mouth: "It turns out that your calculation is like this!"

However, only he realized that everyone else was still rejoicing.

At this moment, suddenly, there was a roar and roar in the distance. It was the roar of a monster beast, and Chen Feng heard a few extraordinarily huge roars in it, which were at least one-star monster king level monsters. It can be sent out.

The sound of hoofs stomped on the ground, rumbling like thunder, and obviously countless monsters were approaching here.

Suddenly a sharp scream sounded from the sky. Several huge figures obscured the sky and the sun. Even the moonlight was blocked, leaving a huge silhouette of kilometers long under the moonlight!

This is a three-headed one-star demon king, and it is a flying one-star demon king, whose strength is even stronger than an ordinary one-star demon king!

These one-star demon kings hovered down, and on top of the demon king, a knight stood each, exuding a huge aura.

One of the leaders yelled: "Miss, we are here to save you! The seniors are still behind, and our three mounts are the fastest, just arrived!"

Seeing them coming, Duan Wanqing, Kou Gaoyang and others cheered. Duan Wanqing had never felt so excited.

She screamed: "Come here, come and save me!"

The knights looked at the men in black, with a fierce look in their eyes: "With a wild roar, you bastards, how dare you offend our majesty on the grounds of the Knife Gate of Nirvana and intercept and kill our eldest lady. Damn it!"

With that said, these three knights all drove their remaining One-Star Demon King to hover down.

The three-headed and one-star demon king screamed together and made powerful moves at the same time.

A one-star demon king spewed out dozens of net-like lightning, shrouded heavily toward these people in black, and directly turned a dozen people in black into coke.

And the other two One-Star Demon Kings, one of them whispered a few words in his mouth, dozens of huge ground spurs smashed out of the ground, skewering several people in black into meat.

The other one spewed out a strong flame, enveloped a dozen people in black, and burned them clean.

At the same time, the three knights also issued their own tyrannical tricks, and they shot at the same time, banging banging, attacking continuously, and the screams of screams suddenly sounded.

More than a half of the people in black who besieged Kou Gaoyang and others were killed in an instant. These knights all smiled triumphantly and laughed: "You guys are just as capable!"

But at this moment!

Suddenly, the black-clothed leader showed a smile in his eyes, and his hoarse voice suddenly sounded: "Get up!"

"Kill!" In the dense forest, the roar suddenly sounded at the same time.

Moreover, this burst of roar was very dense, and there were many people, Kou Gaoyang and those strong men immediately changed their faces.

Because at least thousands of people made this roar.

Kou Gaoyang exclaimed: "Impossible! Didn't you have two or three hundred people here? How could there be thousands of people shouting at the same time?"

The leader of the black clothed laughed strangely and did not answer.

#### [Chapter 1704: trap!](#)

At this time, the three knights realized that something was wrong at the same time and wanted to circulate upward, but it was too late.

Thousands of people in black suddenly rushed out of the woods below, one after another with aggressive moves, bombarding the three heads and one star demon king.

These powerful offensives draw a bright arc in the air, which is a whole thousand of powerful moves, and every move has extremely powerful power.

These more than a thousand moves bitterly blasted above the three-headed one-star Demon King.

The three-headed and one-star Demon King was crazy low-end, but they didn't have any effect at all.

They uttered miserable screams, and the next moment, they were directly shattered and fell heavily on the ground.

The three-headed one-star Demon King was killed in seconds, and this was not over yet, the more than a thousand people made powerful moves at the same time to attack the three knights.

These three knights with the strength of the two-star martial king peak tried their best to resist, but they still had no effect. The three were killed at the same time, and there was no bones left.

The extremely powerful moves directly vaporized them!

Duan Wanqing's smile continued, but it was already solidified on her face. The next moment, she screamed in disbelief and frustrated: "How is it possible? How could there be so many people in black? Where were they just now?"

Kou Gaoyang said coldly: "These people in black have been in the dense forest just now, but we didn't find them."

He said softly: "I can see it now, this is a trap!"

"They used us as the bait, ambushed an unknown number of people, guarded the periphery, lured our men to attack, and then suddenly launched an attack."

"We are not their target. The masters who came to the rescue, such as Nirvana Knife Gate, are their target!"

This is a trap!

Chen Feng had guessed it a long time ago. In fact, he was surprised and wondered about the origin of these people.

The leader in black had the best smile: "Do you think it's only that simple?"

The three knights were killed so quickly that they didn't even warn the team behind them and didn't pass the news.

Then Liu Wendong suddenly raised his head and shouted: "Don't come here, there is an ambush here!"

Before he could say anything, Kou Gaoyang had suddenly hit his head with a punch.

Liu Wendong groaned and fainted. He was not dead, but he couldn't speak.

Seeing this scene, the other two were shocked and looked at Kou Gaoyang in disbelief, not understanding why he did this.

Kou Gaoyang said in a cold voice to them: "Liu Wendong warned the team that rescued us. If they really listen to the news and don't come to rescue us, won't all of us die here today?"

With a deep selfish and insidious color on his face, he said coldly: "They are here to fight these men in black, they may not be invincible."

"If they don't come, we will definitely die. If you two dare to report, you will end up like this!"

Both of them were silent, and neither of them dared to speak.

At this time, Kou Gaoyang lazily said to the people in black: "You don't have to pretend if you are done, I also understand that you are surrounded by us, but it is to lure more people from the Nirvana Knife to the net. ."

"In this case, it doesn't take much effort. Can we still run now?"

As he said, he took two steps back, sat on the ground, panting heavily, and stopped beating.

The black-clothed men looked at each other, and the hoarse voice of the black-clothed head's collar sounded: "You are really smart, stop!"

When his voice fell, the people in black stopped one after another. During the whole process, Duan Wanqing was almost dumbfounded. She did not react to what was going on.

Only then did he wake up and screamed: "Kou Gaoyang, what is going on? What are you doing? Why do you want to attack Uncle Liu?"

"You \*\*\*\* shut up for me!" Kou Gaoyang stared at her, his voice Bingham said!

"What? What are you talking about? How dare you talk to me in this tone?" Duan Wanqing's face showed disbelief, her mouth opened wide, shocked.

"Why didn't I dare?" Kou Gaoyang stared at her with a cold voice: "I was so respectful to you before, do you think I really want to?"

"I'm a dignified three-star martial king, and you are instigated and reprimanded every day by a little girl who is not a one-star martial king. Do you think I am very happy?"

"Tell you, it's all fake!"

Suddenly he stared at Duan Wanqing fiercely, and roared furiously: "The reason I did that is because of your daughter in charge, that's all!"

"Actually, I have already been extremely dissatisfied with you, but now?"

There was a sneer at the corner of his mouth: "Now we are afraid that we are all going to die here, what else do I have to worry about? If you know a little bit, shut up quickly, otherwise, I will tell you to shut up!"

Duan Wanqing was furious, her eldest lady's temper, nowhere could it be changed for a while, she screamed:

"Kou Gaoyang, you are not a human dog. I was blind before in vain, and you still trust you so much!"

Kou Gaoyang rolled his eyelids, and the color of ice flashed in his eyes, with awe-inspiring murderous aura.

At this time, Chen Feng hurriedly pulled Duan Wanqing and said softly: "Miss, don't talk anymore, if Kou Gaoyang is angered, I'm afraid you will be killed if you can't wait for the reinforcements to arrive."

Duan Wanqing only calmed down after hearing what he said, and walked aside, staring at Kou Gaoyang angrily.

Kou Gaoyang glanced at Chen Feng and smiled negatively: "You humble slave, with poor strength, you still have a good vision!"

He felt like a broken jar, and no longer talked to Chen Feng and Duan Wanqing, but sat cross-legged there, regaining his strength.

The man in black stopped attacking, and the two sides actually formed a brief and peaceful confrontation.

After a while, the people who came to the rescue at the door of the nirvana knife arrived, there were a total of thirty people.

These are already two-thirds of all the top masters in the nirvana swordsman. If they are destroyed here, then it can be said that the nirvana swordsman will be a disaster.

They were aggressive and awe-inspiring to kill, but after they came here, they were all stunned, watching the scene with surprise on their faces.

Because what was presented to them at this time was a very calm picture. The blood they expected was flying, roaring loudly, and wanton killing did not appear.

One of the leaders, dressed in a white robe, with four purple ripples on top of the robe, indicated that he was the worst of the three-star martial king peak power.

Moreover, his identity is at least a generation of disciples of the same generation as the head. He looked at Kou Gaoyang in anger and shouted: "Kou Gaoyang, what's the matter? Why don't you fight anymore?"

#### [Chapter 1705: The real purpose!](#)

Kou Gaoyang rolled his strange eyes and suddenly smiled coldly, with a trace of hideousness in his smile: "Soon, you will know."

Duan Wanqing shouted at this time: "Uncle Li be careful!"

As soon as the voice fell, the leader in black let out a murderous roar: "Kill!"

At the same time, the thousands of people in black who were lying in ambush yelled at the same time, attacking the nirvana swordsmen masters who came for reinforcement.

Thousands of people in black swarmed out of the dense forest and surrounded them in an instant.

In an instant, these thirty nirvana swordsmen masters were surrounded by a heavy siege.

Then Uncle Li yelled in anger: "Who are you guys? How come there are so many, so powerful?"

"Who am I?" The leader in black walked out of the dense forest for the first time and stood under the moonlight.

He was wearing a black cloak and a black mask on his face. He couldn't see his appearance at all, but his eyes were cold, cruel and bloodthirsty. He slowly spit out a few words: "I am the one who wants your life, I want to destroy your silence. The one who killed the sword!"

The dozens of people at the scene who heard this sentence shuddered and shuddered.

This person's ambitions are so big that he wants to destroy the nirvana knife gate! But by the way, he still has such a strong strength!

These people in the Silenced Knife Gate have a feeling of fright. They have been at ease for so long that they have forgotten the taste of being threatened.

At this time, Uncle Li suddenly stared at Kou Gaoyang, full of anger, and shouted: "Kou Gaoyang, since you know there is an ambush, why don't you give a warning in advance?"

Kou Gaoyang sneered, and Duan Wanqing shouted loudly: "Uncle Li, not only did they not warn them, but Uncle Liu wanted to warn him, and he was knocked out!"

Uncle Li was even more upset: "Kou Gaoyang, what are you doing?"

Kou Gaoyang rolled his eyes and said coldly, "Li Anshun, don't you know what I am going to do now?"

"It's very simple, of course it is to take you to die with me!"

He laughed wildly: "If I die by myself, why? I must drag you to die together so that I can be happy!"

Li Anshun was furious and roared: "You are betraying the sect!"

"Yes, it's just betrayal of the sect, so what? They are already dead, what are you afraid of?"

Li Anshun still wanted to speak, but he was interrupted because the people in black had already been killed!

Soon, their 30 newly aided people have been separated by thousands of people in black, and each of them has to face dozens of people in black.

The average strength of these men in black is not stronger than them, or even much weaker, but they are too many, and they are not afraid of death.

The fierce battle begins here.

These thirty or so of them are like small boats in the black ocean, in danger of capsizing at any time!

At the same time, in the nirvana knife gate, behind the mountain.

There is a black hill here, the whole body is pitch black, there is no grass around it, it is extremely desolate, and it exudes a desolate and ancient atmosphere!

This hill is only a few hundred meters high, very inconspicuous, and even many people in the gate of the nirvana knife do not know the existence here.

But here, there are always a large number of masters guarding from morning to night, and there is a patrol team, who will come here to check every tea time.

The guards are extremely strict, and it is difficult for even a fly to fly in.

At this time, beside the hill, seven or eight masters of the nirvana knife gate wearing black armor and holding black long knives are walking back and forth here!

However, due to going to strengthen Duan Wanqing and the others, the unprecedented emptiness of the Nirvana Knife Gate at this time, even the guards guarding here have been removed most of them, leaving only the current two or three people!

A hundred meters away, there are more than a dozen people, all wearing black robes. At this moment, they are lying on the ground, all of them hiding their breath, looking like a black rock, which makes people unable to find it. .

Among the ten of them, only one raised his head, his eyes kept turning, revealing a cold and fierce light.

The remaining nine people are all lying there, motionless, this is to avoid exposure.

The man in black who looked up took a closer look, and after counting the number of guards there, a smug flashed across his mouth: "My lord's strategy is really wonderful."

"In this way, there is an unprecedented lack of power to guard here, not only allows us to enter easily, but also has more time to find the thing after entering, and also have time to escape."

"If it is, like before, these three steps, I am afraid that there will be problems, and it is impossible to take that thing out of the nirvana knife gate!"

It turns out that this is the real purpose of the man in black!

Suddenly, his gaze changed and became hollow, and his pupils turned pale, like a heavy snowfall.

The whole person seemed to have lost their vitality, and the next moment, the nine people next to him all began to tremble, they suddenly looked up, and their eyes were also blank.

A spirit wave circulated among the ten of them. It turned out that the man in black had connected the spirits of the other nine with him. This is a very powerful mysterious skill!

In order to prevent others from discovering, they do not speak, but communicate in this way.

The lead tall and thin man in black uttered a loud roar in consciousness: "Do it!"

So, without any communication, without any preparation, ten people threw out at the same time, and slayed fiercely towards the three guards guarding the black mountain.

The lowest of the ten of them is also the second-star Martial King's mid-stage strength, and the highest of the three guards is only the second-star Martial King's mid-stage!

Moreover, they have no defense at all, are very relaxed, and even laugh loudly.

Then the next moment, they discovered that death had come, and ten men in black madly attacked them.

Almost instantly, several people were hit hard.

Bang, bang, bang, after a loud noise, all of them screamed sternly, and the next moment they all died on the spot, without even having time to make a decent resistance!

In the dark night, their screams spread far, and the people in black clearly heard a panic scream from a distance, and footsteps came towards this side.

The tall and thin man in black said loudly, "Nine of you stay here, I will go and find it myself."

The nine people should be at the same time, and the man in black slammed out with a punch after saying this, directly smashing a stone on the top of the black mountain, and then landed heavily.

#### [Chapter 1706: Ten years of planning and success in one go!](#)

After going down, there was a very deep tunnel. He went down the tunnel crazily, the speed is extremely fast, like a snake swimming in the water.

At the end of the tunnel is a huge stone gate. Next to the stone gate, there is no mechanism, only a small compass.

And on this compass, stars and Beidou thorns were everywhere, and a smile appeared at the corner of his mouth: "Sure enough."

He didn't have time to delay, and immediately began to fiddle with the compass frantically, drawing arcs.

On the compass, there are also numbers constantly lit up, and at this time, the nine men in black under his hands are already fighting with the coming master of the nirvana swordsman.

This black mountain is the main place of the Nirvana Knife Gate, where at least four patrols are arranged at the Nirvana Knife Gate, constantly patrolling.

The patrol team also heard the screaming screams just now. They were the nearest, and they came in the first time. Every patrol team had ten masters.

However, their main role in the patrol is to warn rather than fight, so generally the combat effectiveness is not strong.

The patrol team came in turn, but they didn't resist for long before they were beheaded by the men in black.

They tried their best to kill only two men in black!

At this time, time had passed for a cup of tea, and roars of roar came from the door of the nirvana sword, and a huge aura kept approaching here.

One of the men in black shouted loudly: "Master, we have at most one cup of tea time, the master of the nirvana sword gate is coming!"

There is no sound below. But they all know that their leader has heard this sentence!

Time passed, and there were no enemies around at this time, and these people in black were waiting anxiously.

They are very much looking forward to the leader coming out quickly, if the other's strong come first, I am afraid they will have to explain here today!

Finally, just as the voice of the master of the nirvana knife gate approached, with a bang, the black mountain peaks directly exploded, and a figure from the gap rolled out with a gray head, it was the tall and thin man in black.

He held a huge jade box in his arms and shook the mustard bag a few times, trying to put the jade box in the mustard bag, but unfortunately, he couldn't get in at all.

He tried it twice to no avail, so he didn't try it at all, and shouted: "Go!"

The group of people immediately fled frantically, they all desperately used their fastest speed, like a few thunder and lightning.

However, it is a bit late for them to escape now.

Their move just now caused the masters of the nirvana Doumen to explode in an instant. Tonight in the troubled time of the nirvana swordsman, first the eldest lady was in danger, and two-thirds of the masters were sent out so far, which made people extremely worried. The news that the Houshan Forbidden Land was sneak attacked, how to keep them from getting angry?

Among the dozen or so masters of the nirvana swordsman who came to chase and kill this time, there was even one person wearing a white robe with five purple ripples on it, indicating that this person is a supreme elder, more than the master. Be a generation higher.

This super elder is tall, with white beard and hair, and looks very mighty, and his face is full of anger at this time.

He roared one after another: "Rice, where can I escape!"

The speed was extremely fast. Like a white light, the men in black ran away frantically. They had already opened a distance of several tens of miles before, but the white-haired old man was caught up in an instant.

The white-haired old man roared, and blasted out with both fists.

The two men in black madly resisted, but it was useless at all. Two coaxes, the two of them were directly blasted to pieces, and they disappeared into the world without even having time to scream!

The remaining masters of the nirvana swordsman also chased up.

The tall and thin man in black looked back, with an anxious look on his face, he shouted: "Go, let's leave."

With that said, the remaining people were divided into two groups, each group consisting of four people, one fleeing to the northeast and the other to the northwest.

The tall and thin man in black was in the queue to the northwest. The Supreme Elder of the Silenced Knife Gate shouted loudly: "Separately chase and kill!"

He personally took a few people to the northwest to hunt down the expert in black. After this chase, he had already traveled thousands of miles in a blink of an eye.

These people in black madly run their martial arts gods, suppressing their last potential, and move forward madly.

This is fast, but it also puts a great burden on their bodies. After running for so long, they are all panting, feeling the fire between the chest and lungs, and the speed can't help but slow down.

And the elder of Nirvana Knife Gate Taishang who chased them, with big sleeves fluttering. The face is still not flushed and breathless, obviously there is more energy.

He yelled: "Where else can you go, you shameless dogs? Stop quickly, I can give you a good time!"

The tall and thin man in black turned his head and shouted ferociously: "Old things, \*\*\*\* people will believe you. If you have the ability, you can catch us and kill us!"

The elder Taishang roared: "You rob us of the treasures of the Nation Knife Gate, how dare you be so arrogant?"

After escaping another five or six hundred miles, several people in black were breathing heavily like a bellows. The fire between their chests and lungs was burning. It was no longer a feeling but a real injury.

Suddenly, a man in black gave a wow, spewing out a large mouthful of blood, with pieces of lungs inside.

If they continue like this, they will run to death.

The elder Taishang showed a smug look on his face: "Dog things, see where you are going!"

At this moment, the tall and thin black-clothed man suddenly flashed a cruel look. He knew very well that if he continued like this, his few people would be easily overtaken by the old man and killed easily.

It doesn't matter if people die, but this treasure must never be snatched back by the Nirvana Knife Gate. In that case, all previous efforts will be abandoned and everyone will die in vain!

Suddenly his breath changed, becoming ancient and desolate, and his eyes suddenly turned pale again.

In the next moment, the eyes of the three men in black next to him suddenly turned pale, and white light appeared faintly above their bodies, even their skins were as pale as dead for days. Like the corpse!

Then, the three men in black did not run away suddenly, they turned around abruptly, their faces full of numbness.

Obviously, they had been controlled by the tall and thin men in black, and completely lost their consciousness. The three of them madly rushed towards the supreme elder and launched their strongest attack.

This great elder laughed loudly: "Good job! Do you want to fight with me? It's just like life and death!"

He didn't notice the abnormal changes of the three of them, so he flexed his sleeves and bombarded them.

When these three people rushed in front of him, he realized that there seemed to be something wrong with the three of them. Suddenly he seemed to realize some terrifying possibility, and there was a rare look of horror on his face, and he shouted:

"Is this the secret method of soul control?"

Before the words finished, the tall and thin young man Jiejie laughed strangely: "Old stuff, enjoy it!"

Then the next moment, the violent figures of the three black-clothed men suddenly faded, like a piece of white fly ash, they passed directly through the offensive of the Supreme Elder, and the three slammed into the body of the Supreme Elder.

They hugged this Taishang elder tightly, making him unable to break free.

The next moment, boom boom boom, the bodies of the three of them exploded directly!

The three of them did not even have time to make a scream, and they blew themselves up.

It is already conceivable how tyrannical the moves made by the three two-star martial kings realm would be at the expense of self-exposure, each of these three blew themselves almost the power of the peak of the three-star martial king.

It all happened close to the elder Taishang. With his powerful strength, he couldn't help but be shocked to squirt blood, there were countless wounds on his body, and many fractures, and he fell directly from the sky and fell to the ground. Smashed a big hole.

After a while, he crawled out of the pit, at this time he was already seriously injured.

And his left leg, which was hit hardest, was blown to the point where the bones inside were almost exposed.

At this time, the tall and thin man in black had long since disappeared.

In the air, only his frantic laughter remained: "Ten years of planning, and success in one go! Hahahaha..."

#### [Chapter 1707: Chen Feng was arrested!](#)

There was an extremely cold color in the eyes of this elder, and there was a trace of jealousy and fear in this coldness. He whispered to himself: "It's them, is it they?"

"Are they actually plotting my nirvana sword gate? My nirvana sword gate is in trouble this time..."

After speaking, his voice was already trembling...

After a long time, he sighed, but didn't return to the nirvana knife gate, but healed the injury a little bit, and then hurried to the place where Duan Wanqing was trapped.

It's all here, and he intends to rescue the eldest lady.

Li Anshun threw a punch and smashed the three men in black, but he was not happy, but his face was numb. With both punches, he killed the men in black in front of him.

There were at least three hundred people in black who died under his hands. He was covered in blood and looked unstoppable, but in fact his heart was cold.

A feeling of extreme coldness suddenly appeared in his heart: "Who are these people? Why are they here?"

He faintly felt that a huge conspiracy against the Nirvana Knife Gate was slowly unfolding, and he was like a bug falling into a spider web, unable to control his own destiny!

The most important thing is that the people in black standing in front of them still seem to be endless, at least there are more than four to five hundred people left, and there are only three people left beside him.

Liu Wendong, Kou Gaoyang, and him.

Chen Feng and Duan Wanqing were escorted by the three of them.

"It's over, it's been long enough, and things should be done over there too, and they have to be solved here!"

"It won't work, let that stinky snake crush me!"

The black-clothed leader whispered a few words softly, then he raised his hands high and let out a tearing roar: "Kill! Kill all of them!"

The man in black surged silently like a tide!

Li Anshun panted heavily, and he blasted out with a punch, and this time to his surprise, his punch did not kill the man in black on the opposite side, but caused him serious injuries.

He himself was stunned, as did the black-clothed men on the opposite side. With the lessons of those who were killed before, they thought they were going to die.

In the next moment, ecstasy appeared on their faces, and they shouted loudly: "He is no longer good, this old thing is no good! Kill him! Kill him!"

The black-clothed people's momentum increased crazily, and they moved forward, Li Anshun smiled miserably, and could barely resist.

The small defensive circle formed by the three of them shattered in an instant, and even a few men in black broke in, slashing at Duan Wanqing and the others with a sharp blade.

These maids were not bad at first, but they had never experienced battle before, they all screamed in panic, and they didn't even have the guts to resist.

In a blink of an eye, three of the four maids were killed, and the only one who had the courage to resist was Qin Lan. He actually beheaded two men in black, but also made more men in black notice him.

Several people in black surrounded him and slashed away with savage knives.

Qin Lan was desperate and closed his eyes and waited for death. Suddenly, he heard a roar in his ear: "Don't think about it!"

Then, he found that the death he was waiting for hadn't even appeared, and then she skewed and was pulled into a broad embrace.

At the next moment, Qin Lan suddenly opened his eyes when the sound of the sharp blade entering the flesh sounded. At the same time, a warm blood splashed on her face, causing her to scream.

Only then did she see that she was in a broad embrace. It turned out that Feng Chen was actually holding her in his arms just now!

At this time, this Feng Chen, the mocking Feng Chen she usually despised, hugged her in her arms, turned her back, and used her back to block the sharp edges of those people.

The chaotic knife slashed on his body, making a noise.

Qin Lan couldn't control her tears for an instant, she rushed out frantically, looked at Chen Feng, and cried out, "Feng Chen! You, why are you so stupid?"

A smile appeared at the corner of Chen Feng's mouth: "I've been a rough-skinned man since I was young, and I've been quite stunned. Don't worry, I can't die."

At this moment, his originally hateful smile seemed to Qin Lan to be extremely warm and reliable!

Chen Feng took her to crawl and rolled on the ground a few times before escaping!

Chen Feng was also smiling bitterly at this time. He was obviously very strong and could deal with at least a dozen people in black. But now, he can only run away in a hurry, because he dare not show his strength!

The last and strongest offensive of the men in black surged up, and Li Anshun and the others showed desperate smiles on their faces.

He looked back at Duan Wanqing and said sadly: "Miss, I can't protect you. I am incompetent. We are going to die here today!"

But at this moment, a gloomy voice suddenly sounded: "You are the ones who died here, but I may not!"

The speaker was Kou Gaoyang. He was already weak and weak, but now he has become vigorous and vigorous.

Obviously, he had reserved his strength just now.

He grabbed Chen Feng's sleeve, and Chen Feng's body instinctively tightened, and he wanted to take a palm.

But he suddenly moved in his heart and didn't take this palm. Instead, he let Kou Gaoyang grasp it and struggled deliberately: "What are you going to do? Let me down!"

Pretending to be terrified, Kou Gaoyang sternly shouted, "Shut up!"

As he said, he kicked Liu Wendong's back fiercely.

Liu Wendong didn't have time to watch out. He was kicked directly by him for several tens of meters and plunged into the black-clothed men. In a blink of an eye, he was surrounded by the black-clothed men and killed him.

And these people in black went to besiege Liu Wendong, so that a gap appeared in the encirclement circle.

Kou Gaoyang laughed and flew out of the gap while carrying Chen Feng, and disappeared in the dense forest in a blink of an eye.

Li Anshun was shocked. After a long time, he roared furiously: "Kou Gaoyang, hello, you are fine, how dare you betray the sect!"

Duan Wanqing sternly shouted: "Kou Gaoyang, I am going to kill you!"

Qin Lan looked desperate, her eyes staring into the distance blankly, but she was muttering two words: "Feng Chen!"

Just after Kou Gaoyang left, but a moment's time, a tyrannical aura suddenly appeared here, and it was the great elder who finally arrived in time.

The vigorous momentum was suppressed, and the elder Taishang killed dozens of people in black with one punch, and in a blink of an eye, only half of these people in black were killed.

The black-clothed man's commander's gaze shrank, his figure flickered, and he left without saying a word to his subordinates.

With the arrival of the Supreme Elder, these people in black were naturally unable to kill Duan Wanqing. After a while, these people in black were killed by the Supreme Elder more than half, and the rest of them shouted and fled.

#### [Chapter 1708: Kou Gaoyang is seriously injured](#)

The Supreme Elder didn't catch up, but looked at Duan Wanqing worriedly.

At this time, Duan Wanqing's legs softened and he collapsed directly on the ground.

This night, she was overwhelmed with joy and sorrow, ups and downs, it was too rich, she could not control her emotions, she covered her face and cried.

Li Anshun also softened and lay directly on the ground, panting heavily, with a hint of fortune in his eyes.

The elder Taishang frowned, looked around, and found the figure of the master in the nirvana knife gate among the layers of black-clothed corpses.

His hands trembled, and he said, "Dead, all dead, two-thirds of the masters of the Zongmen are buried here!"

Tonight, this big show seems to be ending, but for some people, this is just the beginning!

Chen Feng was taken into this dense black forest by Kou Gaoyang, heading to the northwest, and soon had traveled thousands of miles.

It wasn't until Kou Gaoyang felt that no one could catch him anymore before he swept down from the air. There was a building in front of him. Under the moonlight, Chen Feng saw that it was a dilapidated temple.

Very tall, as high as several tens of meters, with a radius of hundreds of meters. It was once very impressive to come here, but now it is very dilapidated.

But overall the preservation is still intact. At least the walls have not collapsed. Kou Gaoyang carried Chen Feng into the temple with strides. He threw Chen Feng heavily at the corner of the wall, and then suddenly his figure shook, directly Kneel to the ground.

He seemed to be unable to control it anymore, with a wow, a big mouthful of blood spurted out.

After the blood spurted out, it was like a mouth opened, and it couldn't be blocked. He spouted a dozen mouthfuls of blood one after another. The blood was mixed with a large number of blood clots and internal organs fragments, which looked shocking!

Chen Feng was watching coldly, a sneer at the corner of his mouth.

Kou Gaoyang had always been calm and steady before, with no signs of injury, just a feeling of consumption.

Chen Feng only realized now that Kou Gaoyang had already been injured, and the injury was very serious, but he kept suppressing it and didn't let others notice it.

However, the constant suppression and no rectification led to more serious injuries. Coupled with this crazy rushing on the road, the injury was aggravated, and now his strength has greatly regressed.

Chen Feng estimated that his strength is now at most the peak of the two-star Wu Wang!

Compared with the three-star Wu Wang at his peak, he has stepped back a big step!

After a long time, Kou Gaoyang just came back, panting heavily, a touch of pain on his face, a face twisted into a ball, looking very hideous and terrible!

He tremblingly took out a sapphire bottle from his sleeves, opened the sapphire bottle, and poured out a fragrant, green-colored pill from the inside, and he knew the pill with extremely high quality and put it in his mouth.

Many high-grade things, such as certain treasures and certain medicinal pills, cannot be put in a mustard bag.

After putting the pill in his mouth, his face immediately became much more comfortable, and the distortion on his face had also melted away.

Soon, he returned to normal and stood up, but Chen Feng could clearly know that his injury was only suppressed and did not recover. His strength was still in the realm of the two-star Martial King!

Kou Gaoyang walked towards Chen Feng with a sneer on his face, and suddenly smiled and said, "Feng Chen, do you know why I want to catch you?"

Chen Feng shook his head and smiled bitterly, shook the Niexi Zhaori Bow in his hand, and said, "Is it for this?"

"You are quite clever, you can guess part of the reason."

Kou Gaoyang showed a hint of irony at the corner of his mouth, and said lightly: "However, if I just want this bow and arrow, I can \*\*\*\* it from you. Anyway, with your \*\*\*\* strength, there is no possibility of resistance."

"Then why should I arrest you? I want to take you and carry you this burden, running such a long way?"

Chen Feng frowned and thought for a while, and said, "I know that I have offended you several times before, and you have long held it in your heart. In addition, the thing you have always wanted for Nimie Zhaori Gong was given to me by Missy. So you feel extremely resentful towards me in your heart."

"Bring me here to kill me to vent my anger, right?"

"Oh, your mind is really good, you can still think of this level, yes, yes."

"Actually, if there is no accident, I should think so, right?" Kou Gaoyang asked with a smile.

Chen Feng frowned, a bad premonition surged in his heart, and the color of mockery on Kou Gaoyang's face became stronger.

He stared at Chen Feng suddenly, and shouted: "Feng Chen, you will pretend, and you will pretend to Lao Tzu! Lao Tzu wants to see when you are going to pretend!"

Chen Feng looked at him calmly, and slowly said, "I don't understand what you mean?"

"Oh? Don't you understand what I mean?" Kou Gaoyang strode over and grabbed Chen Feng's hair, turning his face toward him, his face almost touching hers, and roared ferociously: "Boy, don't you think no one has noticed?"

"Tell you, I have discovered your details a long time ago. You are not from the Silence Mountains at all. Before you entered the Silence Knife Gate, you had inherited it!"

"Furthermore, this inheritance is very powerful, and its grade is definitely not weaker than the nirvana knife gate!"

"Hurry up and hand over the secret to Lao Tzu!"

Having said this, the flesh on his cheeks trembled suddenly, and his face was full of greed.

Instead, Chen Feng calmed down and said slowly: "It turns out that you brought me here for this."

"Otherwise, what do you think?" Kou Gaoyang laughed triumphantly: "I've seen it a long time ago, but it hasn't been revealed yet. This time it gave me a great opportunity!"

Chen Feng looked at him and said calmly: "When did you know this news? From who did you know it? I don't believe you can see it out of thin air!"

The powerful point of the nine-yin and nine-yang divine art is that it can not only absorb, it can also cover up. This is also a trump card for Chen Feng to go deep into the nirvana sword gate.

With nine yin and nine yang magic skills, he is not afraid that others will be able to see its inheritance!

Kou Gaoyang felt that he had a chance to win at this time, and he thought that it would not take long for him to get a strong inheritance, and he was even more excited and in a very good mood. He smiled and said:

"I'm in a good mood now, so I will let you die and be a ghost, and tell you about this matter."

Talking. A carved piece like a jade cicada appeared in his hand. This jade cicada was only the size of a palm, and the carving was not fine at all. On the contrary, it was very crude and ancient.

#### [Chapter 1709: The treasure of the nirvana sword gate!](#)

However, it is not crude, just a few lines are outlined in life, with an ancient and desolate atmosphere.

Obviously, this thing has at least experienced hundreds of thousands of years!

At this time, most of Yu Chan's body had turned black.

Kou Gaoyang smiled and said: "This is a treasure. He can sense something unusual within ten meters of me."

"For example, an extremely noble inheritance, for example, a very huge treasure, for example, some places where heaven, spirit and earth treasures are bred, etc., it can be sensed."

When Chen Feng heard this, he was shocked. This thing has such a magical effect, it can be said to be a rare treasure!

"See? This jade cicada is divided into three sections,"

Kou Gaoyang pointed to Yu Chan's surface and said: "Three knots means that it can only be used three times, and its use does not depend on the will of the manipulator, but he will use it when he appears."

"So, as long as he turns black, it represents extraordinary. When I got this jade cicada, he had already used it once. After wearing it on my body for decades, the treasures I passed by have encountered I don't know how many of the strong inheritance there are, but it didn't respond."

"Only when I come to you, I have a reaction, so I am sure that the inheritance in you is extremely noble and powerful!"

Chen Feng took a breath: "It turns out it's because of this!"

In this situation, he can only be considered unlucky.

Kou Gaoyang shouted impatiently: "Hurry up, don't force me to do it, you have to let me clean up your life and not beg to die, you are willing to say, right?"

At this time, he didn't pay attention to Chen Feng at all.

In his opinion, although Chen Feng has such a noble and powerful heritage, his current strength is still very weak, and he is not his opponent at all!

He didn't know that Chen Feng could deal with him who was seriously injured at this time!

Chen Feng looked at Kou Gaoyang with a grim expression on his face. He is now ready to take a shot and clean up Kou Gaoyang.

Kou Gaoyang has always humiliated him, and Chen Feng's hatred has also accumulated. Kou Gaoyang even tried to kill him several times. Chen Feng has never been such a surrender. He already has a killing intent on Kou Gaoyang. stern!

However, just as he was about to make a move, Kou Gaoyang's expression suddenly changed and he whispered: "Someone is coming."

As he said, he was hiding behind the idol in the ruined temple when he rolled over.

Chen Fengfeng stunned in his heart, and immediately shrank, and the powerful move he was about to send out suddenly came back, hiding in a hidden corner of the wall, looking at the entrance of the temple.

At the entrance of the temple, a figure was mirrored under the shining of moonlight. The figure seemed to be seriously injured, staggering, and after striding in, it fell heavily to the ground.

He panted heavily, and suddenly he held his head in his hands, screamed sternly, and rolled on the ground, convulsing all over. Obviously, he seemed to be suffering great pain, and it should be a headache.

Chen Feng looked on with cold eyes, and gradually realized in his heart that this person should be overexhausted in mental energy.

Because Chen Feng once had it too!

The moonlight shifted and shone in from the hall. After seeing this person's dress, Chen Feng and Kou Gaoyang both showed awe-inspiring expressions on their faces.

This person wears a black robe, and there is no difference in dressing up with those in black!

This person and the people in black are definitely in the same group. He struggled madly, screamed sternly, and constantly threw out his fists. Each punch was powerful, smashing the temple to the ground, and numerous big pits appeared. !

Chen Feng muttered to himself: "This person is also extremely strong, I am afraid that he is comparable to Kou Gaoyang, and may even be stronger than Kou Gaoyang."

"Even if he has suffered such a serious injury now, it also reflects the strength of the second-star Wuwang peak!"

Suddenly, he was still there with his head in his hands, vomiting blood, and numerous wounds burst open on his body.

It turned out that this man in black was the one who sneaked an attack on the mountain forbidden ground behind the door of the Nimbling Sword and won the treasure. Although he escaped from birth, the attack by the Supreme Elder was too fierce, and it also left him secretly injured.

And at the last moment, he used that trick to forcibly control the bodies of the three companions, allowing them to blow themselves in exchange for a ray of life, which also caused his body to suffer a great load, and his mental power was almost exhausted!

Just as the master in black was struggling and rolling, a box suddenly fell from his body. This was a stone box, yes, it was a stone.

The material seems to be ordinary granite. It is neither jade nor metal. The carving of the box is very rough, but it reveals a vigorous aura of epee without front and ingenuity, and a breath of ancient desolation.

Looking at this stone box, a picture suddenly appeared in Chen Feng's eyes.

On the vast land of the ancient times, the ancient ancestors knelt down in front of the rough and thick pyramids, dancing the powerful and heavy Nuo dance, and sending out bursts of wild calls!

What shocked Chen Feng the most and even shrank his pupils, was the pattern on the stone box, which turned out to be one yin and one yang, one red and one blue.

Chen Feng's heart suddenly set off stormy waves, like a sledgehammer, a voice rang in his heart: "This is something in the tomb of the Great Emperor Yin and Yang, this is definitely the treasure brought out of the tomb of the Great Emperor Yin and Yang!"

An indescribable divine light burst into his eyes, and a firm voice in his heart shouted: "Mine, this is definitely mine!"

At the same time, Kou Gaoyang was greedy in his eyes, and he recognized the origin of this box!

Therefore, he did not hesitate, his figure flashed, and he appeared directly next to the tall and thin man in black, and hit the tall and thin man in black with a punch.

This move has the strength of the peak of the two-star Wuwang, and he has already used his strongest move.

At this moment, the tall and thin man in black, who had been tumbling and struggling on the ground, looked incomparably painful and could not fight back, suddenly straightened his body.

There was a weird look on his face, looking at Kou Gaoyang, a weird smile was slightly outlined at the corner of his mouth: "You, finally can't help but shoot!"

Kou Gaoyang suddenly felt a bad feeling in his heart, but it was too late.

He could only continue to attack, and at this time, the tall and thin man in black screamed, his figure flashed, and he drifted away backwards, directly avoiding the move.

At the same time, where Kou Gaoyang stood, the black slate under his feet suddenly turned into two huge black hands, firmly grasping his legs.

#### [Chapter 1710: Who is the ant?](#)

These two \*\*\*\* hands seemed unremarkable, but in fact they were full of tyrannical forces. Kou Gaoyang struggled, but couldn't get away.

He roared in fright: "What the \*\*\*\* is this?"

The tall and thin man in black smiled coldly, his figure flashed, and he came directly in front of Kou Gaoyang. He suddenly grabbed Kou Gaoyang's shoulder, his eyes turned pale.

Suddenly, the extremely powerful mental impact slammed into Kou Gaoyang.

Kou Gaoyang let out a scream, his whole body sifted violently, his skin, bones and muscles flowed like water, his head shook violently, and his eyes were empty.

After a while, he screamed loudly, blood flowed crazily among the seven orifices, no, it should be said that it was sprayed out, his body softened, he fell heavily to the ground, his head drooping.

He looked miserable, and he didn't even have the power to fight back!

Chen Feng was shocked. The mental impact of the tall and thin man in black could be clearly felt even from such a distance, and he was even attacked by the aftermath. The tall and thin man in black was so strong in spirit?

However, it only ends here, Chen Feng feels that his mental power has been exhausted, and even the trick just now was a little bit effortless!

At this time, the tall and thin man in black stood up shaking his shoulders, walked in front of Kou Gaoyang, and looked down at him.

Kou Gaoyang opened his eyes, there was nothing in his eyes, and muttered: "How is it possible? How can you be so powerful?"

"Why is it impossible?" The tall and thin black man showed a smug smile on his face: "As early as when I entered the temple, I already felt you."

"I was indeed injured, but it was not that heavy at all. At least I still retain the strength of the Samsung Wuwang. The behavior I just made was to confuse you. Hahahaha, it really succeeded!"

"I led you to the front and attacked suddenly, destroying almost all of your mental power! And even though I was exhausted and retreated to the peak of the two-star Martial King, I could easily kill you because you are already There is nothing to fight back!"

He laughed triumphantly.

At this moment, Kou Gaoyang, who appeared to be extremely weak and unable to resist, suddenly flashed a cold light in the eyes of the ground, and shouted: "Really?"

As he said, a white jade bottle floated out of his body and was directly crushed by him. From inside, a gray air current flowed out, full of the boundless power of silence!

The next moment, the gray air current injected into his body, causing his strength to increase crazily and his aura soaring.

The whole body has become bulging.

At this moment, he even possessed the strength of Samsung Wuwang.

This change completely caught the tall and thin man in black off guard, and at this moment, Kou Gaoyang had already laughed frantically and stood up.

Three punches in succession blasted his chest bitterly.

Boom boom boom, his chest was directly hit and collapsed, the bones in the chest and abdomen were all shattered, and he vomited blood.

This time it wasn't pretending, but really vomiting blood.

The tall and thin man in black also flashed a fierce color in his eyes. This man was really a fierce man, and he screamed wildly, "If I die, don't think about it!"

With that said, he didn't even evade and hugged Kou Gaoyang directly.

After embracing Kou Gaoyang, a pale power suddenly poured out of Kou Gaoyang's body and slammed into Kou Gaoyang's body.

Kou Gaoyang screamed sternly. After that power penetrated into his body, it ran wildly in his body, and wherever he went, it caused a violent explosion.

The pale air flow poured into his arms, blasted his arms directly into his chest, and exploded his chest into six or seven huge holes. Even, only the pale bones and the inside were left. Internal organs.

Even the internal organs are severely damaged.

The two fell heavily to the ground together, both in a situation where they were seriously injured and dying! This

The pale power is the original power of this master in black, extremely powerful!

The two of them lay on the ground, and they didn't even have the power to raise their hands!

After a while, Kou Gaoyang grinned suddenly. He looked at the black-clothed master and said triumphantly: "The two of us, now our strength has been greatly damaged."

"But, I still have a hole card, which is enough to kill you!"

Hearing this, the tall and thin man in black's expression instantly changed.

At this time, Kou Gaoyang snarled his throat, his face was full of impatientness, and he yelled, "Feng Chen, get out of me quickly!"

Chen Feng slowly came out from behind the idol and walked to the side of the two.

Seeing him, the tall and thin man in black showed a trace of despair on his face, and shouted in his mouth: "Feng Chen, hurry up, kill him now!"

He was pretentious, as if he was ordering his servants.

Chen Feng stood there motionless, Kou Gaoyang was even more impatient, his eyes swept across Chen Feng, and said in a cold voice, "Are you deaf? Didn't you hear my order? Hurry up!"

A smile appeared at the corner of Chen Feng's mouth. He looked at Kou Gaoyang and said, "You really do not live or die!"

"At this time, you dare to talk to me in this tone?"

Kou Gaoyang's face turned gloomy, and he sneered: "Feng Chen, don't think I am injured now, you can't do anything about it!"

"Tell you, although I am seriously injured now, if I hit with all my strength, I can still kill you easily!"

"You are just an ant who has just entered the Martial Sovereign Realm. In front of me, you have no power to fight back!"

"Killing you is like crushing ants!"

"Oh? Really?" Chen Feng said with a smile: "You just want to kill me like this, don't you?"

With that, he suddenly rose up suddenly and pressed down against Kou Gaoyang.

What Kou Gaoyang was directly pressed was another spit of blood.

He felt that Chen Feng's momentum rose wildly, and he had climbed all the way to the realm of the two-star martial king.

With a look of horror and disbelief on his face, he shouted: "How is it possible? How is it possible? How can you have such a strong strength?"

"You are just an ant who has just entered the Martial Sovereign Realm. How can you have the strength of the Second Star Martial King?"

Chen Feng looked at him with a smile and said softly: "Sorry, I just have such a strong strength!"

He smiled and said: "Now, tell me, who killed whom, like crushing ants?"

Kou Gaoyang finally showed a touch of despair on his face. He looked at Chen Feng with a trembling voice: "You hide so deeply. So you have such a strong strength?"

"You must have a different plan to enter the nirvana knife gate, right?"

Chen Feng looked at him, smiled and said, "You are really right!"
